How To Get The Most From The Music Information In R&R...

From time to time, and because of the tremendous subscription growth we've experienced, it makes sense to take a few minutes to explain how Radio & Records gathers its music information, and how you can get the most from the detailed information we offer each week.

Let's begin with the BACK PAGE. The Top 30 Chart on the Back Page is an exact reflection of the current week's most played records on our reporting Top 40 stations. These reports are taken by phone only every Monday and Tuesday. The chart is a compilation of all this data. The radio stations reporting to us use many different areas of research to get their individual chart numbers, so therefore our chart reflects a combination of airplay, sales, requests and other supportive station research.

BREAKERS: are the most active and most played of the newer records. These are calculated by the number of stations on the record and the showing of significant chart jumps, and/or the fact that a record has many major market additions to playlists on a certain week. A Breaker, in most cases, has not yet charted, but there are exceptions.

NEW & ACTIVE: are those newer records, slightly less played than the Breakers. These records are getting substantial airplay from our reporters and are in a growth period. Occasionally you may find a record here that, because of its high numbers on major market stations, gets on the Top 30. When this happens it means the record has not yet spread and you should check the Parallels for details. If you were to extend the numbering system beyond our 30 chart, under normal circumstances, the top Breaker would be number 31 (unless it has already charted higher), the next 32, and down the Back Page through the New & Active and into Others Getting Significant Action. The records in the "Others Getting" section are those that have beginning airplay at some of our key reporters and in some cases have already experienced chart movement.

MOVES: The moves we report in our quick glance summary of a record are meant to reflect the overall picture of what's going on. This will explain why you may see small jumps listed or even midchart stalls listed. This tells you that it is getting this kind of action at other stations not listed in the summary.

Garland To WRKO

Les Garland, Program Director of CKLW/Detroit for the past year and a half, has resigned to accept the position of Program Director of WRKO/Boston. Garland told R&R "The past year and a half with CKLW has been the most enjoyable days of my career. I will miss General

Manager Herb McCord and all the others affiliated with the station. But I look forward to my new position and challenges in Boston with a fine radio station, WRKO." Garland will make the move to Boston January 1.

Bennett Exits WNOE

Eric Anderson, VP/IGM of WNOE AM & FM/New Orleans announced Tuesday (7) that Buzz Bennett has left the programming position he held at the station. Anderson told R&R: "Buzz and I had an agreement back in September, when E. Alvin Davis left, that he would program the station through the book. The book is over and so is our agreement." Kevin Metheny is the acting PD of WNOE-AM, Bobby Reno remains PD of WNOE-FM. Bennett has not yet announced his future plans.

Charlie Tuna Resigns As KIIS Program Director

The rumor in last week's R&R 'Street Talk' column came true this Tuesday (7) when Charlie Tuna resigned as the Program Director of KIIS AM&FM/Los Angeles. Tuna told R&R: "After two years of doing programming and getting up at 4:30

commented "Charlie has done a fantastic job of getting us off the ground in the right direction. I had discussed with him at the outset that if it did become too much we would consider the alternatives. We have now done that and I'm looking for a new Program Director."

to do the morning show too, I feel I've got to take a second look at my life. I want to enjoy life and my family. You can't do it when you work 14 to 16 hours a day. I also found it difficult to be a good PD and a strong morning man, the strain was too much. I have chosen what I enjoy the most, and that is being an air personality. I want to thank Combined Communications for the many opportunities they've given me, they are truly a great company, I'll be with them a long time." Tuna will remain on the air, doing the morning show at KIIS.

KIIS General Manager, Ed Boyd, was also contacted by R&R and

Bibby Named New MCA VP/Marketing

MCA Records President Mike Maitland made two major announcements this week. The first was that

Rick Frio has departed MCA as VP/Marketing. The second was the appointment of Richard Bibby to the post that was vacated by Frio. Bibby has been in charge of MCA's Canadian record division for the past five years.

It's now official, Bhaskar Menon, Chairman of Capitol Records, Inc., announced that Carole King has left Ode Records and has joined Capitol with an exclusive long term, world wide recording contract.

"Speaking for the entire staff of Capitol Records, in addition to the

KPOL FM Goes AOR

Capitol Cities' KPOL-FM/Los Angeles has announced plans to drop its beautiful music format in favor of a soft AOR approach. Sister station, KPOL-AM, will remain with the background format. Wonder — What He's Doing Tonight

While visiting Philadelphia recently, Stevie Wonder stopped by WCAU-FM and went on the air unannounced to surprise WCAU's audience. Shown at the scene of the broadcast are, behind Stevie left to right: Roy Perry, Music Director; Jim Keating, GM, and R.J. Laurence.

Hamilton, Joe Frank & Who?

The "Bill" and "Richard" shown here with Playboy artists Hamilton, Joe Frank & Dennison are not members of the group. They are air personalities at KTAM/Bryan, Texas. The station gave away 100 copies of the group's new album during a week-long contest.

CURRENT PROMOTIONS

KAKC/Tulsa's Ken Curtis reports on a timely promotion the station ran in conjunction with the recent resignation of the University of Tulsa's head football coach. Ken asked his listeners to nominate and vote for their choice for the coach's replacement. After a heated battle, "Charlie's Angel" Farah Fawcett-Majors won the contest. Three days later, Curtis managed to hold an on-air interview with her. According to Ken, Farah plans to use the "shotgun offensive" more often in her "coaching," and told the station that she was thrilled at their nomination.

This Saturday, (11th) WROR/Boston will feature a special six hour documentary featuring Dick Clark, entitled "Rock, Roll and Remember." Music authority Clark will be spinning his favorite records and making candid observations about the stars who've made the music.

Sonny & Cher will also be featured in KHJ/Los Angeles' Christmas Cavalcade of Stars benefit concert this month. This performance marks the first on-stage appearance by the duo in over three years.

Y100/Miami ties in with a local TV station for the biggest charity concert in Florida history this Christmas. All proceeds from the concert will go to the Miami Police Benevolent Association's Children's Fund. Miami-based stars KC & The Sunshine Band will headline the function, which also features Starbuck and TK Records' Billion Dollar Band. Y100 will bus underprivileged children to the concert, and will also sell KC Concert Shirts to help raise the donation total. Y100 has also announced that they will participate in the annual Orange Bowl parade in Miami this year. Y100's float will feature KC & The Sunshine Band playing live during the parade.

KTAM/Bryan, Texas has begun their "Christmas Wish" promotion, giving listeners a chance to grant special Christmas wishes for friends or relatives. Callers dial a special "Gift" number and suggest gifts to be given to others. Sponsors then donate the gifts to the station and grant the listener's request.

WORC/Worcester's Thanksgiving give-away invited listeners to bring home a "Buzzard" for their Thanksgiving dinner. What listeners actually won were copies of Dr. Buzzard's Original Savannah Band LPs.

