"Ooh, Dr. Kinsey", you may gather, is the title, theme and substance of the little ditty being knocked off here by that all around gal, Martha Raye, with musical assistance from the famed jazz maestro Phil Moore. Martha's Discovery recording of the tune is currently undergoing nation-wide promotion and exploitation, and appears headed for a featured spot on the nation's juke boxes. Miss Raye, in addition to her movie work, is now busy with personal appearances, and is under an exclusive recording contract to Discovery Records, the enterprising young firm headed by Albert Marx. THE CASH BOX exclusively covers the coin machine industry, including operators, jobbers, distributors and manufacturers, and all those allied to automatic coin operated music equipment; automatic coin operated vending machines and service machines as well as all coin operated amusement equipment; the music and record business, recording artists and pub-

lishers of music; and all others in any fashion identified or allied to the coin operated machine industry as well as all finance firms, banks and other financial institutions expressly interested in the financing of coin operated equipment of all types.

THE CASH BOX has been recognized by various associations of coin machine operators throught the United States as their official weekly magazine.

THE "C. M. I. BLUE BOOK," also known as "The Confidential Price Lists," gives prices of all new and used coin operated machines of all kinds, weekly reporting all market changes and continually adding on all new equipment. The "C. M. I. Blue Book" is officially recognized by many cities and states throughout the country as the "official price book of the coin machine industry." It is an integral part of *The Cash Box*. The "C. M. I. Blue Book" is used in settlement of estates, in buying, selling and trading of all coin operated equipment. It is the one and only officially recognized price guide in the coin machine industry. The "C. M. I. Blue Book" is used by finance firms, factors and bankers to guide them in making loans to the members of the coin machine industry.

## Talking It Over

As used machine prices continue downward, many ops are becoming worried regarding what their equipment is worth and, at the same time, what their entire routes are worth.

Such devaluation of equipment effects the entire market.

The time has arrived when the nation's ops, being worried about this constant downward movement, and therefore lower value on their trade-ins, are bringing this up as a "national problem."

In the past few months *The Cash Box* has received a great many phone calls and letters as to "why some sort of a basis can't be adopted whereby a stable price be assured ops when trade-ins are made against purchase of new equipment?"

This, as the editors of *The Cash Box* state on the following page (in a full page two color editorial), would require a "Solomon" for judgment and solution.

But, in the meantime, the average op continues to pledge allegiance to "*The Confidential Price Lists*" which appear in each and every week's issue. He believes that this is his "one and only base on which he can justly judge the price of his persent equipment."

Distributors, too, have "recognized" *The Cash Box* "*Confidential Price Lists*" as the one medium which they can use in dealing with ops who desire a "set figure for trade-ins."

But, as *The Cash Box* points out, there are a tremendous number of important factors which must also be taken into consideration when using its price list.

The time has arrived when the nation's coin machine men should arrange for some sort of trade-in valuation stabilization.

The operator wants to feel more solid. He wants to believe that when he buys a new machine he can operate it for a period of time, and then be assured a definite trade-in price. And even if he doesn't amortize the original cost of the machine during the period of operation, his trade-in value will at least cover the differential, and he may, perhaps, even see a profit on the trade-in.

This is no more than fair. It is the one big reason why *The Cash Box* created "*The Confidential Price Lists*." In the hope that these lists would, eventually, help to stabilize the used machines market.

It seems at this time, that such stabilization is drawing ever nearer and that the trade, itself, is demanding the use of "*The Confidential Price Lists*" for stabilization purposes.

Whatever the result of the present downward trend of used machine prices it is most definite no one wants this downward trend to continue for very long. It means loss to he who takes in trade-ins as well as to he who turns in machines for trade-in.

There may be some method which one of the brighter lads in the business may be able to figure out which will be the solution.

The article on the next page confines itself to this very important problem. It is something for all now engaged in the industry to think about.

# OPS ASK FOR MORE UNIFORM TRADE-IN PRICES

## Urge Adoption of THE CASH BOX "Confidential Price Lists" as Basis for Computing Trade-In Values

One of the most outstanding problems being brought to the fore by many coin machine ops in their association meetings, as well as to their distributors, is the fact that there does not exist a uniform trade-in allowance.

As noted in this past week's (April 30, 1949) issue, this is one of the problems which will be brought up on the floor of the national MOA (Music Operators of America) meet. (It has already been proposed at the last meeting of MOA in Chicago and a committee has been appointed to see what could be accomplished in this direction.)

A few years ago, at one of the Ohio phono ops' meetings in Cleveland, a noted juke box op stated that this was one of the "big problems" with which the Ohio ops were faced. At that time he sincerely thanked *The Cash Box* for "being the one magazine in the history of the industry to try to arrange a uniform trade-in valuation."

He referred to "The Confidential Price Lists" which appear in each week's issue of *The Cash Box* and the fact that the weekly market prices which are listed here can be used as a basis of computation for a uniform trade-in valuation.

Of late, more and more operators have been pointing to "The Confidential Price Lists," which appear in each week's issue, as the one and only basis which they, themselves, have for computing the value of their machines.

Growing by volume thruout the nation is the fact that ops who are seeking new equipment want to know just what their old equipment is worth as

"trade-in merchandise" with the nation's many distributors.

It is a known fact that an operator can walk from door to door on any "coinrow" and get as many different prices for his used machines in trade-in valuation against whatever new equipment he wants to purchase.

But, the operator, too, must remember that trade-in valuations are based on a great many important factors. First of all, the popularity and quality of the machine. Secondly, the condition of the machine he wants to trade-in. And, lastly, whether or not that certain distributor can even use the trade-in.

There are distributors who have offered extremely high trade-in valuations for certain machines and have, suddenly, found themselves "caught short."

The operator must also remember that the distributor, by offering trade-in valuation, is making himself a great deal more work to earn a profit on what he sells. The distributor must then sell the used piece to break even on the new machine, and sell it for enough money so that he can also see some profit. In short, the distributor must, in most cases, make "two sales" instead of "one" to get himself "out of the red" when he takes a trade-in.

