"The Coin Machines Merry-Go-Round"

FEAR OF FEAR

By Bill Gersh

Possibly the most trite, illogical and pessimistic remark heard these days is fear for the future welfare of those engaged in the juke box industry.

There are those in this field who have stated that they can see very little future progress for this most outstanding division of the industry in view of the great and overwhelming competition which, they believe, is bound to come this year.

These men feel that because there may be ten or more manufacturers of coin operated phonographs, competition will become so keen to hold and maintain their locations that earning power will diminish to a point where operating juke boxes will become unprofitable.

All this points to "the fear of fear" that seems to be creeping over a certain portion of this trade as '46 gets under way.

There is no logical reason for such fear. The backlog of orders for new equipment is so great that whatever the phono manufacturers will produce in the next two years is bound to be gobbled up if just for necessary replacement purposes alone.

Many new types of locations have opened and will continue to open as venture capital again goes into action. These locations have been created by the war. And to cover these alone will require a tremendous number of juke boxes.

This isn't all. Large numbers of machines and mechanisms were consumed during the war by the armed services. These were purchased from the trade and shipped to outposts all over the world. This has left many locations without any equipment.

The Cash Box suggestion (originally presented to the trade over three years ago) that the present commission basis of 50%-50% be changed to 70%-30% is most logical. It is certain to end the fear that juke box operating, because so many new phonos will be presented during 1946, may prove unprofitable.

In addition to the suggestion that a 70%-30% commission basis immediately be placed into effect, especially with average locations, *The Cash Box* also urged operators to protect their location with location agreements, contracts, leases, or any other legal method which would best apply in their territories.

Many will recall the convention held at the Hotel Winton in Cleveland in 1929. Almost from the minute this convention opened it was called, "the scale convention". And that's just what it proved to be. There wasn't a single booth in the crowded hall that didn't feature one or more scales. Yet, the scale business has flourished.

In 1931, 1932, 1933, 1934 and for each year after that, conventions have been dominated by the pin games. Yet, these games are here to stay! The pinball trade is still a leader in this field. And the demand for new games is just as great as ever.

Beginning with 1935 and into '36, '37, '38 and for the years leading to the last meeting at the Sherman Hotel in Chicago, juke boxes have been extremely prominent. Regardless of all the types presented, this business has still remained in its infancy. This year of 1946 its leaders hope to bring it out of that stage and into a new and greater and better era.

This is a mighty field. It is only now beginning to find itself. It is only now beginning to realize its power and importance. This juke box industry has all the world before it. Its future is assured.

More important to it is the fact that it must clear all obstacles from its path to insure its rapid progress. It must, once and for all time, create a "National Tax Council" to help drive off the many revenue seeking wolves who will attack it, especially as it continues to grow more and more prominent.

It must help to create a "Public Relations Bureau" to help it to gain the good will of the public as it expands and grows greater.

It should also be first to arrange for the creation of a "National Credit Bureau". As time goes on it will need such an organization to assure each and everyone of its members completely accepted and fully recognized credit facilities.

It should also have a "School for Mechanics". It will most definitely require more and better trained mechanical minds to insure its going ahead as rapidly as possible. Uncle Sam would today cooperate in such a school as to assure returning G.I.'s better jobs.

It should come to some settlement with the leading record manufacturers so as to assure it more and better records and at wholesale prices. This is extremely important to its future welfare.

The juke box industry, in fact, should be most elated that so many new machines will be presented. It will now, for the first time since 1934, have a wide and varied choice.

The juke box industry has a few problems. But, they are not "the fear of fear". The greatest problem to the average juke box coinman is, instead, to get new equipment. And get this new equipment as quickly as he can so that he will be among the first to lead the way to the greatest era in coin operated music history.

MEASURED MUSIC HITS EAST

New York and New Jersey Music Ops Preparing to Launch Measured Music Installations. Predict Opening of Many Locations Not Featuring Coin Music at Present.

NEW YORK — Leading music machine ops thruout the New York and New Jersey areas seem to have been bitten by the "measured music" bug, which swept California sometime ago, and are now planning studios and installations of this system thruout this area.

According to one leading New Jersey music op who is already in the process of completing a studio to serve measured music in his territory, "There is no doubt, after seeing how this system works in California, that it will take on thruout the east. I also believe that this is going to open a great many locations that do not have any type of coin operated music at this time.

"For example, in my territory there are lunchrooms and also some very good restaurants, drug stores and other places where we can install measured music boxes. At the same time we intend to work out a system whereby we can equal the Muzak type of music service since we will be offering continuous music over a single channel wire anyway.

"The fact remains that measured music is extremely successful on the West Coast and there is no reason in my mind why it can't be just as successful here. I have already contacted locations and find that they are very much interested in this music system. Formerly, these locations had no juke boxes. This makes measured music even more interesting to my firm."

The same is taking place in New York City where some noted ops are already arranging to broadcast measured music over a single channel studio wire and serve as many locations as possible.

One op has already arranged for some of the smaller lunchrooms along Broadway in the Times Square area where there are no juke boxes due to the fact that these places are too small to accommodate a juke box.

Other ops here are contacting chain drug stores and some of these men are also hoping to have arrangements with leading chain restaurants.

One op has stated that he, too, along with the plans of some Jersey music ops will service beauty shops, doctors offices, dentists, and various other commercial enterprises over this single channel wire system.

GETS DEPOSIT CHECKS FROM COINMEN WHILE IN JAIL

CHICAGO — One noted distrib here received an answer to one of his "wanted-to-buy" advertisements appearing in a newsstand publication from a Gordon Scheurers, 1003 Zeisler St., La Crosse, Wis., offering him the equipment he wanted to buy and advising him that a deposit would be necessary.

Since the letter carried no heading whatsoever, this distrib phoned one of the La Crosse coinmen and learned that the 1003 Zeisler St. address was also the address of the County Jail.

Since then information has been forthcoming from La Crosse, Wis., that Gordon Scheurers was in jail for entering and breaking into a place of business. His trial will be held sometime in April. He is now under \$1,500 bond.

A New York distrib has also just advised receiving letter from La Crosse on equipment he wanted and the latter asked for "one-half certified deposit."

HERMAN PERIN ELECTED IBEW PRESIDENT

NEWARK, N. J. — Herman Perin, well known to all coinmen here, has been elected president of IBEW (International Brotherhood of Electrical Workers Union) Local B-1477, A. F. of L.

Herman Perin

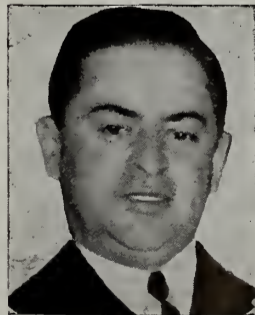

This is the union which is now working with the Phonograph Operators Association of New Jersey.

Coinmen here believe that it is of good value to them to have someone as president of the union who is well acquainted with this business.

