**Miami Spanish Stations In Center Of Cuban Crisis**

**Radio becomes debate post, information source; Castro calls material "subversive"**

As a record number of Cuban refugees attempt to make their way to the United States, Miami's Spanish-language radio stations have become focal points for both controversy and disseminating information to listeners worried about friends and family.

Talk programs airing on several of the market's numerous Spanish-language stations have become popular forums for exiled Cubans to voice their opposition to the Communist regime still in control of their island homeland.

Cuban leader Fidel Castro, in a speech aired recently on CNN, denounced the "thousands of hours of subversive" programming the stations are broadcasting, saying they encourage unrest. An August 5 riot prompted Castro to lift a ban on stopping people who try to leave the island, prompting more than 20,000 Cubans thus far to leave in makeshift boats. Most are being held at the U.S. Guantanamo Bay naval base rather than being allowed immediate emigration, prompting much criticism of the Clinton Administration's refugee policy within Miami's Cuban population.

**'Talking With Cuba'**

Spanish Broadcasting System-owned WCMQ-AM/Miami and WZMQ-FM/Key Largo, FL broadcast a program called "Hablando Con Cuba" — or "Talking With Cuba." The program, which can be heard in Miami and Cuba, links friends and family on the air. "We get a lot of calls from Old Cuba. We are devoted to that crisis," said SBS Chairman Raul Alarcon Sr., a native of Camaguey, Cuba.

The program, which normally airs Sundays, has expanded into a daily feature. Listeners in Cuba call the program

**FCC Sets Aside Denver Fine In Wake Of Ruling**

The FCC set aside a \$2500 contest violation fine against Jacor's KOA/Denver in response to a recent federal court ruling that the Commission's fine system was improperly implemented (R&R/22).

"I just take it as the Commission saying they're dropping the fine until the FCC comes up with a new sustainable system," said Jacor attorney Marissa Repp. "In the long term, it's not significant — they're just holding fines up until they adopt a fine system the right way."

The Commission's latest fine system was instituted in 1991 and

**Arbitron: Reissued Market Reports Were Not Related**

**Seven markets affected, but for varying reasons; diary reviews spot some problems**

An apparent flurry of Spring '94 Arbitron market reports — ranging in size from Norfolk, VA to Billings, MT — have been recalled and corrected in the past few weeks. Arbitron officials admit the number of reissued books is above normal, but stress that the reasons behind each recall are independent from the others.

Here's the chronology of book reissues:

• August 3 — WQWK-FM/State College, PA was inadvertently listed with WQKK-FM/Johnstown, PA as a simulcast. When broken apart, WQWK continues to be listed in the State College and Johnstown books, but WQKK disappears from both reports because it did not meet minimum reporting standards for a stand-alone station. The revision did not affect other stations.

• August 25 — New sign-on WQLL-FM/Louisville was in-

advertently omitted from the book, while WDJX-AM had Metro and TSA estimates when it should have only been listed with DMA numbers (DMA — Designated Market Area — is the replacement term for ADI). No other stations were affected.

• August 26 — In the incident that had the widest impact, 25 Hartford metro diaries in a newly created Meriden, CT zip code were inadvertently used in the New Haven metro. The 25 diaries were restored to Hartford, and all diaries from both markets were again sample-balanced, resulting in modified 12+ estimates for 11 of Hartford's Top 20 stations and 17 of New Haven's 25 stations. No Hartford station moved more than two-tenths of a point, but one station's move from 4.9 to 5.0 created a three-way tie. In New Haven, one sta-

**Calderone Exits As WDRE PD; Becomes Jacobs Consultant**

WDRE/Long Island and Modern Rock Network OM/PD Tom Calderone resigned last week (9/2) to become consultant for Jacobs Media's "The Edge" Alternative format. Calderone will stay at 'DRE through the end of month and help find his successor.

Calderone

"Tom is one of the format's true trailblazers," said Jacobs Media President Fred Jacobs. "He's been on the front lines of modern rock and brings his ex-

perience and industry reputation to Jacobs Media. He's a class act and is respected by broadcasters, the record community, and people who make music."

Calderone told R&R, "At this stage of my career, I had two distinct paths to choose, and my decision was easy. I feel

consulting for Jacobs Media is the next natural step. They've proven to the industry that modern rock is not a cookie-

**KILO Gets Big Jump On The Market**

That's no loyal listener perched precariously atop KILO/Colorado Springs' billboard, it's a lifesize dummy. Still, the three signs promoting the Rock station's recent frequency flip have prompted a few concerned — and perhaps gullible — motorists to call 911. Though the suicidal dummies survived last weekend's major hailstorm, they haven't been completely safe from harm. According to Asst. PD Dave Milne, one dummy made good on its threat and fell to the ground, while another was found pierced with arrows.

## Matheson Named KYCY/SF VP/GM

WBBM-FM (B96)/Chicago VP/GM Tom Matheson has been appointed to the same post at Alliance Broadcasting Young Country outlet KYCY-FM/San Francisco. Matheson replaces Station Manager Will Schutte, who was named VP/GM of duopoly partners KFRC-AM & FM last month (R&R 8/12).

Matheson

Alliance President/CEO John Hayes Jr. commented, "Tom is one of the more highly regarded GMs in radio today. We are very excited that he will be joining us."

Matheson said, "I look forward to building the Young Country franchise in San Francisco. The format is a winner, and Alliance is one of the few relatively new radio companies building itself the right way."

Matheson had been with the CBS CHR since 1985, when he joined as GSM; he was elevated to VP/GM in 1989. Prior to that, he spent five years in San Francisco — four years as KRQR's GSM and one year as a Sales Manager for CBS-FM National Sales, with whom he started his radio career as a Chicago-based AE in 1978.

## Caffey Now WALR Station Manager

Rick Caffey, former WDIA-AM & WHRK-FM/Memphis GM, has been named Station Manager at WCNN-AM & WALR-FM/Atlanta. He'll be responsible for the combo's operations, including programming, sales, promotions, and engineering. He replaces Bob Huntley, who exits the Midwestern Broadcasting Sports/Urban combo.

Caffey

"I've always wanted to come to Atlanta," Caffey told R&R. "It's a good radio market. The Urban format here has great talent, and I'm looking forward to being a part of it and carving a niche for Kiss 104. I want us to be the very

## WJOL Dodges 'Arrow' In '70s Switch

Soft AC WJOL/Detroit became the latest CBS FM to adopt an all-'70s Gold format last Friday (9/2). But unlike the other CBS FMs that have adopted '70s-based formats in the past year — KCBS-FM/Los Angeles, KKRW/Houston, WARW/Washington, and KRRW/Dallas — WJOL

won't be using the "Arrow" handle. It will instead be known as "Star 97FM" and has adopted new calls WYST.

VP/GM Roger Nadel and PD Mike Oakes remain in place. According to Nadel, "We

## John Curb To Curb Nat'l Dir. Promo

Patriot's L.A.-based VP/Regional Promotion, John Curb, has been named Director/National Promotion for Curb Music Co., which includes the recently announced Curb AG label.

Curb

Curb Music Co. VP Carson Schreiber told R&R, "I'm thrilled to have John join the Curb team. We've become great friends over

the past 21 years, and we've always talked about how great it would be to someday work together."

Curb, a 25-year record industry and independent promotion veteran, joined Capitol/Nashville (which later became Liberty) in 1990, was named a Liberty VP in '93, and transferred to sister label Patriot at its inception last April.

## Shaw Adds Crossover Duties At MCA

MCA Records VP/Dance Music Promotion & Marketing Bobby Shaw has shifted to VP/Dance Music & Crossover Promotion at the label. Shaw will be responsible for coordinating the promotion of MCA's records at crossover radio and will continue to promote the label's dance music at radio and in clubs.

Shaw

"Bobby is a legend in dance music," said MCA Sr. VP/Pro-

motion Bruce Tenenbaum. "This new position will give him the opportunity to grow further in his career and help us continue our success with crossover music."

Shaw joined MCA in 1984 as Director/Dance Music Promotion and local pop representative, and was elevated to his most recent post in 1988. Prior to that, he served as Dance Music Promotion Manager at Warner Bros. for five years.

## BOOK REVIEW

### Advertising Strategies: What Works In Spots

While humorous ads may be enjoyable, tickling consumers' funny bones isn't always the best approach, according to marketing professors **Marc Weinberger** and **Leland Campbell** and former **Interop** staffer **Beth Brody**, authors of "Effective Radio Advertising" (Lexington Books/\$49.95).

The trio did extensive consumer research to determine what types of radio advertising worked best for different product categories. Their findings didn't produce any hard-and-fast rules, but they do provide useful guidelines for designing advertising campaigns with a high likelihood of success.

#### 'Creative Concepts Vital'

"'Effective Radio Advertising' offers our industry the tools to be more creative, more effective, and more successful," Interop Chairman

**Ralph Guild** says in his foreword. "I welcome this book because the creative concepts throughout are vital to the continued success of radio advertising."

The opening chapters may seem like old hat, giving a quick history of radio and some background on how local, national spot, and network radio are sold. There are also a couple of case studies on radio campaigns that worked well. (A CD with 26 successful spots is also included.)

#### 'Little' Vs. 'Big Tools'

However, for radio pros, the real meat begins with chapter four. Here the authors explain how they divided consumer products into four broad categories and analyzed consumer recall and impressions from different types of spots for each. Each of the four product categories then gets an in-depth examination in a separate chapter, telling what worked best — and why.

For example, humor was a big plus for so-called "little tools" (i.e. household cleaners and gasoline), but was a major negative for "big tools" (major appliances, business equipment, etc.), which carried a much greater risk from making a wrong purchase.

### Lowest Unit Charge Rule Kicks In

**T**he FCC's lowest-unit-charge rule for political spots takes effect today (9/9), 60 days before this year's general elections November 8.

Under the rule guaranteeing the lowest possible rates for campaign advertising, stations must disclose to political candidates all "classes of time, discount rates, and privileges afforded to commercial advertisers." The FCC requires that stations prepare an outline of their sales practices and make it available — by fax, phone, or mail — to all inquiring candidates. The NAB recommends stations keep on hand a disclosure statement that includes:

- a description and definition of each class of time
- a complete description of the lowest unit or "comparable

rate" charges and related privileges

- a description of the station's method of selling pre-emptible time based upon advertiser demand
- an explanation of the station's sales practices
- discount and value-added privileges
- rotations.

For more information, stations should contact their communications attorney or the FCC's Political Branch at (202) 632-7586. NAB members can also get assistance from the association's legal department by calling (202) 429-5430.

### CBS's Vernon: 80 Years Young

CBS Radio threw a surprise party for AE Jerry Vernon's 80th birthday. A 57-year broadcast industry veteran, Vernon (c) has been selling CBS Radio since 1960. Among the media execs, clients, and colleagues on hand for the bash were (l-r) CBS Television Network President Peter Lund, CBS Radio Division President Nancy Widmann, former CBS/Broadcast Group President Gene Jankowski, and CBS Radio Networks VP/IGM Robert Kipperman.

## US Radio Shelves IPO

US Radio Inc. Chairman/CEO Ragan Henry has put plans for a public stock offering (R&R 4/1) on hold and has arranged a \$25.5 million investment by **Blackstone Capital Partners**.

US Radio had filed with the SEC to sell more than \$48 million in stock to the public. But about the time the IPO was filed, nervousness hit the economy and Wall Street lost its appetite for new stock issues. "General stock market conditions this year have precluded consummation of the initial public offering," US Radio noted in its latest FCC filing.

Henry will retain 50.9% voting control of US Radio, maintaining the company's status as the nation's largest African-American-owned radio group. Blackstone will own 80% of

the equity, but only 49.1% of the voting power.

US Radio owns 22 stations in a dozen markets. *Duncan's Radio Market Guide* estimated US Radio's 1993 revenues at \$31.7 million.

#### For The Record

Ardie Gregory is VP/IGM at **WWMX-FM & WSSF-FM/Baltimore**, not crosstown **WLIF-FM**, as stated in the infinity story in last week's (R&R 9/2) issue.