Rear End Special

Lately, KINT/EI Paso has been asking listeners to "Stick Our KINT Bumperstickers On Your Rear." One couple took this request so seriously that they decided to be married with the station's stickers stuck on their respective rears.

Alice In Lionland

CKLW PD Les Garland sent us this picture of the scoreboard at a recent Detroit Lions game that he and Alice Cooper attended while Alice was in town for a show on CKLW.

WAAY/Huntsville is doing a spin-off on the Hi-Lo game for their "Christmas Cash" contest. The WAAY bank account has a specific amount of cash for listeners. Callers have to guess the exact dollar amount to win it.

KAYC/Beaumont is offering a "White Christmas" to one contest winner. The station will hire a snow-

Dennis Waters, PD of 13Q/Pittsburgh is resigning to take over programming WRVR, a jazz formatted station in New York City. Ray Zoller who has been doing nights at the station will take over the programming duties.

CKLW is now looking for a new Program Director since Les Garland is going to Bean Town. I would imagine anyone interested in the gig should contact the station's General Manager, Herb McCord who I understand is great to work for.

Best wishes to 99X General Manager Erica Farber who is in the Hotel Dieu Hospital in New Orleans recovering from an appendectomy. Story is that Erica was having dinner with Paul Drew, Artie Mogull, and Jeff Wald when she was stricken.

I flew into Las Vegas last weekend to see Elvis and let me tell you that he not only looks a hundred per cent better than when I last saw him but I thought his show as electrifying. Also seeing Elvis that same night were Engelbert Humperdinck, Roy Orbison, Elvis' dad and his daughter Lisa.

Street talk is that there will be some major record company shake ups on the West Coast after the first of the year.

The 900-plus student body of the winning school won with over 300,000 spirit votes, which were available in cartons and bottles of soft drinks. In all over 1 million votes were turned in by area students. All paper votes were given to a local charity for recycling.

that have received or are currently receiving substantial Top 40 airplay. The best way to use the information supplied in the Hot Tracks section is to use them during your record evaluation period. For example, if you are considering adding the new single by Chicago, you may want to check the Hot Tracks to see if that newly released single was formerly a top played album cut on AOR radio. This adds to your available

research, especially if an AOR station is a strong rated competitor in your market. If the song was not one of the top played cuts, then you must evaluate its familiarity level as such. Another way to use the Hot Tracks is if you are looking to expand your playlist and you consider one or more of the top selling albums in your market, the Hot Tracks will assist you in finding the most played and audience accepted cuts on AOR radio. The judgement to play them or not still remains with you, we have simply provided

extra research data for you.

PARALLELS: A record must be on the Back Page Top 30 or be a Breaker to have a Parallel. The Parallel shows the entire picture of the record's activity each week. This complete breakout allows you to check individual stations or glance at the whole picture of a record. You can also read a life cycle into it by checking peak numbers week to week on the earliest stations to play the records.

HOTTEST: Found on the Added

This Week page, these are the records that show the biggest chart jumps at the most stations in any given week. This information is tabulated directly from the data on the page where it is found.

MOST ADDED: Another tabulation of data, these are the most added records on Top 40 stations in any given week. R&R gives no point value for additions to a playlist, and therefore even though a record may be added at a great many stations, it will not move into a chart position until it actually moves on radio station charts. We do not predict, we reflect weekly information.

GRAPHS: These are found in the Country and Pop/Adult sections. Because of the varied research methods being used in these formats, and the fact that stations vary in their approaches to charts and numerical listings more so than in Top 40, we attempt to interrogate our reporters for as much other research data as is possible to obtain. These graphs, therefore, reflect the combination of station charts, station requests, and outside research. The Graphs give an immediate visual

impression of a record's progress. Radio & Records is the only trade publication that backs up its chart numbering system with complete reporting information. If you had the time, you could take each Parallel, and using the inversion tabulation system, duplicate our Back Page 30 chart. The same goes for counting up the adds and hits each week. We have no picks, no guess work, just factual information. The bullets on all charts in R&R designate that a record is moving up substantially at the majority of the reporting stations that week only. This policy accounts for a record moving down or standing still one week and still having a bullet. When this occurs it simply means that on that particular week the records ahead of it experienced more activity. You should always check the Parallels for the complete picture. Numbers and bullets are not now nor have they ever been the answer. The programmer that demands more input, gives more to his station. We are proud that we can make the statement that R&R supplies more detailed music information than any other trade publication in our industry.

WBJW/Orlando drew nearly 30,000 people to their "Auto World" car show. In a contest tie-in with the event, listeners were invited to come up with a name for WBJW's \$23,000 custom van. The listener with the best name won a prize package valued at \$7500, containing albums, CB radio, his and hers wardrobes and much more.

Rochester air personalities participated in a custom auto show recently, racing against each other in a 50 lap slot car race. WBBF's Tom Nash placed first in the competition and \$100 which was donated to a local retarded children's center.

Special "KING International Auto Show" T-shirts were given away by KING/Seattle in support of an auto show at the city's Kingdome. The station gave away a shirt for every record played for an entire day.

BUSINESS NEWS

Arbitron Radio Expands Overnights

Arbitron Radio's overnight telephone measurement service is now available in all markets. Previously, overnight radio surveys were only available in those markets not surveyed on a regular basis. Arbitron Radio VP and GM Larry Manuel stated that there is one restriction to their new policy; overnight surveys will not be conducted in syndicated metro during survey periods for the Arbitron Radio Market Report service. These special surveys can be applied to almost any time period, over any number of days, and can be designed to survey an entire county or a specific segment of the market.

Carter Pressed For Black FCC Member

The Black Media Coalition will ask President-elect Jimmy Carter to appoint another Black to join the Federal Communications Commission. The Coalition will make the plea to Carter after Benjamin Hooks resigns the Commission to join the NAACP. Hooks is the only Black to ever be named to an FCC post.

NAB On Hypnotists & Rolling Papers

The National Association of Broadcasters code board has ruled on a number of items pertaining to radio spots. The board said that persons who are not medically qualified to perform hypnosis cannot buy time on code subscribing stations to drum up business from consumers who want to quit smoking or lose weight. The board also again stated that ads for cigarette papers were still banned, re-affirmed their policy of 18 commercial minutes per hour, and announced that the NAB code staff would draft guidelines for comparative claim commercials.

CBS Radio Adds Drama Feature

February 5th is the kickoff date for CBS Radio's new "General Mills Radio Adventure Theatre," a new series that is a part of the CBS Radio Drama Network. Aired on both Saturday and Sunday nights, the series is aimed at producing a "theatre of the mind" for young people.

Haley & Comets Forfeit To Former Manager

A Superior Court Commissioner has signed a default judgement against Bill Haley & The Comets, asking the group to forfeit \$240,000 to Sandra Shekell Hart, their former manager. Ms. Hart told the Court that she had negotiated several contracts for the group since signing a management agreement with them in 1973, and that Haley, who now lives in Mexico, had re-negotiated the agreements without paying her commission.

