Pittman Sets New WNBC Line-Up

Bob Pittman, newly-appointed Program Director at WNBC/New York, has readied a completely new air lineup in preparation for the station's unveiling of a new

"contemporary" Top 40 format within the next 6-8 weeks. The entire current air staff will be leaving, according to Pittman, and present Music Director Jeff Mazei

has resigned. The new lineup consists of Allen Bebe, from KMJC/San Diego; Ellie Dylan, late of WMAQ/Chicago; Lee Masters, from WLRS/Louisville; Johnny Dark, WRKO/Boston; Bat Johnson, KCMO/Kansas City; and Jay Stone, from 96KX/Pittsburgh. Exact air shift schedules have not yet been announced, but Pittman told R&R that he was looking for an air personality in the 18-19 age bracket. "I want to give some young broadcaster a break," the 23-year-old Program Director said.

Pittman told R&R: "We have set 18-49 as our target audience, with an interest in teens to some degree. Our main competition will be WABC, but we don't need to 'beat' them to be successful. Our goal is simply to improve our own ratings."

Harold R. Krelstein, Plough Chairman, Dies

Harold R. Krelstein, Chairman of the Board of Plough Broadcasting, died July 28. His career spanned 43 years in radio. It was highlighted by a number of programming innovations and a distinguished record of support and advocacy for the broadcast industry.

Krelstein launched his career in 1934 in Chicago with Harry S. Goodman Radio Productions. He came to WMPS/Memphis in 1939, became Vice President of the station in 1943, and served in that capacity when Plough purchased WMPS the following year.

During his long tenure with Plough, the chain expanded to its current 12 outlets in Atlanta, Baltimore, Boston, Chicago, Memphis, and Tampa/St. Petersburg. Krelstein is credited with pioneering the first full-time major mar-

ket Country format at WJJD/Chicago in 1965.

Krelstein was a former Chairman of the Radio Board of the NAB, and a past RAB Chairman. Most recently he was Chairman of the RAB Marketing Task Force, designed to establish guidelines for an improved broadcast rating service. At the NAB's 1977 convention, he received the organization's Distinguished Services Award, an honor he termed the most valued of his career.

H. Wayne Hudson, President of Plough Broadcasting, said: "With the passing of Harold R. Krelstein, our company and the industry have lost a distinguished leader and a good friend." Craig Scott, Plough Vice President of Programming, noted: "Mr. Krelstein lived his life for radio and he loved the people who were part of it."

Fall Arbitron Four Weeks

Arbitron's October/November radio survey this year will be four weeks in duration for the first time, according to the company. Previously, the Oct/Nov survey periods were only 3 weeks. The Fall Sweep begins on October 20, 1977 and runs through November 16. All other Arbitron radio surveys have run four weeks for sometime.

Whole Lot Of Suin' Goin' On

Jerry Lee Lewis has been sued for \$400,000 in actual and punitive damages by his former bass player, Norm "Butch" Owens, over an accidental shooting incident last year. According to the suit, Lewis was drinking at his Collierville, Tennessee home, and fired a .357 magnum pistol at a soft drink bottle. The bullet ricocheted and hit Owens in the chest. Owens claims he never touched the gun, although Lewis told police at the time that both he and Owens had been playing with it before it accidentally discharged.

In last week's Arbitron Summary for Nashville, the share figures for total persons 12 plus for AOR WKDF was inadvertently reversed. WKDF increased from 6.7 to 9.2.

