FMQB ALBUM REPORT

BILL HARD, Editor

Chain Reaction

There are no Hard Choices this week.

AC/DC, "FEBRUARY MARCH TO ROCK", ATLANTIC

As expected AC/DC is our #1 Most Added with 32. Had this not been a holiday week, we would have seen a challenge to the year's best (if the cars raked up several weeks ago). The result regard is that high. They are indeed the new Led Zeppelin—all hail the king of phunk rock!!!...Jim Leo, WJZZ: "GO-RILLA hits my 353! This one sucks first hand trial! In the early 1980s that we embellished Led Zep, the kids today look upon AC/DC with the same religious awe. Without a doubt this will probably be the biggest album of '82—and it hasn't even started yet!..."Barb Jupp, WQMG: "This one is sucking up rednecks immediately and the retailers are going to blow this sucker out airtight. Initial stocking in some stores has reached 500 and there is already a reorder on that!..."Art Skilling, WJZZ: "Will GO-RILLA still cause brain damage? Ear bleed? Bloodshot eyes? Back into your favorite hard, and give AC/DC the verifiable suckah award with the title track destined to the Mo-to Hall Of Fame. Evil!!..."Doug Rodell, WQRS: "AC/DC rules. Like a cannonball to the head, the new LP is hard, loud, and well produced the way we like it!..."Roberto Maher, WMLB: "AC/DC learned a big lesson with 'Back In Black'. Add a little spit and polish and you end up selling millions and millions of albums. The kids love rough, but they love it with smooth edges. This is just one balls-to-the-wall rock and roll album. Driving the actives crazy!..."And from The Smith, WLVJ: "Can anyone deny an album that shipped a million and a half? Stores were taking advance orders at reduced prices a week prior to release. It's #1 requested by a 2 to 1 margin!..."Outs: "The title, 'Put A Finger In It', 'L.O.D.' and 'Evil Walks'.

PINK FLOYD, "A COLLECTION OF OMICE HITS", COLUMBIA

#2 Most added with 41 reports thanks to a new longer recording of "Money" and a well thought out pink disc giveaway promotion from Columbia. You can't not play it.

JOAN JETT, "I LOVE ROCK AND ROLL", BURBANK

A very strong first week out for Joan: #3 Most Added with 34 stations, including: KSB-FM, WMR, WGN, WCMF, WNCN-FM, WDAE, and WLIH. Early leaders: "I Love Rock And Roll" and "Crimson And Clover"...Radio action! Longtime believer Ray White says, "Joan loves rock and roll and WLIH loves Joan Jett. This is the big one, gang. It debuted #1 here and 'Crimson And Clover' is John Mellencamp's Screamer Of The Week. Joan is no fragile pretty face out in front of a band. Rather she's a veteran guitar playing rocker who kicks ass!..."Iky Daniels, WJUP: "Record of the week: 'I Love Rock And Roll'. She does for real. Joan first impressed me back in the 1970s as having a real fan's conviction. She is one of those individuals who you know could not live without rock and roll!..."Liz Greiner, WQMG: "#1 in airplay this week. The production on the new album is perfect and selection of cover material is excellent!..."Steve Schantz, WPDH: "The new album is fantastic. From 'I Love Rock And Roll' to 'Crimson And Clover' the rock's harder than Denzler ever will!..."Bob Lindner, WJSH: "Joan Jett has definitely come up with a damn good album—her best so far."

HENRY PAUL SAND, "CASUALTY", ATLANTIC

19 more stations for Henry and #4 Most Added for a total of 47 in just two weeks. Last week's adds converted for a #22 Index debut (422 Metro). Average play is 5.7 emphatic and 2.1 daily plays...Comments: Mark Billinger, WPM: "The new album is more polished and more commercial than his last endeavor and destined to be a big album radio/omp crossover with songs like 'Living Without Your Love' and 'Keeping Our Love Alive'..."Ed Levine, WAGX: "Flying well as expected!..."Ray White, WLIH: "Henry's new album is a perfect complement to the live show and you couldn't meet a better guy!..."Liz Smith, WLVJ: "Henry has refined his act to give radio his best!..."Ben Nappi, WPKA: "Henry Paul is #22 in sales!..."Tom Nappi, WJSH: "Flying out of the stores as I expected. Also getting great phones." Tracks: "Keeping Our Love Alive" new at #30 and "Living Without Your Love" also new at #94.

BOB WELCH, RCA

"It's What You Don't Say" is now the major market fave, but "Two To Do" still leads the stats at #73 on the Song Index. Bob moves up a notch on the Buck Page 30+45 but caught fire in the top 30 markets 48-49. Increased play on: WYF, WQZZ, WJUL, and WJMA. Another very solid add week: WAF, KMBO, WIOT, WQZ, WBS, WJLJ, WLVJ and 4 more for #5 Most Added. Should grab an underline again next week. On the Checklist, 38 not played, a strong 15 considering, 8 dropping, 23 maintaining, and 5 building: WJON, WJLM, WIOT, WJLJ, and WLVJ.

CHAIN REACTION CONTINUED

EDCIE

Another very consistent performer. #7 Most Added with 11 stations including: KQRS, WLAV-FM, KPRI, KSHF, WPHI, WBCN, and WMAD, to bring us to a total of 40 stations in the last month. Leading: "No Return". We'll run a checklist next week for sales and request feedback.

BUILDEP*

MOLLY HATCHET, EPIC

Our highest debut on both charts; 14 Metro and 16 Index. #8 Most Added this week with 10; #1 Most Added for the past two weeks with 98. Average play is 3.4 plays per day and 6.0 emphasis. On the Top 100, debuts for "Bloody Reunion" 52; "Lady Luck" 59; "Respect Me" 69 and "Power Play" 72... WQDR's Ron Phillips doesn't hold back: "The album does nothing for me personally, but I'm not stupid enough not to expose it. We'll try 'Lady Luck' to start. The horns and piano provide a break from the old Hatchet formula"...WAQX's Ed Levine sez: "They're generating a lot of interest and the Stones opening this week in front of 80,000 people ain't hurting either."

ROD STEWART, WAPNER BROTHERS

A double debut on line week for Rod; up 21-16 Metro and 24-19 Back Page. Increased play on: WYSP, KOME, WBAB, WLVA, WMP, and WXL. Max: WQDR, WNEW-FM, WDHA, and WKQQ. Heavies also include: KMOD, WBRU, WQWK, WPHI, and WLIR...Songs: "Young Turks" 46-41 and "Tora, Tora, Tora" 64-43.

JOHN HALL, EMI

Out now for 8 weeks and still kicking ass--that's follow-through. John blows out in the top 30 markets 30-21 and also nets in Index underline, 31-26. New on: KSJO, WLRS, WMMS, WDIZ, and KFMX with a number of play increases including: KLOS, WIMZ, WPDH, KOME, WBCN, KSMB, and WRXL. On the Top 100, "Crazy" still moving up 22-16.

SNEAKER, HANDSHAKE

One of three Prime Movers on the Back Page not a debut, Sneaker moves 41-36. Also a Metro mauler, 50-41. Increased air on: KLBJ, KATT, WBRU, KWXL, WYSP, WRXL, and KSMB. "Don't Let Me In" is also on the move 37-24. If you're on the fence on Sneaker, just check out this week's Checklist. 1 dropping, 16 maintaining, and 2 building, including: WGRQ, WLRS, KQRS, KYYS, WYSP, WHCN, KLAQ, WBAB, KDKB, and WDIZ, and 24 not playing, and 9 considering. Overall one of the strongest performers on the list this week.

BRYAN ADAMS, A&M

There is a warm glow of accomplishment at A&M this week as the Go Go's go gold. Now Marko and the boys are getting primed for a repeat performance with Bryan Adams. They've been after the record since early August, and have had action on such heavies as KSHE, WYSP, WLVA, KOME, KZEW, KTXQ, WIOT, WQXM, WQFM, and KYYS. In late October the adds flattened out and Bryan seemed to be over, but in comes November and things heat up again with recent adds on: WMJQ, KBPI, KZAP, KILO, WCKO, and WJKL. We've run a couple of Checklists on the record and frankly we came up with minimal audience reaction. We're guessing that's a function of light rotation competing against big names. Still when a record stays visible for this long, it's time for a serious listen. We played "Lonely Nights" for kal this week and got rave reviews for top 40 potential. We could be talking a hit act here.

BOB WEIR, APLISTA

After averaging 11 adds a week for the past month, Bob bangs in at #45 on the Index and #48 Metro. Increased play on: WYNF, KWXL, WPLR, and WQBK. More good stations added, too: WILS-FM, WMAD, WDIZ, WLRS, WGIR-FM, WJKL, and KLPX. Checklist says 36 not playing, 9 considering, 3 dropping, 15 maintaining, and 16 building: WBRU, KILO, WHCN, KTIM, WGIR-FM, KBLE, WQDR, WQBK, WPDH, WPLR, KPRI, WDEK, WDHA, WBCN, WRYL, and WMAD. "Too Many Losers" is the track new at #65 on the Song Index.

TOMMY TUTONE, COLUMBIA

Hats off to Columbia for pulling out all the stops and sticking with an artist and album they believe in. After 9 weeks of hand to hand combat, the Big Red machine puts Tommy on the Back Page at #47 and just missing the Metro list. "Jenny/867-5309" is one great tune, enhanced by a fine video. With a little luck we could see a lot more visibility for this hot number. New at #83 on the Song Index.

PETER CETERA, FULL MOON/WARNER BROTHERS

A double debut for Peter; #50 Metro and #48 on the Back Page. New on: WLVA, KSHE, WNOR-FM, WHJY, KZOM and 3WV for a total of 31 in the last 7 weeks--a slow but sure build. WCOZ increased play and our overall average is 5.0 emphasis and 2.0 plays per day...WLVA's Tim Smith: "Peter sounded great to me on first listen. Positive feedback in the Sheet is enough for us to go with it. Forget about Chicago--this guy rocks on his own"..."Living In The Limelight" leads with a debut at #51 on the top 100.

LINDSEY BUCKINGHAM, ELEKTRA

Lindsey held steady on the Index, but turned in a 7 point Metro underline, 32-25. WYSP and KOME were the two major increases this week with max play reports from: WIOT, KYYS, WMMS, KDKB, WILS-FM, WKQQ, and WQDF. A powerful add week: WFYV, WNOR-FM, KGON, and KAZY. "Trouble" moves 17-14.

U2, ISLAND

U2 just narrowly missed the Back Page and adds this week at WYSP, WIOT, and WPLR should chart the group next week...WYSP's Steve Feinstein testifies, "I saw U2 this week and was completely bowled over. It's frightening how talented they are at this point in their career. I feel as though they haven't hit their stride yet and even now have developed a unique and distinctive sound. The record is on this week as we broke one of our rules and added the record in the middle of the week, which is highly unusual around here."

ADAM AND THE ANTS, EPIC

Our #5 Most Added with 14 reports including: WMMR, WNEW-FM, WBCN, and WMMS. The sales on the last album surprised most of us--so it's wise to keep an ear on the followup. "Scorpios" is the early leader with "Stand And Deliver" active where not played as an import...Kid Leo offers: "I'm still thrown for a loop by Adam And The Ants, however their last album did top 20 sales here and I eventually found 4 or 5 songs that I really liked. Right now, all I can find is 'Scorpios' and 'Stand And Deliver' which would be recurrent if we had such a category."

SAXON, EPIC

A number of record people expressed the sentiment that many programmers "added AC/DC then went home for Thanksgiving". So don't look for Saxon in the Most Added category this week, that could qualify as a metal overload. We heard about several key considering stations including KGON and look for a significant pick-up in our next report. Try "Play It Loud" or "Out Of Control".

Radio Action

KAZY, DENVER, CO M.D.-DOUG CLIFTON: "Retail: Stevie Nicks jumps back to the #1 spot this week, followed by: 2-Foreigner, 3-Police, 4-Stones, 5-Journey...Good moves made by the Cars, 8-6, and Quarterflash, 11-8... Rod Stewart also makes it into the top 10...Phones: 'Heavy Metal' from Don Felder, and 'The Stroke' by Billy Squier, are still huge...Foreigner, Journey, and the Stones are still hot...Newest action is on 'My Girl' by Chilliwack, and 'Centerfold' by J. Geils Band...Kids are going to eat up the AC/DC record, with phones picking up this week. Early retail indication looks very good...Rick Springfield moves up to hot this week...Add: Lindsey Buckingham...Considering: J. Geils, Cars, and Queen/Bowie single...On at home: Cars, Cars, and more Cars. Also, J. Geils Band, Tim Bogert, Grover Washington, Jr."

WMMS, CLEVELAND, OH M.D.-KID LEO: "We want to thank everybody who came in for the Malrite Big Bash. It was the biggest we've had yet, and I'm sure everybody had a great time. I will not mention names because there are far too many, and Bill is limiting my space at the moment...Other than that, the only thing to talk about is AC/DC. I don't know what really can be said that hasn't been said. Gorilla tits my ass--this one sucks King Kong tits!!! In the same sense that we embellished Led Zeppelin, the kids today look upon AC/DC with that same religious aura. Without a doubt this will probably be the biggest album of '82, and it hasn't even started yet...I'm still thrown for a loop by Adam & The Ants. However, their last one did go top 20 in sales here, and, eventually, I found 4 or 5 songs that I really liked. Right now, all I can find is 'Scorpius' and 'Stand And Deliver', which would be a recurrent if we had such a category...December will be a Ho Ho month of rock and roll here in the Capitol--as we have J. Geils and Black Sabbath at our big house on the prairie, the Coliseum. Of key interest to me is our Agora dates with Quarterflash and the Go Go's--those two bands being prime contenders for rookie-of-the-year--and U2."

