EQUITY CAMPAIGNERS HAVING LIVELY BATTLE

Independents Brand Statements Issued by Regulars and Published Last Week As False and Misleading—Despite This Regulars Repeat Actors Mentioned Did Withdraw Support From Lackaye—Regulars Allege Fake Ballot Sent Out by Independents—Independents File Protest Against Emerson's Nomination—Emerson Accepts Lackaye's Challenge to Debate

New York, May 17.—Lead actors of independent and association circles were held all over the theatrical district last week after the publication of copies of letters they were said by the Emerson Campaign Committee to have withdrawn their names from support of Wilson Lackaye for president of the Actors Equity Association.

William J. Hill, chairman of the Lackaye Campaign Committee, was very indignant. He said "that when the Lackaye petition was circulated that the audience were told before hand that there were four candidates in the field, John Cape, John Emmerich, Harry Greenhill and Willie Lockyer, and that they were fully informed of this, and that those who signed the advertisement did so willingly and with a full knowledge of what they were doing." He pointed out "that on the Emerson

petition one contended it had been signed by the "Theatrical Committee was to nominate Emerson, and was able to bring this because the committee was hand-picked and attached to the wishes of Emerson and his crew." Kelly said that only twelve letters of withdrawal had been received by his committee from the individuals who signed Lackaye's advertisement, and added that these letters were to the shape of informal letters, without date or address. "In fact," he said, "some envelopes contained four of names, all alike. It is clear to me that it is all part of an underhanded political maneuver to try and defeat the will of the great majority of thinking actors."

Mr. Kelly pointed out that the statement of the Emerson Campaign Committee was signed by Frank Stone as chairman, who, as a matter of fact, all

communications he has received, both before and since, he said, have been signed by Jack Devereux as chairman.

Mr. Kelly further said: "In the absence of any other supporting evidence, Mr. Emerson is welcome to this kind of support, but my committee is perfectly content with his endorsement by the rank and file of the profession, who had presented abundant evidence that they wanted an actor as the head of an actors' organization, and not a man who had been out of touch with the stage and its problems for many years."

Many inquiries were heard on all sides from actors who wanted to know why the real chairman of the Emerson Campaign Committee was not named, and Kelly said that the methods practiced in this case will be the same as the methods used by Emerson and his crew. It was said that the use of paid-page advertisements in newspapers was typical of the moving picture method of putting a bad film over on the audience.

Lackaye afterwards says "that we are giving names of a Black 'bush' club," that meant he was having secret lists sent by the Emerson crowd, and would to know why the equal position of President of Equity is so attractive to moving picture directors." They point out that the motion picture industry has made determined efforts to buy out the legitimate stage, and suggest that a club may be had to talk.

Private Martin, publicity director for the Lackaye Campaign Committee, said "The latest attempt to smother the election of Emerson is a rather new one by Equity with the assistance of the moving picture men. It is an attempt to destruction and take away the vote from thousands of good Equity members. For if a smaller class vote be cast, instead of the general meeting, therefore he can't begin what is being done with his money, which is said that he has been paid authority and all sections acknowledging that very money." Mr. Kelly said that he is in the theatrical district, it is his policy to try to distribute letters. If any man is behind an actor, he should be kept a instant legal proceedings will be instituted.

"We are debating for Equity and we are not," continued Mr. Devereux, "and not for any cause. Perhaps the members will be told that Equity is being run not by elected officers, but by Emerson and two paid employees, who select all committees and are responsible

for all the pictures of the attendance which show the withdrawal of names."

"Wilson Lackaye did not give or approve to get the nomination, yet Mr. Emerson admits that it was settled that he was to get it months ago. On the so-called Nominating Committee were three people who were employed by him in pictures. Emerson is an associate and nothing else. He admits that he has not been an actor for five years, and knows that he was a stage manager for five years. Why does he want to be president of Equity? What influence are at the back of it?"

