THE BRIDGE ON THE RIVER KWAI

The new AMI automatic music machine is destined to be seen as far away as the River Kwai, says Mitch Miller who helps introduce the Model "I" series above. The new machines are currently being shown throughout the country by all AMI distributors. Likewise Mitch has a hit which is probably on most of the machines currently on location, "River Kwai March & Colonel Bogey" on Columbia.

BOOTLEGGING!

For years the record industry has been plagued with the problem of bootlegging. It is estimated in some quarters that several record firms are losing as much as 25% of their gross business because their label and product are literally being stolen. And yet no one has bothered to come up with an effective answer.

If ever there was a project for the Record Industry Association of America, as spokesman for the record business, to work on, we would think this is it. Here obviously is an industry-wide problem which by the farthest stretch of the imagination cannot be termed controversial. Here obviously is a project which everyone who manufactures records should be in accord with—the attempt to keep the record manufacturer's product from being put out on the market without his consent and without any income being realized by him.

Why then no action? Mostly because record executives, even through their own organization, are not in contact with each other. For instance the problem of bootlegging is obviously an interstate matter. Yet no one is dealing with it on a national basis. Each state has a different law referring to the problem, i.e. when there is a law at all. In many states there is simply no statute at all by which the bootlegger of records can be prosecuted and even in states where there is some sort of legislation, prosecution is in most cases practically impossible because of the ineffectiveness of the law. Furthermore, if we continue to deal with the problem state by state, nothing is ever going to be accomplished.

It seems clear therefore that the

only logical way to deal with bootlegging is through federal legislation.

Now how is federal legislation achieved? One obvious way is through a lobby. Almost every industry in the nation is represented in Washington by experienced personnel who know how to present the problems of that industry to Congress in an effective manner. Why shouldn't the record industry, which has the major problem of trying to keep its product from being stolen, also be represented in Washington?

The cost? It is infinitesimal compared to the amount lost each year in bootlegging. Wouldn't it make sense for every record firm to accept an appropriation in proportion to its RIAA dues to create an effective lobby in order to achieve this obviously necessary legislation which is the only way by which the product of the record industry can be protected?

Now that the gross sale of records is no longer a minor matter, now that stealing even a small percentage of the total gross can amount to millions of dollars, doesn't it make sense to spend a fraction of that amount to achieve legal protection?

The answer is obvious.

It's time for the RIAA to act—and to act with vigor. And if it doesn't, then let the record company officials, who make up that organization, stop complaining about bootlegging and simply accept the fact that nothing is going to be done because they are unwilling to act in concert to prevent their product from being stolen from under their noses.

ROCK MURPHY
(Verve 10118)

B+ "GIT WITH IT" (2:10) [Vivid ASCAP—Kessel] Rock Murphy could make big noise with this torrid low down, funky-blues rocker. It's an exciting side loaded with all the dancing ingredients the kids could want. And it's got a thrilling sound. Watch this sleeper.

B "THE GAY EVENING" (2:20) [Vivid ASCAP—Kessel] This end is a strong strollin' beat item also tailor-made for the teeners. Sax and guitar blend beautifully on both ends.

CHARLES BROWN
(East West 106)

B "WHEN DID YOU LEAVE HEAVEN" (2:26) [Robbins ASCAP—Whiting, Bullock] Blues singer Charles Brown goes pop as he chants a pretty romantic offering with an angelic theme. Lovely side that grows on you.

C+ "WE'VE GOT A LOT IN COMMON" (2:39) [Herb Reis-Progressive BMI—Parker] A smooth rhythm item is contagiously handled on this end. Inviting lilter with a chorus again assisting.

THE WEAVERS
(Vanguard 35001)

B+ "TAKE THIS LETTER" (2:24) [Sanga BMI—Franklin] The veteran Vanguard label makes its debut in the singles field with a powerful contender for hitdom. Featuring the well known Weavers, the initial platter is a rockin' item with a pleasant folk flavoring. Deck has an original sound that's refreshing. Watch this rocker. It could take on

C+ "DONE LAID AROUND" (2:13) [Sanga BMI—Clayton, Ehrlich, Lazar, Six] Another folk type tune gets a rockin' reading from the versatile crew. Good coupling.

BURT FARBER
(Fraternity 796)

B+ "MON REVE" (2:40) [Buckeye ASCAP—Aichele] One of the prettiest mood items to hit this turntable in quite some time is this soft romancer by Burt Farber. Burt's keyboard work is in the spotlight throat with an excellent choral assist (sans lyrics) in the backdrop. Side grows on you.

C+ "NEVER A DAY GOES BY" (2:52) [Brandom ASCAP—Cunningham, Loeb] Another inviting, relaxing piano-orch-chorus item with that lush mood sound. This end has a pretty lyric which the chorus starts singing toward the end of the side.

TERESA BREWER
(Coral 61944)

B+ "BECAUSE HIM IS A BABY" (2:13) [Joy ASCAP—Merrill] In a special sleeve Coral offers a wonderful kiddie release by pert Teresa Brewer. This end is a charming waltz tempo ditty about a little girl who lost her doll and wants to play with a baby. Wonderful melody and lyrics from the composer of "Doggie In T Window." Watch this longshot. It could develop into a pop favorite too. Kiddies should love it.

B "LOST A LITTLE PUPPY" (2:19) [Hawthorne ASCAP—Simmon, Tobias] This touching sentimental ditty tells about a little girl who lost her puppy. Fine two-sider for the tots. Attractive sleeve will help sales.

The Cash Box Disk of the Week

"NOW AND FOR ALWAYS" (2:24) [Sequence ASCAP—Alfred]

"ONE HEART" (2:00) [Brockwin ASCAP—Cari, Wells]

GEORGE HAMILTON IV (ABC-Paramount 9898)

● George Hamilton IV follows up his smash waxing of "Why Don't They Understand" with another warm and winning performance of a tender ballad that should bounce onto the charts in short order. This time the song is titled "Now And For Always". It's a fragile love song set to a familiar melody we used to sing on the campus and in summer camps. Simple guitar accompaniment opens the deck and toward mid-point a lush string section and a chorus join in with that school glee club sound. Side hits home. Watch this smash take off. Flip, "One Heart", is another soft item but with a lilting tempo. It's the top half that rates.

"YOU WERE MADE FOR ME"
(2:52) [Andrea BMI—Cook]

"LONELY ISLAND" (2:31)
(Happy House ASCAP—Ahbez)

SAM COOKE (Keen 4009)

● Sam Cooke, one of the top disk names to hit the business in the past six months with such hits as "You Send Me" and "For Sentimental Reasons", introduces a great new pairing that should keep his consecutive hit string intact and possibly give him his biggest record since his initial smash. One end is titled "You Were Made For Me"—an easy-going romancer with a beautiful melody and a lovely romantic lyric all neatly wrapped up by the polished warbler. "Lonely Island" is another smooth rocker handled with finesse by the star. Great song from the pen of Eden Ahbez. Two decks destined for the big time.

"DID YOU HEAR ABOUT JERRY" (2:55)
[Clara ASCAP—Belafonte, Burgess]

"THE MARCHING SAINTS" (2:55) [Clara ASCAP—Arr. Belafonte]

HARRY BELAFONTE (RCA Victor 7176)

● One can always be sure that a new Harry Belafonte release will be exciting. And the versatile star doesn't let us down with his latest effort for Victor. On one end Belafonte leans into an exciting folk tune tagged "Did You Hear About Jerry". The songster co-authored this unusual rhythm item and he hands in a magnificent reading of the original. Belafonte fans should be wild about this inventive release. Equally refreshing is the flip, "The Marching Saints". It's Belafonte's new spiritual rendition of the age old favorite "When The Saints Go Marching In". Big coupling that should put the star on the singles charts once again.

"DINNER WITH DRAC" Part 2 (2:53) [Mayland BMI—Sheldon, Land]

"DINNER WITH DRAC" Part 1 (2:55) [Mayland BMI—Sheldon, Land]

JOHN ZACHERLE (Cameo 130)

● The Cameo label has hit upon an unusual, yet fascinating rock and roll item that could be a national sensation in no time flat. It's an extremely unusual (to say the least) R & R jumper with a House of Horror setting. Titled "Dinner With Drac", the number has vocalist John Zacherle weirdly telling about a dinner date he had at the house of vampire Dracula (a character who has been brought to the attention of today's teenagers via reruns of the old horror films). Throughout the recitation, a rock and roll band wails away in the background. The results are good for a laugh and should appeal to the kids. Side 2 should be the one that'll get the jockey spins. Side 1 is a bit gory for air play. If there were ever an off-beat R & R disk, this is it. Watch it take off.

"HE'S GOT THE WHOLE WORLD (IN HIS HANDS)" (2:20)
[Chappell ASCAP—Lindon, Henry]

"HANDED DOWN" (2:00) [Chappell ASCAP—Jason]

Laurie London (Capitol 3891)

● Young Laurie London, a British lad with a fabulous voice that seems to get under your skin, could be one of the big stars of the near future with his absolutely sensational debut disk. The number is titled "He's Got The Whole World (In His Hands)", a spiritual which the great Marian Anderson has been singing for years in the U.S. The spiritual number itself is thrilling, but as fashioned by the innocent and youthful voice of London, it's a wonderful new experience. A great record with a great beat. Flip, "Handed Down" is a cute rockin' novelty.

GEORGIA GIBBS
(RCA Victor 7166)

B+ "WAY WAY DOWN" (2:23) [Mack Martin BMI—Wolfe, Soloway] One of Georgia's best sides in a long while is this swinging rocker with a cornball flavor that could send it over the hill. Snappy handclapper that deserves attention. Could be a big one for Her Nibbs.

B "YOU'RE DOIN' IT" (2:06) [Roosevelt BMI—Stone] A smooth rockin' item with a softer beat than most R & R items, is handled with class by the lark.

DICK HAYMES
(Hallmark 2000)

B "A VERY PRECIOUS LOVE" (2:58) [Witmark ASCAP—Fain, Webster] The new Hallmark label gets off to a big start with a delightful reading of a big tune from the "Marjorie Morningstar" pic as fashioned by the polished voice of Dick Haymes. Wonderful reading that could catch.

B "THE LONG HOT SUMMER" (2:46) [Feist ASCAP—North, Cahn] The title song of another big film production is handled with finesse by the veteran songster. Rich, warm ballad.

JOHN GART
(Kapp 211)

B+ "LIDA ROSE" (2:14) [Frank ASCAP—Willson] One of the most charming "All American" songs from the smash B'way musical hit "Music Man," is handled in a delightful, lilting manner by John Gart and the Happy Harts. Light and inviting soft-shoe item that should get heavy air play. Deck has a homespun sound.

C+ "SKIP-A-STEP POLKA" (2:25) [Garland ASCAP—Gart] Ops and dealers interested is a change-of-pace polka item have a choice morsel in this cute novelty.

THE KIRBY STONE FOUR
& ED SULLIVAN
(Columbia 41121)

B+ "IT'S A REALLY BIG SHOW TONIGHT" (2:20) [Alpha ASCAP—Stone, Gardner] Comedy singers, the Kirby Stone Four, satirize the Ed Sullivan show and come up with a hilarious disk. Ed Sullivan lends a hand with a few lines here and there. Up beat novelty that the public should find enjoyable. If you're a fan of the Sullivan show, the lyrics are extremely funny.

B "WHISPERING & GROOVIN' HIGH" (2:35) [Miller & Fred Fisher & Leeds ASCAP—Schonberger, Coburn, Rose/Gillespie] The quartet weaves two numbers together to an up beat, again with delightful results. Inviting ditty that should win mass dee jay approval.

BENNY JOY
(Dixie 2001)

B "STEADY WITH BETTY" (2:10) [Starrite BMI—Eidson, Singleton] The new Dixie label gets off to an exciting start with a powerful rock-a-billy side featuring the swin - ing vocal of Benny Joy. Strong jumper the lyrics of which are impossible to understand. But the teenage sound is there.

C+ "SPIN THE BOTTLE" (2:01) [Starrite BMI—Eidson, Singleton] A favorite teenage occupation is told about via this rock-a-billy jumper.

THE JODIMARS
(President 1017)

B+ "SHOO-SUE" (2:07) [Piccadilly BMI—Hammer, Clowney] With Marshall Lytle handling the vocal, the Jodimars debut on President belting out a good rocker that could earn a heap of dough for all concerned. Good jump item the kids should find to their liking.

C+ "STORY TELLING BABY" (2:04) [Oceanic BMI—Jo] Another hard rockin' jump item aimed at the youngsters. Sock side that could make noise in R & B and Pop.

ROBERT CLARY
(Mercury 71260)

B "SHE IS NOT THINKING OF ME" (2:11) [Lowal-Chappell ASCAP—Lerner, Loewe] The delightful Clary French accent adds great charm to this joyous waltz tempo romancer from the big new musical pic "Gigi." Light and gay side superbly styled by the star. Good dee jay programming material for adult audiences.

B "THE NIGHT THEY INVENTED CHAMPAGNE" (1:59) [Lowal-Chappell ASCAP—Lerner, Loewe] From the same Lerner-Loewe pic comes this inventive ditty singing the praises of the popular drink. Clever side.

DWIGHT PULLEN
(Carlton 455)

B+ "SUNGLASSES AFTER DARK" (2:06) [Clock BMI—Noble] The teenagers could go wild over this rock and roll jumper. It's got a very clever lyric about the sharp looking teenager who wears sunglasses after dark. Good swinger that deserves watching. Dwight Pullen does a solid job in the delivery. Side hits home.

C+ "TEEN AGE BUG" (1:55) [Song Prod. BMI—Bedwell] Another swinging teen affair with a good jump sound and some rocking guitar work.

TRACEY TWINS
(East West 108)

B+ "HEARTBREAK HILL" (2:36) [Reserve-Progressive BMI—Tracy, Shane] The Tracey Twins could give the East West label its biggest hit to date with this up-beat rock and roll item. The twin canaries fashion the number in strong commercial fashion and come up with an exciting sound. Watch this sleeper.

C+ "DON'T MEAN MAYBE BABY" (2:26) [Westport BMI—Wayne] An echo chamber helps the girls come thru with a good rocking swinger, here.

JIMMIE MADDIN
(Imperial 5496)

B "SHIRLEY PURLEY" (2:29) [Michele BMI—Belvin] Jimmie Maddin, with his second Imperial release in as many weeks, tears thru a hard-hitting rocker on this end. Exciting arrangement of a side the kids could go for in a big way.

C+ "STOP THE WORLD" (2:08) [Four Star BMI—Belew, Stevenson] A pretty ballad with a subdued rock-a-ballad tempo in the backdrop, is handled smoothly by the songster. Lovely melody and a good lyric too

The Cash Box Sleeper of the Week

"WISHING FOR YOUR LOVE" (2:23) [Rayven BMI—Horton]

"THE LAST DRAG" (2:40) [Addit BMI—Schaffer]

THE VOXPOPPERS (AMP 3-1004)

● Here's another sleeper out of left field that has the earmarks of a national best seller. It's a simple love ballad with a rock and roll beat and a lovely melody chanted by a group of newcomers called the Voxpoppers. Titled "Wishing For Your Love", the number has that warm teenage sound that the kids should be wild about. Listen to this side about three or four times and you'll see that the deck has that indescribable something that could make it a major hit. Flipside, "The Last Drag" is another interesting R & R item that supplies a good dance tempo for the kids. But the big side to watch is the upper platter.

"YEA, YEA" (2:21) [Arc-T.J. BMI—Baker, Malegkar]

"WON'T YOU BE MY BABY" (2:11) [Arc-T.J. BMI—Testa, Kendall]
THE KENDALL SISTERS (Argo 5291)

● The Argo label has a smash in the making with a big rock and roll release featuring the Kendall Sisters. Titled simply "Yea, Yea", the side is a smooth sailing rocker with a fabulous sound that could make it take off overnight. The lyrics which the gals sing are repetitive and relatively unimportant, but the overall sound just makes you wanna get up and dance. The teeners will love the beat, the simple lyrics that they can all pick up after just one listen, plus the excellent instrumental backdrop. Watch this smasher. But don't sell the flip short. "Won't You Be My Baby" is a terrific, fast-moving swinger with a great beat. The Kendall Sisters are here to stay and the top half could establish them as big money-makers.

"BLONDE BOMBSHELL" (2:05)
[Saxon BMI—Mure, Wolf]

"THERE GOES MY HEART AGAIN" (2:17)

[Wildcat BMI—Del Campo, Gary]
DON RONDO (Jubilee 5319)

● Don Rondo comes to the fore once again with two wonderful new side either of which could make the grade. One half is in the rock and roll idiom and goes under the title "Blonde Bombshell". It's an exciting, gimmick-filled rocker with a cute lyric and an excellent choral assist. Right in line with what the kids want. Sounds like a money-maker. In the more dramatic vein is the companion deck, an enchanting love song tagged "There Goes My Heart Again". It's Don's best ballad effort since "Two Different Worlds" and it could follow in that song's footsteps. Top notch coupling. Both halves are potential smashes.

"LOVE THEME FROM 'THE BROTHERS KARAMAZOV'" (2:26)
[Robbins ASCAP—Kaper]

"TAKE ME IN YOUR ARMS" (1:58) [Mills ASCAP—Markush, Parish]
JACK HILL (MGM 12624)

● "The Brothers Karamazov", an MGM film, should be one of the big box office attractions of the new year, especially since Yul Brynner is its star. In this film is a haunting love theme that's heard throughout. It's an enchanting "Third Man Theme" type of number that you find yourself whistling after the film is over. MGM Records has come up with a magnificent recording of this enchanting "Love Theme from 'The Brothers Karamazov'" featuring Jack Hill. Hill performs the stirring melody on an instrument called the Cymbalom that has a sound similar to that of a zither. And the results are just wonderful. Superb side that could be a huge smash. It becomes prettier with each new listen. Watch this sleeper closely. Flip is Hill's moody version of the evergreen "Take Me In Your Arms" also played on the cymbalom.

"COLLEGE MAN" (2:35) [Knox BMI—Justis]

"CINDERELLA TANGO" (2:43)
[Walt Disney ASCAP—David, Hoffman, Livingston]
RALPH MARGERIE (Mercury 71279)

● A college cheer and a vocal outburst open Ralph Margerie's best instrumental side in quite some time. It's a swinging rocker with a hard driving beat and a good melody in the true "Raunchy" tradition. The side starts to jump right from the opening groove and doesn't let up for a minute. Could be a big one for the Margerie man. The flip side starts with some fancy trumpet work by Margerie and then breaks into a smooth tango treatment of the "Cinderella" song from the Walt Disney pic of the same name. In its new form the number is dubbed "Cinderella Tango". Good dance deck. But it's the upper half for the teeners.

MARY MARTIN with TUTTI'S TRUMPETS
(Disneyland 100)

B "THE MAGIC SONG" (2:42) [Walt Disney ASCAP—David, Hoffman, Livingston] Stage star Mary Martin does a wonderful job with this Disney favorite. Sultry rendition of the "Salagadoola Menchagaboola" lyrics results in some interesting listening. Dee jays oughta get a kick out of this refreshing interpretation of an oldie.