WQVE, PITTSBURGH, PA P.D.-DAVE LANGE: "AC/DC. The hardest thing to deal with on the new AC/DC record is, if you don't play enough of it, they have an army of fans at each market prepared to roll the cannons up to your door and blow you out. We finally nailed it down to four tracks: The title track, 'Spellbound', 'Evil Walk', and 'Let's Get It Up'...We're using the Pink Floyd Greatest Hits and the new version of 'Money'... We finally went on the Go Go's with airplay mostly on the single...Looking ahead, the Rainbow is showing good promise, as well as U2...Henry Paul getting real good phones...Some phones for Molly Hatchet...J. Geils starting to go through-the-roof here. Requests, sales, and research on 'Centerfold' are very high."

WLUP, CHICAGO, IL M.D.-SKY DANIELS: "Record of the Week: Joan Jett's 'I Love Rock And Roll'. She does for real. Joan first impressed me back in The Runaways as having a real fan's conviction. She is one of those individuals who you know could not live without rock, and people like her deserve a slice of the 40 million dollar pie the Stones half baked...We are in the midst of the Rolling Stones hype machine in Chicago, and it is really over-the-top excess. Gimme a break, who cares if Mick Jagger changes the emerald in his ear to a diamond? I remember when these guys were anti-establishment, and the minions of the media. I mean back when rock and roll really mattered. You gotta hand it to the Stones and Bill Graham, though. They really know how to put one over on the media, suckers that we are...The Neville Brothers 'Wild Tchoupitalis' (we don't know how to spell it, but you know what we mean) were really hot and exciting. Boy are they tight!!...The Cars 'Shake It Up' gets better with every listen. It's, without a doubt, my current fave record...Working For The Weekend' from Loverboy is really getting great reaction. The big Red Machine ought to be able to roll this one to platinum status...When not sucking gorilla tits, AC/DC's latest is blowing through the Windy City. If there is a band whom teens love and identify with, it's AC/DC...Nice seeing Alan Wolmark, sans motorcycle, in Chicago. Alan, have you slept yet?...Anybody who looks as goofy as Donnie Iris, and has the audacity to name his album 'King Kool', has gotta have a ton of talent. 'Love Is Like A Rock' is a teen Titan...I disagree with the marketing approach Pink Floyd and/or Columbia is taking. (And I know Alan Frey will give me shit for this) But, what is the motivation behind a dance collection from a psychedelic band? Talk about bad timing and image, Jesus!! However, the music is good, and worthy of attention, like the remixes."

WQXM, TAMPA/ST. PETERSBURG, FL M.D.-MOBY: "Bound for KSRR in Houston, TX for an afternoon drive down there. A word to the wise is all it takes they say, so the competition should be aware that I'm coming armed-for-bear. My time in Florida has been educational and entertaining. I'd like to thank all the local and regional record people who have been cooperative and, most of all, who have been my friends. They're too numerous to mention, but my gratitude goes wholeheartedly to this entire area of the music industry."

KGON, PORTLAND, OR ASST.P.D.-GLORIA JOHNSON: "Requests: 1) Foreigner, 2) AC/DC, 3) Kinks, 4) Shooting Star, 5) Rush...Sales: 1-Foreigner, 2-Loverboy, 3-Stones, 4-Journey, 5-Stevie Nicks, 6-Rush, 7-Quarterflash, 10-Billy Squier, and 12-Ozzy Osbourne...Billy Squier kicks into overdrive. 'My Kinda Lover' goes to power, and it was one of our favorites from the Lp. Also, we've just added 'Too Daze Gone'. The album is still top 10 six months later...KGON held our biggest-ever listening party for the new AC/DC album, with three hundred people. Thanks to Mark Gorelick of Atlantic. Consensus cuts: 'Let's Get It Up', with megavotes also going to the title track and 'C.D.D.'...Last week's 'Hard Sheet' gave me an extra special thrill. I do believe it's the first time a Northwest band has topped the Song Index. However, we're prepared to do it again real soon with the release of Johnny And The Distractions on A&M in January...On the most overlooked album of 1981, I meant what I said last week about Harlequin and Icehouse...For your rowdy holiday parties, put on Saxon, play it loud-and I'd do exactly that. 'Tis the season to be metal...Personal to Jim Sotet: Don't put beer in the microwave."

KGB-FM, SAN DIEGO, CA M.D.-JUDY McNUTT: "Adds: AC/DC's 'For Those About To Rock', and 'Put The Finger On You'. Also, Pink Floyd's 'Money', Joan Jett's 'I Love Rock And Roll', and Molly Hatchet's 'Respect Me In The Morning'. Very little...Not much in the way of adding cuts or moving music around. Things are pretty stable right now. We are saving some adds to spread out over the next couple of weeks. The reason for that is we don't want to be stale by the time January 6th comes around...Continued sales momentum on the John Hall--not major but encouraging...Lots of phone reaction to Henry Paul's 'Hollywood Paradise', because of the 'I just wanna meet Mary Turner' line...I don't think 'No Refuge' is the cut on Eddie Schwartz. I think 'Over The Line' is better and that's the one we're playing...Neil Young sales are starting to pick up. He was just on Rockline, and it was the best song to date. Neil sounded very personable and relaxed. He also sounded funny and stoned--but that's Neil. He actually said 'yes' to at least 2 requests for autographed pictures or albums of himself...Considering: Cozy Powell, still hammering Larry on Mal And Val, and the Tim Bogert."

P.D.-LARRY BRUCE: "I'd like to congratulate RCA's Bill McGathy, Bob Welch, and all concerned with Bob's appearance at the Roxy last Thursday with Mick Fleetwood, Christine McVie, John McVie, Stevie Nicks, Carmine Appice and all the great musicians responsible for what I feel was one of the high musical points in my career. And it's a great record too. Look forward to seeing the video."

KZEW, DALLAS, TX M.D.-JANEL DOLAN: "I finally returned from 'la la land' after a week and a half, and many sincere thanks are in order. Thank you, Jon Scott, for everything. The bowling party was one of the high points of the year. Meeting everybody was wonderful. Getting a close look at the Cars and Tom Petty was a rush. And that is an understatement. Thank you, Rockline, for having me as a guest. Thank you, Bill McGathy, for the lovely time at the Bob Welch/Fleetwood Mac reunion at the Roxy. The vibes were intense and the music was incredible...As far as music goes, the hottest albums in ZEW land are: The Police, Triumph, Journey, Tommy Tutone, Cars, and Loverboy...We have Nazareth, Billy Thorpe, Vic Vergat, Grand Funk, and Stevie Nicks all in concert this weekend. Reports later...Hello to Paul Cheslaw from Tommy Tutone, and thank you for 'the Malibu experience'."

Go Go's go gold!! (Isn't it about time?)

WLPX, MILWAUKEE, WI M.D.-BOBBIN BEAM: "I'm looking forward to seeing the greatest rock and roll band in the world. Further evidence of this fact will be detailed in next week's issue."

KPRI, SAN DIEGO, CA M.D.-LAURA WILKINSON: "Looks like the coup is complete. I am happy to announce that Buster Bodeine (I swear that's his name, it rhymes with codine) has been appointed Program Director of San Diego's best rock-KPRI. He comes from W NAP in Indianapolis, and should be here before Christmas."

KLOL, HOUSTON, TX ASST.P.D.-MICHELE ROBINSON SAYRE: "Today, Wendy O. Williams does her famous TV demolition for us. We picked a listener who wanted Wendy O. to come to his home and, after she demolishes his television, he gets a 19" color TV to replace it. Then, tonight, she makes her first Houston appearance at the University of Houston. Could be bizarre. Thank you to Roy Rosenberg and Jon Sullivan for setting the whole thing up... I had a record store owner tell me Saturday that he could have sold 500 copies of AC/DC's new album by this time-if it had been in stock. Looks like it's gonna be their biggest...Well, Rick Springfield has a new single out, 'Love Is Alright Tonight'. Besides 'Jessie's Girl', I think it's the best cut on the album. RCA, did you ever think you'd manage 3 successful singles from this album? Congrats on that as well as Hall and Oates. Gold already...To Jim Sotet: Bravo...To Sean Coakley: Hope your promotional dentistry pays off for Eddie Schwartz...Hope everyone has a Happy Thanksgiving."

KQRS, MINNEAPOLIS, MN M.D.-DOUG PODELL: "Greetings from the land of Prince. The Cars keep shaking up the Twin Cities, zooming to #2 in sales plus hot phones. 'Shake It Up' moves to heavy. 'Crusin' also sounds real strong...AC/DC rules. Like a cannon ball to the head, the new Lp is hard, loud, and well-produced--the way we like it. Go for 'Put The Finger On You', 'Get It Up', and 'We Salute You'...The new Henry Paul sound is a winner. I could tell from the first listen to the advance cassette that this was a hit. We'll start with 'Keep Our Love Alive'...Molly Hatchet comes out smokin'. Every cut is strong. Finally decided on 'Power Play'...In the local-band-makes-good department, Lamont Cranston is currently on tour with the Stones, and they've got what it takes--a hit album. It's called 'Shakedown' and, needless to say, doing very well in the Cities but, there's room to move, so please check it out. For more information, you can call me or Waterhouse Records and ask for Kevin St. John...Speaking of the Stones, their tour just rolled through our town and KQ was there with live reports right up through the Stones final encore. Phone response and letters are phenomenal. For those who couldn't get to the show, KQ brought it to them. We even broadcast the first half of the Stones opening song, 'Under My Thumb', live. It was solid...In the doubters department, Gary Myrick is picking up in both sales and requests. The same for U2...Finally, thanks to Jon Scott. Those conference calls are truly delightful...To Michael Abramson: Congratulations to one of the best... To Candy: Someone as sweet as you are had to bounce back. Congrats on your job at MCA."

KBPI, DENVER, CO M.D.-JOE FOLGER: "Wedding bells! The names are: Babette Novick, KBPI, and Kirk Stirland, formerly with Epic and now with Warner Amex. They tied the knot this past week...Robin Wren, I listened to that live album. I'll see you at their next concert. Right on, Skoal brother!...Thought of the week: What do you get when you cross Ozzy Osbourne and Wendy O. Williams? Hey, I can't tell you unless you call me for an answer."

WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "I saw U2 this week and was completely bowled over. It's frightening how talented they are at this point in their career. I feel as though they haven't even hit their stride, and yet, even now, they've developed a unique and distinctive sound. The record is on this week. We broke one of our rules and added the record in the middle of the week, which is highly unusual around here. I think the cuts are: 'I Fall Down' and 'I Threw A Brick Through A Window', rather than 'Gloria'...Also had a great time at the Go Go's concert. Gina is the greatest drummer since Goldie and the Gingerbreads, alias Genya Ravan, not to mention Karen Carpenter. Sorry for the creeping sexism...Feinstein's 'Good Taste Awards' to: Bob Weir for covering one of the greatest reggae tunes of all time, the Heptones 'Book Of Rules', and to Delbert McClinton for covering 3, three, Frankie Miller tunes...Considering: Joan Jett's 'Crimson And Clover', and a personal fave, Roy Sundholm...Sales: Ozzy Osbourne still holding up...From the Quig: Fearless WYSP staffers, Picozzi, Bill Fantini, and Jerry Abear, took on Victor the wrestling bear during halftime at the '76'ers game. Fantini, a former high school wrestler, lasted the longest, out-maneuvering (read 'running away from') Victor for nearly 2 minutes. Jerry Abear was treated very unceremoniously, going down in about 3.4 seconds. So much for rock and roll animals."

KOME, SAN JOSE, CA M.D.-DANA JANG: "AC/DC continues with their tradition of attracting huge phone calls. This one is sucking requests up immediately, and the retailers are going to blow this sucker out all right! Initial stocking in some stores have reached 500, and there is already a re-order on that. My favorite tracks are: 'For Those About To Rock', 'Put The Finger On You', 'Snowballed', and 'Evil Walk'...Getting some early Henry Paul calls from the Outlaws fans...Your usual 'another brick in the wall' calls for Pink Floyd...Lindsey Buckingham showing a slight pick-up in sales...Rainbow still continuing with steady sales; getting phones for 'Jealous Lover'...A few calls for Survivor's 'Poor Man's Son'...Top 30 sales continue for Shooting Star. Phones for the first album 'Last Chance'...Quarterflash also continues to improve in sales...Go Go's still doing well."

KNAC, LONG BEACH, CA M.D.-JIMMY CHRISTOPHER: "I'd like to wish everybody a happy bird-day .. On the music scene the new Clash single sounds real good on the radio...Two of my favorite albums of the year as far as tight, nicely produced albums are: Joan Jett. We're on that heavy with all cuts available. We're playing six cuts off the Professionals imp...Blasters have increased in sales...The Plugs album is moving up...Another one of my favorites is the Humans 'Happy Hour'...I saw a great King Crimson show at the Roxy."