SRDS To Initiate Surcharge

Standard Rate & Data Services will add an extra surcharge to their renewing subscribers' bills, due to a U.S. Postal Service decision to revoke SRDS' second class mail permits. The company will now have to use controlled circulation and first class mail for their services, adding an extra \$130,000 to their costs. The Publishing Director for SRDS said that they will appeal the Postal Service's decision in federal court. Surcharges on subscribers' bills will be anywhere from 64 cents to \$1.80. Postal Service rules state that only publications that are considered newspapers and magazines are eligible for the second class rates.

FTC Spies On CB Sales

The FCC's approval of 40 channel CB units has sent Citizen's Band makers scrambling to get rid of their 23 channel sets. The Federal Trade Commission has told all CB marketers that they will keep a close eye on ads and promotions for the 23 channel sets in an effort to keep commercials from misleading the consumer. The FTC said that no complaints had been filed as yet, but some buyers were unaware that their 23 channel CB's could not be adapted to take on the full 40 channels. The Commission will monitor all ads by importers, distributors and retailers.

Supreme Court Sides With CBS

The U.S. Supreme Court has turned down an appeal by the Record Club of America to revive an anti-trust suit against Columbia Broadcasting System. The Record Club first filed the suits against CBS in 1968, with similar suits filed in numerous federal courts. All the courts threw out the action after they ruled that the Club had not supplied CBS with pretrial information that they had requested. RCOA started bankruptcy proceedings in 1974.

Combined To Buy Cleveland Outlet

An agreement in principle has been reached between Combined Communications Corp. and Ohio Communications Inc. in which Combined would purchase WWWE/Cleveland for \$7.5 million cash. The agreement is contingent on approval by CCC's board and lenders, and the FCC.

FCC Stalls Public Access To Financial Reports

Annual financial reports filed by broadcasters (form 324) will be less accessible to the public under new guidelines the FCC has set up. The forms will now be available to FCC staff members who have an official need to look at them, and to members of the public only when they have specific permission from station managers on the station's letterhead. The FCC's public notice on the change in ruling stated that the new rules had nothing to do with a September request by a Washington D.C. law firm that information from the forms be made readily available to the public.

Croce Masters To Cashwest

The New York Supreme Court has granted an injunction against ABC Records, stopping the company from manufacturing material by Jim Croce, and ordering them to return all licensed masters to Cashwest/Lifesong Records. Cashwest currently has a \$9 million breach of contract suit against the parent ABC and its record division, asking for \$4 million in compensatory damages and \$5 million punitive damages. Lifesong will release a repackaged Croce album, "Time In The Bottle: Jim Croce's Greatest Love Songs" in the near future.

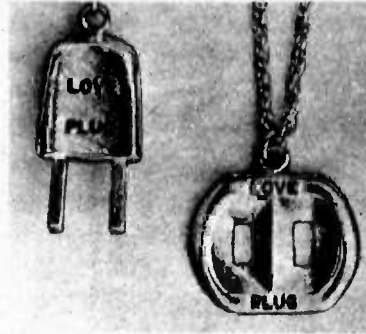

Interpublic Group Subsid Buys Frank Agency

Campbell-Ewald Worldwide, a subsidiary of the huge Interpublic Group of Companies, has agreed to purchase the advertising assets of Clinton E. Frank Inc. for \$1.8 million cash. Frank will retain their name and become a subsidiary of Campbell. Campbell-Ewald's billing will increase by 14 percent with the acquisition of Frank's \$40 million business. Interpublic plans to build the expanded Campbell company into a multi-national agency, similar to McCann-Erickson, which is also a subsid of Interpublic.

Barkays "Bump" Off WHBQ

When your record is hot, sometimes you'll stop at nothing to get that extra bit of airplay. Here the Bar-Kays literally kidnap Judy Smithart (second from left), Music Director of WHBQ in Memphis, and John Long (fourth from left), Program Director of the station, and held them for "ransom" until they agreed to play the current Bar-Kays record, "Shake Your Rump To The Funk." The Bar-Kays, with assistance from Joanie Lawrence, Local Promotion Manager for Phonogram, Inc./Mercury Records, kidnapped the two from the station, and led them blindfolded and handcuffed to a local restaurant. After nearly three hours, Judy Smithart and John Long were "released" by the Bar-Kays.

Cummings/Bachman Comeback

Portrait Records' recording artist Burton Cummings hit a high point on his cross-country Canadian tour in Vancouver when fellow Guess Who alumnus Randy Bachman paid a visit backstage to congratulate him on that evening's performance. Having parted ways less than amicably amidst intense media coverage, Burton and Randy found the reunion particularly sweet after six and a half years. The meeting came about after Randy called Burton to relay how much he enjoyed Cummings' rendition of his BTO smash "You Ain't Seen Nothin' Yet" on Burton's debut Portrait album, "Burton Cummings." Burton in turn dedicated a Guess Who medley, five songs he co-wrote with Randy, to Bachman from the stage and capped the set with his current single "Stand Tall." The occasion was so warm that at a party following the concert, Bachman offered to write again with Burton and to play on his next album. Pictured (L) Randy Bachman; and Burton Cummings.

Isn't science great? Now you can cook indoors with charcoal and outdoors with gas.

SCIENCE ALSO GOT MAN ON THE MOON, BUT CAN'T GET PIGEONS OFF THE BUILDING.

Never eat anything bigger than your head.

Wipe The Windows, Check The Oil, Dollar Gas.

As procreators of what was later to be termed "Southern Music," The Allman Brothers Band achieved legendary status through years of hard road work in the gladiatorial arena of today's concert halls where they always gave the fans their money's worth. *Wipe The Windows, Check The Oil, Dollar Gas* is a 2-lp collection of previously unreleased live recordings that continues the group's tradition of delivering the rock and roll goods. Recorded over a three-year period, the album features historic performances from New Year's Eve, 1972, at the

Warehouse in New Orleans, the mammoth Summer Jam concert at Watkins Glen, New York, in 1973, Winterland in San Francisco 1973, and the band's four-month tour of 1975.

"Caught on that one special night in twenty, The Allman Brothers Band could always go beyond simple brilliance, and create the rarest of magical moments on stage. The fact that some of those moments were caught on tape is as reassuring as it is exciting. There could be no better document to one of the greatest bands ever."
Cameron Crowe — "Rolling Stone"

"A moment in musical history... electrifying!! The classic live cut "Jessica" should be mandatory night programming on any rock radio stations."

—Kal Rudman

"The Allman Brothers Band displays a kind of musical prowess that is so far ahead of most rock bands that you'd think the other groups would want to unplug their amplifiers in shame."

