The winner and a friend win a week on a windjammer sailing ship, which they can travel to anywhere in the Bahamas in, plus \$1000 cash for the Bahamas in, plus \$1000 cash for expenses and gambling money. ## SAY IT AND WIN BIG

**WLS/Chicago's "Music Radio Game"** gave listeners a chance to win if they knew the "Say It and Win" slogan. Daily winners qualified for the grand prize drawing, and also won small household appliances, such as blenders, toasters and the like. Music Director Jim Smith told R&R that the big winner was a full time bank employee, who also held down two other jobs in order to buy a home. His home-owning goal was reached quickly, as the grand prize was either a \$42,000 home or the cash. The winner chose the cash to apply to his dream house.

## "TEMPTATION TAPES"

**KCPX/Salt Lake City** has done a variation on the "Time Bomb" contest with their "Temptation Tapes" promotion. Listeners call in, and station personalities open up the surprise tape from a sealed envelope. The tape is played, enabling the caller to listen to the tape call out cash amounts, starting at \$5 and increasing up in to the hundreds. The tape can "self destruct" at any time, leaving the caller with nothing, or they can stop the tape at any time.

## WFIL MAKES SOMEONE RICH

The first \$10,000 winner in **WFIL/Philadelphia's "WFIL Is Gonna Make Me Rich"** contest happened last week. Call outs are made, if someone answers with the Make Me Rich phrase, they win \$5000. The first winner also knew the bonus word of the hour for an additional five grand.

## IS PAUL REALLY DEAD?

**WSPT/Stevens Point PD Pat Martin** has produced a special half hour radio special titled "Is Paul Really Dead?" The program reflects on the speculation of Paul McCartney's death a few years ago. Martin interviewed sonogram (voice research) expert Henry M. Truby on his findings in Beatles recordings during the period, and also talked with **Buzz Bennett**, who did extensive research on the mystery. The show is available to all stations, free of charge. For information, contact Martin at (715) 341-1300.

## GIVING AWAY THE WORLD

## STICKER SPOTTING FROM ON HIGH

**WFTL/Ft. Lauderdale's** rear window sticker contest has been running for three years, and has now developed a new sticker-spotting method. Cars carrying the stickers are now spotted from a giant 77,000 cubic foot Hot Air Balloon. Air personalities spotting stickers award cash from a "ground support" van that follows the progress of the balloon. The balloon also sports three huge **WFTL** stickers.

## POLITICAL PROMOTIONS

**WDOT/Burlington Vermont** helped their listeners register to vote in time by opening up their studios close to the deadline for registering. On the air, announcements told the audience "If you don't register, and you don't vote...don't bitch." The 14/DOT "White House Weekend" will build political excitement when the station features hits from all election years from 1960 to 1972. Included in the weekend will be giveaways of such items as picture-postcards of the White House and other prizes.

## EAST MEETS WEST IN L.A.

Japanese TV personality **Shoei** recently visited **KFI/Los Angeles' Perry Allen** on the air and brought a film crew and interpreter to the station's studios. Shoei sat in for an hour of Allen's show and did his Japanese version of radio. Shoei challenges people all over the world, to friendly competition. As a result, he became involved in everything from a California Angels' game to participating in a rodeo. Shoei's travels and his on-air KFI stint will be shown to over 10 million Japanese on Tokyo TV.

KFRC/San Francisco's John Mack Flanagan "dyed" for a local school when they won KFRC's contest as the highest scoring football team in the Bay Area. He was carried on the field at half time in the back of a vintage hearse. As the school band played the funeral march, John leapt to the field with his hair dyed the school colors. His vampire like make-up brought screams as he entered the stands to sign autographs. Later, while biting a hot dog, he lost his fangs in the crowd.

This logo appears on Special Message T-shirts being distributed by WQXI/Atlanta to twice-per-hour callers. An announcement this week will give listeners details on the WQXI "Big Change."

Black Oak Arkansas' Jim Dandy visited WEBC/Duluth in conjunction with the group's concert, holding a 45 minute interview with WEBC jock Beau Elliot. Shown (left to right); station personalities Todd Richards; Sky Stewart; PD Pat McKay; Dandy; Steve Beutel; and Beau Elliot.