Perin reported that union membership has increased continually since the reorganization of the present operators' association.

RUNYON SALES GIVES DINNER FOR N. J. MUSIC OPS ASSN.

NEWARK, N. J. — Barney (Shugy) Sugerman of Runyon Sales Company, this city, gave a dinner for the Phonograph Operators Assn of New Jersey this past Thursday (Jan. 3) at the Essex House Hotel here.

B. Sugerman

The purpose of the meeting, according to those who were present, was to bring forth the idea that in unity there would be a strong organization.

Sol Kesselman, attorney and manager of the association, is reported to have made a very stirring speech to the gathering.

Others, among the more than 28 operators from as far away as Asbury Park, also spoke and gave their viewpoints on how the organization could be strengthened.

It is also reported that "Shugy" Sugerman gave a very good talk regarding the fact that, "the operators must stick together to assure themselves a better future in this business."

CAL. UPS PINBALL LICENSE FEE

LOS ANGELES, CAL. — The annual pin game license fees on the 1800 machines in operation in unincorporated county territory have been increased by the Board of Supervisors from \$12 to \$36.

The supervisors also ordered other ordinances to increase the license fees for second hand dealers, junk yards and auto wrecking firms to \$100 per year.

It is reported here that this increase has been expected for sometime and that it was one of those revenue seeking measures which is proving more and more necessary as communities get into stride.

Other territory thruout the state is wondering whether this increase in license fees will also affect them. Many coinmen are planning to keep careful watch over the licensing authorities so as to have plenty of advance notice if any increases are contemplated.

BROADWAY ARCADES BUST ALL RECORDS

NEW YORK — Times Square arcade owners wound up 1945 in a blaze of business which broke all time collection records.

"Never before, in the history of Broadway's arcades," these men report, "has there been such a hectic and busy holiday week."

One arcade owner stated, "The kids hundreds of soldiers and sailors on their way back home. The crowds were tre-were home from school. There were mendous every day. There were thousands of people from out of town wandering up and down Broadway for the holiday season. Collections of every arcade owner in the Times Square area exceeded anything ever before enjoyed in the many, many years arcades have been prominent along Broadway."

There are at present reported to be about a dozen arcades in the Times Square area, ranging from 42nd Street to 52nd Street, including the Sixth Avenue and Seventh Avenue spots.

In addition there are about a dozen or so photo shops, some of which also feature guns and other equipment.

Since right before Christmas the arcades became jammed and remained that way until New Year's eve when the crowds were so great that the police department stopped all traffic.

Machines of every kind, and especially the photo studios, were given a tremendous workout.

Arcade owners report, "This past holiday week gave us the grandest "send-off into the New Year. And 1946 also looks," they state, "like one of the best years the arcades will ever have."

CONSOLIDATED IS DISTRIB FOR ROCKOLA AND WILLIAMS

KANSAS CITY, MO. — Irvin W. Weiler of Consolidated Distributing Co., this city, reports that his firm have been appointed as distributors for Rock-Ola Manufacturing Corp. of Chicago for Western Missouri and the state of Kansas.

The firm are also distributors for Williams Manufacturing Co. of Chicago for the states of Missouri, Kansas and Nebraska.

Weiler reports that the firm have moved their offices to 1910 Grand Street, this city, from their former location in the Walheim Building.

He also states that Consolidated will now completely concentrate on distributing the products of these firms and that they intend to have a large sales organization in the field to cover the entire territory.

"We believe", Weiler reports, "that all the operators in our territory will agree that in Rock-Ola and Williams we have two lines which will prove real money-makers for them. We are now preparing to make complete showings of the new machines of these firms the moment they arrive."

HARRY MOSELEY S.E. REGIONAL MGR FOR PACKARD

Harry Moseley

INDIANAPOLIS, IND. — W. F. Struby, president of Packard Manufacturing Corp., this city, has just announced the appointment of Harry Moseley, of Richmond, Virginia, as Southeastern Regional Manager for Packard Manufacturing Corp.

Moseley's territory will run from Virginia south through Florida, along the seacoast.

In commenting on the appointment Mr. Struby said, "We were very fortunate in securing Harry's services. He has been in the automatic music business many, many years. He has operated his own distributor business in the past and knows the needs and the problems of the operators thoroughly."

GOLDEN '46 FOR WEST COAST

Samuel (Curley) Robinson

LOS ANGELES — In keeping with such statements as that of A. P. Giannini, founder of the Bank of America National Trust and Savings Assn, the world's largest private bank that, "The West hasn't started yet", and that of Henry J. Kaiser, industrialist, "I am more certain than ever that the West is in for its greatest advance", also came the statement from Samuel (Curley) Robinson, managing director of AOLAC (Associated Operators of Los Angeles County) that, "The new year of 1946 will prove that the golden days of the old golden West are being revived all over again."

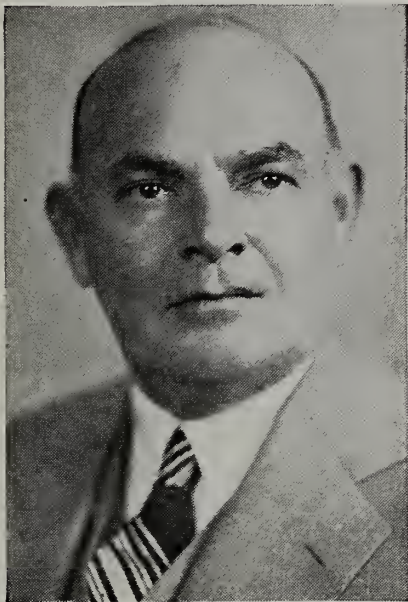

"Curley" also reported, "We have been thru the toughest time which our association has ever experienced. We kept the machines of men who were in the armed services going and we helped them to retain their locations thruout the war. We did everything which we thought formerly was impossible to do and we modestly believe, we did it well."

"As we enter into 1946, and from conversations with leading operators who are the members of our organization, as well as with operators from every part of the state, we can safely state at this time that there is tremendous optimism thruout the coin machine industry here as to our prospects for 1946. We feel certain that '46 is going to open the greatest years in this business. We therefore look forward to the beginning of many great progressive developments for all the trade."

CHICAGO — Inspiration comes at the most unexpected moments. DeWitt (Doc) Eoton, General Soles Manager of AMI, believes in putting the ideo on paper right away. Left to right: Jahn Swisher, manager of AMI Hostess Division; Doc Eoton, General Soles Manager of AMI, Poul Bleck, AMI Service Manager, and Farest Teeter, AMI Ports Manager.

Bleekman Reg. Mgr For Illinois and Wisconsin

Robert S. Bleekman

INDIANAPOLIS, IND. — Robert S. (Bob) Bleekman is the new Regional Manager for Illinois and Wisconsin for Packard Manufacturing Corp., according to an announcement made by W. F. Struby, President of Packard Manufacturing Corp.

Bob returns to his old stamping grounds and has new territory in Wisconsin for Packard on their new 1946 Pla-Mor line. He will again renew old acquaintances in the Illinois territory.

"Bob has been in the automatic music business for many years and will be able to help operators and distributors in his area," said Mr. Struby in making the above announcement.

SENATE AGAIN ALLOWS NICKEL IN 5c COINS

WASHINGTON, D.C. — In making changes in several parts of the second war powers act, the Senate included a section directing the Treasury to resume use of nickel in making five cent pieces.

MORE SALTED PEANUTS

WASHINGTON, D. C. — Over 26,000,000 cans of salted peanuts, each weighing 8 ounces, have just been released to civilian trade channels by the Production and Marketing Administration of the Department of Agriculture.

These peanuts were originally intended for the military but they never did get over there. They are packed in hermetically sealed cans.

It is believed that they will help to relieve the shortage which exists at this time for salted peanuts on the home front.

The department points out that in spite of a large crop, peanuts of the size preferred for salting are scarce, as is the oil which is involved in the salting process.

It is also reported by the department that civilians will eat their way thru these 26,000,000 cans within six months.

SAILOR TO ENTER MUSIC BIZ WITH OWN WALL BOX

NEW YORK — As a result of reading Michael Gore's new book, "101 Ways To Be Your Own Boss" (which was reported in the Dec. 31, 1945 issue of *The Cash Box*) and which devotes an entire chapter to the coin machine industry as one of the businesses the author suggests prospective business-seekers to enter, Murray Malament, of 66 Avenue A, this city, Chief Petty Officer in the U. S. Maritime Service has decided that the coinbiz is for him.

Chief Malament developed a personal music, selective wall box before the war came along to stop him from further development and from obtaining materials with which to manufacture the boxes.

He reports that the box is approximately seven inches high by nine inches wide and about two and one-half inches deep. It features ten selections but, he claims, it can be made to feature twenty or twenty-four, or whatever number will be required. The box has a built-in speaker and the player hears the music personally right in his own booth.

He feels that this wall box, which is completely designed and of which wood models have already been made, is much better than measured music because it gives the patron the advantage of hearing other tunes, selected by other customers in the place, in addition to his own tune when it comes up.

Most interesting to the cointrade, of course, is the fact that not only this young sailor, but many others like him in the armed services, are anxious to get into the coin machine business and are planning ways and means to break into the field.

Malament is interested in having the wall box manufactured for him and wants to place these himself in this city. He will, he reports, sell whatever number after what he uses to other operators around the country.

SANDLER AND MATHENY ARE AIREON DISTRIBS

KANSAS CITY, MO. — Announcement was made recently here by R. R. Greenbaum, Vice-President of Aireon Mfg. Corp. that Irv Sandler of Des Moines and Harold Matheny of Wichita would be the exclusive Aireon distributors in their surrounding territories.

In making the announcement, Mr. Greenbaum said, "I'm more than pleased to see Irv and Harold climb aboard the Aireon bandwagon. They've both been good friends of mine for a long time and I couldn't ask for better representatives for our new automatic phonograph."

Present at the Radio and Phonograph Division offices with Sandler and Matheny were Ralph Rigdon, Regional Sales Manager for the Aireon organization and Myrl Park, District Sales Manager. The men all agreed that country-wide interest in Aireon's new electronic automatic phonograph is becoming greater every day and were greatly enthused by their trip through the company's factories and plants.

An unexpected but very welcome arrival before the meeting closed was Capt. "Pete" Rigdon, son of Ralph Rigdon. Capt. Rigdon expects to become just plain "Pete" before long with his discharge from the Army.

KANSAS CITY, MO. — This congenial group of coinmen who met at the Aireon display showrooms in this city are, left to right: Myrl Park, Aireon; Harold Matheny of Wichita, Kans.; R. R. (Rudy) Greenbaum, vice-president of Aireon; Irv Sandler of Des Moines, Io.; and Ralph Rigdon, Aireon regional manager.

BYRAM REPORTS ON BUCKLEY BILL

Maj. Ira T. Byram, Jr.

WASHINGTON, D. C. — The following was just received from Major Ira T. Byram, Jr. of Silent Sales System, this city: "This is in regard to the Buckley Bill, HR-3190, which is now in the Patents Committee of the House of Representatives here in Washington and about which those in our industry who are interested in music are rightfully disturbed.

"As you probably know, we here at Silent Sales are located in the heart of Washington, only a few blocks from the nation's Capitol itself, and although we have no vote here in Washington and therefore no Congressmen or Senators who are elected by us, we are pretty close to things and always try to help our many customers and friends throughout the industry in every way possible.

"With the thought of helping members of our industry familiarize themselves with the Buckley Bill in order that they may bring all the pressure possible upon their representatives in Congress, as has been proposed by your publication, we suggest that you publicize the following.

"Major 'Ira' T. Byram, who has just returned from overseas and again taken over active management of Silent Sales System, has advised that his firm will keep a supply of copies of Rep. Chas. A. Buckley's Bill (HR-3190) on hand to furnish to all members of the coin machine industry upon request. Just write Silent Sales System, 635 D Street, N.W., Washington 4, D. C. requesting a copy of the Bill and it will be forwarded via return mail without charge or obligation.

"As a matter of information, an executive of Silent Sales System contacted a very reliable source who is very close to the House Patents Committee in the Capitol on December 28, 1945 and was advised that the Bill in its present form (having been previously recalled and rewritten to exclude provisions relating to the motion picture industry) has received no action or reading as yet by the Patent Committee and that in view of other important legislation which is before the committee it is not believed that the Bill

MULLINIX WILL OPEN IN ATLANTA Also Enters Airlines Field

SAVANNAH, GA. — O. J. Mullinix of Mullinix Amusement Co., this city, reports that with the return of his brother, W. R. Mullinix, after three and one-half years of overseas duty, the firm are now progressing rapidly with plans to open offices in Atlanta.

At the same time, in view of the fact that the firm have purchased the operations of H. O. Bell of this city, they believe that it will be necessary for them to move into larger quarters here. W. R. Mullinix has become manager of the offices for the firm in this city.

Mullinix reports, "We are busily engaged at this time in preparing to announce and to handle many lines. We will therefore open in Atlanta so as to give complete service to all of the operators in this state. We are increasing all of our sales and service facilities so that when we are ready to announce the lines we have we shall be in position to give the buyers exactly what they want."

At the same time Mullinix announces that he has also entered into the airlines business with John Wall and some other business men of this city. Aside from having distribution for one of the new planes, he has also arranged for the purchase of a number of limousines and will handle the limousine service from the Savannah airport to all parts of the city.

**THE
RED CROSS
NEEDS
\$100,000,000.00**

**To carry on its work with the
Armies of Occupation, the
wounded, returning and dis-
charged servicemen in addi-
tion to its peacetime services.**

BYRAM REPORT (Cont.)

will receive action until approximately thirty days after Congress reconvenes.