# We Build Franchises

With great broadcasters like...

Jim Watkins

"With Stratford on my team, WHUR's ratings have increased every single book. As a result, WHUR is now one of the top-rated 25-54 stations in Washington -- the most competitive urban market in the country. Branding works."

*Jim Watkins*  
General Manager, WHUR-FM Washington D.C.

Jim Watkins has relied on Stratford Research to transform WHUR into one of the country's most successful urban franchises. He uses Stratford because we're the only firm that can provide the Fortune 500 research and brand marketing techniques that were previously reserved for the world's top consumer marketers. That's the same reason why the NAB asked Stratford to write *The Franchise*, the industry's definitive book on radio branding.

Stratford's branding discipline represents a true source of competitive advantage for radio stations. That's why Jim Watkins wants it in *his* arsenal. He looks to Stratford for strategic research, music testing, focus groups and brand marketing.

## ABRY Raising \$150 Million For Broadcast Buys

**B**oston-based ABRY Partners has begun raising \$150 million for a new broadcasting venture fund, **ABRY Broadcast Partners II**, and is seeking experienced operators to back in radio and TV acquisitions.

"We tend to find very talented operators and invest in establishing new companies," ABRY Managing Partner **Andrew Banks** told R&R. He also added the venture capital firm is interested in both existing groups that are ready to expand and experienced operators who want to form new companies to buy existing stations.

Banks said ABRY expects to close its new fund around Thanksgiving, but already has the capability to close transactions, having recently sold more than \$200 million in TV properties.

ABRY is interested in deals from \$15 million to more than \$100 million. With debt leverage, Banks expects the \$150 million in equity to fund at least \$500 million in broadcast deals.

Although ABRY's primary emphasis is in television, Banks pointed out the fund is definitely open to investing in radio as well.

ABRY partner **Peggy Koenig** is handling broadcast investments from the firm's New York office; the number is (212) 980-5979.

## \$15 Million For New O&Os

**C**hildren's Broadcasting Corp. (Nasdaq Small Cap: AAHS) plans to raise about \$15 million to acquire new O&Os for its **Radio AAHS** network.

CBC said it expects to raise the cash from a sale of convertible preferred stock, notes with warrants, or both. Although the company is publicly traded, it plans a private placement of these securities.

President **Chris Dahl** wants to buy O&Os in New York and Chicago to fill out the Top 3 markets. The kiddie net already owns **KPLS-AM/Los Angeles** and seven other stations.

## Interrep And CouponRadio Set Miami Test

**I**nterrep Radio Store and CouponRadio Inc. announced plans for the first test marketing of electronic coupons sent via FM sub-carriers for next year in Miami, calling it "the world's first interactive radio project."

CouponRadio, created by New York entrepreneur **David Alwadish**, uses RBDS to transmit digitized coupon information to specially-equipped radio receivers. Seven stations, all represented by Interrep, have signed on for the public introduction of radio coupons beginning in late 1995 in the Miami-Ft. Lauderdale market: **WEDR-FM, WTMI-FM, WHYI-FM, WPOW-FM, WAXY-FM, WSHE-FM,** and **WKIS-FM.**

Interrep Chairman/Exec. Council **Henry Lawson** said about 3500 CouponRadio-equipped RBDS auto radios will be given away by the stations to begin the public rollout. "We don't see it as a test, but [we expect] CouponRadio to continue to grow thereafter," he noted.

Lawson said the receiver giveaway and start-up publicity will cost approximately \$1 million. Interrep and CouponRadio are currently negotiating to involve receiver manufacturers in the project.

Advertisers are also being courted for the CouponRadio debut. "McDonald's has an incredible interest," Lawson said.

## Hanson GM, Barlow GSM At OmniAmerica Columbus Trombo

WLOH-AM, WHOK-FM & WRVF-FM/Columbus GSM Mark Hanson has been promoted to GM of the OmniAmerica duopoly. He replaces Bill France, who was part-owner of the News/Country WLOH & WHOK combo before its sale to OmniAmerica, which recently purchased Country WRVF. Concurrently, NSM Dave Barlow has been upped to GSM for the three stations.

Hanson told R&R, "It's wonderful to be working for premiere broadcasters with a wealth of experience and success like Carl Hirsch and OmniAmerica. This is a great

challenge — there are five Country stations in the Columbus metro — but we have the people, tools, and resources to build something great here."

WRVF has shifted from its 18-34-oriented approach to "Wild Country," aimed at attracting 25-34-year-old males: a call letter change is pending.

Hanson entered the Columbus market as GM of WXGT, which later became Gold (and now Country) WCOL. Prior to that, he was GSM at WHB & KUDL/Kansas City.

## Bradley Appointed WKOC/Norfolk PD

Progressive WKOC (The Coast)/Norfolk has filled its PD vacancy with WAIA/Jacksonville PD Mark Bradley, who will join the Benchmark station October 3.

WKOC VP/GM Mark Kanak told R&R, "I talked to a wide variety of qualified candidates. Mark's knowledge of the format, profession-

alism, and aggressiveness clearly stood out. We're excited to have him join our team."

"Mark is affording me a complete opportunity to bring my vision to the Coast, which is already the Alternative leader in the market," Bradley

## WMXC/Charlotte Now '70s WSSS

EZ Communications flipped AC WMXC/Charlotte to all '70s oldies with new calls WSSS ("Super Songs of the Seventies") last Friday (9/2). The station's new on-air handle is "Star 104.7." GM Gary Brobst and PD Don Schaefer remain.

Brobst noted, "The bottom line for any format change is a hope for improved ratings and revenue. We'd seen ourselves as being diluted by some other stations going into niche programming. We wanted to have the '70s format to call our own."

EZ VP/National PD Doug McGuire told R&R, "As far back as 1988, we had research showing a great demand for '70s music. The '70s music is very compelling, and we're the ones who now specialize in playing it. It's not quite as rock-leaning as [CBS's] Arrow format and not quite as pop as Cox's version. We're a pop-based '70s station with a definite rock flavor. I'm thoroughly convinced this will be a popular format."

## Dunkin To Program WENS & WKLR/Indy

KYSR/Los Angeles PD Greg Dunkin has accepted the PD position with Emmis AC/Gold duopoly WENS-FM & WKLR-FM/Indianapolis. He'll join the station later this month as the successor to Chuck Knight, who left to program WYXR/Philadelphia (R&R 7/29).

Dunkin

Emmis Sr. VP Christine Woodward-Duncan told R&R, "Greg has fabulous ideas and is a great people person. In addition, he's a wonderful strategic thinker and has worked in markets where good strategic thinking is needed."

## KISN-FM Promotes Craig To PD Post

KISN-FM/Salt Lake City midday personality Dain Craig has been elevated to PD. Craig succeeds John Dimick, who exits the Hot AC to program Hot AC KPLZ/Seattle (R&R 8/26).

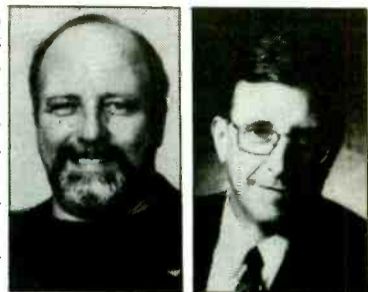

Craig, who will maintain his airshift, told R&R, "It's very humbling and exciting to sit in this chair. John did an incredible job and left some big shoes to fill. My primary goal is to maintain what's already been established. Sometimes, though, that can be tougher than being involved with a startup situation."

This is Craig's first programming opportunity. Before joining KISN-FM two years ago, he was Asst. PD at crosstown KCPX (now KVRI) and KLCY (now KODJ).

## UPDATE

### RCA Sets NY, Nashville Sales Positions

As revealed last week, RCA VP/Sales Ron Howie has transferred to RCA/Nashville as head of sales, maintaining his longtime link with Joe Galante, who was named Chairman of RCA's Nashville label group (R&R 9/2). VP/Field Marketing David Fitch has been tapped as Howie's replacement in New York.

Howie

Fitch

RCA/Nashville VP/GM Thom Schuyler commented, "Ron is no stranger to Nashville or country music. His prior tenure here was very fruitful, and the staff looks forward to his leadership, creativity, and love for the format."

RCA Sr. VP/Marketing Randy Goodman noted, "It's important to allow new opportunities for your people, and this new arrangement does just that while allowing RCA to maximize the abilities of two of the best sales guys in the business."

Howie was RCA/Nashville's Sr. Director/Product Development before moving to his New York sales post in 1990. Prior to that, the 15-year RCA vet was an Atlanta-based Regional Label Director and worked at RCA Distribution Co. Before joining RCA last year, Fitch was VP/Sales, National Accounts at Polygram Group Distribution.

### Gutbrod Gets Nod As WKLX/Rochester GSM

Matt Gutbrod has been promoted into the long-vacant GSM slot at Heritage Media Gold outlet WKLX-FM/Rochester, NY.

Gutbrod told R&R, "We've owned the station for slightly more than a year, and it's a fantastic property. It's the exclusive oldies station in town. There had been combo selling, but now WKLX will have a single focus.

"Both locally and nationally, business is going through the roof. The market is very healthy."

Gutbrod had concurrently held the NSM post for four Heritage Media outlets: WKLX, WBBF-AM & WBEE-FM/Rochester and WOFX/Cincinnati. Gutbrod previously spent time in Cleveland as NSM for WDOK and WRMR.

### Country KHHT/Austin To '70s Hits

Country KHHT/Austin now plays '70s hits as "Hits 93." GM Jim Gustafson, PD J.L. Fisk, and the call letters all remain in place following the format flip.

Gustafson told R&R, "We're deliberately staying away from using the word 'oldies' because we think it distinguishes a format other than what we're doing."

"We'd been doing Hot Country for well over a year and hadn't seen the growth we'd hoped for. This ['70s] format is a unique position for us. We're playing the heart of the '70s because we feel there's a demand for it."

### Ruh Appointed OM At KEDG/Las Vegas

Alternative KEDG (The Edge)/Las Vegas has chosen former KNNN/Redding, CA PD Chris Ruh as its OM/Production Director.

GM Dax Tobin told R&R, "He has a lot of strong management skills. He can walk in and take command of the room. He's a very good communicator and will make a good manager."

"I made a conscious effort to get involved with corporate and format growth potential," commented Ruh. "This company has both. They have established the station as a premier modern rock station, and the opportunity was too good to pass up."

Prior to KNNN, Ruh held PD duties at KEWB/Redding; KSND/Eugene, OR; and KZOZ/San Luis Obispo, CA.

### WASH/DC Hikes Huston To GSM

WTOP-AM & WASH-FM/Washington NSM Melissa Huston has been elevated to GSM at Evergreen Media AC WASH. She succeeds Director/Sales Mark O'Brien, who has been elevated to GM (R&R 8/12).

According to O'Brien, "Through her successful career, Melissa has clearly demonstrated all the qualities to make an excellent GSM."

Huston had been NSM at WTOP before adding similar responsibilities at WASH two years ago.

## THE EDGE, 1988

## THE EDGE, 1994

**B**ack in 1988 when Jacobs Media first launched The Edge, many industry observers raised their collective eyebrows. Three years later, Fred Jacobs boldly predicted that Modern Rock would become a mainstream music format in the top 50 markets by 1995.

Today, Jacobs Media consults Modern Rockers in markets like Minneapolis, Cleveland, Phoenix, and Las Vegas. The same vision and expertise that saw the potential of Classic Rock in the early 80's is now championing Modern Rock in the 90's.

At this year's NAB, we'll give you the real deal about Modern Rock. You'll learn why it's one of

**"EVERYTHING YOU WANTED TO KNOW ABOUT MODERN ROCK."**

the fastest growing formats in America, why advertisers are investing millions in research and marketing that targets this audience, and why smart broadcasters like CapCities/ABC, Emmis, Viacom, and other major players already own

and operate Modern Rock stations.

