FMQB ALBUM REPORT

February 26, 1982

BILL HARD, Editor

Pinch Hit

DREGS, "CRANK IT UP", AHISTA

The last Dregs album hit the street in the same release as the Eux Boys, and it seems the Bus Boys really got the lion's share of the promotional push. However, all around the country we kept hearing about retail response to the Dregs, and legitimate request activity where played. Unfortunately, the national reaction was never quite orchestrated to the point necessary to grab radio's attention. Now, with 'Crank It Up', they finally have the perfect vehicle. Not only vocals, but Santana-ace Alex Ligertwood. Can you count on all your relatives fingers and toes how many stations coast to coast rely on the phrase "Crank It Up"? It's all very diabolical, but the Dregs back it up with their legendary virtuosity and hooks-a-plenty. Can't miss.

Chain Reaction

GAMMA 2, ELETRA

Talk about getting it right! This is unquestionably their best album, and the early response to the single (up 49-26 on the Top 100) made it the perfect vehicle to help Gamma roll down #1 Most Added status this week (including a strong 19 level 1 stations)...Obviously, programmers are pleased with the 80's sound update: Mid Leo, WMS, "Not only has Mr. Montrose come up with a good record, he has also come up with something that is extremely rare in rock and roll--that is, complete packaging. The sound matches what you would expect from the group's name. I think they've finally found their direction, and 80-84's will love the meeting of Floyd and Foreigner"... Roberta Haber, WMOJ, "Gamma 2 has a synthesizer wall of sound feel with enough of that Montrose guitar to make this thing really conk. The kids should love it"... Greg Billipic, KZLQ, "I think this is an important step in Ronnie's career. The texture and overall sound of the album are fantastic"... Jeff Freund, WATF, "They have cranked up the keyboard and tapped a sound that meets the demand of 1982 radio. 'Right The First Time' gets stronger every time it hits the air"... Art Phillips, KJLH, "Ronnie has delivered his most important album in the Gamma series. A combination of gutsy rock and roll and richly layered keyboards/synthesizers"... Pat Spicilipate, WPNV, "Gamma has branched out into a new style of music, yet at the same time has been able to remain familiar to those who have followed them through the years. You have to respect a band that can keep an old audience and gain a new one"...In addition to the single, look for concentrated spins on "Stranger" and "What's Gone is Gone".

JAY FERGUSON, "WHITE NOISE", CAPITOL

He's had a number of great songs in his career, but "White Noise" promises to be his first complete album. We're sticking up enthusiasm for "Tonight", "I Come Alive", "Inside Out", "I'm Down" as well as the title track...Reaction: Larry Reisman, KZLQ, "I listened expecting to hear a lightweight pop record like 'Thunder Island' and was I surprised! This album kicks ass. I know that this record will be compared with Billy Swiler, but there's nothing wrong with that"... Dave Keusenjays, WQQ, "The strongest album of the week. It doesn't sound at all like Jay used to sound. A complete and pleasant departure"... Tom Starr, WQBR, "The owner of one of rock's most distinctive voices has come up with an LP that lives up to the legacy he left us over a decade ago with 'Spirit'. Jay's new one takes itself right at home on our turntables this week, and for damn sure to come. The depth of this one surpasses all of his previous solo efforts combined"... Pat Roman, WLAB, "If you're having trouble with Jay, go beyond the single into this album. It's definitely solid. There's no doubt in my mind that this is Jay's best solo effort to date"...Early reaction to the 12" Mark Miller, WQCK, "Strings of unrelenting phone resonance. I played the track once about a week ago, and the buzz started from that point and hasn't quit yet"... Robert Turtora, WQAB, "Could be 'The Stroke Part 2', or 10 it. The Big Beat, Part 2"... Wendy Kree, WWOI, "Could be the most powerful tune Jay has done"... Tom Nasti, WYB, "White Noise" is already getting real big phones"... Janel Dolan, KZLQ, "Instant phones and good recognition factor"... NYFB's Doctor, "Reminds me of Queen's 'We Are The Champions', and what it did for them".

FMQB welcomes Sharon Smith to the staff. She was most recently music and research director at WRR-FM, Memphis which just moved from the #1.12+ ratings slot with a 8.6-16.7 increase. Another exciting addition to the Sheet this week, the Sebastian, Casey & Associates Chart on Page 6, to go with our exclusive Superstars and Doubleday national charts.

CHAIN REACTION CONTINUED

DWIGHT TWILLEY, "SCUBA DIVERS", EMI

He's been an FM fave for years, and with a quick 77 stations in just two weeks, and crossover potential galore, it's his best shot ever at massive breakthrough. #3 Most Added with 31 this week, new on the Index at #47, and the Metro at #50. Twilley will definitely be one of our biggest chart maulers next week. "Somebody To Love" leads, with "I'm Back" up next...WHJY's Rob Lipshutz sez, "We've gotten behind 'Somebody To Love'. 'Scuba Divers' is every bit as good as the 'Sincerely' album. Twilley seems to be one of the few who can rekindle the spark of mid-60's pop without wimping out"...Doug Podell, KQRS, "The Twilley Lp is a refreshing, well-produced work"...And Bob Majersky, WXOS, "'Somebody To Love' is as hot as 100% oxygen while flicking your Bic. 'Scuba Divers' is solid"...And from Ted Burton Jacobsen, KKRQ: "'I'm Back Again' has enough hooks to catch a whole school of tuna."

