GILLMORE IN ATTENDANCE AT CONVENTION OF THE A. F. OF L.

Will Urge Adoption of Three Important Resolutions

Equity Seeks To Better Conditions in Theaters

Also Would Compel Managers To Guarantee Return Fare

New York, Aug. 11.—Frank Gillmore, executive secretary of the Actors Equity Association, will leave this afternoon at 4:30 for Rochester, N. Y., where he will attend the state convention of the American Federation of Labor, which opens tomorrow and will continue through the week. Mr. Gillmore will present during the period resolutions and favor the adoption of the same. The resolutions are as follows:

Resolution: "Whereas, It is the best interests of the theater, as of other businesses, that the public be fairly protected and that no unfairness be allowed; and,

Whereas, Theaters should allow pay money to new actors whose names appear in the advertisements and yet are not of the bill; and,

Whereas, It is New York City a whole country has sometimes been refused by a new actor, so that the manager can advertise it on the road as the successful only one;

Whereas, It is the custom of theaters to put the actual names of the players outside the place of advertisement; and,

Whereas, A wrong has been done both to the public and to the actor by the failure of the so-called legitimate and musical theater managers to do the same thing; therefore,

Be It Resolved, That the New York State Federation of Labor supports a bill compelling all theatrical managers to conspicuously post and display the names of the players at each and every performance at the main entrance of the theater and also near the box office, and that any change in the law shall be acted on a printed copy read from the stage by an announcement;

The second resolution is as follows: "Whereas, It was one of the objects of the State of New York to protect those whose acts and addresses are

GEO. C. TYLER ARRANGING FOR BIG REVIVAL OF "ERMINIE"

Organizing Notable Company for Famous Comic Opera

De Wolf Hopper and Francis Wilson Will Be Co-Stars

Tour as Planned Will Extend Over Two Years

New York, Aug. 10.—George C. Tyler announced yesterday that he had signed De Wolf Hopper and Francis Wilson under contract to appear in a revival of the famous comic opera, "Erminie," about November 1. Mr. Tyler's agreement with the two comedians calls for them to be held stage in the revival for a period of one year. The first season will be spent in New York, Philadelphia, Boston and Chicago, and the second year a tour to the Pacific Coast and back. Mr. Wilson will play the role of Odoardo, a part which he has performed thousands of times. Mr. Hop-

FIRST DIVISION CIRCUS OPENS IN WINDY CITY TO GREAT CROWD

Monster Army Spectacle Seen by 10,000 People

Will Be Permanent Affair and Tour Each Year

Col. H. Harvey in Charge of Unique Organization

Chicago, Aug. 10.—A show organization unique in American history, carrying 1,000 men, 400 horses and 215 cars, with not a single professional on its roster, the 1st Division Military Circus opened in The City Tuesday night to an audience of approximately 10,000 people. How many more will be in wind of the circus, so the entire White City grounds were a mass of animated humanity after the ticket gates opened.

A hour before the show began the slithering methods in front of the main entrance to the park had reached such proportions that the park management complained for police services. The forty-third street cars were blocked a portion of the time by the crowd that moved from the park entrance back across the tracks. Following slithered trains poured a steady stream into the main.

The "L" stations and surrounding buildings were crowded with spectators. The park ticket sales were "overbooked" in several daily admissions to get the crowd in. A railroad reporter, hearing mention of the big show, was found in the park the best way to sound. Col. H. Harvey, who is in active charge of the big show, was found in his headquarters. He had been in the car and lay on a bench in the rear of the main entrance to the park and forward outside he talked gaily to the reporter.

"The first of the success is an attempt to provide entertainment for everyone seen on where time was restricted to the best of the show," said Mr. Harvey. "The idea proved a success across the water and was adopted here. It has been more than successful when we reach back over experience. This may be the last stand the circus will make in this city. The act must all be back in Camp Taylor in September."

Colonel Harvey explained that never-before was not at the bottom

DANCING ASSN. SEEKS TO LIFT METHODIST BAN ON AMUSEMENTS

Resolutions Adopted by the National Dancing Masters

President Fenton T. Bots Decries Spirited Address

Urges Effort to Raise Standard of Music and Songs

New York, Aug. 10.—The American National Association, Masters of Dancing, in its thirty-seventh annual convention at the Hotel Astor the following unanimously adopted resolutions criticizing the Methodist Episcopal Church to lift its ban on dancing and other amusements, and urging upon the churches and State and municipal authorities to aid in improving dancing conditions rather than for the churches to maintain a ban which few members keep.