WBCN, BOSTON, MA M.D.-MARC MILLER: "No comments."

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "Sure the kid down the street is going nuts over the new AC/DC album--but he went nuts over all their other ones. So what's new? Well, here's the first AC/DC album his older brother and sister may admit to being nuts over too. Locking up the 6 to 60 audience may take them another couple of albums, but just seeing their appeal expand significantly beyond the 6 to 24 audience is a milestone for them. I'm having my turntable outfitted with a diamond-tipped crowbar to handle the current heavy metal glut. With Saxon, Sabbath, Starfighters, and a half dozen others on the prowl, conventional tonearm meltdown was beginning. As expected, AC/DC and Ozzy have sent most other heavy weight contenders running for inner sleeve and cover...Clever of Pink Floyd to re-record 'Money'. I mean how else are you going to get the hard-core Floyd fan who already owns every album to join the rush-to-the-register for the 'best of' collection? Music to laugh all the way to the bank to...Kiss would have to pull a real Houdini to escape the negative album rock image they've earned themselves over the years. This album just might do it...Congrats to the survivors of the Jon Scott bowlarama. The winning philosophy of this year's party was 'as long as your mind is in the gutter your balls might as well be there too'...Great phone and sell-through on AC/DC, Ozzy, Tommy Tutone, J.Geils, Cars, Martin Briley, and Quarterflash (thanks, Tommy, for the 7 week headstart in Central NY on this one)...Good signs on the phones and early sales on Henry Paul, Sneaker, and Bryan Adams...I'm gonna wiggle my toes in the sand for the next 2 weeks. Most adds will be frozen. Dale Edwards will handle those that aren't and be in the sheet next week."

WLRS, LOUISVILLE, KY M.D.-TERRY MEINERS: "Wish I could have been nearby when AC/DC recorded their new cannon song. I've got a whole box of grenades I would have happily tossed into the studio while they were recording! Guess I'll have to wait until they go back to do their next album, tentatively entitled 'The Incubator'. Watch for it...Call your WB rep about their new 'you and 4 listeners can go mountain climbing on Rod Stewart's face mold' promotion. Has anybody seen my steel cleats? Rod's cover song seems to be the best material aboard this record...You'll note that RCA has jumped into phase 2 of promotion on the Roy Sundholm album. Even if it takes 86 phases, it will be worth it! Great record all the way through...Let's see, who else paid me to say something? Oh, yeh, love that Chipmunk Christmas record... The guitar solo on 'Little Drummer Boy' makes my frankinsence get hot...Big calls for Red Rider, Lindsey Buckingham, Cars, Foreigner, and AC/DC (although about 25% of the AC/DC calls are negative)...Last week the studio phone rang with the most interesting request I'd ever had. Some guy, totally serious, requested a song for his truck. Yes, Dad, this is what I gave up med school for!"

WHEN, HARTFORD, CT M.D.-BOB BITTENS: "Whatever happened to that great old rock and roll? Where are those catchy hooks and hard driving energy that made rock and roll so much fun! They're alive and well and living on 'I Love Rock And Roll' the new album from Joan Jett. I can't think of any female rocker that I like more. Joan's the real thing...For those about to listen to AC/DC, I suggest massive quantities of cotton in the ears. Crunch, crunch, crunch. For those of you who just can't seem to hear the appeal of this kind of music, try drinking a few cans of beer before listening. Personally, I find it much easier to relate to AC/DC with a decent beer buzz. 'Let's Get It Up' is my pick to click from that album...The reaction to our test play of Mal and Val has been mixed, but still positive enough to merit more airtime... U2 played in the area last weekend. I didn't get to see the show but it must have been real good because sales and requests have increased dramatically this week. U2 moves out of lunar rotation and into solid medium airplay here...Paul Harris did the Battle of the Headbangers here Sat. night, pitting Ozzy Osbourne against the now Ozzy-less Black Sabbath. The votes came in almost 2 to 1 in favor of Ozzy, despite Paul's last minute attempts to goad Sabbath fans into calling. Although those results are extremely unscientific, I'm hardly surprised. Ozzy is the legend. Black Sabbath is just a band using a name... We're looking at the Starfighters album for next week. Even though there's a glut of heavy metal acts right now, I think the audience can tolerate one more--especially one of such high caliber."

KMOD, TULSA, OK P.D.-CHARLIE WEST: "In the tradition of past heavy metal rock, AC/DC now has to be the leader in that field. Should be #1 here in sales within a week after it's in the stores...Bob Welch: I've been looking at this one for a while and am finally convinced to go with a track from the album. With the years of experience and talent that he has, I think he deserves a shot. 'Two To Do' and 'Bend' are the cuts."

WFYV, JACKSONVILLE, FL M.D.-CHARLIE LOGAN: "Record of the week: Soft Cell, a real fine record. I hope MTV gets their video soon...Okay, I know. Here we are the hometown of Molly Hatchet and guess what I forgot to add last week. You got it! It's just that Dave Hlubek brought us a master tape of the Lp around six weeks ago and we've been on it ever since. So, to get things officially straight, we have added the Hatchet!...Now to be honest, I have always greatly disliked the music of Molly Hatchet; but I must admit that this album is real fresh and it really does r-o-c-k. 'Respect Me In The Morning' is probably the finest piece of music the band has ever performed, thanks to one of the finest vocalists Baby Jean from one of rock's most underrated Mother's Finest...Adds: After an 0-3 start, who would think that the NY Jets would have a shot at the Superbowl? Well, I gave Lindsey Buckingham about as much of a shot at getting airplay. But if the Jets can do it, so can Lindsey so we'll give it a go...AC/DC! AC/DC! AC/DC! What else can I say except to reflect on Mr. Bill's comments that they must be monster GO-rilla tits!...Neal Schon and Jan Hammer is simply a fine, fine record. Two class musicians combine to create some truly classy music...Pink Floyd should make a good Christmas present. However, the bottom end of 'Money' is blowing the shit out of my car speakers...Saleswise: Stones #1; Stewart 12-2; on the heels of a concert this past Saturday; Rush-4; Cars-5; J. Geils goes 13-8; and Molly Hatchet debuts #15; and Black Sabbath new at #19...Rossington Collins drops out of the Top 20. U2 makes Top 25 along with Novo Combo...And finally, thank God we have finally dropped Steve Miller. Who cares about a name, this record stinks!...On a nicer note, everyone have a happy gobble gobble!"

WBAB, BABYLON, NY M.D.-RALPH TORTORA: "After completing my six weeks as M.D. all I can say is this is a helluva time to get this position! Everybody and their mother is releasing a record. I haven't done this much work (straightening up the library, replacing worn albums, meeting new record reps, etc., etc.) since college radio. Special thanks to Kathy O'Keefe at FMQB for helping me with my chart. All'n all I must say it's been hectic, but also a lot of fun, and I'm sure it will continue...We just concluded the second annual WBAB rock marathon of Billy Joel's organization 'Charity Begins At Home'. Bob Buckman and Perry Stone (our morning and afternoon drive jocks respectively) stayed on the air for 102.3 (that's our frequency) hours, 4½ days. The final amount of money pledged by our listeners was 45,000 dollars and it all goes to charity for Long Island charities. Thanks to Meat Loaf, Henry Paul, Gary U. S. Bonds, John Hall, Roger Earle and Elizabeth and Billy Joel for stopping to led their vocal support on the air! Meat raised \$1,000 in one hour using scare tactics. We also did a great news cast! Also, many thanks to the various folks at the record companies (you know who you are) for their support...We debuted a new Doors video Monday night for 1500 invited listeners at Spit. Response was truly phenomenal! Thanks to Willis DeMault and the folks at Elektra and Mike Weiner and Brenda from Record World for that...Last but not least, a belated welcome home to Jim DeBalzo. I knew L.A. would drive you nuts eventually!... Hope everyone enjoyed their urkey day."

WQDR, RALEIGH, NC P.D.-RON PHILLIPS: "The Cars debuted Top 5 in sales and requests. They really needed 'Shake It Up' to put them back in gear. The entire staff bounces and sings along everytime they hear it! ...The Go Go's go to heavy this week. We added 'The Beat' for a second cut, and expect to see the currently moderate sales increase soon...Two of my favorite new tunes are 'No Refuge' and Bob Weir's 'Too Many Losers'. Interesting and intelligent rock and roll is getting harder to find these days, and believe me, our listeners appreciate it when they hear it...Molly Hatchet does nothing for me personally, but I'm not stupid enough not to expose it. We'll try 'Lady Luck' to start. The horns and piano provide a little difference from the old Hatchet formula...As far as North Carolina is concerned, Delbert McClinton is a s-t-a-r! He consistently packs houses and lights up phones around here. 'Rooster Blues' and 'Heartbreak Radio' lead the way for us. I expect Top 10 sales in a couple of weeks...Good records that are burning out quickly: 'Centerfold' and 'Heart Like A Wheel'...Since WQDR missed the Billy Squier Lp when it was released, I'm adding the new single 'My Kinda Lover'. I actually think it's the strongest song on the Lp and will be very interested in response...Congratulations to Debbie Dalton and Dale Wolter at WMAD. I only worked with them for a few months but I know they are both 100% pro and will add to the already healthy musical climate in Madison. (P.S. Do you ever go soft now?)"

WMYK, ELIZABETH CITY/NORFOLK, VA M.D.-BILL SIMMONS: "I've never seen the telephones light up like it did last Thursday when AC/DC hit the air! Two cuts are already among our top requested tunes--the title cut and 'C.O.D.'. I'm looking for a #1 sales debut next week. What can I say? It's already gone... Impressed with the Kiss! I think they took a serious commercial approach to this. If they can just get past their name, they'll be OK...In the world of retail: Getting great retail on Quarterflash now Top 10. Also, Molly Hatchet debuts in Top 15 retail; Greg Lake is also Top 15 retail; J. Geils Top 20; Red Rider is increasing nicely saleswise."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "I salute AC/DC! Their newest Lp is the definitive statement of what today's heavy metal is all about. We are five deep on the record and that's only because we want to save some for later...When the first Ozzy solo album came out, listeners would call up requesting it just by saying 'Ozzy rules'. The release of Ozzy's second album and the new Black Sabbath record created an interesting situation. Who rules? Ozzy or the mob? We put it to the test the other night and faced them off against each other. Phone calls were taken for 45 minutes and the results show that Ozzy still rules but only by 4 votes! I had a great time doing it and the listeners enjoyed it a great deal as well. We received 200 calls and one balloon-o-gram...Joan Jett played to a packed house the other night. If you've ever seen the movie 'Times Square', Joan was the role model. The girl lives for rock and roll! We added her new album, as well as AC/DC, Henry Paul, Iron City Houserockers, and the Pink Floyd anthology package. The new version of 'Money' is incredible. The songs have balls galore and it generated quite a few calls...Heavy at home: Vangelis, and Gary Myrick...Thanks to Greg Lake for the on-air visit...To Charlie at WFYV: Is this okay?"

WAAF, WORCESTER, MA M.D.-ROB BARNETT: "So they blow on the West Coast--out here in the wild East we've got the 'Schvitzing Squad'. Stay tuned for further details...The J. Geils Band have taken the throne here in just four short weeks. We show #1 requests and #1 sales on these Bay State rockers...AC/DC is doing the same for us as it is for you, but I will mention a cut we really like 'Night Of The Long Knives'... Looking forward to seeing Genesis on tour--'Abacab' is holding down heavy airplay...We're giving considerable local play to a new Ep from the Peter Dayton Band. You might want to try Roger Lifeset for a copy...Added Bob Welch this week and seeing pretty favorable response to 'It's What You Don't Say'... Personals: To Marvin: I'm genuinely glad to hear that David cares that you care...To Steve: If I wore them and added it, wouldn't that be considered payola?"

WAQX, SYRACUSE, NY P.D./M.D.-ED LEVINE: "I will save the AC/DC comments for those about to spout off endlessly at the mouth. The tune we are having good success with is called 'Let's Get It Up'. It's going to be a back seat anthem for the holiday season--take my word for it...The Pink Floyd disc is getting some phone calls and will definitely sell a lot of records for the greatest hits package...We've made the Sneaker album our pick of the week and are giving it a medium rotation shot this week and tying in with a discount at retail. The record's got strong possibilities for us on the air. I'm a little nervous though about the type of person it appeals to, not going out and buying a lot of albums these days. Hopefully, though, they will hit this one...Ozzy's 'You Can't Kill Rock And Roll' is doing much better for us than 'Flying High Again'...We had the Mink DeVille on special last week, and dammit the album picked up significantly in sales! I know there's not a lot of action on it, and I know the holidays will present a longevity problem, but 'Just Give Me One Good Reason' is a great tune, no doubt about it...The hook on Eddie Schwartz so far seems to be his name. Everyone thinks we're goofing--so we now backsell him as Paul Yeskel--and that should stick...Henry Paul is doing very well as expected. Some of his older fans have commented that the two obvious singles lack some of the grittiness, so we've also added cut 1 side 2, as well as the other two...The Molly Hatchet is generating a lot of interest...The Stones opening this week in front of 80 thousand people ain't hurtin'. By the way, it's a great compliment to Syracuse that the Stones are here but I think after this week is done, I'm gonna need a vacation. People I didn't even know knew me are calling up for tix, and the people I got tickets for are complaining that the seats aren't good enough...It's only rock and roll...One more time, please give the Go Go's the chance that they deserve. 'We Got The Beat' came in as one of our Top 5 requested pieces of music this week!"