DUKE JUPITER 1, COAST TO COAST/EPIC

Those projections we mentioned last week converted to solid adds this week, as Duke came up a strong #4 Most Added with 20, including KWK, KPKE, WAVA, WLLZ, WMJQ, WMMS, KBPI, KYYS, KDKB, WLVO, and WBAB. Bottom line here--come up with the hooks and feel, and you'll go on the radio, regardless of past success or lack of. Kid Leo gives his stamp of approval with, "I agree with calling this record Duke Jupiter 1. It's definitely not their first, but it might as well be. 'I'll Drink To You' is a great sing-along tune"...J. David Holmes, KDKB, "I'll drink to Duke. The whole Lp is good, and the cut 'I'll Drink To You' is tailor-made for our Arizona Springs and Summers. This one is perfect for floating down the river in an inner tube or flying down the highway. It's an add and it's a hit"...Ilyse Gottlieb, WRXL, "It's really good sounding rock and roll, and what else would you drink to anyway?"...And from Bob Walton, WQDR, "We're also getting good phones. They developed a cult following here with 'Poppy'. The calls are for 'I'll Drink To You'".

BONNIE RAITT, "GREEN LIGHT", WARNER BROTHERS

25 plus programmers are especially enthusiastic, so it follows that Bonnie's latest should be especially strong with the upper demo audience, while rocking enough not to blow away the younger audience. The single has been out 3 weeks, and Kal updates, "Will be her biggest mass appeal single in a long time"...New at #46 Index, #47 Metro...Key trax: "Keep This Heart In Mind", "Me And The Boys", and "Green Lights"...Average play 2.5 emphasis and daily average 4.0 plays per day...Comments: Dave Lange, WDVE, "Bonnie is good 25+ stuff for us. Outside of the Police and Genesis right now, we're a little thin in the 25+ area. We're on 'Green Lights' and it has the hooks"...Duke Meyer, WQMF, "'Green Lights' is fun to listen to. 'Can't Help Myself' and 'Keep This Heart' are my faves. It's another one of those cases of not being sure it fits, but I'm sure that I'll put on my dancing shoes and grab a copy of 'Green Light'"...Ralph Tortora, WBAB, "Every time I listen to the Raitt, it gets better and better. Not a bad song on it"...And from Gloria at KGON, "Bonnie came in #14 sales, first week out, so it's on".

SIMON AND GARFUNKEL, "THE CONCERT IN CENTRAL PARK", WARNER BROTHERS

They may be too soft for the format in general, but are so legendary that they can't be ignored. #5 Most Added, and as expected, New York state and environs are in like flint: WNEW, WPDH, WRCN, WLIR, WBAB, and WQDR...Obviously you have to deal with major media events when they happen in your backyard...Comments: Jim Buckley, WRCN, "You'd never know by listening that this was recorded outside with half a million people. As for the dynamic duo, they've never sounded better. We immediately went on 7 cuts, and if you're not playing Simon & Garfunkel here's your excuse to get it on now"...Ray White, WLIR, "Ya know, the album really sounds awfully good. It's obvious that half a million people showing up at their reunion serves as one hell of an inspiration. The HBO show compliments the album beautifully"...And from Bill Simmons, WMYK, "If you have any interest at all in upper demos, you can't afford to pass this one up. It should do really well with all the publicity that the HBO concert is giving it".

"CALLING ALL GIRLS", RICK SPRINGFIELD, RCA

Our most added music of the week, with 81 reports...Considering the Lp has bounced back 42-35 in the past two weeks, factor in his appearance on the Grammy's, and you could say this kid is on a roll...Comments: Roberta Haber, WMJQ, "I was beginning to worry that Rick Springfield was going the way of Leif Garrett and Shaun Cassidy. The guy comes out with a great little rocker. This might become the signature song of the Spring of '82. Immediate phone response"...Mike Wolf, WQFM, "Just when I was starting to get tired of Rick, the guy surprises me and comes up with an absolute killer cut that grabbed me on first listen. As good as the last album was, I think 'Calling All Girls' has the potential to surpass anything on his previous effort"...Dave Kane, WCMF, "'Calling All Girls' is going to be a monster. All the goods are there"...Mark Miller, WWCK, "Rick shows all--'Calling All Girls' is awesome. Without question, an obvious hit. Rick showed flashes of brilliance on 'Working Class Dog', and that was a big hit. So this one really puts all the pieces together"...Bob Walton, WQDR, "Rick has hit #4 without a doubt. We're already getting tons of phone calls"...And from Bill Simmons, WMYK, "Strongest new record of the week. It will probably be his most successful single to date, surpassing even 'Jessie's Girl'. 'Calling All Girls' is a natural for album rock".

