**Industry Billings Remain On A Roll**

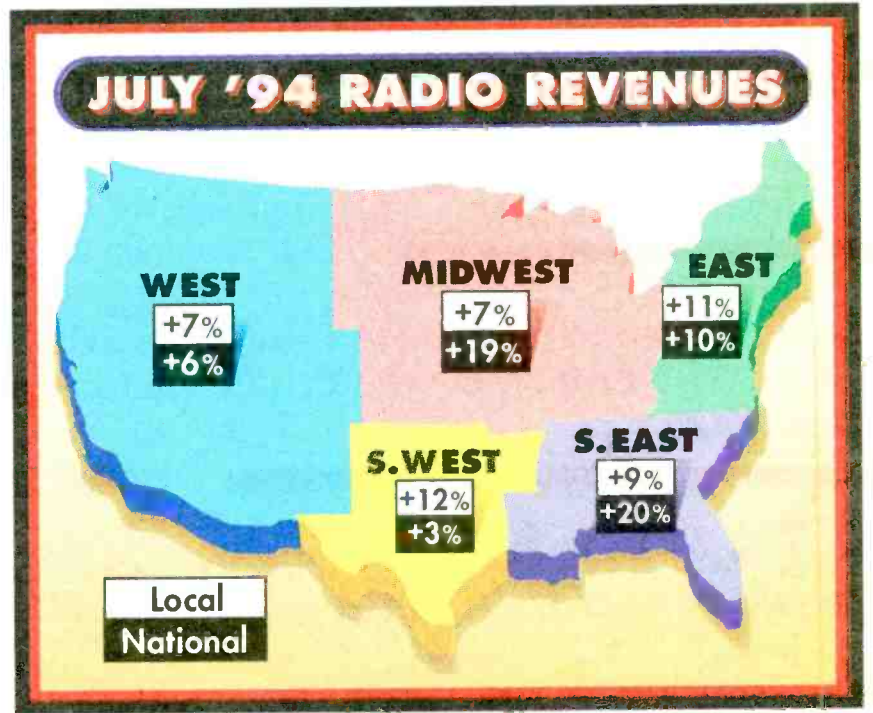

Radio revenues rose 9% in July, according to RAB calculations, keeping 1994 11% ahead of 1993's figures. National spot revenue gains outpaced local sales in July, with national revenues rising 12% nationwide and local revenues up 8%.

"We're looking forward to continued gains in the months to come, particularly once the radio ad leasing bill is signed into law and opens the gates to a wave of new auto leasing advertising," said RAB President Gary Fries.

Congress recently passed HR 3474 (R&R 8/19), which would reduce the legal verbiage required in leasing spots. It is now awaiting President Clinton's signature.

Fries said revenue growth in July continued at a "healthy, steady clip" despite underreporting that occurred because some stations operate on calendar months and

**Carlton, Johnson, Silver Assume Top Giant Posts**

Locking down the changes in Giant's radio department, Ray Carlton has been upped to Head of Promotion. Jean Johnson ascends into his former post, Head of Pop Promotion.

In related news, Elektra VP/Finance Larry Silver has joined Giant as CFO.

"We've structured our promotion department to reflect the diversity of the Giant roster, allowing us the flexibility to break a record in any given genre and move it to other formats," noted GM Steve Backer. He said these "very much deserved" promotions — along with the recent ap-

pointments of Barry Lyons and Ray Mancison as Heads of Rock and College Promotion, respectively — give the label "the best radio team we've ever had."

Before joining the label in 1990, Carlton spent a year as

# Broadcasters Stop Ad 'Tax'

A proposal to cut the tax deductibility of advertising as a possible way to help fund health care reform (R&R 8/26) was scrapped after broadcasters and others deluged Capitol Hill with vehement opposition.

NAB said the group of senators known as the Mainstream Coalition has backed off the idea of funding health care reform by cutting tax deductions for advertising expenditures from 100% to 80%, with the remaining 20% to be amortized over time. The coalition had estimated that the change, which opponents characterized as a "tax on advertising," would have increased tax revenues by about \$40 billion over a 10-year period.

## One Eye Open

NAB, other media organizations, and the Association of National Advertisers all called on their members to contact key senators in an effort to halt the proposal. NAB spokeswoman Lynn McReynolds said senators contacted by NAB members signaled that they won't support it.

For now, the ad tax idea appears to have been dropped. But McReynolds noted that NAB plans to keep an eye on the situation as long as Congress continues to debate health care reform.

## Astor Enters L.A. With Country LMA

The pending sale of a suburban Los Angeles AC station promises to give the metro its second FM Country outlet.

Chagal Broadcasting, which is buying KMGX-FM/San Fernando from Buckley Communications for \$4.5 million (R&R 7/22), has entered into a full LMA with KIKF-FM/Anaheim owner Astor Broadcast Group. KMGX, which has applied for new calls, will begin a simulcast of KIKF's Country format on September 10. What makes the deal especially interesting is that both stations are at 94.3 MHz and interfere with each other over key areas of the market.

## R&R Observes Labor Day

R&R's Los Angeles, Nashville, and Washington, DC offices will be closed Monday, September 5 in observance of Labor Day.

## R&R Improves Weight Structure, Enhances Chart Information

Beginning with this week's issue, R&R is introducing further improvements to our music information. All song-based formats have updated their reporting station rosters based on the Spring '94 Arbitron results, and all station weights have been recalculated under a modified weighting formula that reduces the range between the weights of the largest and smallest stations.

R&R's revised formula is still based on important, generally accepted radio ratings factors such as average quarter-hour numbers and a station's turnover ratio (cumulative divided by AQH audience). It takes into account the size and strength of a station's audience, while maintaining a proper relationship between the audience and market size of all reporters. Reporters and weights will be evaluated quarterly, based on Arbitron results.

Our charts now also include the number of adds each song received, along with total stations. Top 10 Recurrents listings in all formats will debut next week.

Thanks to all our readers in radio and records who have helped us refine and improve our information so we can provide you with the most useful data available.

## Ohio Rape Victims Received Pre-Assault 'Radio Survey'

Youngstown, OH police, after months of investigation, have arrested one suspect in a series of "radio survey" rapes. In at least three of the six attacks under investigation, a male caller, ostensibly conducting a survey for a local radio station, questioned the victims about their marital status and whether they lived alone.

"Some people, without thinking, give out information they wouldn't otherwise give out just

because someone says they're conducting a survey," said Det. Sgt. Delphine Baldwin-Casey. She added that in addition to the juvenile in custody, there are several other men, all from the Youngstown area, who are also considered suspects. The police are awaiting the results of blood tests.

Baldwin-Casey said she's received about eight calls from

## KSFO/SF Goes All-Talk Via Capital Cities/ABC LMA

KSFO/San Francisco has dropped its Gold format in favor of local and syndicated talk shows under an LMA with Capital Cities/ABC, pending eventual transfer from First Broadcasting. All employees from the station's previous incarnation — including station icon Gene Nelson — have been let go, and the station now shares bayfront studios with market-leading N/T KGO.

KGO President/GM Mickey Luckoff, GSM Bill Bacigalupi, and OM Ken Beck have assumed similar responsibilities over the new acquisition.

KSFO will be anchored in mornings by former KOME/San Jose talent Jeff Blazy and ex-KHOP/Modesto personality Charlie Simons. The rest of the day's lineup: ABC Radio's "Fabulous Sports Babe"; KGO's Shann Nix hosting "Naked Lunch"; Westwood One's Tom Leykis; syndicated Laura Schlessinger; former SF TV entertainment reporter Emil Guillermo; and "best-of" shows in overnights.

The station will also carry Los Angeles Raiders football and has reacquired rights to Stanford

## Infinity Sues Capitol Over 'Fire Sale' Hoax

■ **Alleges fax prank damaged WLIF spot rates**

Infinity Broadcasting has sued Capitol Broadcasting for \$500,000, claiming that employees of Capitol's Soft AC WSSF-FM/Baltimore were responsible for hoax faxes offering \$50 "Fire Sale" spots on Infinity's crosstown WLIF-FM, a format competitor.

According to Infinity's suit filed in the U.S. District Court in Baltimore, the phony faxes were sent to ad agencies and major advertisers in Baltimore, New York, and Washington, DC. The faxes, which featured WLIF's "Lite 102" logo at the top and Infinity's corporate logo on the bottom, promoted a "Christmas In July Fire Sale" offering \$50 spots July 25-31 from 6am-midnight.

Infinity said some advertisers called to demand that WLIF-FM honor the terms of the faxes, and others "angrily demanded" to know why they had recently been charged much higher rates for spots. The suit said WLIF-FM discounted deals to placate some of the advertisers, but didn't spell out how much price-cutting was done.

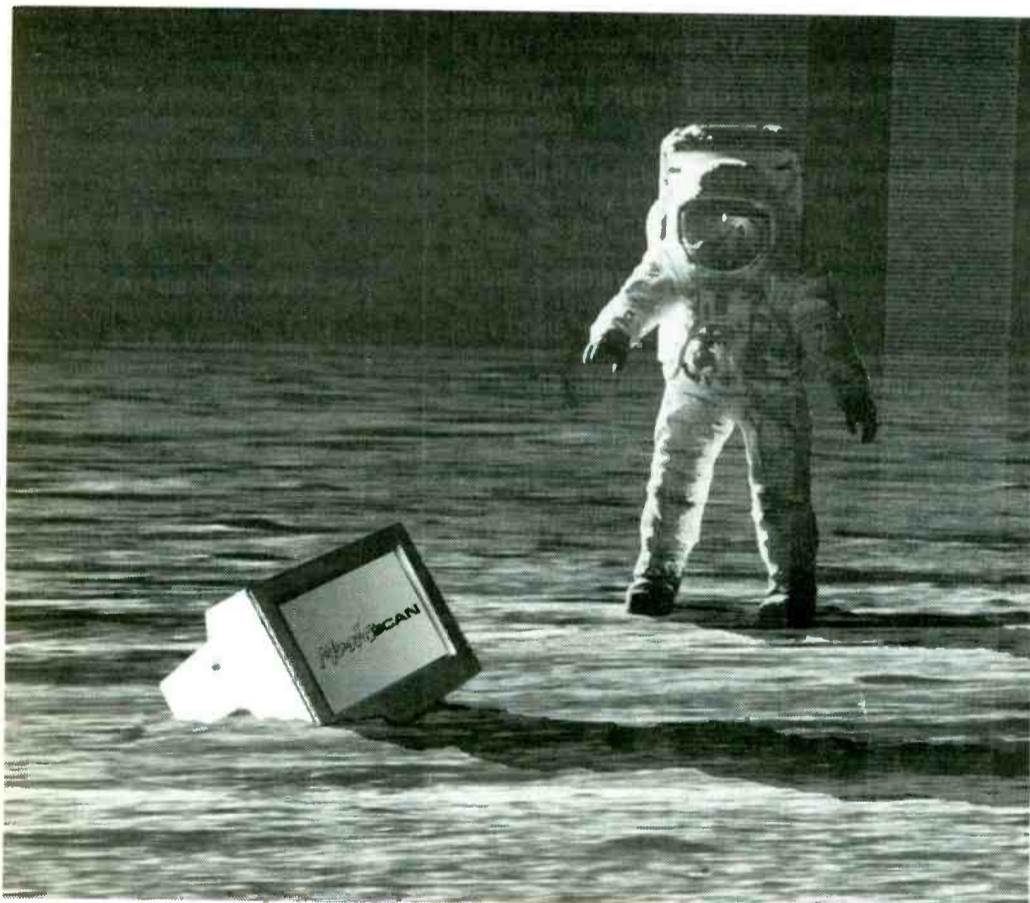

"The fire sale circular also created the false, embarrassing, and com-

mercially disparaging appearance that Infinity and radio station WLIF-FM had resorted to a 'fire sale' for radio advertising time and were suffering financial difficulties," the suit said. "Infinity has been forced to spend significant time and resources to address and attempt to correct this false impression."