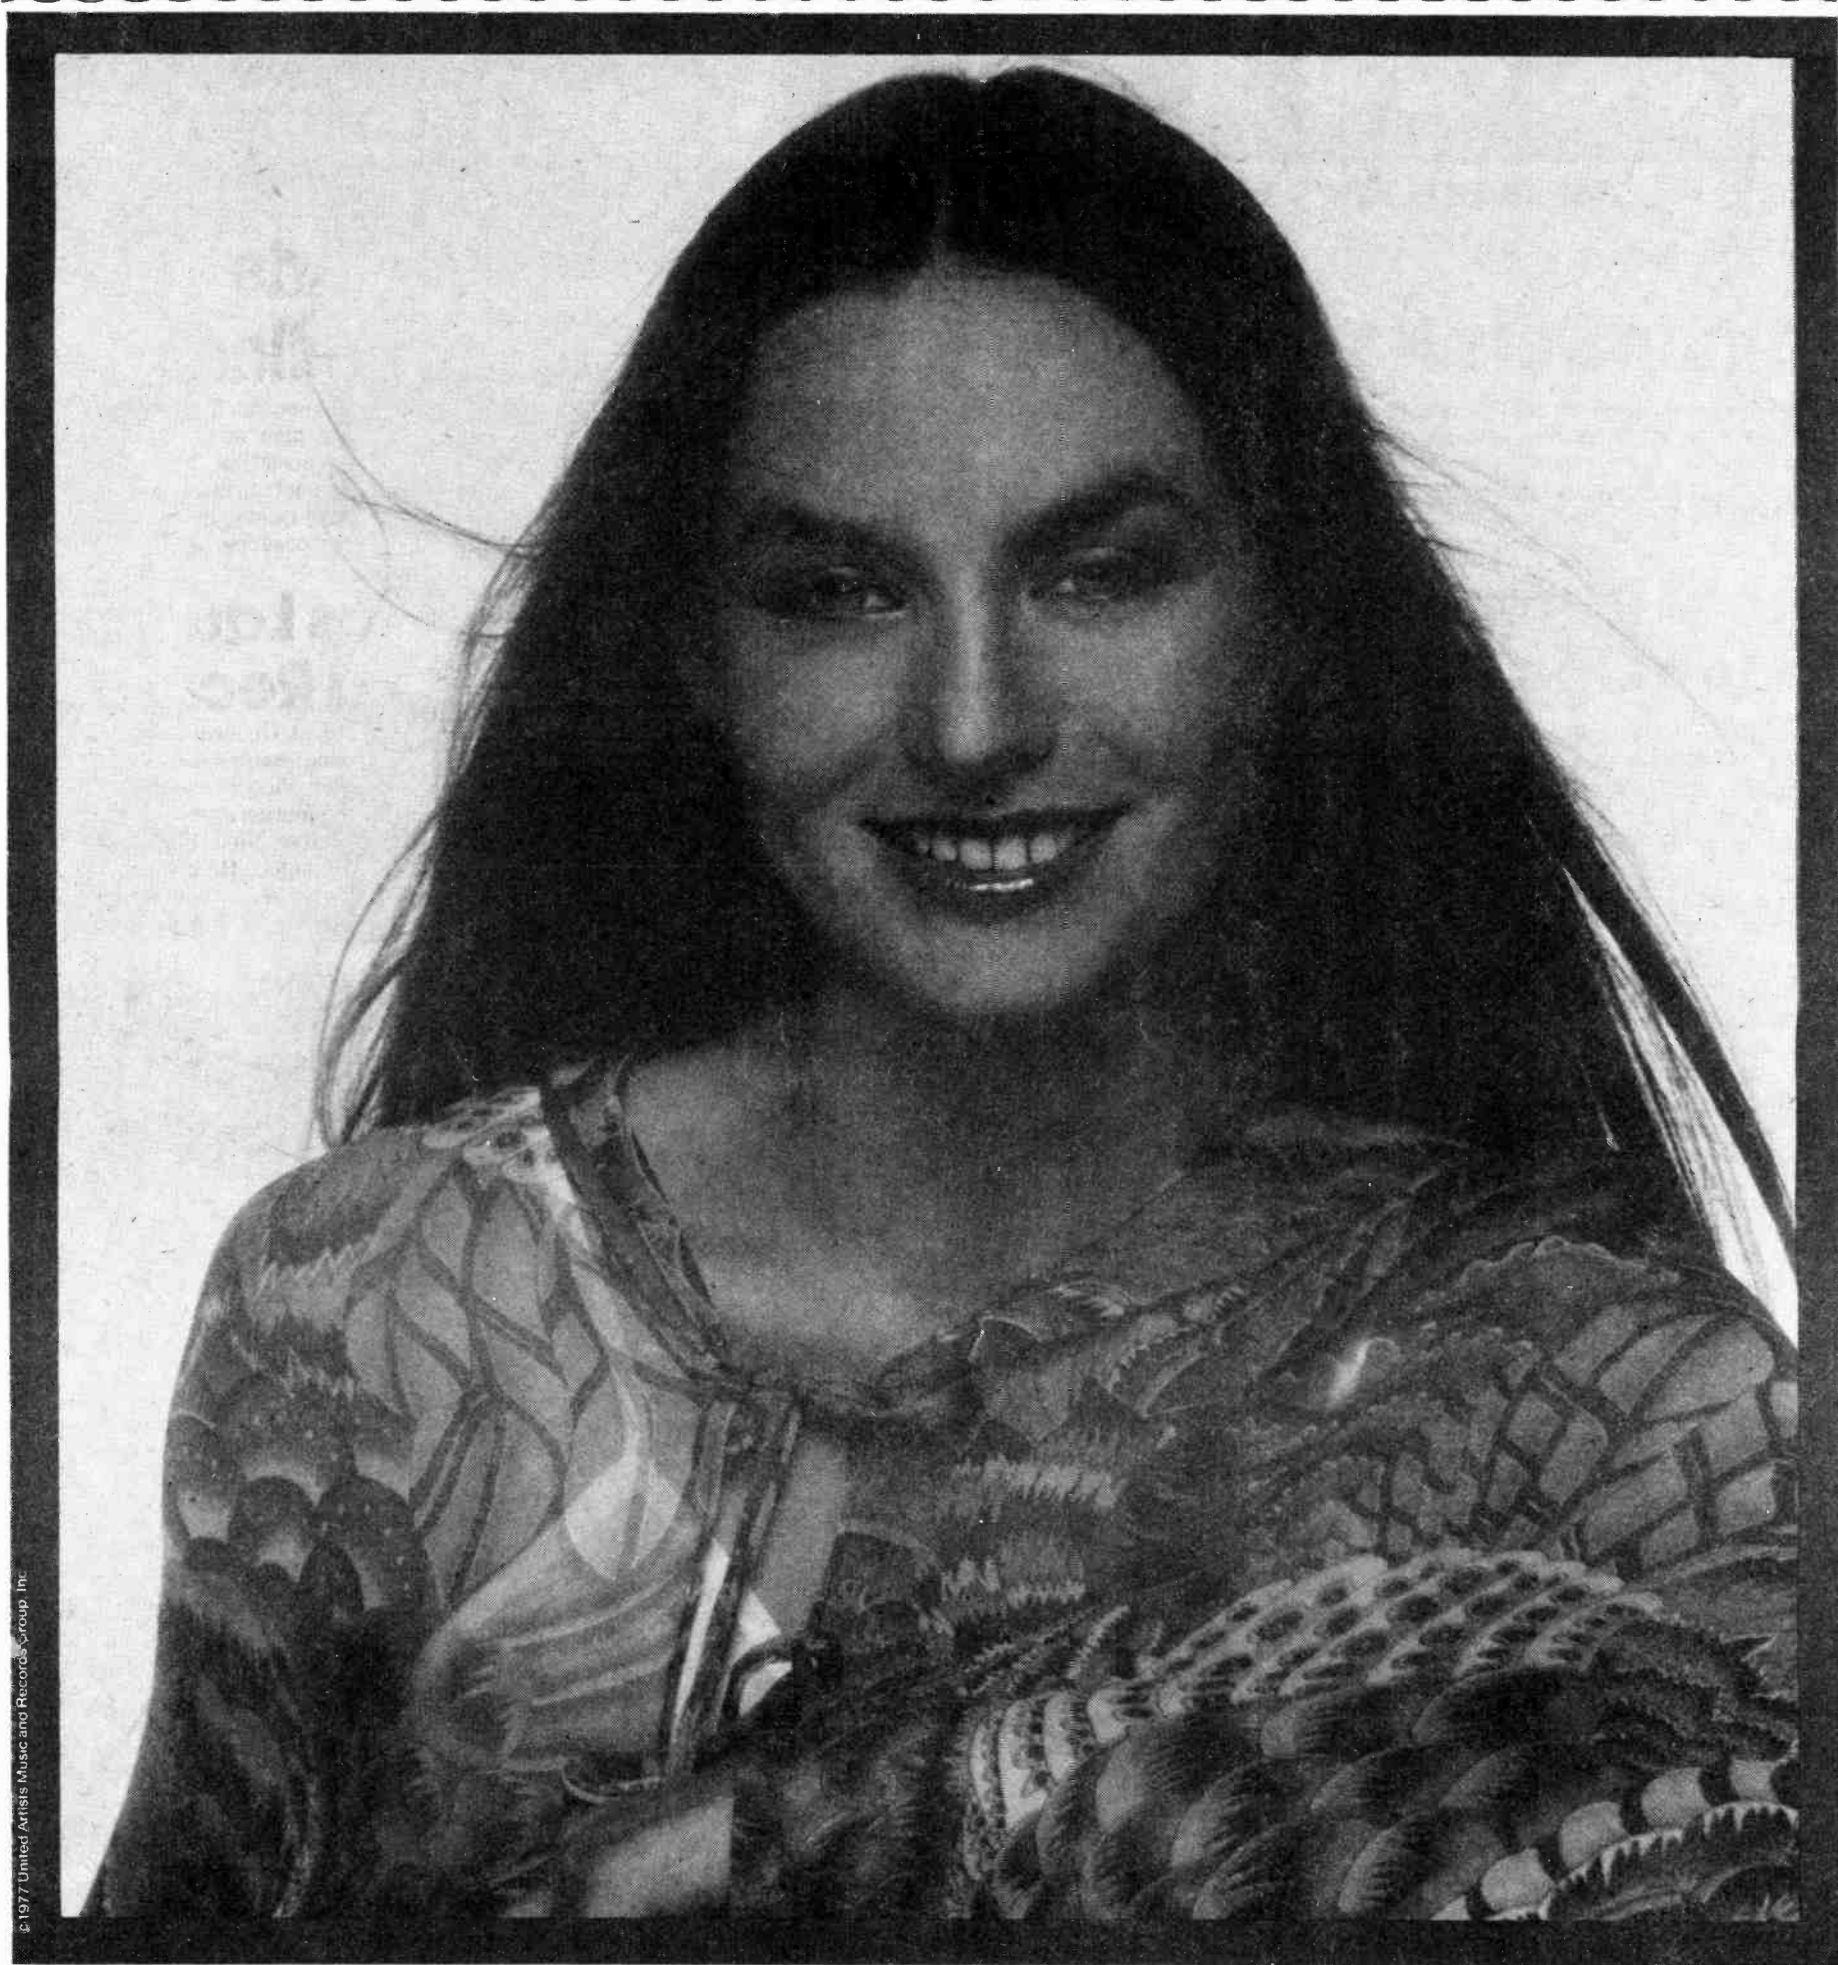

FCC's Hooks Heads NAACP, Blasts News Reporters

(UPI) Benjamin Hooks, former FCC Commissioner, assumed the Presidency of the National Association for the Advancement of Colored People, and opened his tenure with some pointed remarks aimed at the news media. He charged that white news executives were placing less emphasis on the black movement today because "they decided they helped build Martin Luther King and they'll never do that again." Hooks said that the news media considers the NAACP to be "dead or dying," a contention Hooks believes is false but potentially the cause of a "self-fulfilling prophecy."

Robert Plant's Son Dies; Zeppelin Tour In Doubt

Karac Plant, seven-year old son of Led Zeppelin lead vocalist Robert Plant, died July 26 as a result of a severe stomach virus. Plant immediately flew back to his Worcestershire County, England home, and the group has reportedly cancelled three dates of their current tour, with future plans in doubt. The boy was reportedly ill with a stomach virus when suddenly stricken with convulsions. He died in an ambulance en route to the hospital. An autopsy was ordered, the results of which were not available at press time.

LETTERS:

'Raped' by Royalties?

Dear R&R:

I just read your front page story (R&R 7/22/77) concerning the subject of performer's royalties from radio stations and my only comment is: Rape!

As a musician, songwriter, radio programmer and hopefully someday, a station owner, I can't believe that I'm going to have to pay a "client" to run THEIR commercials on my station.

First, the record companies, recording artists and hopefully the federal government here in Washington, will all remember that our listeners are not paying money to HEAR our radio stations—they are the reason we exist, not commercials.

Second, the money that goes to the agents, managers, record companies, recording artists, concert promoters and publishing houses now comes from the artists' ability to "make it" in the free enterprise system. Radio stations do not necessarily make more money by playing more Fleetwood Mac. And, in turn, like a concert promoter in the spirit and letter of the free enterprise system, I would like to be able to make money directly on the success of that performance.

And when I have to shell-out hard cash per-artist for airplay—you better bring me good ratings rock'n'roll stars or I'll ask for an "ARB-rebate." Therefore—I won't take any chances on NEW artists until THEY prove to me I can afford their art.

Third, Mr. Sanford Wolff of AFTRA better take a look into reality. If I hear one more person run this Spiro Agnew-ish Media/Money rap over me again, I think I'll SCREAM!!! Many of us in AOR feel a lot closer to the music than to the commercials. As a matter of fact, I think it's rather shallow for someone from AFTRA to take such a non-service approach in analyzing radio for the Federal government.

"The music" is part of the SERVICE we provide to our community. Maybe, our community doesn't count because they aren't over-40 and thinking about the A/C not working in the DeVille.

To 75,000 people of OUR community, \$8.50 wasn't too much to pay to see Led Zeppelin. No one would have gone to see the group had radio not SERVED their audience by PLAYING Led Zeppelin first. If we are TAXED to play Led Zeppelin, then we must tax someone else—and who really gets it in the end—the people we are trying to serve better. Thanks Mr. Wolff for thinking of all the regular folks without union cards and a burning love for Art.

Dwight C. Douglas
Program Director
WWDC and DC 101