"As we see it, the Bill in its present form is now in the same position as the original Bill was when the motion picture lobby presumably brought the pressure which resulted in the Bill being recalled and rewritten to exclude the provisions which would have worked undue hardship upon the motion picture industry.

"That is, if the coin machine industry is going to do anything about this Bill they had better do it now while the Bill is subject to revision prior to action by the Committee, or it may be too late."

LARRY FRANKEL CELEBRATES 12TH YEAR IN COINBIZ

ROCK ISLAND, ILL. — Larry Frankel of the Frankel Distributing Co., this city, well known to the cointrade, is celebrating his entrance into his twelfth year in the coin machine business.

Frankel reports, "It's a great feeling to look back and note how our firm progressed over the past 12 years. We started operating and built up routes totalling over 500 machines, until 1943. Since then we have been exclusively in the distributing end of the business.

"We have over 9,000 square feet of floor space at our headquarters here in Rock Island. Completely equipped shops, paint and baking rooms, amplification room and facilities for overhauling every type of machine made. Visitors can conveniently drive their trucks or cars right into our building.

"We believe that our front entrance and our showrooms as well as the private offices of knotty pine are among the most attractive in the industry.

"We still have our veteran crew with us. Adolph Cabor, our shop manager, has been with us for over 10 years. Leo Burns our phono repair man has been with us over 4 years. Elmer Morrell, after 3 years in the Navy, has come back to his old job. Al Barnes, who was just honorably discharged from the Army, is back with us on the road again. "Big" Bill Archer, who has a reputation for joviality, is the host here when I'm out of the offices.

"We also now have a three story brick building at 1209 Douglas St. in Omaha which will be ready for occupancy on January 21. Extensive remodeling, a modern new front and the installation of a freight elevator make this building one of the finest in Nebraska.

"As you know we are distributors for Jennings and Bally and are already delivering the new merchandise of both these manufacturers. Announcements of other leading lines will be made in the very near future.

"It sure is great, therefore, to look back on our 12 year record and feel that we have always made it a point to work with the operator and help him to prosper."

INT'L RECORDS HAVE TWO NEW TUNES

LOS ANGELES, CAL. — Len Kelly and Fred Meyers of K. & M. Distributors, this city, announce the release of two new Western tunes under the "International Records" label. The firm have the exclusive distributorship for this label.

The tunes are: "I'm A Rolling Stone" and "Whispering Winds" on one record and on the other: "Wheel Of Fortune" and "Headin' For Nowhere".

The recording artists are Dan Ma Shod and the Angelenos, with the vocal by Dale Scott.

Both Kelly and Meyers claim, "These new discs are sure to prove favorites with all the juke box fans. And, as always, the juke box operators are going to get first choice on these records for we manufacture for the juke box trade exclusively."

HAMEL OPENING IN BOSTON

BOSTON, MASS. — W. P. (Bill) Hamel of Hamel Distributing Co., Concord, N. H., reports that the firm have arranged for a location to distribute the Packard Pla-Mor phono and other Pla-Mor music merchandise at 910 Beacon St., this city.

Hamel reports that he intends to have this new place open about February 1. He is arranging, he says, a complete and efficient service and repair department. There will be large and beautiful show-rooms here and the merchandise will be very attractively displayed, he stated.

Hamel also reports, "This new location of our firm at 910 Beacon Street is in the heart of Boston. It will be our headquarters from now on. Our other offices at 67-69 S. Main St. in Concord will be our branch office."

10¢ A SONG IN HOBOKEN

100,000 NEW SMALL BUSINESSES IN N. Y.

ALBANY, N. Y. — Governor Dewey's new program to cut income and business taxes in this state, it is believed, will greatly encourage the establishment of small business enterprises needed thruout the state.

It is estimated that the state now needs 100,000 new small businesses and the Governor's program is designed to stimulate their creation.

Coinmen have already made reference to this report in the jubilant belief that a great percentage of these new small businesses will mean more locations for coin machines of every type.

UNITED AIR CUTS FREIGHT RATES TO 20c TON-MILE

NEW YORK — United Air Lines announced this past week air freight rates for large shipments which figure less than 20 cents a ton mile on lots of more than 3,000 pounds between New York and the Pacific Coast.

While the extremely low rates are applicable to shipments of 3,000 pounds or more, reductions have also been put into effect for shipments of 100 pounds, which go to the coast for as little as 24c a ton-mile.

This brings the cointrade to the point, predicted sometime ago, where shipments of samples by manufacturers can go air cargo and be in the hands of distributors on the West Coast just as fast as they will reach New York and other East Coast cities.

HOBOKEN, N. J. — The Symphonola Music Co. this city, operators of wired music as well as juke boxes, are probably opening a new path to the music machine men with the fact that they are now charging 10c for every wired music tune and three tunes for 25c.

It is reported that the owners of this firm decided that they had best increase their charge to overcome the present double channel charges as well as increased overhead costs. They feel that they can only operate wired music profitably on a 10c per song basis.

As soon as the new juke boxes are presented here this firm, it is reported, will go into a 70%-30% working agreement with its locations. They feel that even this is very low today to help overcome the tremendously increased overhead expense with which they are confronted.

They may, they claim, instead of giving 30% commission continue their charge of 10c per record even on the juke boxes. They feel that in this fashion they will be better able to amortize the new equipment more rapidly and thereby overcome any possible loss in depreciation of equipment.

The idea of 10c per record and three records played for 25c is reported to be spreading thruout the New Jersey area and, it is believed, may become common practise.

Tho the 10c per record charge is common in California for wired music this is the first time that it has been charged in the eastern area.

PITTSBURGH, PA. — Smith & Fields, exclusive Wurlitzer distribs with headquarters in this city, have just moved to their new building, as pictured here, at 420 Na. Craig Street. Jackie Fields and "Rusty" Smith report that the trade here will have the appartunity of laaking aver their new quarters during Natianal Wurlitzer Days, January 6 and 7.

BANNER SPECIALTY TELLS POST-WAR PLANS

PHILADELPHIA, PA. — I. H. Rothstein of Banner Specialty Company, this city, corrects The Cash Box (which last week reported that he was erecting an entirely new building) and reports, instead, that he is remodeling the present building at Second Street and Girard Avenue which was formerly occupied by the first National Bank of Philadelphia.

While the numbers of the entire building run from 179 to 199, the official Post Office address will be 199 West Girard Avenue.

The firm, with these new headquarters, will return to full and active participation as distributors with a bigger and better Banner Specialty Company than ever before.

They distributed music equipment some years ago and will have a most complete and efficient organization to take care of the Packard Pla-Mor Phonograph and the rest of the Packard Manufacturing Corp. line of automatic music merchandise.

Banner Specialty Company will feature, in addition to the Packard line, the products of the leading coin machine manufacturers, and, as they state, "Worthy of the endorsement of Banner Specialty Company".

