MASS MEETING OF MEMBERS OF EQUITY AT HOTEL ASTOR, JULY 29

At 8:30 p.m. in the North
Ball Room

To Consider and Discuss the
Contract

Proposed by the Touring
Managers' Assn.

New York, July 28.—Frank Gillman today announced that a meeting will be held at Equity members, but at the same time announced that the members of popularized companies and likewise specially invited to participate in the meeting, would be held in the North Ball Room of the Hotel Astor, Thursday, July 29, at 8:30 p.m. The hour chosen was set apart because just at this season a many thousands are going out. The members are requested to come together for the purpose of receiving a report of the action of conventions which have been held from time to time during the last fortnight between representatives of the Touring Managers' Association and the Actors' Equity Association.

Three organizations (besides of which would be a better form) were very busy during the last fortnight between representatives of the Touring Managers' Association and the Actors' Equity Association.

The Touring Managers' Association is composed of managers who are connected with the big production companies, but containing for the most part of those that make up most of the touring companies.

The subject of meetings in this field make it imperative and desirable that a meeting be held at the end of the tour for men between them and their clients.

They (the T. M. A.) desire a contract that will be for the protection of the actor, and the privilege of having the work before themselves and their clients, but agree that at the end of the season (or the conclusion of any player's season) with a company) the total number of performances which shall be totaled and the actor's earnings paid for all over eight performances at the rate of one-

eight of a week's salary per performance. They further agree to ask for only two weeks' advance for dramatic productions and three weeks for musical shows.

They guarantee to pay for all shows lost for any cause save act of God—that they will make no discrimination against Equity members—that all players will receive contracts before the rehearsal—that the two weeks' advance may be given on Saturdays and after the judges of their association to guarantee each of their individual members' obligations.

The report of the conventions will be submitted to the members without recommendation of any sort or kind. Much work has been accomplished that makes for clarity and understanding. Everything is taking shape and will enable the participants—no matter how large the meeting may be—to handle and dispose of the matters at hand in two and one-half of these hours at the outside. The prospect of an amicable agreement are bright and promising.

This is truly gratifying in these trying times but should be made definite and definite now. This show

Chain of Mammoth Theaters
To Be Built, Says Report

New York, July 28.—That a revolution was being foreseen here to hold a chain of mammoth theaters and use the latest developments of the loud-speaking telephone to project the normal of the voice to the audience was the subject of much talk in a small circle of interested parties today. The Billboard is in a position to state that the efficiency of the sound distributing apparatus installed at the convention of the national parties at Chicago and San Francisco attached the attention of these people, and they immediately conceived plans to adapt it to theatrical use. One of the men told The Billboard reporter that he

CRAFTSMEN ARE CONFIDENT OF WINNING OUT IN FILM STRIKE

No Truth in Story That Strike
Is Broken, It Is Said

Secretary Woodruff says 2,700
Laboratory Workers Quit

Manufacturers Might Grant a
Hearing in Near Future

New York, July 28.—"Much of Film Strike Secretary Woodruff today said that the 2,700 laboratory workers and one story in one of the newspapers today. The story was about George Woodruff secretary of the Motion Picture Craftsmen, who promptly denied that the strike was "broken" or that the approximately 2,700 workers had any intention of returning to their jobs until their demands are granted.

"We have told you each time to Film, Pathé, Paramount, Universal, Vitaphone, and Crystalline," said Mr. Woodruff to The Billboard reporter this afternoon. "We estimate that the Craftsmen plan to submit for next several, and that the Republic is not set up for the reason that the majority of employees there are stockholders of the company, and therefore are not eligible to membership in our union."

"Our estimate is that there are 2,700 workers out." (This is very nearly the estimated total number of laboratory workers.)

"Mr. Woodruff said that the union has only ten days of the members, who remain in work."

News reached, he said, had not yet been delivered to the companies, either their delivery or by "Powers." He said that the Film strike had managed to get the attention of the United States Steel's 200,000 feet of film copies of the Film films, one of which will be furnished to the Capitol Theater. The 200,000 feet of film work, he said, had \$100,000 of film value to be developed.

"We have said that we have had up 14,000 feet of film this week. The reason we haven't appeared in the International Alliance is that we have the strike out in hand and strike under control," said Woodruff. "We have no workers out the films, but we have made sufficient to speed

The following laboratories are affected by the film strike: Crystalline, Crystall, Paramount, Biograph, Universal, Vitaphone, Republic City, Biograph, Famous Players, Republic, Vitaphone, Pathé, Edison, Film & Development, Pathéphone, Kessel, Filmart, Kinon, Fox, Pathéphone and Vitaphone. The following have agreed the contracts with Local No. 82: Democracy, Columbia, Universal, "L'Esprit," DeWitt and Dink's Laboratory. There are a total of about thirty laboratories in and about New York City and in the case of laboratories whose workers are part owners or stockholders, such as the Republic, there is some degree of solidarity still maintained, but these laboratories are comparatively few in number.