### No Evidence In Filing

Infinity's court filing didn't say what evidence it has that the faxes came from WSSF employees. It did say Infinity has requested that Capitol correct the "misimpressions deliberately created" by the faxes, but that "Capitol Broadcasting has refused to do so."

Capitol has not yet filed a response to the lawsuit. Capitol President **Jim Goodmon** and WLIF-FM VP/GM **Ardie Gregory** hadn't returned R&R's calls at deadline.

Carts and reel-to-reel tapes remain, but only as computer screen icons in the newly remodeled newsroom at CBS Radio/Washington. The fully digital PACE (Personal Audio Computerized Editing) system, created by Corporate Computer Systems, is being used by both the CBS Radio Network and CBS's O&O Washington correspondents for all audio editing and feeds. Next in line for the digital overhaul is CBS Radio's New York newsroom.

## Las Vegas FM Hit With \$8000 Indecency Fine

The FCC has proposed fining Rock KKLZ-FM/Las Vegas \$8000 for broadcasting allegedly indecent material on its "[Ken] Johnson & [Jim] Tofte Morning Show" on two separate occasions in March.

A March 2 program, the FCC said, contained an "explicit, unambiguous reference to anal sex and sexual sound effects which, in context, are pandering in nature." The bit in question was a song about a "chocolate train" on a trip "to candy land."

On March 16, the station aired a program that contained "multiple explicit references to excretory and sexual functions in the context of a program segment — 'Men Are Pigs' — that describes and emphasizes base conduct and contains gratuitous comment," the Commission alleged. It featured a woman describing urination, ejaculation, and defecation by her ex-husband.

Station owner Southern Nevada Radio has until mid-September to respond. "Obviously, we don't agree with it," said Southern Nevada Radio President/GM Terry McRight. He said the company's board of directors will meet soon to decide whether to fight the fine or pay it.

## CBS Offer Oversubscribed

An offer made by CBS (NYSE: CBS) to buy back \$1.1 billion of its own stock at \$325 per share was heavily oversubscribed, so CBS will buy only 27% of the 12.6 million shares tendered by shareholders.

Loews Corp., which is headed by CBS Chairman Larry Tisch, tendered all of its 19.2% CBS stake and will be selling about \$265 million worth of stock back to CBS. Even with its stake reduced to 18%, Loews will still be CBS's biggest shareholder — and some Wall Street observers expect Loews to buy more CBS shares on the open market. CBS's stock closed Tuesday (8/30) at \$322.50, up \$3.50.

## Publisher Buys BRN, ASRN In \$3 Million Deal

The latest transfer of **Business Radio Network** finds the firm in the hands of Orlando-based **Sound Money Investors Inc.** (Nasdaq Small Cap: SMIV). It was sold as part of **American Sports Radio Network** in a cash and stock deal valued at more than \$3 million.

BRN, which will remain in Colorado Springs, has been a subsidiary of ASRN since last year. ASRN acquired it from the **Loo** family, which bought it in 1991 from Mi-

chael Lowrey and the late **Richard Faulkner**. The pair founded the all-business network in 1988.

BRN program host **Ed Taxin** will head all SMI broadcast operations. ASRN/BRN President/CEO **Richard Grisar** will continue in his present position. According to Grisar, this move will provide additional capital for growth by BRN and ASRN. "We will be looking to acquire radio stations in New York, Los Angeles, and Chicago."

SMI, headed by COO **Dick Howard**, publishes *Personal Investing News And International Money & Politics*.

"The same people who are reading these publications are also the ones taking off their shoes, having a beer, and tuning into business or sports news at the end of the day," says Grisar, noting the sales synergy with BRN and ASRN.

## Hard News On Soft Drinks

Much of the soft drink industry's advertising may be targeting the wrong demos, according to **Interep's** analysis of **Simmons** data.

The rep company found that heavy soft drink users are concentrated in the 25-34 and 35-44 demos, not the 18-24s frequently targeted by soft drink ad campaigns.

While soft drink companies are among the heaviest users of network TV, Interep found radio outperforms TV, cable, and newspapers for reaching cola drinkers (68% of total soft drink consumption). The top format for heavy cola drinkers is Country.

## Shepherd Now KSOL/SF GM

Ali Shepherd has been promoted from Station Manager to GM at "Hot Urban AC" KSOL/San Francisco. She fills a position which had been vacant since Crescent Communications bought the station (then KSRY) from Viacom five months ago.

Shepherd said, "I'm thrilled at the opportunity to take this exclusive format in the No. 4 market to the top. In a very short time, we've seen a need for such a format in this diverse marketplace."

Prior to joining KSOL, Shepherd had been GSM at KSFO-AM & KYA-FM/San Francisco, KROQ/Los Angeles, and KMEL/San Francisco.

## Ducas Learns The ABCs of CRS-SW

More than 200 people gathered in Dallas last weekend for the Country Radio Seminar-Southwest, the first regional convention presented by the Country Radio Broadcasters. Radio brass from seven states joined national and regional label execs as well as 11 artists for two days of panels and music. Here, Liberty recording act George Ducas (third from right) visits ABC Radio Network's hospitality suite, posing with (l-r) consultant Larry Daniels, ABC Radio Manager/Small Markets Stacy Csengery and OM/Country Mark Edwards, ABCISMN Country Coast-To-Coast PD Becky Wight, and network Manager/Communications Kim Richmond. Incidentally, CRS-SW's success has prompted the CRB to schedule a similar event for next year, probably in Charlotte in the early fall.

## South Florida's Upper Demo Format Flips

■ AC WTPX becomes Spanish AC; WAXY goes for the '70s Gold

The end of August brought format changes to two South Florida outlets. AC WTPX/Miami switched to Spanish AC, while crosstown '60s Gold WAXY jumped onto the '70s Oldies bandwagon.

New Age Broadcasting, which owns Spanish WXDJ/Miami, is expected to acquire WTPX in early October. Until then, New Age is operating the station via an LMA with current WTPX licensee Tak Broadcasting.

Among those exiting the station are GM Dick Penn and PD Jere Sullivan. Consultant Keith Isley currently oversees WTPX's programming, although a PD announcement is expected soon.

WXDJ GM Kim Abrahamson told R&R, "We wanted a sister Spanish station playing something a little bit softer. There's a market niche for the format, so we went for it."

### 10 Years After

Across town, WAXY has retained its management team of President/GM David Ross and PD Dave Denver, but discarded its calls in favor of WBBG as it shifts its Gold focus from the '60s to the '70s.

According to Ross, "The '70s give us a unique music position. This music will appeal to underserved 35-44s who are searching for a radio home."

The station has hired Linda Enery for middays and will soon debut a new morning show. Longtime WAXY talent Rick Shaw stays aboard primarily for off-air projects, but will do some specialty programs.

## Franklin Takes PD/AMs Job At WTQR

WCOF/Tampa PD Paul Franklin has left the '70s Gold outlet to become PD/morning co-host at Country WTQR/Winston-Salem, effective September 12. He fills the posts previously held by Dale Mitchell, who moved to Tampa last month to become WRBQ's PD.

WTQR VP/GM Howard Nemenz told R&R, "Paul fits into our situation as well as anybody could. He's a native Carolinian who's worked in Charlotte, so he's familiar with our audience's lifestyle. He understands the nuances that are so important to a great station like WTQR. Plus he brings vitality and the sense of leadership this station deserves."

Franklin commented, "The chance to program country music at a legendary station in my home state was just an offer I couldn't refuse. I'm blessed to be jumping from one great station to another."

Prior to joining WCOF last year, Franklin spent six years at WSOC/Charlotte, most recently as Asst. PD/MD. His background also includes stints at WLIT & WCKZ/Charlotte and WZZU/Raleigh.

other women who, although they weren't victimized, were phoned by men conducting a radio station survey. She said the only station mentioned was "CD106," an apparent reference to WNCN/Niles, OH.

## UPDATE

### KGfJ/L.A. Adopts 'Sweet Inspirations'

Heritage Urban Gold KGfJ-AM/Los Angeles has adopted a Gospel-themed format dubbed "Sweet Inspirations." According to VP/GM Bill Shearer, KGfJ's programming will mix "positive messages and information with inspirational music."

"There's a great opportunity to present positive programming in this city," Shearer said. "We're optimistic our new format will service a population seeking an alternative outlet. We plan to keep our programming and outreach geared toward the needs of the community."

Artists featured on the new format include Sounds Of Blackness, Al Green, Earth, Wind & Fire, Stephanie Mills, and Andrae Crouch.

### Public KNOW-AM Unveils All-News Format

Minnesota Public Radio's KNOW-AM/Minneapolis has launched a 24-hour all-News format that closely resembles the tightly structured, clock-driven programming of its commercial formative peers — without the commercials. The station, which previously simulcast co-owned KNOW-FM's long-form information programming, enters a Minneapolis-St. Paul market that currently has no commercial all-News outlet.

"By duplicating KNOW-FM on AM, we were missing an opportunity to present another program choice for radio listeners," commented MPR President Bill Kling. "With this complementary headline news programming, we expand our news franchise while capitalizing on one of our strongest resources — the largest broadcast news staff in Minnesota."

The new format includes local and regional news reporting, national and international news coverage from Associated Press, business news updates, sports updates, and consumer, medical, and entertainment features.

### UPI Ups MacIntyre To Sales & Marketing VP

United Press International Director/Marketing Ronald MacIntyre has been appointed VP/Worldwide Sales and Marketing. He replaces L. Thomas Adams, who resigned for medical reasons.

MacIntyre, whose promotion makes him a part of UPI's senior management team, will continue to work with the company's product development group. Before joining UPI last year, MacIntyre served as a strategic planning, marketing, and sales consultant in the information technology industry.

## Ginther, Roberts Promoted At KFAN

KFAN-AM/Minneapolis Exec. Producer Mark Ginther has been promoted to PD of the Shamrock Broadcasting all-Sports outlet. Ginther succeeds Lorna Gladstone, who left the station six months ago. Sr. Producer Jack Roberts has been tapped to succeed Ginther as Exec. Producer.

"Mark is a tireless, dedicated, and passionate worker. He's absolutely proven that he is ready to lead the programming department," commented Station Manager Dan See-

man. "He has earned the respect and support of everyone he works with. He will be an outstanding leader."

"I'm very excited to participate in KFAN and Shamrock Broadcasting's continuing growth in the Twin Cities," said Ginther. "We have an outstanding group of people committed to make 'The Fan' a success."

Prior to joining KFAN, Ginther worked at WCCO-AM/Minneapolis and KFTQ/Alexandria, MN.

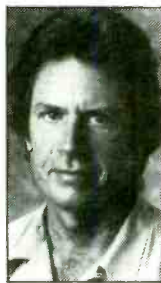

## Jerden To Atlantic As VP/Producer

Rock producer Dave Jerden has joined Atlantic Records as VP/Producer. Based in Los Angeles, he'll produce exclusively for the label and sister firm Elektra/East-West America. He joins staff producers Arif Mardin in New York and David Foster in L.A.

Calling Jerden "one of the most innovative and successful producers

in the industry," Atlantic President Danny Goldberg said, "He has set sonic standards with his ground-breaking work, in the process redefining what is 'commercial' in the '90s."

Jerden produced both of Jane's Addiction's major-label LPs and Alice In Chains' "Dirt," as well as sets by Anthrax, Social Distortion, Mary's Danish, and Public Image Ltd. He recorded and/or mixed the Rolling Stones' "Dirty Work," the Talking Heads' "Remain In Light," and the Red Hot Chili Peppers' "Mother's Milk."

# “They Really Tune Into Our Needs.”

—Julie E. Roberts, Marketing Director  
WMAQ, Chicago

“What I appreciate most about Communication Graphics is how they’re able to tune into our programming needs. Not many suppliers can understand something as complex as that.”

“CG also solves problems for us we didn’t know we had. It’s a true partnership, and I guess that’s because their focus is on total customer support.”

“We recently had a truckers’ strike, and there was no way to get our stickers to our client’s distribution center. But CG held our hand and helped us solve the problem quickly. When it comes to sticker production, they’re head and shoulders above the rest.”

## 'ZINE SCENE

### Morgado, Azoff & Berry: Big Biz Buzz!

"A lot of people had speculated whether Bob had full control over his label executives. These latest moves clearly demonstrate he's running his own show." That's Sony Music Enterprises Chairman Michael P. Schulhof commenting on Warner Music Group Chairman Robert Morgado, who merits a full page in *Business Week*.

Morgado himself addresses the antitrust probe into the group of record companies he's leading in a challenge to MTV: "Do you know anyone else who would be willing to spend \$100 million to start a music channel?" He adds, "This is not about MTV; they're only part of the problem."

#### 'Forbes' Focus On Moguls

*Forbes*' "Faces Behind The Figures" page spotlights Giant chief Irving Azoff (for organizing the Eagles comeback tour) and Virgin label head Ken Berry. Says Azoff, "I don't deny the financial motives [behind the tour]." Berry recalls, "Everyone was expecting Virgin to collapse." He notes that even with the label's big successes, "I'm still wearing my tennis shoes."

#### Jackson Action

Michael Jackson had a team of architects out to Neverland to draw up plans for a separate residence for Lisa Marie and her two kids (*National Enquirer*)... The judge who married MJ and wife tells the *Globe* all about how passionless they were: "They are not a young couple in love"... In what the *Star* calls an exclusive interview with Jackson and J. Randy Taraborelli (his "noted biographer"), the singer reveals nothing new... MJ and Paul McCartney are writing together again! They're working on tunes for a movie via phone (*National Enquirer*).

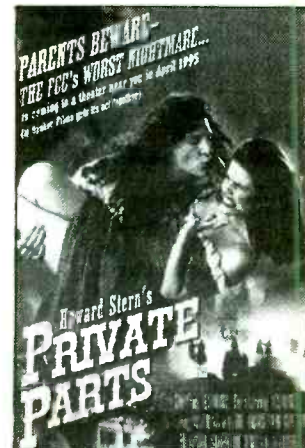

#### Fantasy Romance

"America right now is being bombarded with reality, whether it's talk shows or rap or trials on TV or C-SPAN," says Motown President Jheryl Busby, quoted in *Time*'s full-page story on Boyz II Men. "This is a group that once again is introducing us to fantasy. Love affairs. Romance."

Travis Tritt is thrilled that his new touring trailer once belonged to Burt Reynolds and Loni Anderson. "I haven't found any of Loni's bras or panties yet, but I did find one of Burt's hairpieces," he likes to boast (*Globe*).

#### Emperor + Goddess

"When Dylan got backstage, it was like the Emperor arriving. They even told Tom Arnold to get out of the way" — Blind Melon singer Shannon Hoon in *Entertainment*

**SOFTCOVER 'PARTS'** — Here's what the forthcoming softcover version of Howard Stern's "Private Parts" looks like, courtesy of Newsweek. It's a mock poster for the proposed film adaptation. The book also includes an essay contest that invites readers to "in 25 words or less, stroke Howard the right way" to win a walk-on in the film.

Weekly's all-Woodstock special issue.

"Pot kind of takes the lid off things," says Chris Barron, the THC-positive singer for *High Times* cover band the Spin Doctors. "And you never know what's under that lid. It's up to her. The Goddess decides."

#### Woman's World

Read all about Melissa Etheridge's happy life with partner Julie Cypher in *People*. Cypher, who was married to actor Lou Diamond Phillips when she met Etheridge on a music video set, is about to make her directorial debut with "Teresa's Tattoo," a film starring pal K.D. Lang. Cypher and Etheridge plan to become parents, but the singer says, "I'll keep the how we're gonna have kids to ourselves."

Whitney Houston has put husband Bobby Brown's trashed \$3 million Atlanta party palace on the market, say the *Star* and *Globe*. Her publishing company picked up the note a while back and she's tired of paying his bills.

The *Globe* reports on the "sizzling summer affair" between Sylvester Stallone and Madonna. He allegedly told pals, "Madonna is the wisest woman in bed I've ever known. She'll do anything."

#### Very Very Barry

Harper's paged through "Barry Manilow Fan Clubs 1994," a directory published by a multinational fan group, to find some of the clubs' names. They include Hogwild Over Barry, Mile High For Manilow, Hot Tonight For Barry, Manilow Maniacs Of Maryland, Brooklyn Bum Lovers, A Streetcar Named Barry, and Barry All The Time.

### Alden Sues TW, Wants Elektra Gig Back

**F**ormer Elektra Sr. VP/Promo **Rick Alden** has filed an age discrimination suit against **Time Warner** in a New York U.S. District Court. Alden, 42, is asking for \$2 million, his old job back, and back pay on his \$500,000-a-year salary, which included stock options and other benefits.

The suit claims that Alden's contract wasn't picked up in July 1993 because the label was looking to hire "young, aggressive" promotion people.

The complaint also contends Alden was replaced by someone 15 years younger who lacked the experience of overseeing a large promotion department. Alden; his attorney, **Stuart Abrams**; TW; and Elektra unanimously declined comment.

#### Einstein On The Beach

**WHFS-FM/Washington-Baltimore** midday maven **Damian Einstein** has taken an abrupt leave of absence, citing "a hostile work environment, the continued lack of compliance with our conciliation agreement, the company's unwillingness to work with me and, instead, work against me."

GM **Alan Hay** said he was completely surprised by Einstein's exit, and denied all allegations of mistreatment. "He's been treated the same as all other employees; we have a positive and fair work environment."

Einstein — who has a speech impediment resulting from an injury — won the right to remain on the air at WHFS when he filed a complaint against then-owner **Duchossois Communications** with Maryland's civil rights agency several years back. The station has since been sold to **Liberty Broadcasting**.

Nine-year **WLUP/Chicago** vet **Garry Meier** exits, turning down the Loop's offer to do nights after **Danny Bonaduce's** planned September 6 shift into Meier's midday slot. **Bonaduce** cops the midday nod a little earlier than planned.

**Giant Mgr./NE Regional Promo** (and former **WSIX/Nashville PD**) **Eric Marshall** joins **KKIX & KKZQ/Fayetteville, AR** as OM of the combo and PD of **KKIX**. PD/morning star **Leny Fox** becomes APD and will spend more time concentrating on his morning show.

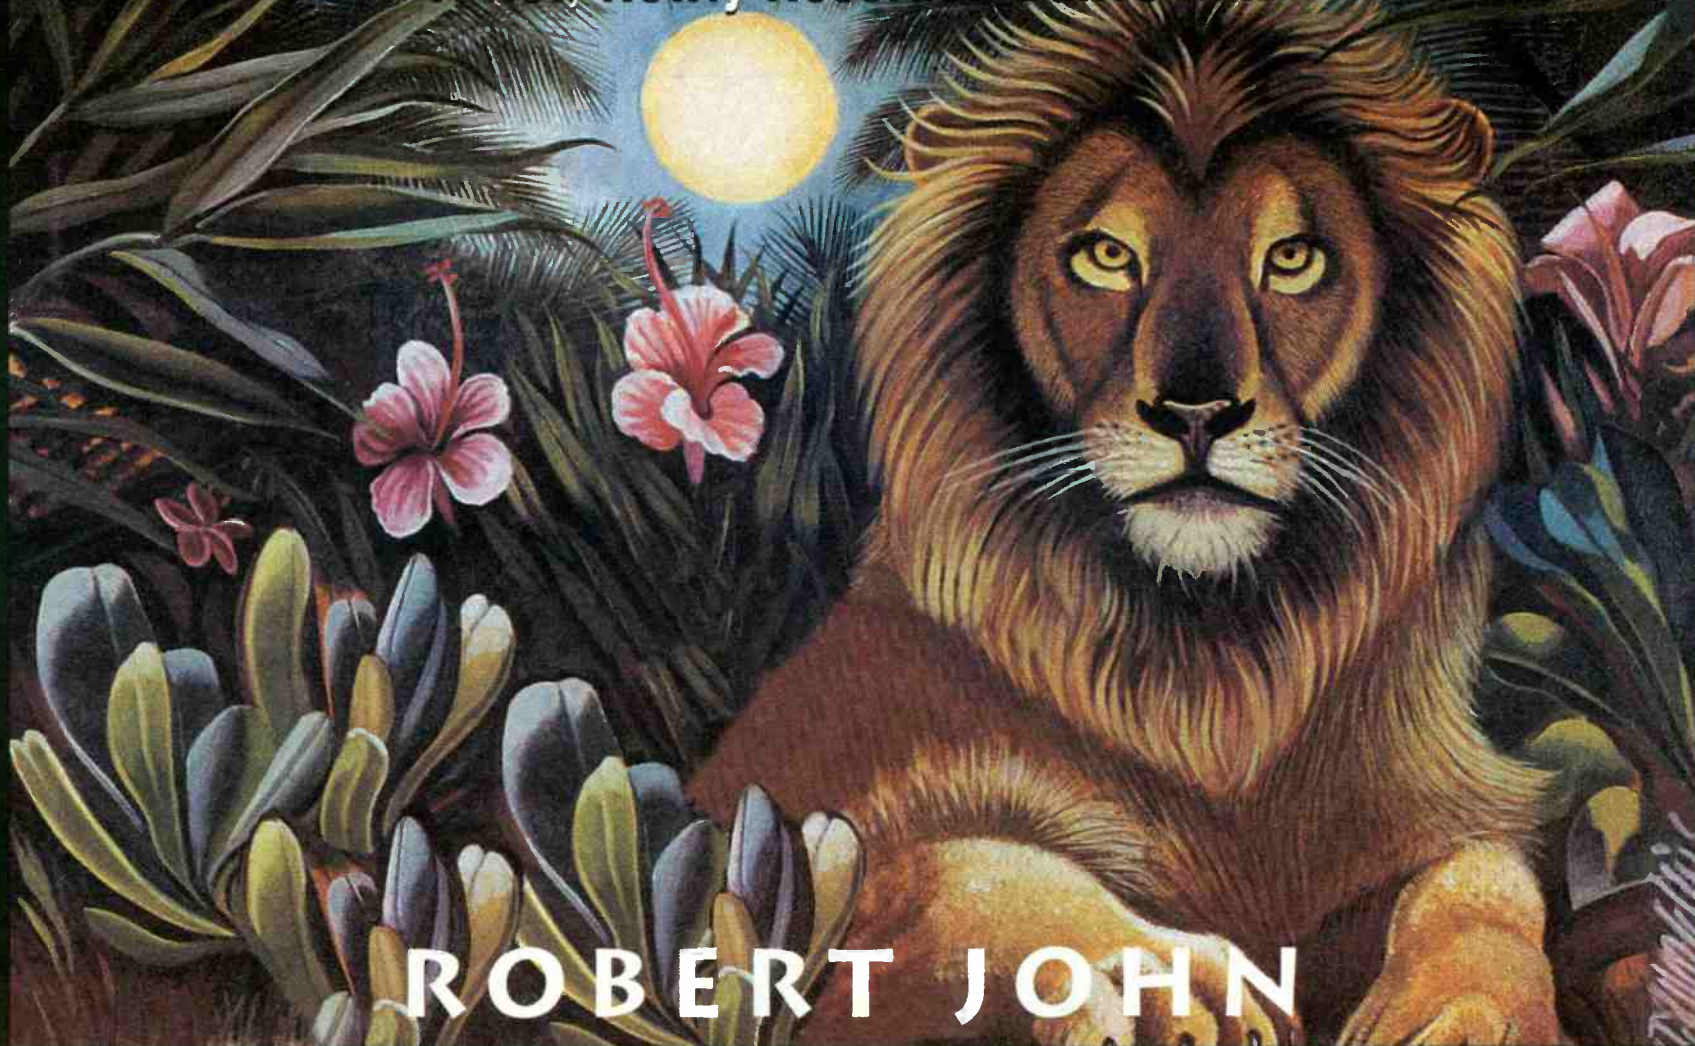

**Zapis Communications** buys **WRKU-FM/Grove City (Youngstown), PA**, creating a duopoly with recently acquired Country **WHTX-FM**, and will operate the Rock outlet under an LMA, starting this week. **WRKU** GM **Sandra Doolittle** adds similar duties at **WHTX**.

In a heartfelt display of the welcoming spirit that's part and parcel of the American mindset, Rocker **WIOT (FM 104)/Toledo** staged a "Refugee Raft Race." Sr. VP/Marketing for the group and report to Galante, while Howie will be VP/Sales, reporting to Goodman.

Howie will be in place within 30 days; Goodman and Galante will follow when the transition is complete.

**Request Granted**

Galante will continue to act as RCA President until "a successor has been named and a smooth transition ensured," according to a label press release. Galante reportedly requested a return to Nashville while negotiating his recently signed five-year pact with the Bertelsmann Music Group.

BMG Chairman/CEO Michael Dornemann commented, "Joe's decision to return to Nashville is a sound one. He has laid a solid foundation for RCA Records and will certainly be successful in expanding and improving the label's country music division. I commend Joe for his accomplishments and look forward to his continued success."

Galante said in a prepared statement, "I look forward to focusing on expanding RCA's presence in Nashville and once again making us the premier country music division. The past four years, I have retained my title as President of RCA/Nash-

ville while working toward establishing the contemporary division as a key player in the industry. I will move on to Nashville with a feeling of accomplishment and pride."

**Future Changes**

Asked about his plans for RCA/Nashville, where Thom Schuyler heads the label and Ric Pepin leads BNA, Galante told R&R, "A reorganization plan hasn't yet been put together for Nashville. During CMA week [in early October], we'll meet with label principals, artists, and managers to get a sense of the organization as it exists, and we'll build from there. Our goal is to do the best we can for our artists and be the best in the country business. I realize the marketplace has changed dramatically and there are a lot more labels in town. But that's OK — it's the record business."

Galante noted there was room for expansion at RCA Records Label Group/Nashville, though "not for another country label at this point in time."

Galante began his career with RCA Records in 1971 and transferred to Nashville two years later. By 1977, Galante was Director/Nashville Operations, and in 1982 ascended to President of RCA/Nashville, becoming the youngest man ever to lead a major record company's Nashville office.

RCA's National Promotion Field Director, which followed a 10-year Elektra tenure in which he rose from a local Miami job in '79 to Sr. National Director/Pop Promotion by '87.

Johnson has been Sr. Director/Pop Promotion since joining Giant in 1990. She started at A&M as a college rep, then worked at Arista and PolyGram before joining Epic for a three-year stint that culminated in a Director/CHR Promotion title.

Regarding Silver's appointment, Giant owner Irving Azoff stated, "Giant walks the fine line between small and big record companies, and we wanted a CFO who can help us maintain that balance. Larry has a great understanding of the record business and will make a great contribution to Giant."

Silver started his music career at Elektra in 1981 and assumed the job of Comptroller in 1990. He went to Virgin that year as VP Finance/Comptroller and returned to Elektra in '92.

others on standard broadcast months. July figures were adjusted to account for a five-week broadcast month this year, as opposed to last July's four-week period.

This year's 11% January-July revenue growth reflects a national spot gain of 12% and an 11% local revenue increase.

Astor commented, "In a market like Southern California, there's certainly room for a couple of Country stations. KZLA's a little more 'Urban-Country,' and we're a little more folksy — we emphasize the personalities and do lot of events. We hope there's enough of a difference that people will listen to us for what we are.

May also helps make the second quarter — comprised of April, May, and June — radio's strongest of the year, accounting for 27.9% of all revenues. The first quarter is radio's lightest period, with 20.5%.

The analysis also notes that the dropoff in revenues from December to January improved to 31% over the last five years, compared to 33% in the five-year period ending June 1992.

**KGTR/New Orleans Becomes NAC KLJZ**

Radio Equity Partners transformed "Gator" Country KGTR-FM/New Orleans into NAC KLJZ last Friday (8/26). Tom Kennedy, GM for duopoly partners WNOE-AM & FM, adds the top position at KLJZ to his duties. The station, which kicked off the new format with a two-day jockless Kenny G marathon, kept its airstaff intact and

added them to the format mix on Monday.

PD Ted Stecker told R&R, "We felt NAC was a natural choice because the format is about to explode nationally, and it fills a wide-open hole in this market. Plus it makes a great duopoly sales match with WNOE."

**KIKF**

Continued from Page 3

Astor President Art Astor told R&R, "The stations are close channels — only 45 miles apart — so we'll be able to simulcast and synchronize the two signals wherein we won't be fighting each other. You'll be able to get us clearly from San Clemente to Santa Clarita; we'll probably cover about 85% of [the

L.A. metro]. Most importantly, the areas we'll cover extremely well are hot spots for Country listening — the Valley, West Los Angeles, and Santa Monica."

Astor VP/Programming Craig Powers, who will serve as PD at both stations, said engineering studies have predicted the simulcast will enable 8 million new sets of ears to hear KIKF's programming.

## WPST Trumps Trenton

■ 'Irreverent' station takes No. 1 12-54 honors — on no budget

How did Nassau Broadcasting Pop CHR WPST (95.7)/Trenton score top honors 12-54? "No budget, just creativity," says PD/midday personality Michelle Stevens.

"We get all the support to do whatever we want from [GM] Joan Gerberding. She has a true '90s management style and the vision to let us be creative. That doesn't include money for contests and marketing tools, however. We even had a college student do the artwork on our bumper stickers because we didn't have a dime to spend."

### 'Anti-Radio Edge'

"That's why the position we've taken on the air — kind of an irreverent, anti-radio edge — is summed up in the statement, 'It's the music that matters.' No bells, whistles, or lasers — just a lot of MTV-style production, which has served to underscore WPST's evolution over the last year or so into a more street-oriented, listener-aware radio station," says Stevens.

"The overall image is reflected in the live content, promos, and pro-

duction. For example, the contests are irreverent. Not just 'call in to win this or that,' but things that reflect our irreverent approach and make people talk. For example, we did this 'Hair Club For Men' bit in mornings, and Eddie Davis gave away hair — pieces of other people's hair. We had tons of faxes and street talk about it."

Sometimes, WPST's bits raise a real stink. "Eddie asked listeners to mail him the largest fish they could find. More than 100 fish were mailed in, and the people from the Post Office, UPS, and Federal Express were furious over the smell. Our lobby was pretty fragrant too. The biggest fish was a 66-pounder [see photo], but the idea of it all really attracted a lot of attention. We've even done a 'World's Largest Meatloaf' contest for backstage passes to see Meat Loaf. There's no end to the fun you can conjure up without a budget."

### Musical Evolution

Stevens explains, "The station has always been a bit left-of-center and off-base, so it's got that kind of heritage. We've never been really heavily into dance music, so when we saw the market's tastes really swinging to the pop side — especially with the Alternative crossovers — it just made sense to deliver what they wanted to hear."

"We're going to stay involved and listen to the street, which will set our

course and help us reflect the tastes and attitudes of the times. After all, who's to say what's going to be big tomorrow? We're just reflecting what's happening today."

"While you can't beat talking to listeners for the real story, I make it my business to read the local papers too, and *People*, *Rolling Stone*, *Spin*, and *Entertainment Weekly* give me insights into national attitudes. We've done some research at the colleges, but being at clubs seven nights a week, we get some real qualitative research."

Stevens gives a lot of credit to MD Dave McKay, who recently added APD duties. "He's got some of the best ears in the business. We're always watching MTV for new videos and lifestyle changes, but we're often ahead of them on new music. Being so close to the active music scenes in New York and Philly, we're quick to spot action at retail and on the phones. We just use our guts and the station's sound as guidelines."

**The position we've taken on the air — kind of an irreverent, anti-radio edge — is summed up in the statement, 'It's the music that matters.'**

### Beating Stern

Though it competes with more than 60 signals from New York and Philadelphia, this suburban Philadelphia station grabbed No. 1 ratings in every daypart. "In half of the market we hear Z100, and in the other half it's Y100/Philly, so we battle them both. Eddie Davis beat Howard Stern's combined numbers on WXRK/New York [2.2] and WYSP/Philadelphia [7.2] in this book with a 12.7. We even moved [12+] 1.4-1.7 in the Philly book."

### On-Air Hijinks

In keeping with that statement, Stevens gives her airstaff a lot of freedom within the formatics. "I always tell them, 'Challenge yourself to be creative over the intro.'"

Eddie Davis has a three-ring circus happening every morning. Some of his features include:

- A "Gender Bender" game where listeners answer questions about the opposite sex for prizes
- Comedians co-hosting the show on Wednesdays
- "Drive-By Dating" — a listener stands on a corner with a sign and waits for another listener to "drive by" and agree to a date.