B "HI-HO" (2:13) [Bourne ASCAP—Morey, Churchill] This end is also from the star's latest Disneyland LP. Here Miss Martin tears thru a trigger fast pop reading of the kiddie smash. This is the first time "Hi-Ho" has been treated in this sexy fashion.

DANNY SCHOLL
(Decca 30583)

B "COWBOY" (2:42) [Columbia Pic ASCAP—Duning, Hall] A beautiful and extremely touching film title tune with a western setting, is chanted with emotion and class by Danny Scholl. Song comes from the new Columbia film "Cowboy." Scholl came to the attention of the disk world via his appearances on the Jack Paar TV show. Fine first showing on Decca.

B "ONCE IN A LIFETIME" (2:51) [Piano ASCAP—Melis, Morino] This lovely dramatic ballad was co-authored by Paar's pianist Jose Melis. Strong love tune handled with force by the big-voiced crooner.

JOANNE GILBERT
(GNP 132)

B "GLITTER AND GLOW" (2:13) [Gilbert & Kahn ASCAP—Hooven, Hooven] Jockeys interested in a smart rhythm item have one in this free-swinging class ditty fashioned neatly by Joanne Gilbert. Attractive change of pace programming for today's R & R dominated market.

C+ "THE ONE I LOVE BELONGS TO SOMEBODY ELSE" (2:58) [Kahn & Bantam ASCAP—Jones, Kahn] Miss Gilbert hands in a moody, blues reading of a great oldie. Two good sides for easy listening.

BOB JAXON
(RCA Victor 7168)

B "ALL ABOUT ME" (2:23) [Republic BMI—Starr] A good rock-a-ballad is chanted with feeling and in a commercial manner by Bob Jaxon. Side has a pretty melody and a good sound.

B "ME! PLEASE! ME!" (1:50) [Sheldon BMI—Hill, Sherman] Jaxon ups the beat and belts out a staccato rocker with a good dance tempo. Solid swinger to watch closely.

FRANCES BURNETT
(Decca 30571)

B "A PROMISE MADE A FOOL OF ME" (2:39) [Michele ASCAP—Cowan] A lovely romantic ballad is chanted warmly by newcomer Frances Burnett. The lark has a rich voice and a good piece of material that could establish her. Dramatic side with potential.

B "SPIN THE WHEEL" (2:48) [Mokell ASCAP—Duncan] This side features the polished songstress with a rockin' tempo ballad. Another forceful effort displaying the performer's versatility.

TRU TAYLOR
(Big 614)

B "TEEN AGE FOOL" (2:47) [Village BMI—Simon] Newcomer Tru Taylor makes a promising debut as he introduces a good fish beat ballad with a smooth stylized sound that could make it take off. Keep a tab on this side.

B "TRUE OR FALSE" (2:09) [Village BMI—Simon] This end is an exciting rock-a-billy flavored jumper with a fine dance tempo that moves along at a swinging clip. Two good sides that could, hand-in-hand, step out.

ANDY ANDERSON
(Felsted 8508)

B "I-I-I- LOVE YOU" (1:53) [Murray Nash BMI—Anderson, Tubb] Andy Anderson and the Rolling Stones get a smooth sound as they present a romantic rock-a-ballad that falls pleasantly on the ears. Inviting, easy-to-take R & R fare.

C+ "JOHNNY VALENTINE" (1:58) [Murray Nash BMI—Anderson, Tubb] A modern day Casanova is described in this easy going rocker. Contagious rhythm item.

JIMMY BOYD
(Jubilee 5316)

B "HIGH SCHOOL SOCIAL" (1:55) [Eden BMI—Benton, Otis, DeJesus] Teenager Jimmy Boyd, who, in his younger days hit it big with "I Saw Mommy Kissing Santa Claus," directs his latest release at the teenage market. Good rockin' item with a soft, soothing sound.

B "DON'T TEMPT ME" (2:13) [Planetary ASCAP—Roberts, Jacobson] The beat is upped on this end for Jimmy's delivery of a peppy bouncer with a cute sound and a happy beat.

FIVE PLAYBOYS
(Mercury 71269)

B "WHY BE A FOOL" (2:30) [Fee Bee BMI—Sands, Katz] The Five Playboys debut under the Mercury banner with a good latin beat rocker aimed at the teenage clientele. Good rhythm stuff the kids should enjoy.

C+ "TIME WILL ALLOW" (2:17) [Fee Bee BMI—Sands] A slow fish-beat ballad displays the crew's pleasant harmony on this end. Smooth dance deck.

DeCASTRO SISTERS
(RCA Victor 7177)

B "WHAT A RELIEF" (2:12) [E. B. Marks BMI—Ross, Morris] The DeCastro girls are in top rock and roll form as they belt across a solid rockin' side with a hard-hitting beat and a number of good vocal gimmicks. Watch this side. It could be a big one.

B "YOU TAKE CARE OF ME" (2:16) [Iris-Trojan BMI—Ra-leigh, Wolf] More potent teenage rockin' material. This end has a slower rhythm but still moves along at a swinging clip. Two good sides for the kids.

ERSEL HICKEY
(Epic 9263)

FRANKIE SANDS
(Epic 5495)

● Two exciting renditions of a new rock and roll song bowed on the disk scene this week as performed by two newcomers—Ersel Hickey on Epic and Frankie Sands on Imperial—and it looks as though the two artists could send the song over the hill. Dubbed "Bluebirds Over The Mountain", the song, penned by Hickey, can best be described as a smooth rock-a-billy ballad with an easy-going sound and a contagious melody. And both renditions run less than a minute-and-a-half. Keep a close tab on this potential hit. Hickey's coupling "Hangin' Around" is another good rock-a-billy item. Sands' backing is a strong fast-moving rocker labelled "You Are My Dream".

"APPLE CIDER" (2:10) [Banks BMI—Starkes, Smith]

"SIX BUTTON BENNY" (2:35) [Banks BMI—Scott, Segman]

DOC STARKES & HIS NITE RIDERS (Swan 4003)

● The hot Swan label, riding high with its first two releases, "La Dee Dah" and "Click Clack", looks as tho it'll add a third with an exciting new side by Doc Starkes and the Nite Riders. It's a powerful rock and roll jumper with a zany lyric but a fantastic dance beat and sound that'll have the kids swinging. It's a striking fish-beat item with a sharply defined rhythm that's just tremendous. The combination of voices, a rock and roll instrumental and Starkes in the spotlight is a winning one. Bottom half is an up-beat rocker tagged "Six Button Benny".

"MARINDY" (2:22) [Lowery BMI—Harold]

"(Why Did I Ever) LET HER GO" (2:10) [Lowery BMI—Harp]

THE TECHNIQUES (Roulette 4048)

● The Techniques, who came to the national spotlight with their big recording of "Hey, Little Girl", have another potential smash in their latest release "Marindy". The song is a big latin tempo rock and roller with a pretty melody and a number of exciting vocal gimmicks that should meet with mass teenage approval. Big record to watch closely. Flip, "(Why Did I Ever) Let Her Go" is a smooth rock-a-ballad handled in romantic fashion. But it's the top half all the way.

"SWEET LITTLE DARLIN'" (2:22) [R. Mellin BMI—Shayne, Paris]

"IT'S NEVER QUITE THE SAME" (2:53)

[Livingston & Evans ASCAP—Livingston, Evans]

JO STAFFORD (Columbia 41129)

● Jo Stafford has a potent new release that could be her biggest chart rider in quite some time. It's a song titled "Sweet Little Darlin'" featuring the multiple voices of the polished canary performing to a rock and roll beat. Hubby Paul Weston has set up a strong arrangement for Jo that should appeal to the youngsters as well as adults. We can expect heavy play on this side. Flip, "It's Never Quite The Same" is a lovely romantic ballad from the hit B'way musical "Oh Captain!". Warm, touching song of love.

DOE MOODY
(Deman 1505)

B "CRAZY, WONDERFUL" (2:12) [Fairway BMI—Duhig] The Demon label gets off to a big start with fine performance by newcomer Doe Moody. The lark has an exciting style and sound that comes over well on this good rockin' ballad.

C+ "BY APRIL YOU'LL BE MINE" (2:22) [Wintersett ASCAP—Greene] The versatile newcomer chants a pretty ballad on this end. Emotional reading of a moody love tale.

THE BLUEBELLS
(Trend 30-002)

B "SQUEEGIE" (2:27) [Roosevelt BMI—Blackwell] A torrid instrumental with that exciting low down funky sound serves to introduce the Bluebells on Trend. Side has an exciting dance sound. Strong fare that fits neatly into the "Raunchy" category.

B "SHAKEY" (2:05) [Singleton BMI—Singleton] This end has a rockin' sound. Another good dance opus with a solid hand-clapping tempo that should inspire hoofers. At mid point a group joins in with a vocal.

PETER DeBEAR
(Golden Crest 1281)

B "WHEN THE TREES ARE AFIXIN' TO BLOOM" (2:04) [American Acad. ASCAP—Winn, Joyce] A simple guitar and drum accompaniment showcases Pete to excellent advantage as the songster offers a galloping tempo love tune with an up-beat. Catchy item. Good change of pace programming.

C "BEEP BEEP" (2:14) [Mills ASCAP—Winn, Joyce, Prima] A rock and roll novelty with a topical satellite theme.

LENNY PERNA
(Chancellor 1013)

B "LET'S TRY AGAIN" (2:40) [Rambled BMI—Gerardi, Perna] The exciting sound on most Chancellor records is present again on this dramatic rock and roll ballad which Lenny Perna belts out effectively. Good group and instrumental backing.

C+ "LOVE IS A WONDERFUL THING" (2:07) [Debmar ASCAP—Marucci, DeAngelis] An up-beat rocker is chanted joyfully by the lad. Ok side.

JOYCE PAUL
(Dat 15703)

C+ "BAD NEWS" (2:22) [Tula BMI—Paul, Potter] Joyce Paul makes her debut on Dot singing a low down blues rocker with a good beat and an exciting sound. Solid jumper.

C+ "BABY, YOU'VE HAD IT" (1:48) [Tula BMI—Potter] More of the same jump stuff for the teenagers.

Round The Wa Circle

NEW YORK:

The worst snow storm and cold weather in a long time business to come to a practical standstill in the New York area couple of days last week. Record sales suffered along with all other Jubilee Records has moved to beautiful new offices in 1721 Broadway.

CONNIE FRANCIS

Dori Ann Gray, who records for Roulette Records, married last Sunday to Stu Phillips, young arranger and composer, who wrote the background music to her album "Copa Girl". . . . The life of a recording engineer is not all electronics. Randy Wood sent Dr. director of engineering, Ben Jordan, complete with equipment and crew to Las Vegas' Sahara Hotel for three days this week to record glamor queen Marlene Dietrich. . . . "Hooray for the girls" says Vito Samela of Capitol Record Distributors. Vito tells us that among his best selling albums of the month, three of the top spots are occupied by females. The albums that are showing up the strongest are: "The Late Late Show" by Dakota Staton; "I Wish You Love" by Keely Smith; and the new Ethel Ennis album. . . . Looks like MGM has a smash in Connie Francis' "Who's Sorry Now". The songstress has been on a heavy TV schedule plugging the disk. . . . Mercury

Records picked up one of the hottest masters around last week in the purchase of "Wishing For Your Love" by The Voxpoppers from the AMP 3 label. Mercury will have 100,000 disks in the stores by next week. . . . Teddi King into Le Cupidon February 26 through March 2. . . . In preparation for St. Patrick's day, Decca Records has shipped dealers counter cards which feature albums and singles from its tremendous catalogue of Irish music.

CHICAGO:

Reuben Lawrence and Tony Galgano, Record Distribs, motored to Milwaukee with Audio Fidelity's "Dukes Of Dixieland", who opened 2/17 at the Brass Rail. Tony & Rube then continued on to The Moors in Waukesha for a week of rest and relaxation. . . . Just a few words to tell tunesmith Fred

Arquilla to get well quick. Fred is recuperating in MacNeal Memorial Hospital from overwork. . . . Now that Jubilee diskchick Della Reese finished cutting her new album "Della Reese Sings At Mister Kelly's", she's breathing sighs of relief. . . . Coral's Betty Madigan, currently gracing the Camelia House at the Drake Hotel, has a new LP titled "Betty Madigan Sings Jerome Kern." . . . An interesting note, local boy Johnny Raphael had to leave home to click. He's now the rage of the West Coast. His big deck is "We're Only Young Once". . . . Mort Hillman, Stepheny Records, tells us that he just returned from a successful sales tour with a new release "The Drag Number One" by the recently pacted Cheerful Earfuls. . . . Phil Lind tells us that he's getting good response from his listening audience since he set aside every

Wednesday as Record Album Day over WTAQ, La Grange, Ill. . . . Ralph Cox, busy Coral promo man, trying to chase the 'fu' blues. . . . Roulette's Stan Pat is out "beating the bushes" this week with three big Roulette disks, Jeri Southern's "Life Does A Girl A Favor" (the tune is from the Broadway musical smash "Oh, Captain"), "The Sands Of Time", a terrific instrumental by Lennie Hayten, and Shaye Cogan's "Satisfaction Guaranteed". . . . Publicitor Arnie Matanky says that prexy Harry F. Polos will host a soiree 2/19, for deejay Jack Karey, who recently took over the record chatter column for The Chicago American. . . . Was nice hearing from Roulette's Playmates (currently riding the charts with "Jo-Ann"). They're recuperating from their coast-to-coast promotional and personal appearance tour. . . . Fred Sipiora, Singer-One-Stop, says there's a break away from rock 'n roll with "Who's Sorry Now" by Connie Francis. . . . Jerry Ferber, United Distribs, reports the first rocket to the moon will be going to "Thank You, Mr. Moon". "Don't Let Go" by Somethin' Smith & the Redheads on Epic is still holdin' tight. . . . Genial Lenny Garmisa, Garmisa Distribs, says he's got a real big one in Ampars "Tequila" by Eddie Platt. Ditto "Rock And Roll Is Here To Stay" by Danny & the Juniors and "Young Doves Calling" by The Couplings on Josie. Lenny is also high on "The Swivel" by Al Taylor and The Poodles.

HOLLYWOOD:

Verve Records may have the biggest selling single in its history in the Randy Sparks waxing of "Walkin' The Low Road." The record was first broken in the Los Angeles market by Al Sherman's Record Sales Co. and has spread nationally from there. . . . Latest 'saucer' disk is by a Los Angeles company named Pirate Records, who last week released "Cape Canaveral." The tune was written by Lee T. Gation, recorded by Manny Sootz and The Thieves, and published by Injunction Music. . . . West Coast label, Rendezvous Records, out this week with its first single release. "Ghost Satellite" by Bob and Jerry. Firm has previously released LP's only. . . . Joel Sherman of Epic Records in town to record an album with Jack Lemmon. Epic General Manager, Bill Nielsen also due in town for distributor meetings with Gene Brewer, Epic's Western District Manager. . . . Bobby Weiss, European representative for the Edwin H. Morris music firms, in town for a month's visit. . . . Larry Goldberg leaving Jubilee Records to form Western States Record Service which will represent several independent lines with distributors and disk jockeys throughout the 11 Western states. . . . Actor Dwayne Hickman has been set

to kick off his recording career next week when he will wax four sides for ABC-Paramount. . . . Al Latauska's new Sun State Distributing Co. riding two good ones in "Always and Forever" by The Four-Esquires on Paris, and "You Are My Dream" by Jackie Burtons on the Del-Fi label.

ROY "BOOGIE-BOY" PERKINS (Ram 122)

• Here's a sleeper out of left field that could build into one of the teenagers' favorites. Featuring newcomer Roy "Boogie-Boy" Perkins on the Ram label, the number is a house-rockin' jumper dubbed "Drop Top." It's a wild and woolly R & R belting of a tune describing a convertible automobile that the songster has just bought. It's got that pile-driving beat that doesn't let up for a second and Perkins' delivery features a number of good vocal gimmicks. Good side to watch. The lower lid has a country blues flavor. Slow beat rocker dubbed "That's What The Mailman Had To Say".

London Lowdown

The "BBC Record Week" planned for May 12th is still in the planning stages. The initial meeting between the BBC and the various record companies' representatives left it to the record companies to make suggestions to help the BBC make this a successful event. Rooney Pellatier, head of BBC Light Programmes has asked for co-operation and hopes that this will become an annual event. The main complaint about the one and only "Record Week" held in 1956 was "Too much talk and not enough records." Pellatier plans a tie-up with the U.S. during that week spotlighting top recording stars who are household names in the British Isles. Some ties with European radio stations will also be made by the BBC.

Lew Brown's passing was a great shock to his many friends over here, especially one of his closest, Reg Connelly.

The new ballet, "A Broken Date," supposed to have been written by Francoise Sagan, is being presented in London this month. Critics who have seen it in Paris express mixed opinions. Though Miss Sagan's "Bonjour Tristesse" will no doubt be a winner as a film, her ballet efforts have been described as a "Ballyhoo."

Frankie Vaughan is to undertake several engagements in the U.S. during March.

First appearance in this country of the McGuire Sisters is scheduled for May.

Due to indisposition Mario Lanza's concert last Sunday in London's Royal Albert Hall had to be postponed.

Alma Cogan has cut her first LP for HMV with very fine accompaniment by Frank Cordell's orchestra.

The Johnny Otis Show is likely to tour this country in April according to Manager Hal Zieger.

It appears that the managers of Tommy Steele have turned down 6,000 dollars a week for Tommy's appearance at the London Palladium.

Pat Boone's "Love Letters in the Sand" on the London label is Italy's best selling American record.

In the 1958 Festival of Song at San Remo, Italy finished up with "Nel Blu Dipinto di Blu" as the top song. It is published by Curci. It has been bought for other territories by the Robbins firms.

The Mills Brothers, now on Dot Label, look as tho they'll have a hit with their waxing "Get a Job" (London release) over here.

English Decca has signed Dianne Todd. The gal looks and sounds like Dianna Durbin used to, and may well climb the ladder of fame. Her first waxing is a honey.

Paul Anka has another winner in "You Are My Destiny" and his visit to this country in March is bound to help his already big sales over here.

Conkling Heads New Warner Record Firm

JAMES CONKLING

BURBANK, CALIF. — Warner Bros. Pictures, Inc., will enter the electronics field through the formation of a wholly owned subsidiary for world-wide development and distribution of electronics equipment, it was announced last week by Jack L. Warner, president.

James B. Conkling, former president of Columbia Records, has been named president of the new Warner Bros. subsidiary, which will begin its activities with the recording and distribution of phonograph records, Warner stated. Conkling's appointment is effective immediately.

A substantial investment will be made by Warner Bros. in forming the new company, which will develop, in addition to a phonograph records business, a variety of products in the field of sound electronics. Warner Bros. long has been associated with the development of sound equipment and is well known as the first motion picture company to produce and distribute sound and "talking" pictures.

The decision to form the new subsidiary followed an exhaustive survey of the electronics and recording field and its potentialities, Warner said.