Robert Hilburn — "Los Angeles Times"

A FINAL NOTE: Since this is my last column of the year, next week's issue will feature the year-in-review column. I need to make a couple of announcements. First, since our last 1976 music research information will be provided in the December 17 issue, no more Country reports will be needed until Wednesday December 29. Please mark that date on your calendars. Announcement two: December 16 I will be checking into a hospital for a gall bladder operation. According to my doctor a three to five week rest period is necessary after the five days in the hospital. I should be back in the office by the middle of January. Until that time, my assistant Nancy Hoff will be in charge of acquiring the weekly music information. I will continue to oversee the Country section from my home, and will be writing this column each week. Please continue to provide Nancy with all of your station news, promotions, changes as usual. Thank you for your cooperation. Some of the new station reporters we were going to add, plus some of the changes for the Country section we had planned for the new year, will be delayed for a few weeks. Thank you to all of our reporting stations for your help in the past year. To the many non-reporters thank you for your continued support and contributions of news and ideas. My special thanks to the Country music recording industry for the many thoughts and help in making R&R "The Industry's Newspaper!" My best wishes for a happy holiday season and a successful new year for all!

Country station KKC/San Bernardino recently sponsored an "Eat With Us" contest. Listeners were invited to send in letters telling why they would like to have DJ Dick Alan and News Director Bob Harvey broadcast live from their kitchen on Thanksgiving Day. The Harry Violette family won and were entitled to charge all their turkey day provisions to KKC. The one drawback was the family had to cope with broadcast equipment cluttering their kitchen on Thanksgiving morning. A TV crew from Los Angeles station KNBC was also on the scene along with the mayor of Rialto and the Madrigal Choir from the Eisenhower High School. Pictured (in the foreground) is Dick Alan. Newsman Bob Harvey is shown seated toward the back of the photo.

Mercury Record artist LaWanda Lindsey was one of the featured performers at the recent KXRB/Sioux Falls Country Fair which was recently held in conjunction with the Western Mall Shopping Center. Over 5,000 people were in attendance for the yearly free show. Pictured above is Len Anthony, PD; Roger Loftness, all night DJ; LaWanda; and Kurt Andrews, MD.

On a recent concert tour to Seattle, Elektra Record's singer-composer Eddie Rabbitt stopped by the KMPS studios for an on-air interview with 7 to midnight personality Mike O'Connor. Pictured (L to R) Dave Chance, Elektra Records; Rabbitt; and O'Connor presenting Eddie with a KMPS Brass Belt Buckle.

Dorothy Benham, the current Miss America recently paid a visit to radio station WIL in St. Louis. Pictured with Dorothy are Bill Coffey, WIL morning personality (L) and Tom Jones, Program Supervisor (R).