During her 10am-2pm shift, Stevens has an "All-Request Lunch Hour," a "Stressed-Out Secretary Of The Day," and the "Mystery Tune Club."

## PROGRAMMER PROFILE

### The Michelle Stevens Report

Age: 25

Marital Status: single

Career moves: Joined WPST as an intern in 1987, rose to parttime air talent, MD, APD, and finally PD in August 1992.

Favorite stations: KROQ/L.A., Z100/NY, B97/New Orleans.

Favorite PDs: Kevin Weatherly, Steve Kingston, Scott Wright.

Favorite jocks: "Elvis Duran from Z100, all of my guys, and 95XXX/Burlington night jock L.A. Reid, who also does the voicework at WPST."

Favorite part of job: "Hearing WPST when I'm out in the public, and making the community a better place to live with our charity work."

Least favorite part of job: "The hours. I've been able to shave my usual 12-15-hour days down to a reasonable eight or nine occasionally."

Hobbies: Bicycling, running, anything athletic, movies, and radio.

Afternoon Andy Gury works the phones heavily for audience bits. He's also heavy on entertainment news.

Among Brian Douglas's nighttime repertoire are the 7-8pm "Street Buzz" — in which he talks briefly to listeners on a range of subjects —

But Stevens says it's 'PST's major role in community affairs that sets it apart from everyone else in the market. "From feeding the homeless in the Trenton Soup Kitchen, to a 585-mile bike ride I went on recently — it raised \$250,000 for the homeless and runaways — we're there to have fun and serve our community. That's one of the best parts of this station."

"You see, I not only work here, I grew up with the station, so it's very much a part of my life. We're proactive and passionate about things, which makes us such an easy advertising buy, locally. Our listeners communicate to us on the air and through our interactive listener feedback line, where they can vote on music, learn what movies are playing, check out upcoming concerts and WPST events, or just give us some of their feelings about what we do and how we do it. It's that listener vibe that's responsible for WPST's success — and our ears are always open wide."

"The Top 5 At 9," "PST Personals," and "Lie Your Butt Off."

Late-nighter Joel Katz lends his dry sense of humor to writing creative sweepers and promos. Stevens calls overnighter Mike Kaplan "a great team player who helps the morning show with location appearances."

**FISH TALE** — WPST morning man Eddie Davis (c) challenged listeners to mail in the biggest fish to win a \$1000 shopping spree. He savors the bouquet of the prize-winning 66-pounder with news personality Jane Dunigan (l), and producer Chasin' Jason (r).

## Current-Intensive Rotation

PD Michelle Stevens believes the future of WPST/Trenton and the format lies in exposing new music. "Look at all the stations that play the same old titles over and over again. There's no future in that."

"There is a future in finding new hit music that puts your station at the forefront of your active listeners' minds." So WPST focuses on "the music that matters." With six-minute stops just twice an hour at :20 & :42, the station sweeps about 30 minutes before stopping down again. Here's a look at WPST's music systems:

### Currents

- As: nine titles; three-hour rotation 2-2½ hours at night
- Bs: 25 titles; four-hour rotation with lots of dayparting; 2½ hours at night
- Cs: six to nine new titles; rotating one per hour
- Ts: small handful of titles in test rotation; one per hour.

### Recurrents

- Power Recurrents: 12 titles; about six-eight-hour rotation
- Recurrents: 25 titles; 12-15 hour rotation

### Gold

- About 150 titles between the following categories:
- Fs: Power gold
- Gs: 'Oh Wow' flavor titles
- Hs: Older gold

## Rock's Direct Effect On Retail

■ Three views on the significant correlation between radio airplay and sales

The association between radio airplay and record sales has always been apparent. In this column, I'll focus on industry vets who strongly believe in radio's ability to send records flying off the retail shelves.

### Win-Win Situation

WDHA/Morristown, NJ PD Lenny Bloch says, "We've had a long, wonderful relationship with the largest retail chain in New Jersey, Compact Disc World. The head of the chain is an energetic, music-loving, radio-loving guy who's always been more than willing to work with us. They have nine stores in our coverage area.

Lenny Bloch

"One of the ways we work together is with a program called the Weekly Eargasm: We highlight one of our artists in heavy rotation, [promote it as] the Weekly Eargasm, and mention the special price at the store. We see sales results almost instantaneously. In fact, a week hasn't gone by when the Eargasm hasn't sold more units than normal. It's a situation that works for both the chain and the station — they sell more, and we highlight one of our

They all include various pieces of research, including our gut. While we're early or out-of-the-box on most records, there have been occasions when we've been unsure of something, but we've added it because of sales. Sales can inspire and influence our decisions to some degree."

### Format Supporters

A record company's livelihood depends on sales, so promotion execs are acutely aware of radio's role in generating retail action. "There's been a bias against Rock from a record company's perspective for a long time," admits Island's Sky Daniels. "On one hand, it was well deserved because most stations averaged 15-20 plays per week on any given track, which is insufficient to stimulate sales. But the emergence of many active Rock stations with high current percentages — some as high as 70% — and hot rotations has started to challenge that old perception. This type of station breeds more active consumers interested in new music."

Sky Daniels

Daniels says those active Rock stations provide a more accurate early indication of a new record's potential. "In the first few weeks of a new record, I don't necessarily want to put a band like the Meat Puppets in the hands of programmers who'll only give it three plays a week, then tell me I don't have a record. I want to put it at a station whose light rotation is 15-20 times a week. Then I

can be assured that if a record starts to happen, we have something to talk about — both to the rest of the panel and with our own sales staff.

"Many stations are acutely aware of their relationship with record sales and breed a more active, current listener. WIYY/Baltimore has an interactive telephone service that listeners call to purchase music they hear on the station. WAVF/Charleston is a station that'll commit to a band very early. They were the first in any format to commit to the Meat Puppets, and their airplay showed me there was something going on with 'Backwater.' WXTB/Tampa always activates records in their market to where you see the results of their airplay."

Daniels notes that while the Meat Puppets have been cited as major influences by many current artists in

“

**The good thing about the Rock base is that they go to concerts and support artists' careers — sticking with a band from album to album.**  
—Sky Daniels

”

the Alternative universe, their new record was, ironically, embraced most actively by Rock. "With the Puppets, we saw what multifaceted support could do for a band. College was in on this band very early, and Alternative did its part, but Rock — surprisingly and overwhelmingly — really hammered

**ROCK'N'ROLL UP YOUR SLEEVE** — KLOLI/Houston's 10th annual blood drive consisted of seven days of live broadcasts from 14 area malls by traffic master/blood drive spokesman Lanny "O-Positive" Griffith (l) and afternoon personality Outlaw Dave Andrews (r). 'Backwater.' It'll probably be one of the Top 5 rotation tracks of the year at the format — who would've thought that possible a year ago?"

### Rock's Retail Base

What is Rock's sales potential? Daniels speculates, "About 300,000-400,000 units on a pure Rock project uniformly supported by the format. The good thing about the Rock base is that they go to concerts and support artists' careers — sticking with a band from album to album. They're not just interested in that last hit. With the latest Melissa Etheridge album, we probably sold 400,000 units from Rock and Progressive [airplay] on the first track alone."

Geffen's Alan Oremán adds, "The first Jackyl record sold a million units strictly off Rock radio airplay. We had a smattering of CHR stations and some MTV exposure, but the success of the band is mainly

Alan Oremán

because of Rock. White Zombie is another band whose success is due to Rock. We had a considerable number of sales in markets where radio played the record. MTV started the buzz with 'Beavis & Butt-head,' but when rock stations came on board, we noticed a tremendous turnaround in sales. There was definitely a direct correlation. The record gained a lot of momentum, and we

“**The format is healthier now than it's ever been because programmers are taking some risks and are more open to playing new music.**  
—Alan Oremán

” ended up selling over a million pieces.

"Nirvana started at college and Alternative, but obviously it's crossed over to Rock and CHR. It was a difficult record to get played at the time because it was a new sound. However, it was very sales-driven, just like Green Day and Offspring are today. Although Rock radio now is more open to playing Alternative crossover records, if a record sounds foreign or a little too left-of-center, it does take a big sales picture to convince radio to take the record seriously."

### Rock Starts

"There are still many bands who owe their success to Rock radio. Candlebox, Stone Temple Pilots, and Collective Soul all started out at Rock, then crossed to Alternative. Records that start at Rock and cross over, or vice versa, obviously end up being the biggest records in a shorter amount of time. But there are still Rock-only success stories, like Jackyl and White Zombie. Touring is also a major factor."

While higher rotations for currents certainly help the record companies' cause, Oremán thinks it's a positive development for Rock radio as well. "I think the format is healthier now than it's ever been because programmers are taking some risks and are more open to playing new music. The 18-34-year-olds want to hear the new music coming from Alternative radio. It's the most exciting music right now, and it's flourishing along with bands like Aerosmith, Jackyl, and Tesla, which balance the Alternative music."

**LOOKS LIKE A WINNER** — WAQX/Syracuse's second annual celebrity lookalike contest yielded some strikingly similar-looking star clones. Four finalists — the faux Chuck Norris, Liza Minelli, Willie Nelson, and Madonna — are seen here with morning personality The Fatman (l) and first-place winner, Mr. "Crocodile Dundee" himself, Paul Hogan (or a reasonable facsimile thereof).

“ heavyies. The Eargasm is totally driven from our end. We choose the artist to spotlight, check that the artist has enough stock, then do it."

Conversely, Bloch's relationship with the retailer provides Bloch with an important research tool. "The chain gives us sales information on a two-tiered level: on the chain as a whole, and for the store that moves the most units. We use that information just like any other piece of research. It's one of the elements that helps us decide where the music will go rotationally, but it's not a strict barometer. For example, if an artist is going down in sales, we don't automatically bump it down or out of rotation. Our decisions are never based on just one element.

# KDLE Fills Void In Wichita

■ After three-year format absence, Power 93.3 debuts with ratings success

After a three-year void of Urban stations in the Wichita market, KDLE (Power 93.9) debuted in late May. Two key players in the station's launch — PD/MD Mat Mitchell and consultant Lyman James — discuss the strategy behind the city's newest kid on the block.

### Playing Positive Music

Mat Mitchell

KDLE made the Spring '94 Arbitron with just one month under its belt and still managed to eke out a 0.9 share 12+ (Monday-Sunday, 6am-midnight). "Power 93.9 is set to explode," says James. "In the past, Urban radio in Wichita has had

ratings success, but failed to make an impact in the advertising community. With KDLE, I expect both ratings and revenue success.

"Since the demise of [UC] KBUZ in 1991, the only outlet for urban has been CHR KKRK, which tends to play mostly teen-oriented records and the top crossover songs. Our goal is to deliver adult-oriented ur-

ban music, not to be the new KBUZ. Instead, we're programming positive urban music for the masses in Wichita while targeting adults. You'll hear a mix of Aaliyah, Toni Braxton, Babyface, along with an hourly jazz cut and the most familiar adult gold."

The 25,000-watt facility is Mitchell's first programming gig. Radio fever runs in the family — his father is KKRK's GSM. "This is a big opportunity for me and everyone who works here," admits Mitchell, who

work in a positive way for the good of our community."