Experts from Jacobs Media, Modern Rock managers, and even a tuned-in Los Angeles media executive will share their experiences and answer your questions. We'll even throw in the doughnuts, coffee and Fruitopia. Seating is limited, so call 1-800-928-EDGE or (810) 353-9030.

# MANAGEMENT

## Questioning Your Own Management Style

**H**ow would you evaluate your own management style? Bruce Hyland and Merle Yost, authors of "Reflections For Managers" (McGraw-Hill), suggest managers ask themselves the following 12 questions:

- 1) Do you care about your staff?
- 2) How do you *show* it?
- 3) Can you name something personally important to each member of a team you directly manage?
- 4) Are employees aware of your vision for the operation *and* your plans for their future?
- 5) Do you devote the majority of your time to the top 20% of your employees? (If not, you should.)

- 6) Does your organization's informal structure correlate with its formal organizational chart?
- 7) Which five people have more influence than indicated on the formal organizational chart?
- 8) When did you last talk with your customers?
- 9) Which five things did they like most *and* least about your product or service?
- 10) Is there anyone in your organization who needs to be let go?
- 11) How would your employees answer the previous question?

- 12) What do you need to do to start the process of terminating this person or persons?

### Perk Alert

**O**nly 57% of surveyed firms offer company cars as an executive perk, down from 80% in 1985, according to a the latest study by the Rochester, WI-based Runzheimer International consultancy firm.

However, 73% of the executives with company cars get cellular phones — up from only 26% in 1987.

## Criticize Constructively!

**T**o criticize constructively, Windsor, CT-based ETP management consultants VP Steve Szuchy suggests you use the following "sandwich" approach:

Start by saying something positive about the person's performance. Then discuss whatever problems exist.

Then close with positive statements of confidence in the individual as well as in how the agreed-upon actions will leave everyone satisfied.

Remember that your goal is to leave the criticized person motivated — *not* demoralized.

### THIS CHARMING MAN

## Evaluating Charismatic Job Candidates

**C**harm may not be an asset — especially in a job candidate. According to the Waltham, MA-based *Levinson Letter* newsletter, charm may hide an intense need to be liked. It also may indicate a self-centered personality.

When faced with evaluating such charming job candidates, be sure to ask job history questions. If the person's job history sounds like a laundry list of individual assignments,

this may indicate the candidate has problems working with others. Also note how often the candidate uses "I" or "me" when recounting this history.

Next, ask the candidate to describe situations in which he or she had to manage others and deal with their problems and mistakes. Be wary if the candidate appears overly critical of peers and competitors.

## National Spot Radio Analysis

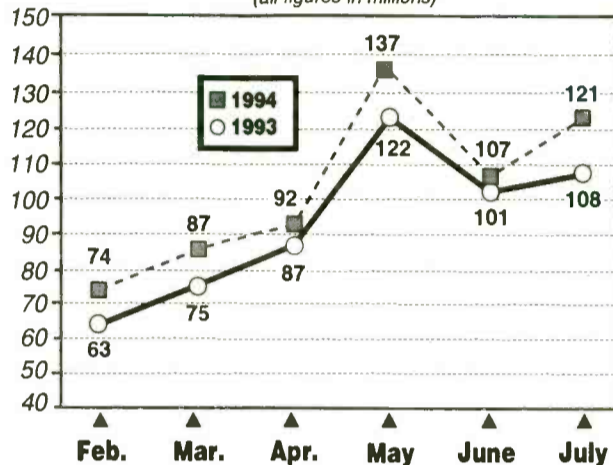

**T**otal national spot radio expenditures for the month of July topped \$121 million — a 12.2% increase over 1993 figures. Note that there were four weeks in July 1993, as opposed to five weeks in July 1994. Thus, actual national spot radio expenditures were much lower in July 1993. All of the figures below, however, have been adjusted to reflect the true difference in national spot radio activity.

While the figures reflect total billings as reported by America's leading national rep organizations, they are not typical of any specific market. Furthermore, spot billing in individual markets, market groups, or geographic areas may differ substantially.

Kurt Cobain's Image Headed For PETA Ad?

Prenders leader (and noted animal rights activist) Chrissie Hynde is approaching Kurt Cobain's widow, Courtney Love, for permission to use her late husband's image in a People for the Ethical Treatment of Animals (PETA) ad headlined, "You need fur like you need a hole in the head" (Esquire).

"He was real excited," says Sonic Youth guitarist Thurston Moore, describing Kurt Cobain's first meeting with Eddie Van Halen. "He went into the dressing room, walked right up to Eddie and kissed him on the mouth. He had to do that" (Rolling Stone).

Hardly Playing

Newly converted golf lover Amy Grant recounts her first time on the links for Entertainment Weekly: "I got caught in a sand trap and it took me eight strokes to get out. I finally just threw myself up in the air and body-slammed to the ground."

She also notes the course nearest her Franklin, TN home is "cut out of absolute wilderness. My husband played two consecutive games. The first day he killed one water moccasin and four copperhead snakes. The next day five copperheads. Now he carries a gun in his bag. Works better than a five-iron."

Cuts Like A Knife

Lisa Marie Presley-Jackson's plastic surgeon tells People she did NOT — as rumored — go under his knife to increase her breasts and reduce her thighs, but to remove an appendectomy scar.

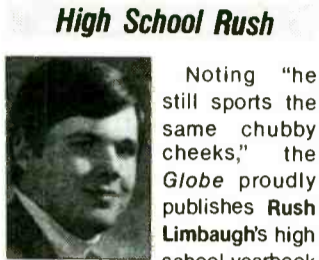

Meanwhile, Reba McEntire's stepdaughter describes the country star's secret facelift: "Reba had her lips enlarged, her eyes lifted, a nose job, her chin worked on, and a pouch removed from her neck." And the Star runs before-and-after photos alongside the commentary.

Man Funny — Woman Funnier

Rolling Stone's cover either features comic Jerry Seinfeld as the young Elvis Presley (gold lame suit) or the fat Elvis (white jumpsuit).

Meanwhile, Stevie Nicks tells the same 'zine, "I could've been a comedian," confessing she has "about 25 pairs of platform boots" and — at age 46 — can still do the full splits with "both legs."

Each week R&R sneaks a peek through the nation's consumer magazines in search of everything from the sublime to the ridiculous in music news. R&R has not verified any of these reports.

High School Rush Noting "he still sports the same chubby cheeks," the Globe proudly publishes Rush Limbaugh's high school yearbook photo.

Madonna NOT 'Ab Fab' Madonna's a BIG fan of the outrageous British cable sitcom "Absolutely Fabulous." But when her people told the show's producers that she'd love to make a guest appearance, the "Ab Fab" brain-trust said they had no suitable scripts coming up (Star).

Back In Love Again Jackson Browne was spotted dining with old flame Darryl Hannah in a NYC eatery (Globe). Erik Erlandson, guitarist of Courtney Love's band, Hole, is dating Drew Barrymore, whose 29-day marriage recently ended (People).

Hardly Working Asked by Entertainment Weekly how it feels to be called a working class hero, Jerky Boys member Kamal replies, "It's a lot better than working." Meanwhile, Dinosaur Jr. leader/legendary slacker J Mascis tells the same 'zine he's working on being happier: "I even tried to learn how to meditate, but this instructor told me I didn't have enough energy."

We Are Family Responding to a paternity suit dismissed by a UK court last week, Boy George said the birth would have to have been "a miracle" (Time). Offspring guitarist Noodles on being the father of a four-and-a-half-year-old daughter: "I just cuss a lot less. My life is punk rock, Barbies, and Disneyland" (Rolling Stone).

Generation Gap NRBQ are on the cover of — and the subject of a page-long feature in — the August American Demographics issue because "after 25 years on the road, the band still drives baby boomers crazy." "The only thing I know about Generation X," Green Day guitarist Billie Joe tells Rolling Stone, "is that I really liked their first album a lot."

**Houston Country Gets New KIKK**

**L**egendary Country outlet KIKK/Houston shifted from mainstream to a current-intensive "New KIKK Country" stance at 9am Tuesday (9/6).

VP/GM **Bob Moore** says the move is the first in a four-pronged programming/marketing plan that'll be completed by November 1. He expects a full complement of new personalities in place by the first of October. Morning man **Country Jones** stays, but afternoon truckdriver **Jim Lago** and evening star **J.T. Spees** exit. **Joe Ladd** — who's logged 27 years on-air at KIKK — comes off the airwaves and is "working on putting something together" with the station. The music — broken by two stopsets an hour — is separated by new positioning liners from KILT & KIKK OM **Rick Candea**.

The move is targeted directly at crosstown **KKBQ**, which has had considerable success since its shift to "Houston's New Generation Of Country" two years back. That success hasn't been lost on KIKK, which has adopted positioners that may sound just a little bit familiar to KKBQ listeners.

KIKK's new liners include references to "Fresh Country" — a phrase KKBQ has used on billboards around Houston for many moons. Another of KIKK's new positioners is "Houston's New Hit Country Station For The '90s," which is remarkably close to KKBQ's two-year-old slogan, "Houston's Hit Country Station For The '90s."

**Rockin' Bear Country**

The Country conflict's heating up in Pittsburgh as well. **WQKB** ("K-Bear") shifts from mainstream to "Rockin' Country," intensifying its battle with **Entercom** Country combo **WDSY & WXR** ("The Rebel").

Looks as if the deal that ups **Island** VP/Promo **Sky Daniels** to Sr. VP/Promo is almost a done one.

**KFKF & KKCJ/KC** PD **Don Crawley** resigns to become Dir/Music Ministries for the Grand Avenue Temple/United Methodist Church of KC. Crawley spent the last 15 years in KC Country radio: more than 13 with **WDAF**, where he spent seven years as PD, and the last 18 months in his most recent post.

**Scene From A Dahl's House**

**Evergreen Media** has decided not to pick up the next year of **WMVP/Chicago** morning maniac **Steve Dahl's** multi-million-dollar contract. His five-year pact was originally negotiated when he was half of a successful morning show with ex-partner **Garry Meier**. Evergreen intends to renegotiate for what the company considers an "appropriate salary" for Dahl on his own. No word, though, on what Dahl would consider a prop.

**Bonneville** Classic Rocker **KZPS-FM/Dallas** LMAs crosstown Alternative **KDGE-FM**, with a deal to purchase the **Edge Broadcasting** outlet awaiting FCC approval. **KZPS** VP/GM **Tom Glade** takes on similar duties at **KDGE**, replacing **Ed Wodka**. **KZPS** VP/Programming **John Larson** will oversee programming for both outlets; **KDGE** Station Mgr. **Joel Folger** remains PD. Meanwhile, after a three-year hiatus, **Jacobs Media** returns in the role of **KDGE's** consultant.

**KHTX/Riverside** VP/GM **Jeff Salgo** segues into the VP/GM slot at co-owned **Henry Radio** combo **KRQC-AM & KDON-FM/Monterey**. He maintains VP/Programming responsibilities for **KHTX** and the rest of the 11-station chain. **KRQC** switches from Rock to '70s Gold and adds the syndicated "**Mark & Brian**" show for mornings. Midday maven **Joy Gregory** will remain, but morning star **Glenn Schuck** and night slammer **Paul Pravettoni** will exit within 30 days.

**Heritage CHRs Turn AC On**

Another longtime CHR, **WMEE/Ft. Wayne**, segues to Hot AC as "The New Mix

tion moved a half-point, and several stations changed ranks (see revised Hartford and New Haven ratings, at right).

• August 30 — WJQI-FM/Norfolk was ultimately deemed the station listeners were tuned to when they entered "Q94" in their diaries. Credit had initially gone to WRVQ-FM/Richmond, which, like WJQI, uses some variation of "Q94."

• August 31 — Entries in Billings diaries for KMMS-FM/Bozeman, MT were assigned to KBMJ-FM/Billings. KBMJ's translator was not originally considered eligible for credit. Those changes, along with other "quality assurance measures," might affect other Billings stations, according to the ratings service.