The workers at their headquarters this afternoon by the 200,000 feet was apparently by the day again, and declare they will not return to work until granted a hearing, while the manufacturers seem to be stubbornly refusing a hearing. There has been reports that a strike was in sight, but this seems to have no real foundation, while one of the

CO-OPERATIVE GRAND OPERA FOR CITIES OF MIDDLE WEST

Five Cities Are Included in

A truly interesting is being shown by some circles of the Middle West. By the proposed international grand opera circuit to be financed on the co-operative plan.

The scheme which has been outlined is an ambitious one, but its sponsors assert that, taking the records of individual opera troupes in the territory under consideration as a criterion, there is no doubt that a co-operative enterprise would be successful.

It is understood that the project originated in St. Louis, where for the past two summers the Municipal Opera Association has conducted high

Large Majority of Managers Praise the Methods and Results—Claim They Are Getting People Truer to Type

CHICAGO, July 20.—The Employment Bureau of the Chicago branch of the Equity Players' Association is in a happy state of affairs as the result, according to J. Lewis Evans, Chicago Equity representative.

"We are already doing business at the rate which shows \$200,000 a year," said Evans. "We have to be sure to get the best of the market." "We are getting the best of the market in getting all of the business and getting a good profit for the association."

"We have had a very good success in getting a good profit for the association," said Evans. "We have had a very good success in getting a good profit for the association."

Evans said it is better than it is good with Equity agents, as the market is.

MERCILESS TRUTHS

As Mr. Mountford and Figureheads of the Peace Treaty Problem have adjourned for a while white paper will prove more plentiful, therefore I am allowed more space in Billyboy—so here goes:

A well-advertized and established writer of Material, who appears somewhat prominent in Theatrical Circles, applied to me for a special writing on a Chautauqua Lecture. He related his sad situation to me, explaining that his time was so filled with other matters that he could not possibly write the Lecture. He offered me One Hundred Dollars to write the Lecture. I wrote it and received the Hundred, BUT later discovered that this Mr. Writer had submitted two writings on this same Lecture to the client, and they were rejected, and upon receipt of my writing he received THREE HUNDRED DOLLARS for the writing. Therefore his last resort was to apply to SNOWBALL. Ha, woa, but through deceit! I have credentials to this fact.

Another Writer, under certain fictitious Operations and Misrepresentations, and thru his Unscrupulous Deceit, purchased three Sixty-Dollar Acts from me for only the price of One Act. Now this Mr. Writer is selling SNOWBALL material and getting the credit for himself. I have credentials to this fact.

Now, Brother and Sister Performers, my material can not possibly be of a meritorious nature, because I am not located in NEW YORK. But, to give you an idea of its PRESTIGE, a Performer sent me a letter of threat stating that he would Denounce me thru the Theatrical Papers if I did not recall a certain line of material that he had purchased from me and that some other performer had obtained in an error thru the shipping facilities which I operate. He threatens me with a suit for damages. If my Material was not of quality WOULD THEY FIGHT OVER IT IN THE COURTS!

What a shameful folly for a human to rise in false dignity and elevate his standard above his fellowmen. I only claim to be a writer and ORIGINATOR. I do not belong to any writers' organization or association for Protection. I only depend upon the meritorious trails of my writings to get me a reputation and prestige. BUT I do belong to the Federation of Labor. NUP SED. But I will state here boldly that I have filled more SATISFACTORY ORDERS for ORIGINAL Material within the past year than all other Writers combined, and I am ready to produce CREDENTIALS to this assertion. All right, Wise Guys—Hop On—I am ONE, and you are MANY.

I am writing hard, both Night and Day. Don't have any time I can call my own. But I am getting the money, \$5.00 a minute. These high-price guys can rest up a while, but I AM ALWAYS BUSY.

I am selling a Special Written Book containing everything suitable for the Theatrical Field. It will prove Valuable to you, altho it does not have any SPECIAL EXCLUSIVE MATERIAL in it, but it will be a screen anywhere. Price of this book of various Material—\$1.50 Money Order.

Anybody that wants a SQUARE DEAL—I guarantee everything or Money REFUNDED—NUP SED.

SWEETIE O' MINE

CHORUS (And. too fast)

The choir is sing-ing, just for that Sweetie-o'-mine, The choir are

all of the time, And you can tell the world for me, she's al-ways going to be, The most old

In these days everyone
Unhappily the way
Takes a hobby for nothing, it seems.
There are some that never go,
While with others the land
Having made it the dream of their
dreams.
Come along I want to dream, as a child,
About saving pictures I've seen just wild.

CHORUS
I have pictures of all my adventures,
I have pictures of my dreams, too,
And my countrymen of those
I have made it the dream of their
dreams.

**The First Best Skate
The Best Skate Today**

From the very first—*one-third of a century ago*—Richardson took the lead with the best roller skate made. Richardson has been in the lead ever since—has been first with every real improvement—originated every worth-while feature of the modern roller skate. Thus for years, both Professionals and Amateurs have known the strength—admirer the beauty—and have found utmost satisfaction in the quality of these famous skates.

For these reasons, Richardson Skates are *first choice* of the Professional and the popular preference of the Amateur. For the same reason they are used exclusively by the majority of the best rinks, both in America and all Foreign Countries. Experienced Operators find it imperative to equip with only the "best" skate—Richardson.