A serene likeness of Rod Stewart gazes over the scene at the culmination of the KRBE/Houston Rod Stewart Superscore Weekend promotion. Listeners had a chance to win Rod's new Warner Bros. album, "A Night On The Town," once every twenty minutes. All the winners were eligible for the grand prize—the huge (six feet high) laminated color portrait of Rod. The winner (at left) who was congratulated by Rob Sides, Local Warner Bros. Promotion Manager, Alan Shapiro, WEA Houston Sales Manager and KRBE Program Director Clay Gish.

## Spotlight Should Shift

Dear R&R:

In reading the trades over the past few months I've noticed a trend which upsets me. I feel that undue attention is being focused on the "disco dee jay." It's easy to realize why this is being done. A "Spotlight on Disco" can be SOLD. Advertisers of hardware and records are eager to jump on the bandwagon—indeed, any bandwagon which might help to sell their product. So they buy participations and invariably you see the candid shots of the busy disco platter pusher accompanied by his wise words on the state of the biz.

Or you read about Gerry Peterson's latest stunt. But then he must be way above the disco level and therein lies another story entirely.

Record companies solicit the disco dee jay's wisdom and experience in producing that perfect disco mix.

And to their own credit, the disco dee jays are organizing and boosting their already high visibility with awards, associations, and trade reports.

But what of the thousands of medium market performers who have literally given their lives to entertaining radio audiences across our country. You rarely see their pictures or read their words. Perhaps the day-to-day grind of real life radio is less glamorous than the tinsel and glitter and strobes and mirror balls of the current disco scene. Perhaps after a long air shift and production shift, the "average" radio disc jockey is simply too tired to organize his fellow workers or to publicize his emcee work at the local Rotarian Club. Or maybe after 15 years he's got a new PD who is full of format modification.

I believe in the value of radio. And the craftsmen who keep it alive through hard work...who dig for material and prepare themselves to entertain their public...who work to improve themselves often at the expense of their private lives. These people are valuable to our industry. A once a year awards ceremony isn't enough. A good ARB is mute testimony to one's efforts...and the big prize: keeping your job for another six months—isn't a very good salute, either.

Radio is people. Good radio is good people. For the present, at least, it looks like these good people will have to settle for some personal inner contentment and sense of worth. The recognition seems to be lacking "out there."

Proving beyond the shadow of a doubt that Rollermania does exist was not the reason behind the recent KHJ promotion of bringing the Bay City Rollers to their studios, but it did turn out that way. KHJ PD Charlie Van Dyke tells the story of a giant crowd awaiting for the Rollers outside the KHJ studios. When the group's limo arrived, one girl was so carried away that she threw herself in front of the moving car and was run over. The young lady did get her wish, the chance to meet her favorite Roller, Derek, later in the KHJ lobby. After it was established that she was not seriously injured, she asked if she could keep the tire that ran over her.

## IT'S FOUR WEEKS IN A ROW FOR ABC

ABC network programming kept up its previous leadership for the fourth week of the new season, although the race is getting closer. For the week, ABC held a 20.4 rating, CBS 19.8, and NBC 19.6. Top 5 for the week were: "MASH," "World Series Baseball" on NBC, the "Country Music Awards," "One Day At A Time," ABC's movie feature "Having Babies." A number of regularly high-placing shows were pre-empted during the week because of baseball and the Ford-Carter debate, as well as other politicals. NBC research estimates that 65 million viewers watched the World Series.

The Nielsen Fast Evening Persons Report breaks down demographics of who is tuned in to what for the first two weeks of the season. These statistics also show ABC on top in 18-49 men and women. In both men and women, ABC is followed by NBC and CBS in that order. In the top 15 women-pleasers, NBC movies "Earthquake" and "Airport" were the only shows from that network to place, while CBS' only entry in the ladies favorites was "All In The Family," placing 14th. All other shows were ABC's, led by "Happy Days," "Sunday Movie," and "Laverne & Shirley." Their male counterparts included the two NBC movies and "All In The Family" in their top 15 as well, along with movies "Butch Cassidy," and "The Way We Were," plus "Happy Days," "Laverne & Shirley," "Bionic Woman" and "Charlie's Angels." As expected, "Monday Night Football" also placed in the top 15 at number 8.