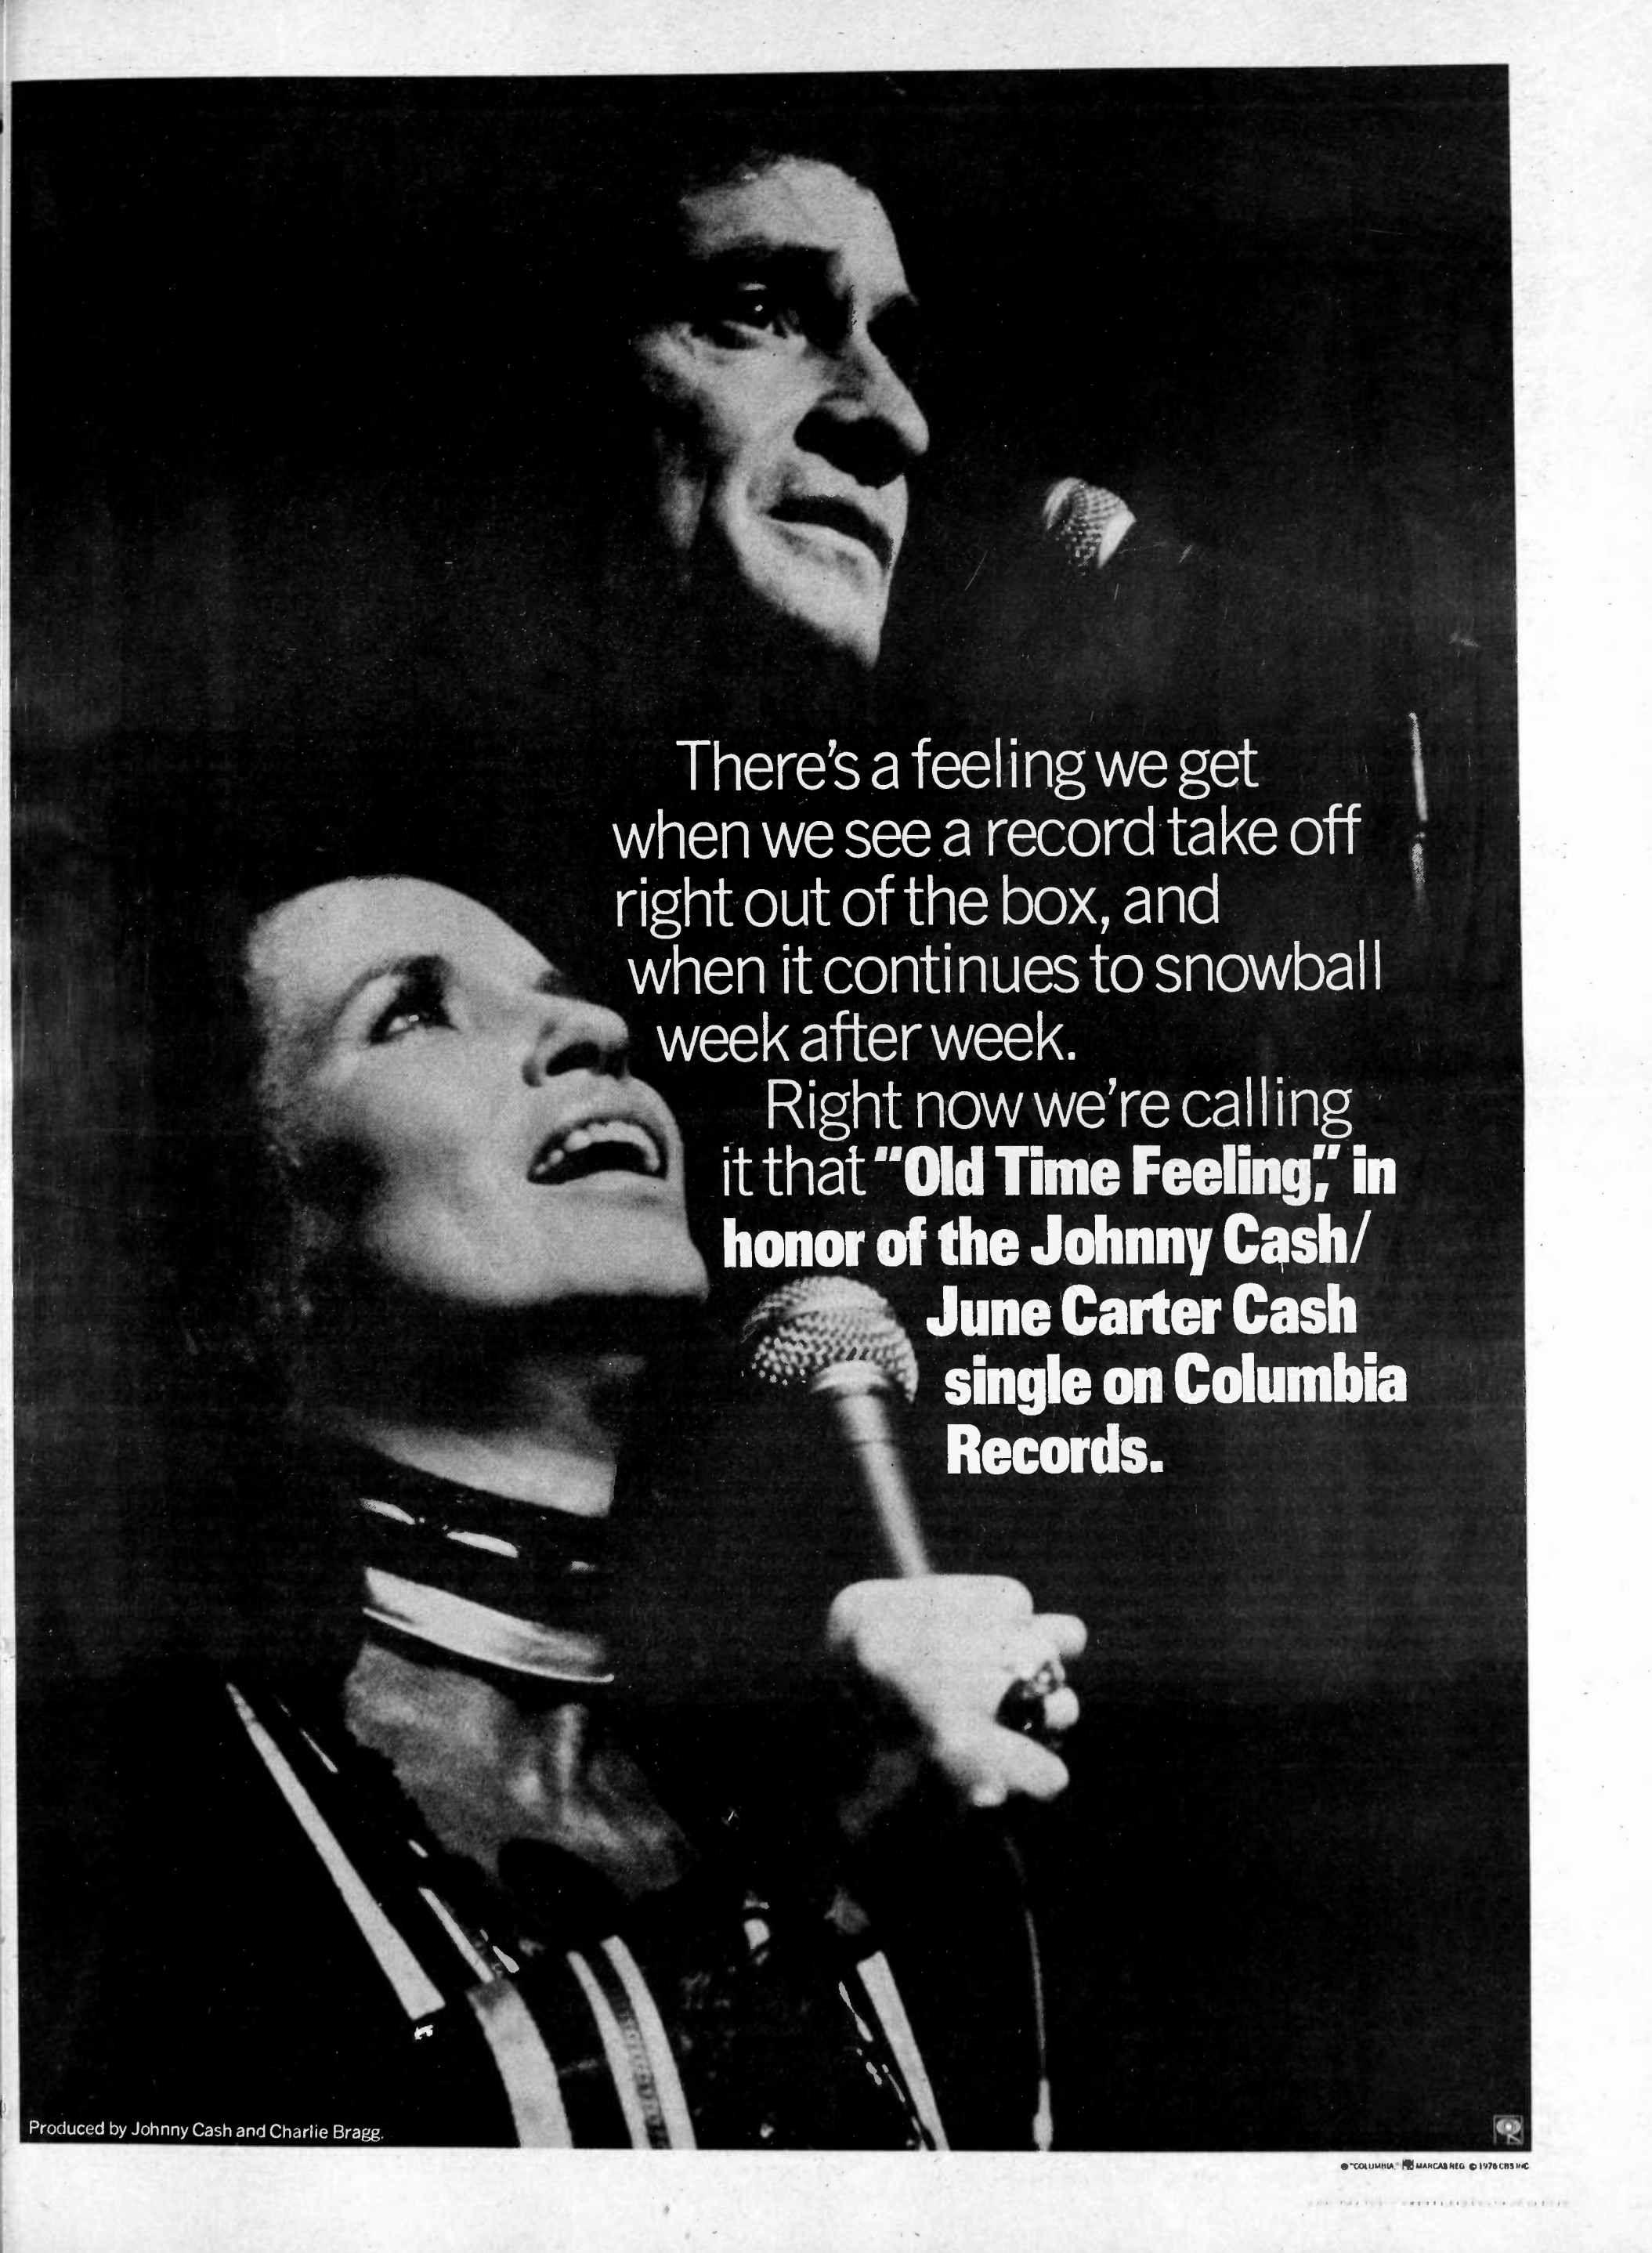

Who is this man?...Why is he dressed this way?...Does he always stand and smile this way when appearing in national trade publications?... And...Who is that lady smiling under his arm pit?... (The answer to most of these questions on the next page).

