This week's montage of radio station promotions begins above with a beautiful young lady belly dancing atop of KISN/Portland's control board. The event was centered around raising money for charity. The belly dancer bounced her belly for 28 straight hours, raising over \$1200 (and several other things as well). To the left, is U100's Chucker Morgan getting an on the air backrub from none other than the Noxema "take it off" girl. She was in town promoting the product and insisted that Chucker get a Noxema backrub while attempting to do his show. The ghouls in the center picture are the WRIE/Erie jocks dressed up for their haunted house promotion. Left to right are WRIE's Pat Rogers, a local Jaycee, WRIE newsman Bob Hughes, Harry Kingdom, Tony Mitchell and their morning man Mike WPNG's Bob Marshall. Over 13,000 Erie residents were treated to this eerie group. Bottom left is WGNG's Bob Marshall. Bob is resident morning man and PD as well as tree house resident. Actually the promotion was tied in with United Way as the New England area tried to reach their goal of raising \$7.8 million dollars. Marshall vowed to stay in the tree house and broadcast live until they reached their goal. By his tenth day in the house \$5.5 had already been raised. Finally, keeping track of Dr. Don Rose, KFRC's disabled morning madman, he's now broadcasting live from his bedroom each morning. Dr. Don is in a body cast from just above his navel to the tip of his left toe, he can't get up at all, and will be confined for at least three months. Interesting engineering feat is that his house is 26 miles away from the station, running the phone line through five switching stations.

**They discovered  
Bruce Springsteen:**

The radio stations, retailers and  
people of New York, Boston,  
Philadelphia, Washington/  
Baltimore, Houston, Cleveland,  
Phoenix and Hartford were  
the true discoverers of  
Bruce Springsteen.

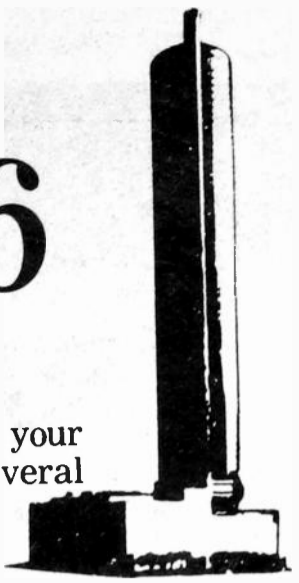

All along, they knew who  
he was, and who he would  
become.

**Thanks  
from Columbia Records.**

### WQXI TAPS CB CRAZE

WQXI/Atlanta has recruited local Citizen's Band radio clubs to help participate in the station's traffic watches. Base stations are being set up to receive traffic reports from CB operators which are transmitted to WQXI during morning and afternoon drive times. The "WQXI CB Traffic Watch" also features "WQXI

**WQXI-C.B.'er**

CB'r" bumper stickers, available where CB's are sold.

### KRIZ GIVE AWAY THEIR BALLS

KRIZ/Phoenix is giving away all sorts of sports balls, from baseball to tennis to football, using the teaser "KRIZ is Giving Away Our Balls." The station jocks are also combing the streets of the city asking people if they have "KRIZ Written Down." If they have it written down, they win \$1000. If they have it written down more than once, more money is added to the prize.

### EQUAL RIGHTS FOR HURRICANES

KWIZ/Santa Ana jock and newly appointed program director, Bob Shannon, has taken on a case for women's equal rights. Shannon made the national wire services recently by voicing his opinion that hurricanes should undergo a sex change. Shannon has suggested to the National Oceanic and Atmospheric Administration that hurricanes and tropical storms should be alternately named with either male or female names, such as hurricane "Amelia," then hurricane "Bruce," rather than the all female names that are traditional.

### MISHAP IN DES MOINES

KIOA/Des Moines' staff bas-

ketball team traveled to a small nearby town to hold one of a series of games the team has been having lately. On the way back to town, the staff's bus broke down, making it necessary for personality Mike Ross to hitch hike to the station in order to make his airshift. Luckily, Mike made it on time, and to top it off, KIOA's team won the game.

### CREATIVE LISTENERS

WNBC/New York is getting fantastic results when they ask their listeners to create their own station breaks. Callers can either sing their station break or say it, the station airs the breaks twice per hour, awarding "Bucks for Breaks" to the listener. "Buck" prizes are \$50.

### 30,000 TURN OUT FOR MEMPHIS HAUNTED HOUSE

This year's WHBQ/Memphis "Scream In The Dark" Haunted House was a monstrous success, drawing nearly 10,000 more people than in years past. All proceeds from the house went to the local chapter of Campus Life. The station's 6-10pm air personality, Mason Dixon, broadcasted live from the site for 10 consecutive nights.

### WLS FILLS STAFF

WLS/Chicago has announced the appointment of Bill Price as their new production director/swing shift personality. Price was formerly morning man at WPGC/Washington as "Columbus." He takes over the duties for Tommy Edwards who moves to full time mid-days, replacing the departing J.J. Jeffreys, effective December 1.

### TULSA FORMAT CHANGE

KKUL/Tulsa has announced a new direction for their formerly black-oriented format, with plans for gearing it toward 18 to 34 demographics. Music will include everything from rock to soul to jazz. Owner of the station is state Senator Gene Howard. KKUL has carried the St. Louis Cardinals baseball games previously, with no new plans for sports in the new format being finalized as yet.

### GLADYS KNIGHT CONTEST

WIXY/Cleveland participated in a special Gladys Knight & the Pips contest recently, in conjunction with Buddah Records. Several times a day, listeners called in to win a "Pip Kit," including the group's new "Second Anniversary" LP, a souvenir poster, and a patch with the group's logo. Each winner was then eligible for a drawing for the grand prize of a trip for two to any one of the concert dates scheduled in Gladys' spring tour.

### NEW CHICAGO FORMAT

September 22 saw WNUS-FM/Chicago changing call letters to WGCI, along with a format change. Labeled the "New Urban Sound," the station features R&B jazz, along with rock, blues and gospel. Live and taped interviews with artists are also included in the new sound.

### PHILADELPHIA SPIRIT

WIBG/Philadelphia joins the spirit of the city's pro basketball '76ers, by giving away souvenir packages containing albums and

'76er socks. Station jocks play a fictitious play by play announcement, stopping the tape and letting a caller guess if the play ends with a score or not. Winning guessers rip off the special packages.

WIBG also recently ran the "Elton John Denver Weekend." During the 2 day event, both Elton's and Denver's biggest hits were played on the station, with certain callers winning their choice of either artists' albums. 10 of these winners were eligible for complete libraries from the 2 superstars.

### BATTLE OF BALTIMORE

Over 25,000 calls were logged by WLPL/Baltimore during the "Battle Of Baltimore" to designate the city's number one hit. Votes were tabulated to narrow the field to 4 hits, with callers then voting for one of the 4. "Dream On" by Aerosmith came out the winner.

### HOCKEY JOCKEY

The KTKT/Tucson jocks took part in half time festivities during a recent pro hockey game in their city, playing the local youth hockey team in a short game on.

### MARATHON FOR CHARITY

An entire weekend was donated to benefit the St. Jude Hospital at WFLB/Fayetteville. All weekend long the station solicited for funds to help the charity.

### TV TRIVIA ON THE RADIO

WHNE/Birmingham, Michigan, offered a "TV for Every Room In Your House" to their listeners who were up on TV trivia. Over 200 questions were aired with the most knowledgeable listener winning 9 Sony Trinitron TV sets.

### KHJ RECORD

What do Elton John, the Beatles and KC & The Sunshine Band have in common? These are the only 3 groups in KHJ/Los Angeles history to have 2 singles in the top 10 on the station's survey. The October 28 edition of KHJ's playlist made KC & The Band an addition to the superstar list.