## OTHER TV NEWS

The networks have cancelled three new series already, with CBS' "Ball Four" striking out, along with "Doc," and ABC's "Cos." A reshuffling of CBS' "Mary Tyler Moore Show," "Bob Newhart," "All In The Family," "Alice," and "The Jeffersons" to different time slots was also announced...Carroll O'Connor has agreed to continue his role in "All In The Family" for the eighth year, after earlier stating that the current season would be his last...Citing resistance from a majority of its affiliates, NBC-TV has announced that it will not expand its nightly newscasts...Little David Records' artist Franklyn Ajaye has signed a contract with NBC for development of a forthcoming comedy series...Grammy Awards Executive Producer Pierre Cossatte has announced that the 1976 Grammy show, scheduled for February 12th of next year, will be expanded to a full two hours, with two new awards added...

Next week you'll be receiving the special AOR edition of **Radio & Records**. This particular publication represents the long hours and hard work of industry people from all parts of the nation and I think you'll find it particularly enjoyable. We're certainly proud of it. Among the goodies it contains are the charts reflecting the all-time album compilation that was gathered from our reporters a few weeks ago; extensive interviews with Lee Abrams and Larry Berger; articles about the AOR Air Personality, Music Director, News People, Umbrella Markets, Sales and Public Relations, Southern Radio; the Great Debate; and more. It's all very exciting.

The excitement comes from the fact that such a collection of material exists. When I think back to the early days of Progressive radio and the following years of struggle we shared to attain industry understanding, let alone equality, there is a tremendous level of satisfaction in the accomplishments that all of us can enjoy. AOR radio is an industry leader and recognized as such.

One of the things I noticed in being involved in the production of this AOR special, which included my travelling coast to coast and speaking with people from all corners of the genre, is that there doesn't seem to be any one overall truth to be extracted about the format's methods other than if it works, do it...or, perhaps I should say, if it attains your goals, do it. I truly believe we are coming out of the age of secret formulas and steadfast "rights and wrongs" which have contributed to making radio of all formats a bit duller than we would have liked it to be.

Looking at the wide range of methods in the national AOR radio spectrum, it becomes obvious that the concept of radio being a delicate balance of art and science is alive and well in AOR. The fact that certain stations achieve different results with either the same or different methods means that the ratio of this balance is a marked variable in the great programming experiments of the industry and cannot be prescribed with total or arrogant confidence. This is good.

Why is this good? Because the element of risk prevails. Not the kind of risk that dictates you can't add more than an arbitrary number of records without blowing out your audience thus causing safe and comfortable stagnation, but the risk that dictates you can also not add enough and meet with equally disastrous results.

Although there are not many freeform AOR's anymore (and after reading the Great Debate, you may wonder if there are any in the ideal sense of the term), the fact that it is difficult, if not impossible, to accurately define the boundaries of the format, from the standpoint of it being a set of elements under some sort of common umbrella, signifies that the format, as a unit, is, indeed, freeform. It hasn't been subject to the mythical or word of mouth Bible of rules and regulations that has a way of insidiously working itself into the fibre of radio formats thus educating the participants on how to become obsolete at an early age. Therefore, the main problem that AOR radio faces in it's dealing with the rest of the industry is a very healthy one. It is both fragmented and difficult to explain and understand. Let us hope that it stays that way. Our goal should not be to make it homogenous. It should be to foster internal and external respect for the differences.

It is the nature of people in any business to strive for success on a commercial or financial level and that is obviously quite justifiable. As it becomes more and more known that AOR radio including it's immediate satellite enterprises is as lucrative as it is widespread, the number of people and companies that will try to "get into it" will continue to grow. This includes everything from actual radio stations to record companies to syndicators to trade publications and more. As long as the concept of credibility remains one of the only universal hallmarks of the field, those newcomers who have something to offer the growth of what we all hold dear will be welcomed, the old timers will be respected, and the Johnny-come-lately rip off artists will be excreted. As we all enjoy the fruits of a decade of creativity, hard work, dedication, and foresight, it is vitally important that we keep this in the forefront of our minds.