This publication is, naturally, extremely proud that so many of the nation's operators have recommended that "The Confidential Price Lists," which appear in each week's issue of *The Cash Box*, should be chosen as the "basis" for trade-in valuation computation.

It shows that "The Confidential Price Lists" are growing in importance every week. It also proves that the

operators have come to the realization that here in "The Confidential Price Lists" they have a medium which is trying to stabilize the used machines market.

"The Confidential Price Lists" were created for this special reason—to help stabilize the used machine market. Now that so many operators are asking that they be nationally adopted especially for this reason there is every possibility that this may be yet realized.

But, the operators must grant the distributor and the jobber much more leeway. The operator must realize that not every machine (even of the very same make and model) is worth the same price.

Territorial conditions, popularity, condition of the machine itself, unusual circumstances, and many other elements enter into the picture as to whether a machine is, or isn't, worth what the operator "believes" it is worth.

Even tho "The Confidential Price Lists" do give the current (or last known) market selling price they also inform the operator that these are based on the following:

"Many times wide differences appear in the high and low prices of certain equipment. Like any true reporter 'The C.M.I. Blue Book' (official name for 'The Confidential Price Lists') can only feature the market prices as they are quoted. 'The C.M.I. Blue Book' acts exactly the same as the market quotation board on the Stock Exchange, posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. 'The C.M.I. Blue Book', rather than show no price, retains the last known quotations for

such equipment so that the subscriber at least has the last known price as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. 'The C.M.I. Blue Book' reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his own territory."

The operator can read this in the first opening paragraph which explains "how to use" the price lists which appear in each and every week's issue of *The Cash Box*.

This is important. *The Cash Box* also believes that sometime there will be more uniformity of used machine trade-in valuation of the equipment which the operator wishes to trade.

There are so many, many factors which must also be taken into consideration that the nation's operators can only use "The Confidential Price Lists" as their "basis" of trade-in valuation. Not as the actual valuation itself.

The time, tho, has arrived when a solution of the trade-in valuation problem is imminent since so many of the nation's manufacturers, distributors and jobbers, as well as operators, are asking for judgment in this direction.

It will probably take a Solomon to bring it about. But, in the meantime, *The Cash Box* again wishes to thank the nation's many operators who have proposed that "The Confidential Price Lists" be used as the basis for trade-in valuation computation.

"I'm Happy Being Me" (2:55)

"Words" (3:05)

THE MILLS BROTHERS  
(Decca 24621)

● You've gotta go a long way to find a group that can match the superb vocal harmony of the Mills Brothers. Their vocal wizardry is easily demonstrated on this pair that should set phonos throughout the land afire. Top deck, titled "I'm Happy Being Me," is a down to earth piece of music with a message that lingers long after. Vocal work on the side, in smooth, soft expressions of melancholy musical magic, is top notch. It's the type of wax that makes you sit up and take notice. Lyrics of the song are full of meaning, and are delivered with a ton of feeling and depth. The flip, "Words," has the group back again on another bit of music that should find a top spot in ops' machines. Both sides bid for top phono honors—ops should grab this platter.

"Merry Go Round Waltz" (2:11)

"The Heart Of Loch Lomond" (2:41)

ART MOONEY ORCH.  
(MGM 10405)

● Art Mooney and his crew come up with another pair of hits in this rendition of "Merry Go Round Waltz" and "The Heart Of Loch Lomond." Top deck, decidedly in the corn vein meeting with such wide popularity at present, has a vocal ensemble spooning the lyrics of this merry tune. Waltz tempo and the instrumental flavor behind the vocal work are top notch, and make the platter glitter. The flip has pipers Johnny Martin, Madelyn Russell and the choir offering a stirring production number titled "The Heart Of Loch Lomond." It's a full fashioned piece offered with a ton of gusto that makes you pay close attention. Both sides appear to be headed for top spots on the phonos.

"My Heart At Thy Sweet Voice" (2:58)

"The Peanut Vendor" (3:03)

NORO MORALES ORCH.  
(MGM 10407)

● Music styled in the Noro Morales manner, and the light, lilting Latin rhythms of "My Heart At Thy Sweet Voice" and "The Peanut Vendor" headed ops' way. Top deck, adapted from "Sampson And Delilah," scored about two years ago under the title "When I Write My Song." Noro and his boys display an extremely infectious touch of deep meaning on this side. It's smooth stuff—tailor made for dreamy kids. The flip has Pellin Rodriguez warbling the "Peanut Vendor" in south-of-the-border tongue. Both sides should cause the many Morales fans to sit up and take notice.

## DISK OF THE WEEK

"Happy Talk" (2:46)

"I'm Gonna Wash That Man Right Outta My Hair" (2:46)

KITTY KALLEN  
(Mercury 5291)

KITTY KALLEN

● Thrush Kitty Kallen into the spotlight again via a sensational pair of sides from the hit musical "South Pacific." Both sides of this platter seem certain to come in for a tremendous amount of popularity. Kitty's infectious wailing on both sides of this platter make for a ton of wonderful listening pleasure. Top deck titled "Happy Talk" is a real cute novelty item

that should catch on and go like wildfire. Refrain of this piece is cute as a bug, with Kitty displaying all her vocal charm in top fashion. Light instrumental background on the side flavors the wax immensely, and adds to the winning incentive offered here. It's the type of platter that makes you wanna listen—and one that makes you walk away from the phono humming, whistling and singing this fond melody. Kitty is sure to come in for a tremendous round of applause via this cookie. The flip, "I'm Gonna Wash That Man Right Outta My Hair," has Kitty turning in another brilliant performance on another click tune from the smash Rodgers and Hammerstein musical. Ops should be fairly familiar with this side since it has been widely recorded. This rendition should add to the popularity of the tune all the more. "Happy Talk" is a sure-fire winner—ops should get with it!

"Riders In The Sky" (3:02)

"Lullaby Land" (3:11)

BING CROSBY  
(Decca 24618)

Vic Damone's "Again" the big thing it is.