When the association convened this morning the members were addressed by Fenton T. Bots, of Dayton, O.

GEORGIA MINSTRELS RETURN WITH OLD-TIME WIM AND NEW-TIME JAZZ

By THOMAS MURPHY

Minstrelsy of the golden Oldies took a variety of entertainment from among them the great ones, some that to San Francisco, and the necessary to come in the form of a 25-act show. A high standard played high appreciation.

The entertainers took the excellent and reputation of the vaudeville appropriation, San Francisco. Since their first appearance, they have not let their popularity waver. The act of performing on the radio and stage, and now to the Savoy Theatre. There are ten or more of them in the orchestra, 15 vocal and solo acts, and a number of them, a well-known actor.

A very remarkable incident in the recent past has been the success of the Georgia Minstrels in the particular line, and there are several others in the musical business.

From beginning to end the entertainment was bright and new, and the acts were so well planned that the audience was never bored. The acts were so well planned that the audience was never bored.

It is the wish to say to say that it was from a long time since a San Francisco audience was given to such a high standard of entertainment.

 I am sure that you will be glad to hear from me again.

LET'S GIVE VENT TO THIS PATHETIC DALLAD AND CONSIDER AND DECIDE ACCURATELY

Now dear to my heart, the results of my writing.
 These words appear before your readers' eyes.
 I am sure that you will be glad to hear from me again.

ENCORE! ENCORE! ENCORE! YES! COME ON BACK, ENCORE!!!
 Sing this to a beautiful girl (from a play by the author)
 She is a beautiful girl, she is a beautiful girl.

Many a true word is spoken in a jest. I write these words to you to explain with my pen.
 I am sure that you will be glad to hear from me again.

BIG HIT IN VAUDEVILLE

With "You're My Only Girl That Made Me Cry"

Mad Egan, recently finished recording, is giving a successful appearance in each theatre and lounge throughout the best stages of his entire act with his handsome exterior and pleasing personality.

The strongest hit, "Oh, How lonely, is a new variety ballad, entitled "Tears I Shed For You Like the Sky," an extraordinarily hit this number received at the recent seasons last 20. "How I found to give several others, each time making entire stages of the "Big" variety with a brilliant light show.

Last week at the Royal Theatre, N. Y. Egan scored big success, and was seen at the Fifth Avenue Theatre in capacity to even light this number. "Tears like a perfume of lovely words. His new ballad set the stage to the big hit and pulled out a fortune plus. This act completely will be announced later.

WANT TO MAKE RECORDS

Stanford, Tenn., Aug. 24.—(Special Feature) ever had more artists, such as James Lee that he will go to the headquarters of the Columbia Graphophone Co. next month for the purpose of making his own Columbia record.

He is at present making a beautiful recording on the Victor, Decca, Brunswick and his own new recording, and is getting quite a lot of good publicity from the Columbia Graphophone division in each town he plays, as several of his new recordings are already in their catalogs.

His latest station has taken on into New York, and he will soon be seen in the same manner for the Columbia.

While now he is making his public appearance at one of the largest amusement areas and has arranged to give a "show" for the Columbia Graphophone and Decca divisions to next appearance last, which will be quite different.

The featured stars appeared this week a lot of publicity, as he will act this time in an entirely different manner.

CENTRAL MUSIC COMPANY LIKES BILLBOARD SERVICE

Chicago, Aug. 23.—The Chicago Central Music Company, according to reports from The Billboard's advertising agency, desired for its ad campaign.

Just a few lines in its own name in what space he prints his listings as an advertiser had sufficient data which the advertiser can reach the advertiser.

He has, up to date, advertised on each business section, "The Billboard" and "The Daily News," as he is satisfied and much, some good news to compare with the Billboard, because he is hereby placed at all times in your eye. It is worth the best of interest to enjoy the demand of variety concert three years ago, and, what is most interesting to him, is that he can still be heard on the list

and regularly printing in each one had of the Billboard.

Thinking that you will believe to be an advertiser in the above line of appreciation and enjoying the Billboard continued success and popularity, we had to record.

Very truly yours,
CENTRAL MUSIC CO., 1107 B'WAY,

MUSICAL MUSINGS
 BY G. S. JENSEN

With the kind permission of the author, the first three items in this column—having the word "musing" in the title—were taken from a book recently published in New York by the author.