# Album Airplay/40

# Chart Summary

Another incredible week for **WONDER** maintaining the top slot with almost blanket AOR radio airplay. Much credit is due **BOSTON**, holding on to the second position again and racking up more airplay per week than most of the albums which have reached this chart's number one spot. This is the most played (in one week concentrated doses) debut album in the history of this chart. **CLAPTON** inched into a powerful third. **ELECTRIC LIGHT ORCHESTRA** is the week's highest debut, coming in at four.

**AL STEWART** continues to grow and programmers report that they are now picking up strong listener response and local sales. **ZEP** debuted impressively. At the time these reports were taken many stations had not yet received the album. **PALMER** came on like gangbusters and looks like this is the one that'll do it for this artist. **TROWER** maintained. **ELTON** debuted. At the time these reports were taken, not all stations had received the album. **BAEZ** debuted at a healthy fifteen. **HEART** continues to hang in there, in some areas still gaining momentum. **PHOEBE** debuted. **BE BOP** was stable. **CLIMAX** grew nicely. **CUMMINGS** debuted. **CLARKE** bounced back onto the chart. **BOLIN** maintained. **RINGO** nudged up. **BROMBERG** bounced back onto the chart. It was tight at the bottom with the **BEE GEES**, **OZARKS**, **HARRY CHAPIN**, **FIREFALL**, and **AUTOMATIC MAN** almost making the chart, in that order.

This chart is based solely on airplay and does not attempt to fabricate a trend. The artists in italics are those receiving the most rapid gain in airplay.

# IT'S AS PLAIN AS BLACK AND WHITE

## Hamilton, Joe Frank, & Dennison Don't Fight The Hands

(P 6088)

*DON'T FIGHT THE HANDS*  
that call your request lines 24 hours a day.

*DON'T FIGHT THE HANDS*  
that fill out ARB diaries.

*DON'T FIGHT THE HANDS*  
that have already bought two MONSTER ARB  
hits from H.J.F. & D. ("Don't Pull Your Love,"  
"Fallin' In Love")

The voice of Dan Hamilton belongs on the  
radio... your romantically inclined listeners  
will ALWAYS agree.

## Weapons Of Peace— Just Can't Be That Way

(P 6082)

Starting to happen POP... it CAN be that way!

WGCL—Cleveland (20-14)

T. J. Lambert sez "The phones have always  
been good, now that the stock problem  
is cleared up, I can safely say... IT IS A HIT!"

THE INTRO OF THIS RECORD COULD BE A  
BLACK "BLUE SWEDE"!!

KHRC—Whittier, CA (38-31)

KBCQ—Roswell, NM (38-34)

KLUE—Longview, TX. (...STRONG R and B  
LISTINGS INDICATE...)

HB-39-WCCW—Traverse City, MCH.

(Phenomenal 1st week reaction)

## Direct From Duncan

It certainly is good to see things starting to get back to normal again. The last four or five months have been pretty busy, what with the recent Nashville Country Convention and our first R&R Country Special. Our next project will be developing the R&R Convention scheduled for Dallas in mid-February. Your suggestions on speakers, topics for discussion, etc., are requested and most welcome. Please send your ideas to my attention and I will bring them up at our planning sessions. Also, as we approach the new year, we always like to take a look at what we can do to improve the Country section of R&R. Again, if you have any ideas or suggestions, please submit them as soon as possible. R&R is what it is today because of your ideas, it will continue to be the best because of your continued input. All thoughts should be sent to: JIM DUNCAN, Country Editor, 6430 Sunset Blvd., Suite 1221, Hollywood, California 90028. Thank you!

Since we last got together two new reporting stations have joined our ranks. I would like to take this opportunity to welcome RED SHIPLEY and the crew at WPIK and WXRA-FM, Alexandria, Virginia, stations that serve the Washington D.C. market. Also, KRDR, Portland, with Program Director JAY MICHAEL STEWART and Music Director RICK ELGIN, is now with us.