VIC DAMONE

## LOS ANGELES :

That little shack on Washington Blvd. shared by Jack Allen and Johnny Blackburn was really rockin' when we dropped in this week . . . Jack, who is doing a nice job for Discovery's "Ooh Dr. Kinsey," is starting to brew up a storm on the Avenue with "Close My Eyes," the Herb Lance swooner on Sittin' In, while Blackburn, despite his strictly square but good lyrics on that very successful "Need You," is really on the hip with his new Selective label . . . Mr. B. was spinning a Bumps Meyer's unreleased cookie when we came by, and bouncing with him were The Great Gates, who has a few riffs coming out soon on Selective, and John Graves whose own Plymouth label is just being launched with Larry Sutton, formerly a radio program director, as partner . . . Despite all the din and chatter, we still took a good, long look at Johnny's new soulful eyed secy . . . Her name's Lucy and that's all we know—for now. Huddling with the boys was Ted Mossman, songwriter, pianist de luxe and now a record impresario on his own . . . Looks as if Ted has a good thing on the Fanfare label in "If I Only Had One Day To Live," a number in the present pop vein and taken over by George Joy on his recent Coast trip as a "No. 1 Plug" (according to Ted) for the Santly-Joy pubbery . . . On the song with Ted is Bill Anson, whose KFWB "Song Jury" program has Ted on the piano . . . Bob Wallace, a handsome, affable young guy making the rounds with Mossman, shares billing on Fanfare's other current release, "Love Sat Down Beside Me" . . . The town's really going wild with Perry Como on a number of hit platters he has out right now. To mention a few "Forever And Ever," "A—You're Adorable," "Far Away Places" and "I Don't See Me In Your Eyes Anymore."

"He's Good Enough For Me" (2:54)  
 "If Love Is Trouble" (2:45)

WINI BROWN  
 (National 9078)

WINI BROWN

● You have to go a long way to match the vocal splendor of this gal. It's chirp Wini Brown out with a pair of great sides that should wear white in the phonos.

Wini's terrific depth and range of feeling she injects into these sides is nothing less than sensational. Top deck titled "He's Good Enough For Me" is a sentimental romantic tune that makes you stop and pay attention. The gal's wonderful vocal style is shown to superb advantage, and is sure to attract an avalanche of coin play. The flip, "If Love Is Trouble," is equally as great a tune. Slow, tempting tones of enchanting music flow easily throughout, and make you actually feel the sincerity of the song. It's a pair of great sides—and wax that should spin night and day. Ops should load up on this cookie—but pronto!

"Florida Hurricane" (2:33)  
 "So Nice And Kind" (2:26)  
 ST. LOUIS JIMMY  
 (Aristocrat 7001)

● Pair of sides in the country blues manner by St. Louis Jimmy, and the set-up of "Florida Hurricane" and "So Nice And Kind" in the offing for music ops. Both sides of this platter weave slow tempo, with Jimmy strumming some heavy guitar throughout. It's real low-down blues, the kind that draws consistent play in phonos throughout the land. Music ops should listen in to these sides—and then get 'em on the boxes.

"When Your Hair Has Turned To Silver" (2:46)

"Hey Mr. Freddy" (2:40)  
 CHRISTINE CHATMAN  
 (Aristocrat 8001)

● A gal that can really pipe a set of lyrics is Christine Chatman. Her offering of "When Your Hair Has Turned To Silver" and "Hey Mr. Freddy" really bears out a fine set of tonsils. Top deck, a standard that has always drawn jitney, gets a mellow send-off here, with Christine purring the enchanting lyrics in tones that score. Gal's vocal delivery is warm and rich, and makes you wanna listen. The flip, "Hey Mr. Freddy," has the thrush piping some stock blues lyrics that play about the title. Top deck for the moola.

"Boopin' At Esquire" (2:36)

"Idabop" (2:37)  
 THE ESQUIRES  
 (Jubilee 1001)

● Some light, polite bop wax in the offing for music ops are these sides done up by The Esquires. Coupling "Boopin' At Esquire" and "Idabop," the group displays loads of talent in this cookie, to set the stage for some winning coin-play. It's light stuff, done up in a quiet manner that makes listening all the more pleasant. Music ops who have the locations that go for this brand should listen in.

"I Ain't Got Nobody" (2:37)  
 "You Are My Lucky Star" (2:51)  
 SAMMY DAVIS, JR.  
 (Capitol 57-70004)

● New voice on the wax horizon is Sammy Davis, Jr., who already is causing loads of pleasant comment in the disk trade. Sammy's superb vocal styling is shown to perfection on this pair tagged "I Ain't Got Nobody" and "You Are My Lucky Star." Both sides are oldies that have scored time and again. Sammy's versatile and mild bop arrangement of this duo is effective throughout, and should find a top spot on ops' machines. Wax rates ops' listening time—and more.

"Hidin' In The Sticks" (2:41)  
 "Of All Things" (2:43)  
 PAULA WATSON  
 (Supreme 1518)

● "Li'l Bird" Paula Watson on deck with a pair that echo brightly, and the up tempo refrain of "Hidin' In The Sticks" and "Of All Things" comin' ops' way. Both sides are offered in bright tempo, with Paula and a vocal group blending smoothly on the pair. It's cute stuff that Paula chirps, and is wax that seems certain to meet with approval of many of her fans. Top deck is the side we go for—we're sure you will too.

"Road House Boogie" (2:50)  
 "Willie The Cool Cat" (2:40)  
 BIG JAY McNEELEY  
 (Exclusive 96X)

● First Big Jay McNealey wax on Exclusive appears to be headed for a featured spot on ops' machines, as Big Jay steps out with "Road House Boogie" and "Willie The Cool Cat." Top deck is a stock race blues item, with Big Jay blowing hot throughout. Vocal is done up with a ton of gusto and should satisfy his many fans. The flip is an ode to dee-jay Willie Bryant, radio station WHOM, New York, and is a hot instrumental thing that has the makings of a winner. Both sides should hold their own.