### Finetuned Music Image

When James and Mitchell talked about signing on KDLE, the two

shared ideas about the station's focus. Says Mitchell, "Our target audience is females 25-34. Our secondary target is males 25-54. Because the station is owned by Yes Inc., a religious organization, we knew we would have to be very selective about the music we would play as far as lyrical content. We didn't want to limit ourselves to just urban music. What about all the songs from back in the day like smooth jazz tracks or Motown?"

**POWER 93.9**  
Wichita Rhythm of the City

also does middays. "The format has been missed by Wichita, and we have the chance to make our presence felt both by the community and in the ratings. If we concentrate on more than just the music with our presentation to the public, we have a better chance of succeeding. We need to listen to the people, not just talk to them like we're always transmitting and not receiving — that's not going to work. We must

"For example, we feature two shows during the workday: 'Soul Train Hall Of Fame' — which spotlights various Soul Train artists — and a funk show called 'The Funk In The Trunk,' which kicks off at 5pm for drivetime. These are songs people haven't heard in awhile, and they say, 'Oh my goodness, I remember what I was doing when . . . It's the kind of response we want from our audience, and we get that through our music variety — gold mixed in with currents. It's a mix that's incredible.

"Another issue was the earnestness of our community involvement. That meant we weren't going to do promotions just for the sake of being able to have a promotion given to us. In this market, no one has taken the first step to be independent of doing promotions that might not be in the best interest of the people who live in this community."

### Staff & Presentation

KDLE wants to emphasize the ideal inherent in its positioning statement, "Put Peace On The Streets Of Wichita." Says Mitchell, "A good example of our philosophy was 'A

How does the station cover a 24-hour period with only three people? "AutoLock," explains Mitchell. "We record the voices we use during the day. # 'Everything In No Particular Order'

■ Progressive or Alternative, WXRT still sounds unlike anything else

WXRT/Chicago is one of those stations that simply defies categorization. Nearly three years ago, 'XRT joined R&R's Alternative panel because it had little in common with its fellow AOR reporters. This week, the Diamond Broadcasting outlet moves to its new home on the Progressive panel, a shift that further enhances the station's national impact.

"Progressive radio is a banner we adopted — for lack of anything else — because it's probably the term we feel most comfortable with," explains WXRT VP/Programming Norm Winer. "One of the reasons we're excited about being involved with Progressive is that it has some of the same spirit, idealism, and a sense of the same aesthetics as 'XRT.'"

While Alternative, as discussed in last week's column, has recently started fragmenting into 18-34 and 25+ factions, 'XRT has been committed to targeting the 25+ demo since 1981. Because it generally shows little concern for 18-24s, 'XRT doesn't play the harder-edged records that are the essence of Alternative radio today. However, the station still has a lot in common with both Alternative and Progressive — terms that were once used interchangeably. In the literal sense of the word, WXRT has truly been a progressive station since its inception in 1972.

## Altergressive?

"XRT Radio Chicago," as it is known, began marketing itself as "everything in no particular order" last year. Winer cites, "The unpredictability of the station is one of our foremost goals. I describe 'XRT very evasively, because it's unlikely most people have heard a station like this. When I was hired 15 years ago, the owner took me aside and said, 'Norm, I want this to be the most progressive station in the city.' It's always been difficult to pigeonhole us — no one label fits. We continue to evolve and change to reflect the musical trends and tastes of our audience."

"We share a great deal of musical content with Alternative stations, and a lot of the impact we've made in recent months and years — and continue to make — is based on new

— Norm Winer

artists that, for the most part, are being embraced by Alternative stations.

"Our approach is similar to Progressive stations. We're more artist-oriented and less geared toward high rotations and a conservative, research-oriented approach that will amass giant cume numbers. We look to extend time spent listening as much as possible."

## Back On Track

Winer admits the station veered a little left of center when crosstown WKQX (Q101) completed its evolution to Alternative two years ago. Winer explains, "We tried to out-Alternative them. We went to their left without using the rotations or methodology they use. We tried to show people the boundaries of our Alternative library."

"We were becoming more Alternative without the diversity that 'XRT has always been known for. It significantly limited our appeal. The people wanting Alternative were hearing it in textbook fashion on Q101. They play the hits, play them often, and take no chances. On 'XRT, we were playing things from left field . . . and playing them in haphazard fashion."

"In overcompensating, overreacting, and devising a shabby strategy, we really made the station unlistenable. Late last year, we realized our error and reincorporated all the different genres, textures, and vintages that have always been part of our tapestry. The ratings reflect that we're back on track."

## Same Old New Thing

WXRT MD Patty Martin fears the industry might perceive the station's switch to our Progressive panel as a format change. "Just because we're moving to the Progressive panel doesn't mean we're going to stop playing Alternative, nor will we start playing more singer-songwriters."

"I'll have to start re-educating people about this station. Yes, we're called a Progressive station now, but it's just an element of what we do. We play Velvet Crush, Liz Phair, Jesus & Mary Chain, Live, and They Might Be Giants. It would be shortsighted to write us off of the Alternative side, because we still support a lot of this music."

Winer concurs, "That would be a mistake. We're still an extremely viable outlet for breaking new artists and supporting artists both on-air

“Just because we're moving to the progressive panel doesn't mean we're going to stop playing Alternative, nor will we start playing more singer-songwriters.”

and promotionally. We've retained an extremely active hand in the Chicago music scene, both retail and live performances. This is something we never intend to relinquish. We need to maintain our relationships and not allow industry politics and jurisdictional disputes within the record companies to get in the way of our best interests. We're going to be an outcast wherever we are."

"We want to be strong 25-34 — that's our core — but 35-44 is where we have to be," says Winer. "In order to accommodate our 35-44 audience, the musical and marketing decisions we're making will only appeal to a portion of 25-34s and hardly any 18-24s, the way the music is going. Here in Chicago, we have an illustrious history and can get away with a different texture and library because we've been doing this for so long. We've done an extensive

**THE FARM AT THE FARM** — When was the last time you saw a band play at the zoo? The Farm did exactly that for hundreds of WXRT fans at Chicago's Lincoln Park Zoo. amount of research — unprecedented in our history — and it's proven dramatically that people do not want to be acousticked to death. They really want to hear us rock.

"We couldn't control the fact that many of our currents the past six months were by artists older than our management. Traffic, Pink Floyd, and the Rolling Stones, among others, delivered solid releases and altered the way our currents looked. People shouldn't be deceived to think that we have any less of a commitment to younger bands, it's simply consistent with our commitment to new music."

## Large-Scale Events

WXRT is involved promotionally with large-scale events. This past summer's Fourth of July concert, featuring the Lemonheads, Poi Dog Pondering, and Squeeze, attracted 300,000 people. "We're involved with the city of Chicago in putting together large free concerts every summer," notes Winer. "A lot of our events require a headliner that will generate a tremendous amount of excitement. We need to have artists that are consistent with the station's ideals and ignite the audience."

"In addition, non-music events include our fireworks show over Memorial Day weekend — we orchestrate our own soundtrack, and we have close to a half-million people show up every year. We're involved frequently with our community. This year we're involved with the AIDS Walk to raise funds for the battle against HIV. It generally brings out 20,000 people. We have an annual 'XRT Concert For The Kids, and we raise toys for local children hospitals."

## Attention: Industry

Winer concludes, "There's a certain naivete and a lack of aggressiveness in [the Progressive] format, especially from a marketing standpoint. Nationally, this format needs more clout. We need to rattle a few more cages and get a little more attention and support from the industry so we can do more exciting things. What's exciting about the Progressive world is that these people have a passion about the music and are dazzled by the possibilities of the medium of radio. It's thrill-

ing to be a part of a format where the possibilities are endless.

"I hope that another major-market contributor will help bring more attention and credibility to the format."

“We're going to be an outcast wherever we are.”

— Norm Winer

We want people to be aware of the strengths of the Progressive format. The approach and philosophy has a great likelihood of success in markets. I hope people will be able to point to us as encouragement to keep their experiment afloat. It's not easy. We're blessed with an owner with limitless patience and a large imagination."

## WLOQ: 'Good Music For Good People'

Orlando outlet's 17-year evolution produces musical diversity, big billing

For 17 years, WLOQ/Orlando has been beaming a fusion of jazz and pop music in a warm, sincere manner to an ever-growing audience of appreciative adults. WLOQ is unique — even by NAC standards. This uniqueness begins with co-owner/GM John Gross's focus on the bottom line and PD Steve Huntington's music perspective.

### Station Evolution

Gross explains WLOQ's genesis: "In 1977, my father, Herb Gross, began searching for a radio property. An Orlando Classical FM was for sale, and he was so enthusiastic about the city — even before touring the station — that he was ready to fly to Atlanta, meet with the owners, and finalize the deal, sight unseen.

John Gross

"As new owner, he perceived a huge qualitative hole in the market and modified the programming to a vocal-intensive, high-involvement, easy-listening sound with a jazz edge for music connoisseurs, featuring artists like Sarah Vaughn and Cleo Laine. This experiment didn't produce ratings, so I joined in 1980 to help. Our generational synergy resulted in an instrumental lean — we incorporated much of the time's great music, like John Klemmer, George Benson, and Grover Washington."

### Audience/Client Awareness

A hands-on GM, Gross is actively involved with all aspects of WLOQ's operations. But audience development and client awareness occupy most of his time. "Initially, clients responded with an attitude of 'great radio station, hope they make it.' Local advertisers often equate [ratings] size with power. Their real impact occurs when they can focus their ad resources on the best quality prospect they can find. As our ratings increased, we had to keep them current with WLOQ's benefits.

"In 1980, Birch qualitative or other research defining this upscale listener market didn't exist. Orlando was in transition from farming

community to commercial/tourism center, dramatically attracting new businesses and affluence — growth which continues today. Formatically and in terms of target consumers, we're almost unopposed in the market: We target white-collar and upscale, others are mass-appeal and downscale."

### Marketing Issues

"Our challenge is to convey our positioning to ad agencies in a meaningful way and make them aware of how much more efficiently they can spend their ad dollars with us. The other great challenge is to earn a premium spot rate for the quality of the consumer we bring

to the advertiser. The agency isn't really in a position to give you credit for your strengths. For example, they may have a credit card buy and claim to need a generic 25-54, but we can deliver the ideal consumer for their product. To bring this awareness to agencies and listeners, we put a lot of energy into marketing and promotion."

Gross continues, "We need to get existing listeners to act more ratings-friendly, though they tend to view radio as a utility rather than something precious and personal. Within the core, there aren't many who understand that by standing up to be counted in a ratings survey, they play a pivotal role in the station's success. A large part of the core is so busy, it comes down to whether they benefit from responding. As a result, we're challenged to create non-radio

conduits for audience fulfillment: free concerts, newsletters, listener-appreciation parties, or other events.

"What's more, there's so much free electronic media that no one wants to listen to or watch. So WLOQ assumes an elevated position by providing nurturing, innovative, specialized, and valuable programming. We strive constantly to galvanize our listeners' attention and make them passionate about what we do.