Some changes and things: BOB BERRY, who most recently was with WAJR, Morgantown, West Virginia, has re-joined WWVA, Wheeling as Music Director and afternoon drive jock. He replaces BOB BARWICK who is moving. It was earlier reported in this column, Barwick was going to join KFTN, Provo. At this time he has not been hired by the station and is still available. He can be reached at (303) 674-7614...MIKE DAVIS, Music Director of WFNC, Fayetteville, is leaving to join WMBR, Jacksonville, Florida, a Rock-Pop/Adult station in that area...JOHN LESLIE, recently with WNBK, Binghamton, New York, has joined KSO, Des Moines, to do the morning drive shift...KUZZ, Bakersfield, has added ELAINE PERKINS, from a local television station, to their news staff...JEFF MILNE has been appointed by UA National Country Promotion Director JERRY SEABOLT to the post of Mid-West Regional Country Promotion Manager. Milne will be based in Chicago...BRUCE GARDNER, formerly with the Pop/Adult WEDO, Pittsburgh, has become a part of the WIXZ, Pittsburgh, airstaff. He will be on from seven to midnight each weekday night. KEN WELLS, formerly with WEEP, Pittsburgh and WWOL Buffalo, will be doing the weekend slot at WIXZ...

KIKK, Houston, is looking for a morning personality. Tapes and resumes to Operations Director CHRIS COLLIER, P.O. Box 1152, Pasadena, Texas 77501. His number is (713) 473-4433...CHUCK LOWE, formerly with WPLD, Atlanta and WIL, St. Louis, is seeking a PD or MD/jock position. "Big John" FISHER can contact him if you have a position open. (615) 383-7654...DAVE WILLIAMS of WDEE, Detroit, after seven years, will be available for a PD, MD or airshift position, as of October 30. Williams can be reached at the station (313) 557-1500 or at home (313) 728-9506.

WJTO-AM, Bath, Maine, is changing to a Country format. Program Director JIM DIAMOND needs record service: P.O. Box 329, Bath, Maine 04530...Effective November 1, KTGC, formerly KTGR-FM, Columbia, Mo., will introduce a Country format (How do you do, I'd like you to meet a Country format). PD JIM WRIGHT needs service, P.O. Box 412, Columbia Mo. 65201...JIM HUITT, Program Director of WSLR, Akron, will be programming WOKO, Albany, New York, effective immediately. JOE GUNTHER has been promoted acting General Manager at WOKO. Former PD "Cheerful" CHARLIE PITTS, will continue on as assistant PD and Music Director. Huitt will be the Director of Operations for both stations...WPOC-FM, General Manager DAVE FUELLHART has been elected President of the Baltimore Broadcasters Coalition...

DALE EICHOR, Program Director of KWMT, Fort Dodge, Iowa, and DON NELSON, General Manager of WIRE, Indianapolis, have been named to the CMA Board of Directors to represent the radio industry during the next two years. KVOO, Tulsa, all-nighter BILLY PARKER and KENR, Houston, Operations Director RIC LIBBY currently are on the Board.

Middle Tennessee State University is asking for guest speakers from the music industry to help in the continued growth of their Music Industry Student's Association. The university actually has the "music industry" listed as one of the possible majors. If you as an artist or music industry representative can help, contact JOHN DOTSON, Vice-President of the MTSU Music Industry Student's Association at (615) 898-2919.

We will catch up on station promotions in next week's column...Before we go I want to tell you of a funny incident that happened at the recent Country Convention in Nashville. The action took place at the home of ABC/Dot President JIM FOGELSONG, who yearly, during the convention, holds an industry party. This incident brings to mind the BETTE MIDLER-PAUL DREW confrontation last year, when Ms. Midler slapped RKO's Drew in the face when she was introduced to him at her concert. When LEE ARNOLD, air personality of WHN, New York, introduced Country singer PENNY DE HAVEN to Program Director ED SALAMON she responded with a well known obscene gesture and phrase. (I'm sure you can figure out what she did). Apparently Salamon had never programmed one of her records, and is probably not too anxious to begin. Later De Haven was seen and heard exchanging four letter retorts with WHN Music Director PAM GREEN. (Maybe with Thanksgiving almost here, Ms. De Haven wanted to give Salamon the "bird").