Arbitron spokesman Thom Mocarsky admitted the number of recalls this period is "more than the norm," but said there was no connection between any of the incidents. "It would be nice to pinpoint all of this to just one thing or one person, but that's not the case here," Mocarsky said.

CKEY/Bufalo Names Gray PD, Goodwin OM

KPOI/Honolulu PD/morning man Kerry Gray has been tapped for PD/afternoon duties at Alternative start-up CKEY-FM (The Planet)/Niagara Falls-Buffalo.

Gray

Concurrently, Liz Janik & Associates OM/MD Peter Goodwin has been named OM of both CKEY and co-owned Gold CJRN-AM.

"I'm very impressed with Kerry," said station owner Keith Dancy. "I can't believe his energy level. If we can just harness it throughout the

station, there's no declaring what we can do."

Regarding Goodwin's hiring, Dancy explained, "The buzz on the FM is a bit overwhelming. One of the dangers in this exciting format is that the AM will be forgotten. I wanted someone with a modern mind to handle the AM."

Gray and Goodwin are both 14-year industry veterans. Prior to joining KPOI, Gray was Asst. PD/MD at WEQX/Albany, NY; Asst. PD at WZEW/Mobile; and PD at WOXY/Cincinnati. Goodwin previously was MD for Joint Communications and an air personality/producer at CFNY/Toronto.

utter format. It's exciting to join such a visionary company.

"The toughest thing about leaving 'DRE is the family atmosphere, but I'm going from one family atmosphere to another."

Calderone has been with 'DRE for the past four years. Prior to that, he was PD at WHFS/Washington-Baltimore for a year and a half. Calderone will remain in New York and continue to host the "Modern Rock Live" and "On The Edge" syndicated programs.

Cuba

through Canadian operators and are linked to the station. Callers give the show's host the phone number of a friend or relative in Miami, and the two parties communicate by listening to each other on the air.

33

We get a lot of calls from Old Cuba. We are devoted to that crisis.

—Raul Alarcon, Sr.

The U.S. government has its own way of communicating with Cubans: its \$15.8 million-per-year Radio Marti, which increased its signal August 24 from 50kw to 100kw, presumably to accomplish its mission to "fill the information gap resulting from more than 30 years of government control of the Cuban media."

Open Access

Like the SBS stations, other commercial Spanish stations in Miami have increased their Cuba-related programming since the crisis began. Cuban businessman Francisco Aruca's twice-weekly "Just Today in Miami" program on WOCN-AM/Miami now runs five days per week, according to GM Richard Vega.

Cuban leaders in Miami are also using radio to get their messages

across to both Miami and Cuba. Two Miami commissioners recently used WAQI-AM/Miami's airwaves to broadcast an appeal for workers to strike in Havana and in Miami's Little Havana.

Both WAQI-AM and WCMQ-AM & FM have been posting lists of Cuban refugees outside their offices so that listeners can learn the fate of loved ones.

Although most people who call in are checking on friends and relatives, some call to express larger messages. "In the name of the people of the island, here is a message for President Bill Clinton," one man said in a recent call to WCMQ-AM. "This is a worker in Cuba. Stand fast with the measures you have taken with the Cuban policies in this crisis."

Alarcon said the station is providing a forum for all voices to be heard. "I think we're doing a good job for the Cuban community during this crisis. They are expressing what they want to express. They can't do that in Havana."

WJOI

Continued from Page 3

searched for a format that fits a marketplace need. This music triggers good memories for a wide cross-section of the audience and we'll quickly become a preset button on many Detroit area radios."

Prior to becoming AC approximately three years ago, WJOI had been B/EZ since 1971.

Fines

Continued from Page 1

revised in 1993. The federal appeals court ruling (United States Telephone Assn. vs. FCC) was handed down July 12 — the same day the FCC fined KOA. Until a new system is devised, most observers expect the FCC to revert to the case-by-case method used before the 1991 policy statement.

FCC Mass Media Enforcement Division Chief Charles Kelley said any fines that are in "limbo" will be set aside, but licensees will eventually be "re-fined" on a case-by-case basis. "We'll be going more by the seat of our pants," he explained. Kelley added that the FCC "imposed fines without too much difficulty" before the 1991 fine system was set up.

Kelley said that although the ruling hasn't had too much of an effect on the Mass Media Enforcement Division, "I think the work will be a little more labored."

Caffey

Continued from Page 3

best at what we do, and I want to make sure the people here have the tools and resources necessary to win."

Caffey started his radio career as an AE and LSM at WYLL/Des Plaines, IL 15 years ago. He joined WCLR/Chicago (now WTMX) in 1982, eventually working his way up to GSM in 1989 shortly before becoming GM of the Memphis combo.

Bradley

said. "It has a great signal, and half the talent I worked with at [crosstown AOR] WNOR in the mid-'80s."

Bradley had only been at 'AIA for six months, but oversaw the station's flip from Classic Rock to Progressive last month. Prior to that, he was Asst. PD/Research Director at WZGC/Atlanta, PD at WYBB/Charleston, and MD/Research Director at WNOR.

Dunkin

Continued from Page 10

With one person overseeing two stations, we need all of that and more. Greg's qualifications made him stand out from all the other applicants."

Before joining KYSR, Dunkin programmed WWMX/Baltimore. He'd also been MD at WNSR/New York (now WMXV) and KLSI/Kansas City (now KMXV).

Vlautin

derstanding of the media and of the artists with whom he works make him a natural for the job."

Before joining Island, Vlautin served as Director/Information at A&M Records. He will remain based in New York.

## CONTEMPORARY HIT RADIO

## CHR: Alive And Well In New York City

New York — one of America's most crowded and competitive radio markets — boasts not one, but *two* successful CHR/Top 40 radio stations. What's the secret behind the format's success in the Big Apple? In exclusive interviews, Pop CHR WHTZ (Z100) Dir./ Ops & Programming Steve Kingston and Rhythmic WQHT (Hot 97) PD Steve Smith discuss their stations' approaches and success and share their thoughts about the state of CHR.

### Steve Kingston: The Suburban Side Of CHR

#### ■ Z100 rides new wave of crossover Alternative hits

**R&R:** Describe Z100 and why you think it's a CHR/Top 40 for New York.

**Steve Kingston:** Z100 is an edgy, jangly, acoustic-based modern pop music radio station. The demo is 20-30-year-old white women who live everywhere in NY but Manhattan — we're a suburban station. Z100's still rebuilding, still in a startup mode to some degree. The station has truly been reborn — it's a newly refined, recharged version of Z100.

Steve Kingston

This wasn't a format change — we subtly redefined Pop CHR for a large chunk of NY as the old Z100 ran out of juice. We fashioned a new sound that really hit home with our suburban audience both in terms of music and lifestyle. Z100 plays the music 2.4 million white suburban females are passionate about.

Z100 is a current-based hit music station playing Elton John, Aerosmith, Boyz II Men, Offspring, and Nine Inch Nails. It's the frequency and order in which we play them that sets us apart. We obsess over maintaining that critical balance of pop, pop-alternative, pop-rock, and rhythm.

**R&R:** What are the most important elements in Z100's success?

**SK:** The music, morning show, and attitude were built with a cohesive strategy around John Lander and Z100 music. Lander, the music, and the station's image all complement each other. Add in "Lovephones," a tremendously talented airstaff, the best support staff on the planet, and the best marketing campaign on and off the air, and you've got Z100. We're a total entertainment package.

**R&R:** What's your impression of the market's competitive situation?

**SK:** I'm proud to be working in NY with so many groundbreaking stations doing specialized versions of their formats. This sets the tone for a lot of out-of-the-box thinking. With our specialized Top 40, Hot 97 redefining the dance side of CHR, and WPLJ taking AC to the next level, there are a lot of format rules being broken. Z100 has broken all the CHR rules.

**R&R:** What are you going to do if the current popularity of Pop/Alternative fades?

**SK:** Z100's not pigeonholed. If a new style

or genre presents itself, we've left ourselves enough flexibility to take advantage of the new trend. The root word in contemporary is temporary. You need long-term goals, but the bottom line is that it's a temporary world we live in. If you put yourself into a box, you won't survive.

**R&R:** Will this pop/alternative mix work everywhere?

**SK:** It can in various degrees because a hit is a hit. Our Top 10 most-played songs differ little from other Top 40s in many markets. Since [Alternative] KROQ/Los Angeles is almost a Top 40, it would be harder to launch a Z100 there.

After Woodstock, Rock PDs are scratching their bald spots, wondering if they're connecting with this audience. CHRs are playing Stone Temple Pilots, Soundgarden, and Nine Inch Nails more than Rock is. These are the core artists the 12-34 generation identifies with, and CHR PDs need to take advantage of the fact that Rock doesn't care about young adults.

**You need long-term goals, but the bottom line is that it's a temporary world we live in.**

— Steve Kingston

**R&R:** How do you feel about the "Channel X"-type stations blending hip-hop with pop/alternative?

**SK:** I don't think it's a good idea. For years, many Rhythmic PDs have been shielded by not having to worry about how tough it is to play discordant sounds back to back. They're finding out though.

**R&R:** What are your feelings about the overall state of CHR/Top 40 in 1994 and beyond?

**SK:** CHR's future looks healthy. I've been to hell and back, and we've stayed the course. We resisted changing formats and calls while in the middle of an ownership change. CHR can work anywhere. Know who your audience is, research their tastes, and deliver on their expectations. Somewhere between science, gut, and passion lies the right formula to win in your market.

### Steve Smith: Reflecting Multicultural Diversity

#### ■ Hot 97's heat comes from the street

**R&R:** Describe Hot 97 and why you think it's a CHR/Top 40 for New York.

**Steve Smith:** Hot 97 is NY's hip-hop station. Hip-hop was born in NY, so this niche works for 12-34s. It's unlike anywhere else in the world, except Los Angeles. Hot 97 is it for the 12-34 audience. And since hip-hop's been around for a while, we're seeing great growth 25-34. It's a segment of Top 40 in NY just as Z100 is.

Steve Smith

**R&R:** What are the most important elements in Hot 97's success?

**SS:** I'm proud of the way Hot 97 has showcased Ed Lover & Doctor Dre in mornings — they're so much a part of the hip-hop community. We're artist-driven, with weekly shows hosted by people like KRS-1, Africa Bambaata, L.L. Cool J, and Grand Master Flash & The Furious Five. Plus, our artist information is a step ahead, so if listeners turn off Hot 97, they won't get the pulse of New York. Community involvement is also broadening our base.

**R&R:** What's your impression of the market's competitive situation?

**SS:** We don't have a direct competitor, but we compete indirectly with Z100, [Urbans] WRKS and WBLS, and some with [Spanish] WSKQ and [Hot AC] WPLJ. Right now we're winning because Hot 97 is local. The music is localized, with so many lyrics about NY. No other station reflects the multicultural diversity of NY like Hot 97.

**R&R:** Where are rhythmic musical tastes headed in NY?

**SS:** People love radio here and respond to what we do because new music is a top priority for listeners. Hip-hop is growing and shows no signs of letting go. Reggae is also growing at a fast pace and grabbing a tremendous following. It's also very compatible with hip-hop.

**R&R:** How will Hot 97 adjust if hip-hop loses popularity just as freestyle and house did?

**SS:** I'm not as concerned with hip-hop as I would be with alternative music. Hip-hop has a lifestyle relationship with the audience. If hip-hop's temperature falls, there's enough compatible rhythmic music to give it a boost.

**R&R:** Why hasn't hip-hop helped some Rhythmic stations that are having ratings problems?

**SS:** What we do may not translate in many other markets. I recently read R&R's story where KROQ/Los Angeles PD Kevin Weatherly said, 'Don't follow KROQ.' Don't follow Hot 97 unless you've done the proper research to determine if this approach will work for you in your market. There is no place in America like NY. If you need to become more mass-appeal, do it, but keep in line with the audience's expectations.