### IDENTITY CHANGE

WGCL/Cleveland has announced that they are establishing a new identity, "G98." Along with the new identification, the station is planning two new promotions, the first is their annual Bridal Fair, scheduled for early next year, and are also inviting their listeners to "spend their weekend with the Beatles." Beatles hits will be played continuously, with albums given away every 20 minutes during the weekend.

### LETTERS:

## KCBQ Playing 90% LP's, Needs Better Service

Dear R&R:

KCBQ is currently programming 90% album product and I would appreciate it if you could print this letter so that record companies who are not aware of our situation could at least be advised of our album needs.

When there is a single and an album track, we almost always play the entire album cut giving credit to the artist and the title of the particular album. We are also exposing album cuts which are not singles more than we have in the past.

Our cume figures from the last ARB was the highest in the history of the radio station, and I can't help believing that many of those people are album buying folk. So, if it is possible, we would appreciate being on company's album lists, as well as their single lists.

Sincerely Yours

Chuck Roberts  
PD KCBQ/San Diego

The lucky winner pictured here is all smiles after being awarded a check for \$2000 and a trip to Disney World in WKBW/Buffalo's Disney World Contest. Pictured with the winner here are [left] mid-day WKBW man Hank Nevins, and morning guy Danny Neaverth. WKBW is currently running a twist on the "Black Box" game, asking listeners to follow hourly clues and guess the three items the station has hidden inside the "Magic Kingdom."

The Bay City Rollers are shown here with WPIX/New York's Dr. Jerry [in WPIX T-Shirt] just prior to their satellite broadcast on Howard Cosell's premiere TV show. The two ladies pictured are the lucky winner and friend, who won a weekend in London, compliments of the station, to see the Roller's show.

### PASTORE BLASTS FCC ON EQUAL TIME

Senate Communications subcommittee chairman **John Pastore** has labeled the FCC's recent ruling relaxing equal time laws as "a monstrosity." Pastore contends that the Commission's action violates the Communications Act. The Senator's comments came during the subcommittee's hearings on the FCC in public sessions.

### CALIFORNIA FCC MEETING DEMONSTRATION

The **Los Angeles Women's Coalition for Better Broadcasting** held demonstrations this week at the FCC's public meeting, held at the University of Southern California campus. The Coalition cited broad complaints against the FCC, stating that they have failed to serve the public as they should. The meeting marked the first time that the FCC had held meetings in Los Angeles, where the majority of television shows are produced. The LAWCBB stated that "the FCC has refused to put us on the agenda for its only meeting in Los Angeles." Last year, the same group filed petitions with the FCC to deny license renewal to a number of Los Angeles TV stations, and KGBS radio.

### FTC RULING TO PROTECT BUYERS

Effective next May 14, a new **Federal Trade Commission** ruling will serve to benefit consumers making large credit purchases. The ruling calls for a special clause written into credit contracts, protecting purchasers from having to pay the full amount of the contract when merchandise is faulty. The FTC is backing up the new law to the extent of telling consumers to forego major purchases until after the May 14 date.

### "MOOD STONES" NEW TREND

The hottest conversation piece in the country is the new costume jewelry **Mood Stone**. Originally marketed by **Q-Trand Ltd.**, the stone changes colors according to the wearer's mood. Most industry projections for the new fad figure a nearly \$1 billion market for the stones. Many retailers are already having a hard time keeping stock in stores, with further sales input possible because the mood-determining properties of the stones are short lived. Plans are in the works to market loose stones to replace defunct ones.

### TOY SHORTAGE FOR XMAS

Reacting to vast inventories left over in retail stores last year, stock may be in short supply this Christmas. One toy manufacturing company contends that stock on many items will be depleted by December 10th if buying practices continue, a theory which many other companies concur with.

### LONG HOLIDAY WEEKENDS FOR SOME COMPANIES

Many companies across the country are allowing their employees to take 4 day weekends during the Christmas and New Year's holidays, since both holidays fall on Thursdays this year. **President Ford** is considering making December 26 and January 2 federal holidays, while other companies plan to give employees the time off, in return for less vacation days, or excluding other holidays.

### HOLIDAY PUSH FOR BASKIN-ROBBINS

Beginning with a **New York** radio push for **Baskin-Robbins'** Thanksgiving ice cream turkey dessert, the ice cream chain will continue to advertise all their wide variety of desserts throughout the pre-holiday season. TV spots will run in California, Hawaii, New York and some mid-western areas to back up the push, along with print media buys as well.

### FIRST ARBITRON NETWORK REPORT

**Arbitron** has released their first nationwide Radio Network Report. Subscribing networks for the new study are **ABC, NBC,** and the **Katz Radio Network**. The research is based on the 160,000 diaries placed in Arbitron's April/May '75 radio sweep. Audience estimates are broken down into these categories; Top 25 ADI's, Top 50 ADI's, Top 75 ADI's, Top 100 ADI's, and total United States (excluding Alaska & Hawaii). Demographic data is available in the same day parts as in Arbitron's regular radio reports.

### NAB PETITIONS AGAINST NON-DUPLICATION RULE CHANGES

The **National Association of Broadcasters** has filed comments with the FCC asking the Commission to review their proposed ruling on network program non-duplication, telling the FCC that economic problems may occur because of the ruling. The NAB also pointed out that the network ruling would restrict news coverage.

### 1% RETAIL HIKE IN OCTOBER

Retail sales moved up a full percentage point in October, according to the **Commerce Department**. Grocery store revenue was billed as the main force behind the rise. The Commerce Department also noted that September retail figures had been revised from an earlier announcement, with sales dropping slightly instead of rising.

### MCDONALDS TEST McRAISINS

Specially packaged raisins are currently being test marketed in Fresno, California **McDonalds** restaurants. Depending on the results of the testing, the fruit may become a regular item at the rest of the California fast food outlets. Competing chains reacted to the test by including raisins in their menus as well.

### PIZZY BY THE OUNCE

**Shakey's Pizza** has initiated a "pay by the ounce" test program in 40 of their outlets. Customers help themselves to as much food as they want. The full plate is weighed, actual weight of the plate is subtracted, and cashier multiplies the food weight times anywhere from 12¢ to 14¢ per ounce for the total price. The ounce price of the "Weigh Out Lunch" is determined by local food costs.

### SELF PROPELLED SCOOTER MARKETED

The **Honda Motor Co.** is actively pushing their new "Kick 'N Go," a new scooter designed for children up to 8 years of age. A pedal activates the rear wheel of the 3 wheel scooter. The company hopes to market 200,000 of the vehicles by spring.

### CONSUMER PRODUCT TESTS UNDER FIRE

While the Senate holds hearings on the possibility of widespread product testing by the FTC, industry people are gearing up to fight such a law. Many industry organizations feel that enforced testing would be impractical and serve to benefit larger corporations, while the government hopes that the Consumer Product Testing Act would enable buyers to make product decisions easier. Among the clauses in the proposal is a possible dictate on placing test results in all advertising.

### VW SALES PICTURE BRIGHTER

After an all time record sales loss in 1974, **Volkswagen** sees the 1975 picture much brighter, a 5% increase in sales for the first nine months of '75 prodded the company to be more optimistic about end of the year sales, and Volkswagen is also considering setting up U.S. plants to manufacture some of their auto lines.