"Another marketing issue is using top-of-mind awareness, like outdoor and TV, while remembering not everyone is a potential listener. We try to choose vehicles that will deliver the busy, mobile, upscale, white-collar listener, without wasting money on someone who will never listen. It's interesting that the question of how to reach and fulfill the listener — and get them to put your call letters in the diary — is a varia-

tion of the same question a BMW dealer or fitness club advertiser faces. We're the solution to his problem — we've got those consumers."

served as WLVE/Miami MD and PD of KIFM/San Diego and Satellite Music Network's Wave format. During his tenure, WLOQ has climbed to and maintained ratings well into five and six shares 25-54.

He describes the qualities that distinguish WLOQ: "Our announcing style definitely sets us apart from other stations in the market. In fact, this style sets our format apart from others that feel they must maintain a level of hype and high energy. Listening to the radio, don't we all feel more comfortable being addressed in a warm and friendly manner? Personally, I don't ever want to be addressed — in ad copy or liners — as 'Hey, Orlando!'"

### 'Wider Aural Spectrum'

Although "smooth jazz" is emerging as the format's predominant sound, NAC still has many faces, and WLOQ's musical sound speaks to that wide range. "Our diversity is a genuine asset," says Huntington. "Some NACs are programmed in a very safe manner, making sure every song fits into a neat little box of sound. We believe that by giving our listeners a wider aural spectrum, they won't get bored, and they'll stay with us longer. If every song fits that same smooth jazz groove, the effect can be mind-numbing. You'll never come away from listening to WLOQ with that feeling.

"Make no mistake — we're not 'more eclectic than thou.' But we're in a good position to push the outer edges of our sound. We can get away

with a wider variety of music than a station just introducing NAC into a market. At WLOQ, the word 'consistency' doesn't mean homogenization — Jackson Browne and Joe Sample can easily exist in the same set, the same way Pink Floyd and Sonny Rollins were compatible in the original days of Progressive.

"Our longevity and consistency support our eclectic music selection. Because we've been under the same

ownership and programmed a mix of jazz and pop for 17 years, we've earned the trust of our audience. They've grown right along with us.

"But what makes WLOQ unique is that our ownership is completely committed to this kind of music presentation, providing an atmosphere of stability and security within the station. The staff is free to do their jobs, without having to worry constantly about keeping those jobs. The day Herb Gross hired me, he said, 'This station is here to play good music for good people, end of story. Anything else be damned' "

## Hot AC: Hit-Oriented Format Of The Future

Armed with new calls (WMXQ) and a new handle ("Mix 94.5"), the former WAPI-FM ("195")/Birmingham is among the latest heritage CHRs to flip to Hot AC.

"We had to blow up the station and rename it," explains PD Mark St. John. "It was a great station, but it had a specific image as a teen station. We could play the same music we're playing now, but that image wouldn't go away. Our new image and presentation are significantly different from where the station had been in the past."

Mark St. John

While some 195 listeners stayed through the April format flip, others sought alternatives. "Our [previous] core was 18-24; now it's 25-34 women," St. John says. "A large portion of our 18-24 males went over to the Alternative-leaning Rock station. It seems to have benefited from our change."

### Back In The Game

WAPI-FM's CHR-Hot AC evolution coincided with an ownership change. "The station had been in Chapter 11," St. John notes. "[New owner Dick Broadcasting] has been phenomenal. Just having the tools is incredible. It's great to be back in the game."

Enthusiastic about what Hot ACs can offer, he remarks. "You can still have a high-profile morning show and be fun and creative. The music's

safe, but not boring. You have to look at the market and read the room. This is certainly a good format for medium markets without a CHR. You can get 25-54s as well as 18-34s and make a living."

### Creative Combinations

St. John admits it's very difficult to blend several different types of contemporary music on one station. "Some people have been successful combining Pop and Churban or Pop and Alternative. We, however, took

WPLJ/New York, and WKQI/Detroit."

### Greater Current Emphasis

There's at least one clear difference St. John notices between Hot ACs and "traditional" ACs: "We're not looking to break records, but we do play currents. The songs are conservative, safe, and all hits. Hot ACs play Spin Doctors and Ace Of Base, but we weren't the format leading the way. It's extremely rare that we'll play something out of the box; however, we have a substantial [reliance on] current music.

"In addition to being softer, traditional ACs tend to be, in terms of

**Hot AC is [very close] to what CHR was like 10 years ago; it's the format for the future.**

out the Churban, Alternative, and Rock. We're essentially Birmingham's contemporary music station and the 'Top 40' for the '90s. This is a station for adults who grew up listening to this type of station.

"Hot AC is very close to what CHR was like 10 years ago; it's the format for the future. It's hit-oriented — without the extremes — for a specific demographic."

While not intentionally patterning Guy Zapoleon-consulted WMXQ after other Hot ACs, St. John indicates there are similarities between his station and some other outlets. "We're very focused on '80s music; we sound like WRQX/Washington,

era, older. Hot ACs are more '80s-oriented."

Well aware that a good example of a strong mainstream AC exists in his own backyard, St. John says, "[Crosstown WMJJ] has very good 35-44 numbers. Our morning show is very active and appeals to 25-40s. We do bits and stunts; their morning show is bright, breezy, and pleasant.

"The difference between [WMXQ and WMJJ] is that their median music era is the '70s and ours is in the '80s. Currents and recurrents are much more important to us. This isn't a soft station — we'll rock with .38 Special and Whitesnake."

## Flavoring ACs With 'Spice' Songs

Since Hot AC appears to mean different things to different people, it's unlikely we'll soon arrive at a consensus definition for the new format.

Adult Contemporary Concepts President Tom Watson is among those searching for answers. "The industry is very hung up on titles and names. My question is: Where's the thermometer?"

Tom Watson

Watson cautions, "Not every market needs a Hot AC; stations shouldn't 'boilerplate' from city to city. To me, Hot AC means you're playing uptempo songs by AC's core artists — Elton John, Michael Bolton, Billy Joel, and Gloria Estefan. You mix these artists with 'spice' songs, giving you a unique sound and position in the market. Someone else might think Hot AC means a

station plays Captain Hollywood, Bobby Brown, Erasure, and a little bit of AC."

Isolating some "spice" titles he feels are compatible for female Hot AC listeners, Watson comments, "When properly mixed, songs like Haddaway's 'What Is Love,' Erasure's 'Take A Chance On Me,' KWS's 'Please Don't Go,' and Gabrielle's 'Dreams' work extremely well to give stations flavor, dimension, and depth."

### The Right Fit

However, he says the number of songs separating an AC from a Hot AC is minimal. "It's probably about 40 titles, and it's all in how they're presented. You can't go outside of AC. These [spice] songs must be followed by great AC core songs.

"Many Hot ACs get into trouble by adding lots of music that just doesn't fit. We know ratings diaries

aren't really filled out every 15 minutes."

Hot ACs like WMXQ/Birmingham (see above) are '80s- and '90s-based. "I only play two currents an hour," Watson points out. "The 25-44 female core likes familiarity; while it's frustrating for record companies, new songs turn off [the core listeners]. On the other end, there are only about 40-50 '70s songs that test well enough to justify being played in the format."

### On Top Down Under

Now an international format, Hot AC can be heard on Watson-consulted TT-FM/Melbourne, Australia. "For the most part, Australian FM had been mostly male-oriented rock. Two years ago, we were the laughing stock of the business; people said the station would be out of business within six months.

"We've gone from last place to the No. 1 FM. The station had a negative cash flow in the hundreds of thousands of dollars. This year, it'll make a \$2 million profit."

## Don & Mike: And Now For Something Completely Different

■ Offbeat network show slowly winning afternoon fans with innovation, localism

Ask a batch of radio programmers to describe Westwood One's Don [Geronimo] and Mike [O'Meara] Show and one word keeps coming up — "different."

No doubt about it — the PM drive program, which originates from Infinity's WJFK-FM/Washington, is absolutely unique among network talk offerings. And that, it seems, is both a blessing and — at this point, at least — a burden.

"We took the show because we wanted to do something totally different in the afternoon," says WERE/Cleveland PD John Hill, who added the show three months ago. "We wanted to give people something like Howard Stern or Don Imus. Nobody is doing anything like it in afternoon drive in this market."

According to KQAM/Wichita PD Guerin Emig: "Whether or not you like their humor, Don and Mike grab your attention. There's just nothing like this on AM radio in Wichita."

### Program Primer

For those unfamiliar with Don and Mike's antics, here's a primer. Think of the program as a cross between a music-free Morning Zoo and David Letterman's show. Geronimo leads a cast of characters that

**There's just nothing like this on AM radio in Wichita.**

— Guerin Emig

includes sidekick O'Meara (who does excellent voices), newsman Buzz Burbank, producer Diana Silman, and various other staffers.

The program, which has always done extremely well with young males in Washington, largely centers on three things: humorous discussions of events in Don and Mike's lives (a la Stern and Imus), phone chats with offbeat characters, and lots of listener games, including "Low Budget Jeopardy," "Strip Jeopardy," and "10 Lies." In the latter game, contestants must phone one of their parents and recount a fictional adventure concocted by Geronimo and O'Meara — one that almost always ends with, "And then we had glorious three-way sex!"

**It's one of the most accessible network shows. You get a sense that you can call up from anywhere and participate. They may call you a boob and hang up on you, but you got to participate.**

— Tom Rivers

Affiliate PDs praise the program for both its innovation and Don and Mike's aggressive efforts to connect with the local audience. "I think they do a great job of localizing the show," says WQYK-AM & FM/Tampa OM Tom Rivers. "If you make an effort to provide them with local stories and angles, they'll use them."

"I also think it's one of the most accessible network shows. You get a real sense that you can call up from anywhere and participate in the program. They may call you a boob and hang up on you, but you got to participate."

### 'Small Steps'

Gee, with all that talent, Don and Mike must be doing really well, right? Well . . .

In the 14 months since their network debut, the show has corralled roughly a dozen affiliates — virtually all of which are in mid-size markets. Their numbers have not been earth-shaking. What do the folks at Westwood make of this showing? They're more than satisfied. The show, insists Sr. VP/Affiliate Relations Kirk Stirland, is posting small but steady gains at many affiliates.

"There are no huge success stories yet," Stirland concedes. "They are all experiencing nice steady growth. It's success measured in small steps — and in ways that don't always show up in the Arbitron book."

"For example, they got 40 people to show up at a phone booth in Lynchburg, VA — a place where Arbitron hasn't found any [of their] listeners yet — for nothing more

Don Geronimo (c) and Mike O'Meara convince shirtless fan to eat diet of worms for world peace.

than a chance to win a T-shirt. A good radio sales staff can sell things like that."

### Hills To Climb

According to Stirland, Don and Mike confront two major obstacles in their quest for growth — obstacles that will be overcome with time and continued effort.

First, he notes, many of the current affiliates can't always provide sufficient promotional support. "These are small stations, some of which are just starting out [with new formats]," says Stirland. "They are counting on word of mouth. That works, but it takes a long time to generate come that way."

A few affiliates, he adds, have perhaps mistakenly added Don and Mike to lineups consisting of more traditional, straightlaced political

talk shows. Stirland believes the program will do better on stations that feature talk programs with a similar hip attitude, like Stern, Imus, and maybe even Westwood's Tom Leykis. He also believes the duo might add something to a music station seeking a competitive edge over its format rivals.