**R&R:** How do you feel about the "Channel X"-type stations blending hip-hop with pop/alternative?

**SS:** These stations may be hurting themselves. I've done research and, with the exception of 15-17-year-old males, rhythmic and alternative music aren't any more compatible than oil and water. I suspect that some of these moves might be sales-driven. Don't jump at this because five other stations are doing it — do the proper research to determine whether or not this formula will work in your market.

**If hip-hop's temperature falls, there's enough compatible rhythmic music to give it a boost.**

— Steve Smith

**R&R:** What are your feelings about the overall state of CHR/Top 40 in 1994 and beyond?

**SS:** All-things-to-all-people CHR is over in major markets. A healthy CHR gets 85% of the TSL from 35% of its audience and Arbitron is still the game, so be focused. Every PD should go to Laurel and look at the diaries. You'll realize which things don't matter — like stopset positions, where the powers go, and promotions you think will drive TSL and don't. It'll help you reprioritize your day. You'll find out how little they know about your station. Pound one message — not four — to win. Take a few chances, but base them on experience, not ego. If you make mistakes, learn from them.

## BREAKING OUT THE BOOK

### Smaller Losses, Bigger Gains

The spring Arbitron was favorable to many Rock stations, with share increases in the 2.0 to 4.1 range. While it's typical to see approximately the same number of stations increase as decline, the good news is the losses were in smaller increments and the gains came in bigger doses.

The ensuing information is derived from the Top 100 continuously measured Arbitron markets, Mon-Sun, 6am-midnight listening.

#### Gainers & Decliners

Overall, Rock stations gained by an average share of 1.1, and went down by an average of .8. Check out the stations that posted significant gains in 12+ share as shown by the point increase in parentheses:

WZZO/Allentown	(+4.1)
KRAB/Bakersfield	(+2.3)
WEBN/Cincinnati	(+2.5)
WBZX/Columbus, OH	(+2.0)
KBPI/Denver	(+2.5)
WROQ/Greenville, SC	(+2.4)
WTFX/Louisville	(+2.7)
WIBA/Madison	(+2.5)
KEZO/Omaha	(+3.3)
WKQZ/Saginaw	(+3.2)

Stations registering the most notable losses, with the point decrease in parentheses, were:

KLAQ/El Paso	(-2.6)
KRZR/Fresno	(-2.5)
KBER/Salt Lake City	(-2.1)

Fifty-four Rock stations posted gains (45%), 56 showed losses (47%), and nine stations maintained the same 12+ number from the previous book (8%).

At Classic Rock stations the increase was by an average share of 1.1, while the decliners fell by an average of .6. Posting the biggest increases, with the point gain in parentheses, were:

WGRF/Buffalo	(+2.6)
KJFX/Fresno	(+2.0)
KKZX/Spokane	(+2.2)

And those with the greatest decreases, with the point loss in parentheses, were:

WZRR/Birmingham	(-1.4)
WSKZ/Chattanooga	(-1.4)
WAFX/Norfolk	(-1.5)

Twenty-six logged gains (43%), 32 recorded losses (52%), and three stations maintained the same 12+ share from the previous book.

After the summer book ends September 14 and all the books are in, we'll have another look at the triumphs and the trials of the ratings period.

### Demo Leaders

This chart illustrates Rock's top three demographic standings, followed by the combined total number of stations in the top three for each demo.

The demos earning the largest percentage of stations in the top three were:

- 81% men 18-34
- 78% men 25-34
- 77% men 18-24

The demos with the lowest percentage in the top three were:

- 52% men 25-54
- 61% adults 18-34

#### Classic Fall

In Classic Rock, the picture is bleak for the adult 25-54 demo: only 28% of stations hit the top three ranking slots. Males 25-54 compare at 57% of stations in the top three ranking places.

# Like No Otter Station . . .

■ Veteran personalities play key role in KOTR's No. 1 12+

By Shawn Alexander

KOTR (K-Otter)/San Luis Obispo, CA is the last of a dying breed of freeform radio. It's also the only Progressive outlet to be No. 1 12+ in the Spring '94 Arbitron survey. The station retains the lofty status in all its key demos — persons 18-49, 25-54, 35-44.

7-Up executive Wally Wallenbrock signed on KOTR as a community-driven block-programmed station October 1, 1984. Local concert promoter Bruce Howard took over ownership a few years later with a few investors, including Shadowfax front man Chuck Greenberg.

## Giant Leap Backward

"We came here with a long-term game plan," explains Howard. "It evolved based on the personalities and a lot from what the community put into it. We're taking a giant leap backward about 30 years to where FM was new and not overprogrammed.

"I could tell people were playing scratchy vinyl from their own record collections," recalls PD Drew Ross when he first heard the station. "The DJs rambled about political issues; you'd hear them cuing records on-air. It was really sloppy, but great. It tore down the wall between the listener, because it wasn't real radio. It was fresh, human, and very unintimidating."

Ross joined 'OTR as an air personality in 1986. He ascended to MD in '88 for a mere \$20 a week, which was the highest paid position at the time. In late '89, K-Otter hired an AOR programmer and began to conform to more traditional radio practices. Ultimately, everyone rebelled against it and current MD Matthew Lawton (aka Clam Chowder) took over as PD.

"It was just titles for the industry," Lawton points out. "We were a team. Drew left in '93 for a year; it was like McCartney had left the

## KOTR Ratings History

This is only the second Arbitron book for No. 168-rated San Luis Obispo since it returned to rated status. The market has a spring-only survey. Here's a look at KOTR's ratings (all figures represent Monday-Sunday 6am-midnight):

### Demographic Breakout

	Spr. '93	Sp. '94
12+	5.0 (#3T)	8.6 (#1)
18+	#4T	#1
18-49	#3T	#1

Beatles. I didn't want to be PD, it wasn't creative or fun anymore. I became MD to learn a new aspect of radio. Drew came back [six months ago] and it was just logical for me to stay MD and him to become PD."

## Programmed By The Jocks

KOTR places its fulltime jocks in dayparts between 6am-7pm, based on each individual's musical tendencies. Here's a look at the on-air lineup, which has been in place for the past four years:

- Mornings: Nine-year vet Lady Tie Di.
- MIDDAYS: Six-year vet Clam Chowder.
- Afternoons: Eight-year vet Mike Shaw.

Evenings, overnights, and week-ends feature specialty programming.

Several volunteers do one show a week. The only requirements are to follow the station's break times at :08, :35, :48, and ID at the top of the hour. Although the station's music is entirely jock choice, the personalities play between 25%-40% new music ranging from Rock, Alternative, blues, folk, jazz, reggae, and even some Country — but not the Garth Brooks-types — relying heavily on listener input.

"We've developed a real intuitive music station that's programmed by the DJs," says Ross. "We have over 10,000 pieces of music, but people still bring in their own collection. Each person brings something unique, so it isn't homogenized radio. We've developed a consistency out of it, because everyone's been here awhile."

Howard adds, "There's more pressure on the DJs than a normal programmed station. It's something that has to be in their blood or it won't work. The humanness of the deejays is a critical part of the sound of this station."

"It's almost like we're talking one-to-one to our listeners," notes Ross.

There's more pressure on the DJs than a normal programmed station. It's something that has to be in their blood or it won't work.  
— Bruce Howard

"We've all developed the sound of the station and refined it. It isn't based on charts; it's a natural evolution and that's become the longest-running format in this area."

## Building Music Sets

All the music that arrives at the station is immediately segregated into categories in the on-air studio. "The baby boomers still want to hear Jimi Hendrix and the Doors, but they want to be in tune with new music too," says Howard."

"I encourage DJs to build sets around new releases," explains Ross. "When Counting Crows first came out, we really wanted to talk it up and play it next to things to put it in perspective, like the Band or Van Morrison. This is a conservative area musically. We don't have a lot of access to modern things. It's a rural area and we're very careful with how we introduce things to this audience. It's like a hippie-thing: Grateful Dead, Neil Young, and Bob Dylan are our roots."

"Our format allows us to do really good segues and sets that are powerful and can be spontaneous with what's happening around us.

THE SLO LIFE — The KOTR/San Luis Obispo staff relishes the fresh air and wonderful surroundings in the backyard of the station's home (located in Cambria). Communing with nature are (front row, third from left) longtime station vet Lady Tie Di and station owner Bruce Howard (standing behind her). Back row next to tree (l-r) MD Matthew Lawton, afternoon man Mike Shaw, and PD Drew Ross.

We can play music that has a healing feeling. It's a real art to segue; one of the greatest highs is to make it work."

Ross explains the station's huge demographic spread. "What the fathers listened to the sons now listen to, like the Grateful Dead and Jimi Hendrix. We're the kind of progressive station that plays stuff like Pearl Jam, Nirvana, and Jane's Addiction. We're not just mellow rock 'n' roll. We don't just target a narrow niche, we're for an open-minded person that loves all kinds of music. We have younger and older people listening — our target is 25-49. You can draw the parallels between some of the rock from 20-25 years ago with music today."

Lawton says, "It's really hard to tune in and get an idea of what we're about, because it depends on what the DJ is personally going through. Each DJ might rap a set with something they personally like. Each

Each person brings something unique, so it isn't homogenized radio. We've developed a consistency out of it, because everyone's been here awhile.  
— Drew Ross

show represents K-Otter — all kinds of music from all eras mixed up so it flows. For example, a set might include Hank Williams Sr., Bob Dylan, Woody Guthrie, right into Nirvana or Dinosaur Jr."

How in the world does K-Otter devise a playlist and keep it consistent? Lawton explains an album must be in the station's "Noteworthy New" category first. "It then needs about five plays Monday through Friday 6am-7pm to get added to light rotation on our playlist. The DJs write down what they play and I tally everything. If it's in light [rotation] and the next week the plays increase, it moves to medium."

## Heavy Community Focus

KOTR attributes part of its success to being heavily involved in the community. "For 40 weekends last year, we were involved with things that were not live remotes for money," notes Howard. "Right now, there's a K-Otter Youth Triathlon. It's a five-month program with kids from five to 15 years old in every community of this market. We do fundraisers, blood drives, and concerts — remember, we're a concert promoter too."

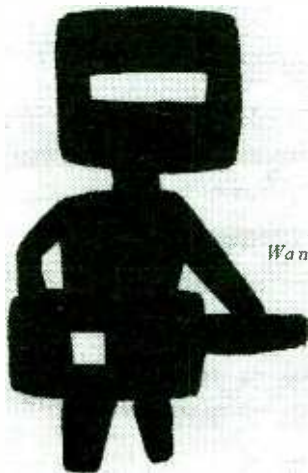

"We're excited about our ratings, but we've seen stations come and go based on a book. Especially this format — the kiss of death is looking over your shoulder."

# WJMZ Turns One With A Win

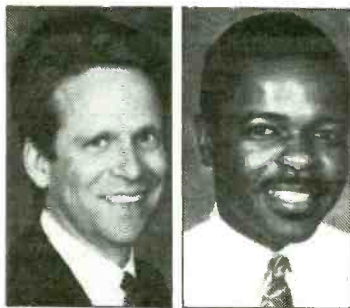

■ Mainstream UC rises 6.3-7.4 12+ as part of a three-station Urban duopoly

WJMZ/Greenville-Spartanburg — in its first year as a Mainstream UC — is part of a duopoly with WLWZ-FM and WLYZ-FM, which simulcast an Urban AC approach targeted to adults. WJMZ PD Paul Jackson and GM Sam Church discuss the programming and management aspects of the station.

August 28 marked WJMZ's one-year anniversary, and the station celebrated by vaulting 6.3-7.4 and placing fifth 12+. Among 18-34s, WJMZ placed third with more than a 10 share; it ranks seventh among 25-54s. WLWZ & WLYZ jumped 2.9-4.4 12+ to rank eighth (30 signals reach the market).

### '107-Minute Music Jams'

Jackson didn't change his music strategies for the spring sweep. “Our music was the same this book. We continue to do the same things we've been doing — we're still going through a growth process, and we're not finished yet.”