## THE FCC [So You Can Understand It]

### FCC ON MUSIC SERVICES

Please be advised that the FCC has adopted a policy on broadcaster-music consultant contracts. New guidelines will be sued by the FCC to determine whether a licensee has abdicated its programming responsibilities to an outside music source. The Commission reaffirmed that each broadcast licensee has a non-delegable responsibility for the programming and operation of their stations. The Commission went on to warn broadcasters that any agreement entered into by a station that unduly "fettered" its free exercise of independent judgement in programming would be considered an abdication of that responsibility and contrary to the public interest. Specifically, the FCC called attention to the following areas that might "unduly fetter free exercise of business judgement":

1. Fixed Number of broadcast hours.
2. Prohibit AM-FM duplications.
3. Prohibit sub-carrier authorizations.
4. Require the exclusive use of any music format service or prohibits other sources.
5. Prescribe the amount of format service company music broadcast.
6. Prohibit any announcements by the station.
7. Establish the number of commercials.
8. Limit the content or source of any non-musical programming.
9. Set the amount of air time for news, music or other programming.
10. Prohibit automatic gain control of company-supplied material
11. Allow termination in the event of program changes by a licensee exercising his responsibility for the public interest.

The Commission went on to point out that basic music consultant agreement contracts do not impair the public interest if they do not contain provisions that restrict the station's flexibility. The key language would appear to be statements in the basic agreement confirming the broadcast licensee's right to reject or substitute programs. Other language the Commission deems appropriate speaks to subordinating the contact to FCC Rules and Regulations.

## ARBITRON RADIO

The ARB is over & the ballots  
Are in the mail.  
In the end, some of us will pass & some  
Again will fail.

But when you're being judged by others,  
The important thing to reflect,  
Is, who is doing the judging & have they  
Earned your respect?

For you are an achiever,  
That's both a blessing & a disease.  
Because you not only have yourself,  
But someone else to please.

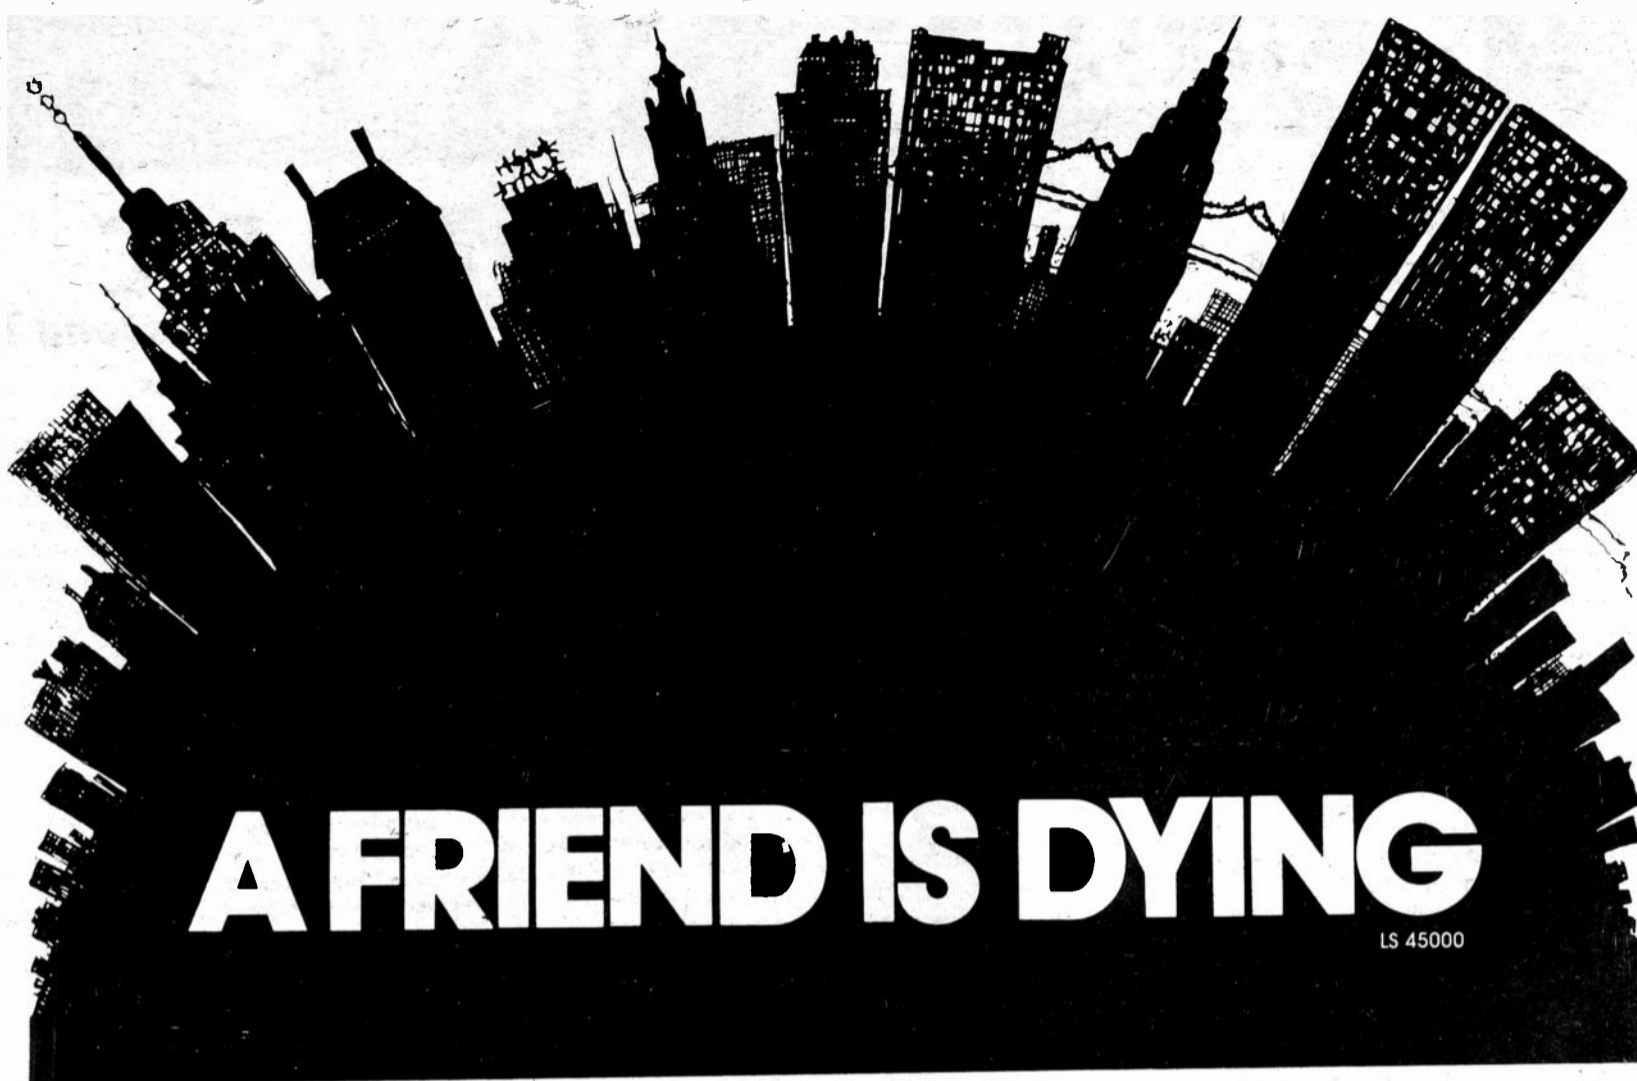

But when you judge your success or failure  
The only thing to do  
Is to realize that all you're after is to prove  
Yourself to you.

Because when you take the time  
And energy to look inside your soul,  
You'll see that YOU are the only person,  
Who keeps you from any goal.

So here's to the winners  
And Losers,  
Because they are one and  
The Same.

The question to ask is not 'Did I win or lose?'  
But why do I play the game?