"That's All" (2:55)  
 "It's Just A Riff" (2:15)  
 PRINCE COOPER TRIO  
 (Exclusive 94X)

● The light, pleasant vocal work of Prince Cooper is shown to extremely top advantage on this pair, tagged "That's All" and "It's Just A Riff." Cooper's round vocal tones take the slow tempo of this pair and make the wax echo brightly. It's smooth, mellow stuff that the Prince wails, with the instrumental riffs in the background blending nicely to round out the platter. The platter might be a sleeper—ops should listen in.

"Drinkin' Wine Spo' Dee O' Dee" (2:46)  
 "She Just Won't Sell No More" (2:40)  
 WYNONIE HARRIS  
 (King 4292)

● The great Wynonie Harris on deck with a pair of fresh ones that should win wide favor, and the set-up of "Drinkin' Wine Spo' Dee O' Dee" and "She Just Won't Sell No More." Top deck, a current hot one on music machines, gets a terrific sendoff by Wynonie and the band, as the mellow up-tempo rhythm of this bit seeps thru. Wax is loaded with all the riff and holler one could possibly expect. The flip keeps in the same vein as Wynonie bounces back with another mellow item. "Drinkin' Wine" is the side to ride with.

**SIGNATURE RECORDS DROP 75c LABEL. ARTISTS & MASTERS TO BE FEATURED ON 39c HI-TONE DISK.**

NEW YORK—Having successfully embarked on its 39c Hi-Tone Label less than seven weeks ago, Signature Records president Bob Thiele announced this past week that the entire catalogue of Signature Records will be released under the Hi-Tone label. Signature artists headed by Ray Bloch, Alan Dale and Johnny Long will record their new material for the Hi-Tone label under a straight royalty deal.

Hi-Tone, which retails for 39c including tax, has become the new gold mine of the record business with sales hitting the million mark in its first fifty days of operation, with recording artists such as, Eugenie Baird, Larry Douglas, Ronnie Deauville and the usual combination supplied by Ray Bloch.

The new Hi-Tone release out Tuesday includes "Some Enchanted Evening" by Ray Bloch with vocal by Jimmy Saunders, ex Charlie Spivak singer; the same combo on "A Chapter In My Life Called Mary"; Eugenie Baird, The Riddlers and Johnny Guarneri on "How It Lies, How It Lies, How It Lies" and Toni Arden, ex Shep Field vocalist, with Ray Bloch on "When Is Sometime"; also, six polka sides by Michael's Polish Orchestra.

Out of the Signature catalogue, 30 sides recorded by Ray Bloch, Johnny Bothwell, Alan Dale, Monica Lewis and Connie Haines will be re-released on the Hi-Tone label. These include such top Signature discs as the Connie Haines-Alan Dale "Darktown Strutters' Ball," Ray Bloch's "Begin The Beguine" and the best of Signature's sellers, the Alan Dale and Ray Bloch version of "Oh Marie."

Twenty-four sides of race and hill-billy will also be released on the 39c ticket.

Johnny Long is slated to record his first new Hi-Tone release this week. He will record "Bali Ha'i," "Five Foot Two" and other top pops.

By the first of May, Thiele announces that some of the top Signature albums will also be re-released under the Hi-Tone label for Hi-Tone's chain and department store outlets. Heading the list is Paul Whiteman's best selling "Rhapsody In Blue" which will be released on four 12" sides and a new album cover and will sell for \$1.25. Other Signature albums to be released include Hazel Scott's "A Piano Recital," "Ray Bloch Favorites" and Johnny Long's "College Favorites."

Hi-Tone's largest local markets include Hearn's, Ludwig Bauman along with practically every nationally known chain.

**Disk Biz To Be Subject of March Of Time Film**

NEW YORK—America's recording business will be the subject of a March of Time film-short currently being filmed in the New York area under a tentative title of "Making Records." The film will try to give the public a thorough general survey of one of the country's more flamboyant industries. Much of the footage, however, will trace specifically the production of one record from the initial recording session stage through the technical process of preparation and pressing and then to its final appearance on the shelf of a local record shop.

While the nature of the film-study will be industry-wide, it appears that M-G-M Records will draw close attention from March Of Time cameras. This is probably due to the fact that M-G-M Records, a division of Loew's, Incorporated, is the youngest and healthiest of the industry's so-called "Big-Five," which includes Columbia, Victor, Decca, and Capitol. The swift rise of the company since its appearance on the recording scene provides the most recent and striking example of the operations necessary to success in the recording field.

Recording session sequences will be shot this week when The Korn Koblbers, an M-G-M comedy-band unit, cut several new sides at WMGM, the company's New York Studios. These sides will then be traced through technical handling at M-G-M Records plant in Bloomfield, New Jersey, through to the final labeling and pressing stage. It was also reported that if certain technical difficulties can be overcome, M-G-M's novel new process of transferring musical scenes directly from movie sound-tracks to records may also be a feature part of the film. Possible plan is for the film to include an actual scene from an M-G-M musical and then show its transfer to wax.

Set for release about June 10th, "Making Records" is sure to find an interested audience in the record-buying and general public alike.

lenden Hotel, here this past week.

# Newark Juke Box Dance Clicks With Kids

NEWARK, N. J.—The second of a series of juke box dances tendered by the Police and Fireman's Athletic League of Newark, came off this past week, Friday, April 29, and met with wide and immediate success.

Hundreds of howling youngsters were on hand to greet Mercury Records star Kitty Kallen, and the Ames Brothers, top-notch vocal group on Coral Records.

Set to emcee the show for the youngsters was Hal Tunis, well known disk jockey on radio station WVNJ, Newark. Hal's air-show is one of the most popular in the Metropolitan New York-New Jersey area.

The teen-agers took to the "Juke Box Dance" immediately, playing recordings on a phonograph donated to the PFAL, by the Music Guild of America, local music operators association in this city.

The reception given this dance, and the show tendered last week when Johnny Desmond, Paula Watson and Sammy Davis, Jr., pointed to the future success of other dances scheduled to come off.