Mr. Rothstein said, "We are going to do a real service job for the operators in our territory.

"The home of Banner Specialty Company here as well as its branch office at 1508 Fifth Avenue in Pittsburgh will retain the uncompromising policy of endorsing only the best," he added.

The home offices of the firm in this city will not be completed until sometime in February. "When we officially open our doors," Rothstein stated, "We will have the largest and most modern building of any coin machine distributing firm in the country."

In the meantime the branch office of the firm in Pittsburgh is now in full swing. Captain Herbert Rosenthal, son of Harry Rosenthal who manages these Pittsburgh offices, has just returned from the South Pacific and is actively and happily engaged once again in the coin machine business at these offices of Banner Specialty Company.

MUNVES HAS NEW PLANT

NEW YORK — Mike Munves has just acquired another factory here for production of the firm's "Super Skee Roll" bowling alley.

Mike Munves

With this new plant the firm report that they will more than double their present volume and tho they are filling orders as rapidly as possible

expect within a very short period of time to be caught up with the heavy demand they are enjoying at this time.

New distributors are being announced every week by the firm who claim that business has increased over all former records.

PHONO OPS ASSN. OF N. J. FIGHTS BUCKLEY BILL

Asks Other Assns. to Join in United Effort to Help Shelve Bill in Present Committee

NEW YORK — The following letter was received by The Cash Box just as it was going to press this past week from Bernie Goodman, president of the Phonograph Operators Association of New Jersey:

"At a meeting of the Phonograph Operators Association of New Jersey held this past week at the Essex House, Newark, New Jersey, we took up a discussion of the Buckley Bill.

"Thanks to the enlightenment given by your article in 'The Cash Box', it didn't take very much talking on anyone's part to open the eyes of every member present.

"I am happy to say that we agreed unanimously to write at once, each member under separate cover, to our Congressmen who are members of the House of Representatives' Patents Committee in protest to the passage or even another reading of this terrible Buckley Bill.

"Our association hopes and prays that every other organization will follow suit and do likewise in preventing this devastating bill from becoming law.

"Facts and figures do not lie. On the basis of a \$100 assessment per machine ASCAP or BMI or for that matter, any licensing agency will be able to bleed

our industry to the tune of at least \$40,000,000.00 per year.

"Why we are asleep at a time like this, when we know our industry cannot tolerate such a burden, is beyond me. The old adage, "An ounce of prevention is worth a pound of cure," should certainly apply here of all places.

"We ask you this time for our sake and for the preservation of the entire music machine industry to please continue your wonderful work in publishing your articles in 'The Cash Box,' bringing to the front this horrible and visible picture that was so well covered as to escape the eyes and even the thoughts of the majority of the members of the other associations and independent operators.

"Servicemen and collectors do not realize that they, too, would be affected, else you could bet your last dollar that they too would enter a protest.

"Again, please continue your good work, for it seems that 'The Cash Box' is our only chance. It is the only publication that has the guts to bring a matter of such grave importance into the open. Certainly the other publications are asleep or cowed by the fear that they may lose advertising business from other sources."

CANADA TO COOPERATE WITH ITS INDUSTRIES TO LOWER TARIFFS

OTTAWA, CANADA — Close cooperation between business and industry and the Government departments that will handle future trade and trade-barrier negotiations for Canada has been assured by the coalition of department officials to which business men and industrialists are invited to submit their views and desires.

The committee is, in fact, an extension of the existing tariff board and will be headed by Hector McKinnon, head of the Commodity Prices Stabilization Corp.

Discussions with Britain and the United States will begin late this month or in February and in this connection it is notable that increased attention is being given to the proper regulations of Canadian imports.

An import board has been set up by the Trade and Commerce Department to promote thru the country's trade commissions the purchase of commodities from other countries as well as sales to them.

It is generally hoped thruout the coin machine industry that this new trade move on the part of the Canadian government will allow for all types of coin

GENERAL PRODUCTS HAVE 2 NEW GAMES

SACRAMENTO, CAL. — Fred C. McClellan of General Products Mfg. Co., this city, who is making the Trickle Ball machine at this time reports that the firm will also soon present a new Hockey game and also a new Machine Gun game.

McClellan reported "We have

Fred C. McClellan

been somewhat delayed by a cabinet strike. But this strike is now over here and we are once again in full production. We intend to present these two new machines just as rapidly as we can so that the trade will be able to get the advantage of these games while the season is on." operated equipment to be able to enter the country with a much reduced tariff barrier than exists at the present time.

Canadian coinmen are urged to make immediate contact with the proper officials and attempt to persuade them to cut down on the huge duties now imposed on coin machines entering the Dominion.

THRU THE COIN CHUTE

CHICAGO CHATTER

John Chrest of Exhibit Supply Company off again on an extensive business trip thruout the South and East. John is getting ready to make some important and opportune announcements to the trade. The Exhibit factory has been humming right along and there is an air of real expectancy from those who have visited this West Lake Street plant of late . . . O. D. Jennings is down in old Mississippi spending the holidays on his plantation but plans to be back at his desk just about the time that you will be reading this item . . . It seems that everything happens in bunches. Rollo Smith of Buckley spent the holidays confined to his home with a very severe cold and when he got back and felt ready for some action again—bingo—Gerry Haley of the Buckley organization comes down ill and is confined to his home—and on the doctor's orders—even tho Gerry wanted to get right into action.

In town making the rounds this past week was R. Knight of Knight Distributing Co., Memphis, Tenn. . . . Also seen about town was Benny Robinson of Robinson Sales Co., Detroit, Mich. The report is that Ben has completed some neat deals of late and all he seeks is more and still more equipment . . . Al Stern of World Wide Distributors who has been receiving many callers lately because of the Packard line he now represents is also doing a very fine job with a brand new soldering iron which he recently became exclusive distrib for. This electric soldering iron is reported to be one of "the best" . . . Dave Gottlieb and his family go down to Dallas, Tex. to spend the holidays with brother Maurie. And to Dave this must be a really relaxing trip to get away from the rush and turmoil that is going on at the Gottlieb factory where visitors keep rushing in all day long and yelling for more and more of those Gottlieb products.

Harold Pincus (Coin Machine Service Co.) his wife and sons are off to Los Angeles to spend the winter. What could be nicer than the California sunshine and the waving palms on Wilshire Blvd? . . . Warning—to youse guys and gals who intend to come to Chicago this January—there are so many, many conventions slated here that every single hotel is absolutely crowded to the rafters. Believe you me there just isn't space for a midget in this town. Therefore, be sure before you make your trip here that you actually have a reservation at one of the hotels for as long as you want to stay and also be sure to get yourself a round trip ticket. Otherwise you may be in Chicago for many more days than you wanted to stay . . . Gil Kitt of Empire Coin Machine Exchange is working out some very unique plans as he prepares to move into that new building which the firm recently pur-

chased. Gil is out to make the country sit up and take notice—but in a big way.