KGB AM/San Diego's afternoon man Larry "Cruiser" Himmel wrote this poem on the eve of the fall ARB windup.

Three years ago Cashman & West wrote a special song that has become a radio classic—**“THE AMERICAN CITY SUITE.”**

From that suite comes **A FRIEND IS DYING**, a powerful and urgent statement about New York City and all of our cities.

Now its time has come again!

Listen to **A FRIEND IS DYING** and join the stations already programming it. Help save our cities.

## RECORD INDUSTRY NOTES

by Candy Tusken

Stevie Wonder and Minnie Riperton once again joined together when Minnie presented Stevie with her million selling gold album, "Perfect Angel," at Crystal Sound studio in Hollywood. Stevie wrote the track "Perfect Angel" for Minnie.

Bill Griffin (left) and Pete Moore (right) of The Miracles caught in the act of "cramming" their current Motown LP "City Of Angels" down the throat of Walter Burrell. Burrell has a syndicated radio show, "Walter and Friends" taped live at KDAY in Los Angeles. [Now that's one way of getting air-play!]

Jefferson Starship joined other illustrious hands and feet in front of the Peaches Store in Atlanta with 20,000 onlookers watching Paul Katner (left) and Pete Sears do the honors.

Elton John walked away with a hefty portion of the million dollars his recent "Rock Of The Westies" tour garnered. The majority of his proceeds going to one charity or another. The superstar is already planning another major tour and has approached well-known magicians to work up a "magic theme" as the concept for a new road show... Paul McCartney was denied entrance into Japan for the scheduled Wings show in Tokyo due to Paul's old drug charge in England. Linda McCartney is brushing up a new photo collection to be offered next year much on the order of last year's calendar book she put together featuring family photographs plus those of friends and Wing members... the Grammys will be airing February 28th on CBS... Twenty-five pre-trial hearings have failed to resolve Sonny & Cher's multi-million dollar law suit leading to a trial set for the end of March. Sonny is asking for twenty-four million claiming Cher conspired to deprive him of profits the twosome earned while Cher filed a five million dollar suit for similar reasons... Muhammad Ali (who has an autobiography coming out and is slated for a movie appearance) received an honorary America jacket presented by the group and confided to them that he is also planning on signing a recording contract... The East Coast will get a preview of Eric Carmen's new band when they tour with the Beach Boys

Rumors are flying that his may be the final tour of the Beach Boys due to several of them wanting to pursue independent projects. One member was overheard to say that he wanted to retire and another expressed a desire to be free from the group to get involved in a solo effort....

### GOSSIP AND NEWS

Those keeping constant company are Jim Stafford and Lynda (Wonder Woman) Carter, Sparks' Ron Mael and Marianne Faithful (who are currently working on an album together), Black Oak's Jim Dandy and Linda ("The Exorcist") Blair and recently divorced Glen Campbell and Mac Davis' former wife, Sarah... Word is that Ringo Starr's five million dollar deal with ABC Records came in the nick of time due to the ex-Beatle being reportedly deep in the red over several bad investments. The contract is good news to Ringo's ex, Maureen, who is suing him in a million dollar marriage settlement. If you decide to visit Robbie Bachman (of BTO) at his huge ranch in British Columbia, let him know you're coming. Robbie is driving around the old homestead in a Sherman Tank he recently purchased in Australia. We don't know if he bought any matching ammo or if the World War II relic even fires, but watch out for those steel belted radials!... Shipping the end of this month is a two album anthology of the Allman Brothers titled "The Road Goes On Forever" containing seventeen tracks from the first five albums by the band... Singer/Saxophone player, Norman Bell (formerly with Mahavishnu Orch. and Wonderlove) has joined Frank Zappa's band... One-time teen idol, James Darren, is back recording for Private Stock Records with his first single "Love On The Screen" being produced by Snuff Garrett. KC (of the Sunshine Band) either has bunions or an aversion to walking according to a Minneapolis concert promoter. When the band arrived for a scheduled concert, KC learned the limosine was parked one block away and, apparently angered at the distance, promptly turned and caught the next available plane out, blowing \$12,000 for the promoter....

### INSIDE THE INDUSTRY

Congrats to Casablanca who had their third million dollar month in a row. The label has bought the 20th Century Building in L.A. (which has housed both A&M and 20th Century Records) and will be moving around Christmas... Tony King has officially joined Rocket Records as Executive Vice President to oversee A&R, product coordination and administrative budgeting activities of the label. King acted as General Manager for Apple Records... Bernie Torres has joined DeLite Records as their new Associate Director of National Promotion working with National Promo Director, Jim Benci... Linda Grey has left as Vice President of Levinson & Associate forming a partnership with Norm Winter to be called Winter/Grey Associates in Los Angeles... Stan Bly announced the appointment of Jim Taylor to the newly created position of Assistant National Promotion Manager for Mercury Records plus has replaced Cliff Burnstein (who is now A&R for Mercury) with Mike Bone as National Album Promotion manager... Larry Butler has been promoted by Al Teller at United Artists to Vice President and Director of Country Product for that label... U.A.'s Ray Anderson has appointed Allen Mels to the post of midwest regional promotion manager to be headquartered in Cincinnati....

Two Columbia recording giants had a musical meeting in Houston recently when Paul Simon, doing a concert in the city, paid a visit to a Willie Nelson show at the Shepard Drive-In. Simon, who had never seen Nelson perform live previously, was so impressed that at Nelson's request he joined the country star on stage. Nelson and his band backed up Simon on "Mrs. Robinson" and "The Boxer," then Nelson and Simon combined voices on a pair of gospel songs: "When The Roll Is Called Up Yonder" and "Amazing Grace."

The Spinners show off their gold keys to the city of Detroit after hearing a declaration by the Michigan State Legislature that the first week in November is "Spinner's Week." The presentations were made after a dinner which preceded the group's homecoming performance at Olympia Stadium. The Spinners also learned that their current "Games People Play" went gold making it their ninth RIAA award. L to R is Spinner Henry Fambrough, Assemblyman Herbert Pete and Spinners Pervis Jackson, Bobby Smith, Billy Henderson and Phillippe Wynn.

# AOR Radio

[ALBUM ORIENTED ROCK]

Mugging for our camera at the Beverly Hills Hotel at a special party honoring Elektra artist HARRY CHAPIN are l to r: Jim McKeon, Program Director at KWST; Sam Bellamy, Operations Director at KMET; Lou Galliani, West Coast promo rep at Elektra/Asylum Records; Mel Posner, prez of E-A; HARRY CHAPIN; (standing on a chair behind Harry so she is sure to be seen) Candy Christman DeMann; Warren Williams and George Steele, E-A execs.

## Mike Harrison

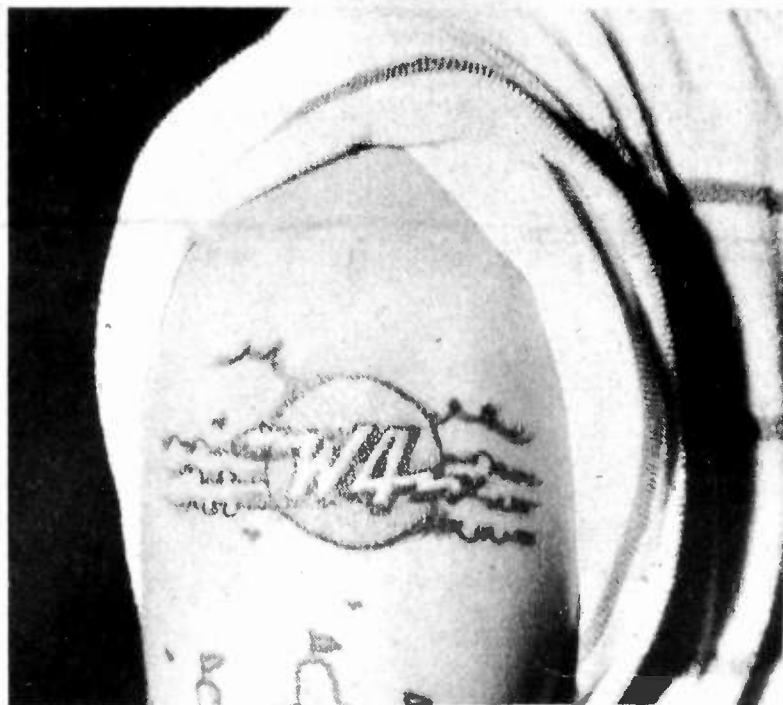

There is nothing new or "progressive" about good music. Good music has existed long before radio or records were invented. One of the nice things about albums is that they give an act the opportunity to showcase the stuff its made of in one swoop and in doing that they give radio programmers who know how to program albums the opportunity to reflect that variety and extra dimension on their stations.