Next week's dance, set for May 6th at the Feld Neighborhood House, this city will be emceed by disk jockey Johnny Clarke, famed for his air-show on radio station WNJR. Guest talent appearances are being arranged at present, and will be announced during the week via Newark's dee-jays.

# 5 STATES CONVENTION CLIX BIG

**Biggest Meet Yet Held. Exhibits Overflow Display Space Into Upper Hotel Floors. Monday Biz Luncheon Draws Record Attendance. Tues. Night Banquet Features Star-Studded Show.**

MINNEAPOLIS, MINN.—The Hotel Radisson, here, opened with a flourish this past Monday morning (April 25) and continued right on thru Tuesday (April 26) with what is today known thruout the trade as the "Five States Convention."

Operators from the states of Minnesota, Iowa, Wisconsin, North Dakota and South Dakota were in attendance.

This is a long cry from the meetings of the few men of the Minnesota Amusement Games Association in 1940 and 1941 to the impressive registration lists which were taken from Monday thru Tuesday of this meet.

The convention opened at 10:00 A.M. on Monday morning and those who attended immediately rushed to the exhibits which occupied the ballroom of the Hotel Radisson.

Every outstanding distributor in these northern midwest states was on hand with either one, two, three and more booths.

In fact, there were so many exhibitors that they overflowed into the third and fourth floors of the hotel and the ops, jobbers and distribs who attended were calling around on each one of these looking at the many new products.

Shuffleboards, pinballs and music predominated thruout the entire show. There were also some new products seen. Among these shoe shine machines, venders of one type or another, as well as the outstanding top ten tune stimulator which was shown by H. F. Dennison for Dennison Sales Company at the Silent Sales Co. booths.

Leading manufacturers sent their representatives directly from the factory to attend the meet. At the same time salesmen from various of the supply firms were present. The record distributors were there in large number and, it is believed, did one of the best sales jobs in their history.

At 1:00 P.M. the exhibit hall was darkened and all were invited to attend the business luncheon (Monday, April 25) where, on the dais, sat; Leo Miller of Cedar Rapids, Ia., President of the Iowa Automatic Music Operators Assn.; Doug Opitz of Milwaukee, Wis., Secretary of the Wisconsin Phonograph Operators Assn.; Ken Ferguson of Stillwater, Minn., Chairman of the Convention Publicity Committee; C. S. Pierce of Brodhead, Wis., President of the Wisconsin Phonograph Operators Assn.; Tom Crosby of Faribault, Minn., President of the Minnesota Amusement Games Assn.; Bill Gersh, Publisher of *The Cash Box*; Jack Cohen, President of the

Cleveland and Ohio State Phonograph Owners Assns.; Mike Imig of Yankton, S. D., President of the South Dakota Phonograph Operators Assn.; Norm Weiser of Chicago office of The Billboard; Bob Westrum of Bismarck, N. D., Secretary of the North Dakota Music Operators Assn., and Norman Gefke of Sioux Falls, S. D., Secretary of the South Dakota Phonograph Operators Assn.

All these men spoke at the affair and all gave stimulating and inspired talks. The meeting was conducted by C. S. Pierce of the Wisconsin organization and he handled it very capably.

Announcements were made to the effect that the South Dakota coinmen as well as the Minnesota Association would hold meetings during the convention.

Results of these meets were very satisfactory with both Tom Crosby of Minnesota and Mike Imig of South Dakota reporting tremendous progress.

The attendance at this business luncheon set a record. Never before had so many operators attended. Extra tables that were set up were instantly filled.

Those who attended the business luncheon were told about the 7½c coin (which *The Cash Box* proposed over 6 years ago and which was dropped when the cost of conversion as well as the time needed for its passage would not help the present problems of the operators).

Other matters were also taken up and the general appeal of this meeting was for unity.

All who attended were urged to patronize those who displayed at this convention and were inspired with the thought that next year's meet would be even bigger and better.

The men retired to once again go over the exhibits, discuss the equipment and much good buying was reported with some of those exhibiting tremendously elated by the sales they made.

The second day again saw good buying action with the crowds growing ever larger and with the registration at the desk exceeding even the wildest dreams of the men who made this convention possible.

The entire affair was culminated in one tremendous outstanding banquet and entertainment that evening with tickets all sold and many jamming into the place trying their best to get a glimpse of all the stars that appeared in the show.

It was the most glorious two days, those who attended report, that they have ever yet enjoyed and sent them on their way elated over the great success of this 1949 "Five States Convention."

(See *Minneapolis column* (Page 22) and *Chicago Chatter* (Page 21) for names of coinmen who were at the show).

**Sicking Ready To Greet Large Crowd Of Coinmen For Golden Anniversary Party—May 6, 7 & 8**

**Marmer and Goldberg Busy Making Hotel Reservations For Visitors From All Over Nation**

CINCINNATI, O.—Altho preparation for the big Golden Anniversary Jubilee party of Sicking, Inc., this city, is keeping all of the firms personnel going at top speed, Bill Marmer and Ben Goldberg, heads of the firm, have had to devote all of their time to making hotel reservations for their many friends who have phoned, wired and written of their intention to be on hand. The party will run thru three days and nights, Friday, Saturday and Sunday, May 6, 7 and 8.

"We were always aware that we had innumerable friends thruout the country" stated Bill Marmer, "but, Ben and I never for one moment had any idea that coinmen from every part of this big country, and in numbers, would be coming along. How-

ever, let them all come—near and far, friends, acquaintances, and strangers—they're all welcome."

Not many firms in the coin machine business have attained Fifty Years of continuous service, and Marmer and Goldberg are mighty proud of the firm's achievement. According to statements of these well-liked coinmen, it is their intention to make the event one that will remain in the minds of all for many, many years. Everyone connected with the organization is going all out to make all who attend most welcome, and see that they are entertained royally.

In addition to displaying the latest in equipment, visitors will all receive souvenirs, and be treated to some of the best entertainment ever brought to Cincinnati.

**Bilotta Firm Growing To Position As Leading Distributor In East**

NEWARK, N. Y.—One of the most progressive coinmen in the East is Johnny Bilotta, who headquarters in Newark, Wayne County, N. Y., and also is sole owner of Eastern Sales Company, Rochester, N. Y. The firm is recognized today as one of the leading distributors in the East, and Bilotta is continually on the move to build his business into the top distributor here.