“Even though we're sold out a lot commercially — we max out at about 11 units an hour, excluding morning drive — we continue to do our [frequency-related] '107-Minute Music Jams.' We're still able to get in the music sweeps our listeners enjoy, and we're still able to get away with that music feature four or five times a day, not including overnights.”

### Right On Target

Church says WJMZ is right on target ratingswise. “We're a little ahead of schedule as to what we had

projected. We've had an uptick in every trend here since the very beginning. At 100,000 watts, we're the first full Class C coverage Urban facility in the market — that's made a tremendous difference for us. I don't think the potential to get as many bodies as possible to write their names down in a diary and get credit in the Arbitron books had ever been tapped in this market. That's one of the things that's given us a jumpstart.

“Paul and the airstaff have done a tremendous job of being what he calls 'in your face' in the streets. We've certainly had a lot of help getting where we are. Each month we continue to make progress, and that's what we're looking for right now.”

### A Place In The Sun

will be here has given this area national recognition,” says Church. “Their assembly plant goes to production this year, and that has spawned a lot of interest in the market. The potential increase in radio revenue and retail is very good.”

“The city also will host the first year of the NFL's Carolina Panthers, who'll play at Clemson University's Death Valley Stadium. What's more, some of the audience spillover from the 1996 Atlanta Olympics will be in this market. That makes us very excited about this format and doing radio in this market during the '90s.”

Jackson adds, “The Michelin Tires headquarters, Hitachi, Mita, and the gas turbine division of General Electric also are here. This is my hometown — it's great to see it grow. The radio competition here is extremely good. We have a number of stations here who do very well in their respective formats; they also do well overall with their expertise. So even though we're in the Urban format, we're also trying to do well overall — we're trying to do good radio and get the best results with the most amount of people listening to radio in the marketplace.”

## WIKY Wins With Full-Service Approach

■ Two market 101+ stations prove their potency amid Country competition

In case you haven't noticed, AC isn't lacking in strong spring ratings success stories. Showcased this week are two Market 101+ format representatives more than holding their own against strong Country competition.

Mark Baker

Mainstream AC WIKY/Evansville, IN stands alone as the market leader among 25-54s and 35-64s and ties Country foes WKDQ and WYNG for No. 1 18-34 honors.

"WKDQ and WYNG are both beating themselves over the head with the same [bumper-sticker] promotion," observes two-year WIKY PD Mark Baker. "They're both powerful stations whose purpose is to swell the Country share. Country's an artist-driven format, much like AOR was in the late '70s. It touches people on an emotional level."

While Evansville's two Country stations are very prominent in WIKY's research, WIKY shares most of its audience with CHR WSTO. "They've been in the market a long time and have a healthy cume. From the 'pop' side, we keep our eyes on them. They seem to have stabilized among 25-54s."

### 'Visit Our Strengths'

Following Baker's arrival, WIKY returned to basics. "We needed to see how we could attack ourselves. The station had been on a four-year slide, and I wanted to identify our weaknesses and visit our strengths."

**You can't fight Country stations song for song. If we can get some of their listeners to come to us even for the shortest time, they might find they like our entire package.**

Until its September '92 flip to Country, WKDQ provided WIKY with healthy AC competition. WIKY now has no direct format challenger, and music isn't necessarily its chief focus. "We're basically a full-service station playing AC music. We own the news and information hill in this market and are prepared to protect it to the death."

"We have the most resourceful news department between Indianapolis and Nashville. In the past year, our news department has won five AP Indiana Large Market awards — more than [Full Service] WIBC/Indianapolis. Our people know how to sniff out bones. Our billboard campaign specifically promotes

mornings, news, traffic, and weather."

### Mega Morning Numbers

WIKY tops the market in morning drive among 18-34s, 25-54s, and 35-64s with 20+ shares in all three demos. "There's news or information every five or 10 minutes. The CBS-TV affiliate's meteorologist does weather for us, and they promote us during their newscasts."

Unafraid to break music format, Baker notes, "Our listeners agree we're the Tri-State news authority. We have a network for cellular callers to update traffic problems. If we need to step up to the plate and deliver information, we don't hesitate to interrupt the music — people expect that from us."

Still, Baker had to combat WIKY's stodgy music image. "People perceived us as playing elevator music. Musically, we're several notches above where we were two years ago. We make sure we play the right music and do lots of research in that area, but our equity in non-music areas is played up in our marketing strategy. You can't fight Country stations song for song. If we can get some of their listeners to come to us even for the shortest time, they might find they like our entire package."

### Working At Work

Many Mainstream ACs perform well among 18-34s, but few rank

**If we need to step up to the plate and deliver information, we don't hesitate to interrupt the music — people expect that from us.**

first. Baker, however, isn't surprised by Jack Taddeo-consulted WIKY's No. 1 18-34 showing. "ACs need to get to younger demos through the workplace. We conduct contesting and promotions among our at-work listening database, but it isn't mentioned on-air."

There might be more trouble this fall for WIKY's competition as Baker declares, "We want to be dominant, and we're poised to do better — all signs point that way. I think I can get our [20+] 25-54 share up a few more points. There may be some more disenfranchised Country listeners — we've just begun to hit our stride."

## Tracking Torrid Twosome

The following charts compare two 101+ Market ACs with their Country counterparts. Statistics in parentheses indicate spring-spring fluctuation.

### Evansville, IN

Calls	Format	18-34	25-54	35-64
WIKY	(AC)	#1 (+5.7)	#1 (+6.2)	#1 (+2.5)
WKDQ	(Ctry)	#1 (-4.6)	#2 (-1.2)	#2 (+2.8)
WYNG	(Ctry)	#1 (+7.2)	#3 (-0.9)	#3 (-4.9)

Among 13 rated signals, only the above three garnered double digits 25-54 and 35-64. In both demos, WIKY's near-20 share was almost four shares higher than runnerup WKDQ.

### Fayetteville, AR

Calls	Format	18-34	25-54	35-64
KEZA	(AC)	#2 (+8.4)	#2 (+7.5)	#2 (+9.3)
KOLZ	(AC)	#9 (-1.4)	#6 (+0.4)	#6 (+0.8)
KKIX	(Ctry)	#1 (-7.4)	#1 (-9.3)	#1 (-7.5)
KAMO-FM	(Ctry)	#7 (-0.9)	#5 (+1.7)	#3 (+4.5)
KBEV	(Ctry)	#6 (-0.9)	#8 (-4.6)	#8 (-4.2)

Seventeen stations appeared in Fayetteville's spring book, but only KKIX and KEZA scored 25-54 and 35-64 double digits. KKIX's 24-share 25-54 lead over KEZA last spring has been reduced to seven. Likewise, KKIX's 28-share 35-64 margin over KEZA was cut to less than 12.

## KEZA Tries To Overcome Market's '800-Pound Gorilla'

Spring-spring demo gains notched by McVay Media-consulted KEZA/Fayetteville, AR are among the loftiest within the format, vaulting the station to second among 18-34s, 25-54s, and 35-64s. No. 1 in those demos is KKIX, a Country powerhouse whose strength may be eroding.

"KKIX has been the 800-pound gorilla here the past 11 years, but we hope to catch it very soon," remarks two-year KEZA PD/morning man Chip Arledge.

Chip Arledge

"Sometimes objects in a rearview mirror are closer than they appear, so we hope we make them nervous. As an AC, we realize we're not able to steal many of their partisans. They do their thing, we do ours."

### Looking For Tempo

Describing KEZA as a "Spectrum AC," Arledge comments, "We focus on the '70s, but usually play one '60s song an hour. We're about 20% current and 20% recurrent. There are lots of ballads in the format, but we need songs with tempo to keep the station sounding fresh. In addition, AC artists don't seem to be in touch with their fans. You'll never see Phil Collins at a shopping center shaking hands and signing pictures."

In a non-exclusive arrangement, KEZA carries University of Arkansas football and basketball games. Arkansas's basketball squad is the defending national champ, and play-by-play generally helps the station in fall sweeps. "We tout our 100,000-watt signal, which can be heard in parts of five states. It's a

monstrous signal that won't disappear.

"We wanted to bolster our weekend numbers this spring. Three weeks before the spring book began, we started 'Work Escape Weekends.' They feature '70s 'pop' music, and the idea seems to have brought more folks into the fold." Love Songs airs Monday-Thursday, 8pm-midnight. Notes Arledge, "It's a benchmark for us and was very big this book among females 18-34."

**As an AC, we realize we're not able to steal many of KKIX's partisans. They do their thing, we do ours.**

### 'Rotund' Wakeups

There's plenty of activity during Arledge's daily wakeup show — where he's also known as "The Rotund One" — including news and information at :00 and :30. "We also do comedy bits called '20 After Laughter' and 'Morning Funnies.' There are school-related features on the quarter hours and not very much talk. We try to keep the momentum moving the best we can and play nine to 10 songs an hour."

## WGTR: From Nowhere To No. 1

No matter what the length, the road to No. 1 is always tough — especially when the route is blocked by a heritage station. Historically, Country outlets in particular have been difficult to knock off because of intense audience loyalty.

This week's focus is on a pair of Country outlets new to their markets' format leadership role. They've taken decidedly different paths to the top, and they've gotten there at vastly different speeds. WGTR ("The Gator")/Myrtle Beach, SC premiered in June 1993 and — in this one-book-a-year-market — not only beat 18-year Country outlet WYAK 12+, 18-34, and 25-54, but was the market's No. 1 station in all those demos. WIBW/Topeka, on the other hand, debuted in October 1990, taking four years to topple 17-year format veteran KTPK.

### Dream Becomes Reality

It's every programmer's dream to be No. 1 out of the box. Certainly, PDs plan as if they're going to be, but few achieve that lofty goal. And it wasn't something PD Kris Van Dyke even considered for WGTR. In the understatement of the year, he says, "Apparently, the market was even more ready than we thought for a music-intensive, fun Country station. Our plan was to overtake WJXY, the Country station in Conway, SC, the first year, and — after we had a foothold — to take on WYAK the second year. Debuting at No. 1 is the most incredible feeling I've had in my 25 years in this business."

WGTR's 107.9 frequency, a drop-in from nearby Bucksport, SC, had never been on the air. For Van Dyke, who's spent all 25 of his years in radio at CHR and Classic Rock stations, the immediate challenge was to let folks know the Gator existed. "We only had small TV and bill-

**Country is the CHR of today; you can put a station on the air, make it fun, and do what CHR used to do — shoot to No. 1.**  
— Kris Van Dyke

board campaigns. Even though we only have a five-person airstaff [the all-digital station uses voice tracks overnights and in some weekend shifts], the Gator van was everywhere; we were always handing out bumper stickers and T-shirts. We told people personally we were on the air. We tried to be everywhere they [WYAK] weren't and a lot of the places they were."

WGTR didn't do much in the way of contesting either, says Van Dyke,

adding that he gave away a lot of concert and NASCAR tickets in the last year.

### CHR Sound Nets Huge 18-34s

In its first book, WGTR's No. 1 12+ share of 11.7 beat the second-place finisher (WJYR) by 2.1 points and third-place WYAK by 4.1 shares. In 25-54, the Gator was No. 1, edging No. 2 WYAK by .6. The Gator's nearly 20-share debut 18-34 put it 3.8 points ahead of second-place WYAV and a full 16 shares ahead of WYAK.

How does Van Dyke explain the incredible disparity between WGTR and WYAK in 18-34s? "I don't have an answer. All I know is we play a lot of currents and recurrences; I'm

really careful with the rotations to make sure the recurrences and power golds don't repeat in the same daypart within four days. And we do a lot of promotions with clubs."

Mark Tudor consults WGTR, which Van Dyke says sounds like a

CHR station with country records. It's music-intensive, talk is kept to a minimum (even the morning drive bits and talk are kept under 90 seconds), and the spot load is limited to 12 units over three breaks per hour. "The jocks don't talk unless there's music under them, and the music flow never stops," says Van Dyke. "They're always upbeat

## WIBW/Topeka's Four-Year-Long And Winding Road To Top

For WIBW/Topeka PD Kevin Wagner and his staff, the trek to the top took a bit longer than that of WGTR/Myrtle Beach, SC — about three years longer.