Jimmy (Globe) Johnson always has something new for visitors. This time it's the Harris Purchase Coin Changer. This clever coin changer has proven to be a terrific business stimulator especially on beverage venders. It also works on all types of games. A quarter in the slot gives you a play or your merchandise and also the change in nickels. It must be seen to be appreciated and it seems that Jimmy is going out to make it seen by each and every coinman he can come across . . . There's plenty of illness around town again with the miserable weather which Chicago has been having. It seems that here, there and everywhere someone is off sick—or else just leaving his office not feeling well—or has been home since the holidays. Wear that muffler and keep well buttoned up for otherwise you, too, may be a victim of the "flu" bug that seems to be biting and biting.

Walter Tratsch of A.B.T. is on his way to Florida to get some of that nice sunshine into his skin and will be back rarin' to go as usual . . . Jean Bates is reported to be happy to be back again at Pace Mfg. Co. and said, "It sure is good to be home again" . . . Irv Webb of Webb Distributing Co. has purchased some new quarters at Madison and Kedzie and will open with a showroom which, he claims, the boys are going to do some real talking about. He'll display the Rockola "phonograph of tomorrow" in all its glory . . . And Dick Hood who has been working day and night trying and trying and trying to get materials to get into the old time, old fashioned speedy Evans production is also on his way to Florida to get a little rest before the town starts booming again . . . Al S. Douglis and Dave Helfenbein who make up that Daval combination have just moved into their new building and are getting ready to make some important announcements to the trade. You can always depend on Al to have something of real interest.

Jack Keeney and Bill Ryan just can't be reached these days for they are over at the new Keeney factory where they are putting in hours and hours getting the place all set up and ready to produce the famous Keeney merchandise . . . One of the very busiest guys in this man's town these days is George Jenkins of Bally who seems to be working 24 hours of each day and talks to more telephones (long distance) and more visitors and is in more conferences all day long than anyone whom we have ever met—and yet George looks like a million bucks with a grand big "hello" smile everytime you see him . . . Art Weinand of Rockola quits cold one day this past week and goes home for a rest. Art has been working like a trojan to get prepared for some important announcements and it almost seemed that those bad colds captured his energies at last. But, he recovered and is back in action again.

THRU THE COIN CHUTE

LOS ANGELES

Due to the greatest mail rush in all Post Office history this column failed to make our publication offices in time this past week. But, with the mails more or less returning to normal we'll be back hitting just as hard as ever before . . . Bill Wolf of California Amusement Co. is keeping plenty busy these days between his three offices here and the fact that he intends to very soon make some important showing. Bill is planning a trip to Chicago once again in mid-January and will take Bill Smith of his San Diego offices along with him, he reports . . . Bill Nathanson has gone all out in the movie production field on 35mm movies but will have an important announcement for this trade very soon . . . Len Micon of Pacific Coast Distribs is very busy these days remodeling and enlarging his showrooms . . . Tom Wall of California Games is opening a new beach game in Long Beach. Tom expects to do a land office business . . . Jean and Dolores Minthorne and their salesman J. M. Harvey back from freezing Chi and that Seeburg meet and sure happy to be back in the home of real sunshine again.

Charley Robinson and Bud Paar ran themselves a real party over in Las Vegas and Al Bettelman, who is Charley's sales mgr. conducted the business while they were gone . . . Fred Gaunt and his family planning a trip to the desert to spend a few days with brother Walter. Walter retired from the coinbiz and is doing marvelously well . . . Dave Bornstein has been appointed asst. mgr. of AOLAC. The promotion received much acclaim for Dave is very popular with the coinmen here . . . Nick Carter of Nickabob Sales off to Fresno for a few days. Nick is busy dressing up his showrooms to be prepared for the Aireon line of phonos . . . The Paul Laymons had some big doings over at the Riviera Country Club and all hoped that Lucille would be in perfect condition to enjoy the festivities. She was suffering from a very sore throat . . . Frank Berger of Berger Enterprises is reported to have one of the most modern disk pressing plants in the country. He's said to be turning out about 10,000 disks per day. He will have 8 new recordings for release very, very soon.

Sam Ricklin of California Music Co. is fighting mad over the possibility that the Buckley bill may get pushed thru the Patents Committee because of the fact that all pending legislation has been asked to be rushed thru Congress to make way for very important bills coming up this year. He has sent a clarion call out to all music ops to phone, wire or write their Congressman to defeat this bill and do so quickly . . . Jerry Karpman of N.Y.C. is visiting here and likes it so well that he has decided to stay on. He is now seeking to buy a route for himself and make L.A. his home town . . . Ray Powers of the E. T. Mape Co. is back from the Bay City and also from Sacramento where he visited with his mother and mysteriously reports something really big and hot breaking very soon . . . Bill Luenhagen barely able to talk above a whisper this past week . . . Johnny Nelson of Ingle-

wood feeling very happy as he visits distribs about town spreading good cheer . . . Some ops seen about town this past week: Jack Childers of L.A.; Al Amidon, Bernie Knott, Art Weiss, Clem and Ben Korte of Glendale, also Ray Tisdale of Glendale; and Ben Corenblum, local op, who was reported to be very ill is now much, much better.

Lee Ryder of Melody Moderne, Inc. producers of the Memo label disks reports that all defects in these disks have been corrected and that he will accept return of any defective record. K. & M. Distribs of this city who are national distribs for Memo will also take any returns and give full credit . . . DeLoss Osborn of Osborn Music on his way back to San Francisco where he is opening offices to feature the Aireon line . . . Jack Gutshall down with the "flu" but expected to be up and around this week . . . Seen along coinrow this past week: Lloyd Barrett of Pomona and Paul Sullivan of Oceanside . . . Don Clark of Clark Distributing Co. preparing for his National Wurlitzer Days showing at the Ambassador Hotel and expecting to have some of the top Wurlitzer execs present at this showing . . . Preston Jarrell of Coinmatic Distribs claims they'll have some hit disks ready soon . . . Nels Nelson now has 3 assistants and still can't seem to catch up with all the work that has been piled up on him . . . Jimmie Rutter complaining about his "china clippers"—uppers and lowers, the false kind, and is having a hard time breaking in new ones . . . Word leaks out that Bud Paar is getting ready to make a very, very important announcement almost as soon as you read this.

W. Merle Connell of Quality Pictures claims his firm will be in full production this January and is going to make some really interesting 16mm shorts . . . Bill Happel of Badger Sales reports that the demand for phonos and coingames from the Pacific Island is growing with leaps and bounds and as more shipping space becomes available tremendous numbers of machines of all types will be shipped . . . Bill Marmer of Sicking in town to greet his son, Milton, who has just returned from overseas . . . R. R. (Rudy) Greenbaum vice-pres. of Aireon in town with his assistant Bill Roberts visiting with Bill Simmons who is his regional mgr here. Rudy claims that Aireon equipment will be in the hands of their distribs by Feb. 1st. A national training session will also be held for the firm's distribs in K.C., Mo. sometime in January under the direction of Bill Brase. Thereafter regional and district service schools will follow for all service men.