Bilotta concentrated his activities on operating up to 1939, when he opened Eastern Sales Company in Rochester with Fred Iverson as his partner. The partnership was dissolved on February 1, 1949, with Johnny assuming sole ownership of the firm. The Newark offices, which were opened in 1939 is still maintained.

The firm is distributor for Genco, Keeney, United, Chicago Coin, Exhibit, and International Mutoscope. In addition, it conducts a large business in the sale of reconditioned equipment.

Due to his interest in local activities, Bilotta is the fair haired boy in his city, referred to as the "Rose Capital of the United States." Johnny is best known for his interest in sports. He has sponsored championship teams in basketball, football, baseball and softball. He also sponsored a team of bowlers, which he was willing to back against any in the country. Fraternal organizations have called on

Johnny every now and then for assistance around Christmas time, and the Community Center, a youth project, is grateful for a soda bar and record player donated for their use.

Due to the steady growth of his distributing business, he is now devoting most of his time cooperating with operators in his territory. However, he still finds time to expand into the arcade field, and is opening several outstanding arcades in cities in his area.

# MORE "SHUFFLEBOARD PARLORS" TO OPEN

## Mid-West Coinmen Lead Trend. West Coast Ops Plan Several Large Centers. Scoreboards Big Help. 4-State Tourney Stimulating Great Interest Of Players

CHICAGO—With the popularity of shuffleboard increasing by leaps and bounds, more and more coinmen are opening or planning to open "Shuffleboard Parlors." First to report about the profitable operation of these centers, *The Cash Box* called the attention of the trade to those who had started the trend. (March 26 issue).

Several "Shuffleboard Parlors" were open to the public at that time, and coinmen soon became aware of the keen interest of the public. Large crowds of players and watchers were drawn to these spots. Mid-west operators seem to be leading the trend, and our reports from this part of the country indicate that many more are soon to be opened. The west coast (which is responsible for the modern trend in coin operated shuffleboard) will soon see the opening of several large "Shuffleboard Parlors." Some Arcade owners are considering the plan to use as many tables in their arcades as space permits, surrounding them with the standard amusement machines.

Arcade owners in the east who operated "Sportlands" and "Cranelands"

years ago, know how profitable this kind of business can be, and are studying the possibilities of either opening new spots or including shuffleboards in their present locations.

The introduction of "scoreboards" of various kinds have done much to increase the interest of both the player and the operator. This equipment makes it possible for the player to compete for skill scores, and the coinmen to receive payment for placing his equipment. In addition, the current noise about the big Four State Tournament, which is to take place at the Coliseum in Chicago on June 16, 17, 18 and 19, is stimulating play thruout the entire country.

The future of the entire shuffleboard business is bright. Operators unable to open "Shuffleboard Parlors" are in a position to place single boards in locations, and every indication is that it is an extremely profitable type of operation.

As interest in shuffleboard play increases, experienced and old line operators will be greatly responsible for bringing the public more, bigger and better "Shuffleboard Parlors."

## National Shuffleboard Co. Introduces New Model

ORANGE, N. J.—National Shuffleboard Company, this city, announced the introduction of its new model shuffleboard '49er "Gold Nugget" deluxe shuffleboard.

Manufacturers of shuffleboards for many years, National has put its best foot forward in developing this new board. Its long experience in manufacture of quality equipment has served it well. For many years this firm has manufactured its boards, overcoming the pitfalls in construction and materials that can only be learned by trial and error.

The '49er "Gold Nugget" is sturdily constructed of the finest type wood, known to stand up under all obstacles, stated a National official. New features and modernization of design only made the board more practical and attractive, leaving the playing features exactly as desired for relaxing and tournament play, reported this executive.

"We have been making shuffleboards for many years" stated this official, "and we know just what the player wants to exercise his skill to the utmost, but most of all we know just what the operator wants in a board that will stand up on location and bring him the most profits."

The firm is in production, with boards being shipped thruout the country as quickly as they come off the production line.

**N. Y. TIMES REPORTS ON TELEVISION IN TAVERNS**

The Sunday edition of the *New York Times* (April 24) devoted an entire section to television, and R. W. Stewart of its staff wrote a piece after a study of television in New York taverns. Not only is this of great interest to local coinmen, but to all throughout the country. Stewart claims that of the city's 3,000 bars, at least 2,500 have television. He states that bartenders and proprietors "are not agreed among themselves whether it any longer helps business."

Stewart interviewed many persons, and here are some quotes from several leaders: Arthur W. Gillett, president, United Restaurant, Liquor Dealers of Manhattan: "Television will be an inducement for bringing extra business into a bar until ownership of home sets becomes widespread. When that happens it will take away a lot of night business."

Jack Townsend, president of both Local 15 of the Bartenders Union and the New York Local Joint Executive Board: "If no one had television everybody would be happy. The average bartender finds it a nuisance. It develops barflies; then there are others who sit on one or two beers and just clutter up the place."

Jiggs Donahue, president, New Jersey Licensed Beverage Assn.: "Television, as far as taverns go, is more or less an accommodation. I'm not opposed to television; I consider it is wanted in barrooms as much as radio or juke boxes. Television retains, but it does not get, customers."

John O'Gara, president, Brooklyn Tavern Owners Assn.: "I'd say television pays for itself. Sure, when a television program is over a lot go out, but a lot also stay to discuss the doings."

Edward Nolan, secretary of both the National Tavern Assn. and the State Restaurant Liquor Dealers Assn.: "Television hasn't contributed to the profit of a bar. It hasn't made new customers, either. Among out-of-town tavern owners, some are rather pleased that television hasn't reached their part of the country."

In summing up in the *New York Times* Stewart reports: "There is little camaraderie on the nights when the bars' current television favorites—Friday night boxing; Tuesday, Milton Berle; and Sunday, Ed Sullivan—enliven the screen. The crew that arrives for the evening programs is usually soon absorbed by the entertainment and isn't likely to emerge from the hypnosis of the electronic eye until the last smiling announcer has said good night."