Album Oriented Rock Radio is able to promote that quality that has always existed by operating on a system of not just playing music, but placing it. Taking it down to its most elementary level, the formula is as follows: The proper placement of the proper quantity equals Quality. How they handle A and B in that equation determines the degree of C.

Rock is not the only form of music that is available in album form and able to receive the benefit attached to that configuration. There are Country and R&B, two genres much of which qualifies for Album Oriented Rockdom. Then, of course there is the bulk of these forms which gives their music

## AOR News

The Summer Pulse is out and it looks like a good one for many AOR's. Among the success stories are KLOS and WSHE who both placed near the top of their market's beating out AM's and FM's quite impressively... PATTI GLICK and KEITH LOWE are now on the airstaff of KLOS. They are both formerly KLVE which recently switched from soft AOR to Spanish... M105 conducted a broadcast seminar geared to high school students in conjunction with the local Cleveland NBC O&O television station... JOEL MOSS is the new PD of WLIR. The station presented TERRY GARTHWAITE and TOM JANS in live radio concerts... KSAN sponsored a Celebrity Bowling Tournament. They took over a local bowling alley at midnight and pitted celebrity teams and listener teams against each for fun and prizes. Among the celebrity teams were FRANKIE MILLER, BOBBY WOMACK, THE JEFFERSON STARSHIP, BILL GRAHAM, rock critics, and people from ROLLING STONE newspaper... WSHE had an on the air birthday party. The station wants to thank all the people who called in wishing them a happy birthday... WHCN interviewed SPLINTER and TOM JANS... KOMA interviewed CARLOS SANTANA and KENNY RANKIN... KSJO interviewed CARLOS SANTANA and RORY GALLAGHER... WXRT interviewed WILLIE DIXON... WBCN presented JOHN and JOANNA HALL, AZTEC TWO STEP, JOHN LUCIEN, and BILL HOROWITZ in live radio

How's that for loyalty? One of WWWW's listeners likes the station so much that he tattooed the station's W4 logo on his arm.

concerts... There's a new AOR in Rockford, Illinois, WYFE AM-FM. The station is being programmed by MARK SHEPARD...WDVE presented PAPA JOHN, BRIAN AUGER, and MICHAEL STANLEY in live radio concerts. exclusive categories of their own. Those stations which have been playing these forms exclusively have taken on the label of the music as the label of their formats. If they play Country music, they're called Country stations. If they play R&B music, they're called R&B stations. Interesting enough, just like so many of their Rock counterparts, these stations have spent most of their histories being singles oriented missing out on much of the dynamite product available on albums that their listeners just might want to hear.

I believe that its not just the general Rock audience that's growing receptive to Album Radio. Now we see what have come to be known as Progressive Country and Progressive R&B stations popping up around the country filling a need and making ratings impact. Its too bad that the music on these stations is being labeled "Progressive" because that word scares many of the traditionalists who may be afraid to try something new. Actually, the music is not progressive. Its just good and made to sound better by the setting its being given on these new stations that are following the same basic structure of AOR Radio. That includes playing album cuts, some singles, segueing records, and talkin to grown-ups on the radio.

Album Oriented Country Radio as is being done at KAFM in Dallas and Album Oriented R&B as is being done at WBLS in New York should not be looked upon as some sort of radical, freaky concept. They are merely taking what very well may be the next logical step in the evolution of radio that concentrates on those musical genres.

Those of us in AOR Radio should support the growth of these kind of stations because their success will be our success. You see, even though it takes a degree of abstract thinking to find a parallel between Country and R&B, AOR straddles them both and is tremendously influenced by both. They, in turn, are influenced by AOR, whether or not they know it.

Good music on good radio cannot fail and is the only logical thing for broadcasters to pursue without fear or bias. There are a lot of listeners waiting.

SIMON came on strong and took over the top position this week. ELTON, WHO, C/N, SPRINGSTEEN, and FLOYD had relatively stable play. FEAT picked up a bit and is in there with the heavies. YOUNG was the week's highest debut. Most programmers are really pleased with the album. STARSHIP and MAC continue to maintain their amazing longevity. PALMER is hanging in there. JOHN debuted impressively. OZARKS came on strong and made huge gains. FOGELBERG and GALLAGHER picked up nicely. JOE maintained. GARFUNKEL resurged. TUNA inched up. GARTHWAITE continued to grow. ROXY debuted. HENDRIX had a good first week. MURPHEY debuted. WRIGHT refuses to leave the chart. PURPLE debuted. SPAN hung on. KINKS debuted. PROTHEROE bounced back on the chart. ALLMANS, RUFUS, CATE BROS., KISS, and DENVER almost made the chart.

This chart is based solely on airplay and does not attempt to fabricate a trend. The artists in italics are those receiving the most rapid gain in airplay.

# Suggested Albums

JONI MITCHELL

Another triumph. A moody and delicately crafted collection of songs that show off the beauty of Joni's voice and sensitivity. This is a well balanced, disciplined collection that reflects the class of contemporary music's premier female songwriter/vocalist. Among the goodies, "In France" "The Jungle Line" "Don't Interrupt The Sorrow" "The Boho Dance" and "Sweet Bird" (Asylum)

KINKS

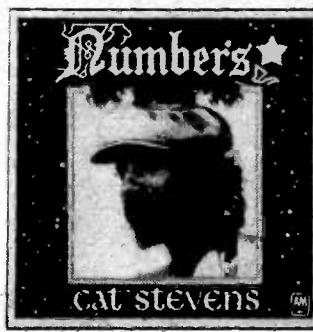

Another offbeat concept spawned by the genius of Ray Davies put to music. When The Kinks are good, as they are here, there's hardly a better band. The songs are light and tight and stand up well as individual units without the story that weaves them together. "Jack The Idiot Dunce" "The First Time We Fall In Love" "I'm In Disgrace" and "Headmaster" are good samples of The Kinks' versatility. "The Last Assembly" is a potential classic. (RCA)

CRACK THE SKY

Impressive new band whose first effort on the new label is marked by seasoned musicianship and absolutely superb production. The sounds range from hard Rock to complex cerebral instrumentation. There's a similar feel to Bowie's "Ziggy Stardust" album but the album is different enough to qualify for uniqueness. "Ice" "Surf City" "I Don't Have A Tie" and "Sleep" are quite recommendable. (LifeSong)

CAT STEVENS

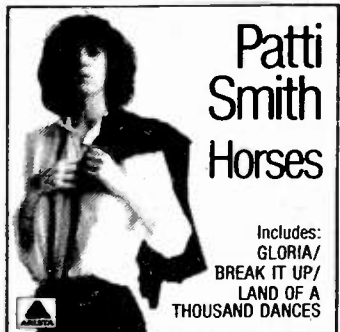

When the Cat goes on the prowl, the world is treated to another listenable album. He's already made his musical statement but there's a huge following out there that wants to hear it over and over again. The tasty detail, chorus, and cryptic lyrics are present in this Pythagorean Theory Tale. "Novim's Nightmare" "Banapple Gas" and "Jezro" are obvious. (A&M)

SUPERTRAMP

One of the world's most interesting and creative ensembles. Based on the success of their last album which paved the way, this collection should be a monster and fully establish the group among the international favorites. Their work is marked by fascinating arrangements, super tight instrumentation, and impeccable production. "Lady" is a knockout. (A&M)

PATTI SMITH

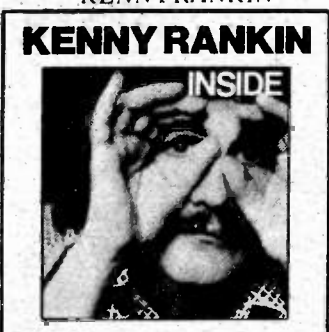

There's a lot of determination and feeling in the voice and music of this unique new stylist. John Cale's production and a good back up band put her in a setting that forces one to stop and take note. She undoubtedly will evoke a variety of responses out there which will probably run the gamut. We give her a thumbs up. Patti, where have you been all these years? (Arista)

O'JAYS

R&B par excellence. This album contains both soulful ballads and hot Rock and Roll cookers. The songs are long enough to sink your teeth into and cover a wide musical spectrum. Check out "Unity" "Livin' For The Weekend" and "I Love Music." (PIR)

KENNY RANKIN

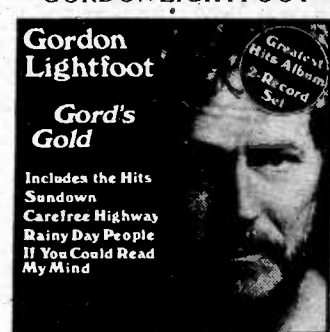

It's been a long slow climb for Kenny but gradually over the years he has developed a sizeable following. His music is lush and mellow and very difficult to categorize. Nevertheless its quality cannot be denied. Take your pick. (Little David)

LUCIFER'S FRIEND

This album has been around for awhile and refuses to go away. Good diverse Rock and Roll that seems to get great listener response where ever played. Maybe its time to give it a shot. Long and short cuts with lots of instrumentation including a full blown horn section that comes on strong. Try "Our World Is A Rock 'n' Roll Band" "High Flying Lady Goodbye" and "Dirty Old Town." (Passport)

GORDON LIGHTFOOT

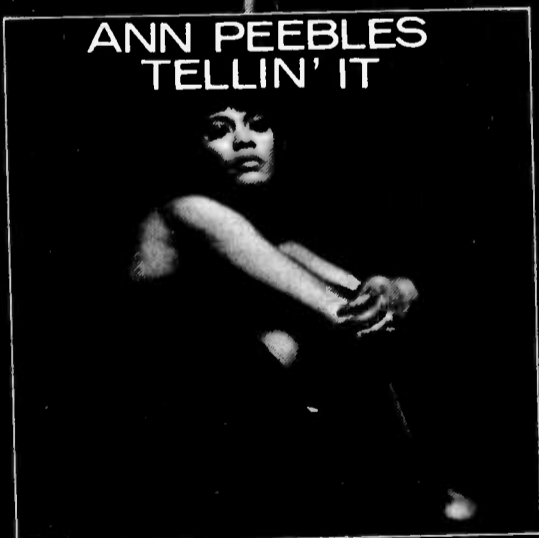

This is more than your usual "greatest hits" type album. One half (the ancient stuff) in this two record set has been re-recorded. Considering the extent and scope of Lightfoot's popularity and contributions, that makes this an important album not to be overlooked. The recent material makes for good Lightfoot cataloging. JIM DUNCAN/Editor

## Direct From Duncan

Let's her it for former R&R Country Editor JONATHAN FRICKE (now General Manager for Warner Brothers Records, Nashville Division) and his lovely lady NANCY on the arrival of their first child, 6 lb. 12oz. HEATHER RENEE, last week in Nashville... Just received a note from BILL ANDERSON who wanted to give us the latest on his purchase of that radio station in Provo, Utah I mentioned in last week's column. Our source in Nashville told us the FCC had approved the sale, but Bill said the approval hasn't become official yet. The call letters, KIXX, according to Anderson, will not be used when he takes over. DOUG DILLON will not only be music director, but will take over as Program Director after Anderson acquires the property. Dillon is currently working for the present owners... Country radio is alive and winning in San Bernardino, California. Our good friend, BOB MITCHELL, PD of KCKC, San Bernardino sent us the latest Pulse from that area. KCKC is by far and away the number one in the men and women breakouts. In total audience, men, women and teens, KCKC tied with local rocker KFXM with a 12 share. I would also like to thank Bob for asking me to be on the agenda committee for the Nashville Country Radio Seminar. R&R will keep you posted on the developments of that conference.

Here is a program reminder: Our AOR Editor, MIKE HARRISON, has an interesting column this week on "Album Oriented Country" I thought might be of interest to you as a programmer. Tune in to his section in this week's issue.

RON NORWOOD has resigned as Program Director of KGA, Spokane. Norwood told me he would be going into private in Eugene, Oregon. The new PD will be JOHN OGLE, who is currently one of the staff announcers. Norwood's last day will be Friday (21).

BILL JENKINS has resigned from his position as General Manager of WUBE, Cincinnati. He has been replaced by the station's sales manager VERO WHEELER...Hercules Broadcasting Company, operators of KMPS and KUET, Seattle has announced the appointment of HOWARD "Skip" VOSE as General Sales Manager of both stations. Most recently Skip was vice-president and General Manager of KWYT, Monterey-Salinas, California area... KBUL, Wichita has hired GARY HIGHTOWER from KFDI, also in Wichita. Hightower will join lady announcer JODDY CARTER December 1 to do the morning drive slot... KHAK, Cedar Rapids, Iowa has hired LYNN YOUNGER formerly with KLAC, Los Angeles, to do mornings.

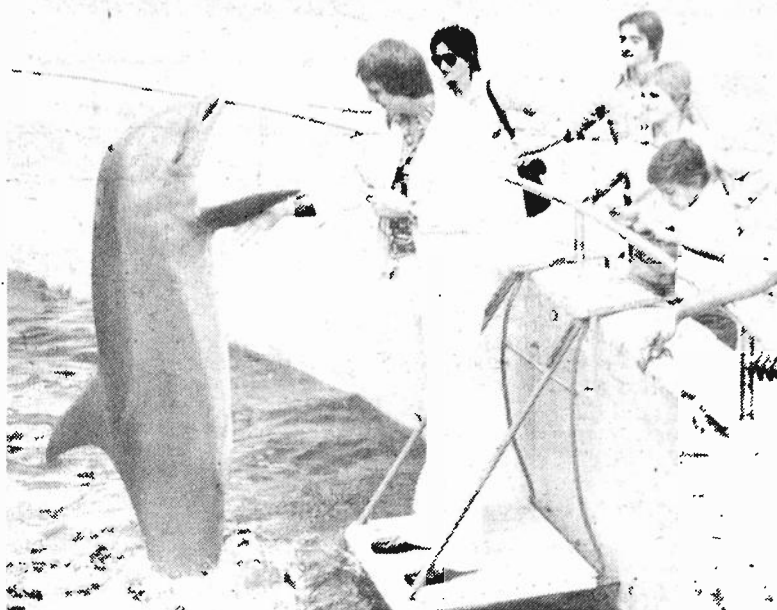

MARTY SULLIVAN, KRMD, Shreveport and Mitchell of KCKC have recently found great success with the old "Hit or Miss" promotion. This is where listeners are asked to rate some of the newer releases. At KRMD, Sullivan is using a poor-fair-good-excellent rating and at KCKC, Mitchell is using a 1-10 point method. Mitchell said this method has helped him a great deal in his music research on marginal records... LARRY HUNTER, KSOP, Salt Lake City reports his morning jock, COUNTRY JOE, is also doing a very successful on-the-air evening Country-Disco program from 8:30pm to 1am (And you though your hours were long. Remember he does the morning drive show too.) The early response has been great I imagine the Country-Disco could easily become a big thing in the future. If you think about it, Country music listeners are active people. From my experience with nightclubs and shows, they love to get up and dance... CHIP POLK at KLLL, Lubbock, Texas said recently he put together a "Waylon Jennings Sound-a-like" sweep on-the-air and got great response. He featured a song by Waylon and backed it with tunes by ED BRUCE, CHUCK PRICE and TOMMY JENNINGS, all who sound very much like The Outlaw himself...