The second problem stems from the uniqueness of the program and the idea behind it. According to Stirland, many PDs still haven't embraced the idea of devoting afternoon drive to a high-profile entertainment program aimed at younger audiences. "This kind of afternoon show is a concept that's coming — but its time hasn't arrived yet," says Stirland. "I really think if this exact program was a morning show, programmers would get it."

**This kind of afternoon show is a concept that's coming — but it's time hasn't arrived yet. If this exact program was a morning show, programmers would get it.**

### Spring Slips Slightly, But Half Improve Adult Rank

Despite a 1.5% slip in the Spring '94 Country Ratings Index, Country continues as the radio ratings leader — and other indicators show the format is doing just fine.

position and engage in battle with one another.

But when the dust settles, the format may be poised for another surge

Granted, this is the fourth consecutive down CRI, but it's off only 4.5% from its eight-year high of 1164.7, set in Spring '93. This is more an indication the format may have, for the moment, plateaued. But even if it has, these lofty listening levels are a great place to camp out. I, for one, wouldn't mind if we hang around these heights for the next 10-15 years.

#### Adult Ranks Bettered For 50%

Evidence of the format's continuing strength can be found in the 25-54 rank comparisons, where 70% of the stations bettered or held their position. Of the 245 stations in the continuously measured markets with winter and spring books, 123 — fully 50% — improved their 25-54 rank while 20% held steady. That, too, comes amid stiffer in-format competition, making the feat even more amazing.

Another indicator of the format's strength can be found in the actual rank comparisons, where the Country outlets ranking between 1-5 remained relatively steady vs. last book and last spring. The best news is the increase from Spring '93 to Spring '94 in the number of stations ranked 6-10. Coupled with the fact that the number of stations ranking 11-15 stayed about the same, it would seem that new outlets are making strong showings and/or stations are growing and moving up in rankings.

#### Transition Time

This format is currently in a state of transition, as managers and pro-

Not only are we seeing markets with multiple Country stations, but stations within markets are targeting different demo cells — and winning. The market turmoil may take a while to settle down as Country outlets jockey for

forward. Check out what's happened in Kansas City, where WDAF is No. 1 12+, KFKF is No. 1 25-54, and KBEQ is No. 2 18-34. As we learn to live with more than one Country outlet per city, don't be surprised if more markets aren't dominated by Country in much the same manner.

**THREE'S COMPANY** — KIKT/Greenville, TX PD Jim Patrick (l) tries to convince the winners of the station's summer wedding promotion, Shane and Karen McGee, to take him on their honeymoon. KIK-FM provided the lovin' couple with a complete marriage ceremony on the station's lawn (broadcast live, of course), a reception, and a trip to New Orleans.

To compensate for the variation of Continuously Measured Markets in the CRI database, the actual share totals for all the Country stations in those markets has been multiplied by a factor of .775 to keep the CRI relative to past indices. This will continue to be done, and the factor will fluctuate, as the number of markets continuously measured by Arbitron changes. Thus, the CRI is a relative — not an absolute — number, representing actual shares. The conversion factor is determined by additional markets, not stations. We are determining market, not station, listening levels.

## Country Star Shines With Celebrity Guests

Vince Gill, Reba McEntire, and Wynonna have signed on as celebrity spokespersons for the new Country Star restaurant chain, which recently celebrated the grand opening of its flagship location amid the glitz and glamour of Hollywood.

"Crook And Chase" stars Lorianne Crook and Charlie Chase have also inked deals to represent the chain. Country Star has announced plans to build a second restaurant in Las Vegas, slated to break ground in December. As spokespersons for Country Star, the celebrities will be integral in the restaurant's visual presentations, such as the interactive kiosks where the artists themselves give information on country facts and the restaurant's touch-button memorabilia displays.

The artists will also be part of the restaurant's extensive memorabilia collection. McEntire donated the costumes she wore in the film "The Gambler Returns" with Kenny Rogers; Wynonna contributed her Harley and leather outfits from her "No One Else On Earth" video; and Gill gave up the EZ-Go golf cart, golf clubs, and boots with golf spikes from his "One More Last Chance" video.

Country Star has also pacted with the Country Music Foundation to authenticate memorabilia for the chain and to access vintage photos and other treasures from country's past for displays. Artifacts such as stage outfits, gold and platinum records, boots, and awards will be on display throughout the restaurants.

Other Country Star outlets are being planned for Orlando, London, Tokyo, New York, and several other cities. Founded in May of last year and taken public in December 1993, Country Star was the biggest gainer of all publicly traded restaurant stocks during the second quarter this year, according to *Nation's Restaurant News*.

In other flood relief news, Travis Tritt donated proceeds from the Nashville stop of his Ten Feet Tall tour (8/26) to both the Georgia flood victims and Farm Aid. Tritt hosted this week's annual BMI Harlan Howard Birthday Bash in Nashville (9/1) and will also reportedly portray himself in the forthcoming NBC-TV movie "Sing Me The Blues Lena," which stars Ann-Margret and is filming in Nashville.

### Chesnutt's Namesake

Mark Chesnutt's admiration for one of his influences, Waylon Jennings, goes way beyond the studio. When the two teamed up to duet on "Rainy Day Woman" for Chesnutt's latest LP, Jennings teasingly told Chesnutt that he and his wife Tracie should name their baby on the way after him. So when they found out

**COUNTRY STARS IN CURRENT ROTATION** — At the Country Star's Grand Opening party, (l-r) Lorianne Crook, Wynonna, Reba McEntire, Vince Gill, Country Star President Peter Feinstein and CEO Robert Schuster, and Charlie Chase connected the plug to light up the restaurant's three-story multicolor jukebox.

it was a boy, they elected to name him Waylon Nelson Chesnutt, using Jennings's first name and Chesnutt's middle name.

### Mac's Back

In the hard-to-believe category, Mac Davis played the Grand Ole Opry for the first time two weeks ago. Davis, who has performed on Broadway in the "Will Rogers Follies," has a new album on Columbia/Nashville titled "Will Write Songs For Food."

### Hard Rock's Third Rock

Joe Diffie presented Nashville's new Hard Rock Cafe with one of four specially made Gibson guitars last week. The guitars were created with Diffie's new single, "Third Rock From The Sun," in mind, and Diffie donated the one he played in the video for the tune.

### House Ain't Lonely

James House was surprised recently at a show in Pontiac, MI when he heard someone singing harmony on his acoustic rendition of "Ain't That Lonely Yet." House turned to find Mavericks vocalist Raul Malo onstage with him, and the group joined House for several more numbers. House contributed background vocals to the Mavs' latest single, "O What A Thrill." Incidentally, their album "What A Crying Shame" was recently certified gold; they'll celebrate at a bash in Nashville later this month.

### Bits & Pieces

Condolences to John Michael Montgomery on the death of his father, Harold, who passed away last week after a three-year bout with cancer. . . . Doug Supernaw, who celebrated his first gold album at a party in Nashville last week, was recently inducted into the Music Valley Wax Museum. August 19 was declared "Doug Supernaw Day" by Nashville Mayor Phil Bredesen for Supernaw's charity works. . . . Tammy Wynette will be the latest artist to chat with Ralph Emery on his TNN special, "On The Record" . . . Little Texas's latest single, "Kick A Little," will be featured in the new Aaron Spelling Fox-TV series, "Robin's Hoods." The band will also have another tune in an upcoming episode of the show, which stars Linda Purl.

## The Tractors

### NEW ARTIST FACT FILE

**Label:** Arista/Nashville

**Single/Album:** "Baby Likes To Rock It"/"The Tractors"

**Influences:** Hank Williams, Bob Wills, Elvis Presley, Johnny Cash, Merle Haggard

### The Early Days

The background of this five-man band from Tulsa reads like a veritable "who's who" of music: Leon Russell, J.J. Cale, Bob Dylan, Bonnie Raitt, and Eric Clapton are just a few of the artists Tractors Steve Ripley, Ron Getman, Casey Van Beek, Jamie Oldaker, and Walt Richmond worked with in their pre-Tractor days.

• Ripley, who grew up on a farm, was drawn to the music of Hank Williams and Bob Wills and the rockabilly grooves of Chuck Berry, Elvis Presley, and Jerry Lee Lewis from an early age. He counts as his teachers Leon Russell, J.J. Cale, and Bob Dylan. "The guys in this band have also been great teachers, and they bring such a wealth of musical experience to this band that I'm just like a sponge. Some of my biggest musical heroes are in this band."

• Guitarist Getman logged time on the road with Janis Ian and Leonard Cohen before meeting Ripley at his Stillwater studio and eventually joining the Tractors. Vocalist Van Beek earned his musical stripes working with Linda Ronstadt, the Eagles, and Ike & Tina Turner, while drummer Oldaker found the beat for Eric Clapton. Richmond cut his musical teeth on blues and western swing, which he perfected as a member of Bonnie Raitt's road band.

### Nashville Connection

Ripley's Music City connection actually started 20 years ago, when a writer named Tim DuBois came into his studio. "He told me he was moving to Nashville to be a songwriter, and I told him, 'Don't go . . . it's not worth it!' But he did go, thank goodness! And about the time the Tractors were coming together, Arista/Nashville was just starting up."

• The band began working to-

The Tractors

gether at a studio called the Church, an old Evangelical church which Leon Russell had wired for sound in the '70s. They produced jingles, albums, and the demos that won Ronnie Dunn his Arista deal. (Oldaker had taken Dunn under his wing and entered him in the Marlboro contest that gave him his Nashville break.) "I was sending Tim tapes of the Tractors at the same time Ronnie was sending him demos," remembers Ripley.

### The Album

DuBois sent the band a little production money, but became skeptical when he didn't hear from them in months. He finally received a map in the mail one day, followed by another stamped "The Tractors are coming," and then a toy tractor and their finished product. It took them nearly four years to make the album.

• The album contains a Chuck Berry tune, "Thirty Days," which the Tractors have been playing for years. It also features a Hank Williams Sr. tune, "Setting The Woods On Fire," which Ripley learned when he was three. Ripley says a boogie-woogie album he produced several years ago with Roy Clark and Gatemouth Brown was the forerunner of the Tractors. "I was given the freedom and opportunity, and I made that record just like I would have liked to make a record with me singing."

**A LITTLE MAVERICK MAGIC** — The Mavericks were the guests of honor at a reception after their recent concert for label execs, retail, and radio at L.A.'s Viper Room. Pictured after the show are (l-r) manager Frank Callari, MCA/Nashville President Tony Brown, band members Jerry Dale McFadden, Nick Kane, Paul Deakin, Robert Reynolds, and Raul Malo, and MCA/Nashville Chairman Bruce Hinton.

# "STICKERS? STICKERS? WE DON'T MAKE NO STINKIN' STICKERS!"

- Pancho Villa, 1916

No, Pancho, you don't need no stinkin' stickers. But, effective, high-quality decals? Well, that's a different story. The heart and soul of your image may very well rely upon the acceptance of the bumper decals you distribute. If it doesn't look great, chances are most folks won't display them for you. And that's where we come in. We produce decals like nobody else, with care and craftsmanship. Head-turning design and state-of-the-art production, that's what you get with Communication Graphics. Call us today and see what a difference a few centavos can make.