Biff Collie INSIDE NASHVILLE

DEAR SANTA: Who's marrying his girl vocalist?...Who has a top ten Country hit, started out as a member of his family Gospel group? EDDIE RABBITT just one more hit from that "Rocky Mountain Music" album, as a wedding gift (he's only had three so far)...If CONWAY TWITTY and new Hall of Famer KITTY WELLS were married, her name would be "KITTY TWITTY"...Four Star music's JOE JOHNSON rearranging his projections for 1977. His Four Star building and media complex was sold at auction here last week for \$1.6 million...KKYX's BILL RHODE, now managing the station, stood his old faithful guitar in the corner of his office with a sign: "For sale, cheap"...WALLY CHOCHRAN left the world wide distribution complex to "do his own thing." He'll be Executive Producer of a TV special for AMANA next spring which will be produced by "Hee Haw's" SAM LUVULLO... GARY S. PAXTON continues to expand his base of operations to include an awful lot of Gospel music. He won the Dove Award for writing the songs and co-producing with BOB MacKENZIE the IMPERIALS' "No Charge" LP for 1976...MARTY ROBBINS' wife MARIZONA was guest speaker at a Music City Prayer-Share Luncheon Wednesday...Ask RONNIE SESSIONS about the closing by the L.A.P.D. of an all-night roar where people he knew checked into a "room" at the West Hollywood station...CONNIE CATO's second marriage, they say, will settle the fiery smooth-singing blonde bomber down...Ask booker-publisher COL. BUSTER DOSS about "COOTER BROWN"...KVET's JERRY GREEN demo'd four of his smooth songs with BILL WALKER as did JEFF "THE SULTAN" RAYMOND, whose "Hillbilly In The White House" got national press coverage after Carter was elected...Ask PORTER WAGONER about the coincidence of his current record song title with the vocal group he uses THE LEA JANE SINGERS. **DATLINE:** MAE AXTON went to Hollywood to watch son HOYT sign his new fat MCA record contract. It's really time this guy should become a super record seller, after "new ground" he's plowed through the years. 1977 could be his biggest year as a record artist...One of our bearded stars is deep into a pioneering project which is really exciting. It involves a musical score, a legitimate play, a rock superstar, and a biography of one of BILLY GRAHAM's idols. Really something...Remember that guy who used to be a janitor at Nashville's Columbia studios? His latest movie is with BARBRA STREISAND...DOLLY shot some more segments of her TV show, on the Q.T. she wasn't supposed to work till after the new year. Her new booking office is MONTEREY PENINSULA ARTISTS, in Carmel, Calif.

There's a feeling we get
when we see a record take off
right out of the box, and
when it continues to snowball
week after week.

Right now we're calling
it that **"Old Time Feeling,"** in
honor of the **Johnny Cash/
June Carter Cash**
single on **Columbia
Records.**

DEC. 13: NATIONAL DING-A-LING DAY: "To promote the idea that a Ding-A-Ling is a wonderful, friendly, intelligent, loving, and desirable person...a real Bell-Ringer"...I figure this holiday is being sponsored by either Edith Bunker, my Avon lady, or Chuck Berry!

Mondale should be pleased to hear this: The government is issuing a new postage stamp that lists all the important duties of a Vice-President of the United States!

It's nice to see the two administrations making such a smooth transition. Ford has given Carter classified background data, while Rockefeller has given Mondale his 24-foot ball of twine!

DEC. 15: BILL OF RIGHTS DAY: The first ten amendments to the U.S. Constitution were ratified on this day in 1791...Including the controversial 2nd Amendment, which guarantees every American's right to bear a grudge!

Jimmy Carter has announced his plans for a major economic overhaul. Everyone's wealth will be confiscated—but we'll be reimbursed. Every American citizen is to get 40 acres and a mule!

POP/ADULT NOTES

BY MIKE KASABO

Super hot phone action noted at KIIS here in Los Angeles on a new Warner Bros. single. It's the standard "In The Mood" only this time performed by vocally adept chickens. The group wings it through the Ernie Freeman oldie under the name of Henhouse Five Plus Too. Many programmers that I've talked with seem to feel that the lead clucker sounds suspiciously like Ray Stevens, although his name does not appear on the label. This is understandable since Ray is a great football fan and may have felt it to be a personal fowl. No hate mail, please.

Bing Crosby's seasonal "That's The Way Life Is" on UA got a strong shot this week with an add at WNEW.

Donny & Marie's "Ain't Nothing Like The Real Thing" gets a solid jump at WSAV 26-16. And was just added at WIP, WBAL, KRKK, WGY, WYMC.

Possibly the number one supergroup currently going, in terms of wide-range acceptance by the public, just may be the Eagles. Their latest "New Kid In Town" is just out in the field and should be one of next week's most added.

Country music once again showing its strength with Pop/Adult programmers. "9,999,999 Tears" by Dickey Lee on RCA continues to get super phone and sales action from WSAV, WSM, and KULF. It is still South and Midwest at this point, but action noted is exceptionally strong. Another seasonal item getting its share of attention is Johnny Mathis' "When A Child Is Born."