Conkling will make his headquarters at the Warner Bros. studios in Burbank, Calif., and will establish another office for the subsidiary at the Warner Bros. executive offices in New York. The 42-year-old chief executive of the Warner Bros. subsidiary was a vice-president and director of the Columbia Broadcasting System, a vice-president of Capitol Records and president of the Record Industry Association.

Other Warner Bros. diversified activities include: Warner Bros. TV, producer of "Maverick," "Cheyenne," "Sugarfoot," "Colt 45," and other television programs; Music Publishers Holding Corporation, which controls a group of leading music-publishing firms and holds approximately 50,000 copyrights; WBTB Commercial and Industrial Films, which creates and produces filmed commercials and motion pictures for industry, and Warner Bros. Pictures International Corp., which operates the firm's business outside the United States and Canada.

LLOYD PRICE returns to the winners circle with a tender ballad, "To Love And Be Loved". It is in the current slow-tempo-with-strong backbeat vein and you'll only have to listen to a few bars to hear cash registers ringing.

STELLA JOHNSON is a discovery of Lloyd Price's who excited a lot of music tradesters in New York when he brought her to their attention. She comes on strong as a tornado in "Yeah Baby," a fast-beat rocker, and then turns on some sizzling heat in "Please Tell Me So."

Victor Sets Four Tapes For March

NEW YORK—RCA Victor will issue four stereo tapes for the month of March, it was announced last week. The four include: "Let's Dance With the Three Suns" (\$6.95); "Walter Schumann Presents the Voices" (\$6.95); "Prez," featuring Perez Prado's Orchestra (\$6.95); and "High-lights from 'Raintree County'" from the original sound track recording (\$10.95).

Livingston's New Stereo Tape Catalog

CALDWELL, N. J.—Entering its fifth year in stereophonic music, Livingston Audio Products Corporation last week announced the release of its 1958 Stereophonic Tape Catalog, containing over ninety stereo titles in the fields of classical, semi-classical, jazz, popular and folk music, as well as one hundred fifty monaural titles.

Highlighting the new twenty-eight page catalog—one of the largest in the stereo field—are a specially designed cover and a new "easy-to-read" format. Other features include a complete listing of all artists and selections on each stereo tape and a special listing by catalog number of all stereophonic and monaural tapes. Individual sections are also devoted to tape accessories and sampler and test tapes.

Copies of the new catalog, which will be available February 15th, may be obtained at local tape dealers or by writing: Livingston Audio Products Corporation, Box 202, Caldwell, New Jersey.

ITD Develops Quality Control System; Plans To Market 33/4 ips. Tapes In Future

HOLLYWOOD—International Tape Duplicators of Hollywood, known to the trade as ITD, has developed a "unique quality control system," according to Chief Engineer, John Hall. Equipped with the Ampex "Model C" high-speed duplicator, ITD has been boosting quality of Omegatape and Tops Tape releases.

In addition to high-speed tape duplication, ITD has complete stereo location recording equipment and facilities for stereo tape editing, mastering, and over-dubbing.

In addition to regular production for Tops and Omega, ITD engineer, John Hall, states that considerable experimentation with 3 3/4 ips. stereo is under way. A special recorder of Hall's own design is able to make 3 3/4 ips. master tapes having a frequency response of 50 to 10,000 cps. Omegatape's president, Dave Hubert, claims that marketing the new speed is "definitely scheduled for the near future."

Rack Mfr. Aims Sales At Dealers

NEW YORK—Leslie Creations, Lafayette Hill, Pa., mail-order firm and manufacturer of an extensive line of phonograph record storage racks for the home, has announced it is now soliciting inquiries from retailers in all 48 states and possessions.

The company which, heretofore, had limited sales directly to the consumer through mail-order channels, has been testing, during the past eighteen months, the possibility of establishing a nationwide dealer network. Results of the tests made among only those retailers who had written for the line as a result of the firm's national mail-order advertising, have been extremely profitable for both dealer and manufacturer, according to an announcement from John J. Leslie, Jr., company president.

The firm now numbers six different style wrought iron storage racks in its line, for all record sizes, retailing from \$4.95 to \$24.95. Some of the designs hold a table-model hi-fi set on top, and hundreds of record albums in compartments below. One of the racks has been of particular interest to retailers in the testing areas since it is a browser type with casters (shown above—\$19.95), it is used as a store fixture which wheels around to busy selling spots for special record promotions.

Cooper Named Ad Mgr. And Chief Engineer of Livingston Audio

Executive Vice-President Arthur T. Cooper, Livingston Audio Products Corporation has announced the appointment of John H. Smith, Jr., to the position of Advertising Manager and John White to that of Chief Engineer.

White has been associated with Livingston as an engineering consultant since 1955. Mr. Smith, who will also be in charge of packaging and sales promotion, was formerly a member of the creative department of McCann-Erickson, Inc.

RCA Victor Plans Gigantic "South Pacific" Campaign

NEW YORK—The greatest advertising and promotion campaign ever to back a single album is being planned by RCA Victor for its March release of the movie sound track album of "South Pacific". George Parkhill, manager of pop promotion for Victor, revealed that "South Pacific" will be the only pop album issued during the month and that a \$250,000 campaign designed to create 300,000,000 consumer exposures will accompany the album's release. In preparation for the demand which Victor expects this drive to create, 500,000 albums are being pressed in the initial order. The album will be available in 5 different

packages: a \$4.98 regular album; a \$6.98 deluxe album; a 3 pocket EP; a single EP; and a stereo tape. Consumer advertising will include, for the first time in the history of the record business, a full page four color ad in Life devoted to only one album. In addition there will be full page ads in Schwann, This Month's Records, Long Player and newspapers throughout the country including The New York Times. Half page ads will appear in The New Yorker, Esquire, Holiday, Time, Hi-Fidelity, Hi Fi Music, Woman's Day, Saturday Eve-

ning Post and Playbill. Trade advertising will include double page ads in *The Cash Box*, Record and Sound Retailing, The Billboard, Variety and Hollywood Reporter. Ad mats in 600, 280 and 140 line sizes will be made available for local advertising.

Television and radio will also play an important part in the campaign with a total of 28,000,000 people due to be exposed to the "South Pacific" message through the Eddie Fisher TV Show, the George Gobel TV Show and NBC's Monitor, Night Line and Band Stand.

Another feature of the promotion will be a contest for disk jockeys. The first prize will be an all expense trip for two to Hawaii. Runner ups will win a color TV set, portable TV sets, portable radios, etc. Disk jockeys entering the contest will make as many words as possible out of the letters in "RCA Victor South Pacific". Then, using the words made from the phrase, they will tell in a sentence or more what they think of "South Pacific".

Disk jockeys will also be receiving a special disk jockey "Minute Man" pressing which will highlight selections from the album in 60 second cuts designed for easy programming.

In addition, Victor is joining forces with the United States Navy Recruiting Service to promote "South Pacific" and new enlistments. This phase of the campaign will include joint "South Pacific" and Navy window displays in stores throughout the country. RCA Victor streamers featuring the album "South Pacific" will be placed on Navy recruiting posters in 8,000 Class A and B post offices from coast to coast. In Chicago, the Navy will stage an enlistment drive to form a special "South Pacific" company. Moreover Victor will send albums to all U.S. Navy Hospitals in the world and all capitol ships now in service.

Another tie-in will be a special "South Pacific" display in 385 theaters in the Magna Theater chain. Also Oscar Hammerstein and Mitzi Gaynor, one of the stars of the movie, will tour 10 major cities during the special "South Pacific" week, making TV, radio, department store and theater appearances.

Point of sale material will include a 4 color prepack shipping carton which opens up to a dealer display containing 25 LPs and 6 EPs; a 3 dimensional 8 color window display; a mounted easel-backed reproduction of the Life ad; and a special merchandiser for super market display which stand 5 feet high and shows 4 LPs one on top of another.

To launch this campaign, a total of 6000 LPs will be given away free by RCA Victor to its entire list of buyers and reviewers and disk jockeys.

The Rodgers and Hammerstein movie stars Rossano Brazzi, Mitzi Gaynor and John Kerr. Giorgio Tozzi sings the part of Emile de Becque.

BEWARE OF MISLEADING ADVERTISING

A supplier's advertising states that their diamond styli are "perfect for your phonographs."

THIS IS NOT TRUE!
The supplier's styli are generally badly formed and roughly chiselled, as the above unretouched photo proves.

RECOTON diamond styli are hand-polished, mirror-smooth to assure customer satisfaction, good will and higher profit. And—remember that **NOBODY SELLS FOR LESS!**

 AMP-3 Master "Wishing
 For Your Love"**

CHICAGO—Art Talmadge, vice-president of Mercury Records, last week announced that the Mercury label had purchased the much sought after master on the AMP-3 label, "Wishing For Your Love" by the Voxpoppers.

During the past two weeks a number of record companies had been in the race to acquire the master. Last week, Talmadge flew into New York and consummated an agreement for the master with Bill Lasley of AMP-3 at a reported advance of \$10,000. The record is already beginning to break in a number of territories and Talmadge expects to ship more than 100,000 copies of the disk early next week.

At the same time Talmadge made another agreement with Lasley to

distribute all future AMP-3 releases thru the Mercury distribution set up. Although the Voxpoppers' "Wishing For Your Love" will be under the Mercury banner from now on, future AMP-3 pressings will bear the AMP-3 label.

AMP-3's future plans include the production of a complete album and jazz line in addition to the regular release of singles.

Upon concluding the agreement with AMP-3, Talmadge stated, "We have great hopes for the new association between Mercury and AMP-3. The Voxpoppers' release could develop into one of the biggest Mercury records of 1958. As soon as our distributors learned that we had purchased the master, their orders began pouring in and are continuing to do so every day. Mercury will give the release an all out push thruout the entire nation."

**Sid Mills Expands
 On Int'l Level**

NEW YORK—Sid Mills, prexy of the Diana and Sidney Music Publishing Companies, is expanding his operation on an international level.

Last week Mills announced that he had recently completed an agreement with Reg Connelly, Ltd., of England to handle Continental publishing of all material in the Diana and Sidney firms. Mills also stated that Connelly has already set five important European recordings of a Diana tune called "One Blade Of Grass."

Mills also announced a deal he recently consummated with Davis and Company of Australia to represent Mills' firms in Australia and New Zealand. And he is currently examining offers for South American representation.

Mills' other expansion moves include the formation of the Diana Record Company. But Mills wants it made clear that this new record venture is solely for the production of masters which he intends to sell or lease to established labels.

In the personal management department of Mills' enterprises, Sid has signed a p.m. contract with vocalist Helen Carr.

ANDY WILLIAMS SINGS RODGERS & HAMMERSTEIN
Cadence CLP-3005 (1-12" LP)

"ANDY WILLIAMS SINGS RODGERS AND HAMMERSTEIN" — Cadence CLP-3005 (1-12" LP)

Williams' follow up to his recent offering "Andy Williams" finds the songster tastefully reading the songs of the two noted songwriters. Good work by the Alvy West crew. Rodgers and Hammerstein's popular love songs, "Some Enchanted Evening", "People Will Say We're In Love", "Younger Than Springtime", "Hello Young Lovers", etc., are done with the artist's usual charming delivery. Solid jockey item.

MARDI GRAS TIME WITH THE PHENOMENAL DUKES OF DIXIELAND
Audio Fidelity AFLP-18862 (1-12" LP)

"MARDI GRAS TIME WITH THE PHENOMENAL DUKES OF DIXIELAND"—Audio Fidelity AFLP-18862 (1-12" LP)

The waxing is the sixth volume of the series, all of which have been very big sellers for the diskery. Performing in true Dixie tradition, the musicians wax tunes with a Mardi Gras theme. Running through the tunes with occasional vocals the team delivers the happiest of stylings. "Do You Know What It Means", "At The Mardi Gras", and "New Orleans" are among the items rendered. Should sell as well as the first five volumes.

MARIO LANZA, SEVEN HILLS OF ROME
RCA Victor LM-2211 (1-12" LP)

"SEVEN HILLS OF ROME"—Original Soundtrack Recording—RCA Victor LM-2211 (1-12" LP)

The waxing is a showcase for the magnificent vocals of Mario Lanza. The dynamic tenor distributes his rangy delivery liberally throughout the set. The score for the up and coming flick was fashioned in Rome, Italy. Side two of the set features one of the tunes from "Raintree County", dubbed "Never Till Now". Of the many soundtrack recordings, this issue stands out as one of the really enjoyable sessions.

ERROLL GARNER, SOLILOQUY
Columbia CL-1060 (1-12" LP)

"SOLILOQUY"—Erroll Garner—Columbia CL-1060 (1-12" LP)

The ever popular pianist spins his keyboard magic beautifully in this collection of solo readings. The disk, a follow up to Garner's set with Mitch Miller, "Other Voices", features the artist with six goodies. One of the standout selections on the platter is one of the Garner originals, the title tune "Soliloquy". Should receive the artist's typical high sales treatment.

A MAN AIN'T SUPPOSED TO CRY
Joe Williams

"A MAN AIN'T SUPPOSED TO CRY"—Joe Williams—Roulette R-52005 (1-12" LP)

Williams, noted blues singer with the Count Basie band, sings the songs in the set without the Count on this entry. The vocalist does have a splendid accompaniment, however, in the impressive string back drop of the Jimmy Mundy orchestra. Williams lends his heartfelt stylings to "I'll Never Smile Again", "A Man Ain't Supposed To Cry", "What Will I Tell My Heart", "I'm Through With Love", etc. Could be a big seller.

PEYTON PLACE
RCA Victor LOC-1042 (1-12" LP)

"PEYTON PLACE"—Original Soundtrack recording—RCA Victor LOC-1042 (1-12" LP)

The soundtrack from the much talked about book and motion picture was written by Franz Waxman. Waxman, who penned tracks for such standout flicks as "A Place In The Sun" and "Sunset Boulevard", also leads the orchestra through the stirring reading. The Jerry Wald production has a beautiful score. The pressing should receive an additional sales push from the popularity of the movie.

ART MOONEY AND HIS ALL STARS, HI-FI DIXIELAND
M-G-M E-3616 (1-12" LP)

"HI-FI DIXIELAND"—Art Mooney and his All Stars—M-G-M E-3616 (1-12" LP)

Mooney, who has one of the versions of the single hit tunes, "March From The River Kwai", jumps through 12 items in true Dixieland tradition. The Mooney All Stars take the listener through happy arrangements of "Sweet Georgia Brown", "Dixieland Rock", "Battle Hymn Of The Republic", "South Rampart Street Parade", and eight others. Well done Dixieland instrumentals. Swinging deck.

"HITS FROM HOLLYWOOD"—The Four Aces, Orchestra directed by Jack Pleis—Decca DL-8693 (1-12" LP)

The Four Aces once again blend their vocal chords in a most harmonious manner. The group, with Al Alberts as featured singer, lends its delicate stylings to a dozen hits from Hollywood. The tender readings include "Love Is A Many Splendored Thing", "Written On The Wind", "Three Coins In The Fountain", and "Around The World". Jack Pleis leads the orchestra through the smoothest of backings. Could be big.

"STAN WOLOWIC AND THE POLKA CHIPS"—ABC Paramount ABC-215 (1-12" LP)

The disk is a follow up to group's last two sets, "It's Polka Time", Vol. 1 and 2, both big sellers. The Polka Chips are a group most capable of portraying the buoyant polka melodies. Some of the happy items are "Bride And Groom Polka", "Jolly-Jolly Lumberjack", "Jo Anne Polka", "Lady With The Dark Eyes", and "Clarinet Polka". Sounds like another big seller for the musicians.

"THE FOUR COINS IN SHANGRI-LA"—Epic LN-3445 (1-12" LP)

The Four Coins make their initial effort in the album field. Included in the set is the group's best selling single, "Shangri-la", and eleven others. The popular songsters have in a short time become one of the top pop singing groups, and a listen to the platter will tell why. The artists display their smoothly blended delivery while tagging "Manhattan Serenade", "You're Breaking My Heart", "Maybe" and others. Nice jockey item.

"SHOWCASE"—Ted Heath and his Music—London LL-1737 (1-12" LP)

The pressing could turn out to be one of Heath's biggest to date. The brassy crew turn in precision sharp readings throughout. Heath and company take the listener through an adventure in top notch arrangements. Some of the excitors are "Oriental Holiday", "Canadian Sunset", "Bernie's Tune", and "Baby Doll", from the flick of the same name. Assured a good reception.

"HANS BRINKER OR THE SILVER SKATES" the original cast of the NBC-TV "Hallmark Hall Of Fame"—Dot DLP-9001 (1-12" LP)

The issue is sung by the original cast of the recent NBC-TV Spectacular. Featured in the cast are Tab Hunter (Hans) and Peggy King (Rikki). The score for the production was fashioned by Hugh Martin, and the orchestra is conducted by Irwin Kostal and Fred Katz, who also did the arranging. Jarmila Novotna, internationally known opera star turns in an outstanding performance as Hans' mother. Delightfully melodic offering.

"STEPPING OUT"—Lurlean Hunter with Phil Moore and his Orchestra—Vik LX-1116 (1-12" LP)

The thrush makes her third LP outing with a nicely varied set of goodies. Miss Hunter has a convincing versatile delivery that offers a musical compliment to the selections. Aiding the talented artist is the orchestra, or one of two instrumental combos conducted by Phil Moore. One of the combos is a Latin oriented group while the other is jazz inspired. Stand out is "Easy To Love".

"LA ZAMBRA"—Fernando Sirvent, guitar, Goyo Reyes, Bailarin, Domingo Alvarado, Cantor—Audio Fidelity AFLP-1848 (1-12" LP)

The exciting music of Spain is stirringly interpreted by Sirvent's expressive guitar. The guitarist offers a striking accompaniment to Domingo Alvarado's singing and Goyo Reyes' Flamenco dancing. Together the trio runs through nine vivid sessions in the colorful Spanish tradition. The diskery's true high fidelity reproduction brings brilliant highlights to the colorful music.

Album Reviews

"GOIN' TO CHICAGO"—Jimmy Rushing and Band—Vanguard VRS-8518 (1-12" LP)

The ex-Count Basie vocalist runs through seven feelingful blues items. Rushing, along with his band offers some of the tunes he sang years ago, such as "Boogie Woogie", "Good Morning Blues", "Sent For You Yesterday", and "Goin' To Chicago". Backing the blues singer are such jazz mainstays as drummer Jo Jones and pianist Sam Price. Rushing offers a beautiful collection of blues vocals.

"WINIFRED ATWELL PLAYS FIFTY ALL-TIME HITS"—London LL1779 (1-12" LP)

The talented Miss displays her keyboard artistry on fifty durable melodies. With the help of a rhythm section behind her, the pianist runs through the selections in a series of medleys. Some of the tunes receiving the stylings are "Long Ago And Far Away", "It Might As Well Be Spring", "My Heart Belongs To Daddy", and "How High The Moon". Refreshing look at the familiar items. Slick ivory sessions.