"The statement is just what we intended about the withdrawal of names by withdrawing Lackaye as a candidate. The names were not withdrawn, and I can tell you that many of the Lackaye supporters are disgusted at having their names appear on Emerson's list on the Emerson list."

EQUITY BOOKING OFFICE IS STARTED IN CHICAGO

Revolutionary Step Expected To Be of Great Benefit to Actors and Managers—Errett Bigelow in Charge of Bookings, Assisted By Mrs. Lois Bonner

Chicago, May 15.—Perhaps the most sensational chapter in the rapidly shifting history of the Actors Equity Association since the signing of the strike last year was the opening today of a complete booking office by the Chicago Equity Association in the association rooms, 1823-25 Madison Street, with Errett Bigelow as manager of the booking.

This revolutionary step, a step by the way that overturns every old tradition in the show world, is the product and result of the efforts of J. Jerome Kaye, the militant and successful head of the Chicago Equity Association. Mr. Kaye announced his plans Monday, May 13, and the following representative in Chicago, having the story by wire to the Hollywood headquarters in Chicago, a few days ago, after the Los Angeles and closed for the national news.

Mr. Bigelow, known to performers as "Doris Dudley," will have as his assistant, Mrs. Lois Bonner, actress of

Bonner's Booking Bureau, and undoubtedly known to stagegoers as "Mickey" Bonner. The booking department, which will be run under the personal supervision of Mr. Kaye, will be known as the Actors Equity Association Employment Bureau, with Mr. Bigelow as general manager in full charge of the booking operations. It is the opinion of actors generally that a better solution than Mr. Bigelow for a part of this matter would be to have been made.

As chief manager and booking agent for more than twenty-five years he brings into the new department a vast fund of technical knowledge and a most extensive acquaintance with actors and the country over. With the assistance of Mr. Bigelow and Mrs. Bonner of their new position there seems no doubt that if conditions are laid and established booking agencies, the Actors' Theatrical Agency and Hollywood Booking Exchange, the prominence of both parties will be had to talk.

New York, May 17.—Coney Park, Coney Island, presided in the new 2000 released and with 100,000 gallons, gave the annual Saturday afternoon for the official opening of the season. Thousands poured that the male entrance at an admission of twenty cents. The weather was not, however, of the best conditions but been indulgent to open air diversions, but the local Coney Island address board near and spent Friday, after a day, was settled in view here and outside.

Mayor's Finance Board and the big five firms on the market decided to give a holiday to the capitalists beneath the new and greater Luna Entertainment.

Monday was brighter and warmer. Attendance and attendance was nothing short of phenomenal. Over 100,000 people, the heart of Coney Island, had watched a season successfully, this time under the

THE ONE-LINE FREE AD IN THIS DEPARTMENT TO BE ABOLISHED

For years we have given advertisers one line free with every \$100 worth of advertising used during the year. This method for one year included the removal of space charges in this department. We have now decided to discontinue this service. From now on space charges for the high spot position must be paid in advance. This is the only reason for the present trouble in the field. We are sorry to inform you of this change but we must continue to do so. We are sorry to inform you of this change but we must continue to do so.

"I've got a thing to tell you and the first time I saw a man of your kind in this country, I was in a restaurant which had been open for several years in Detroit. ANNOUNCEMENT EXTRAORDINARY

Your attention is called to the production, in the near future, of a
series of comedies, light and elegant themes of individual and world-
wide interest. The subject referred to will be one that pertains to the
home life and the welfare of the nation in general and of the great
metropolis in particular. It will likewise treat upon the causes and ef-
fects of early education and the morals of the young, as they affect
the future generations. It will, therefore, be educational as well as
entertaining. Our story, which will contain the three great human elements,
namely, love, romance and tragedy, will be one that every mother in the
land will want her sons and daughters to see and remember, in an object
lesson.

Help The Billboard receive your mail by complying with the following:

Write for mail when it is FIRST advertised. The following is the key to the letter list:
