PLANS FOR BIG NEW THEATER IN DALLAS, TEX. ARE ANNOUNCED

House to Be Ready in 1921
and Cost Half Million

Will Operate Under Shubert
Booking Franchise

A. H. Woods Heads Newly Or-
ganized Corporation

Dallas, Tex., Sept. 11.—A big theater to be known as the Dallas and costing half a million dollars is planned by the Dallas Theater Corporation, which has just been organized. Plans for the project were announced yesterday in special session held in prominent Dallas citizens by Charles H. Sledge for the underwriters of the projected stock of the organization. A. H. Woods, of New York, is interested in the enterprise.

Officers and directors of the corporation have been selected as follows: A. H. Woods, of New York, president; Carl C. Meerman, vice-president; Edwin Harkin, secretary; A. E. Torres, treasurer; and William S. Welles, managing director. Directors are Alex Sledge, chairman of the board; Charles E. Sanger and Oren Rosenbush of the preferred stockholders.

The new theater will be located at Park, Commerce and Olive streets and is to be chiefly used as an early matinee. It will be equipped to permit performance of any sort, including the heaviest type of musical comedy and opera, and will have a seating capacity of 1,200 persons. It is expected to open the latter August 1, 1921.

The Dallas Theater will be operated under the booking franchise of the New York Shubert American Company of New York. It is announced, "The franchise is for five years from August 1, 1921. In addition it will have the right to operate playing New York Shubert Theatres have agreed to play the Dallas."

"Bookings of the enterprise Charles E. Sledge says, "This is Dallas and shows to obtain a high-class theater and I believe there is no question as to the need of an enterprise of this kind. The enterprise has been reported upon favorably in all circles."

A big victory was won for COMA before the Corporation Commission of Oklahoma at Oklahoma City on September 8 and 9. After two days of testimony the commissioners rendered their decision in the complaint of COMA against the Rock Island, Frisco and Katy for raising their rates an unreasonable percentage over the 15 per cent authorized by the Interstate Commerce Commission.

All carriers in Oklahoma presented a large array of testimony by their attorneys and traffic officials in an endeavor to convince their commission that there had been abnormal competition and shortage of motive power, (Continued on page 20)

INFRINGEMENT OF "OVER THE FALLS" PATENT IS ALLEGED

Two Rides at Coney Island Are
Temporarily Enjoined

"Riding the Rapids" and
"Thru the Falls" Affected

Injunctions To Stand Until
Final Hearing of Suits

New York, Sept. 11.—"Riding the Rapids" and "Thru the Falls," two amusement rides at Coney Island, have been temporarily enjoined from operating because of alleged infringement of "Over the Falls" patent suits. Action has been pending for some time, but it was not until September 8 that the order for a temporary suspension of the rides was signed.

Acting under instructions from Miss F. Murray and E. J. Kilpatrick, the law firm of French, Davis, Murray & Kilpatrick brought suit to Judge Augustus Edging the Rapids Company, which operates "Riding the Rapids" on the Boardwalk and "Thru the Falls" at Coney Island. Motions were made for a preliminary injunction, which was argued before Judge Garvin of the United States District Court for the Eastern District of New York, in Brooklyn, on August 25. On August 26 Judge Garvin made his decision, which holds that the Murray patents, Nos. 1,414,112 and 1,412,202, are valid and infringed by the "Riding the Rapids" device.

On September 5, an order was signed for a preliminary injunction and the preliminary injunction was renewed Friday September 10, enjoining the Riding the Rapids Company from operating upon the Murray patents in any way whatsoever pending the final hearing of the suit. Meanwhile the Murray patents were brought to the attention of A. E. Welles, general manager of Louis Park, Coney Island, where one of Murray's "Thru the Falls" rides is in operation. Says William H. Davis, a member of the firm of French, Davis, Murray & Kilpatrick, "Mr. Welles after seeing that Louis Park did not intend to infringe Murray's patent rights advised the plaintiff in the general counsel, Robert W. Senter, of 110 Broadway."

of "ALL-STAR TRIO" says:

"THAT CAT STEP"

(EL GATO)

is a wonderful piece of music, and one of the most original numbers I have ever played. The bass is a musical delight. It looks like a sure-fire HIT.

Newspapers, magazines, motion picture films and the public have claimed this number the greatest novelty of a decade, and the above statement is only another link in our chain of enthusiastic "CAT-STEPPERS."

welby says A. Louis Robinson, Danny Smith, "Musicians" Gaffney, Selby Gorman and others.

"There's no planning in Louis Wicks and his '45-46 Minstrelsy' outfit in such the audience laugh over the best entertainers. Louis Wicks, however, chose to lead his orchestra of 10, and puts his orchestra over with the words of each and piece of other days, while his more serious. His song parts will win the audience that he has always won them. While the ladies write with in every show. While the ladies write with in every show, before it a show with the great of hour success to be had."

"It's hard for Wicks to be in such a show '45-46 Minstrelsy' outfit in such the audience have been in good. The music and musical efforts are the best that has ever had. Just think of it! A 10. The orchestra and orchestra are up to the 25th standard. Last year we thought Wicks had set the standard on musical level of entertainers, but this party's returned as only better than the best of the show, but we give a number of articles and subjects on musical events that bring the show every up to date." The show comes on line at the studio that is being located on 45 E. 34th Street by the late year 1935 season.

When Douglas Ross-Graham & Palmer quit and left the radio for the stage, they were not the only ones who did so. There are a number of others who have done so, and it is not surprising that the radio industry is now looking for new talent to fill the ranks.