"THE DELTA RHYTHM BOYS"—Elektra 138 (1-12" LP)

The vocal quartet runs through some mighty enjoyable tunes on the platter. The Delta Rhythm Boys have a clean straightforward delivery that offers the listener a refreshing look at the tunes tagged. The group, experts in musical communication, offer inventive versions of "S'Wonderful," "Blue Skies," "Something I Dreamed Last Night," "There'll Be Some Changes Made," etc. Extremely palatable sessions.

"MAMBO HAPPY" — Perez Prado and his Orchestra—Camden CAL-409 (1-12" LP)

The pre-released RCA Victor material receives socko readings from the Perez Prado crew. Prado, one of the most avid interpreters of the mambo sound, sails through twelve infectuous readings complete with chants from the musicians. Some of the very danceable items include "Memoria A Chano," "Go Go Mambo," "Broadway Mambo," and "Syncopated Clock Mambo." The low priced (\$1.98) disk will certainly get its share of sales.

JAZZ

"DIAL JJ5"—the J. J. Johnson Quintet—Columbia CL-1084 (1-12" LP)

The J. J. Johnson group offers a number of smooth harmonic readings. Johnson, one of the top jazz trombonists, leads his quintet through some hard swingers ("Tea Pot," "Bird Song"), as well as displaying his moving balladry with some slow items ("Love Is Here To Stay," "In A Little Provincial Town"). Johnson's colorful, witty trombone work is capably assisted by another member of the group, Bobby Kasper, who plays sax, flute, and clarinet. Okay platter.

"LIFE IS A MANY SPLENDORED GIG"—The Herb Pomroy Orchestra—Roulette R-52001 (1-12" LP)

The waxing is the Pomroy orchestra's first LP. The crew is a delightfully swinging unit that should catch on quick in the jazz circles. Pomroy, the trumpeting leader, takes his musicians through ten stirring deliveries, that bring to the listener the tunes "Wolafunts Lament," "Theme For Terry," "Big Man," and "No One Will Room With Me," a Pomroy original. The entry should catch on big with the jazz set.

"JAZZ AND THE SOUND OF NATURE"—Yusef Lateef—Savoy MG-12120 (1-12" LP)

Lateef offers one of the most unusual jazz disks in a long time. The musicians are sporting, in addition to their regular instruments, a lot of seldom heard of equipment (Chinese Gong, Earth Board, Indian reed whistle, etc.). With the exception of "I've Got It Bad And That Ain't Good" and "Song Of Delilah," the tunes are all original material. Readings aimed at followers of oriental type jazz.

"THE JAZZ ACCORDION"—The Angelo DiPippo Quartet—Apollo LP-478 (1-12" LP)

The accordionist makes his LP debut with a much neglected instrument in the jazz field. DiPippo successfully obtains the basic jazz approach as he presents "April Showers," "All The Things You Are," "I Wish I Were In Love Again," "Lover Man," and four others. Rounding out the quartet are Sam Most (flute), Ted Sommer (drums), and Vinnie Burk (bass). Convincingly presented readings.

"A NIGHT AT THE VILLAGE VANGUARD"—Sonny Rollins—Blue Note 1581 (1-12" LP)

Rollins, one of the most influential tenor sax men around, lends his lyrical approach to six selections with the help of a trio consisting of himself, bassist Wilbur Ware, and drummer Elvin Jones. One of the tunes, "Softly As In A Morning Sunrise," in which Ware and Jones have a lot to say is one of the stand out issues, as is "Sonnymoon For Two," an original penned by Rollins. Top jazz addition.

CLASSICAL

PROKOFIEFF: Romeo and Juliet—Charles Munch conducting the Boston Symphony Orchestra—RCA Victor LM-2110 (1-12" LP)

The romantic ballet is warmly interpreted by the well known Boston Symphony musicians. Munch's presence always assures an excellent program, which is just what the waxing offers. Together the interpreters take the popular piece through the smoothest of readings. The excerpts are attractively contained in a book-like cover that describes them.

BEETHOVEN: Piano Concerto No. 4—Emil Gilels—Leopold Ludwig conducting the Philharmonia Orchestra—Angel 35511 (1-12" LP)

Emil Gilels once again displays his piano artistry. The difficult Beethoven composition receives top flight portrayals by the sensitive musician. The attractive orchestra setting from the Philharmonia crew and Ludwig offers an effective backing. The pianist has an LP to be reckoned with. Outstanding.

"MUSIC FOR STRINGS"—Leopold Stokowski conducting his Symphony Orchestra—Capitol PAO-8415 (1-12" LP)

The brilliant conductor leads his orchestra through ideal readings. The able Stokowski musicians offer their renditions of Borodin's lyrical "Nocturne," Rachmaninoff's "Vocalise," Paganini's "Moto Perpetuo," and three others. Beautiful phrasing by the rich sounding string crew. The pressing is contained in the now familiar book type cover with notes on the inner leaf.

PROKOFIEV: Love For Three Oranges Suite—Scythian Suite—Antal Dorati conducting The London Symphony Orchestra—Mercury MG-50157 (1-12" LP)

The package features the outstanding orchestra conducting of Antal Dorati. The capable conductor directs the London Symphony crew through praiseworthy treatments of the two pieces. "The Three Oranges Suite," the brilliant composer's melodic large scale orchestral work, is treated to a beautiful reading by the ork. The other composition, "Scythian Suite," is also undertaken with authority.

RIAA To Certify Gold Record Awards

NEW YORK—The Record Industry Association of America, Inc., has developed a system for certifying 1,000,000 sales Gold Record Awards, according to an announcement by John W. Griffin, Executive Secretary of the group.

In response to requests received from many segments of the record industry the Board of Directors of the Record Industry Association of America has arranged to provide facilities to confirm the sales attainment of any record which has been nominated as the basis for a Gold Record Award to a recording artist.

In order to determine the eligibility of a recording artist for a proposed Gold Record Award, RIAA will arrange to have the sales record of the manufacturer concerned audited by a firm of certified public accountants, and in the event that it is found that the record has achieved one million sales a certificate attesting to that fact will be issued by the accountants.

Awards will continue to be made by individual manufacturers as at present, but Awards attested to by RIAA may bear the seal of the Association and a legend stating that the Award has been officially approved by RIAA.

Attestation for a record may be requested by any record company which is eligible for membership in RIAA, even though the company applying may not at the time be a member of RIAA.

Although attestation is freely offered to all companies, the use of this facility may be accepted or not as individual companies elect, and it is presumed that some Gold Record Awards will continue to be made without RIAA attestation.

In the event that the audit discloses that the sales attainment of the record nominated has reached a minimum of one million copies within the framework of the criteria established by RIAA, then the record manufacturer making the application will be authorized to publicize this fact and, if he so desires, to impress upon the Gold Record the seal of the Association and the legend stating that the

Award has been officially approved by RIAA. Also both the record manufacturer and the artist concerned will each receive from RIAA a suitably inscribed plaque relating to the Award.

The Association has concluded arrangements with the firm of Prager and Fenton, certified public accountants, to conduct the audit necessary to confirm the sales attainment of any record nominated. This firm is also regularly employed by Harry Fox to audit the sales and royalty accounts of individual record manufacturers.

A fee of \$350 will be charged by RIAA for each record for which attestation of sales is requested. This fee must accompany the formal application and is not refundable, even though it should develop the record is not eligible for a Gold Record Award.

The following are the criteria established by the Association to determine the eligibility of a record to support a Gold Record Award:

- 1: Only a so-called "single" record shall be nominated and a "single" record is defined as that which is so described in ordinary trade parlance in use as of January 1, 1958
- 2: Only single records actually pressed or fabricated within the continental limits of the United States shall count towards the total of one million sales.
- 3: Only records offered for sale in the United States, its territories or its possessions, shall be included in the required minimum sales attainment.
- 4: A minimum sales of one million records need not be achieved within any defined period. When any record has reached the sale of one million copies the company selling that record may make application even though the period covered may extend over a period of several years.

Although the present system of Awards is concerned only with single records the Association is studying a similar plan of Awards for sales attainments of albums.

MGM To Issue "Recorded Portraits"

NEW YORK—Arnold Maxin, president of MGM Records, announced last week that the series of "Recorded Portraits" of some of the world's outstanding personalities in conversation with Arnold Michaelis, will be released on the MGM label.

The first two albums scheduled for immediate release are the "Recorded Portraits" of Eleanor Roosevelt and Rodgers & Hammerstein. Michaelis, a veteran producer and director in radio and television, recently switched to the art of recorded conversation when he was commissioned to record a conversation with conductor Bruno Walter. The immediate success of the Walter record led to a similar venture with Adai Stevenson. The Eleanor Roosevelt and Rodgers and Hammerstein conversations quickly followed.

According to President Maxin, "MGM is promoting this series of Recorded Portraits because we believe it has a broad sales potential. Critics across the nation are unanimous in praising Michaelis' unique and brilliant talents in capturing the ideas and the personalities of the great men and women of our time. We are proud to make available to the public this new and exciting concept in records."

Joe Martin Named V. P. and Merchandising Director of Somerset

SWARTHMORE, PA.—Joe Martin has been named Vice-President and Merchandising Director of Somerset Records, it was announced last week by Dave Miller, President of the record manufacturing company. Martin, a veteran of 15 years in the record industry, will have general executive duties in sales, advertising, promotion and merchandising.

Martin resigned as General Manager of the Record Division of the N. W. Moody Corporation to assume his new post with Somerset. The N. W. Moody Corporation is one of the oldest and largest service wholesalers of health and beauty aids, records and books. Moody clients include such chains as The Great Atlantic & Pacific Tea Company, The Grand Union Company, King Kullen and S. H. Kress.

Prior to joining Moody, Martin had been director of the eastern division and special markets sales manager for Mercury Records, advertising and sales promotion manager for London Records, music-radio editor of the Billboard and promotion manager for the Record Industry Association of America.

Other sales and merchandising appointments made by Miller include Jules Malamud as Eastern Sales Manager, Wally Hill as Western Sales Manager, and Bill Gobey as Central Sales Manager.

Prior to the naming of a new national Sales Manager, Miller and George Phillips, Somerset's Executive Vice-President, had shared the sales and merchandising responsibilities. "However," said Miller, "a very heavy recording program and the expansion of manufacturing facilities along with tripling sales volume in the last six months required additional top level personnel to carry out our present program and develop new sales and merchandising techniques."

Part of the expansion program is the installation of 16 new record presses at the Swarthmore, Pa. plant. When the installation is completed shortly, capacity of the plant will be 450,000 records per month. "In addition," said Miller, "Somerset will need to continue the use of outside contract presses to fill orders."

The Somerset line of 12-inch long play records has reached 57 different titles. In addition 9 new titles will be added to the line next month and 6 new titles each month thereafter.

The records retail at \$1.98 each, while the line of Somerset 7-inch extended play records retails at 79 cents each. Somerset is currently in the process of fair trading the line.

Distributors Approve Roulette's "Blueprint For Profit"

NEW YORK—Joe Kolsky, Roulette's executive vice-president, currently out on an extensive tour of Roulette's distributors, reports that the distributors' reaction to the label's "Blueprint For Profit" sales plan has been tremendous.

He stated, "The sales plan was based upon set quotas which we assigned to the distributors, and although the plan has been in effect only since February 1st and still has some 28 days to go, many of the distributors have gone well over their quotas. At this rate, we feel certain, that every Roulette distributor will go over his quota".

Kolsky is expected back at his desk around the first week in March.

Decca Buys Tiara Master

NEW YORK—Decca Records has purchased and released under its own label, the recording by the Shirelles of "I Met Him On A Sunday" and "I Want You To Be My Boyfriend." The Shirelles, composed of four teenage girls, originally recorded the sides for the Tiara label, from whom the purchase was made.

Imperial To Expand Foreign Distribution

BEVERLY HILLS, CAL. — Following on the heels of the denial that Columbia Pictures had purchased Imperial Records, label prexy Lew Chudd announced plans to expand his foreign distribution in Denmark, Italy, Spain, and Portugal.

Chudd is negotiating with manufacturers and distributors for the first time in Spain and Portugal for distribution. Heretofore, dealers in these countries bought the Imperial line by mail order or from distributors in France and Italy. Heavy demand for Fats Domino, Ricky Nelson, and Slim Whitman spurred Chudd's decision to enter these countries.

In Denmark and Italy, where Imperial is already distributed, Chudd will furnish firms more masters per month for release. Up until now he has given them less than France, Germany, and England, who release all Imperial sides that are released in this country, so that more time and promotion could be spent on each record. This has proved extremely successful, but now Chudd feels the two countries are capable of handling Imperial's entire line.

On all foreign deals made from now on, Chudd will insist on Imperial's own label, rather than present deals whereby Imperial is distributed on foreign labels under different names.

"I feel that the line is strong enough to sell under its own name," says Chudd, "and that such a move will tighten sales and promotion policies between our foreign and domestic operations."

Chudd plans to spend the whole month of May abroad working on his foreign distribution. Most of the time will be spent in Europe, though he plans a swing through South Africa to expand distribution there as well.

RIAA Adopts Magnetic Tape Standards

NEW YORK — Following recent promulgation of Frequency Response Standards as well as Dimensional Standards for various types of disk phonograph records, the Board of Directors of the Record Industry Association of America, Inc. at a meeting held on February 7, 1958 approved a report of its Engineering Committee relating to Frequency Response Standards for 7½" magnetic tape.

William S. Bachman, Chairman of the Engineering Committee, issued the following statement:

"At the request of members of our Committee the Ampex Corporation prepared twelve identical Frequency Response Tapes of the type ordinarily used in engineering laboratories. One of these tapes was circulated among all the members of our Committee for the purpose of securing independent laboratory measurements. It developed that all of the engineers examining the tape reported that the characteristics of this tape were almost identical with those in current use. Consequently, the Frequency Response Characteristics shown by this group of tapes was unanimously recommended as standard for the industry. All of these tapes have been placed in the custody of the Executive Secretary of RIAA, and have been deposited in a temperature controlled vault where they will be retained for reference purposes."

Bachman stated further that RIAA will offer no objection to any manufacturer of commercial tape identifying his product as complying with RIAA Standards so long as it shows the same Frequency Response Characteristics as the standard tapes now held by the Association.

Engineers desiring to acquaint themselves with the RIAA approved standards for 7½" magnetic tape can do so by measuring the test tape manufactured by Ampex, or any other test tape with identical characteristics.

The Winners

PHILADELPHIA—Dick Clark (left), MC of the American Bandstand TV program originating in Philadelphia, presides at presentation ceremonies in which two AMI 200-selecton juke boxes were awarded winners of his recent contest. Here Dick Clark looks on as winners Robert Clayton and Justine Carrelli receive formal notification of their good fortune from David Rosen (right), AMI distributor in the Philadelphia area.

Golden Crest Looks For "Miss Boom Chick"

NEW YORK — Clark Galehouse, president of Golden Crest Records, announced last week that he is launching a national contest to find "Miss Boom Chick". Deejays are asked to submit photographs of girls who would like to pose for the front cover of the next Joe Dixon album. Dixon's current LP "Boom Chick" has just been released on Golden Crest.

The girl chosen, in addition to being used on the front cover of the next Joe Dixon LP, will receive a prize of one hundred dollars as will the disk jockey who "sponsors" her. Disk jockeys may sponsor as many girls as they want to. Photographs will not be returned.

The contest is limited to the United States and deejays are asked to put their names and stations on the photographs as well as the name and address of the girl submitted.

All pictures must be sent to Dick Gersh, 200 West 57th Street, New York 19. Contest closes on May 1st and deejays are asked to submit their entries as soon as possible.

Joe Dixon, Clark Galehouse, Joe Cal Cagno and Dick Gersh will be judges.

Nominate Academy Songs

HOLLYWOOD — Nominations for the thirtieth annual Academy Awards were announced last week by the Academy of Motion Picture Arts and Sciences.

For the best song first used in an eligible picture, the five nominees are:

"All The Way" published by Maraville Music (ASCAP) and written by Cahn and Van Heusen—from the film "The Joker Is Wild".

"An Affair To Remember" published by Leo Feist Music (ASCAP) and written by Warren, Adamson and McCarey—from the film of the same name.

"April Love" published by Leo Feist (ASCAP) and written by Fain and Webster—from the film of the same name.

"Tammy" published by Northern Music (ASCAP) and written by Livingston and Evans—from the film "Tammy and the Bachelor".

"Wild Is The Wind" published by Ross Jungnickel (ASCAP) and written by Washington and Tiomkin—from the film of the same name.

George Liberace & Paul Siegel Form Pubbery

NEW YORK—A new ASCAP publishing firm called Libsieg Music Publishers has just been formed by George Liberace and Paul Siegel with offices in Hollywood and New York. George Liberace is the well known conductor, arranger and composer who came to the national spotlight with his brother Lee. Siegel is a veteran of the music publishing business and represents a number of important foreign publishing firms in the U.S. in addition to owning the Symphony House pubbery in the States.

The first copyrights for Libsieg Music will be a German song by Heino Gaze with lyrics by Al Stillman as well as the first orchestral work by Al Hoffman and Dick Manning—a rhapsody for piano and orchestra titled "Up Above The World So High".

The new Libsieg enterprise will also include a new talent organization directed by Martin Greenholtz. Called ITA, the talent division will bring in from Europe foreign recording artists for TV appearances in the States and place American recording artists in tours for Europe.

Siegel leaves for Europe shortly to confer with his many European contacts.

Poplar Signs Artists

NEW YORK — Lou Krefitz, Poplar Records, this week announced the signing of the Voxpoppers to a recording contract.

The Voxpoppers are currently in the limelight with "Wishing For Your Love". The record broke originally on AMP 3 Records and was sold this week to Mercury Records.

Krefitz also announced the pacting of Billy Mitchell, one of the Clovers. The Clovers record for Atlantic Records and Mitchell will continue to function as one of the group. However, he will record for Poplar as a single.

"Horror" Disks Take Over

NEW YORK—Has the record business entered a new trend—the "Horror" phase?

Last week saw two entries in the Frankenstein-Dracula derby when Cameo Records launched its "Dinner With Drac" by John Zacherle. Zacherle is better known in the Philadelphia area as Roland, the fellow who comes on during the station breaks on the horror shows and gives with the sepulchral tones. It was an immediate hit and extended beyond Philadelphia into several other areas.

Later in the week Roulette Records announced the purchase of a master from Larry Uttal, publisher who also owns the Madison label, titled, "Screamin' Ball" (At Dracula Hall). Hugo Peretti says the disk was out only two days and local New York dealers reported many requests for the record. Peretti, half of Roulette's A & R team happened to be stuck in the snowstorm in Hazelton, Pa. when he heard reports of the Madison record. He contacted Uttal long-distance and closed the deal over the phone. "Screamin' Ball" was recorded by a new group, The Duponts.

Now that the die has been cast, hindsight makes it obvious that this was inevitable. Proven to be one of the greatest entertainment money-makers in moving pictures and currently enjoying top-flight ratings on television all over the country, it was certain that sooner or later someone had to hit upon the idea of a horror record.