Many stations are giving their listeners "The Bird" for Thanksgiving: A bunch of stations are using the old "How-many-shots-to-shoot-the-Turkey Contest" for their promotion. WMC, Memphis has put together a "Phono-funnies" contest. They air a line from a song in the first quarter hour. Later they take a caller who must identify the song and artist. Winner gets a turkey or ham... Again, please make note of the holiday schedule next week. If you are a reporting station, make sure I get your report earlier than usual. It will make our research complete for that week.

KAYO, Seattle, reports PD BEN PAYTON and/or PEYTON, help one of the many C.B. contests popping up across the country. They called it the "Mystery C.B. Voice Contest." The station had some country artists record their voice and then the station filtered the voices for the effect. Listeners had to guess who the voice belonged to... CURTIS KING, KSO, Des Moines reports of a C.B. contest they've tagged "Breaker-Breaker." It's a weekend of truckin' music, plus they gave away a C.B. radio and albums. Hourly callers won an album, plus they qualified for a drawing to win the C.B. radio, Ten-Four.

With Thanksgiving just around the corner, I leave you with this thought: Be thankful you have what you've got and haven't got what you deserve.

(If nothing else, be thankful you're not a turkey.)

WWOK, MIAMI MAKES A 'SPLASH' AT SEAQUARIUM — WWOK air personality CHRIS SHAWN made an appearance at Miami's Seaquarium to greet a dolphin that some of Shawn's listeners helped name. As part of a promotion, listeners were asked to call in their suggestions for a possible name. The final selection was the name DAWN. Apparently the dolphin and D.J. Shawn got along well during their first meeting. R&R asked SHAWN what the "porpoise" of the contest was. He replied, "I did it just for the 'HALIBUT'!!!"

On a recent visit to Nashville some RCA Record executives were greeted by three of RCA's most important artists, BOBBY BARE, DOLLY PARTON, and CHET ATKINS. Pictured (left to right) KEN GLANCY, President RCA records; BOBBY BARE, RCA artist; DOLLY PARTON, RCA artist and recent recipient of the CMA's Female Vocalist of the Year award; MEL ILBERMAN, Vice-President Commercial Operations; CHET ATKINS, artist and vice-president of Country Music; and ALLEN STANTON, Vice-president and General Manager SUNBURY-DUNBAR publishing company.

## Biff Collie INSIDE NASHVILLE

MUSIC ROW RUMBLES: DANNY DAVIS went to jail! And the NASHVILLE BRASS! They had a captive audience at the federal penitentiary in ATLANTA... NOEL FOX who a while back quit gospelling to book for JIM HALSEY, and MAC WISEMAN have opened the WISE/FOX AGENCY, talent representation... WEBB PIERCE sending out W-2 forms to make semi official his "The Good Lord Giveth [And Uncle Same Taketh Away]" fast-breaker. Webb's back and everybody will know it!... GOLDSBORO a semi-regular on JOHNNY CARSON's "Tonight" show? He just made his 21st guest shot Wednesday [19th]... Super DOBIE GRAY headlined a Waverly-Belmont Community Clinic benefit show last Wednesday... Restoration rumbles from the RYMAN Auditorium [The OLE OPRY HOUSE] board of trustees. Should they buy the Ryman back and give it to the city for a museum? Or tear it down and build a modern parking lot?... DOLLY PARTON will ride in the nationally televised MACY's Thanksgiving Day Parade two days after my birthday and sing her latest hit "The Seeker." Dolly complexes many flat-busted females. CARL SMITH re-signed with his long-time booker BUDDY LEE after a summer with BILLY DEATON agency... BILLY THUNDERKLOUD played the OKLAHOMA STATEHOOD FESTIVAL last weekend, and has been named "Outstanding Indian for 1975" by the AMERICAN INDIAN EXPOSITION in ANADARKO, Oklahoma. Far as I'm concerned, he has a "can't miss" tag for superstardom. Watch him once and see... PRINCES RAMONA, long-time TV and nightclub performer in the Hollywood Country music community has spent the past month in Music City, working gospel concerts, guesting on REV. JIMMY SNOW's "GRAND OLE GOSPEL" show, and, with her husband-manager BUD KEMP, planning some unique innovations for the church concerts across the nation. Bud sold his highly successful camper

KFOX JOCKS "DYING" TO GET INTO R&R: It may look like the KFOX, Long Beach radio staff is laying down on the job. In reality, KFOX had a Halloween promotion developed to raise money for the Cystic Fibrosis Foundation. Boys & "Ghouls" were invited to the KFOX Haunted House and a donation was asked for admission. Shown at right: In the coffin is IGOR [who in real life is the all-night engineer on KFOX] and THE COUNT, played by afternoon drive air personality TERRY MOSS. The three person lying next to the coffin wee a little hard to identify because of their halloween masks. Our informed sources tell us it is [left to right] Program Director JIM CHRISTOFFERSON; weekendender PAT OBRIEN and air talent CORKEY MAYBERRY. The (left) picture shows activity later in the evening, while the KFOX staff was enjoying their "Bloody Marys," THE COUNT invites PD Christoferson to "neck."

**FREDDY FENDER**  
Are You Ready For Freddy? [ABC/Dot] Fender is a hot item right now and this LP will give you plenty of features this newcomer to the national Country scene. Simplicity is the key to the stronger material on this album. Simple melodic music with simply, easy to relate to lyrics. Best cuts: "Teardrops In My Hearts" and [don't laugh] "How Much Is That Doggie In The Window." [I told you not to laugh.] Remember the key is simplicity. Also very good "I'm Not Through Loving You" and "Begging To You." Possible: "[You came In] The Winter Of My Life." The featured single is "Secret Love."

**LINDA HARGROVE**  
Love, You're The Teacher [Capitol] The "Blue Jean Country Queen" gives us, in her first album for Capitol, a strong performance musically and lyrically. Linda wrote every song on the album, three cuts with producer PETE DRAKE. From the up "Texas" sound of "Half My Heart's In Texas" to the bluesy "All Alone In Austin," proves her fine ability as an artist. Best cuts include the above mentioned as well as, "Save The Children" and "Tim Wounds All Heels." The single "Love Was [Once Around The Dance Floor]" is featured.