Fred Meyers of K & M back from Noo Orleans and reports that the demand for records in the good old south just keeps growin' and growin' bigger each day . . . Harry Fox of 4 Star and Gilt Edge records claims he has some new disc hits on the way which are pre-juke box tested . . . Ray Smith of Lancaster seen around town doing some shopping . . . P. Spencer of San Diego in town calling on some of the distribs here . . . Mrs. A. P. Barnes of Hawthorne shopping along coinrow . . . John Patrick of Santa Monica looking things over

THRU THE COIN CHUTE

EASTERN FLASHES

Last week we wrote that the entire group of AMI distributors here who returned from a stay in Chicago became ill with the flu, grippe, etc., with the exception of Mike Munves. As soon as the paper hit the streets, Mike laid down in bed with a bad case of grippe. And now they're blaming us for jinxing him . . . Murray Shrilow, well known mechanic, goes to the hospital for an operation to remove a cataract . . . Al Bloom, known as "The King Al of Harlem" in Florida vacationing.

Jack Fitzgibbons, Jafco, Inc. tells us his son, Jack, Jr., now commanding an LSC 99' around the South Pacific, is due for a promotion from Ensign. Jackie has been in the Navy for over three years now . . . Al Blendow, Sales Manager, International Mutoscope Corp., out of his sick bed, and back on the job. Al still a little wobbly, but hopes to be in perfect shape for the Arcade Owners banquet, January 10 . . . Bill Goetz, Capitol Automatic Music Co., still resting up in Miami . . . Ed Hartman, Allied Electronics Co., became the father of a boy last December 15. He is named Russell. We overlooked this item at the time. (Better late than never, Ed.)

Barney (Shugy) Sugerma, Runyon Sales Co., Newark, N. J. back in his office, after a two week bout with the flu . . . Phil Gould, Runyon Sales Co. of New York, disputes the claim made for Jack Semel as the "Gin" champ, and challenges him to a duel at 2 paces . . . This business of "Gin" champion is really something. The claimants to the crown number in the hundreds. Maybe we'll run a contest among the coinmen from Coast to Coast, presenting the winner with a prize. (All we want is a percentage cut of the "side bets") . . . Nat Goros, Commercial Amusement Service, home with the flu.

Dave Stern, East Coast Sales & Distributing Co., takes a hurried trip to Miami and brings his ailing mother back home . . . Ben Palastrant, Regional Sales Manager, Eastern territory for Aireon Manufacturing Corp. getting around his territory like Superman. Within a period of about ten days Ben visited Montreal, Canada, Buffalo, Rochester (spoke at meeting of operators at Seneca Hotel), Albany, Baltimore, Philadelphia, New York City, Hartford, Conn., and then returned to Boston, Mass. . . . Jules Olshein, Jules Olshein Co., Albany, N. Y. spent a few days here, and will make a big announcement in a week or so.

Ed Ravreby's staff at Associated Amusements,

Inc., Boston, Mass. team up together and celebrate New Year's Eve in a manner to which they had become unaccustomed. The bunch had all been in service for the past few years, and were out of the country. Robert Roderick, whom Ravreby claims is the best Mills music and soundies man in the country, was a Lt. JG in aviation; Leonard Bailler, a mechanic was a Sgt.; Irving Berman, was in the Naval aviation; and Haskell Collier, Ed's credit manager, was a Warrant Officer . . . Harry Pearl and Everett Masterson, East Coast Sales & Distributing Co., to Chicago to visit the Rock-Ola plant. Dave Stern, Tom Burke, and Bob Slifer, sales manager, anxiously awaiting word from Harry and Everett about that "Phonograph of Tomorrow".

Ralph Fabozzi, White Plains, N. Y. operator in town visiting his old pal, Bob Slifer . . . Sam Schneider, the Apollo record man from Los Angeles, Calif. would rather live here in good old New York. Sam claims the weather in LA is marvelous, but he likes the action of the big city. Schneider here for a conference with Ike Berman, Hy Siegal, and Harry Banks . . . Harry Berger, West Side Distributing Co., expects to take a trip in a week or so to buy more music . . . Pat Buckley of Buckley Mfg. Co. is expected in town this week and coinmen here report that Pat is going to bring along a new idea in music which will set some of the juke box men here right on their ears.

In "Keep Up With The World" column by Freling Foster (Collier's Magazine) Foster brings back one from the dead — about the fact that in years to come juke box records will not only play a tune, but will also give off with a spot advertisement at the end of each record. In this way, Foster believes, juke boxes will gain great prominence as an advertising medium. What Foster doesn't know is that the idea was presented to the music machine operators years ago at one of the Sherman Hotel conventions where the firm promoting the idea offered records free of charge — but never came thru with the records and never presented any spot announcements — and the idea died a'borning.

Some of the coinmen here discussing the \$50 juke box tax in Chicago claim that this may travel all the way out here. "And", says one of them, "that's when we'll be sorry that we didn't take up The Cash Box suggestions to start a 'National Tax Council'" . . . They claim that Herman Perin can do a lot of drinking when he has a mind to — but from what Herman did this past New Year's eve (just ask Abe Green) we believe that he no longer has a mind to do anymore drinking.

THRU THE COIN CHUTE

NEW ORLEANS

John Macreadie in town from F.A.B.'s Columbia, S. C. offices with a hangover of that cold which John contracted sometime ago . . . Abie Chesser expected back in town verra verra soon for that big showing of the new Wurlitzer . . . Al Mendez is also expected in Nola for that same showing and we do hope that Al will come into town with one of those gorgeous new ties . . . Former Tech. Sgt. Ralph Romaguera (brother of Frank of Southern Music Sales Co.) to join the bookkeeping department at Louisiana Coin Machine Service as the assistant to "Knock" Le Monier on January 2. Before the war Ralph worked at the Whitney National Bank . . . Tony Mele taking two days to complete business transakshuns.

After a really wonderful Christmas Henry (the) Fox and O. C. Marshall drumming up things in Jackson, Miss. this past December 26 and 27 . . . N. Charles Wicker who is with Jules Peres still gripped with "La Grippe" and his many friends and acquaintances making inquiries about him . . . New Years was celebrated in a gay way over at Louisiana Amusement Co. — what with drinks galore and fun for all who cared to join in . . . Ed Ponder is home from Florida and is Chicago bound on December 30th for a week of what Ed claims will "really be ha-rr-rr-dd work . . . And over at New Orleans Coin Machine Exchange the employees are still ravin' and a'ravin' about the Xmas pahty which they held.