Uttal, when questioned, denied that he had taken the idea from the Cameo recording. "It is a coincidence", he stated, "but one that is fairly natural when you consider the tremendous impact horror stories have had upon the teenagers. It is not unreasonable to assume that two writers would get the same idea on such a timely subject. We had been rehearsing the material for days, and actually cut the session on Thursday morning, February 13, before anyone in New York even knew of the "Dinner With Drac" recording. In fact it was a great disappointment to me when I learned of it that day. I've heard the Cameo record and it is no way similar to "Screamin' Ball".

The chances are we have not heard the last of this idea since it is usually the practice of recording companies to latch onto any new idea. We will probably see several more on the Dracula-Frankenstein-Cat Girl theme before the trend runs its course. In the meantime every night will be Halloween on radio.

Vanguard Into Singles Field

NEW YORK—After seven years of producing Vanguard LPs Manny Solomon and Seymore Solomon have entered the singles field. They started by presenting classical music of the 17th and 18th century by some of the outstanding performers throughout the world. A little later they entered the pop album market and hit the best selling charts with the "Weavers At Carnegie Hall". In the period of seven years they have developed into a leading independent in the album field.

The label's first two releases feature the Weavers singing "Take This Letter" b/w "Done Laid Around" and Candy Reed with "Give Me Love" b/w "Love, Oh, Love".

Design Announces Entry Into Single Field

NEW YORK—Design Records, the \$1.49 record album, the company has announced via its president, Cy Leslie, its entry into the singles record field.

For the initial 45 rpm release, Leslie is introducing a newcomer—a 19-year-old, named Jett Towers. Leslie stated that the single sides will be sold through the standard Design distributors.

February 24 is the date set for the introductory Towers record. On it, the vocalist will sing two of his own compositions. His rock 'n' roll efforts on the single sides are "Go Girl Go" and "Red Ruby Lips." The young singer wrote the lyrics for the tunes, which were composed by well-known songsmith, Ray Gilbert.

During subsequent weeks, Leslie will announce the coming individual records of his other artists.

Towers comes from the stable of Gabbe, Lutz, Heller and Loeb, the mentors of Liberace and Lawrence Welk.

Siders Exits Gale To Manage Monroe

NEW YORK—Tim Gale, president of the Gale booking agency, announced that Irving Siders had resigned from the firm to become singer Vaughan Monroe's road manager, and also to act as a talent scout for Barclay Records.

One of the top bookers in the business, Siders had been with the Gale organization for three years in an executive capacity. Gale, who expressed regret at Siders' leaving, said at the present time he has no plans to appoint anyone else to the vacated spot.

Decca Re-Issues Hampton Disks

NEW YORK—Lionel Hampton's much requested renditions of "Star Dust" and "The Man I Love," which the Hamp recorded in a 1947 concert appearance at the Civic Auditorium in Pasadena, Calif., are now being offered to the public once again after more than two years of being off the market. Decca is re-issuing the pieces in an album called "Just Jazz."

The numbers had been unavailable for the two-year period due to the difficulty in obtaining two more selections from the original concert so that it could be released on a 12-inch LP.

Gene Norman, who produced the recording, dug out of his archives two additional items from the concert which have been added to the "Just Jazz" LP. These include "One O'Clock Jump" and "Oh Lady Be Good."

The package features such names as Willie Smith, Charlie Shavers, Slim Stewart, Barney Kessel, Tommy Todd, Lee Young, Corky Corcoran and Jackie Mills.

Cadence Ups 45 Price

NEW YORK—Effective February 25th, the price of 45 rpm singles on the Cadence record label will be up to 98¢. About a month-and-a-half ago Cadence picked up the price of its 78's to \$1.15.

Peterson Joins Music Educators In Conference

NEW YORK—Oscar Peterson, who recently appeared with his trio at the Embers, took leave of his role of jazz pianist on Saturday afternoon, February 22, to join with some 100 music educators who gathered last weekend in Pittsfield, Massachusetts, for the Seventh Annual Conference of the National Guild of Community Music Schools in helping decide whether or not the jazz approach to music is a valid teaching method in music education.

Peterson, who is a member of the faculty of the School of Jazz which held its first session last August, discussed his own teaching methods in jazz and demonstrated at the piano his own approach to improvisation within the framework of a panel discussion which included Jule Foster, Dean of the School of Jazz; Marshall Brown, Director of the Farmingdale High School Band, who appeared in last summer's Newport Jazz Festival; Nicholas Slonimsky, pianist and musicologist; and Moshe Paranov, Director of the Julius Hartt College of Music, Hartford, Connecticut, as panelists.

This discussion is an outgrowth of the interest of the Pittsfield Community Music School in the program of the School of Jazz close by in Lenox, Massachusetts. Under the leadership of its founder, Mrs. Bruce Crane, the Pittsfield School which hosts this year's national conference of Community Music Schools, felt that the results achieved by faculty members of the School of Jazz reached far outside the realm of jazz and into the entire area of music education. The program of the Pittsfield Community Music School has set as its primary purposes: 1) to help its students fulfill a personal need for a creative outlet, and 2) to prepare its students to assume an influential role in the musical life of this country as performers, listeners, and patrons. Mrs. Crane has led the School in utilizing an ensemble-group approach to music which most nearly accomplishes these purposes. Realizing that the jazz approach offers still another means toward these purposes, Mrs. Crane persuaded the Pittsfield Community Music School to present the jazz issue to its national organization in its open session which is annually devoted to experimental and controversial problems as a major portion of the consideration of this year's conference.

The point of view of the panel which has chosen as its general subject, "What is a Liberal Education in Music," has been outlined by Foster who states, "The jazz approach in music closely approximates the methods and objectives which are fundamental to progressive programs of liberal education in such schools as Amherst and Bennington. The addition of the jazz approach to methods which are considered traditional in American music schools could mean a virtual rebirth of the ideals and methods of the 17th and 18th centuries since its guiding principles are apprenticeship and improvisation. The jazz approach in music, like the seminar method at Amherst, introduces the student to the kind of work which is done by the professional within the field. The student becomes a creator as well as the performer. The improvised performance is his goal. The jazz approach is a recognition of the great gap which exists between the young student of music and the young student as an individual. It seeks to allow the student to express himself musically by teaching him the grammar of music first, i.e., its form, its harmonic structures, its instrumental possibilities. The student, in short, is taught as a composer so that musical expression is his own expression, and through a functional knowledge of the basic tools of music which is fundamental to a comprehensive, critical appreciation of music at all levels, he becomes a creator, an improviser, the liberally educated musician."

"Only those records best suited for commercial use are reviewed by THE CASH BOX"

THE CLASSICS (Class 219)

B "IF ONLY THE SKY WAS A MIRROR" (2:38) [Recordo BMI—Stevenson, Maris, Gabriel] The Classics drift through a slow beat ballad effectively. Moody, swaying wax that the kids can moon to.

C+ "GOSH BUT THIS IS LOVE" (2:04) [Recordo BMI—Stevenson, Maris, Gabriel] The Classics bounce a quick beat jump with a zesty reading. The teeners will find this ok for the dance set.

TIM BROOKS (Corvet 1012)

B "TEACH ME" (2:27) [HMP BMI—Brooks] Brooks sings a slow beat pretty with an effective vocal. Pleasing, easy fashioning of a catchy melody. The stronger deck.

C+ "TEENAGE PROBLEMS" (2:11) [HMP BMI—Brooks] Tim Brooks takes the teenage problems, puts them to a tune, and delivers it to a middle beat bouncer. Easy, swingy effort that should meet with an ok reception.

THE FIVE DISCS (Emge 1004)

B+ "I REMEMBER" (2:03) [Shawn ASCAP—Joe Abarno] The Five Discs come up with a skipping quick beat bouncer and the result is a good, catchy teenage offering that could grab some action.

C+ "THE WORLD IS A BEAUTIFUL PLACE" (2:17) [Shawn ASCAP—Martin, Martin, Shore] The Five Discs turn in a tender reading of a slow beat melodic ballad. Easy, lightly swaying effort.

JIMMY KELLER (Web 1118)

C+ "PLEASE SING TO ME" (2:45) [Walter Earle BMI—Keller] Jimmy Keller sings a melodic item with an emotional performance. Tender offering that appeals.

C+ "THE FASTER THE BETTER" (2:08) [Walter Earle BMI—Keller] Keller sings a quick beat novelty for the coupler and it comes off a fair deck.

THE DUALS (Fury 1013)

B "WAIT UP BABY" (2:25) [Fire BMI—The Duals] The Duals knock out a fast beat jump with a hard hitting reading that comes off ok. The Duals swing out with enthusiasm and the etching contains an exciting quality.

B "FOR EVER AND EVER" (2:18) [Fire Music BMI—The Duals] The Duals chant a slow, rhythmic melody with a tricky reading that appeals. Tuneful side with that teenage beat.

THE VELVET KEYS (King 5109)

B "THE TRUTH ABOUT YOUTH" (2:43) [Jay & Cee BMI—Glover, Toombs] The Velvet Keys blend on a slow beat melodic item and come up with pleasant listening both in story and tune. It is another on the theme of youth—tender and timely.

B "DON'T TAKE MY PICTURE, TAKE ME" (2:41) [Time BMI—Heller, Shurr] The Velvet Keys turn in another tender performance of a slow beat pretty with a sentimental lyric. Easy, swingy and moving.

The Cash Box Award o' the Week

"IF YOU NEED SOME LOVIN'" (2:41)
[Planemar BMI—Brooks, Cadena]

"I'M IN THE MOOD" (2:31) [Planemar BMI—Brown, Cadena]
NAPPY BROWN (Savoy 1530)

● Nappy Brown is pretty potent on his newest, "If You Need Some Lovin'". A rhythmic middle beat bouncer, Brown handles it with his best selling delivery. Brown's vocal projection is backed with a solid ork reading and the result is a Brown offering that should make it big. Keep a close watch on it. The coupling, "I'm In The Mood", is a slow beat blues that Brown handles with great feeling. It is well done and should appeal to the southern markets. For the all-over national market we like "If You Need Some Lovin'."

"PEEK-A-BOO" (2:00) [Instant BMI—Williams, Burton, Mendelsohn]

"MY CONFESSION OF LOVE" (2:40)
[Men-Lo BMI—Elbert, Mendelsohn]

DONNIE ELBERT (DeLuxe 6161)

● Donnie Elbert looks real good on this quick beat bouncer, "Peek-A-Boo". The chanter sinks his teeth into an infectious novelty and his shouting is exciting and penetrating. Elbert could be launching his biggest to-date here. Keep your eyes on "Peek-A-Boo". The flip, "My Confession Of Love", is a tender slow beat love song, handled softly and engagingly. Easy on the ears—but we look to "Peek-A-Boo" to do it.

"BESIDE MY LOVE" (2:21) [Sea-Lark Ent. BMI—Johnson, Gardner]

"GONNA MAKE A CHANGE" (2:35)
[Real Gone BMI—Johnson, Blandon]

THE DUBS (Gone 5020)

● The Dubs offer a tender reading of the moving and lovely slow beat "Beside My Love" and come up with a winner. The Dubs lend much feeling and sincerity to their heartfelt treatment. This deck is loaded with the emotional appeal for the overall market. Keep close tabs on its progress. The flip, "Gonna Make A Change", is a quick beat bouncer with an exciting quality. Good change of pace for the young record buyer. For the big response we look to "Beside My Love" to create a storm.

"DANCE HONEY DANCE" (2:26) [Fire BMI—Raysor, Robinson]

"I-I-I LOVE YOU SO-SO-SO" [Fire BMI—Raysor, Robinson]

THE VELVETS (Fury 1012)

● The Velvets make their debut on the Fury label with what looks like a hit. The group has a very strong piece of teenage material and they deliver it with a peppery reading that gives it every chance. The Velvets handle the material, strengthened with an excellent arrangement, in great style and we think, with proper exposure, it could develop into a teenage best seller. The flip, "I-I-I (Love You So-So-So)", is a slow, rhythmic ballad offered in easy, swingy fashion. Good backer-upper, tho we look to "Dance Honey Dance" for the big action.

"BOOK OF LOVE" (2:41) [Arc-Keel BMI—Monotones]

"YOU NEVER LOVED ME" (2:38) [Arc-Keel BMI—Monotones]

THE MONOTONES (Argo 5290)

● The Monotones come up with a middle beat novelty in "Book Of Love" and the attention getting arrangement is no doubt the strong point of this waxing. The Monotones do a smart job on the vocal end, but the treatment is so odd it catches the ear immediately. Watch this deck—it could move all the way up. The flip, "You Never Loved Me", is a slow beat tender that The Monotones handle deftly. It is a pleasant two and one-half minutes, but we lean all the way to "Book Of Love".

"OH WHAT A BABY" (2:22) [Figure BMI—Allen, Ezzo]

"HOWIE" (2:25) [Bess BMI—Sanchez, Ezzo]

THE TONETTES (Doe 101)

● Here's a new group on a new label that could spark itself into a strong seller. The Tonettes on Doe sing a scintillating quick beat jump that looks like money in the bank. The kids swing out the happy bouncer with a couple of attention attracting gimmicks that should get this deck started on exposure. One that definitely should get your attention. It could become big. The flip, "Howie", is a tender slow beat pretty fashioned in that mood. Watch "Oh What A Baby".

ANDRE WILLIAMS (Fortune 839)

B+ "DON'T TOUCH" (2:39) [Trianon BMI—Brown, Williams] Williams turns in a hard hitting, quick beat waxing on the flip. The strong deck. Williams swings out with good instrumental support. Exciting.

B "PASS THE BISCUITS PLEASE" (2:40) [Trianon BMI—Williams, Brown] Andre Williams, novelty singer from Detroit, handles a recitation type material against a rhythmic instrumental backing. Williams has his troubles getting hold of the biscuits. Should get a good reaction in the southern territories.

TOMMY RIDGLEY (Herald 513)

B+ "COME BACK BABY" (2:10) [Angel BMI—A. Tyler] Tommy Ridgley dishes up an intriguing item with a sprightly reading that should please the teeners. Good beat and arrangement. Deck bears close watching. It should stir up good action.

B "WONCHA GONE" (2:00) [Angel, Lowell BMI—J. Williams] Ridgley swings out with a quick beat hop and the result is a good coupler, with the stronger action expected to take place on "Come Back Baby".

BUDDY JOHNSON (Mercury 71262)

B+ "MINGLIN'" (3:04) [Sophisticate BMI] Buddy Johnson and his orchestra offer a slow beat blues with a brassy predominance that accentuates the mood. Moving, dim lights offering.

B "I WONDER WHERE OUR LOVE HAS GONE" (2:47) [Robbins ASCAP] Another slow beat blues, with an Eckstinish vocal to tell the story. Pretty waxing for the dreamy dancer.

THE SPUTNIKS (Class 2047)

B+ "JOHNNY'S LITTLE LAMB" (2:25) [Recordo BMI—Nathan, Vikki] The Sputnicks follow their recent hit, "Hey Maryann", with a quick beat bouncer novelty based on the nursery rhyme, and come up with a sprightly wax that fits the current teener's needs. Should pick up a nice sale.

B "WAIT A LITTLE WHILE" (2:35) [Recordo BMI—Nathan, Vikki] The Sputnicks bounce merrily on the flip, with a quick beat bouncer that moves. Good backer-upper.

OTIS WILLIAMS (DeLuxe 6160)

B+ "BABY-O" (2:12) [Mar-Kay BMI—Innis, Gore, Abner, Glover] Otis Williams comes up with a real strong side in quick beat "Baby-O". Deck is a merry jump with a love lyric that catches on quickly. Williams may have his long delayed hit here.

B "LET SOME LOVE IN YOUR HEART" (2:08) [Armo BMI—Danny Overbea] Williams and his Charms turn in a slow beat tender with a softy reading that pleases. Smooth coupling that enhances the selling power of the release.

R & B Ramblings

NEW YORK:

Hold your hats—it looks like we're off on another trend. This week excitement was started by Cameo on a disk titled, "Dinner With Drac". From what we hear, it looks like it is going to be a runaway novelty. It broke real fast in Philadelphia and is now spreading. Roulette entered the horror picture with the purchase of a master from Larry Uttal of Monument Music and Madison Records. This one is called "A Screamin' Ball (At Dracula Hall)". Roulette is treating this platter like it is already a million seller—giving it the number one rush treatment. Both are entirely different songs and stories, the only similarity being the "horror" theme. If both records move to the top and get concentrated airplay, every night will sound like Halloween. . . . Business continues to get better at Herald and Ember according to Doug Moody. Doug reports that in addition to that nation's best seller, "Get A Job" by the Silhouettes, they are getting good action on The Turbans' "Congratulations", the other side of "Wadda-Do", and Ronnie Pearson's "I

FRED PARIS

Dig That Girl The Most" is getting a good early reaction. There will be a new Lee Allen out almost immediately and the two titles are "Boppin' At The Hop" and "Strollin' With Mr. Lee". . . . Sol Rabinowitz says, "I've got another hit." Sol is talking about "Ricky Tick", Noble Watts' follow up to his hit, "Hard Times". Rabinowitz may have really started to move. He has an item by The Fidelities called "The Things I Love" that has broken in Cleveland and may be on its way. "And in addition to these," concludes Sol, "I just cut Marie Knight and we came up with two sides that are tremendous. I always knew Marie Knight was great but I never new 'how great' until now." . . . Is it true that Marvin Deane went 0 for 57 set shooting? . . . Randy Wood just picked up the master of Eddie Robbins, 16 year oldster, from Leo Rogers and Lee Silvers. Lee and Leo are the duo who made "Short Shorts" and sold it to ABC Paramount for that fabulous figure. The two sides of the new Dot acquisition are "Dear Parant" and "A Girl Like You". The Royal Teens, who are the artists on "Short Shorts", appeared on the Dick Clark premier Saturday TV show. The group flew down to Miami immediately after that for a one week personal appearance with an all star package. Silver and Rogers are also making the Miami trip to record the group for its next release. The Royal Teens will also make a one week appearance at the Kansas City Automobile Show the week of March 5. . . . Larry Dean, former Cincinnati and Detroit deejay, is now program director-deejay at KSAN-San Francisco, Calif. Dean calls San Francisco a swinging town with some of the best jockeys he has ever heard. Calls KSAN the number one r & b outlet according to the latest Pulse. KSAN is on the air from 5 am to 2 am and the staff includes "Jumpin' George," "Rockin' Lucky," "Ted Byrd," "John Hardy," and Dean. Dean is on the air from 7:00 to 7:30 am; 2 to 4 pm, and from 11:00 to 11:45 pm. . . . Don Robey, Duke-Peacock-Backbeat, back in Houston after an Eastern tour in which he took care of promotion, sales, a series of sessions, and the appointment of Dave Rolnick as eastern rep. Robey found the usual mile-high pile of letters and unattended chores on his desk and immediately began to work his way through them. Don is very happy these days since he has so many things going for him. "That's Alright" by Jr. Parker, "So Tough" by The Casuals, "Teach Me (How To Love You)" and "Bobby's Blues" by Bobby Blue Bland, and several new releases in which he has great faith. He is especially high on Tony "The Ace" Spade and his initial Backbeat release, "Life Is A Mystery" and "What's Gwyne On". . . . The Del Vikings are doing a personal appearance in