WLAV-FM, GRAND RAPIDS, MI P.D.-DAVE LOGAN: "Hope everybody had a great turkey day--gobble, gobble and all that...Around here we've been stuffing ourselves on the AC/DC album. It makes me feel so good to be 17 years old again--I've broken out in zits! I really can't recall an album with such intense guitar work in just ages, and the sixth member of the band, Mutt Lange, certainly deserves a pat on the back for giving us a state-of-the-art rock and roll album. We're banging five cuts out of the box and I've already blown at least two pairs of headphones in the control room. It was real funny to be sitting in Detroit after the Genesis concert and to see the look of shock on Alan Wolmark's face when the album popped up on a Detroit station a day early. I know I'd be pissed if I were across the street when that happened, but let's face it, we're gonna be playing this album for months on end, so who cares?...Our weekly Gary Myrick update shows the young guy at #12 this week and still more groundswell building... Regarding the changes on the Red Pages of FMQB, I think this will really help in the long run because record people will have to rely more on facts than actual fancies. Ultimately the best records get played anyway and this will just give them one less piece of propaganda to cram down our throats...It's really weird to hear about record companies getting pissed off about comments too, particularly when it's very clear that the album had the support of the sheet or radio person/station. I guess all you have to do is read between the lines."

WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB: "Gobble, gobble and happy T-Day to all!...What's h-o-t in Richmond? Ozzy Osbourne, Bob Welch, the Stones playing Washington, Snuff from Virginia Beach, our soon to be license transfer...and our first snowfall of the year! Thank God it all melted, because I hate snow!"

WLIR, LONG ISLAND, NY M.D.-RAY WHITE: "Joan Jett loves rock and roll and WLIR loves Joan Jett. This is the big one gang! It debuted #1 here and 'Crimson And Clover' is John DeBella's 'Screamer Of The Week'. John can't help it! After all, she did pull his pants off live on the air a year ago and it's still in the boy's memory! As much as AC/DC is a monster, I've got to say that Joan and the Blackhearts stole their thunder, not only away from the WLIR jocks but our listeners, too. Joan is no fragile pretty face out in front of a band. Rather, she's a veteran guitar playing rocker that kicks ass. If you don't add and play 'I Love Rock And Roll', watch out cause she just might kick your ass as well...If anyone deserves the spotlight these days it's Henry Paul. Like Joan Jett, H.P. has paid his dues and evolves with the times. His new album is a perfect complement to the live show and you couldn't meet a better guy. Henry: Thanks again for the visit and, as usual, you are always welcome to our funky abode anytime, day or night...I don't know what Soupy Sales means to you all across the country, but around here the guy's a legend. What a blast getting a new album from him. Already it's a hit and thanks for the mentions, Soupy...Can't wait for the great White North Lp. The back bacon is on and the frosty pies are ready... We're putting Tommy Tutone in the better late than never category...Once again, the Jam has released excellent stuff that ought to be on the air all across America!...We broadcast Diesel last night in front of a packed house and I was impressed. Thanks to Paul Yeskel and Danny Buch and especially Heavy Lenny who started the whole thing way back when...Glad to see Bruce Cockburn happening here. It's a slow process but ultimately he'll win over the U.S...We taped him the other night and once again the high quality of his talent shines through. Thanks to Ken Franklin for making it happen...When is the Open House party, Bill? I haven't put a good drunk on in a while and the occasion warrants it...So, BCN's Marc Miller is a closet Neil Young fan! Tell me, Marc, when was 'Artist' released? I can't seem to find a copy in our library! Please call!"

RADIO ACTION CONTINUED

WSYR, SYRACUSE, NY M.D.-TOMMY NAST: "Well, this is the week for pandemonium as the Stones hit town for two shows at our fabulous Carrier Dome. There will be close to 80,000 people who will see this show in the two days that the Stones are here. You know what's hilarious is the fact that every radio station in the world is the 'Official Stones Station'. I think even the AC stations here are saying that as well! We'll tell you how the shows were next week...On to AC/DC. 'For Those About To Rock' is everything AC/DC should have done to follow up 'Back In Black'. Having the 'Central New York' debut helped our phones because they are going crazy with AC/DC requests. You need asbestos gloves to handle it. (Did I get that line from Kal Rudman?) The title, 'Put The Finger', 'C.O.D.', 'Let's Get It Up' (Marvin Gaye where are you now?), are great songs to make love to...The new version of 'Money' from Pink Floyd is really good. Can't wait for something new from them...Saxon is another one of those metal-crushing bands that sounds great on the night time airwaves. Instant phone response on these guys...I needed a new pair of sneakers so instead of going out and spending the ten bucks, I added Sneaker! Maybe now Joe Webber will send me a pair! Seriously, the record is probably one of the tastiest records out there right now...Bryan Adams continues to grow. Phones and sales are increasing all the time... If you haven't considered this record, wash your ears out and get it on the turntable or else I'll get Bruce Moser to be your friend and he'll want to hang around with you...Henry Paul is flying out of the stores as expected. Also getting great phones on old Henry...Loverboy is going to explode at any time now. It's obvious from the phones and sales that we're seeing here...Sabbath is really big here. The singer, Ronnie Dio is from here. Real big phones and real good sales happening on that...I got to go, because it's my birthday and everybody's trying to get me loaded--so, see you later!"

WMJQ, ROCHESTER, NY M.D.-ROBERTA HABER: "Not much to talk about this week, so I'll keep it short for a change...AC/DC learned a big lesson with 'Back In Black'. Add a little spit and polish, and you end up selling millions and millions of albums. The kids love raunch, but they like it with smooth edges. 'For Those About To Rock' is one balls-to-the-wall rock and roll album. Driving the actives crazy. Calls have been non-stop for the title track and 'Let's Get It Up'. (My all-time favorite request was for an earlier AC/DC epic. The young person wanted to hear 'Girl Scout Rhythm'). Anyway, 'For Those About To Rock' should follow the path blazed by 'Back In Black'-straight to platinum glory...The above lesson was not lost on Saxon. The new album is much less raw and much more tuneful. 'Out Of Control' is the cut...There is a lot of listener interest in the Cars, and also a lot of sales interest in the Cars."

WBRU, PROVIDENCE, RI M.D.-JACK SCHWARTZMAN: "Rave of the week is Soft Cell. They did it in England and they should make it here as well. A snappy, floating, dream-like, new sound. It's got the hooks to catch on... Delbert McClinton's new one rocks with an R&B feel...After hearing it for a long enough time, I finally came around on the Neil Young record. 'Surfer Joe' ranks with his finest epics. I love the new rhythmic elements that Neil has incorporated...Lastly, we played the Go Go's for several weeks this Summer and I thought we'd burned it out, we didn't."

WAPI-FM, BIRMINGHAM, AL M.D.-STEVE KELLER: "Adds this week: Pink Floyd, AC/DC, Henry Paul and Rainbow. The Floyd, hey, it's another Floyd record. Big Christmas item. But, what's new? It took me 2 or 3 minutes just to figure out that the 'Money' track was recut...AC/DC. What a fucking k-i-l-l-e-r! Every song on that sounds like 'You Shook Me All Night Long' except it all sounds like they've progressed even further, musician-wise since the last album. It's hard picking a cut, so we went with four: 'C.O.D.', 'For Those About To Rock', 'Let's Get It Up' and 'Put A Finger On You'...Henry Paul Band doesn't have much of a track record in the South, especially where I've worked, believe it or not--though he's strongly tied with the South. But, we'll give it a shot--and, we'll play the single. Sounds good anyway...The Rainbow really sounds good, and as George says, we are so early...Moving up in rotation this week: J. Geils (what a homerun, Top 5 requests. Sales to match)...To Mike Bone: I know that your mother dresses you funny, but where do you find all these heavy metal bands? What heavy metal bars do you cruise and where do you hide the leather?...The Bowie and the Queen moved from a medium to a heavy this week and with good reason. Very, very good song. The more you hear it the more you want to hear it...Lindsey Buckingham broke along with Stevie Nicks out of Jackson, MS and Birmingham way back in 1972. This town has been extremely interested in anything the two of them have done ever since. With this solo album, it hit the streets immediately and became a top seller. The single is breaking loose."

WPYX, ALBANY, NY M.D.-RON NENNI: "Last night it was a free concert with Bryan Adams. He won the crowd over and played almost 2 hours. Bruce Moser you missed it--it was a killer show. It was good to see you, Phil Q. from A&M in New York...We're having a lot of fun with the new AC/DC album. Come on now, who doesn't crank it up in the studio? The title and 'Evil Walks' are big ones for us and 'Put The Finger On You' is the most accessible for us...Hey Mike Bone, thanks for the cannon. Great idea...Joan Jett 'Loves Rock & Roll' and she means it. 'I Love Rock & Roll' is a must and we like it. 'Crimson And Clover', and of course 'Little Drummer Boy' are good tracks as well...What a terrific recording of 'Money' by Pink Floyd. Although the title of the album may be misleading, it's a good package, and 'Money' will most likely be rejuvenated, because of its outstanding re-recording...By the way, we featured the best cuts on the live Savoy Brown during our 60's show. It's a powerful live recording. 'Louisiana Blues' and the 13 minute 'Tell Mama' are really not bad...In local sales, it's Ozzy Osbourne from 12-7, Billy Squier is hanging in there at #5, Queen at #9, Black Sabbath debuts at #15, the Cars debut at #16, and the Henry Paul Band debuted at #22...Hey Rizzi: Is 'Denim And Leather' about you? Yeah, you wish! I hear you are not too cool for cats these days. Take care of yourself."

WLVQ, COLUMBUS, OH M.D.-TIM SMITH: "AC/DC is a killer, meaty and full of balls! Can anyone deny an album that shipped a million and a half? Stores are taking advance orders at reduced prices in the week prior to release. It's #1 request by a 2-1 margin over #2 Black Sabbath. Curious to see if next week's retail story will be lead by AC/DC or McGuffey Lane...The new 'Aqua Dream' album has a wider appeal than their debut Lp. Stands in a class of their own, with the down home feel, but not over countryfied. The album has a polished bite and is very representative of the good time kick-ass music that they deliver live...Peter Cetera sounded great to me from the first listen. Positive feed-back in the Sheet is enough for us to go with it. Forget about Chicago--this guy rocks on his own...Henry Paul has refined his act to give radio his best effort yet, although the later vocals sound like a product of the Barry Manilow school of music...We've noticed increasing phone action on Billy Squier's 'My Kinda Lover' in the past three weeks--it has to be coming from those already owning the album and needing the reinforcement of hearing it on the radio. It's a cut that's been overlooked until now, and Top 40 and an album focus could bring this album back to the top by year's end...Also, we added Stevie Nicks. This is because of other airplay and we're getting requests from upper demos. So, we're playing it in mornings."

KATT, OKLAHOMA CITY, OK M.D.-JEFF FREUND: "Something really needs to be said about AC/DC's new album because it's going to be big!!! (As everybody already knows.) This statement goes to some heavy metal artists who should take a look at what AC/DC does; they prove heavy metal doesn't have to be high speed to be heavy. A lesson Led Zeppelin always knew. AC/DC could just be that band to replace Led Zeppelins' void...A special thanks for all the great Christmas tracks coming in. Some real classics: 'Laughing Jingle Bells', Joe Dolce '12 Days Of X-mas'; Kinks 'Father X-mas'. Wow!...Also a special thanks to A&M's Patty Dearst for all the great times during the past few weeks...The Cars is definitely better than 'Panorama'. I think it's astep in the right direction. It's more like the earlier albums. It's the type of album that's going to grow on everybody. All the cuts didn't grab me right away, but the more I listen the more I like it... ..From the very beginning I've been behind Sneaker. It just blew me away!"

RADIO ACTION REPORT

WOWD, TALLAHASSEE, FL P.D.-DICK BLACKMON: "The only addition to the playlist this week, is the AC/DC. Have you noticed how calm looking the jackets are on this one and 'Back In Black'? Do you suppose that's so mother will buy the record as a Christmas present for junior and not know the real story until he gets it on the turntable? Clever record companies. I especially like the title cut. That should bring in the new year...Sales are pretty predictable this week with the Police, Foreigner, Journey, and the Stones leading the way...Quarterflash also took a nice jump...Pat Benatar, ARS, Def Leppard and Diesel all go to recurrent...Happy Thanksgiving."

WMMV, CHARLOTTESVILLE, VA P.D.-JAY LOPEZ: "We've been easing our listeners into the Christmas music rush with good results. Still getting phones for Kinks, and J.Geils gets more every day...The Cars and Rush keep them yearning for more too...What glee hath the P.D...Added real good music this week, and I have a question. Have you listened to it? I mean, have you listened? Let's talk Pete Cetera. So 'Living In The Limelight' sounds good, but the others are better. 'I Can Feel It' sounds great, and 'How Many Times' is nice. How about the song 'On The Line'? All that great bass sound, clean vocals, and good melodies. Good stuff. Enough said...Went deeper on Triumph with 'Fight The Good Fight', 'Say Goodbye', and 'Fool'. ...And the Go Go's are in...Certainly enjoyed the Joan Jett. Can't wait 'til Christmas day. What can I say? ...P.S. Is there a new AC/DC out?...Adds for the week: Gary Myrick, Peter Dinklage, Rainbow, Tim Bogert, the Go Go's, and AC/DC."

WQMF, LOUISVILLE, KY M.D.-DUKE MEYER: "Thanks to Bill Heltemes for bringing the new AC/DC Lp back a couple of days early. If you play that loud enough, it will melt the elastic on your shorts. Some good, hard core, rock and roll. Went with 'For Those About To Rock' right out-of-the-box. Also like 'Evil Walks' and 'C.O.D.' Promise it was not played until 10:00 AM Thursday of last week...Happy Birthday to Bill-a week late...Thanks to Neal Schon for the phone call...Sat down and listened to the new Pink Floyd. Interesting new 'Money', but I like the old version better. I may try the new 'Money' out and see what happens...Quarterflash, Triumph, Genesis, Foreigner are all doing great in both phones and research here...Latest pet project is Sneaker's 'Don't Let Me In'. With our kick-ass format, this may be your basic pound-the-melon against-the-brick-wall syndrome, but I've got Extra Strength Tylenol and I'm ready to go to war...Really like and looking with interest at the new Saxon and Bryan Adams Lp's. Thanks to Beth Rosengard and Van Arsdale for your suggestions to listen to these."

WRAS, ATLANTA, GA M.D.-DANE VENABLE: "Imagine my surprise Friday night, after I'd seen the Allman Brothers and David Allen Coe, when I attended a beach club. Yes, that's right, my tastes are very diverse. At this beach club I'm sitting watching the preppies walk by, when all of a sudden what does the jock play? The Go Go's and Billy Idol back-to-back. And I can testify that the dance floor was fuller than when anything by the Tam's or the Shirelles was played. Does that show any of you the diversity of these two groups? There is no reason why Billy Idol and the Go Go's could not fit on any type format. I think IRS has already proven their point with the Go Go's, and now I hope Chrysalis will get on the case and release a Billy Idol album...Happy Thanksgiving. Enjoy your turkey."

KZIP, AMARILLO, TX M.D./P.D.-DALE MILLER: "Adds: Molly Hatchet, AC/DC, U2, and Kiss...Molly Hatchet. It was a hard album to pick the cuts on this one. They're all good. I especially like 'Lady Luck' and 'Loss Of Control'...AC/DC. Another typical album for these rockers. Instant phones on this one. We're on 'Put The Finger On You' and 'Let's Get It Up'...Kiss. I know a lot of people who will be reluctant to add this one because of the image, but we've had instant phones on 'A World Without Heroes'. Nobody can believe it's Kiss...U2. We're playing 'Gloria' and attracting some attention...Top 5 sales: Rolling Stones, Foreigner, D. Fogelberg, Stevie Nicks, and Red Rider."

WMAD, MADISON, WI M.D.-DALE WOLTER: "With the release of the new AC/DC, the Stones have been dethroned. Since receiving the album last Thursday, AC/DC requests have skyrocketed, and they take over as #1 in that department...The Stones sales are still incredibly high with all the excitement being generated by their three dates in Chicago, and our ability to pass along tickets and other good things to some very grateful listeners for their final performance, which is tonight...The Grateful Dead hits the Mad City in early December, so we added Bobby And The Midnites to kind of goose along the lazier Deadheads. It's also too good to pass up any longer...I've never seen a promotion person get behind an album the way Laurie from Atco has done. She finally convinced us. Eddie Schwartz is in...Ozzy continues to go gangbusters in sales and requests, as does: Neil Young, Black Sabbath, Cars, and Rush."

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "The new Joan Jett album is fantastic. From 'I Love Rock And Roll' to 'Crimson And Clover' she rocks harder than Benatar ever will...Speaking of rocking hard, the new album from AC/DC should carry us well into the Spring of 1982 with, hopefully, few earaches as a result...The new extended version of 'Money' by Pink Floyd is stirring up a lot of audience interest...From the other side of the water, along comes Adam & The Ants, The Jam, and Madness. All are what was expected from those guys over there...Thank God Ringo finally got some help from some of his friends. The new album isn't half bad. Love the video for 'Wrack My Brain'...On the Southern Boogie side, the new albums from Delbert McClinton and Commander Cody should keep that faction happy...Finally, for two guys who have worked harder on promoting their four-song Ep than I've ever seen before, Mal and Val, we're going with 'Please Louise'...Til next time."

KTYD, SANTA BARBARA, CA M.D.-SUSAN CHRISTOL: "We added this week: Jimmy Cliff, Madness, The Humans, Joan Jett, Rainbow, AC/DC, and Black Sabbath...Santa Barbara continues to support an avid reggae community, with Jimmy Cliff's latest Lp a must add for us. Tracks like 'Give The People What They Want' and 'Experience' demonstrate Cliff's superb musical artistry as well as his political consciousness...Madness is a strong bridge Lp for us. The band provides a texture that projects very well on-the-air...We firmly endorse the Humans album. It's full of quirky lyrics, festive melodies, and it exemplifies high profile radio production...Joan Jett, if used selectively, is fine airplay material. The title track is great, if conventional. 'Drummer Boy' will work as a fun Christmas track...AC/DC is a fix for our heavy metal junkies...P.D. James Lull's appraisal of Black Sabbath is: 'Good sub-teen, sub-human appeal--primal screech'...Coming up next week in Santa Barbara: A co-promoted concert with Greg Kihn."

WQBK, ALBANY, NY M.D.-LIN BREHMER: "Let's start with the new Joan Jett album. #1 airplay this week. Joan and the Blackhearts sold out the 800 seat local showcase in advance. I would say she's doing better than okay in Albany. The production on the new album is perfect. Selection of cover material is excellent. 'I Love Rock And Roll' is (as Mr. Hard pointed out) as obvious an anthem as the idiom provides...The new John McLaughlin album will do very well for us. His last outing, 'Friday Night In San Francisco', was heavy airplay here...If you can believe it, the second Stray Cats Lp is even more rockin' than their first, and we love it...There's a local folk-oriented rock artist, named Michael Jerling, who has just released his first album on a local label. The title track 'On Top Of Fool's Hill' is simply one of the best new songs I've heard this year. I think it might find its way into the hearts of some of the Indicator stations. I know Belle and David 'T' would like it...Delbert McClinton continues to blow me away. We're six cuts deep...Thanks to Bruce Moser for the advance cassette of the forthcoming Ellen McIlwaine album. That first cut has some of the nastiest slide guitar I've ever heard. And Ellen's voice? That's a religion in itself...Also a big 'thank you' to Bill Bearish and Paul Yeskel for their support."

KLAQ, EL PASO, TX M.D.-ROB ROMAN: "Adds this week: AC/DC, Bob Welch, and the Go Go's...Metal crunchers beware. AC/DC is definitely back and even more tasty this time out. What more needs to be said...Another great week for Quarterflash and sales are just behind top 5...Both Journey and Def Leppard showed increases this week due in part to concerts here recently...We will finally try the Go Go's. They are already getting sales here...Have a great turkey day everybody...Top 5 sales: #1 Journey, #2 Rush, #3 Police and Foreigner #4 Def Leppard, #5 Cars...Requests: Journey, Kinks, Quarterflash, Def Leppard and Foreigner."

WYMX, AUGUSTA, GA M.D.-MARY PILLINGER: "As expected, the crunch of AC/DC requests overloaded the phone circuits the day after we featured the album. 100% requests for the title track...Also off and running after a slow start is the new Eddie Schwartz album. Calls especially from females have been heating up along with album sales, moving it into the Top 20...The new Henry Paul album is more polished and more commercial than his last endeavor, and is destined to be a big album radio pop crossover with the songs: 'Living Without Your Love' and 'Keeping Our Love Alive'...Quarterflash continues to wrap up sales and points in my book for best new group. They move into the Top 5 this week with such luminaries as the Stones, Rod Stewart, Journey, and Stevie Nicks...Adds This Week: AC/DC, Henry Paul Band, and Streak... Hope you and yours had a happy turkey day!"

WRNW, BRIARCLIFF MANOR, NY P.D.-RON RIZZI: "A wild week! Looney tunes, to be more exact. On Friday in NY, Genesis held a press conference to announce their November 28th Savoy Club date. It was an exciting well planned event. Michael Rutherford and Phil Collins are eloquent and cordial gentlemen. Phil's sense of humor showed through like a beacon. His story of why only one ticket per person was hilarious. They're the best; and, thanks to: Danny Busch, Bruce Tannenbaum, and Judy Libow at Atlantic...Karla DeVito dropped by the station on Tuesday and we had a great time chewing the fat. Boy, she has so much energy! Besides, she had lots to say and was a joy to speak to. Thanks to: Karla, Winston, and Steve. We appreciate the visit, and she deserves all the best...Now I wasn't kidding when I said busy. Lance and Larry Hoppen of Orleans also visited the station this week. They're busy getting a new Lp together and from our conversation, it sounds like it'll be a smash...Our Rock Games promotion comes to a grand finale this Saturday, November 28th. We expect an incredible turnout at the Nanuet, NY Stereo Magic store where some lucky people will win either a JVC 7300 video machine and rock video library, a JVC home stereo system and rock Lp library, or an Atari video game complete with game cartridges. Special thanks to everyone who helped make this possible...This Week's Adds Include: AC/DC (which is hot as a pistol this week), The Jam, Pink Floyd, Chicago, Joan Jett (the title is a great single--it may be as hot as Squier's 'Stroke'), Blues Brothers 45, David Byrne, and Adam & The Ants domestic...It's turkey time. Happy Thanksgiving!"

WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ: "Somehow it seems that the week that we add the new AC/DC record there's really absolutely nothing else that we can go with. This new record will, of course, bring a lot of folks into the stores through Christmas. Our lead cuts are going to be: the title track and 'C.O.D.'...We're getting good reaction to: Cars and J.Geils Band here. But then again, at this point, that's an obvious statement. Though I do have to commend the Cars for the sound on this album which is more acceptable than the last Lp 'Panorama'...The song 'Crazy' on the John Hall album has really turned into a monstrous album for us. It's getting a tremendous amount of action on the phones, as well as sounding very good on the radio for our upper demos...It's hard to believe, but even after the release of the domestic version of Rainbow, it's still sounding fresh and getting solid, steady reaction on the radio for us. It's very vibrant, and it hasn't peaked out yet. Apparently people are still getting off on it...A couple of weeks ago I mentioned that Bob Welch was my sleeper album. I believe it's really being overlooked. I think this is the best Bob Welch that we've had to deal with in a long time, especially the cut 'If What You Don't Say'...Henry Paul's 'Living Without Your Love' is going to go all the way; Top 40 & album rock. The songwriting is very strong on this one...I guess the one thing we should all be thankful for this Thanksgiving is having a job in this crazy industry... I'll close with my Top Ten local sales, which are: Rolling Stones, Dan Fogelberg, Police, Journey, Bob Seger, J.Geils Band, Genesis, Queen's Greatest Hits, Foreigner, and Stevie Nicks...Happy Turkey Day to everybody!"

KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES: "The Saints win again, Arkansas loses again and I keep looking for a time expander. Just too many records that sound like they could be, if only we could play them enough. And now I'm getting into my autumnal case of so much of it sounding alike. I'm even entertain if I personally like anything till I've heard it 8 or 26 times...One's I'm into but not on: U2, Peter Dinklage, Savoy Brown live (tell 'em momma made me send my Sennheisers out to be cleaned), Joan Jett, and the Go Go's (boy do they ever piss off the chain saw Charlies)...One's I'm on but not yet into: Molly Hatchet and Henry Paul. Guess my southern boogie Jones will have to suffer a dose of reality...One's I'm on and into: Geils, Neil Young, Cars, and the super tastiness of Eddie Schwartz...On Schwartz my caution has me on only the title, but I felt just about as safe on just about the whole thing--there ain't a runt in a whole damn litter...Thanks to Sneaker for the Jordaches, and to Jordache and Handshake for Sneaker."

KFML, DENVER, CO P.D.-IRA GORDON: "Adds: EmmyLou Harris, Commander Cody, Corky Siegel, Savoy Brown live, 'Ernie Watts 12", and last but not least Frank 'She Shot Me Down' Sinatra...This week's top 10: Genesis, Devo, King Crimson, Delbert McClinton, Rickie Lee Jones, Lindsey Buckingham, Bruce Cockburn, Slice, Novo Combo, and Tommy Tutone...Happy Thanksgiving!"

WZZO, ALLENTOWN, PA P.D.-TOM KELLY: "Sung to the tune of the Carpenters 'Merry Christmas Darling': 'Greatest hits have all been sent, the Christmas rush is through. So we just have one add this week 'For Those About To Rock, We Salute You'."