"It thus becomes manifest that the saloon has been transferred by television into a center of organized entertainment. Many people are finding their needs for the theatre and sports satisfied in the neighborhood bar."

"There is, however, a hard core of patrons who regard television in saloons as another form of thought control. Although they, too, can be interested by the telecast of a sporting event, they are saddened to see certain of their cronies silenced every time the flickering screen casts its light on the gathering."

"They have this much for consolation. Television, in some cases, has stimulated argument more than ever. However, it is generally in those few places not having it. There the conversation usually centers on the pros and cons of whether television should be installed."

Johnny Bilotta, upper New York distributor, with offices in Newark, New York (not New Jersey), and Eastern Sales Company, Rochester, N. Y., visits the city for a few days. One of his stops is over at International Mutoscope Corporation to see Bill Rabkin. Johnny handles the Mutoscope line in his territory. The firm, by the way, is rapidly becoming one of the leading distributors in the East . . . Harry Berger, West Side Distributing Company, away again. This time it's a four week jaunt South . . . Herman Billig, New England representative for Block Marble Company of Philadelphia, in town visiting the jobbers and distribs . . . Harry Koeppel, Koeppel Distributing Company, hitting the hinterlands with his truck. Doing some buying—and selling too, brother Hymie reports . . . Jerry and Harry Kertman, Kertman Sales Corporation, tell us they've just moved to new and bigger quarters at 20 Windsor Street (off Main St. East, between Gibbs and Scio Streets), Rochester, N. Y.

\* \* \* \* \*

Mike Munves' showrooms and offices a real mad house of activity this week. The ever smiling Charlie Wertheimer of Boston one of Mike's guests . . . Mike has Mutoscope's new equipment on display—two, of them in particular catching the eye—"Cross Country Race" and "Radar Rocket" . . . Hymie Rosenberg, who's been relaxing lately, putting on some weight around the middle . . . Which reminds us, Morris Rood, Runyon Sales Company, on a diet, losing five pounds this past week . . . Dave Lowy, Dave Lowy & Company, who likes company at all times, complaining one day this week when his visitors took over his desk and he couldn't even answer the phone. "Might have been a customer," sighed Dave, "and we're not passing any up these days" . . . Joe Munves, the parts and supplies man, on the road, and this time it'll be for quite a spell.

Most jobbers and distributors here (and many ops) getting set to attend the big Golden Anniversary party of Sicking, which comes off in Cincinnati, Ohio, on Friday, Saturday and Sunday, May 6, 7 and 8. Some of the city's coinmen have wired Bill Marmer and Ben Goldberg to make sure they reserve hotel rooms for them . . . The local Tobacco Show started Monday (April 25) with cig vendors displayed. Sam Kresberg also showed his drink vendor, which, by the way, was the only one of this type of equipment on display.

## CHICAGO CHATTER

Big affair of the week was the "5 States Convention" in Minneapolis at the Hotel Radisson which pulled many a coinman from this city who did not, at first, figure on attending . . . For example, Roy Bazelon of Monarch, who, when he arrived in Minneapolis, advised that he had started to fly to Miami, but, having missed that plane by minutes, decided to take one to Minneapolis and, from what he said, was very, very happy that he had done so. Roy enjoyed every minute of the "5 States Convention" . . . Jack Cohen, Bob Levine and Bill Gersh who flew in after attending the gorgeous Detroit meeting on Satty night (and waited over 5 hours for their plane at the end of the world—Detroit's Willow Run airport) were amazed at the large crowds of ops who were already present when they at last arrived late Sunday evening . . . Irv Sandler of Des Moines, Ia. told us something about whips in New York that we just couldn't catch, but, had a hot conference with Ed Levin of Chicoin which we did catch and we hope (aside to Irv) that you got what you were after . . . Word was around the convention floor that Herman Paster was, back in town and had even dropped into his offices for a few minutes—tho on crutches . . . Willie (Silent Sphynx) Cohen was among the very dapper of the dapper and happier than anyone present because of the grand success his firm is enjoying at this time . . . and also that Roy McGinnis is now head of J. H. Keeney & Co., Inc., Chicago.

But, that isn't all . . . H. F. (Denny) Dennison was clicking with his new top ten tune stimulator which was meeting with the approval of op after op and which received a big hand, even from the speakers at the luncheon table, the first day . . . Jack Ross was there with an automatic hair drier and advising that the beauty parlors were actually eating it up . . . Harold Klein was clicking with his Shuffleback . . . Max Mathusek of Milwaukee was entertaining a group late Monday into the wee hours composed of Mr. and Mrs. C. S. Pierce of Brodhead, Wis., Mr. and Mrs. Doug Opitz of Milwaukee and Bill Gersh . . . Joe Caldron of AMI's Chi offices was there . . . Ken Willis was there . . . Jack Karter was around . . . Harold Lieberman rushed in to say hello . . . Hymie Zorinsky came all the way from Omahahaha . . . and talked about how H. Z. Vending & Sales had won the bowling championship . . . Hymie being one champion bowler himself . . . Sol Gottlieb was about . . . Tom Crosby of Faribault, Minn. telling us how the Minn. Amuse. Games Assn. was growing better and stronger . . . Mike Imig with a light powder blue suit made a hit . . . Handsomest guy on the dais was Bob Westrum of Bismarck, N. D. . . . All the record mfrs attended . . . Rock-Ola Standard Shuffleboard prominent . . . And many other shuffleboards . . . Lots of talk about shuffleboard scoreboards at this convention.