Wagner explains that WIBW's original goal wasn't to beat heritage competitor KTPK, but to make money. "When I got here [in February 1990 from a Manhattan, KS [CHR], the only plan was to get some 25-54 numbers we could sell. In a town this size, it's difficult to make money playing CHR even if you have ratings. The decision had already been made to go Country — it's easier to sell Country without numbers than CHR with numbers."

The numbers didn't come right away. WIBW flipped from CHR in October '90 and debuted with a 6.0 share (12+) in Spring '91. It jumped to a 13.4 the next spring, slipped to 10.1 last year, and bounced back to 14.4 this year. It ranks No. 2 12+ and 25-54, leading KTPK by 2.9 and 1.9 shares, respectively. KTPK ranks third in both demos.

### Wanted: 35+

WIBW's major score came in the 18-34 demo, where it's No. 1 — 2.2 points ahead of second-place KDVV and 10.9 shares ahead of KTPK, which ranks seventh.

It's interesting that even as WIBW trailed KTPK 12+ and 25-54 in Spring '92 and '93, it beat TPK 18-34 in both books — by 5.1 and 4.2 shares, respectively. "We didn't plan to attract solely 18-34s, but that's what we ended up with in our second book," says Wagner. So for

Kevin Wagner

its third book, WIBW did something unheard of for Country stations in the last few years: It launched an all-out effort to attract older listeners. "Figuring it would attract an older audience, we did a huge Branson promotion, giving away loads of trips on tour buses heading there."

### 'Outhustling' The Market

Unlike many new Country stations that have unseated incumbents, WIBW didn't attack KTPK with an 18-34-targeted, attitude-laden, CHR-oriented presentation; it was mainstream Country all the way. The music is 60-40 current-gold, familiar, and superstar-based. "We

go on new acts, but it has to be a great song," says Wagner.

He feels WIBW beat KTPK this spring by excelling in three strategic areas. "KTPK played a lot of unfamiliar music; we stuck to the superstars. While I admire KTPK's staff, I think our talent, especially the morning show, is extremely entertaining and humorous. KTPK's morning show is more cut-and-dried — information, weather, and a lot of information about the artists and music.

"But we really outhustled the whole market in event marketing. There just wasn't much going on. KTPK would do remotes and go backstage at shows. But there wasn't much effort from anybody to inject

and uptempo. They're in and out in 15-20 seconds. Their rap is short, concise, and fun." All his staffers have worked in CHR radio, which he says is a plus when it comes to communicating with them about what he wants.

### More Music, Attitude

Musically, WGTR's plan was to hit listeners with more music and a larger music library than WYAK. Its mix is current-recurrent intensive. Depending on the daypart, three to four oldies play per hour; the 600-title gold library goes back to 1989. Van Dyke says whether it's a current

or gold, it's a hit. "Every song is a Top 5. Every time somebody punches the Gator, they hear a hit."

Like most 18-49-targeted Country stations, the Gator is loaded with attitude. What's different from most is that the attitude doesn't come from the jocks, but is isolated in the station's liners. Among the Bill Moffat-voiced sweepers: "Your radio is locked firmly in the jaws of a Gator," "Grab the bikini and hold on (followed by the sound of ripping velcro)," and "Southern by birth, Country by the grace of God." Van

fun into events. When we go to a show, it's a job. Everybody has specific duties."

One of Wagner's jobs is to blow up beach balls bearing the WIBW logo and toss them into the audience. I assumed he meant during intermissions — but not so. "It's got to happen during the show. That's the most fun. I usually blow 'em up during slow songs and toss 'em out during uptempo tunes. I've never had any trouble with the venue, artists, or managers. The crowds have come to expect it. Even the acts have fun. A ball went onstage once and Diamond Rio just kicked it back out into the crowd."

Wagner says he takes three balls, which usually stay in the air for about 10 minutes before security nabs them. He insists security doesn't mind, either. Wagner claims, "It's the best \$30 we spend."

### The 'Money Man'

WIBW's "Money Man" attends all concerts, handing out cash for the best signs with the station's logo. Says Wagner, "We've really had trouble getting involved with concerts the last four years because we weren't an R&R reporter. So we had to do things to make shows look like ours. It's not hard — it just took money. It got off to a slow start. Some folks were coming with logos on hats or shirts, so we got very specific about what we wanted. We gave instructions on how to make 'bedsheet banners.'"

The WIBW Money Man hands out six envelopes per show, usually just before the headliner goes on. One contains a \$100 bill, the rest \$20s and \$50s. Wagner spends about \$500 per concert.

WIBW is also one of the few stations in a market this size that does callout research. "We talk to about 500 people over an eight-week period," he says. "We don't play hooks — it's mainly for 'favorite station' and artist perception purposes to get a feel for who's hot."

### Changes In Attitude

After strong '92-'93 showings, Wagner says the attitude around WIBW changed. No longer content to "just get some numbers to make

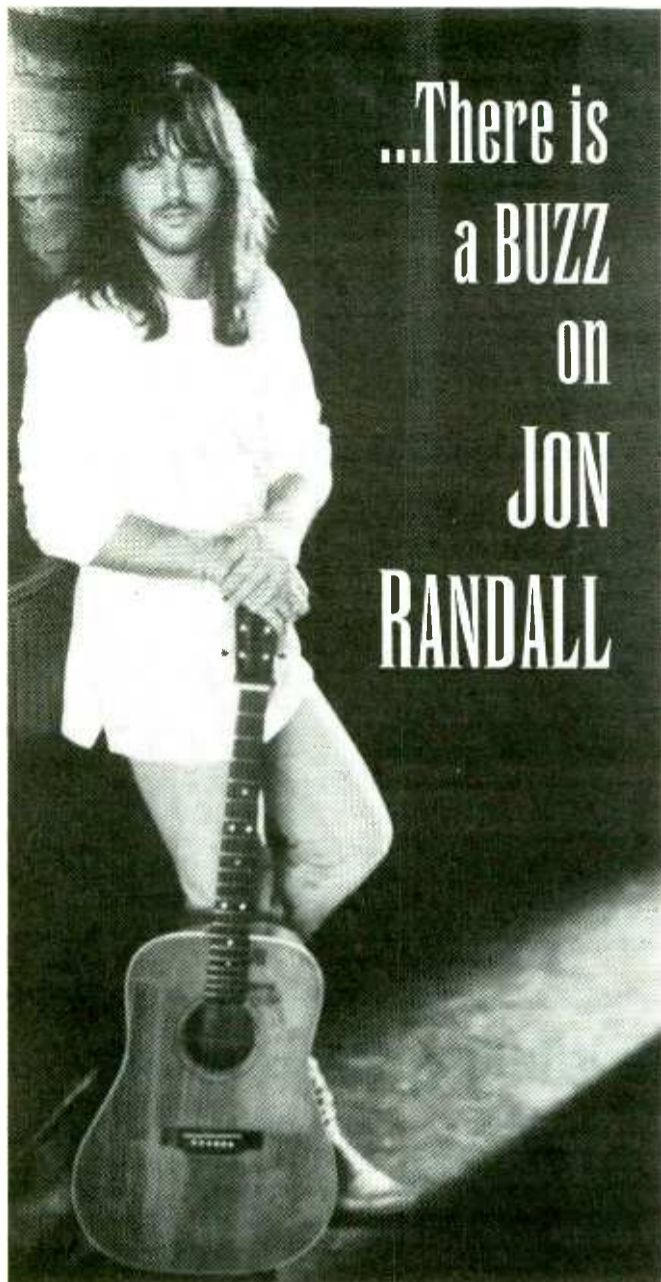

**In a town this size, it's difficult to make money playing CHR even if you have ratings. It's easier to sell Country without numbers than CHR with numbers.**

money," the station made a conscious decision made to go for the top. "Management laid out a promotion budget of \$30,000, which is average for this town but high for KTPK. We gave away a lot of cash. From November '93 through this July we gave out \$100 a day with the 'Song Of The Day' contest."

WIBW's numbers were also bolstered by a change in philosophy, which moved the station to super-serve listeners in Shawnee County, Topeka's home county. WIBW was weak there — perhaps through a

# Country Beatles Tribute Planned

What do the Beatles have in common with Keith Whitley, Lynyrd Skynyrd, and Merle Haggard? They're the latest in a steady stream of tribute albums featuring country artists slated to hit shelves in the coming months.

Liberty Records announced the Beatles tribute late last week; recording will begin this month. The participating artists have not yet been finalized, but the album will likely be released sometime during the first quarter of '95. Jerry Crutchfield will produce the project.

Proceeds from the CD reportedly will go toward building an industry retirement home for country artists, musicians, and others involved in the business. The retirement center was conceived by Liberty President Jimmy Bowen and has been adopted as a project by the CMA.

### Music Of The Masters

Rodney Crowell, Vince Gill, and Emmylou Harris will perform with a renowned band of Nashville musicians at the W.O. Smith Nashville Community Music School's 1994 Master Series Concert on Monday (9/12). Held at the Ryman Auditorium, this year's show will be particularly significant because the trio will reunite with the Coldwater Canyon Troubadours, a group that includes drummer Eddie Bayers, keyboardists Tony Brown and Glen D. Hardin, steel guitarist Hank DeVito, guitarist Albert Lee, and bassist Michael Rhodes. For ticket information, call (615) 737-4849.

### I Feel The Earth Move

The staffers at Sony/Nashville may have underestimated the power of the Third Rock From The Sun when they placed it in front of their 16th Avenue office. The 1500-pound Styrofoam globe took not one, but two tumbles down the street — landing once at Curb Records' doorstep and taking down two \$6000 lamp-posts in its path. No word yet on exactly how much destruction the wandering sphere caused, but considering the mess, we hope Diffie's next single isn't "Good Brown Gravy..."

### Surprise Guest

Rhonda Vincent got a thrill recently while attending a George Jones concert at Opryland. She was enjoying the show when she heard Jones call her up onstage. Excited, she leaped over the fence between the stage and the audience to get to him instead of taking the longer way around to the side of the stage and up some stairs.

The band then launched into "I'm Not Over You," a tune from Vincent's Giant/Nashville album; she also accompanied Jones on "I Don't Need Your Rockin' Chair." As Vincent was leaving the stage, Jones reportedly told the crowd he'd like to do a duet with her. Stay tuned — Vincent is hard at work on her next Giant LP, due out early next year.

### On 'The Road'

Mary Chapin Carpenter and Levon Helm, who performed together during a Nashville super-concert sponsored by the syndicated

### Bits & Pieces

Sawyer Brown's Mark Miller recently caught up with his buddy, Phillies first baseman John Kruk, when the band played the West Virginia State Fair. The two golfed at the Greenbriar, and Kruk reportedly stayed to watch both Sawyer Brown shows at the fair... "Lethal Weapon" star Danny Glover will be in Nashville Wednesday (9/14) to unveil the artwork for the new Liberty cassette benefiting the Coors Adult Literacy Program... Reba McEntire's new film, "Is There Life Out There," will air on CBS-TV October 9... Naomi Judd recently taped a forthcoming segment of "Oprah." The show, whose topic of discussion was "To Whom Do You Attribute Your Success?" is tentatively slated to air September 19. Judd's book, "Love Can Build A Bridge," will be available in paperback October 1.

## WGTR

Continued from Page 33

Dyke says his jocks stay away from attitude: "we just want them to have fun on the air," an element, he adds, that's especially important in Myrtle Beach, a beach town and recreation area.

Even if the Gator hadn't logged in at No. 1, Van Dyke says he's excited about being in Country radio today. "I'm really impressed by the loyalty Country listeners show their radio station. Country is the CHR of today; you can put a station on the air, make it fun, and do what CHR used to do — shoot to No. 1."

As ecstatic about the station's first book as Van Dyke is, he's equally confident of the Gator's future. "If there is one reason for our jumping out to such a great start, it's that we're plugged into Myrtle Beach. We are Myrtle Beach Country. And this is just the beginning of a dynasty for this radio station."