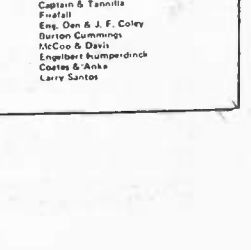

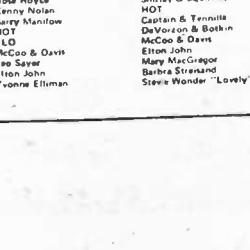

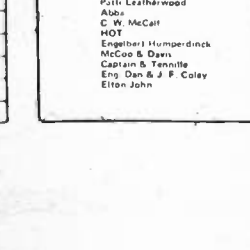

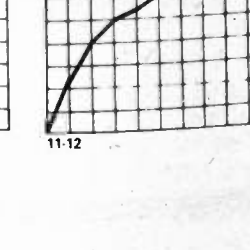

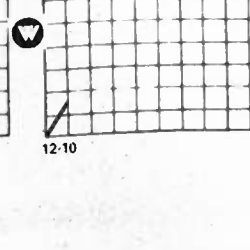

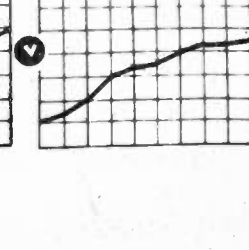

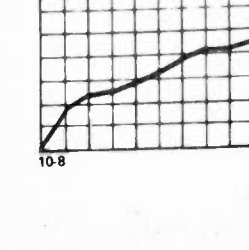

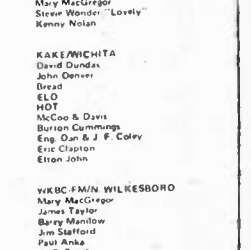

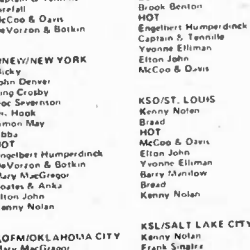

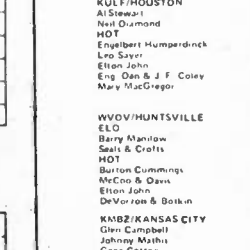

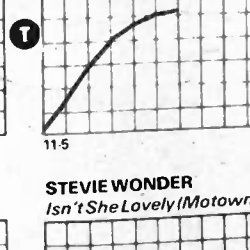

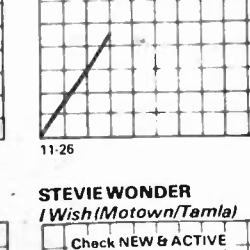

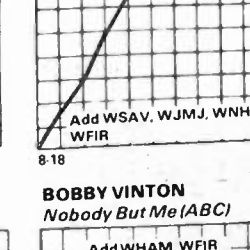

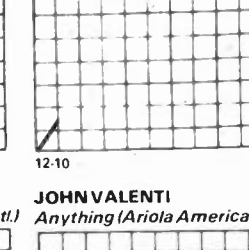

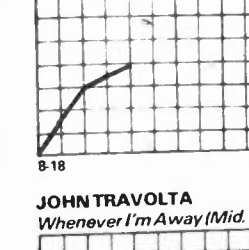

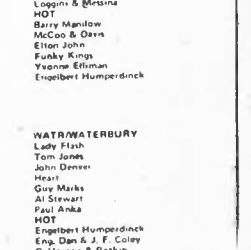

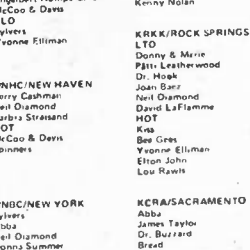

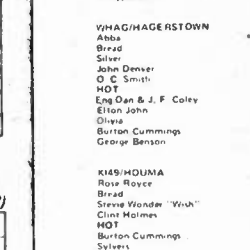

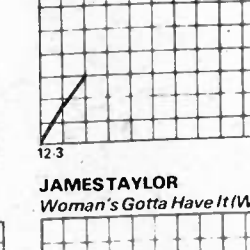

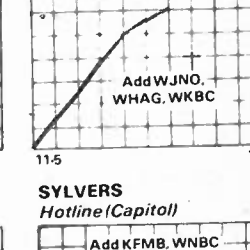

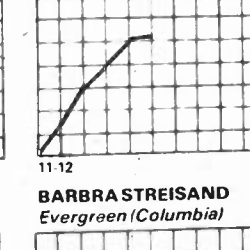

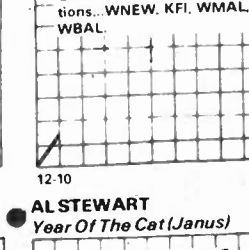

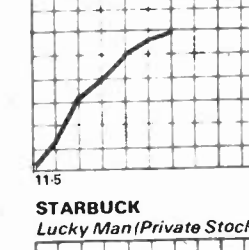

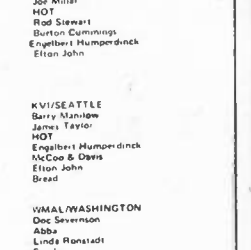

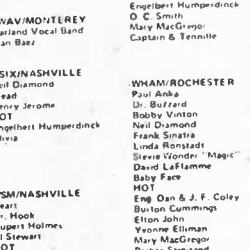

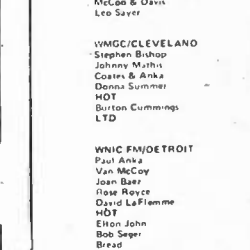

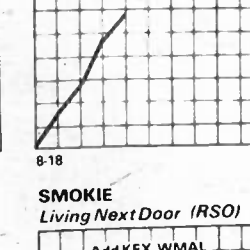

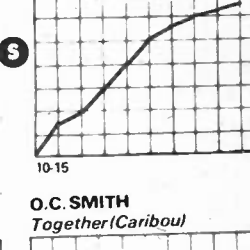

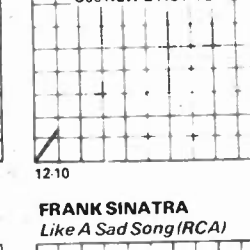

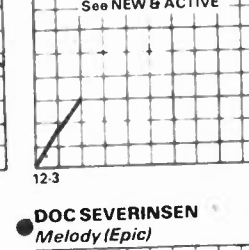

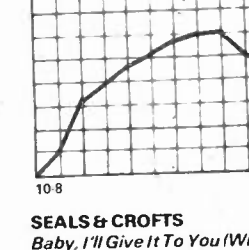

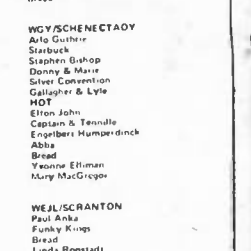

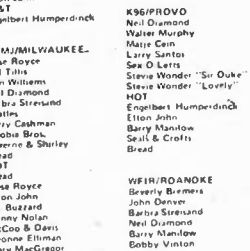

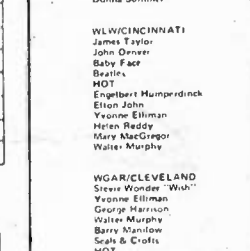

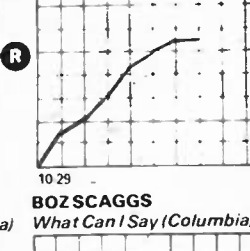

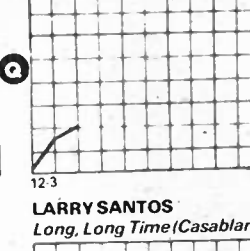

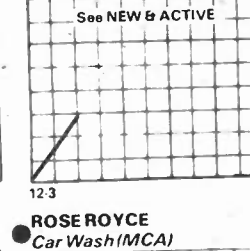

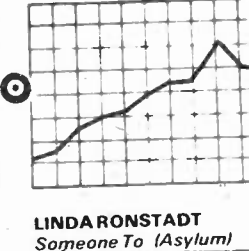

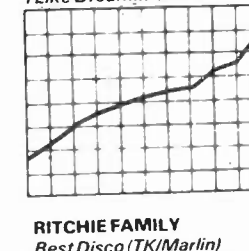

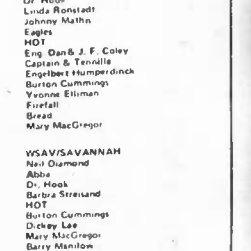

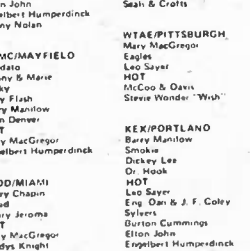

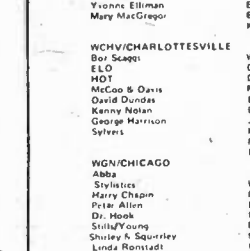

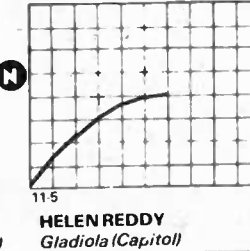

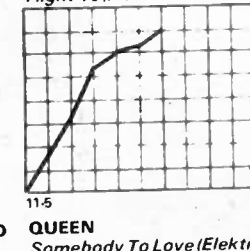