Funny how these things will happen: While Sam Yaras, noted Dallas, Tex. coinman was helping Dan Cohen and Joe (Blow) Villars lap 'em up at the good ole Trocadero (Dec. 29) the Henry Foxes, J. H. Pereses and O. C. Marshalls weren't having a bad time at all, at all, at the swanky (and verra, vera swanky) Beverly Club . . . Ralph L. Sims of Alec only wishing that there was another week for rest between Xmas and New Years so that he could keep on going without feeling any fatigue at all . . . Here to see the Oklahoma Aggies whip the St. Mary Gaels (33-13) at the Sugar Bowl were Dick Farr of Jackson, Miss., Emile Kalil of McComb, Miss. and C. E. Sherrill of Hattiesburg, Miss. . . . And that's 30.

MINNEAPOLIS

We were visited with some of that famous Minnesota "kinda-cold" weather this past week — the temperature hovering around the 15 degree mark and this is the kind of weather which seems to keep all visitors away from the Twin Cities. We wonder why? . . . However, there were a few people

who braved the cold and showed up around town, among them: Mr. and Mrs. Oscar Sundem of Montevideo, Minn. who came down to Minneapolis to do some shopping and spent a few more days than they planned with friends here . . . Harry Partridge of Mora, Minn. brought his two small sons along with him to Minneapolis so that they could pay a personal visit to Santa Claus at one of the large department stores here.

Hy Greenstein and Jonas Bessler of Hy-G Amusement are back on the job after spending a week in Chi seeing the Seeburg line of phonos. Four of the Hy-G employees made this trip and all are tremendously enthused over what they saw . . . Gilbert Cohen, brother of Bill Cohen, reports that he is no longer connected with Silent Sales Co. . . . Mr. and Mrs. Ed. Birkmeyer made a hurry-up trip to Minneapolis for a few things—but left before anyone could get around to say "hello" to them . . . Sam Karter played Santa Claus this year and gave all his friends "good cheer" the kind that comes in bottle (whew, what a head we had.)

Sid Levine writes in to report that he expects to be back in the grand old U. S. A. sometime in January and anticipates his honorable discharge immediately thereafter . . . Ted Bush and his very, very charming missus seen about the town the other evening and being greeted by plenty of friends here and there. And they report that Ted was simply made the "man of the hour" with the nylons he gave away . . . Ken Willis is reported to be longing for that deep south climate — the kind that gets right deep into the marrow of Ken's old bones and warms him up like fried chittlins . . . And we hear that Herman Paster is preparing to make a tremendous showing of those new Wurlitzers which will be heard all thruout this great big territory. He may even show on his "Bar Mitz-Vah Ranch" away out in the West.

Didn't see Harold Liberman of Acme around this New Year's eve and we are wondering whether Harold made his own entertainment at home this year . . . Willie (The Sphynx) Cohen is reported to be planning many plans with all that new equipment which is rolling into the Silent Sales Company offices from Mills Novelty Co. . . . Archie LaBeau is reported to be busy preparing for a showing of the new "phonograph of tomorrow" . . . And with the weather remaining cold and the boys staying away from the Twin Cities until the icy winds calm down we are wondering whether it wouldn't be something to talk about to get all of the jobbers and distribs together for a game of klabiasch one of these days in somebody's basement — or maybe the gin championship of the Twin Cities.

THE CASH BOX DISC-HITS BOX SCORE

In Order of Popularity based on Weekly National Survey

Compiled by JACK "ONE-SPOT" TUNNIS

Box Score tabulation compiled on the average individual purchase on the basis of 1000 records — listed in order of popularity, including name of song, record number, artists, and recording on reverse side. Code: (BB) Bluebird; (CA) Capitol; (CO) Columbia; (DE) Decca; (HI) Hit; (MA) Majestic; (VI) Victor.

C. M. I. BLUE BOOK

The "Coin Machine Industry Blue Book" for new and used coin operated equipment is issued every week. It is a review and digest of all selling prices based upon the market quotations for the week. Copyrighted 1946 by The Cash Box, 381 Fourth Avenue, New York 16, N. Y.

FOREWORD

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for the past week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD

The C.M.I. Blue Book is to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the past week. Where only one price appears this should be considered lowest price.

CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

1. MEANS PRICE WENT UP.
 2. MEANS PRICE WENT DOWN.
 3. MEANS MACHINE JUST ADDED TO LIST.
 4. MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK
 5. MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.
 6. MEANS NO PRICES QUOTED FOR PAST TWO WEEKS
 7. MEANS NO PRICES QUOTED FOR PAST THREE WEEKS
- XX** — MEANS NO PRICES QUOTED FOR MANY WEEKS — PRICE SHOWN IS LAST KNOWN QUOTATION.

IMPORTANT

Machines underlined mean these were most active in trading the past week.

Dear Mr. Operator...

We're thinking of adopting a motto reading something like "Coast Along With East Coast", because we want you to have the smoothest service possible. And by coasting along with East Coast you'll be receiving very satisfactory service from our two offices in New York and New Jersey. Ready to bring you safely over any rough spots or difficulties are our Bob Slifer, Harry Pearl, Dave Stern, Tom Burke and Everett Masterson. Yes, Mr. Operator, things just can't help going smoothly when you coast along with East Coast.

FOR EXCELLENCE IN WAR PRODUCTION—A FLAG AND 4 STARS

*And Now
Another Star...*

WITH FIVE SPARKLING, SCINTILLATING
POINTS—FIVE REVOLUTIONARY FEATURES

PACKARD'S SENSATIONAL
PLA-MOR PHONOGRAPH

● For continued excellence in war production, the Packard Manufacturing Corporation was cited by the War and Navy departments—and presented with the Army-Navy "E" pennant—and four stars.

Packard engineers, whose vision gave electronic reproduction of recorded music to the entertainment world, turned from music to guns—and kept the faith. And now they, and the production lines at Packard are still keeping faith. They are presenting the entertainment world something entirely new in the way of

automatic phonographs. It's different and revolutionary in five distinct ways. Soon, when you see the Packard Pla-Mor Phonograph, you'll know and profit by these five great features.

Packard is keeping faith also with production of the Pla-Mor Remote Control Wall Box—the slickest sure-fire profit-maker in the music industry. You can place your orders. Pla-Mor Wall Boxes are rolling off the production lines—ready to keep the records playing more hours with less time off—and produce greater profit.

ROY MILTON and his SOLID SENDERS
THE YEAR-LONG SENSATION OF HOLLYWOOD'S SUZY-Q NITE CLUB

"ROY MILTON AND HIS SOLID SENDERS" are terrific. They are in "Soundies". Roy Milton worked in several outstanding motion pictures and the band is a smash success in the heart of Hollywood where they have been for over a year at the Suzy-Q Nite Club.

JB 503	{	MILTON'S BOOGIE A good boogie with a jump blues vocal by Roy Milton GROOVY BLUES with a new rhythm vocal by CAMILLE HOWARD	}	JB 504	{	R. M. BLUES A mellow Blues with vocal by Roy Milton RHYTHM COCKTAIL a Novelty instrumental	}