After reading your story on "pay for play", we contacted Robert Leggit, 4th Congressional Dist. to get his feelings. He felt that after a record was recorded it should be available for replay. His thinking was that the royalties payment to artists and record companies was another burden to the radio stations trying to make a buck. He also said that he thought the action would inhibit record availability to the consumer.

Congressman Leggit expressed the fact that even though it hasn't become a "hot item" it would be a good idea for radio stations to contact their Congressman and tell their feelings on the subject.

I find it very hard to believe that the record business really feels

Kroh New GM At WMPS

Tom Kroh has been named General Manager of Plough Broadcasting's Memphis stations WMPS and WHRK, according to Plough President Wayne Hudson. Kroh was most recently General Sales Manager at Plough's WCAO/WXYV/Baltimore, and worked previously at stations in the Taft and Susquehanna Broadcasting chains.

NAB Asks FCC Roadway Radio Halt

The NAB has asked the FCC to hold off on its present plans to institute a roadside radio service to provide motorists with weather and travel information. The plan would establish a class of non-commercial stations, supported by highway funds, at either end of the AM dial, broadcasting such information. The NAB's official motion for a stay of the plans said, "Travelers Information Service will not provide the public with new or better service than it is now receiving from conventional broadcasting..." The NAB also cited conflicts with existing Commission policy on AM band use and urged that the plan be tabled until the next World Administrative Radio Conference in 1979.

FCC Asks Equal Time Exemption

The FCC voted to ask Congress to exempt presidential and vice-presidential candidates from the federal equal time law. In a related vote, the commission rejected a proposal requiring non major party candidates to amass 2% of the popular vote at the last election or the signatures of 1% of the electorate to qualify for free time under the fairness doctrine. The proposal, by commissioner Abbott Washburn, was regarded as too unwieldy for efficient administration.

At the ongoing House Communications Subcommittee hearings, Sen. William Proxmire, NBC News' Bill Monroe, and Radio/TV News Directors Association President Ernest Schultz called for the abolition of the equal time provision. Proxmire said the rule had an intimidating effect on broadcasters and was unfairly restrictive to a medium preferred by 76% of the population as a newsource.

this in anyway could be a good idea with all the burdens we already have in both radio and records. If they really need the extra money they oughta charge more at the counter or something.

If this pay for play were to become law, wouldn't it also be in order to pay royalties to talk show regulars? The effects are countless. The whole issue seems absurd.

Arbitron Offers 'Expanded Sample'

Arbitron is offering its new Expanded Sample Frame (ESF) procedure for including unlisted telephone households in its audience survey to 15 markets for the Fall 1977 survey, with expansion into the Top 30 markets planned. ESF is used in combination with the frame for listed telephone

households for an all-telephone sample in a given metropolitan area, with an ESF quota determined by Arbitron estimates. According to Arbitron, the unlisted households tend to be younger, larger, and more likely to be Black or Spanish. Test findings as applied in New York, Los Angeles, Chicago and Philadelphia in the spring book, indicated that Arbitron's use of the ESF procedure should have little overall effect on audience levels, but individual station ratings may be affected.