ROYAL TEENS

Detroit, February 17-19 to premier the opening of the picture they appear in, "The Big Beat". They are currently moving ahead in the sales department with "Voodoo Man" and "Can't Wait" on Mercury. . . . Dick Boone, Shaw Artists, has set two prom dates of some interest, both for May 16. The first puts Fats Domino on stage for Vanderbilt University's spring formal with a guarantee of \$5000. The second will net Bill Doggett and his group \$2500 for playing a high school graduation party for the banker's daughter in Victoria, Texas. . . . Special bulletin from Aladdin asking deejays to turn over Thurston Harris' "Do What You Did" and concentrate on the "I'm Asking Forgiveness" side. . . . Don Carter of Roulette Records is assuming a new role. He recently wrote a sequel to "Get A Job" and recorded it with the Heartbeats. The Roulette brass thinks so much of it they have moved The Heartbeats over to the Roulette label from Gee and are going all out on it. . . . Otis Williams out on DeLuxe this week with "Let Some Love In Your Heart" and "Baby-O". . . . We hear the Fred Paris and the Scarlets' "She's Gone (With The Wind)" and "The Voice" on Klik Records is getting a wonderful early reaction both from the public and the distributors. . . . Atlantic buzzing this week as it issues two on the KRC label and four on Atlantic. The two on KRC are Lloyd Price with "How Many Times" and "To Love and Be Loved"; Stella Johnson singing "Please Tell Me So" and "Yeah Baby". On Atlantic we have those greatgals Lavern Baker and Ruth Brown, The Clovers and Otis Blackwell. Lavern sings "Learning To Love" and "Substitute", Ruth sings "Book Of Lies" and "Just Too Much",

The Clovers offer "Wishing For Your Love", and "All About You"; and Otis Blackwell with "What A Coincidence" and "Turtle Dove". . . . Lou Krefitz, Popular Records, has pulled off a coup. He has signed the Vox-poppers to his Poplar label and is in a good position if "Wishing For Your Love" on Mercury lives up to the excitement now emanating from it. Lou has also signed Billy Mitchell, one of the current Clovers, Atlantic hit group. Mitchell will continue to sing with the Clovers, but will record as a single for Poplar. Krefitz has a good sized seller going for him now in "Mad Mad World" by Alan Jones. . . . "Billy's Heartache" by Bill Stewart on Okeh Records is finally being released this week after Okeh held it back about a month. At that time the disk was sent into us for review and we thought so highly of it we picked it. . . . Atlantic Records finds that its girl department is selling records for them. The diskery is shipping large orders on Betty Johnson's "Little Blue Man", the Tracey Twins' "Heartbreak Hill" and The Jaye Sisters' "Going To The River". . . . Atco fellas flipping because "Gee Golly" by The Coasters looks like "Searchin'" all over again. . . . King Bee Smith (KCOH-Houston, Texas) writes to tell us Sam Cook, The Silhouettes, The Dubs, Ernie Freeman, The Casuals, and The Drifters really rocked the city on February 17 with a one-nighter at the Municipal Auditorium. King Bee tells us his "Teen-Age Record Hop" is the talk of the town. At the last hop the thousands chose "If I Don't See You Again" by Ted Taylor and "Life Is A Mystery" by Tony Spade as tomorrow's hits. King Bee's personal pick of the week is Varetta Dillard's "Star of Fortune". His hit of the week is Ted Taylor's "If I Don't See You Again."

CHICAGO:

The Chess Diskery busy as a beehive what with Jimmy McCracklin's "The Walk" running to the top along side of Chuck Berry's "Sweet Little Sixteen and (Make With) "The Shake" by the Mark IV. Max Cooperstein is also very enthused about "Been So Long" by the Pastels and a newie "Book

Howard Bednoe says that a big one at All State is "Yes, My Darling" by Fats Domino on Imperial. . . . Stan Pat reports that Roulette came up with a big follow-up to "Get A Job" titled "I Found A Job" by the Heart Beats. Roulette switched this one from the Gee label because they believe it will go big pop-wise. . . . Jerry Ferber happily reports that Little Junior Parker's "That's All Right" on Duke is still all right, for United Distributors. . . . Boulevard Recording Studios keeps busy 12 hours in every day according to Hal & Eleanor Kaitchuk. In a letter to Lind, WTAQ deejay, Teeter said, "We will match any sum you raise in your drive and make a grant to one of the Chicago Cancer Research Projects approved by our committee."

Zenith Debuts With Ann Sothern Album

BEVERLY HILLS, CAL.—Actress Ann Sothern's initial vocal album venture, titled "Sothern Exposure," was released last week by Zenith Records. The album marks Tops Records' entrance into the dealer field, via the Zenith label, and is being handled by independent disk distributors throughout the country. It will retail for \$3.98.

A strong advertising and publicity push has been designed to launch the album, with Miss Sothern scheduled to make guest shots on four major TV shows to plug it. Strongest push will be given to "Another Year," a new tune penned by album's conductor-arranger Ian Bernard, and which is the only original of the thirteen songs in the LP.

Miss Sothern, no newcomer to the music field, started her show business career as a pianist and vocalist. She turned down scholarships to three conservatories in favor of pursuing an acting career. Besides her famous Maisie roles, she appeared in such musical films as "April Showers," "Nancy Goes to Rio," and the Academy Award winning comedy, "Letter to Three Wives."

Of the thirteen songs in the album, Miss Sothern introduced three in motion pictures. "The Last Time I Saw Paris" was first performed by her in "Lady Be Good"; "You'll Never Know" was in "Panama Hattie"; and "Let's Fall In Love" was first sung by her in the picture of the same name.

Here and There

NEW YORK — The more people there are to play equipment, the better off is the coin machine industry. The Metropolitan Life Insurance Company, rather than await the Government's 10 year census, takes its own every year. The 1957 population, according to Metropolitan is 172,800,000—up 3,010,000 from 1956. This is the second year in a row that population rose more than 3 million. Practically all of the national gain was in newborns, the number of births having exceeded deaths by 2,680,000. There were also 330,000 immigrants additional. New York State showed a gain—now totals some 16 million. New Jersey also gained, now about 5,695,000. Connecticut also up. The Pacific Coast, as previously, led all other regions with a gain of 3 per cent. California alone, since 1950, has added almost 3,600,000. Outside of the West, growth has been rapid in 4 states—Florida has gained more than 5 per cent a year since 1950; Delaware has averaged a 4.5 per cent annual gain; Maryland and Michigan have gained close to 3 per cent annually. A few States have moved backward—with Arkansas showing a loss of about 150,000 last year.

NEW YORK — With the possible exception of 5¢ coin machine operations, there are few uses for the nickel. Robert C. Ruark, well known columnist for the Scripps-Howard newspaper syndicate, and author of several best selling books, used his column space recently to write about the poor old nickel. "I can see no quarrel with Ike's idea of the five-cent stamp", comments Ruark, "if only for the reason it would bring the nickel back to common usage and perhaps restore a little of its badly tarnished dignity. I remember well when it had dignity and strength in the market." Ruark even thinks very little of our present dime. "... a dime would buy two hamburgers or a thick milkshake. But about all a dime will buy you today is a phone call."

DETROIT, MICH.—And you think you may have payroll problems? General Motors, this week, released information this past week showing it paid out in wages \$2,955,000,000 to an average of 588,160 people for its world-wide organization.

Can History Repeat Itself?

There is now a very definite and growing belief that the present recessive or sideways business movement, the so-called breather period after ten years of upward boom, can act to the advantage of all in the industry.

First, of course, it is necessary for operators to adjust their business methods. In this way they will be able to ride out this or any other adverse period effectively.

Operators must arrange for a more equitable share of the gross intake from all of their equipment on location regardless of 10¢ or even 2 for 25¢ play action.

There is no doubt that, if this sideways economic movement persists and, as some predict, results in more unemployment in '58, then the nation's ops want to be prepared to meet this condition.

Many in the industry feel certain that play action will be stimulated by the fact that, should unemployment continue and even increase, patronage in taverns, diners, restaurants, cigar stores and many other locations where workers meet, will zoom upward.

There are some who are of the belief that play action will be better during the daylight hours than at night. These men claim that TV will get the nighttime attention of those awaiting recall to their jobs.

They reason that these same workers will seek the companionship of their friends in their favorite meeting places during the daylight hours and that this

will bring about better play action during those hours.

Regardless of whether the daylight or evening hours prove most popular, the great majority are of the belief that play action is bound to pick up, and stay up.

Whatever will prove to be the final fact, it is stimulating to assume at this time that this recessive period gives promise of tremendously increased play action.

What operators now want are machines that will attract play. These machines, they say, should be so priced that they can be quickly amortized.

This, they claim, is their greatest necessity. All other things being equal, they state, and more play actually resulting during this period, they foresee a very fine year ahead, regardless of what may prove to be the case in any other industries.

Many now point back to the '30's with the statement:

"History can repeat itself."

Other industries, they remind, suffered terribly during those years yet, they point out, this industry enjoyed its very greatest growth.

It can happen all over again, in their collective opinion, provided the trade will have the kind of products which will give them the opportunity to take advantage of this present economic situation.

What do you think?

PHONO DISTRIBUTORS SEE BUSY YEAR

Many Plan Drives To Get Ops To Trade Old, Worn, Screechy, Scratchy, Tone-Dead, Ugly Clunkers Off Locations To Benefit Entire Industry

"We'll trade high and give best terms in our history to get ops to pull wornout phonos off locations," reports well known distributor

CHICAGO—Outstanding music distributors see a very busy year ahead of them as their new phonos click with the operators.

"This year," stated one well-known music distributor, "we are going to place the greater part of our energies on getting operators to trade in their wornout, scratched-up, ugly, tone-dead, clunkers for the brand new, beautiful, high-fidelity phonographs.

"We feel," this distributor added, "that this is the duty of everyone engaged in the automatic music business.

"The time has come when we must obtain better public relations and the one best way to do this," he believes, "is to get the new machines to replace the old, worn out, scratched-up, tone-dead, phonos that have been blocking off some very fine spots."

This distributor, and a great many others who also feel like he does, plan on offering extremely liberal trade-in values to the operators with such old machines on locations.

"What's more," this distributor promised, "I'm going to give the operators the greatest trade-in value they have ever received and, in addition, I'll give them the kind of terms that'll make it worthwhile for any operator to remove those old clunkers from his locations."

In short, the plan on the part of many of these distributors, is to trade high and make the payments so attractive and so easy that the operators who have clunkers on location will have to trade them in.

The Cash Box has crusaded for many years now, ever since the end of the war, urging operators to remove the wornout, tone-dead, ugly, scratched, marred and dirty phonographs—many still of prewar vintage—from locations.

As this publication has pointed out, by replacing with the beautiful new, high-fidelity automatic phonos of today, the operator is building good will with the people who patronize his locations.

This also means that he is bettering general public relations for himself and for everyone else in the industry.

Many operators have already tossed numbers of such old, prewar phonos into bonfires. Others are following suit regularly.

The hope is that the 75,000 to 100,000 old, wornout, screechy, scratchy, tone-dead phonos that are reported to still be on locations everywhere in the U. S., will be removed to a great extent this year by intensive efforts

of the nation's leading music distributors.

"I believe," reported a well-known phono distributor, "that if every one of us devotes himself to getting these old, wornout clunkers off locations, by giving the highest possible trade-ins, and making terms especially attractive, that the music business will be busier this year of 1958 than it ever has been before in all of its history."

Al Schlesinger Dies

POUGHKEEPSIE, N. Y.—The coin machine industry lost one of its finest people and one of its greatest boosters in the death of Al Schlesinger, who died in his home, 3180 N. Lake Shore Drive, Chicago, Illinois, on Tuesday, February 18. He was 58 years old.

Schlesinger was a great believer in public relations to bring the industry into the proper niche it deserves in the public's view. Even in his early days as an operator, he was a determined worker, alone and with organizations, in an effort to bring better understanding of the public to the coin machine industry. And he strove, just as hard to bring cohesion and cooperation among the people in the industry itself. When he was actively en-

Games Field Faces Boom

Introduction of Small Size, New Type Amusement Games at Lower Prices Keeps Factories Jumping To Fill Orders. Foresee Many Variations at Popular Prices Appearing Soon. Many Believe These Can Start New Boom

CHICAGO—There is a growing belief that the amusement games field can be entering into a new boom period as the new type, small-size amusements take over and continue to grow in popularity.

There are now three top factories producing smaller size games which are developments from the very large size bowlers.

Each of these three factories are busy trying to fill orders for their individual machines.

These factories are Williams Manufacturing; Bally Manufacturing, and Chicago Coin Machine.

In each case the smaller size games of these three factories clicked with the trade. They have started opera-

tions to higher averages in area after area around the country.

It now seems that other factories are planning variations on the theme of the amusements which these factories have produced.

These variations, coupled with the fact that the price is much more popular than for the much larger machines, has all the earmarks of starting off another boom for this business.

Just as happened in the '30's, when depression was at its height, with the present business recession crowding many spots with workers who are waiting recall to their jobs, the new and more popular amusements can act as the wedge to an entirely new amusements era for the automatic games field.

What's also highly important, the new games are strictly amusement types. There is believed to be no area where, with careful explanation and complete understanding, these games will not be allowed to operate.

This, too, is of very great importance to all in the amusements field for it tends to open many new locations where no games have been seen in a long time.

The games are priced at a point where, because of 10¢ play and more equitable commission arrangements, there is every opportunity for the ops to more quickly amortize the cost and enjoy a decent profit on their investments.

All this adds up to make this a new era for strictly amusement type games which are already starting to catch on in location after location nationwide.

Further variations on the present theme, along with completely original ideas, are sure to help spread this new amusement play action fever.

There is, then, according to many in the field, every possibility that these new type amusements can start a boom.

1958 Coin Mach. Div. Of UJA Organizing

NEW YORK—Plans are being organized here for the 1958 Coin Machine Division of the United Jewish Appeal.

The first organizational meeting will be held on Wednesday, February 26, at 6:30 P.M. at the Sheraton-Astor Hotel. Invitations have been mailed to all on last year's committee, but anyone connected with the coin machine industry here is invited to attend the above meeting.

Music Ops Assn. of Mass. Holds Meeting In Boston

Jack Mitnick, Guest Speaker, Urges Letter Writing Campaign To Congress To Upset Possibilities of ASCAP Taxation That Could Ruin Ops

JACK MITNICK

BOSTON, MASS.—Jack Mitnick, United Music Corporation, hit out at ASCAP in a talk before the members of the Music Operators Association of Massachusetts at the Commonwealth Country Club, February 5. "We must all unite to inform representatives in Congress and the people in regard to

this proposed legislation," he said. He advocated that each member of the MOAM send a letter to his respective Congressman and that each member enlist the aid of friends and acquaintances to bring "the whole story" to the attention of the law makers. Passage of the present legislation looks to "work great hardship" on music operators, he stated. "You must act now, your business is in desperate danger," Mitnick said. "You must rush your letters and wires immediately." He advised that each operator try to be responsible for around 100 letters or wires to each of the three Senators: Senator Joseph C. O'Mahoney (D., Wyo.), chairman of the Senate Judiciary Sub-Committee; Senator Alexander M. Wiley (R., Wis.), and Senator Olin D. Johnston (D., S. C.). He pointed to the "dangers that threaten." "Should S. 1870 become law," he declared, "you will be absolutely taxed out of business. This bill gives ASCAP, and similar organizations, private taxing powers. There is no fee, nor any limit to any fee, set in this bill. ASCAP could charge you

\$50 or \$500 per phono, per week, per month, per year or even per day, plus as many extras as they care to put on, so can other similar organizations," he pointed out.

"That's only part of what you are facing," he told the assemblage. He urged them to "drop everything and get right out and send those letters and wires." He told ops to get their wives, children and employes to help out in getting wires and letters from "everybody in the neighborhood," the "butcher, baker and the candlestick maker," location owners and patrons of phonos.

Mitnick's stirring talk was well received and President Dave Baker added several points to the guest speaker's remarks, reiterating the "great necessity of action now—not next week or next month or next year when it will be too late." Baker said, "If you don't get out and do this right away, things may be pretty rough for phono operators, and that's an understatement."

A discussion of 10¢ play was held and it was indicated that most Massachusetts ops are running between 40 and 60% dime play, which averages out to about 50% of locations on the dime. Cases were cited in which takes have been double and triple with the introduction of dime play, but other ops pointed out that some locations are showing firm resistance to the dime. It was agreed that certain neighborhoods will take time in advancing from the nickel to the dime despite all the good work that has already been done public relationswise. The consensus of opinion was, however, that ops must hold to the dime and not permit any slidebacks for the good of the industry.

The next meeting will be held at Steuben's Nitery in Boston, Ralph Lackey, secretary - treasurer, announced, and it will be a joint session of the op association and the ladies' auxiliary.

Atlantic - N. Y. Conn. Branch Holds Premier Show Of New Seeburg Line

HARTFORD, CONN. — Atlantic New York Corporation's Connecticut branch held its premier showing of the new line of Seeburg phonographs at its showrooms on Wednesday, February 12, and Mac Perlman reports that 90% of all Connecticut's operators were on hand.

"We cannot ever recall a new line of phonographs being accepted with

such enthusiasm by 100% of the operators as was manifested at this showing", commented Perlman. The showing, scheduled to take place between the hours of 10 A.M. to 7 P.M. had to be extended to 11 P.M. The extra hours were required to allow all the operators an opportunity to inspect the complete line of 160 and 200 selection phonographs in every detail.

Lunch, dinner and light refreshments were served during the entire showing. In addition to Perlman, on hand to greet the operators were Meyer Parkoff and John Stuparitz, who came in from New York, and Al Stellaccio and James Sisti.

Genco Manufacturing Steps Up "Gun Club" Production

AVRON GENSBURG

CHICAGO — Avron Gensburg of Genco Manufacturing, this city, ad-

vised this past week that the firm has had to step up production of its new "Gun Club" due to the continuously increasing orders which it has been receiving from all over this, and many other, countries.

"Frankly", Avron advised, "this was quite a surprise to us. Especially at this time.

"We didn't think that we would have to alter our production schedule due to the fact that we had set it at a point that matched what we had produced for our last gun.

"But", he continued, "from what our customers tell us this new 'Gun Club' is proving itself a greater product than anything we have yet manufactured in this category.

"Our foreign distributors also advise us that 'Gun Club' is 'the very best gun game Genco has yet produced'.

"All in all", Avron Gensburg added, "we have been forced into the great-

est production schedule we have ever enjoyed with any gun that we have manufactured.

"I personally attribute this", Avron concluded, "to the grand money-making power of our new 'Gun Club'."