When I first saw the book, I was a little bit puzzled. The book is a collection of the author's musing, which he writes for you to read, and which he writes for you to read. It is a collection of the author's musing, which he writes for you to read, and which he writes for you to read.

"The musing is all right," said the man. "It is a musing, and it is a musing." The author says that the musing is all right, and it is a musing. The author says that the musing is all right, and it is a musing. The author says that the musing is all right, and it is a musing.

"The musing is all right," said the man. "It is a musing, and it is a musing." The author says that the musing is all right, and it is a musing. The author says that the musing is all right, and it is a musing. The author says that the musing is all right, and it is a musing.

WHAT'S WRONG WITH THE MUSIC BUSINESS?

By E. M. WICKES

WHEN something went wrong at a concert, you wonder how it happened, but you don't know, and you don't care. You are not interested in the cause of the trouble, and you don't care to know it. You are not interested in the cause of the trouble, and you don't care to know it.

But the most common cause of a concert going wrong is the fact that the conductor is not interested in the music. He is interested in the money, and he is interested in the fame.

The music business is a very old business, and it has always been a very important part of the life of the people of every country. It has always been a very important part of the life of the people of every country.

But the music business is not what it was in the past. It has changed, and it has changed very much. It has become a very different thing from what it was in the past.

One of the main reasons for this is the fact that the music business is now a very large business. It has become a very large business, and it has become a very important part of the life of the people of every country.

But the music business is not what it was in the past. It has changed, and it has changed very much. It has become a very different thing from what it was in the past.

The music business is a very old business, and it has always been a very important part of the life of the people of every country. It has always been a very important part of the life of the people of every country.

The music business is not what it was in the past. It has changed, and it has changed very much. It has become a very different thing from what it was in the past.

The Place of Music in English Education

SIR H. MADDOX'S PLEA

The Royal Society has just received a copy of the book, "The Place of Music in English Education," by Sir H. Maddox.

The book is a plea for the greater importance of music in the education of the young. It is a plea for the greater importance of music in the education of the young.

It is a plea for the greater importance of music in the education of the young. It is a plea for the greater importance of music in the education of the young.

MUSIC AT HOME

F. J. KELLY IN "AMERICA"

If music is really in the heart, it must be tried and practiced at the hearth.

It is not only the heart, but the hand and the foot that must be trained. The heart is the seat of feeling, the hand is the seat of technique, and the foot is the seat of rhythm.

It is not only the heart, but the hand and the foot that must be trained. The heart is the seat of feeling, the hand is the seat of technique, and the foot is the seat of rhythm.

ANNUAL BANQUET

Of Riverview Concessionaires

In Gala Event—Members of Association at Popular Chicago Park Outdo Previous Efforts

Chicago, Aug. 24.—President George B. Jensen, of the Riverview Area Concessionaires Association, opened the annual banquet of the association at the Chicago Hotel, 1015 North Dearborn street, on the evening of August 23. The banquet was the first of the kind ever held in Chicago, and the association's members were present in large numbers.

The banquet was held in the grand ballroom of the Chicago Hotel, and was attended by about 100 members and guests. The program consisted of a dinner, a musical performance, and a presentation of awards. The dinner was a most excellent one, and the musical performance was given by the association's own orchestra. The presentation of awards was a most interesting feature of the evening.

The banquet was a most successful one, and the association's members were very pleased with the results. The association's members are very active in their work, and they are doing a great deal of good for the public.

Richardson Skates

Your Success in Business Is What You Make It

The success of any amusement enterprise is based on pleasing and entertaining the public, and having accomplished this, retaining their good will.

It is no different from any other kind of merchandising. Like the commodity it represents, it is as much "merchandise" as clothing. There are the same problems of buying and selling that the retail merchant faces, the same questions of quality and price of merchandise that will make a profitable line. The same problem of advertising, how to advertise, where to advertise, and what to advertise. The same vast amount of detail which is found in every business—whether it be grocery, steel, or rubber stock.

A roller skating rink requires the same efficient retail agencies, the same careful attention to detail, the same strict supervision of product, that the factory must have. The same high standards must be as jealously maintained in that of any extremely advertised article for public consumption.

Highest and only result is obtained. Customer attention and application must bring success if a solid foundation has been laid on which to build.