## WIBW

Continued from Page 33

Wagner feels WIBW's ascendancy didn't come quite as quickly as WGTR's because people in Topeka weren't necessarily looking for change; KTPK had done a good job of giving listeners what they wanted. "We had to wrench listeners away one at a time. It took four years to win their hearts. I'm just glad the company was willing to stick with us."

A footnote: Topeka-based Stauffer Communications is in the process of selling its company — and WIBW — to Morris Communications. The primary business of both companies is newspapers.

## Katz: All-Sports A Serious Contender

Format scores big in key demos, attracts major-market revenue

Seven years after the format debuted on WFAN/New York, Katz Radio Group has promoted all-Sports radio from special teams to the starting lineup.

"People tend to describe a format as a niche format when it has a small but loyal core audience, like Classical or Sports," says Katz Sr. VP/Director of Research Gerry Boehme. "But the core audience for many Sports stations is pretty significant, so that niche label really doesn't apply anymore."

"When this format first started, we wondered whether it would work because it was targeted to such a seemingly narrow audience," adds Boehme. "But it's really no different than a music format that identifies what a segment of the audience wants to hear and then superserves that core."

### Who's Listening

A recently released Katz report, authored by Claire Browne of Katz's Banner Radio, paints a flattering portrait of all-Sports' significant core. According to Katz, the format's audience is:

- Heavily male — The only surprise here is the size of the skew. Men comprise 87% of the all-Sports audience, making it the most male-oriented AM format. (Talk is second with approximately 60% male audience.) "We've never seen a skew this large in any format," marvels Boehme.

- Young — The all-Sports audience is centered in the 25-54 demo, with that group accounting for 60.8% of the audience. The 25-34 cell contributes the largest share (24%) to the Sports audience, while 35-44 provides 22.8% and the 45-54 cell kicks in another 14%.

**Sports radio is one of the very few media to successfully reach affluent white-collar men for any length of time.**

- Loyal — Men 25-54 rack up a huge TSL with all-Sports stations. Men 25-34 are real gluttons, soaking up 8.01 hours of sports yak per week. Men 35-44 average 6.43 hours.

- Affluent — These figures may raise a few eyebrows, given the "Mike from the Bronx" image projected by all-Sports callers. According to Katz, major-market Sports outlets such as WFAN, WIP/Philadelphia, and WTEM/Washington

attract some pretty well-heeled folks. WIP, for example, boasts a Scarborough index of 242 in the "personal income of \$50,000 or more" category and 180 for "home value of \$500,000+." WTEM scores a 151 for listeners with post-graduate degrees.

"Sports radio is one of the very few media to successfully reach affluent white-collar men for any length of time," says the Katz report.

### Fields Of Green

For some all-Sports outlets located in sports-crazed major markets, that audience profile is translating into big-league money.

"In some places, the format's doing glowingly," says Duncan's American Radio Publisher Jim Duncan. "In New York it's a phenomenal success. It's doing well in Philadelphia, and its doing OK in Chicago."

According to Duncan's figures, WFAN did \$35 million in revenue in 1993, making the Infinity outlet the top biller in New York and No. 2 in the country (behind WGN/Chicago).

**When this format first started, we wondered internally whether it would work because it was targeted to such a seemingly narrow audience. But it's really no different than a music format that identifies what a segment of the audience wants to hear and then superserves that core.**

Health care reform returns for its 11th month.

Reporting Stations: KGO/San Francisco, Ken Beck; KING/Seattle, Andy Ludlum; KIRO/Seattle, Billy Yeend; KMOX/St. Louis, Tom Langmyer; KOAI/Denver, Kris Olinger; KSDO/San Diego, Kelly Wheeler; KSTP/Minneapolis, Steve Konrad; WABC/New York, John Mainelli; WBAP/Dallas-Ft. "If it wasn't for the baseball strike," Duncan adds, "I think WFAN would have surpassed WGN this year."

WIP, another Infinity property, had \$7.4 million in 1993 revenue, the eighth-highest total in the market. Powered largely by Redskins football, Colfax Communications' WTEM scored \$7.5 million in sales, good for 12th in the market.

### Majors Only?

Despite those success stories, Duncan reiterates the long-standing caveat about the Sports format not being a panacea for every ailing AM station. "Not every market has the potential to support an all-Sports rev-

enue winner. The format has tremendous potential in major markets, but in small markets without a pro franchise, it doesn't have a chance of [generating significant revenue]."

Outside the Top 75 markets, says Duncan, all-Sports becomes a marginal proposition. Even when done properly, which means some expensive-to-produce local programming and play-by-play, it simply won't draw significant audience numbers.

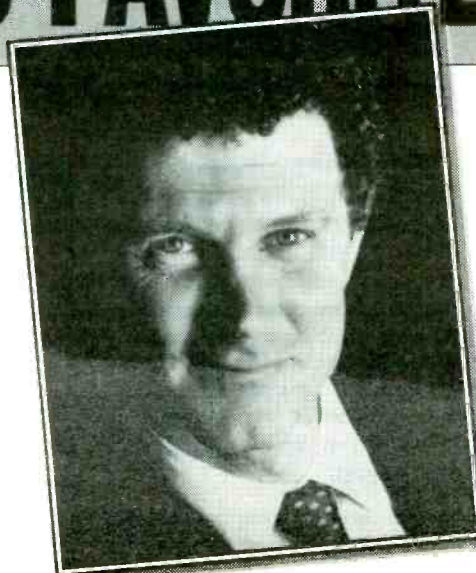

"[In those markets,] all-Sports is a good way to get a couple or three share points and maybe sell something off that. It's good for an AM with absolutely nothing else to do."

## FIRST WE TAKE PHILADELPHIA

# How WJJZ Brought The Format To A Top 5 Market

Starting a new station is always a challenge, but even more so when the format is new to the market. PD **Bernie Kimble** talks about how he flipped **Malrite CHR WEGX (The Eagle)** to **NAC WJJZ/Philadelphia**.

Like many of his NAC colleagues, this 25-year vet has worked his fair share of other formats. After being involved with CHR, AC, Hot AC, Soft AC, Gold, and the management of broadcasting schools in Cincinnati and Chicago, he became aware of NAC while working at **WRRM/Cincinnati**. "I heard the satellite-delivered Wave format evolve and then devolve to the point where they were playing **King Crimson** and **Yes** while still calling it the Wave."

## Kimble's First NAC Job

Kimble was programming **Rock 40 WCCK/Erie, PA** when he was approached by **Gary Kniseley, GM** at **WNWV (The Wave)/Cleveland**, with the idea of taking the Wave from satellite to a live operation. "I had vowed never to get involved with another start-up. It's such a difficult situation, because you only have one chance to make a favorable first impression."

"But the satellite version of the format was already established in the market prior to our going live. We were able to turn it into a living, breathing station. I had a lot of support from Gary, as well as **Lee Hansen** of **WNUA/Chicago** (where I'd worked for a year), and **Broadcast Architecture's Frank Cody**. Plus, I had the luxury of 21 days' preparation before I launched the station on the first day of the book."

## Music Monitor

WJJZ played the following songs in a recent noon hour:

**PETER WHITE/**  
Could It Be I'm Falling ...  
**ANITA BAKER/**Body And Soul  
**DAVID BENOIT/**  
M.W.A., Musicians With Attitude  
**KENNY G/**Songbird

cisco hotel room. "I'd worked for **Malrite** before at **WHK/Cleveland**," says Kimble. "When I heard John's voice, I knew he wasn't calling to find out how I liked San Francisco or his Country station there, so I simply said, 'I'll take the job,' without even knowing what it was."

"When I learned that the assignment was converting **Malrite's Phil-**

sive, however, and I accepted — with only six days to put it together for a **March 12, 1993** debut.

"Philadelphia is an extremely competitive market. I consider anyone on the air my competition. As one of our salespeople says, we didn't debut by flying in 1000 747s carrying listeners — they all came to us from other stations. I wanted to be sure we began where we wanted to be a year into it so we wouldn't create the impression of changing our concept in midstream. My greatest challenge, by far, was to hit the ground running and present a finished product."

## Learning The Audience

"It's difficult to come into an unfamiliar market and learn the attitudes, likes, and dislikes of your potential audience," warns Kimble. "My approach at WJJZ was to take the best, most popular songs from **WNWV** and **WNUA** and create the most palatable, mass-appeal library I could without getting locked in a corner."

"I thought it was important to include a variety of sounds, a balance of instrumental contemporary jazz, soft vocals including some AC crossovers, and the best of so-called New Age-influenced music. I didn't want their inclusion at some later date, after we got feedback from the audience, to make us sound like some other kind of station."

"Research has given me an understanding of a cross-section of Philadelphia listeners' tastes; we've been able to focus on the styles of music they feel passionate about. We've also learned that our broad-based original approach was correct: From the start, we haven't played tuneouts. And that, of course, is what we're here for — to play what our audience feels strongly about."

## Stormy Weather

In addition to marketing and promotion, force of habit and a timely meteorological mishap contributed to WJJZ's auspicious debut. Says Kimble, "One of the hardest things to do in establishing a new station is 'setting a button.' Our predecessor, **CHR WEGX**, enjoyed high visibility and plenty of press attention. It had a button with every adult who had children."

"The very day after we changed format, Philadelphia was struck by the worst storm in its history, and the entire city was snowbound at home

for days. Thanks to word of mouth and previous press coverage about the format change, a large audience apparently sampled us while snowed in.

"We began getting calls from adults who were ecstatic about the change, even if their kids were upset. They said it was about time Philadelphia got this kind of station. Many listeners were actually familiar with NAC, having heard **WQCD (CD101.9)/New York**, **WLVE (Love 94)/Miami**, and **KKSF/San Francisco**, because New York is a common work desti-

we had reason to expect. Because we hit the ground running and had format awareness with potential core listeners and media buyers, we cut our developmental time down by a year or two."

## Mass-Appeal Future

**Pyramid Broadcasting's** acquisition of WJJZ is nearing completion, and Kimble is "extremely excited at the prospect of working with the company once again. I've been associated with them before in **Cleveland** and at **CHR WPXY/Rochester**. Pyramid has a strong understand-

“My approach was to take the best, most popular songs from WNWV and WNUA and create the most palatable, mass-appeal library I could without getting locked in a corner.”

nation for many Philadelphians, and the other two are frequent vacation destinations.

"We debuted with an outdoor campaign, using billboards that said 'new' along with our logo and the 'smooth jazz' handle. We also tapped into some small telemarketing ventures, using leftover Eagle opportunities and direct mail. We're currently doing more sophisticated telemarketing with **Broadcast Direct** President **Courtney Thompson**, as well as more outdoor, to get the word out. A high percentage of people were turned on to us by the telemarketing campaign — that taught us not to assume that everyone knows that we're here."

"Our 25-54 ratings hover around a four share, and they've been strong from the outset — even better than

ding of this format, is committed to it, and has the resources to devote to its success."

Kimble believes WJJZ's future will parallel that of the entire format. "There's no question in my mind that, based on the kind of success the format is experiencing in New York, Dallas, and other major markets, WJJZ will build a very broad listener base and become mass-appeal."

"As we continue to cater to our listeners musically, we will continue our growth and evolution and become recognized as the force we are. And just like our listeners, I feel a deep connection to the music we play, so I consider myself fortunate to program a station that I love listening to so much."

"I was comfortable with the transition to NAC, because, like AOR, it's a music-driven format. So I was still playing music for music's sake, and the principles of good radio still applied. You've got to give your listeners their favorite music. You still have to play the hits, no matter what the format."

## 'I Thought He Was Nuts'

It was February 1993 when **Malrite** President/COO **John Chaffee** tracked down Kimble in a San Fran-

"But John had done his homework and researched other major-market success stories, so he was well aware of the format's potential to attract a large, passionate audience. My biggest concern was that there was some valid but hidden reason no one had done NAC in the market before. He was very persua-