**NARAS APPOINTS NEW EXECUTIVE DIRECTOR!:** BOB THOMPSON, President of the Nashville chapter of NARAS, the National Academy of Recording Arts & Sciences, announced last week, on behalf of the Board of Governors the appointment of FRANCINE ANDERSON to the position of Executive Director of NARAS in Nashville. FRANCINE comes to NARAS after several years as executive Secretary of SESAC publishing, and most recently as promotion secretary of AVCO records. Ms. Anderson succeeds EMILY BRADSHAW who had been with NARAS for eight years.

manufacturing business in LA, has just completed a prototype motor home which he designed expressly for pros in the music, rodeo, rockhound, antique, art and other commercially competitive fields who travel. Kemp plans to introduce and market by the revolutionary luxury apartment on wheels [has room for 4,000 lbs. storage] by early spring, 1976...

CHUCK CHELTMAN and GEORGIA TWITTY last week had a public dedication of the first inductees of the country music Disc Jockeys' Hall of Fame, and dignitaries came to honor the deceased NELSON KING and the two original living inductees, SMILIN' EDDIE HILL and GRANT TURNER. The gold busts will be housed in a special "Hall Of Fame" room in Nashville's ASCAP offices until the D.J.'s Hall can be built. Grant Turner's dream started when he was a kid, and he told me he couldn't remember when he didn't want to be in radio. He started, he said, in Abilene, TEXAS at 14. Eddie Hill, famous for his country phrases, said he started as a singer, but found that people preferred to her him talk, so he "Struck where the stove was hottest." We hope to do a dialogue for R&R soon with both Grant Turner and Eddie Hill... Gospel giants GARY PAXTON, BILL GAITHER and BOB MACKENZIE, JOE MOSCHEO and four other partners, have bought MERCURY studios and are currently in the process of opening two other studios here, full-blast gospel music production. Gaither, of course is perhaps the most influential gospel music man of the '70's, MACKENZIE was the flagship studio man of the JOHN T. BENSON music empire for years, and GARY PAXTON is in his third career. For many years, he created rock giants such as "Alley Oop" "Monster Mash" and others, then came to Nashville to become a top studio man, leader, top vocal group and writer, with #1 hit songs recorded by DON GIBSON, ROY CLARK, and others. Still writing country-pop, just signed and recorded by CHET ATKINS for RCA as a solo recording act, is producing, writing, arranging and performing full-blast in the gospel field. Gary Paxton is a creative genius, and I'm happy to say his first Nashville record session was on one of mine. The most beautiful part of the Gary Paxton story is that he, by his own admission, was high on dope and alcohol continually for 13 years. His involvement in the gospel field is not coincidental or strictly commercial. It's because of a religious experience, which Gary says, saved his life as well as his soul! End of sermon.....

### Pop Radio

#### KFI-Los Angeles

It's no secret that the Queen Mary, the floating hotel and convention center in Long Beach, California has been anything but a financial success. Well, mid-morning personality and resident mad-man Dick Whittington launched a campaign to help bail out the Queen. Whittington figured that if he can marry off Her Majesty to the S.S. Long Beach King (a real ship) she could qualify for Country Welfare. Plus make legal, by marriage, the Mary's sixty-six illegitimate dingies. Anyway, all this madness took the form of an on-air promotion Tuesday November 11th. Over 3000 listeners showed up to participate in the fun on board the Queen Mary.

#### WIND-Chicago

All night personality Ed Schwartz has been running what he calls a "telephone date service." Listeners call in hopes of "meeting" their dream date on the phone. Schwartz tries to match up the two people he thinks would be most compatible. Well, it finally happened. David Erdmann, a twenty-three old computer technician and Pat Balsan, a twenty-one year old lab technician found each other so irresistible that they are going to walk that last mile to the altar next week. Event will be taped and played back on the air later in the day.

#### WSB-Atlanta

John Moore, station morning-man, invited his listeners to meet him at the

During a recent concert in Jacksonville, Fla., Roger Whittaker stopped by WMBR to present morning personality Gerry House [left] and Program Director Tom Daren [right] with a pre-release copy of his up-coming album. According to Roger, the LP will be released in January by RCA on his own label Tembo, which is Swahili for elephant.

West side of Atlanta's Stone Mountain in order to give him courage to "race" all the way to the top. This station sponsored charity will benefit the Scottish Rite Crippled Children's Hospital. Many other area media representatives also participated. Event took place last Saturday.

## POP NOTES

BY MIKE KASABO

The planning stage for R&R Convention '76 is moving at a rapid pace. At this point it looks like the turnout of Pop programmers will far exceed last year's attendance. As I mentioned on the phone this week, please start to formulate your thoughts, suggestions and ideas so we can make our portion of the convention the most informative and mutually rewarding industry meeting ever.

Charlie Allan, WGN, and I got involved in some call-letter trivia the other day. Allan offered that WGN (owned by the Chicago Tribune) stands for World's Greatest Newspaper and WLS (which was originally owned by Sears & Roebuck) stood for World's Largest Store. I countered with LA's KFVB (owned originally by Warner Bros.) which stood for Kut (cut) From Warner Brothers. If you have any boring call-letter trivia, please pass it along.

Now for some music notes. Hot phones at KFI for the Paul Simon album cut "50 Ways To Leave Your Lover." Another album cut "Breaking Up Is Hard To Do" by Neil Sedaka came in fifth in phone requests at KMPC and WTRX.

Big mover of the week is Hagood Hardy's "The Homecoming" Check Most Added and Hottest.

O'Jays' "I Love Music" getting good play at KMPC and WGAR. Ranwood's Charles Randolph Green getting play at WIP and WTBQ. It's the theme from "Star Trek."

Proof that you can dress up an old song in a new dress and come up with a fashionable item is witnessed by Wing And A Prayer's "Baby Face." It's now on almost 50% of our reporting stations.

Some early airplay action noted on "Squeezebox" by The Who. It went right on WEEL-FM and K101.

K.C. & The Sunshine Band's "That's The Way (I Like It)" is not on a ton of Pop stations, but looks solid wherever it is being played. It's #1 at WTAE and reports hot at K101 and WIP.

A race has developed with Capitol's release of "Somewhere In The Night" by Helen Reddy. The other version by Batdorf & Rodney has already established a healthy airplay pattern. At this point it's too early to say who will be strongest.

### WAPE STAFFERS GET INVOLVED

The entire staff of WAPE/Jacksonville, including salesmen, secretaries, engineers and on-air staff, participated in the station's annual "Candy Walk." On Halloween eve, the staff distributed candy and treats to exceptional children in schools and hospitals. The candy was donated by listeners and local civic organizations.

Another recent promotion at WAPE was the "Royal Flush" weekend. Listeners called in at the sound of the John Flushing, won a "John" either Olivia Newton's or Elton's latest LP. In addition, listeners were asked to count the number of times Elton's "Island Girl" was played throughout the weekend, with a grand prize of both artists' record libraries, a \$100 bill, and a gold plated toilet seat.

### TREAT FOR THE JOCKS

WROV/ROANOKE's jocks had a treat recently, during the "D.J.'s Choice" weekend. All the station personalities were allowed to play

their favorite records, with no holds barred. Everything from classical music to Irish drinking songs were heard mixed in with current top hits.

### SPECIAL EDIT

Bill Gamble of Z96/Grand Rapids has a special edit of Wings' "Venus & Mars/Rock Show" single, produced at the station. The edit is 5 minutes long, and ends cold. Stations interested may contact Gamble at (616) 364-9551.

### NEW ROCKER

A call letter change is in the works for WMHI/Frederick Maryland, kicking off the station's new rock format. A power increase and the new WZYQ call letters were reported by the station's new general manager, Howard Johnson, formerly of Y115/Appleton. Denny Carpenter is the new PD.

### PORTLAND PROMOTION

New bumper/window stickers are playing a large part in KOIN/Portland's latest promotion push. Distributed throughout the area at various retail outlets, giveaway prizes for sticker-users include T-Shirts, trips to Disneyland, real "KOINs" and much more.