And that aint's all . . . we could go on for hours and hours and hours and some more hours telling you about thisa and thata . . . And the fact that Jackie Cohen of Cleveland turned out to be the best song plugger in the U.S.A. with the way he sold his wife's (Gertrude Cohen's grand tune) "Don't Tell My Heart" as recorded by Buddy Kaye on the MGM label . . . Tony Trucano of Deadwood, S.D. woke up the ops at his table with his vociferous shouting . . . In fact, it was just one grand affair after the other and with the boys enjoying themselves right down the line . . . So now—let's cut in with some of the things that were happening here in our own little, windy, rainy town, while we spent a few days up in Minneapolis . . . Dropped over to Ben Coven's place and had a nice chat with him in his luxurious offices. Ben's headquarters are really somethin' to be proud of and we were almost tempted to spend the afternoon there—but—on we went . . . Over at Genco Mfg. Co. the boys were singing praises about their "all purpose" Scoreboard which they claim is one of the most sensational units ever built. And that—coming from Genco—means it must be good.

Gordon Sutton is feeling fit and looking younger than ever. He is expected to pop with some big news very soon. But all he'll say now is "wait and see" . . . Herb Perkins of Purveyor Shuffleboard Co. waiting impatiently for the firm's new showrooms to be finished . . . Universal's Mel Binks keeping so-o-o-busy, and everyone wantin' to know, what Mel is comin' out with now . . . Wally Finke at World Wide Distributors took time out from his busy routine to talk about the shuffleboard biz. Says World Wide is going great with Mercury . . . Jim Guichard of Perma-Top left his desk and paper work for a few days this past week to hit the road on business . . . Over at Atlas Novelty, most of the boys were out on biz. (By the way, how did the Cubs do?) . . . That was a very happy looking foursome over at the Mayfair Room of the Blackstone recently. Ray & Mrs. Moloney and Ben & Mrs. Coven, all having one swell time.

Joe Caldron (the weary traveler) returned from his recent tour telling everyone, "it's good to be home again." Joe's been on the move quite a bit lately and kind of likes the idea of staying put for awhile now . . . Mac Churvis, well known ad man, hospitalized this past week, meanwhile Mac's very charming wife is helping with the business while he's out . . . The boys over at United Mfg. Co. busier than ever thinking up some new ideas to click for the trade . . . Joe Batten of Exhibit Supply who recently moved his family from South Shore to River Forest, very pleased with his new residence and the time he saves commuting to and from work . . . Ed Levin, sales manager for Chicago Coin, returned from the "Five States" convention in Minneapolis with some very glowing reports. Ed tells us it was one of the finest conventions he ever attended with a very enthusiastic crowd on hand, showing much interest in the various displays . . . ChiCoin exhibited their Pistol and according to Ed, the orders received were simply tremendous . . . R. R. (Rudy) Greenbaum, prexy of Trans-Vue Corp., announced that a new method of amplification system had been perfected for their television units. Rudy stated that in his opinion this was a major step forward and of vital importance to the trade . . . Lots of action over at J. H. Keeney & Co. with Roy McKinnis, newly elected president, the busiest of the bunch. Roy has some very interesting ideas in mind which he hopes to bring forth to the industry in the very near future . . . Spoke to Ed Vojack over at O. D. Jennings & Co. who reports that C. A. Robinson of Nevada and J. J. Kellogg, newly appointed Jennings distrib from Grand Island, Neb., were recent visitors to the plant. Ed also tells us that many members from Fraternal Organizations have visited Jennings & Co. lately to discuss business and order "Sun Chief," which has exceeded all Jennings' expectations.

## CALIFORNIA CLIPPINGS

Dropped in for a visit with John Hawley, whose little Washington Blvd. place (in the former Irving Bromberg location) is packed full of Filben music boxes and new 5-balls from Genco, Gottlieb, United and Chicago Coin . . . There's also a nice line of arcade equipment, which John says is starting to move with a solid spurt of activity promised for summer . . . The back room is loaded with records used by Hawley and staff for their numerous juke box locations, which they've got along with coin game, shuffleboard and vending routes . . . Now the problem is to figure out space for handling National Shuffleboard, which Hawley describes as "The best wood top on the market" . . . One of the major Coin Row distribs is really building up a music route, we hear, with a rumored 250 boxes and more to go . . . The way plenty of the smaller music ops have been giving out with the distress talk, it shouldn't be too tough for a well backed firm to pick up some nice locations.

Jack Simon finally taking off, on April 29, for that Sicking Co. Golden Jubilee in Cincy . . . His secy., Cele Padwa, one of our favorite people on the Row, tells us that she's looking for a nice family to move in with—she turned down our offer . . . Sure glad Charlie Fulcher keeps that Mills Coke machine loaded . . . A scorcher the afternoon we dropped in and that Coke, courtesy Charlie, hit the spot . . . Then, by way of showing some real Southern hospitality, he had us sample that Mills ice cream, which the Freezer Dept. boys whip up on the premises daily to demonstrate their equipt. . . . Tasted mighty fine to us, and Charlie reports that those little ice cream spots mushrooming up all over town really go for the Mills units . . . In his own department, the Mills man reports that those right-priced shuffleboards and scoring units are moving steadily . . . He's just received the "Shuffle-back" game, that lucite topper on which you start the puck and it comes out on the lower wooden deck after bouncing off the back . . . The game struck us as enough off a novel departure from all other shuffleboards to take up the slack some locations report after a board has been on the floor for a certain length of time . . . Charlie expects it to catch on—and quick . . . Aubrey Stemler busy with a customer but we noticed a stack of very nice bar stools for sale—if anybody's got a bar . . . ### HOW TO USE THE "C. M. I. BLUE BOOK"

**FOREWORD:** Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

**METHOD:** The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.

**CITATION**  
ONE-BALL FREE PLAY

Bally  
**LEXINGTON**  
ONE-BALL AUTOMATIC

More than seven solid months of steady production . . . and still going strong . . . Bally CITATION continues to smash all records. But the greatest record broken by CITATION is the sudden magical way it injected new life into the entire coin-machine industry . . . bringing thousands of players back to pin-ball plungers to give operators and distributors the financial pick-up they needed. CITATION, with famous GUARANTEED ODDS feature, holds players by the hour. Odds either advance or remain as high as on previous coin. Without fear of losing favorable odds, players play 10, 12 or more coins per game for additional selections. For the fattest profits in one-ball history, get going with CITATION now. See your Bally distributor today.