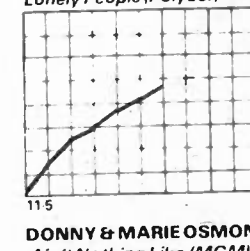

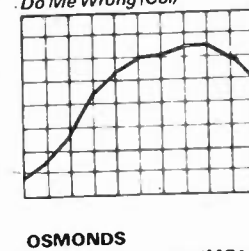

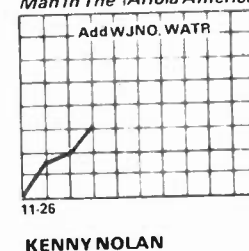

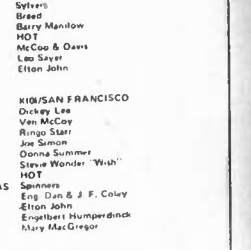

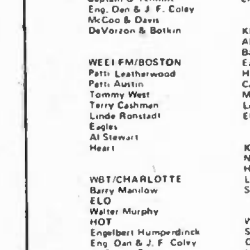

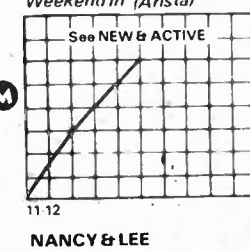

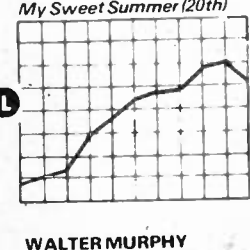

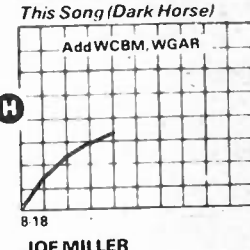

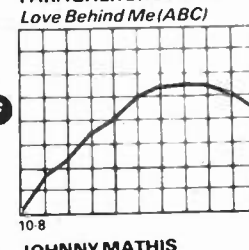

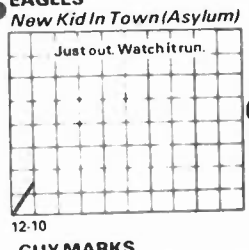

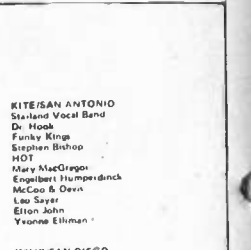

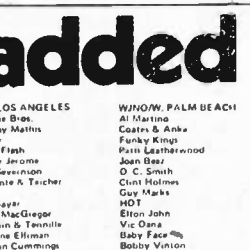

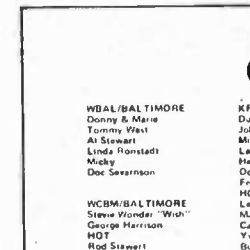

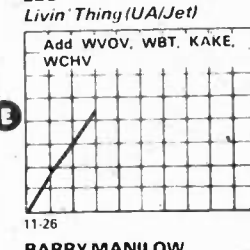

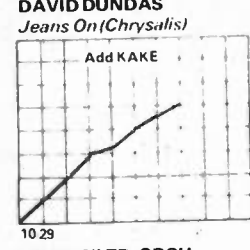

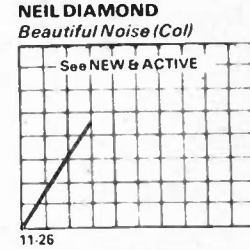

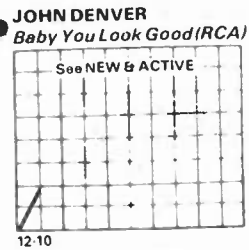

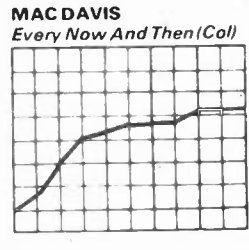

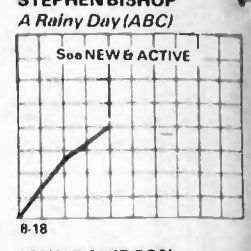

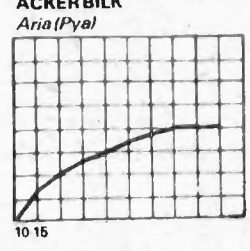

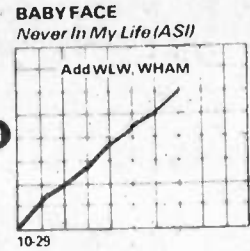

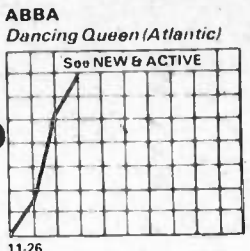

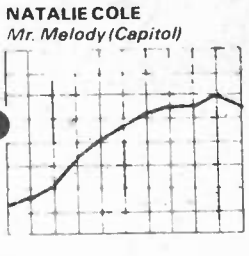

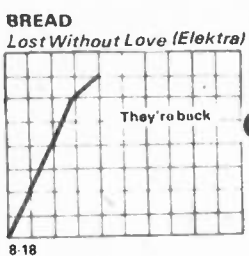

Kenny Nolan's second time around with "I Like Dreamin'" continues to pay off with solid hot reports. Latest to show big action are WNEW, WIP, WATR, WLVA, WHAM, WTMJ, KSD, and WCHV.

Rose Royce's "Car Wash" is already starting to establish itself with Rock stations, and is now getting some P/A airplay...including a hot report from Milwaukee powerhouse WTMJ.

Longtime "Tonight Show" band (or is it orchestra) leader Doc Severinsen appears to be off to his best start ever with his new Epic single "Melody." Four of the country's biggest Pop/Adult stations put it right on...WNEW, WMAL, KFI and WBAL.

There's an old rock 'n roller who'd love to rock 'n roll again.

He keeps lis-t'ning for his voice comin' from the ra-di-o.

He wants a sec-cond chance to ask the world to dance

Will it hap-pen a-gain?