## Biff Collie INSIDE NASHVILLE

DATELINE: HANK SNOW is going POP. He says he can't beat 'em, so he's gonna join them. Snow's son JIMMIE RODGERS SNOW (named for you know who) eighteen years ago was singing Rock and Roll. Today, he's one of the best known evangelists in America, with his Friday night "Grand Ole Gospel Time" which follows the Friday Night Opry. Jimmie's got a book, his autobiography, coming out this month. It's called "I Cannot Go Back"...FRANK SINATRA's concert at MTSU here, has been cancelled, as were five others in the Southeast, because of illness...TOM T. HALL named Co-Chairman of the 16th Annual Christmas Village, a seasonal fund-raiser for various charities here...LOU RAWLS was here last Sunday night at the Opry House. (RED SOVINE's favorite singer)...SEALS & CROFTS concert at Murphy Center at Middle Tennessee State University in Murfreesboro, Saturday...For "MUSIC HALL AMERICA" tapings. ROY ROGERS and DALE EVANS on Monday, JACK JONES, BRENDA LEE, and HOYT AXTON on Tuesday, KEN BERRY and BARBARA MANDRELL on Wednesday, FREDDY FENDER, THE STATLER BROTHERS and MICHAEL MURPHY on Thursday...JOHN DENVER is due November 21st at the Opry House, and JOHN RAITT, Broadway star, will star in "Shenandoah" at the Opry House, Nov. 16th...RAY CHARLES' four night stint in Nashville at the Country Godfather were exciting for those who could afford it, but unfortunately there weren't too many, at least not enough of us, who could shell out \$15 a head to see the genius...ROY ACUFF underwent gall bladder surgery at MILLER HOSPITAL in Madison. The removal of the gall bladder will require, DR. CLARENCE WOODCOCK says, four to six weeks of recuperation for the Country Music Hall of Famer...The NASHVILLE CHAPTER 257, American Federation of Musicians broke ground for it's new half-million dollar headquarters next to the CMA building on Music Circle this week. Nashville's Local has 2,400 members...KLAC'S DICK HAYNES taped his part of this season's "Hoo Haw." He should have been an original member of that show as should JIMMY DICKENS and HANK PENNY, three of the most natural people for a comedy show with Country overtones. Hank Penny is living in L.A. again, doing local clubs. I think it's a cryin' shame that such a talent, such a source of comedic history is going to total waste. Ask GRANDPA JONES and ROY CLARK who their early teacher was, they'll tell you Hank Penny.

## POP/ADULT NOTES

BY MIKE KASABO

It may seem like a long way off, but R&R Convention & Expo '77 is already being talked about by many in the radio and record industries. The sight is Dallas and the dates are February 18-21. Keep in mind that Monday the 22nd (Washington's birthday) is a legal holiday, so you won't have to break your butt getting back to work. Convention details, as they occur, will appear in R&R.

Jack Lacy, WBAL, reports that there will be an edited version of the Rod Stewart record "Tonight's The Night" available from Warner Bros. At this point, we have received no negatives from our Pop/Adult reporters as it relates to the lyric. But as Lacy pointed out, his station is conservative enough that he doesn't want to shake things up internally by taking a chance that a listener might be offended. By the way, it jumps 12-1 at KULF.

Blue Oyster Cult's "Don't Fear The Reaper" dropped from the Pop/Adult 40 this week, but still continues to show some good moves at a number of stations...including 20-13 WIND and 20-12 at WCHV.

The revival of Blood, Sweat & Tears appears to be paying off with their current release "You're The One." The song was written by David Clayton-Thomas and his wife. Check New & Active for new airplay.

The new Dr. Buzzard "Cherchez La Femme" on RCA went right on WSAV, WBAL and WJNO.

The David Dundas "Jeans On" showing cross over potential for Pop/Adult stations. Late key add is KFI.

Three big Pop/Adult acts have new single releases this week...America "She's A Liar," James Taylor "Woman's Gotta Have It" and Seals & Crofts "Baby, I'll Give It To You."

Mark Lindsay's "Sing Your Own Song" on Greedy continues to show action...latest key adds are KSL and WSAV. The melody is instantly familiar with programmers and listeners alike, it's the Busch beer commercial.

Larry Santos appears to be back in the picture with his latest...add WGY, KCRA, WFIR and WHAG.

Stevie Wonder's "Isn't She Lovely" still looks like the stand-out cut for Pop/Adult stations...add WNBC, WEEI-FM, WIP and WASH.

Note to all reporters...please send in any written information and pictures you have relative to station promotion, contests, etc. It's an easy way to let the entire industry know what you're doing.