The 15 markets where the ESF procedure will be used this fall will be selected "according to the interest of station clients in a market on a first come basis." There will be an added cost for implementation of ESF.

Average Age Of Americans On The Rise

After studying the population, demographers have determined the average age of Americans may be rising more rapidly than previously estimated. During the 1970 census the median age was 29.7. It was estimated at 29 during 1976 and may range between 32.5 and 37.3 by the turn of the century. However, vital statistics show a 6% increase in births from 1976 to 1977 which may mean a revision in the current dropping trend. Some marketers of personal care products have begun changing their strategies by developing new products to meet the needs of the more mature consumer.

To Enlarge Or Not Enlarge The AM Spectrum

The **House Communications Subcommittee** heard testimony from broadcasters concerning the **FCC's** regulation of the radio industry, with most favoring the enlargement of the AM spectrum. One representative, not a member of the subcommittee, asked that measures be taken to maximize rural nighttime radio service. He stated that some 46 million people are currently receiving little or no nighttime radio. Claims by clear channel proponents report that people in rural areas are dependent on clear channel stations at night because of the FCC engineering curves which indicate they can not pick up any other listenable signals during these hours.

Goodyear's New Energy Saving Radial Tire

A new area of competition among tire manufacturers has been launched with **Goodyear Tire & Rubber Company's** demonstration of a new radial tire reported to increase gas mileage from 3% to 10%. The tire is designed to operate at inflation pressures which are approximately 50% higher than normally recommended for conventional tires. If Detroit's auto manufacturers are sufficiently impressed, special wheels would be incorporated to comply with the new energy saving tire.

Minimum Wage Increase Proposal

In testimony before the **Senate Human Resources Committee**, **AFL-CIO** President **George Meany** supported legislation to raise the minimum wage to \$2.65 per hour which he noted is still below the poverty level. The current minimum wage is \$2.30, with the AFL-CIO asking for a \$3.00 minimum. The \$2.65 rate is a compromise worked out by the White House, Congress and organized labor. The bill would provide future automatic increases based on a percentage of the average factory wage. Meany was also strongly opposed to any move to establish a lower minimum for teenagers. He cited a study done by a California State University revealing that setting the teenage minimum of 15% less than the adult wage would cost 500,000 adult jobs.

Record Makers Cited In The Congressional Record

Motown recording artists the **Commodores** were recently cited in the Congressional Record by Alabama legislator **Bill Nichols**. The group was commended for "achieving the pinnacle of success in the recording industry..." Resolutions from the City of Los Angeles, the City of Tuskegee, Alabama, and the Martin Luther King Center for Social Change in Atlanta were also read into the Record.

The arrangement will also include folios and sheet music. Included in the procurement are such acts as **Leo Sayer**, **Jethro Tull**, **Ian Anderson**, **Robin Trower**, and **Procol Harum**.

AT&T Gets Long Distance Competition

A Federal Appeals Court has cleared the **MCI Communications Corporation** to offer its service to customers, reversing a decision made by the **FCC**. The **Execunet** service offered by MCI allows a customer to dial an MCI computer and place a long distance call through their facilities, totally avoiding AT&T's long distance charges.

Denny's Doubles Advertising Expenditures

Denny's restaurant chain is doubling its advertising budget to \$3,500,000 for 1977-78. The campaign, which includes radio, TV spots and billboards, is scheduled to begin next month in 21 markets with emphasis on their menus, atmosphere and full service qualities. The push will cover from the West Coast to Florida, including the central states. Denny's locations in these regions have increased to 612 from 500 last year.

That Ain't Peanuts!

Public appearances and endorsements will earn **"Brother Billy" Carter** more than half a million dollars this year, more than twice Jimmy's salary as President. The estimated income will be earned at \$5,000 per public appearance, paid in advance by certified check. The revenue is over and above the \$5 million a year gross from the Carter Family peanut business and Billy's gasoline station which is reported earning \$5,000 a week in tourist beer sales. While Billy rakes in the 'peanuts' President Carter earns \$200,000, including an expense allowance of up to \$150,000.

AT&T Ups Tariffs For TV Transmission

The **American Telephone & Telegraph Co.** has asked the **FCC** to approve new tariffs that would increase the cost of use of AT&T TV transmission lines for part-time spot news coverage. The new rate schedule would also lower the tariff for full time TV service. The suggested part-time rates would beef up AT&T's revenues for that service to \$21.2 million... **RSO Films** and producer **Burt Sugarman** will jointly produce two Rock and Roll TV specials for next fall's season. The first 90 minute special will be headlined by RSO's **Bee Gees**. Also set for production is a film version of "Sgt. The show's guest hosts will be the Spinners and will feature Rod Stewart, Andy Gibb, Johnny Rivers and The Sons Of Champlin. Blood Sweat & Tears receive the night's special tribute.

CJBK/London, Canada's morning air personality Joe Dushane, and afternoon drive announcer, Chris Ford, were among the first to try out their skills at the recent Westmount Mall Canadian Open Skateboard Championship. For the week prior to the skateboard championship, Joe and Chris challenged each other to the 'Grudge Match' on the air. It was to be another in the continuing series of grudge matches between the two, which have included car racing, tennis matches, horse racing, and pie eating. The skateboard championship attracted many spectators to the Mall, as well as participants. Bobby Boyd, U.S. Skateboard Champion demonstrated his amazing skateboard talents in high jumps, twists, and other difficult stunts. Certainly CJBK's Joe Dushane and Chris Ford could not compare...but they made a hit with album giveaways, Big Mac passes, and passes to local car racing.

Best Promotions Of The Week

KHJ/Los Angeles' night lady Shana has instigated a regular feature on her show called "The Party." At the end of each month, Shana will gather together her team of listeners for a real party for each of them to meet each other...Speaking of best promotions...**KFIV/Modesto**, California PD Jack Phillips has reason to promote his station and staff's recent Arbitron successes. Rumor is that the Storz chain will restructure its programming, perhaps naming someone to head the chain's programming nationally.

I understand the CBS Records convention in London was great. Word is that transportation alone will cost CBS close to a million dollars. Approximately 1350 CBS employees were on hand as well as a good number of radio PD's and MD's.

Don Imus is out at WNBC. KMGK/Des Moines PD Ben Hill has decided after all to stay and not go to WTIC-FM/Hartford.

Jeff Wald has signed Sylvester Stallone for management. Jeff is one of the hottest managers in the country. Helen should be proud.

Michael St. John will be consulting WAAY/Huntsville on music research etc. The station, along with its sister station WNUE, will be getting involved in some heavy research under Michael. Both stations of course are under the wing of group PD Bob Barron, who wanted to let everyone know that he and/or his wife Phyllis will be available to take calls at their home every Monday at (205) 533-4331.

Harry Nelson at WRKO/Boston is looking for a 9-noon jock. If you're good, send Harry a tape and resume ASAP. No calls please. New at WRKO is Dennis John Bailey coming in from WLEE, who will do the all-night show. Johnny Dark, who has been doing 9-noon for some time, is leaving WRKO to join WNBC/New York. John has to be one of the best sounding midday jocks in the country. Also, Dave Michaels, who had been doing noon to 3, has exited the station and all nighter Melody McShane replaces him in that time slot.