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "The cannons in the AC/DC won't replace the 1812 Overture but the tight production is definitely what helped turn those cannons platinum within a couple of months...Personally I have to admit the new EW & F is very well done but probably won't find much acceptance among album rockers. The extra crispness in its audio is exactly the amount missing in the somewhat muddy response of the new Henry Paul Band. You don't suppose it was a tweeter thief? (turkey withdrawal symptoms)...Best of luck to Jim Del Balzo moving in to NY Promotion for Columbia. He asked me to include our add for Pink Floyd's collection of dance hits. I do like the newer version of 'Money' but I'm not sure I could dance to it, although our sales manager could probably find a way...Joan Jett has really come up with a damn good album. Her best so far and everyone at WDHA is quite enthusiastic about it. We're on five cuts... Regarding last week's question on MTV, the biggest problem I can perceive is that most videos do not hold up in repetition. For that matter, how many movies other than 'Rocky Horror' can you watch more than once? And the better music videos are really mini-movies. There will probably be an Oscar type award eventually but right now I would vote for: Jim Steinman's 'Dance In My Pants', all Bowie videos and the new Devo videos. All of which have great style and a tremendous amount of entertainment crammed into a few minutes...WDHA's Gary Axelbank covered the Genesis press conference last Friday with an announcement of a club date (The Savoy) November 29th. Still some good seats at the Meadowlands Arena date December 10th...The first Rush show there soldout and they just announced that the second show is almost soldout Needless to say seats didn't last long for the AC/DC show...Gary had a busy week at the Captiol Theater with live interviews with George Thorogood, Diesel, and Triumph. When asked why he's doing the 50/50 tour, George said because it hadn't been done before. His performance showed no signs of fatigue. I think it's clear we're going to be hearing a lot more from this dynamo...It was quite a surprise to learn Diesel is from Holland and English is not that easy for the group. 'Sausalito Summernights' sounds so American... The Triumph show got a late start because Mike Levine became a father a few hours earlier. Congratulations on the newest triumph."

RADIO ACTION CONTINUED

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN: "I have short comments this week because I, like the rest of the world, are squeezing four days into two. Anyway I'm glad it's turkey week...AC/DC has come out with a hot, blistering rock and roll album. Needless to say, we've had instant vocal reaction...Bob Weir's LP will definitely get New Hampshire Deadhead's interest... Novo Combo 'City Bound' was this week's ear-catcher...Thanks to Don Delacy and Lenny Collins for the Karlo Devito-Hall and Oates tickets. What a great show. Hall and Oates 'No Can Do' has got to be another #1 record...In retail: J.Geils goes to #2, Rush is in at #3, and the Cars #6...Conversions: Rush and Greg Lake into hot...Molly Hatchet, Sneaker and Peter Cetera into medium...Adds: AC/DC, Bob Weir, Novo Combo, Henry Paul."

KEZY, ANAHEIM, CA M.D.-LARRY REISMAN: "Adds: AC/DC, Pink Floyd. Who would have ever thought that AC/DC would be so big? It boggles my mind to think that they have an album that sold over 7 million copies. I guess we now know who took Aerosmith's place for the #1 spot in the pimple rock category. I must say I do like the album title and the production is superior. I definitely foresee #1 sales action on this record and airplay to match...I know the Rossington Collins album isn't happening in quite a few markets, but it is really a big record for us. The cut getting all the response is the beautiful ballad 'Tashauna'. Everytime that tune is played, we get tons of calls. Give the song a spin or 2 if you haven't already...Top five sales: #1 Go Go's, #2 Stones, #3 Stevie Nicks, #4 Journey, #5 Police... If you're not playing the Go Go's by now, you're missing out on a hit record-- top 5 sales since the second week out...Finally some good sales on Quarterflash, with a debut at #22."

WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN: "Adds: AC/DC, Bob Welch, Del Shannon, Delbert McClinton... Heavy this week: Police, J.Geils, Cars, Stones, Rod Stewart, Queen, Steve Miller, Quarterflash, Lindsey Buckingham, Molly Hatchet, Ozzy Osbourne, Red Rider, Loverboy, Genesis, Triumph, Black Sabbath, John Hall and AC/DC...Sutton's Left Field Record: John Otway and 'Headbutts' (thanks to Roy Rosenberg)...Hype here-turkey awaiting...No big news here except for thousands of frantic Rush fans anxious to see the band in Hartford on December 20th. I-95 will be giving away 25 pairs of tickets to see the band courtesy of Jim Koplik and Rush manager Ray Daniels stemming from the promotion we ran in the early Spring when we had listeners sign petitions to bring Rush to the area after they skipped it on their last tour. Many thanks to both gentlemen for all their help with a very hot promotion...The Del Shannon record sounds pretty good. I like his cover of 'Out Of Time' alot, so we'll try that to start...RCA tells me it's what you don't play that hurts you so on with Bob Welch. Will John McVie come along with 'arbitron boogie' next?...It's tough enough finding enough ways to waste my time in 5 days, but this short week is really putting the pressure on, so it's off I go...Happy Turkey!"

KILO, COLORADO SPRINGS, CO M.D.-ART PHILLIPS: "Will gorilla milk cause brain damage? Ear bleeds? Blood shot eyes? Back into your fox hole Hard and give AC/DC the veritable suckah award with the title track destined to the Mo-Fo hall of fame. Fire!...Since precious metal is the topic this week, Australia's Starfighters have got the goods, especially 'Alley Cat Blues'...Formula with focus, that's Streek. We'll start with 'Gone Too Far' and keep an ear on 'Johnny You're a Bad Boy'...Joan Jett is just in and 'I Love Rock And Roll' is irresistable. Next week we'll start rolling 'Little Drummer Boy'...We've had trouble in the past with Delbert McClinton's voice fitting in but 'A Fool In Love' is a straight across the board rocker...Progress report: No kidding, Bryan Adams 'Lonely Nights' gets stronger with each play. Even the shyest playlist could make room for this exceptional record...Now that Sue Saad is hot and heavily requested, what the hell do we do? Our stores are screaming for product...Shooting Star jumps back into hot this week...True fact, if you line up all the turkeys consumed on Thanksgiving in Colorado they would stretch from The Springs to Cherry Hill, New Jersey."

WXUS, LAFAYETTE, IN M.D.-BOB MAJERSKY: "This week's adds: AC/DC, McGuffey Lane, and Bob Welch...Increased rotations this week on Molly Hatchet and the John Hall Band...Everyone here wishes everyone a Happy Thanksgiving."

WRCN, LONG ISLAND, NY M.D.-JIM BUCKLEY: "I spoke to Joan Jett today and she seems to be very excited about her new album. I was glad to see Bill made it one of his first Pinch Hits, but he failed to mention 'Nag' as one of his picks. This one has more potential than 'Take This Job and Shove It' because it could apply to just about anybody. Being a local lady, look for alot of good things from Joan especially in the Northeast...Thrills, another band that adopted Long Island as its home and played this area extensively for years, has released their second album. It's a bit on the pop side but don't overlook 'You Don't Remember Me'...What's this I hear about the Cars doing surf music? Oh, it's Peter Dayton, We'll add it anyway...AC/DC-another album and another tour. Will this barrage of Australian metal ever stop? I doubt it...Adds: AC/DC, Joan Jett, Peter Dayton, Thrills, Kiss, David Bowie, and Pink Floyd."

WHJY, PROVIDENCE, RI M.D.-ROB LIPSHUTZ: "A 21-gun salute to AC/DC for the heaviest artillery since 'Back In Black'. They make other hard rock bands seem like cannon fodder. My picks: title cut, followed by 'Put The Finger On You', 'Let's Get It Up', and 'Evil Walks'. Nearly half of our requests have been for this record...In sales the Stones have been dislodged from the top spot by the mighty J.Geils Band...Adds: AC/DC, Black Sabbath, Peter Cetera, and Neil Young"

KZOM, BEAUMONT, TX M.D.-PAUL GAUTIER: "The Golden Triangle is getting ready for a Thanksgiving rock feast as Nazareth, Vic Vergat and Billy Thorpe make their pilgrimage to Beaumont to perform for gobbles of response and a horn of plenty. It should be a pretty tasty show...Here's some good news for all our lower demos, AC/DC's new album 'For Those About To Rock We Salute You' is on the air. The holiday phone bells will no doubt be ringing off the wall...Other than that, Loverboy, the Cars, Ozzy Osbourne, and the J.Geils Band are the biggest movers this week with heavy response on Foreigner, S.Nicks, and Journey...Phones building on J.Geils, Queen, Greg Lake and Rainbow...Adds: AC/DC, Joan Jett, Peter Cetera, and Eddie Schwartz."

WDEK, DEKALB, IL P.D.-WARD HOLMES: "While Ed is at the Rolling Stones concert, I must make this report...The pre-Christmas glut of greatest hits has arrived; therefore, adds are far and few between. Nonetheless, we came up with a good album from Delbert McClinton and Mal and Val. Thank you Roger and the Blasters... On the jazz side of the coin, adds are John McLaughlin, Richie Cole, and Grover Washington...Before getting into the list, watch this space for Christmas surprises...The list of hots: Police, Genesis, Quarterflash, Joan Armatrading, Rod Stewart, J.Geils Band, ARS, Dan Fogelberg, Neil Young, Hall and Oates, Crusaders, Elvis Costello, Steve Miller, Martin Briley, and the Stones...Personal to Marko: I had the shot and I didn't take it."

WKWF, KEY WEST, FL P.D./M.D.-BRUCE YOUNGBLOOD: "The Commander is back. 'Lose It Tonight' is an exceptional album crammed full of boogie rock and roll tunes. I like both sides of the single. 'Go To Hell' and 'Get You Tonite' all cook. For something a little different listen to 'Sea Wolf'...The latest from Renaissance also gets high marks. Their old sound is there with songs like 'Okichi San' and 'Ukraine Ways'. For modern Renaissance listen to the title...Another good song is the Zippers Ep, 'It Hurts'... If you're losing with The Knack try 'She Likes The Beat', a killer cut...We are having a lot of success with 'Walking In The Dark' from the Rings...Our number 1 most requested album is Marianne Faithfull. We're playing five cuts from this: 'Sweetheart', 'Intrigue', 'Easy In The City', 'Strange One', and 'Eye Communication'...Go for it Bill Hard. I'm 42 years old and I listen to Ozzy Osbourne at home...Our album adds: Savoy Brown, Ragtime, Adam & the Ants, Commander Cody, Renaissance, Emmylou Harris, Sheila, AC/DC...Singles...Bill Withers, Phantom...New Wave Features: Surburban Lawns, and the Zippers...All That Jazz: John Clepper, Grover Washington."

WEBN, CINCINNATI, OH M.D.-CURT GARY: "I came, I saw, I left. I want to thank all the people who made my first trip to L.A. a pleasurable experience, including: Fred Moore, Debbie Smith, Louann, and all the people at Album Network, and, especially, Mike Papale and Marko. But the whole thing would have been impossible without the generosity of RCA and Bill McGathy. I really enjoyed Bob Welch and friends. I hope to get back to L.A. soon. Thanks again...Biggest story here in Cincinnati is the success of Nils Lofgren. I've always been a fan since his days at the Falls Church Community Center. He's come a long, long way. 'Empty Heart' is the number one song in Cincinnati...Also immediate acceptance on Pete Cetera...Other records that are starting to show success are Genesis and their funky 'Abacab'...A lot of excitement on Quarterflash, who comes to town next month...But even more excitement as we anticipate the magnesium blast of AC/DC...Number one most requested song in town this week is 'Centerfold' by J. Geils. It's a great song, but I keep getting hung up on the staples...If there's another track on the Cars record, I don't hear it...Happy turkey day. Eat it."

WKQQ, LEXINGTON, KY ASST. P.D.-DAVE KRUSENKLAUS: "My money says that the FMQB add record will be shattered this week by the arrival of the Angus Gang. The AC/DC record is our most requested item. Sales were immediate and this is a record that to me sounds right on track for what this band is up to. This band gives you straight ahead rock and roll, no questions asked, and no exceptions. We'll start with the title cut. This tune is the king of the youth right now. I recall seeing Pat Benatar this fall in Cincy and the response for the AC/DC 'Dirty Deeds Done Dirt Cheap' done before the show was equal to when Pat Benatar got on stage...Nice fresh release from the Henry Paul Band. I think the single's got a real shot to go all the way. I'm also high on 'Hollywood Paradise'. I like this band more since cover of 'Brown Eyed Girl'. It's a good sounding record...The Schon/Hammer record is already getting first week calls. I think the track here is 'Talking To You'...The Geils record is red hot-top 5 phones...The Loverboy record is finally beginning to pick up...The remake of 'Crimson and Clover' is the cut that I'll be centering in on in regards to the Joan Jett record...Top sales are AC/DC, Stones, that monster Foreigner record, and Dan Fogelberg...The Kinks continue to get strong phones for 'Destroyer'...Also starting to pick up request activity on Molly Hatchet. I can't believe that there are actually horns on a Molly Hatchet cut. I think Phil Collins has started something here...Have a nice Thanksgiving."