GREAT BRITAIN GOSSIP

Bal-Ami has scooped the pool in Britain as far as television "plugs" for juke-boxes are concerned. AMI machines of different sizes now appear in all major spots on both BBC and commercial television, and are used for plugging juke-box records of the week, to the advantage of all concerned. . . . Although the big beat, skiffle, and ballads-with-a-beat are still dominating plays in British phonographs a curious trend has emerged in the last ten days. That is that many boxes, especially in Catholic areas are getting considerable plays on two records by a French priest who plays the guitar and sings deeply religious numbers. His name is Aimé Duval and he is the first man to prove in Britain that the teenagers still want religious material, if they understand it. . . . The decision of Bradford, Yorkshire, magistrates that a bubble gum machine containing plastic trinkets, mixed with the balls of gum, was a lottery, is to be challenged in the divisional court. The owner of the machine, Samuel Wheeldon, of Westfield Crescent, Yeadon, Nr. Leeds, who was given a conditional discharge on payment of 10 guineas costs, advises that he has applied for the magistrates to state a case. . . . Fred Bastow, a well known operator for several years at the Pleasure Park, Barry Island, died following a major operation. . . . An appeal by C. Wise, against the refusal of the Northam (North Devon) Urban District Council to permit the erection of coin-operated fun machines on land adjoining the slip-way at Westward Hoe has proved successful. Wise won his appeal to the Minister of Housing and Local Government.

Chicago Automatics has been demonstrating a German wall machine it is handling called "Ultra". This is electrically operated and has three drums displaying fruit symbols or numbers. It pays out on two-four-eight-ten. The makers claim that the machine definitely calls for skill on the part of the player. . . . New leather cases for Punch Ball machines are being put out by Morris Shefras. This firm also has a brand-new pay-out wall machine called "Extrawin," with a come-again feature in the shape of a rotor in the center of a playing field. . . . Phonograph operators from London, Doncaster, Colwyn Bay, the Isle of Wight, Birmingham, and Kent have been attending the first of a series of servicing courses and discussions inaugurated by Arthur Brown of the Llandudno HQ of Automaten Distributors Ltd., the firm which has the sole rights in Britain and the Commonwealth to the excellent Wiegandt "Tonmaster" and "Diplomat" phonographs. The course was supervised by the general manager, sales manager, technical chief, and foremen engineers of the company, and was voted a big success by all who attended. It is stated, incidentally, that the "Tonmaster" is the only complete wall juke-box, as far as is known, in the world. Previous boxes of this type featured separate speakers. So unique is the "Tonmaster" that buyers from America and Canada are becoming interested in its possibilities, it is reported. . . . Prices are dropping fast on 78 speed phonographs in Britain. This is happening to such an extent that operators are beginning to unload these boxes on the market as fast as they are able. . . . When A. D. Everson, proprietor of a coffee bar in High Street, Taunton, Somerset, applied for a music license last week the local justices said that he could provide background music, but not skiffle or rock 'n' roll. The police superintendent said there was danger of some forms of music leading to trouble. This unusual undertaking been given by Everson the license was granted.

At B and J Novelty, Covington, John A. Veith was doing double duty, what with John Reed out because of a cold. Veith was telling us what great location winners the 22 column cigarette vendors were. George Wohrley was out working until way into the night. . . . K. A. Cormney, Central Music and Vending, Richmond, reports that business in all of his offices (Richmond, Danville, Somerset, London and Lexington) has been on the upgrade. He expects to do even better all through 1958. Says his vending operation is great, having added coffee vendors last year, and will put out cold drink machines this summer. Says his music and games are also doing well. . . . In Frankfort, Charles Maynard also agrees that 1958 prospects look very good. . . . The Kirby boys in Bowling Green, say that their record store is thriving with a strong teenage business. . . . Herb Lowe and wife, Bowling Green, suffered a grievous blow when their first child, Vickie Lee, born on January 20, died on February 7. . . . Then at Southern Automatic Music, they were going through the same excitement at their own new AMI phonograph showing. Leo Weinberger was taking things in stride, but happy over the fact that orders were coming in fast. . . . Bill Adkins of Whiz, out on that one hard day of the week. . . . A. Hamilton Durning out and his wife unable to tell us where he was. Says she can't keep up with his whereabouts. Fred H. Copper talking vending. . . . H. N. Through The Coin Chute NEW ENGLAND NIBBLES

Big snow, with Boston getting 19.6 inches, has blanketed the region and slowed biz. However, distrib plants are operating via telephone to good effect. Shipments are delayed and there has been a general falloff due to the paralyzing of transportation by the severe storm of Sunday, Feb. 16. While ops were digging themselves out, Hub district plants were all displaying their new model phonos. All the shows and open house affairs in conjunction with the unveiling of the new juke boxes took place before the snows fell, so ops from the six N. E. states have had a chance to see each one of the new phono models. Redd Distributing Co. staged a Wurlitzer show at the Beaconsfield in Brookline; Trimount Automatic Sales Corp. ran their showing of the new Seeburg models at the Statler; Atlas Distributing unveiled the new AMI phonos at its Commonwealth Ave. plant for a two-day open house; and Associated Amusements played host to ops at its Rugg St. plant in Allston for the showing of the new Rock-Ola phonos.

At Associated Amusements (Rock-Ola), Ed Ravreby, vet coin distrib, reports staff very busy with orders for the new Rock-Ola "1465" model with 50¢ play and the new 120 phono. Ops have waxed very enthusiastic over the new models, he said, and outlook for phono biz is increasingly good in the New England states. Dick Mandell, gen. mgr., off on sales trip through Connecticut. . . . At Atlas Distributors (AMI), more than 300 ops came to town to look over the color engineered new AMI models. . . . At Trimount Automatic Sales Corp. (Seeburg), Marshal Caras, sales, back from New York trip where he was snowbound, caught in the storm, after seeing Broadway shows with Mrs. Caras. Nothing moving because of the storm here, but telephone operations taking over. Reports from the recently completed Seeburg showing indicated tremendous op interest and many ops were calling in booking orders this week. . . . At Redd Distributing (Wurlitzer), Bob Jones, sales mgr., reports demand for new Wurlitzer phonos is "fantastic" with phones ringing and ops demanding new phonos. Shipping problems encountered because of the storm here. Many of the ops in town dropped over to Redd's during last week and show rooms were busy with the crowds. Al Levine, Dave Shuman, sales, and Phil Nichols, service, off to Maine to prepare for the showing of the Wurlitzer phonos at the Augusta House, Augusta, Me. for the Pine Tree State ops on Wednesday, Feb. 19. The Lincoln St. plant reports it is "snowed under with orders for the new Wurlitzer phonos as well as snow"—telephones are jangling all day long here with ops calling in.

Ops in visiting distribs this week include Pete Slopchick, Springfield; Al Dolins, Hyannis; Dave Baker, Arlington; Ray Faini, Framingham; Ray Shea, Worcester; Peachy Cassanta, Milford; Dave Hammett, Hyannis; Harry Deshowitz, Chelsea; Phil Swartz, Brookline; Bob Rome, Boston; Connie Pocius, South Boston; Joe Assad, York Beach, Me.; Dave Gropman, Boston; Ralph Lackey, Milton; Ed Dicey, Caribou, Me.; Ed Ross, Boston; Arthur Sturgis, Jamaica Plain; George Campbell, Medford; Harry Grazzo, Quincy; George Chopelas, Malden; Don Foote, Randolph; Max Wallace, Newport, Vt.; Walter Stadnicki, Central Falls, R. Runyon Sales, N. Y. Gets Heavy Op Attendance At AMI Model "I" Show

NEW YORK — Despite the worst snow storm and cold spell in many years here, resulting in blocked, icy roads, a large number of operators visited Runyon Sales Company on Monday and Tuesday, February 17 and 18, to view the new AMI model "I" phonographs. Were the weather half-way decent, the attendance would have been easily two to three times what it was.

Barney Sugerman, assisted by his staff, greeted the visiting operators, some of whom traveled from Westchester and the mountains of New York State to see the new phonographs. On the sales floor for Runyon, in addition to Sugerman, were Perry Lowengrub, Irv Kempner, Morris Rood, Lou Wolberg, and Jack Prigoff. Sugerman expressed his satisfaction with the reaction of his guests. "We were extremely surprised with the turnout" stated Shugy. "We thought, for sure, the attendance would be mighty skimpy due to the almost impossible weather conditions. But our friends and customers showed up. And then the praise they heaped on the model 'I' made us very happy. Some of our friends who were unable to get to our showing phoned in that they would drop in during the next few days when the roads were more accessible."

Artie Daddis and Marty Blatt, re-

gional representative and field engineer respectively, were on hand, having flown in from Montreal.

Joe Rogers of the Clinton Trust Company, dropped in.

Among those operators at the showing whose names we were able to jot down were Irwin Richman, Mrs. Al Wolf, Dave Lowy, Bill Aaronson, Harold Kaufman, Harry Koeppel, Hymie Koeppel, Sheldon Simon, Donald McCann, Harold Morris, Al Maniacci, Soldier McGee, Murray Fishman, Mike Mulqueen, Henry Getzoff, Sam Lerner, Jim Sherry, Aaron Goldberg, Edward Goldberg, Murray Wollman, Ben Chicofsky, Irving Fenichel, Manny Feder, Irving Holtzman, Moe Smith, William Kaiser, Moe Bloom, Sid Fromchek, Dan Korman, Harold Monroe, Jack Carruthers, George Bernstein, Ben Diamond, Gertrude Browne, Davè Lutzker, Stanley Lutzker, John Connolly, John Connolly, Jr., Ted Biris, Toby Halpern, Nat Teller, Mike Salcaro, Al Trieber, Lester Smith, and Jack Wilson.

Sugerman, Daddis and Blatt then spent Wednesday, February 19, at the Newark, N.J. office, where Runyon showed the "I" to Jersey operators. At this office, assisting Sugerman and Abe Green, were Felix Fleischman, Gene Daddis, Wally Zuker, Harold Levine, Sid Gerber and Bob Kohn. The showing here continued thru Thursday, February 20, but Sugerman, Daddis and Blatt joined Irv Kempner, Morris Rood and Nat Gutkin at the Bond Hotel, Hartford, Conn., where the Connecticut operators dropped in to see the new phonographs.

Wisconsin Music Ops Discuss ASCAP Legislation And Dime Play

CLINTON S. PIERCE

MILWAUKEE, WIS.—A well attended meeting of the Wisconsin Mu-

sic Merchants Association was held at the Eagle's Club on Monday, February 10.

Clinton Pierce, president, made a complete and lengthy report on the work being accomplished by Music Operators of America on the copyright bill S.1870. After a long discussion among the membership, at which time many questions were answered, all agreed to go all out on a letter writing campaign. In addition, the members advised they would contact non-member operators, as well as location owners, patrons, civic and political figures, urging them to cooperate in sending wires and letters to members of the sub-committee of the Judiciary, protesting passage of Bill S.1870.

A suggestion that the organization hold a two-day week-end convention in late summer at a resort area was voted on favorably and a committee was appointed to make the arrangements. On the committee are Sam Hastings, Milwaukee; M. Borteyer, Green Bay; Dewey Wright, Wausau and E. G. Dowe, secretary of the association, from Beaver Dam. The committee will hold several meetings and decide upon the location and the date, as well as lay out a complete program.

There was a good report on the progress of dime play from all sections of the State, with Milwaukee far behind the balance of the State, altho operators here seem to be making a concerted effort to make the change 100%.

Burt Davidson, regional representative of The Wurlitzer Company was present, and urged all the operators to support all public relations efforts thru their State and National organizations.

Next meeting of the association will be held at Appleton some time in April, exact date to be determined later. Herb Tunnel will be in charge of arrangements.

Keep Sending Those Wires And Letters Opposing S.1870

NEW YORK—While the postponement of the hearing on the O'Mahoney Senate Bill S. 1870 until April 9, 10 and 11, gives the juke box industry the time needed to prepare its case properly, there shouldn't be the slightest let-up of members of the coin machine industry in its letter writing and wiring campaign to members of the sub-committee of the Judiciary, or to its own representatives in the Senate and House of Representatives.

The music machine industry suffered a series of unfortunate calamities since the original hearing dates were set—the death of MOA's attorney Sidney Levine; then the death of Chauncey Carter, the newly appointed attorney; and lastly, the illness of George A. Miller, president of MOA.

During this time, The Cash Box has pointed out the fact that the proponents of Bill S. 1870 ASCAP and other similar collection agencies, have inundated the Congress with letters and wires urging passage of the Bill. A similar letter-writing and wire campaign was suggested by The Cash Box, and since then individuals and associations thruout the nation have followed thru. However, the music machine industry cannot fall down on the job. Operators are warned that they must keep a continual stream of mail headed to Washington, D. C. If you haven't as yet sent in your protest, do so NOW. Address your mail to Senator Joseph C. O'Mahoney; Senator Alexander M. Wiley and Senator Olin D. Johnston.

Sale Of Coin Operated Equip't By Amer. Firms For Export Increasing With Each Passing Month

However, Foreign Buyers Are More Discriminating And Leaning More In Direction Of New And Late Equipment

NEW YORK — Altho it hardly seems possible, the sale of coin operated equipment by American manufacturers and wholesalers to firms

thruout the world keeps increasing with each succeeding month.

While products of other industries have shown slight decreases in export the past few months, coin operated machines keep flowing to Europe, South America, Asia, and all other continents.

However the foreign buyers have become more discriminating about the equipment they will accept. Of course, some buyers are still seeking older machines, but the majority, far and away, want only the best and latest type of reconditioned equipment.

In the last several years, brand new American machines have started to show up in quantity in many countries, with this trend even more obvious in the past year or so. Some American manufacturers have established factories in European countries, and appears that more will soon do so. The amusement machine division has been shipping large numbers of machines thruout the world recently, and rumor has it that some American manufacturers have been investigating the possibility of building factories in some countries in Europe.

Many European countries, whose operators have been placing American made machines on their locations for the past several years, are now in a position similar to the operator in the United States. He needs a variety of machines with different playing appeals. Therefore, in the past several months, a demand has arisen for shuffle games, bowling machines, etc., and American exporters have had to scurry around to buy up the equipment they need for export.

In several countries in Europe, import restrictions have been lightened somewhat for import from the United States, and trade deals have been arranged among European countries to allow for the importation of machines into these areas where few, if any, have been seen for years. This has given both the American shipper, both for new and reconditioned equipment, and the European nations the opportunity to sell machines to various countries where they were difficult to export previously.

With all this excitement and expectations of importers to still increase its outlets, many of the leaders of coin machine firms thruout the world have expressed their desire to attend the forthcoming meeting of the "International Coin Machine Export-Import Council", scheduled to be held in Chicago during the MOA meeting in May.

Hub Enterprises, Baltimore, Shows New AMI Model "I"

Test New Type Pinball

BALTIMORE, MD.—Sol Silverstein and Lou Wilner, The Hub Enterprises, Inc., this city, were pleasantly surprised by the large number of music operators who turned up for its showing of the new AMI model "I" phonographs on Saturday, February 15.

"Despite the terrible snow storm we had" recounted Silverstein, "which started at 11 A.M., and which by 5 P.M. made the roads treacherous and well nigh impassable, operators kept flocking into our quarters all day long, a number of them coming from out of town. We understand it took some of the Washington, D. C. operators four hours to make the forty mile trip home. We were very happy about the wonderful way the operators accepted the 'I' phonographs, and look for a big selling year."

Assisting Silverstein and Wilner greet the visitors were George Covellis, George Petts and Jerome Garonzik.

Altho many operators failed to sign the register, the following were noted on the showroom floors: Rufus Devane, Jerry Davis, William Pantages, William Angster, Sam Gensler, Henry Morgenstein, Tony Bruegger, Gabe Camhy, Irvin Goldner, David Powell, Jack Harding, Lew Robinson, Albert Kleiman, Mike Goodman, G. A. Muntain, Maurice Eisentstein, Sidney Davis, Nicholas Brous, Milton Hecker, A. Solomon, Pete Mongelli, Robert

Goldsmith, John Bukowsky, George J. Kortises, Harry Polsky, Max Eisenberg, Eddie Rudo, Eddie Zasa, Pete Rutkowski, Julius Zeitsoff, Phil Stein, Carles Missler, Earl Missler and Herbert Golombeck.

CHICAGO — Ralph Sheffield, general manager of Genco Manufacturing advised this past week that the firm is testing a new type five-ball pin game which, according to Sheffield, "was proving itself one of the most outstanding games we have ever placed on test locations".

Sheffield reported, "Even tho it will probably be some four or five weeks before we have our tests completed, this game has proved itself so sensa-

tional, as far as play action and intake are concerned, that we felt we could release advance information on it at this time.

"We don't yet know just when we will be ready with our first announcements on this new game.

"We can only state", he added, "that the game is one of the greatest to have ever come to our attention and is proving itself one of the finest money makers in all of our experience."

Seeburg Issues Booklet:

"What Every Music Op Should Know About EP Album Programming"

CHICAGO—In conjunction with the introduction of its new line of 1958 phonographs, The Seeburg Corporation, this city, has issued an eight-page booklet for the operators titled, "What every music operator should know about EP album programming." These booklets are available at all Seeburg distributors.

In the "foreword," Seeburg emphasizes the well-known objective of all progressive operators—"getting more people to play the same phonograph. Programming offers the music operator the greatest opportunity to increase income."

Having produced beautiful, as well as mechanically fine phonographs for years, Seeburg realizes the importance of this phase of manufacture. "But," it states, "in the final analysis, even the most gorgeous phono, with the most superb tone, has little appeal to music fans if it doesn't feature the music they like to hear."

"There is no doubt that the current Hit Tune record is the basic income producer in this business," Seeburg agrees. "A record that has an immediate and dramatic record of sales in music stores is most assuredly going to bring in equally dramatic income in a music machine. This is fundamental in this business and probably always will be."

"However, musical preferences vary. Some like hit tunes—and some like other kinds of music. Featuring different types of music so as to appeal to all the different musical tastes is what this industry calls 'programming.' We have published this booklet to attempt to throw additional light on the subject of profitable programming."

Seeburg poses several questions—and then answers them. The evolution of the record manufacturing in-

dustry is recorded, leading up to the EP record. It is pointed out that album music has made great strides in the past few years, with the public spending twice as much on albums today as it does on singles. "In order for an operator to cope with competition and the increased costs of doing business these days," states Seeburg, "it is necessary for him to operate his equipment at maximum earning capacity. To do this he must feature 'music for everyone'—singles and albums."

The booklet points out that with the recent price reduction the operator pays one-third more for EP album records than for singles, but gets twice as much music. With its "Dual Pricing" method, Seeburg states the operator is compensated for the additional time required to play album records because: "Single records are programmed at one price. EP album records (two tunes per side) are programmed at a proportionately higher price."

"Dual Pricing," concludes Seeburg, "is not an experiment. It is an established merchandising technique that makes it possible to realize." maximum earnings in every location."

Phono License Time In Britain Some Granted - Some Refused

This is the time of the year when phonograph licenses are granted or refused to operators in Britain by local magistrates. And in the 1958 crop of applications, many interesting points have emerged. It is clear in general that a more liberal attitude is being taken in most areas. However, mainly because of police objections, some important areas of population, notable among them the major seaport, Liverpool, are still virtually closed to operators.