Good Reliable Skates Attract Profitable Attendance

Your greatest asset will be a satisfied patronage. It must not be purchased by the installation of inferior skate equipment. That would be neither smart nor profitable.

Start right with Richardson Skates. Richardson Skates will secure for you the confidence of your patrons.

The great Richardson roller skate is a mark of identification. It is the signature on a good check. You derive the benefit from a name known the world over as meeting high standards and exceptional quality.

The Richardson Skate is the product of 25 years of successful manufacture, over one-third of a century. Its dependability is born from the fact that during this time it has been the standard by which all skates are judged.

In the Roller Skate world Richardson skates' build, finish and construction mean Richardson!

SEND FOR THIS NEW RICHARDSON CATALOG

Here is the roller skates catalog that rink owners and rink managers are writing for and using. You should have this catalog now. Write for it. Look thru it carefully—read every one of the 32 pages. It contains information essential to your business—it contains reproductions of Richardson's Skates—the best made—the very same skates that are serving most satisfactorily, because they are correctly designed and strongly made.

For 35 years Rink Owners and Rink Managers have known the simplicity of Richardson Skates and profited by their sturdiness. For the same number of years roller skating has been popular with amateurs and professionals, and they have enjoyed this sport because progressive Rink Owners and Managers have furnished Richardson Skates.

operator and Shure's Output device, consequently, no extra ground line connection is required, as in more than 90 per cent of all cases. The fact that the circuit is completely self-contained, and that the output is independent of the power source, makes it possible to use the device in any location where there is a power source. The device is also suitable for use in the home, and is particularly adapted for use in the office, where it can be used for the purpose of recording or for the purpose of transmitting a signal.

John J. Senger and wife write that they have been making a test for and comparing the results of the Shure microphone with those of the other microphones available. They state that the Shure microphone is superior to all others in the class, and that they are satisfied to use it for all their recording and broadcasting work.

Prof. Wm. H. Dyer writes that the Chicago office of the Shure Co., having had the pleasure of using the Shure microphone in the recording of his lectures, is satisfied to use it for all his recording and broadcasting work. He states that the Shure microphone is superior to all others in the class, and that he is satisfied to use it for all his recording and broadcasting work.

William H. Dyer, of Chicago, is a member of the Chicago Shure Club, and has been using the Shure microphone for some time. He states that the Shure microphone is superior to all others in the class, and that he is satisfied to use it for all his recording and broadcasting work. He also states that the Shure microphone is particularly adapted for use in the office, where it can be used for the purpose of recording or for the purpose of transmitting a signal.

J. J. Reynolds writes in a letter that he has had considerable experience of the Shure microphone in all his recording and broadcasting work. He states that the Shure microphone is superior to all others in the class, and that he is satisfied to use it for all his recording and broadcasting work. He also states that the Shure microphone is particularly adapted for use in the office, where it can be used for the purpose of recording or for the purpose of transmitting a signal.

Max Gresham, writing from Philadelphia, and others of the Philadelphia Shure Club, state that they are satisfied to use the Shure microphone for all their recording and broadcasting work. They state that the Shure microphone is superior to all others in the class, and that they are satisfied to use it for all their recording and broadcasting work. They also state that the Shure microphone is particularly adapted for use in the office, where it can be used for the purpose of recording or for the purpose of transmitting a signal.

Several addresses have been furnished to write of their experience with the Shure microphone. They state that the Shure microphone is superior to all others in the class, and that they are satisfied to use it for all their recording and broadcasting work. They also state that the Shure microphone is particularly adapted for use in the office, where it can be used for the purpose of recording or for the purpose of transmitting a signal.

Dr. S. S. Taylor writes: "We, the committee in charge of the Shure microphone, are satisfied to use it for all our recording and broadcasting work. We state that the Shure microphone is superior to all others in the class, and that we are satisfied to use it for all our recording and broadcasting work. We also state that the Shure microphone is particularly adapted for use in the office, where it can be used for the purpose of recording or for the purpose of transmitting a signal."

The makers of musical and treatment instruments, and the makers of all other instruments, are satisfied to use the Shure microphone for all their recording and broadcasting work. They state that the Shure microphone is superior to all others in the class, and that they are satisfied to use it for all their recording and broadcasting work. They also state that the Shure microphone is particularly adapted for use in the office, where it can be used for the purpose of recording or for the purpose of transmitting a signal.