KBLE, DES MOINES, IOWA P.D./M.D.-RON SORENSON: "With 'Shakedown' the Lamont Cranston Band has come into its own. They easily score this week's Golden Gilt Award. 'Shakedown's' sound is somewhere between the Butterfield Blues Band and the E Street Band. Bruce McCabe's tunes lead as usual with 'Moonlight On Broken Glass', 'Shakedown', 'Streets Around Here', and 'What Love Will Do' upfront...I understand RCA's big Roy Sundholm push is on. We played Roy's first and think this one is even better. If I were Tom Petty I'd be listening for footsteps...The Daddy Licks Band is an interesting find. It's from the Elvis Costello/Joe Jackson school. In fact, with Joe's 'Jumpin Jive' record and Elvis' country disc not to their liking, devotees of the original Jackson/Costello style might pick up on Daddy Licks. The 10" on Emotional Records might be tough to find (ours came from Side One Marketing) but worth the trouble...A closing word of congratulations to Iowa's own Hawks (the football team this time and not the band). I smell roses and we love it. Thanks to Earl Bruce and Ohio State for helping make it possible... Adds: Grover Washington Jr., Vangelis, Daddy Licks, Lamont Cranston, and John McLaughlin."

THE SOURCE

NBC Radio's Young Adult Network

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 174 stations. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; 215-667-5118. The following are excerpts from this week's report.

RAINBOW is currently in Canada working on their 7th album due to be released in February-- with an extensive U.S. tour to follow. They've got one track already recorded and 8 originals written, and may be doing a cover of another Russ Ballard song. Further there's been a replacement in Rainbow. Don Airey has left and Boston-native David Rosenthal takes his place at keyboards.

Canadian rock trio RUSH have just completed their tour of Europe, and begin their U.S. tour. Rush bassist and vocalist Geddy Lee meanwhile will appear on a forthcoming comedy album from Second City TV, both performing in one of their skits and singing a song called 'Come Up To The Great White North'. Rush also told the ROCK REPORT that they filmed a concert they did recently in Montreal, and will be distributing that video to cable TV in the near future.

Plans are already being made for the next album by the JEFFERSON STARSHIP. Guitarist Craig Chaquico says that they've been working on songs during their tour which ended November 27th in San Juan. Starship intended to take the holidays off to finish up some song ideas, get together in January and February to rehearse, and be in the studio by March with the album due in the Spring.

OZZY OSBOURNE is a one man promotion team for his new album 'Diary Of A Madman'. As previously reported, during the meeting with record company executives earlier in the year Ozzy bit off the head of a dove. Now in the middle of dinner in England with record executives Ozzy dropped "trough" and was promptly carted off to an asylum for a few days rest. Osbourne starts his U.S. tour in Reno, Nevada on December 29th.

The TV special on the DOORS will be released to the cable network in a couple of weeks. Meanwhile a Doors biography being written by Danny Sugarman will be released later in '82. Also a Doors live Lp is still in the works. They are listening to tapes before deciding whether to head into the studio to mix them. Doors keyboard player Ray Manzarek has just been in the studio in LA working on his solo Lp and Robby Kreiger is involved in a number of projects producing his own album as well as albums by Helena Springs, The Tan, and Charles Duncan of the Willies.

BIRTHDAYS THIS WEEK: 12/3: Mickey Thomas is 32; 12/4: Gary Rossington is 29; Southside Johnny is 33; Dennis Wilson is 37.

BOB WELCH

Stay tuned for Bob Welch and friends: Stevie Nicks, Christine and John McVie, Mick Fleetwood, Carmine Appice, Ann Wilson, etc. on MTV, The Source, and RCA videodisc as captured live November 19, at the Roxy Reunion Concert, Los Angeles.

TUESDAY - DECEMBER 1

We begin December on a most idealistic note and in a communicative mood. The Emotion ruling Moon in fixed, airy Aquarius cannot alter your view as to how well the world is functioning, but this lunar cycle does give us the ingenuity needed to tackle the business at hand. No Void - of - Course Moon, so purchases and decisions have the green light. A good idea is to Catch - up on telephone and written Communications, check your list of unaccomplished personal errands, and put this creative day to work for you. The Evening hours are "So - So" for heading out, but are superb for being in or working.

TODAY IS A 7

WEDNESDAY - DECEMBER 2

This is a day of Astrological recess. In no way does this mean a slow day! Rather there are times when we are being battered about the head and shoulders by certain cycles. So this would have to be viewed as a "High Energy - Breather" day. No Void - of - Course Moon, this is a time to accomplish all that can be done Comfortably. Even the lunch and dinner hours are great time for relazing with friends OR getting some business accomplished -- and don't overlook today as a time to iron out long standing misunderstandings. Tonight continues in this vein, and it is really a matter of what needs you have.

TODAY IS A 7

THURSDAY - DECEMBER 3

The Moon is Void - of - Course from 4:43 AM, E.S.T. until entering Pisces at 12:17 PM, E.S.T. This is a problem for business but is just made for breaking bad habits and letting creativity take the unexpected turns it always does during this period. Two major angles dominate today. (1) At 5:30 AM, E.S.T. loving Venus at 26 degrees of Capricorn is at a 90 degree square to disruptive Pluto at 26 degrees of Libra, so people want to make changes. (2) At 5:08 PM, E.S.T. physical Mars at 24 degrees of Virgo is at a 90 degree square to mystical Neptune at 24 degrees of Sagittarius, disorganizing where to expend the energy. In Short -- this day is "all reved up with no place to go." Ah -- confusion; So pace yourself accordingly and mellow out.

TODAY IS A 5

FRIDAY - DECEMBER 4

This day will sound somewhat like a contradiction in terms -- at first. The Emotion ruling Moon in Sensitive, adaptable Pisces gives a more empathetic and mellow day. But at 11:23 AM, E.S.T. the 1st Quarter Moon is up on us with the Moon at 12 degrees of Pisces at a 90 degree angle to the Sun at 12 degrees of Sagittarius. This gives energy but it is of the variety that does not run rough - shod over others. No Void - of - Course Moon so have at it! If you are one of those who loves a rancous Friday Nite, you will find this one more laid back. A better plan is to save your coins for Saturday Evening and Sunday. Tonight -- curl up with a good piece -- of literature?

TODAY IS A 6

SATURDAY & SUNDAY - DECEMBER 5 & 6

SATURDAY IS 5 & SUNDAY IS 7

Saturday gets off to an energetic start. At 9:56 AM, E.S.T. the Moon at 25 degrees of Pisces is opposite physical Mars at 25 degrees of Virgo -- people will either get up energetic or grouchy. At 3:00 PM, E.S.T. the Moon is Void - of - Course until 6:50 PM, E.S.T. when the Moon enters fiery Aries. If you had wondered where the good times went, this Moon in Aries will give you more than a clue. Plan to have a good time on Saturday Evening, and on Sunday -- just keep on doin'. No Void - of - Course Moon on Sunday, but I plan to be on the go. Why waste good energy? Special thanks to Charlie Kendall, Steve Sutton and Anita Gevinson at WMMR for the "Nini and Martinie Report" added at 10:20 AM weekdays. A Cosmic hug, Anita!

MONDAY - DECEMBER 7

TODAY IS A 7

GET UP. Let use this Moon in Aries energy to our own benefit. The rough time hits at 3:11 PM, E.S.T. when the Moon at 26 degrees of Aries is opposite disruptive Pluto at 26 degrees of Libra. This can be very cranky and will be especially cranky during the lunch hour in the West. The Moon in Aries is Void - of - Course as of 8:37 PM, E.S.T. until entering Taurus at 9:32 PM, E.S.T. If the last couple of days have been too pushy for you, the Moon in fixed, earthy Taurus should take the harsh edges off your mood. Tonight is good for recuperating from a highly aggressive day -- but that does not rule out having fun where the music is.

Lieberman Call

	SALES	POTENTIAL	
John Hall	2	5	Needs visibility.
Steve Miller	6	6	
Quarterflash	9	10	Top 10 sales throughout our seven state market.
Lindsey Buckingham	4	10	This is not a one cut Lp. "I'll Tell You Now" sounds like it could have been on "Double Fantasy".
Chilliwack	5	9	Continues to climb our sales chart.
Bob Weir	3	9	"Book Of Rules" should make a great 45. Highly entertaining record.
John Entwistle	4	8	Doing well considering lack of airplay.
Rainbow	5	5	Peaking.
Neil Young	6	6	We give this three more weeks at best.
Loverboy	10	10	One of this area's biggest bands. Top 3 sales since release.

"A sincere thank you to Jon Scott and Toni Profera for inviting me to be a part of a recent conference call. The dialogue between everyone can only serve to create a better understanding of our industry...One thing I don't understand is a recent statement by John Sebastian in Radio and Records concerning the Police. 'Too pop for album radio'? 'Image problem'? Is this type of consulting taken seriously?"

CHICAGO-Bruce Lowry

DENVER-Gary Abrams

	SALES	POTENTIAL	
John Hall	-	-	No reaction.
Steve Miller	7	9	Heavy single play around the entire area. Lp picking up daily.
Quarterflash	7	10	Very possibly the hottest new act of the year, but is it because their sound reminds you of _____. I think Quarterflash is a little slicker.
Lindsey Buckingham	7	9	Sales get better weekly. Very heavy in outlying areas.
Chilliwack	6	7	Starting to look good here. Getting more single orders for "My Girl" than for the Lp.
Bob Weir	4	6	Retail is showing interest in Lp, but we have not received the Lps from the manufacturer from day one of release and the retailers are hot. Sales on cassettes are very light.
John Entwistle	6	8	Sales are picking up in recent weeks. Secondary markets strongest.
Rainbow	6	8	It has to be the selections and price on the Ep that keeps it selling very well. Did I mention price?
Neil Young	7	9	Heavy reorders in all markets.
Loverboy	7	10	Secured metro and secondary markets in record time.

LIEBERMAN CALL CONTINUED

Neil Young	5	9	Good reorders are showing up.
Loverboy	7	10	What a followup!

"The new Buggs Henderson Group Lp is out and is definitely worth a listen. Check out 'Judi Likes The Blues', '13 Ways', 'Still Flying' and a tasty rendition of Freddie King's 'Hideaway'...Hot at home: Buggs, Delbert, J.Geils, Quarterflash, Sneaker, Eddie Schwartz, Henry Paul Band."

Record Action

BRUCE MOSER, COULD BE WILD (716-885-5200): "I would like to thank Michael Plen for making my job much easier. He has blown up almost every M.D. and P.D. in NY state which doesn't leave me many people to call and has cut my phone bills drastically...To Roberta Haber: Could be guilty for making excuses for the Boss...Everyone has done much research and discovered that everything I have said about Tom Hunter, airports, Toronto, and chocolate covered donuts is the truth, the whole truth and nothing but the truth. That silk scarf story was a good try, but who would ever believe that?...To Jon Scott: If you can get your hockey team to look half as good as your bowling team, the L.A. Kings might become contenders. That 7-1 defeat by the Sabres was embarrassing but not as embarrassing as losing that bet to Tommy Nast...Speaking of Nast, I understand it's his birthday. (Could be ancient). Just how ancient? Here's a clue: He scored 9 hat-tricks in his last hockey game...U2 continues to build making many new believers every week. They just played to soldout audiences in Boston and New York. U2 is as mass appeal as the Police. Special thanks to Charlie Logan, WFYV, for his U2 comments. We'll get you some copies of the album so you can play it...Now that all the major releases are out of the way, you can play catch up with some of the great releases you may have overlooked. Bryan Adams is a hit act and one listen to his album will prove this to you. Bryan kicks off his first American tour with shows in Albany and Buffalo this week. His album is about to go gold in Canada and this could be the next act that A&M breaks in the States... Be on the lookout for a new Romeo Void Ep produced by Ric Ocasek of the Cars. A vast improvement over their debut effort...Also be on the lookout for an Ep by Moonlight Drive, a Doors cover band who do a great version of 'Gloria'...Last but not least, the McKenzie Brothers with Geddy Lee of Second City TV fame. Could be Canadian, could be funny, and could be a big hit, eh!"

WYNN JACKSON, INDEPENDENT (404-321-5228): "I can't get enough of AC/DC. This album reminds me of being raised by the Indians. It's intense! Amazing how the first Pinch Hit ever in the Hard Sheet is a stone cold homer. If there is an album station in the country that can't play 'I Love Rock And Roll' by Joan Jett then something is wrong. Please Drake, no sexist jokes!...Attention national folks: A couple of new stations of reporting status that need service are WIDD, Johnson City, TN and KMJX (Magic105) in Little Rock, AR. Make sure they're getting your product--they'll play it!...In case you haven't heard, the Abrams Convention '82 will be held at the Contemporary Hotel inside the park at Disney World in Orlando, FL, February 1,2, and 3. Just another indication of how Mickey Mouse our business is really getting---just kidding, Lee. Anyway, see you there...And speaking of new meat, Wynn Dixie's 'prime cuts' this week are as follows: 'Silver Lady' by Starfighters; 'Hold On To Her' by Tim Bogert; 'Don't Let Me In', Sneaker; 'Gone Too Far' by Streak; and out of left-field, 'One More Time For The Lonely', Paul Davis."