A number of PD's from around the country were in Washington at the White House this week to discuss participation in the President's Youth Energy Program. R&R's Mike Harrison was also in attendance as one of the honored participants.

Congrats to WIVY/Jacksonville PD Chuck Martin on his great first book at that station. Also congrats to WRBR/South Bend on its ratings.

Is it true that Metromedia will move its New York corporate offices to New Jersey and its L.A. computer/TV centers to New York City?

Is WDGY going Country?

Lynn Lotkowitz, former assistant to Rick Sklar at WABC, has joined WRBQ/Tampa. Whata catch!

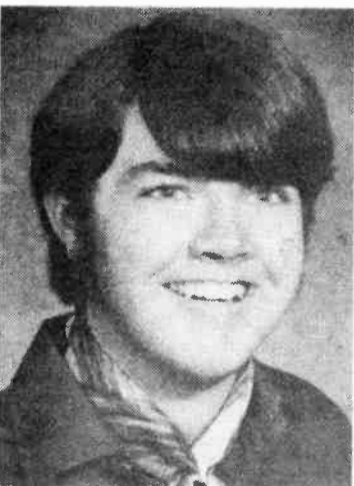

If any station would like to have a picture of Donny Osmond wearing your station's T-shirt, send a shirt to Billy Brill, c/o Polydor Records, 6255 Sunset Blvd., Hollywood, CA 90028. He'll have the picture taken and then get it to the station so it can use the picture for publicity purposes.

Greg Crawford is the new PD at KSTT/Davenport. Congrats!

Nice to see Don Burt is doing well in Memphis. Rusty Hill, formerly of RCA Records, joins Don doing independent promotion for the Don Burt Organization.

Mark Denver is the new PD at WWWL/Love 94/Miami. Mark has been at WHBQ and WIBG in the past. Also, J.R. Greeley is the new PD at KEWI/Topeka. Former PD Bob Finot has exited the station to truck across Europe. The station's new MD is Tony Bryan and I'm told both he and J.R. will be accessible to area promotion people.

Congrats to Paul Drew and WAKY PD Johnny Randolph, who also made the new "Who's Who" listing.

This week's Photo Flashback is a vintage snap of KDWB PD John Sebastian back in 1970 when he was jocking at KRUX/Phoenix. John at that time was using the name of Gary Stevens which ironically is the name of the present General Manager at KDWB and who was once himself a super WMCA Good Guy personality.

THE ICE AGE RETURNS TO RALEIGH—WKIX/Raleigh, N.C., PD Bob Bolton was visited by a real snow bunny during Atlantic's promotional stint for Foreigner's new single, "Cold As Ice." WKIX MD Ron McKay (center) and Atlantic's Mark St. John are also shown maintaining their cool.

THERE'S NO SUCH THING AS TOO EARLY—KLIF/Dallas MD and morning man Charlie Van Dyke felt that at a certain point it was a little too early to add the Elvis Presley single. To prove him wrong, Noble Womble, Local Promotion Manager for RCA (I) and Dan Conger, Regional Promotion Manager, RCA Southwest (R) showed up at the station at the early hour of 4am, complete with a banner listing the record's latest action.

RITA IN PHOENIX—KRUX/Phoenix PD Richard Ruiz is pictured here enjoying a squeeze from Rita Coolidge during her visit to the KRUX studios. After her interview, Rita signed autographs and copies of her new LP.

A LOT OF HOT AIR—Wdat/Daytona Beach's hot air balloon has been flying around the area for the last few months promoting the coming of their new 5,000 watts facility. Listeners were asked to write in 25 words or less why they should receive a ride in the balloon. Letters were read on the air and if the author of that letter was listening and called in, they became an instant winner of a prize worth over \$25.00. Another winner was chosen from the entrants and received a champagne flight for two in the balloon.

THE DEEP GETS DEEPER—WPRO-FM/Providence recently completed their "Pro-FM Deep Treasure Chest" contest in conjunction with the movie "The Deep." One hundred keys were given to callers, one of which opened the treasure chest. Prizes included a motorbike, Polaroid camera, AM-FM radio, complete Casablanca album library and Jacqueline Bisset's swimming fins used in the movie. Pictured during the opening of the chest are (L to R) Terry McMahon, Miss Rhode Island Teenager, Program Manager Gary Berkowitz, and the winner.

THE GREAT RECORD RIP-OFF—KINT/El Paso's "Fantastic Journey II" promotion has just been completed. Two winners, determined by a drawing, had 98 seconds in a local record store to gather as many records as they could carry. The total take amounted to 472 albums, valued at over \$3,000.

LAST LAUGH LASTS

Health officials in the Southwestern region of Tanzania report that 18 high school girls have been hospitalized after being struck by "Laughing Sickness." Nine of the girls are listed in unsatisfactory condition and are still laughing uncontrollably. Doctors define the sickness as a type of mass hysteria common among adolescent girls in the Tanzania area and is only listed as serious when it becomes disrupting to a high school classroom.

HOT FUN IN THE SUMMERTIME—Y103/Jacksonville continues its "103 Days Of Summer" promotion. Listeners were asked to make a Y103 sign and have their radios signed-on Y103. Two station vans canvassed the beach in search of the signs and rewarded listeners with beach towels, T-shirts, Coppertone sun lotion, beach hats and iron-ons.

O'Liners

The Air Force wants to build 244 new B-1 bombers at a cost of 100 million dollars each. \$100 million EACH—and that's WITHOUT the fine Corinthian leather!

After hearing about the neutron bomb that kills people but not property, (Jock) has gone to court to have himself legally declared a building!

The neutron bomb makes sense. I mean, killing a few million people is one thing, but lowering property values is another!

Dumb? He thinks the B-1 Bomber is a vitamin-fortified laxative!

What can you say about Anita Bryant—a woman who things a Dairy Queen is a gay milkman!

Idi Amin has survived another assassination attempt. This time three desperate pygmies hid in his shorts and set themselves on fire.

I didn't realize how bad the drought was until the other day I locked in my toilet and saw the Tidy Bowl man driving a dune buggy!

Well, former Attorney General Mitchell has been assigned to clerical duties at Maxwell Air Force Base Prison...Interesting sentence he's received: 2 1/2 to 8 years at hard filing!

AUGUST 9: BIRTHDAY OF WRITER/FISHERMAN ISAAK WALTON (1593-1683), author of "The Compleat Angler"...Walton also is known for mating a porcupine with a worm—and getting a fish hook you never have to bait!

Topicals, calendar, jock lines...For a complete FREE sample issue, write: O'LINERS, 366 West Bullard Avenue, Fresno, California 93704.

Tom Yates Launches Nova Broadcasting Services

Tom Yates, former Program Director of KLOS/Los Angeles, is in the final stages of forming Nova Broadcasting Services, Inc. a national radio consultation firm based out of Los Angeles. Already listed on the company's roster of clients are WORJ/Orlando, KPAS/El Paso, and KVFM/Salt Lake City. A station (no call letters yet assigned) under construction in Northern California has also been included as a charter client and word is that negotiations are underway with major facilities on both coasts.