Among the examples of successful and unsuccessful applications were these. At Herne Bay, Kent police said that complaints had been received from local residents of the noise created in cafes by teenagers. But the police supported C. H. J. Sarrington, who was making the application, because his machine in the local Elmstead Cafe was "toned down" enough not to create a nuisance.

At Leominster, Herts, a license for a phonograph was granted on condition that it was only played for six days per week. Milk bar proprietor E. Y. Dimarco accepted this arrangement, and gave an undertaking that no Welsh music would be programmed on the box. This was necessary because the police were concerned lest Welsh trippers should foregather on the location and break into loud spontaneous singing.

In the same town a license, applied for by H. L. Price of The Green Cafe, was refused. But he was told that he could apply again on March 6th after plans for alterations to the cafe would be available. For the magistrates, Lt. Col. Hill said: "If every cafe and public house had a juke box, the noise would be unbearable."

At Leeds, Yorkshire, the Chief Constable, A. J. Paterson, said: "The gradual infiltration of the juke box has created a problem. . . . It can cause excessive noise. . . . The whole question will be considered by the Watch Committee".

At Oxford, the great university center, the Chief Constable, C. G.

Burrows, told the licensing magistrates that supervision by licensees and the police was made more difficult by phonographs.

At Bideford, Devon, the Chairman of the Bench asked: "What does juke box mean?" He was invited to visit a location. He granted a license on condition that the phonograph was played in only one room at a time! The applicant was R. F. Baker of the Terminus Inn. An attempt by the licensee to reintroduce a phonograph at Taunton's (Somerset) historic Tudor House Tavern failed. The police chief said a box had been a previous source of trouble in the center of the town. A radiogram was permitted, however!

Mrs. Joan C. Hanks, of High Street, Bromyard, Herts, was granted a phonograph license on condition that the box was disconnected on Sundays.

Different licensing magistrates have different views as to how late in the evening phonographs should be played in music-conscious Wales.

In the Neath County area, all phonographs must stop playing at 9:30 P.M., but they can start again at 10:00 A.M. No playing on Sunday.

At Aberystwyth, they can play until 10 P.M. In this area hundreds of teenage customers have organized a petition to ask a police superintendent to join them in listening to local phonographs. They want later hours.

At the Todmorden Brewster Sessions two applications were refused, despite petitions bearing many hundreds of signatures.

And despite petitions from teenagers, permission has been refused for the installation of a phonograph in the grounds of the 12th Century Abbey at Kirkstall, Yorkshire. It was stated that objections had been lodged by religious and other bodies.

Rotherham cheerfully granted applications. Lincoln gave the thumbs-down.

The entire matter is being examined by the Phonograph Operators Association and Counsel may be briefed to represent operators.

Demand Increases For J. H. Keeney "Big Tent"

PAUL HUEBSCH

CHICAGO—"After six weeks of steady production", reported Paul Huebsch of J. H. Keeney & Company, Inc., this city, "we can advise that we are busier than ever producing more of our 'Big Tent' games."
Huebsch also added, "This is one game, 'Big Tent', that has taken hold slowly, but, as the weeks have gone by it has grown stronger and better on location."
"The operators have advised us that they can continue to use many more. "The result has been", he said, "that we have to actually increase our production schedules, instead of cutting down, and we are working harder now to meet the orders we already have, and those that we are receiving each day."
"This is one game", concluded Paul Huebsch, "that operators who have the locations will profit immensely and be assured of long life operation."

EASTERN FLASHES

New York suffered one of the worst snow blizzards and a spell of zero weather ever to hit the big town. The city was digging itself out for days. Operators expressed the opinion that their equipment wouldn't get too much action this week. However, despite the conditions, coinrow was loaded with operators, who in most instances came down to view the new line of AMI model "I" phonographs at Runyon Sales.

Barney (Shugy) Sugarman and his staff at Runyon Sales couldn't have gotten a worse break for the showing of the new AMI phonos on Monday and Tuesday, Feb. 17 and 18, than what took place—mountains of snow and unpassable roads. Regardless, the hardy operators and Shugy's many friends came in, some even from Westchester and the N.Y. mountain area. A surprisingly large number of operators visited Runyon, with others dropping in the latter part of the week. Assisting Shugy were Irv (Kempy) Kempner, Perry Lowengrub, Morris Rood, Lou Wolberg and Jack Prigoff. From the AMI factory were Artie Daddis and Marty Blatt. Daddis and Blatt, flew in from Montreal, where they had been attending the AMI showing of Laniel. They told some hair raising stories of their efforts to get to Montreal, and then to get back to N.Y. Shugy reports operators were quite enthusiastic over the new model, and the sales staff booked some very fine orders. . . . Al Simon and Al D'Inzi'lo, Albert Simon, Inc., look on highly pleased as ops try out ChiCoin's new "Rocket" alley, and show great excitement over the playing appeal. "We've really got it", smiles Simon. . . . Mike Munves and the missus Rose, take their first winter week-end ever at Lakewood, N.J., and get involved in the blizzard. Mike left his car at the Hotel, and came into the city in another one. Tells us that brother Joe Munves, at the Tampa, Fla., Fair, has been sending in some nice orders for arcade equipment. . . . When we dropped in on Harry and Hymie Koepfel, Koepfel Distributing, they were supervising the unloading of a number of late phonos from out-of-town. "We'll overhaul them and send them right out to our customers", said Harry.

Meyer Parkoff and Murray Kaye, Atlantic New York Corp., still busy showing visiting ops the new Seeburg line of phonos, and report many orders have been booked. A list of ops who visited Atlantic during the show follows (was too late to be used in the story which appeared in the Feb. 22 issue of The Cash Box): Al Maniaci, Charles Sacks, Sal Trella, George Bernstein, Ed Hohman, Dick Hohman, "Doc" Shapiro, Leo Rosenberg, Sol Rappaport, John Connolly, Allie Gassner, B. Bazin, Doc Swanson, Sam Beyer, Charles Morrell, Joe Bosolino, Al Denver, Bernie Boorstein, Pete Scagnetti, Nat Ofgang, William Boetz, Leonard Cappazella, Dave Lutzger, Harry Koster, Al Ferber, Tommy Greco, Ernie Linderman, Manny Feder, Irving Fenischel, Bill Dillon, Nick Tsunis, Walter Conde, Bill Suessens, Louis Desiderio, Ben Feinberg, Joe Co'a, Nick Tozza, John Benfari, Mac Pollay, Morty Lynn, Lenny Nathan, Jack Semel, Mike Mulqueen, Doc Heatherington, Anthony Zirpoli, Al Baberstein, Nick Franco, Ralph Elefante, Harold Kaufman, William Chase, Frank Cola, Ray Knoss, Lou Tartaglia, Pat O'Neil, Les Coleman, Sam Engelman, Abe Levine, Bob McAvoy, Joe Forsythe, Dick Diccio, She'don Simon, Archie Goldberg, Eddie Goldberg, Max Klein, James McCann, Carl Pavesi, Dave Chifkosal, Joe Diamond, Jerry Kunreuther, Vincent Cappazolla, Tony DeRenzo, Murray Fishman, Ben Gottlieb, Abe Bernstein, Morris Bernstein and Hy Jaffee. . . . Al Maniaci, suntanned, just back from Miami. Claims the weather wasn't as bad as New Yorkers led to believe. . . . Hank Peteet, Wurlitzer field engineer, spending the week at Sandy More Distributing. Came in from W. Va. and Pittsburgh. Expects to visit Baltimore and Phila. next week. Abe Lipsky, regardless of the snowed up roads, drove to New Haven on Monday, Feb. 17, to see some ops. . . . Capitol Projector Corp. announces it will hold a showing of the new Rock-Ola phonos at its showrooms on Fri., Feb. 28 and Sat., Mar. 1. Hosts will be Leo Willens, Sam Goldsmith, Ralph Hotkins, Al Blendow and Dave Lowy. Ed Ristau, from Rock-Ola, also expected to be present.

CHICAGO CHATTER

Everyone of the nation's coinmen should adopt the statement made by Senator Homer E. Capehart who spoke in Chicago this past week before the Nat'l Concrete Masonry Assn. He cheerily predicted definite upturn in the national economy. He took some sharp stabs at what he called "the gloom-chasers." He also said, "Despite those who want to talk us into a depression" the country is in good shape and employment is now on the way up. . . . The fact remains, as all know, that no operator has had to give up his car, his pleasures, his general way of life, nor has he found himself in such low economic circumstances where he has cut down on the things he's been doing for years. . . . Like Bally's Bill O'Donnell stated the other day, "We'd all be a lot better off if some certain few people would shut their big, fat mouths and stop talking." That, as this column agrees, is fact. Most of the gloom-chasers blow off lots of hot air with absolutely no facts behind what they're squawking about. . . . And that recalls an old, old editorial which appeared in The Cash Box head-

AL WARREN

lined, "Stop Squawking! Start Working!" Stop fearing fear. After six solid weeks of production, Keeney's Paul Huebsch very proudly advises, "Demand for our 'Big Tent' is increasing each week". . . . Sam Gensburg of Chicago Coin on to L. A. while Sam Wolberg returns from that same area. . . . Avron Gensburg and Ralph Sheffield holding down the fort at Genco while Al Warren speeds away on a short 3-day trip and then, this week, Al travels all the way to the west coast. Genco clicking with 'Gin Club' and, at the same time, promising something entirely new in pinballs. . . . John Haddock of AMI in town for a quick visit. . . . Roy McGinnis enjoying his golf so much down in Miami he may not return until late May. With the cool weather, golf's a pleasure. . . . Dixie Coin's Ed Holyfield of Noo Orleans (Ed's got that grits and honey voice) sends up item that appeared in the "New Orleans Times-Picayune" protesting ASCAP-sponsored Senate Bill 1807 by J. D. Henderson who is National Managing Director of the American Association of Small Business. Henderson's letter was addressed to Sen. O'Mahoney.

The growth of 'The Cash Box' "International Coin Machine Export-Import Council" is truly phenomenal. Here's what Secretary of Defense, Neil H. McElroy said this past week (Feb. 18) regarding foreign trade and its importance to this nation. "Foreign trade strengthens our own economy. It is essential to the economy of most other nations. If stable, strong allies are important to us, and we firmly believe they are, then international trade is important to us. It is just as important as any military agreements we have worked out. Military agreements alone will not maintain friendship between peoples and nations". . . . Jack Mitnick of United Music, discussing United's phono with some important distributors in his offices stated: "We're trying to keep the music operators in business profitably". . . . It's the 7th straight big production week over at Williams and Harry Williams, Sam Stern, Art Weinand, Sam Lewis, and everyone at the factory, looking ahead to seven more and maybe even still more. . . . All Bill Miller of Grand Rapids, Mich., tells those who call him and inquire about business conditions, "Everything's okay." (Only wish many, many others would adopt this same cheerful attitude).

Wico's Ed Ruber leaves for an extensive European trip on March 1. Ed advises that this is due to the large number of requests Wico have received from European coinmen for someone from the firm to come on over and stock them up with all kinds of parts and supplies. . . . Marvel Billiard's Charley Nicholas comes up with this statement, "The increased demand for slate top pool tables is very heartening to us". . . . Ben Coven advised everyone that the drawing for that Wurlitzer Electronic Piano (it's a honey) would take place on Friday. (Send in the name of the winner, Benny). . . . "When 'King Cotton's' hurt", reports Memphis' Parker Henderson, "then the whole Memphis area suffers". . . . Joe and Fred Kline and Sam Kolber have been busier than ever since orders for Chi Coin's 'Rocket Shuffle' started flooding into First. Bounced in this past week to see the following ops: Chi's Hy Polo and Joe Brenner, Lyle and Larry Frazier of Sterling and Jim Sudkamp of Champaign all talking "Rocket Shuffle". . . . Johnny Frantz complains, "I just can't keep a stock of scales on hand anymore. As fast as we can make them —out they go. We're being caught short all the time."

Talk about a busy factory! Drop in at Seeburg! C. T. (Mac) McKelvy and Tom Herrick and all the others scooting about from here to there in between long-distance phone calls, conferences, etc., etc. . . . Clayton Nemeroff flew in for the weekend and gave Ted Rubenstein some very heartening news re: Marvel's "Lucky Horoscope". In the meantime, Estel'e Bye home sick with the flu. Says Ted, "I'm without my right arm". . . . Talk about coverage: "Texas Phil" Weinberg in Dallas, Art Garvey in Philly, Tom Callaghan in San Juan, P.R., Bill O'Donnell in Chi. All booming the new Ballygames. . . . Hear that Johnny Michaels down with the flu and that Lou Dunis actually forced to work again. . . . Says Exhibit's Chet Gore, "I hate to repeat myself but, as far as we're concerned, it's cards, cards, cards". . . . Vince Shay believes that the rise of good business in the bowling games market "is a very good sign". He also adds, "After all, the coin machine business has been terrific for over ten straight years. But it's bound to grow greater. The demand is there."

World Wide's Joel Stern voices the opinion of everyone at this very busy, busy firm when he reports, "Our local business has jumped up tremendously." "And this," he continues, "in addition to the very great export business we're doing is just like good, old boom times, here at our firm, anyway". . . . One of the most elated of men here is Zeke Wolf of Auto-Bell. Zeke reports that h's domestic biz is holding up fine. "But", he says, "our export business has become absolutely great". . . . Empire's Bob Wiley, he manages the Detroit offices of the firm, reports that sales of new and used equip't rising steadily. Both Gil Kitt and Joe Robbins smiling

broadly at this statement and pointing to the many orders they are taking daily at Empire. Also advising that Freddie Minter and Jackie Burns now alternating on road trips for the firm and doing a very grand job. . . . Sincere condolences to Mrs. Leona Schlesinger on the passing of one of the sweetest, most progressive men in the industry, Al Schlesinger. Al died at his home here in Chicago, Tuesday, Feb. 18. He'll leave a very great void. Al was one of the hardest workers for better public relations to bring about closer understanding with the public for this industry. A hard blow for this business to have to take at this time.

"Man, oh, man", screams Bill DeSelm, "you can start tellin' 'em all about our sensation of sensations, 'Bonus Bowling Alley'. Tests have proved that this is, without the shadow of any kind of doubt, the greatest bowling game yet." Bill also reports there are two models, 13' and 16' with a 4' section that can be used for each. "And", he adds, "tell 'em the playboard rollovers are back by popular demand. They asked for 'Jumbo'. "Well," Bill concludes, "this is the answer". . . . Herb Oettinger, we hear, is taking up a collection to send Nick Porcellino to Las Vegas to enter him in the Nat'l Gin Rummy Championship Tournament. "It's possible", is all Herb would add to this. . . . Talking about how tough it is to get some pinball ops to tell why they're not on dime play, Alvin Gottlieb cracked, "At least from a stone wall you can get an echo". . . . All Ed Levin would say this past week, "What can I tell you? We're shipping a hit game. And shipping, and shipping, and shipping". . . . Johnny Casola on his way to San Francisco and then up to Portland and Seattle. "You'll be hearing from me", Johnny promises. . . . Happy to note so many of the music distributors out to move the old, worn, screechy, scratchy, tone-dead, vermin infested, ugly old clunkers off locations by trading high, wide and handsome and giving grand terms.

PHILA. FILBERTS

The worst snow storm in 36 years hit the Philadelphia area this past weekend, and everyone is still trying to dig themselves out. Secondary roads are impassable and auto traffic is at a virtual standstill due to the storm and then a spell of sub-zero weather. Visits to distributors and deliveries of equipment were slowed up considerably. . . . However, regardless of the almost impossible weather a goodly number of coinmen attended the showing of the new Seeburg phonos at Eastern Music on Tuesday, Wednesday and Thursday. Nat Solow reported well over 300 people attended during these three days. Refreshments and souvenirs were available. Marvin Stein and Bill Adair, unfortunately were unable to be on hand, both home bedded with the flu. Solow and Zaven Horsepian acted as hosts. Arnold Silverman was snowbound. Among the out-of-town operators noted were: Hi Pearl, Trenton, N. J.; Joe Friedman, Harrisburgh; John Workman, Chester; Mike Turizym, Allentown; Spurgen Weidner, Allentown; Bob Miller, Pottstown; Louis Cohen Atlantic City and Jules Weiss, Chester. . . . Abe Witsen, International Scott Crosse, called in from Indiana to advise he should be back in the office the latter part of the week. Mike Channick reported the new Rock-Ola phonos are receiving some very favorable comments from ops viewing them on the firm's showroom floors. Harry Witsen says he's still on the lookout for used shuffles for export. . . . Joe Ash, Active Amusement, advises he had to close down over the week-end due to the storm and absentism. And to top it all, their boiler broke down, leaving them without heat. Marty Brownstein hosted Ralph Bechtel in from Royersford. . . . Ralph Kuser sporting a brand new white Thunderbird. . . . Sal Groenteman, International Amusement, writes he is anxiously awaiting the arrival of Albert Polack. . . . Dave Rosen and Dave Weiss, David Rosen, tremendously excited over ChiCoin's "Rocket" alley, and report that operators are sharing their enthusiasm. Joe Wasserman still out ill—the second week. Harry Rosen still in Florida. . . . Harry Ascola, Columbia Records, reports Johnnie Ray was at the Latin Casino last week. Frankie Laine opened at the same spot last Friday together with Eileen Rogers.

Op Tells Of His Activities On Dime Play And ASCAP Legislation

WEST FRANKFORT, ILL.—With the returns of the current Cash Box research into the advance of 10 cent play indicating that dime play has been accepted in a great portion of the country and more and more areas falling into line with each passing day, we hear from one of the more progressive operators in a 5¢ play section.

Says Eugene H. Cotter of West Frankfort, Illinois, "In regard to ten cent play. So far all efforts to convince my competition to change to ten cent play have failed. They use the excuse that this is a depressed area inasmuch as coal mining is a declining business. Most of my equipment is late model 100 record machines such as Seeburg JL and Seeburg L, although I do have some 200 record machines on 5¢ and 10¢ play, or dual play.

"For the past ten days I have mailed almost 100 letters for myself and my locations in regard to the Senate Bill 1870. I have sent letters to the three committee members as well as other members of the Senate Judiciary Committee.

"Your efforts to better the coin machine business are always appreciated by myself," concluded Cotter.

How To Use "THE CASH BOX PRICE LISTS"

[Also known as the "C. M. I. (Coin Machine Industry) BLUE BOOK"]

FOREWORD: Many times, wide differences appear in the quotation of high and low prices of certain equipment. Like any true reporter "The Cash Box Price Lists" can only feature the market prices as they are quoted. "The Cash Box Price Lists" act exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Cash Box Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quantity, and condition of equipment must be taken into consideration. (Some equipment offered by outstanding firms, having a reputation for shipping completely reconditioned machines, will be offered at higher prices than others, due to the added cost of reconditioning.) "The Cash Box Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Cash Box Price Lists" should be read as follows: First price listed is lowest price quoted for the week; Second price listed is highest price quoted.

FOREIGN BUYERS: To cover cost of packing, crating, shipping, etc., figure an additional \$20 to \$25 on Pin Games—and \$25 to \$30 on Phonographs.