ALAN WOLMARK, ATLANTIC (212-484-6017): "For those about to rock, we now salute you! Get down to it and see one of the best rock tours of the 80's as AC/DC's six-month tour continues. I saw them twice in Milwaukee and Chicago last week so I've got proof. Great rock and roll insanity...Foreigner wrapped up the first leg of their phenomenal tour in Cleveland to the tune of the #1 album and a Cleveland-style party for the tour package of Foreigner and Billy Squier. Thanks to WMMS for their usually great late Fall party...Too many thank yous from my pre-snow Midwest trip but let's try anyway. Great to see: Rosalie, Carey, Greg, Leo, G-Man, Wolf, Brent, Daniels (Good luck), Bobbin, Jim McB., Kelley, Benson, the lovely Miss Glassberg, Skyboy, Norm, Geims, the omnipresent Logan and Gates travelling party... The Genesis album is now officially unstoppable. And their tour is the total aesthetic experience...The new uncontrollable buzz has got to be the Henry Paul Band. Across-the-board, out-of-the box, and 'Keeping Our Love Alive' is a smash...Check your reports and comments herein: Mink DeVille is a real record and building. Try 'Maybe Tomorrow' and 'One Good Reason'...Wolmark tip of the week: Chicago's Museum of Science and Industry has a great exhibit of juke boxes from the 30's and 40's. Call Norm Winer. He's now an expert...Heavy rotation at home: Pink Floyd, Plasmatics (Leo is right), AC/DC, Black Sabbath, and Soft Cell."

RECORD ACTION CONTINUED

MIKE BONE, ARISTA (212-489-7400): "Hear ye, hear ye! This session of the Bob Bittens Fan Club is now in session...Getting onto important business, the Kinks 'Better Things' single is off and running in several key markets including Los Angeles. As my boss says, 'Everyone should be wishing 'better things' for Christmas'. (You asked for it, you got it.) I also re-serviced everyone with the Kinks 'Father Christmas' single, so now there is no excuse for not having the Kinks in heavy rotation for the next month. P.S. Ray and the boys return for four more weeks of touring in January starting in Tommy Nast's backyard and winding up with Redbeard...I got up Sunday morning at 8AM and flicked on the TV for some of Ted Turner's cable news network. I swear to God, Bob Weir (yes, Bobby & The Midnites' Bob Weir) was on television doing an interview. The album continues to crank up adds (so far, over 50 FMOB Album Reports) and it's beginning to sell wherever it's played. Whoops, I almost forgot album rockers don't care if an album sells. The track is 'Too Many Losers' by a mile...I've been doing a lot of secondaries' calls this week and the Al Stewart album is doing fantastic out there. We just released 'Indian Summer' as a single and the key album rock track is 'Princess Olivia'...Starfighters is the first FMOB Album Report Pinch Hit. Well, alright!! We are the only people with the audacity to release a rock album the same week as an AC/DC album, but once you listen you will understand why. The key tracks are 'Silver Lady' and 'Alley Cat Blues'. The album will explode this week. Is Gloria Johnson ever wrong?...Personals: Rather than get nasty about the unfortunate comment from a certain paranoid in Connecticut, let me just note that last month Bill Hard suggested 2 Midol. Well, it's been 28 days and I guess it's 'your time' again. I would suggest two Midol again, and this time you might try using a heating pad...Bill Hard: Why don't any of my albums 'suck GO-rilla tits'? I think the Starfighters album 'sucks Tasmanian GO-rilla tits!...Michele Robinson Sayre: My favorite General Hospital scene was when Luke raped Laura to the tune of Herb Alpert. (Marko, what was that tune?) Laura must have really enjoyed it-'cause she married the dude."

JON SCOTT, MUSICVISION/BACKSTREET (213-344-5599): "Thanks to Dana, Ted and EmmyLou for the notes and to everybody else for the phone calls...Thanks also to Mike Clark and Joe Maita of Lieberman for their very valuable input on our weekly conference call. Again, we extend our open invitation to anyone who would like to participate in this call. Don't be shy! These calls are a lot of fun, and a lot of important information is discussed. Thank you, Danny Bramson of Backstreet for your support of these calls...Fact of the week: The Go Go's are very close to having a gold album. Your faith, belief, and support does not go unrecognized...P.S. I'll be doing Christmas IDs with a lot of different artists. If you have anything special you want said, don't hesitate to call collect. The holiday spirit is almost upon us."

SEAN COAKLEY, ATCO (212-484-6400): "Just two more Hard Sheets in 1981. God, where did it all go? Affinal Q Of The Week will ask for your personal 10 favorite albums of the year. These lists can reveal a lot, so start paring down the final contenders...Eddie Schwartz had a tremendous week with an impressive list of majors coming in. 'No Refuge' is starting to get calls in Kansas City, Augusta, and Allentown. This guy is a real ace! His own lyrics best describe our feelings about him:
'Now real talent
is so hard to find,
Rarer still
is it so successfully applied.
You're an easy
9 out of 10,
I haven't been this impressed
since I can't remember when.'
...Watch for McGuffey Lane's Lp to debut #1 in sales in the Mid-Ohio area. With WLVQ pounding six cuts this hometown fave will surely fly out the door. Listen to 'Fair Weather Friends' and 'Start It All Over'...
Coming soon a new Ep from Midnight Flyer which features two new songs not on the debut Lp. The band is currently on tour with AC/DC...Personals: Roberta Haber: You're not alone in your disgust. Too many mindless lyrics are offered on album jackets and inner sleeves...Finally, more stations should be playing the Del Shannon record. It was a courageous Hard Choice and it is a fine album. Try segueing 'Out Of Time' into 'Time (Is On My Side)'. It works! While we're at it, how about Townshend's 'Gonna Get Ya' into Entwistle's 'Talk Dirty'?"

KATE INGRAM, DB RECORDS (212-245-2212): "This Thanksgiving as we are entering our first Reagan winter, I've a lot to be thankful for musicwise. First, I'm thankful I can still hear and I'm also thankful that, even though the majority of radio stations are programming the same hits, that I know about some of the new up and coming artists. One of these groups is called the Side Effects, and they happen to be on our label. I think they have a positive philosophy that's humanistic, fun, and happy. And I really believe the world needs this type of outlook with the unemployment rate as high as it's been since the Depression. If anyone hasn't gotten a copy of the Side Effects new Ep, please give me a call."

KEVIN ST. JOHN, WATERHOUSE RECORDS (612-332-6575): "Having heard a tape of the Lamont Cranston Band recently, the Rolling Stones asked them to open 3 of their dates in the Midwest last weekend. Cranston rocked an enthusiastic crowd at the Checkerdome in St. Louis, the Unidome in Iowa, and the Civic Center in St. Paul. If the Stones can listen, so can you. Their new album is 'A Shakedown'. First try: 'Two Trains', 'Shakedown', 'Broken Glass', and 'Streets Around Here'. Don't wait for someone to tell you about it later. If you don't listen now, you might lose track of it. Records and cassettes are available. Give me a call if you need any."

ROY ROSENBERG, STIFF (212-431-1600): "I may sound like a broken record once again, but what does it take to get a damn return call from an MD you've called 5, 6 or more times!? I know you people have other things to do than sit around answering calls from promotion people, but I consider myself a paid professional and I don't call to waste your time. Part of your job does entail communication with the record community, so how about earning this part of your pay? In other words, some of you don't have the faintest idea of what being a professional is all about...Stiff legitimately has a record that is getting attention, the Plasmatics 'Metal Priestess'. WYFE's Magic Dick Bascom was the first to yell about the mini album 3 weeks ago and the station is still getting calls on 'Lunacy'. Last week Dick mentioned in these very pages that the record is now a top 15 seller in the market. KOME's Dana Jang told me he added 'Lunacy' for the heavy metal fans in his audience. KLOL's Michele Robinson Sayre told me 'Wendy O has finally come up with an album where all the elements (production, vocals and material) are right'. 'Lunacy' showed up very well on WPYX's test and M.D. Ron Nenni said, 'As any other heavy metal record would--which is basically what it is'. I could fill the rest of this page with comments. 'Metal Priestess' is HEAVY ROCK!! By the way, the Plasmatics will be on 'Solid Gold' the week of December 11th. What a pair--Wendy O and Andy Gibb... Pigbag added last week at WNEW FM, WXRT, and KTIM. 'Poppa's Got A Brand New Pigbag' continues to get reaction where played...Added to the Stiff List: Harry Von Zell; announcer/actor/comic on the old Burns and Allen show. Say goodnight, Harry!"

KAL returns to chat with JANE PAULEY on the "Today Show" over NBC-TV for the 15th time on Monday, December 7th at 8:00 AM.

RECORD ACTION CONTINUED

JOHN SCHOENBERGER, RADIO RECORDS (305-565-7700): "I read an interview recently in which the writer was criticizing the Police pertaining to their musical stance. He basically said no one wants conscious and intelligent music or lyrics these days. He said it was better when all they had to say was 'De do do do, de da da da'. What bullshit! During recent times, how many musical and radio people have said or felt that popular music is stale and stagnant? Perhaps one of the keys to the musical explosion of the 60's and early 70's was indeed the intelligence of it. Beat and rhythm are one thing (and I might add very important) but lyrics and melody are enduring. Lyrics that mean or say something worth hearing along a very listenable melody line is the ultimate hook!...Add ASB A.S.A.P.! 'Can't Give Up The Feeling' is the key cut on this great All Sports Band debut album. Please listen if you already haven't."

MICHAEL PLEN, I.R.S. (212-980-6874): "So, as the Go Go's approach gold, what do I have to do now to convince the remainder of the holdouts to play 'Our Lips Are Sealed', 'We Got The Beat', or 'This Town'. Has there been enough information out there for you to consider, or have you just not bothered to research it knowing that the results might actually be favorable? The pity is all the people who are now more than willing to jump on the bandwagon now that the act is broken. Where were you on May 5th when we released the test pressing of 'Our Lips Are Sealed'? With Christmas getting so near, I'm making a list and checking it twice. I'm gonna find out who's been naughty or nice...Coming on strong are the Humans, who are from San Jose. Good rock and roll coupled with interesting vocals. Try 'Get You Tonight', 'Dark' and 'Lightening'. Also there is a killer video out on the song 'Obituary'...Renaissance is doing quite well too on both album and top 40 levels. Please don't judge this band on its old merits and its new label. Everyone who thought that the new album was bad because it's on I.R.S. admitted they were wrong. Can you say the same?...On our Faulty Products label, the Human Switchboard from Cleveland is doing okay. Donald Kinsey, Peter Tosh's guitarist, as well as Alex Gibson from L.A.'s The B People are records that we're currently working on Faulty...Next week, the new Dead Kennedy's Ep 'In God We Trust, Inc.'. The cover will destroy you; Jesus nailed to a cross of dollar bills...Look for the Suburban Lawns in your area. They'll make you a janitor...Thanks to all of you in radioland for your continuing sarcastic comments. You know who you are...This week's Vejur Destruction Blowup will pretty much make a faultline out of upstate New York as both Tom Nast and Benny Mardones get blowup together for the first I.R.S. Artist/M.D. Destruction. Tom, while I was out at 42nd and Broadway the other night it was pretty interesting to see you there with none other than Benny. Both of you have pleasant dreams. I'm lighting the match. Kaboom!"

STEVE LEEDS, S.L.I.C. (212-888-6660): "I'd like to echo the sentiments of John Sebastian as reported in another traderegarding the non-value of paper adds. Perhaps it's a unique posture for an independent, but I'm not in the biz to stroke as I prefer to break an act. Paper adds seem only to cause harm, misrepresenting reality and serve as immediate gratification. I am not a hedonist, therefore I seek real airplay...While on the subject of hedonism, apparently quite a few other programmers have discovered that they also 'Love Rock And Roll' a la Joan Jett and the Blackhearts...Cactus cultists and fans of Vanilla Fudge are rediscovering Tim Bogert's new 'Progression'...For smiles and a lot of fun check out the new Soupy Sales album and especially not the new nicks on the mouth...Ken Benson: The implications about your wife are self-explanatory...Send your extra promo trinkets to Freddie Hype care of WRKI...Is Steve Feinstein an exercise in flacidity?...With the holiday vinyl deluge in fullswing, don't overlook Gary Myrick, John Hall, Saxon, ASB, or Canned Heat...Hope you enjoyed your bird!"

MICHAEL ABRAMSON/MICHAEL ABRAMSON PROMOTIONS (212-243-2972): "So, you say your station's sound has a bit of a hard edge to it these days; you say you got the 18-25 year olds coming out your rear portal. Well you need some relief. And, how do we spell relief--S-T-R-E-E-K. That's right, ladies and gents, STREEK is the perfect 25-34 year old remedy to cure those 18-25 year old blues. Here's an add that's a perfect lead target to gobble up those 25-34 year olds and KEEP 'EM TUNED. No conflict with the Ozzie's, Mollies, Rushes and AC/DC's of the world--just great U-D-R (Upper Demo Relief) music. Check 'Gone Too Far', 'Fantasy' and 'Rocket' (Listen to the sax solo on this track--you'll be glad you did)...And, while you're checking, don't overlook the Peter Cetera Lp--especially 'Living In The Limelight', a tremendous track done by a great rocker with a proven track record (you count the hits from Chicago)...While you're counting, count the Jets into the playoffs...See you next week!"

FOR YOUR INFORMATION:

When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

1. **PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
2. **PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. **AIRPLAY EMPHASIS** - Be careful not to confuse this with PLAYS PER DAY/WEEK. EMPHASIS is a system of relative scaling, based on 10. If the highest rotation album gets 8 spins per day, it receives 10 points. If another album gets 4 spins, it merits 5 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left..We list debuts with a small "d". That indicates that the lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-10 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