According to Yates, the company will specialize in all aspects of AOR radio, providing a choice of 2 basic formats individually customized to the specific market. One will be of the "all-purpose" mold, focusing in on the 18-34 target group; the other will be adult "upper demo" AOR. These approaches are being offered in 3 different packages. The first is a "total consultation" in which programming, sales, and promotion will be serviced and advised. The second is a "partial consultation" in which any or all aspects of a station's operations will be serviced on a short term basis. The third is a "format consultation" which deals only with matters of programming.

Yates is currently looking for tapes and resumes of AOR broadcasters for future openings, including General Managers, Account Executives, Promotion Directors, Programmers, and air personalities.

Nova Broadcasting Services, Inc. can be reached at (213) 392-1954.

Three Quarters Of A Minute

WBLM/Lewiston-Portland, an AOR station covering more than 2/3 of Maine's population, has introduced a new 45 second spot to its sales inventory. According to the station, the primary reasons for the new unit are "creative latitude, client need, and audience demand."

The station issued the following statement:

Since WBLM's AOR format began over three years ago, commercials have been limited to 10 per hour, regardless of length. Since the savings to an advertiser buying a :30 second spot were only 10% of the minute rate, the station found clients running either "stretched out" :60's or "crammed" :30's.

From the creative standpoint, it was recognized that there was nothing "magic" about :30's or :60's. Many clients can effectively get their message to the listener with either of these traditional units of time. But for some clients, a :30 was too short, and a :60 too long. Well-written copy was being padded with music or redundant lines just to fill out a full minute. Or production personnel were being forced to rush through copy written to be a :30. Simply put, the 45 second spot allows WBLM and its advertisers to personalize time, and for the copywriter to enjoy greater creative freedom.

WBLM has always felt listeners perceive both number and duration of commercials as intruding on their music listening. The :45 is seen as a way of reducing to a small degree the duration of commercial time on the station while preserving the present limit of 10 spots per hour.

Evolution

David Berry has been upped from Sales Manager to General Manager of WQDR/Raleigh...WJKL/Elgin midday personality Wally Leisnering is now also the station's Music Director...Shades Stevens and Sparkle Plenty have joined the KROQ/Los Angeles airstaff doing weekends...George Beier, formerly morning personality at KAZY/Denver, is joining WKLS/Atlanta for the 7-midnight slot...Sky Daniels moved from WKDD/Akron to do production and a weekend airshift at WYDD/Pittsburgh.

Color

And Now Reptiles: An alligator known as "Musigator" is the station mascot of WYXE/Madison and makes personal appearances at all station functions. The creature gives away albums and other goodies.

First Annual July Record Blitz: For an entire week, Y95/Rockford gave away an album per hour.

Third Annual Pepsi Cola Bicycle Marathon: 600 entrants and 2000 spectators participated in the event. Free refreshments were served and WMHE/Toledo was there doing live remotes.

More Bay Area Softballing: The airstaffs of KMEL, KSAN, and Y93/San Francisco beat the Eagles in a softball double header 12-8 and 20-7. The Eagles are demanding a rematch.

Rumper Stickers: Lots of Bostonians are attaching WCOZ patches to their jeans.

Buzzard Happenings: WMMS/Cleveland has been presenting audio seminars at the Cleveland Audio Warehouse. Representatives of major equipment manufacturers explain recording techniques and show films on the subject to interested listeners.

Bonnie Raitt Simulcast A Success

The "WB Music Show" presented Bonnie Raitt live from Wolftrap Farm Park in Vienna, Virginia (7/20) via microwave over a network of AOR radio stations. Word from many of our reporting stations is that the concert was of excellent musical and technical quality

and that listener response was favorable. Involved stations included KZOK/Seattle, KZEL/Eugene, KSAN/San Francisco, WBCN/Boston, WMMR/Philadelphia, WLIR/Long Island, WKLS/Atlanta, KLOL/Houston, KZEW/Dallas, KATT/Oklahoma City, WXRT/Chicago, WMMS/Cleveland and WHFS/Washington, D.C.

Concerts & Conversation

PRESENTATION: WMHE/Toledo co-presented Yes at the Sports Arena. The station ran a contest in which listeners were invited to bring banners to the concert with the words "Yes" and "WHME" on them. The five best designs won Yes catalogues and the best one got a lucky listener backstage to have the catalogue autographed by the group.

RADIO CONCERT: ELO on WMMS/Cleveland.

INTERVIEWS: John Prine on KGOT/Anchorage...Credibility Gap, Rick Derringer, Dictators, and Pat Travers on KROQ/Los Angeles...John Payne, Louis Levan Band, and Ben Sidran on WJKL/Elgin...38 Special on KAWY/Casper...Doobie Brothers and Henry Gross on WMC-FM/Memphis...Tim Weisberg on KZAM/Seattle...Climax Blues Band and Dixie Dregs on WAAL/Binghampton...Jeff Baxter on WQDR/Raleigh...Alan White on KTYD/Santa Barbara.

AOR Spreads East On Long Island

Back at the turn of the decade, WLIR (located on the western end of extremely long Long Island) was somewhat of an experiment and "novelty" when it debuted an impressive progressive AOR format. It didn't take long, however, for the station to "catch on" and prove that although much of the island is covered by New York City radio signals, there was a great need for an island-oriented AOR. The station quickly gained local weight and national prominence, both of which have continued to grow over the years.

As Long Island continues to flex its muscles as a sovereign market, WBAB located in the central portion of the island went AOR and, as WLIR, quickly carved out a meaningful niche in the blossoming community, which has been maintained.

Now, the population of Long Island has urban-sprawled all the way to the eastern tip of Suffolk County (over 100 miles east of Manhattan, and the likely has happened. WRCN/Riverhead is the latest entry in the Long Island AOR derby. The 3,000 watt former Top 40 Rocker changed to an AOR format back in March and, according to local reliable ears, is carrying on quite well in the Long Island AOR tradition.

Consulted by Lee Abrams, WRCN is under the Program Directorship of Don Brink with Bruce Tenenbaum Music Director. They can be reached at P.O. Box 666, Riverhead, New York 11901. Phone (516) 727-1570.

When it comes to AOR radio, Long Island seems to be an incredible spawning ground for winners. It would be wise to watch the development of Suffolk County and WRCN closely.

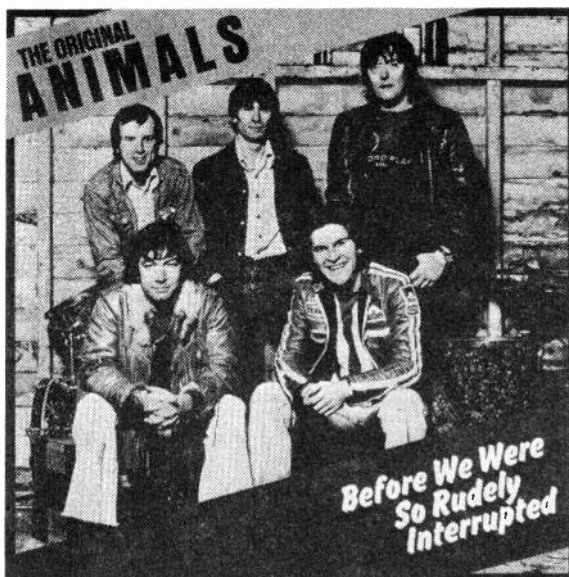

WEBN/Cincinnati recently tied in with Chrysalis Records' recording artists UFO giving away free ice cream cones and copies of the group's single to people showing up at a local ice cream emporium saying, "WEBN is too hot to handle." 1,000 cones and 100 red vinyl singles were given away. Pictured (l-r): Candy DeLapp, the 100th winner; Danton Marr, Program Director, WEBN; Jim Sellers, Chrysalis Promotion; and Tom Sandman, air personality, WEBN.

KGOT/Anchorage gave their listeners the opportunity to win the use of the "KGOT Arrow Volkswagen Rabbit" for one year. The winner, James Rock II is shown here with family being congratulated by KGOT's John Tathan (in jacket) as he took the keys to his prize.

News Notes

'Tis the season for the fires: WEEP/Pittsburgh suffered some smoke damage as a result of a fire in the building where they are located. On the day following the fire the jocks made jest of the situation by airing such cuts as "Ring Of Fire," "After The Fire's Gone," "Put Another Log On The Fire," and "Burning Memories."...You may recall WMC/Memphis had a fire about a month ago. I was talking to PD BOB YOUNG's assistant, Paula, who told me last week the station's air conditioning units broke down as a possible result of the recent fire. She said, "WMC is the HOTTEST station in town. I know, because right now we have the most FANS."...ELLIE DYLAN returned to WMAQ/Chicago last Monday, August 1. She was out during the month of July to have a few operations. Of course, Ellie will not be with WMAQ for long. As you will note from the front page of R&R, she will join Bob Pittman at WNBC/New York. Congratulations...Plough Broadcasting has changed another station to a Country format. WQXM-FM/Clearwater, Florida, will be using KENT BURKHART's automated Country format...Due to health problems, JACK GAYLE is retiring from the radio business. He currently is doing the morning show at WHNE/Norfolk, Virginia. Station owner, BOB SINCLAIR is in need of a top-notch air personality to replace Gayle...ITC (International Tape-tronics Corporation) officially took over its first radio property, KJJJ/Phoenix, last Monday (1). According to sources at the station, no changes have been announced. The only major change to date is the fact the jocks have to wear ties to work...JOHN HARMON, formerly with WVOJ/Jacksonville, Florida, is the latest to join KIKK/Houston. He is taking on the noon to three slot...JIM DAVIS, from WMNI/Columbus, Ohio, is the new mid-day jock on WUBE/Cincinnati...JIM RICHARDS, who recently was with WHEW-FM/Fort Meyers, Florida, has rejoined WWOK/Miami. He will be doing the all-nighter...Some recent staff changes at WKDA/Nashville. AL RISEN, formerly of WINN/Louisville, is now doing the all night show. D.J. JONES moves up to the 7-midnight shift. PHIL DAVIS moves down from that slot to do mid-days. MIKE HANES is now off-the-air and will devote full time to sales...MARY WELLS has joined the sales staff of KLAC/Los Angeles...KUZZ/Bakersfield PD JAY ALBRIGHT and his Music Director KRIS MATLOCK will be wed August 20... The 1978 Country Radio Seminar Agenda Committee has been announced. I would like to thank Agenda Chairman, TERRY WOOD, WONE/Dayton, for asking me to participate again for the third year in a row. WMC's BOB YOUNG will act as his assistant, with WB's STAN BYRD and EPIC's ROY WUNCH coordinating things from the record industry side. As soon as all of the agenda committee members have been confirmed, I will pass their names along to you...Just received a very funny take off on Donna Fargo's "That Was Yesterday." It was put together by ROXANNE MARSHALL, TERRY OYER and BOBBY GEE of WCOS-FM/Columbia, S.C. You might want to get a copy of it for your own enjoyment. MD SCOTT SEIDEN can give you details: P.O. Box 748, Columbia, S.C. 29202. (803) 256-7348...

Promotions, Contests & Concerts

Naturally, the "good ol' summertime" brings a bunch of good concerts to most areas. Los Angeles is no exception. Recently, Mercury's JERRY LEE LEWIS, RCA's JERRY REED, UA's KENNY ROGERS, and WB's EMMYLOU HARRIS have given some great shows in this area. WILLIE NELSON, who just had rave reviews in San Francisco, and JERRY JEFF WALKER are scheduled for this weekend. KGBS/Los Angeles will present TANYA TUCKER at Dodger Stadium for "Country Day," August 14... WHOO/Orlando recently had "Ernest Tubb Day." E.T. was presented with the key to the city...KSON/San Diego recently presented the CONWAY & LORETTA, EDDIE RABBITT package show...KUZZ/Bakersfield has started a "97 Ways To Save Water" promotion. They are asking listeners to write in their suggestions. Grand prize is 500 bucks. All suggestions will be printed in a booklet that the station will give away later this summer...WWJO/St. Cloud, came up with an interesting way to make some losers, winners. They took all of the names of persons who did not win on various contests during the year, and on a recent weekend had hourly drawings to give away free albums to the former losers...To commemorate the visit of President Carter to Louisiana, WCKW-FM and WKQT/Garyville, gave listeners a chance to win copies of the GRT album "Trust Me," T-shirts, and fun pairs of talking teeth...KSO/Des Moines had over 7,000 people at their free show, the "Fourth Country Music Festival." The show starred JERRY WALLACE, SUNDAY SHARPE, PAL RAKES and R.W. BLACKWOOD...In celebration of TANYA TUCKER's first appearance in Toronto, Canada, CFGM gave fourteen listeners a trip to the concert, along with a free picnic. Numerous albums and singles were also given to CFGM listeners as part of the promotion...KTOW and KGOW-FM/Tulsa, will present their second annual Air Show and Country Music Festival, August 7. Station owner MACK SANDERS and his Las Vegas Revue will provide some of the entertainment, along with stunt shows and flying acrobatics...KNEW/Oakland-San Francisco presented a Country/Bluegrass day at Marine World in Redwood City, which included a Bluegrass fiddle contest, banjo concert, and a live radio broadcast.

Krelstein Footnote

The passing of HAROLD KRELSTEIN, Chairman of the Board for Plough Broadcasting, was certainly a tragic loss to the entire radio industry. Besides his many contributions to the radio industry as a whole, Krelstein was among the very first broadcasters who believed in the potential of Country radio. In 1965, he took a major step in developing Country radio on a national level by putting two full time Country stations on the air in two major markets. They were, of course, WJJD/Chicago and WPLO/Atlanta. You can read more about this great gentleman on the front page of this week's R&R. But I wanted to make a special note of his insight into the future of Country radio at a time when it wasn't an "in" thing to do. He will be missed.

CBS recording artist Johnny Paycheck is shown autographing a KIKK/Houston poster at a Country music extravaganza as KIKK personalities look on. From left to right are Gary Gallagher, 3-7 air personality; Chris Collier, Program Director; and John Harmon, noon to 3 air personality.

GETTING SMASHED WITH Z-104—Shown is one of the Z-104/San Diego listeners having a "smashing good time" during the station's recent "1st Annual Z-104/Muscular Dystrophy Car Smash." The promotion was held to raise money for the MD Association in San Diego.

Inside Nashville

DATELINE: TOM T. and DIXIE HALL's Second Annual Plantation Party was a winner, they say, with over 600 Music City elite paying \$60 a head to be treated like they were never treated in the "Good Ole Days." The night before the Plantation Party, they had a sponsors' party. It was private. The Plantation Party was by invitation-only. SYBIL and BILLY CARTER (who?) were the HALLS' co-hosts at the sumptuous affair which featured a Dixieland Band at the gate, the JORDAN-AIRES and the LEA JANE SINGERS at the brush arbor, CAM MULLENS and the

17 piece orchestra played near the chow-line and the FLYING EAGLE DANCERS performed around the fire? TOM T. and SYBIL CARTER debuted their new duet, recorded the day before the party (it will be on Mercury). They raised \$25,000 for the Nashville Humane Society.

CONDOLENCES: To MR. and MRS. GEORGE COOPER III on the death of their 18 year old son who was electrocuted last Friday. Our hearts hurt and our prayers are with them.

WDEB/Macon, Georgia, PD, Aaron Bowers (right), is pictured presenting an AKC registered beagle puppy to the winner of the station's "Bugle Ann" giveaway. The promotion was coordinated with Mike Randall of Elektra/Asylum to capitalize on the success, in the middle Georgia area, of the record "Bugle Ann" by artist Wayne Carson. Five second place winners won albums. The promotion was geared around daily 15 minute "mini-remotes" with air personality Rick Woodell broadcasting from various locations. Listeners were invited to stop by and register for the puppy. Besides at the remotes, listeners could register at a local record store, as well as, at a local pet shop, where the puppy was on display during the promotion.

(MARTY ROBBINS or BUZZ CASON?). Last year Buzz ran the whole sports car circuit, about 12 races, and co-drove 24 hours at Daytona... Erstwhile child evangelist MARJOE GORTNER was in town preaching the virtues (or thrills) of his latest movie epic, "Sidewinder I." His green and orange cowboy boots helped him make the transition to Music City... MARY REEVES DAVIS (Jim's widow) is the first woman ever named to the 30 member board of the MUSIC PUBLISHER'S ASSOCIATION OF AMERICA... GEORGE RICHEY re-painted the "Gold At The End Of The Rainbow" picture for aspiring writer's and publishers when he sold the BROUGHAM-HALL catalogue (including "Lucille") to ATV Music Corporation for a million dollars. GEORGE and ROGER BOWLING are the company's writers... FARON YOUNG's \$150,000 suit against Capitol Records reminds his fans that he spent almost 18 years with Capitol before he joined Mercury Records in 1969... MARTY ROBBINS makes his return to auto racing this Sunday (7) at the TALLEDEGA 500, which ironically is where he had the last of three smash-ups two years ago which precipitated his racing "retirement." When they pulled him from the burning car that day, he started singing the words to "El Paso" to see if he could remember them. This Sunday he'll be "back

in the saddle again." GARY S. PAXTON, frustrated with nothing to do on weekends, bought himself a racing car... WILLIE NELSON and EMMYLOU HARRIS both make their first appearance at NASHVILLE'S AUDITORIUM this August 24th... The songs of JOY GOSPEL CLUB, (formerly the Country Godfather) is Nashville's first Christian Supper Club. They'll have a dinner/theater format, with matinee's on Saturday and Sunday afternoons... This trend is growing around the Country, another indication of my predictions the past few years of the growth of Gospel music as a viable factor, both in radio, TV and live performances... 79 year old fiddlin' SID HARKREADER one of the Opry's earliest members, was hospitalized with a fractured hip. He was an Opry regular from 1925 till the 1940's. I think it was Harkreader, who performing at the Reunion Show at this year's FANFAIR introduced a tune by saying: "Here's my latest recording... released, I believe in 1937!"

TOURIST TRAP: CHRIS LEVITE wrote in the suburban BRENTWOOD NEWS about taking JOHN McCLAIN's Brentwood Star Tour where for \$5 (children free) you can see 20 houses and possibly a star or two jogging, walking a St. Bernard, or hoisting Hefty Bags into a dempsey dumpster. Chris said it's fun to be impressed by the homes and acreage, but also reassuring to see that SKEETER DAVIS' house needs a paint job and that MARTY ROBBINS' yard needs a weed-eater. Only two of the twenty homes have names out front: LITTLE JIMMY DICKENS and STONEWALL JACKSON. DOLLY PARTON's house is currently the biggest draw, TOM T. HALL's is the most impressive, and JIM ED BROWN's house has the most cars. (His band drives there to leave on the bus). Lincoln's are the most popular with a few Mercedes thrown in for a foreign touch. EDDIE ARNOLD, Chris says, with his '74 station wagon, just doesn't fit in at all!

POP/ADULT NOTES

MIKE KASABO

A couple of big moves noted this week in Pop/Adult radio. Don Hofmann who has been with Golden West Broadcasting's Seattle operation, KVI, for the past five years, moves along to another of their properties, KSFO/San Francisco. Hofmann exits the PD position in the great Northwest city to accept the Assistant PD position in the city by the bay. Vic Ives remains as KSFO Program Director. All this transition leaves KVI looking for a new PD, so if you feel qualified to take over the reins at KVI, contact Don by mail at the station. The address is KVI, Tower Building, Seattle, Washington 98101. Station is an E.O.E. operation.

On the other coast, Ray Quinn has been named PD at Metromedia's Baltimore outlet WCBM. Quinn comes from WAMS after a very successful four years of programming the Wilmington, Delaware station.

Stephen Bishop's "On And On" keeps doing just that. After nearly six months in the field, it is just now showing its greatest strength...1-1 KWAV, 22-9 KAKE, 14-9 WGST, 20-15 WSM and reporting hot at WIP, WNEW, WASH.

The Four Seasons picking up a little steam with adds at WSM, WGG and WKIQ.

We note some early excitement on an Atlantic original cast album cut called "I Love My Wife." It went right on WNEW and WBAL.

Johnny Mathis continues to score nicely with his "Ariane." See New & Active for latest play.

Loads of PD's and MD's are really excited about the response on the new Kenny Rogers single "Daytime Friends." See New & Active for latest play.

Jennifer Warnes comes in this week with some good early action...21-12 WLW, 18-10 WFTL, 37-28 WJAK and reporting hot at WTMJ and WHAG.

Jim Weatherly busted through this week with excellent new play. See above for airplay spread.

More changes from WNBC. Bill Rock resigned his air shift at the New York outlet to become Operations Manager and Production Coordinator at WELI/New Haven. Prior to WNBC, Rock was Program Director of Boston's WMEX.
