HOW TO USE THIS DIRECTORY

As a guide to locating specific listings, the following explanations and examples are presented for each section. Note that the sections (in boldface, capital letters) are grouped by the type of listings. As a first step for finding any listing, refer to the table of contents for the first page of the particular section desired and for a concise description of its format.

ARTISTS

BOOKING AGENTS, PERSONAL MANAGERS & CONTACTS

Assume that you want to book or contact an artist through his agent or manager. For example purposes, assume that the artist is Big Al Downing. Simply proceed alphabetically to his listing where you will find:

DOWNING, BIG AL, Team; BA: ICM; PM: Bob Walters—B-W Mgmt.

Immediately following Downing's name is his record label. The addresses of his booking agency, ICM, and his personal manager, Bob Walters of B-W Mgmt., are in the Booking Agents, Personal Managers and Contacts section that immediately follows the Artists section. Note that when an individual agent or manager is listed with his company, the address and telephone always are given with the company and the individual is cross referenced to the company.

CONCERT PROMOTERS

INDEPENDENT RECORD PROMOTERS, PUBLIC RELATIONS & MARKETING SERVICES

The key to finding listings in these two sections is to first locate the state the company is in and then alphabetically move down the company listings until the particular listing is found. For example, to find Mull-Ti-Hit record promotion in Nashville, go to the Independent Record Promoters section and proceed through the states to Tennessee and then within that state scan the listings down to Mull-Ti-Hit.

FACILITIES

RADIO STATIONS

These two sections are similar in that their listings are arranged first by state and then by city within each state. As an example, to find radio stations WUBE-FM and WSAI in Cincinnati, first find the Ohio listings and then move down the alphabetically listed cities to Cincinnati.

RECORD COMPANIES

MUSIC PUBLISHERS

SYNDICATORS

These three sections have straightforward A to Z listings. Simply proceed alphabetically through the listings to locate the company that you are seeking. Note that syndicators have two subsections: radio syndicators and television syndicators.

As a convenience, record labels are cross referenced to their companies and program titles are cross referenced to their syndicators. Music publishers are limited to the top 200 based on an analysis of Billboard's Hot Country Singles chart over a 12-month period.

TOP SINGLES

To find the annual top 10 country singles, based on Billboard's Top Country Singles chart for the years 1956 through 1981, simply advance through the years, starting with 1956 at the beginning of the section.

BIRTHDAYS

Birthdays also are listed chronologically, starting with January 1 and ending with December 31. Note that only the month and date are given but not the year.

ADVERTISERS INDEX

To quickly locate an advertiser within this sourcebook, turn to this index, which lists the advertisers in alphabetical order and the pages on which their advertisements appear.

GENERAL INFORMATION ABOUT LISTINGS

- 1) Make note of any legends that may appear below any of the section heads. They contain important information that applies to that section's listings.
- 2) Sometimes it is necessary to jump portions of some categories to other parts of the directory. Watch for notations, usually at the bottom of the pages, and follow the listings to the page indicated.
- 3) If your company should be listed in this sourcebook but is not, please send the relevant information in the format of the section under which it should appear to Billboard, Directory Central, 2160 Patterson St., Cincinnati, Ohio 45214. We will mail you a questionnaire at a later date for next year's listings. Additionally, as a service to our subscribers and readers, we will print an article in the weekly issue of Billboard indicating the sourcebook's contents and its cutoff date for listings.

AUGUST, 1982 BILLBOARD

The Grand Ole Opry, is almost as old as country music itself. And every bit as lively.

Since 1925, the Grand Ole Opry has been on the air showcasing country music's best-loved performers for over 30 million people across the country each week.

But that's not its only audience.

The Opry is broadcast live, from the Grand Ole Opry House in Nashville, Tenn., before a capacity crowd of 4,400 enthusiastic audience members from just about every state in the nation and many foreign

countries at each show.

In fact, through all those years, the Opry has never missed a Saturday night broadcast.

It's the living soul of America from the ground up presented live each week. It's the longest running show in the country.