TOMMY TUTONE, COLUMBIA

Back in the old days, records that failed to detonate within a couple of months of release were dead and gone forever--but that's definitely not the case these days. Witness Bryan Adams, Novo Combo, and the current leading example, Tommy Tutone. This thing is resurging with a vengeance--#6 Most Added this week with 16 reports, for 39 new reports in the last 4 weeks...Increased play on WMJQ, KZAP, KBPI, WRNO, WPYX, KOME, WQBK, WRIF, and WWCK, with an excellent charting week--28-23 Index underline. 28-24 Metro, and on the Checklist, 16 not playing, 3 considering, 3 dropping, 28 maintaining, and a very credible 30 building. "Jenny/867-5309" continues to climb, 26-14.

ANGEL CITY, EPIC

We're into the third consecutive serious add week for Angel City--new on DC101, KZEW, KMET, WLPX, WAAF, and 7 more, for #7 Most Added, #3 Most Added last week, and 5 adds the week before, for a total of 41 FMQB reporters...New at #45 Index (week's highest new entry), and #45 Metro...Top songs: "Fashion And Fame", "City Out Of Control", and "Long Night"...Comments: Rob Roman, KLAQ, "Angel City went in last week, and is already showing sales reaction"...Dave Krusenklau, WKQQ, "Angel City has always been a heavy rock and roll band that I've admired. Their songs are well produced with great hooks, and get the point across without beating you over the head"...Gloria Johnson, KGON, "#13 sales first week out for Angel City. The Northwest CBS branch should be commended for the job they are doing marketing the new album. Incredible account awareness on this one and the low price will do nothing but help the Lp"...And from Rob Barnett, WAAF, "'Fashion And Fame' moves with a great drum track, and I've always been a fan of Doc Neesen's vocals."

HUEY LEWIS AND THE NEWS, CHRYSALIS

Huey's stats just continue to build--up 25-18 Index, 24-19 Metro, and new on DC101, WQFM, and KMET, for 112 adds to date...This week's play increases include KILQ, KEZY, KWFM, WBRU, WBAB, WRNO, WRAS, WRXL, KRQR, WOUR, WQBK, WART, and WWL...Max/heavies include KLAQ, WKQQ, KSRR, KNAC, KGB-FM, WMJQ, WIOQ, KOME, WEBN, and KZEW...Average play 3.6 daily play and 2.9 emphasis. Looking equally awesome on the Checklist: 1 dropping, 26 maintaining, and 47 building...Phones reported at KRQR, KBPI, WOUR, KLOL, KLAQ, KWXL, WBLM, WQDR, WBRU, WPYX, WROQ, WLIR, WQFM, WYFE, WHCN, and WPLR, with sales and phones from KNAC, KOME, KZAP, WDEK, WDHA, WWL, WZZO, WKZL, and KSMB...Leading songs: "Working For A Living" 46-39; the single 88-81; and "Change Of Heart" new at #82.

CHAIN REACTION CONTINUED

GLASS MOON, RADIO RECORDS

With a gargantuan 50-34 Index underline, Glass Moon is the strongest chart mover this week... WMMS, KIL0, WHCN, WKZL, and WPYX increased play, with new air on WYFE, KKDJ, WRNO, KMOD, and WQFM...On the Checklist, 25 not playing, a healthy 19 considering, 1 dropping, 28 maintaining, and 13 building: WPLR, WLWQ, WYFE, WNEW-FM, WROQ, WDEK, WPYX, WQDR, KIL0, KLAQ, WKZL, KBLE, and KSMB...On the Top 100, "On A Carousel" jumps 100-80 and "Simon" debuts at 90.

ALDO NOVA, EPIC

No giant chart jumps for Aldo this week (13-12 Index, 14-12 Metro), but he is in the rarefied air of the top 15 in a very short time...If the Checklist is any indication, we'll see increased plays-a-plenty in mere moments. How about 8 not playing, 1 considering (you other 7 better start paying attention), 2 dropping, 14 maintaining, and (get ready) 62 buildoramas. We'd do our standard "including" schtick, but there are far too many heavies to mention--take my word for it... "Fantasy" is up 6-5.

GRAHAM PARKER, "TEMPORARY BEAUTY", ARISTA

Frankly, it's not one of his more scintillating songs, but regardless, it is going on the radio, and his fans will want to hear it. And yes, Virginia, there is much stronger stuff on the Lp. Consider it a most useful place saver until the Lp arrives. #2 Most Added single with 21, including: WNEW-FM, WLIR, WMMR, and WHFS...WQBK's Lin Brehmer comments, "Graham continues to prove his status as one of rock's best song writers with the new single. His material seems to be standing the test of time"...And Bob Linder, WDHA, "Sounds far from temporary to me"...And Ron Nenni, WPYX, "Graham has finally found the right producer to drive his lyrical and melodic hooks home. 'Temporary Beauty' is a great song."

SIGNIFICANT SONGS:

"ON THE HIGHWAY", PAUL COLLINS' BEAT, COLUMBIA

Now up to #42 Metro, #40 Index...New on KSHE, WMYK, WIOT, MWCK, KWXL, KUSF, and WXP...Checklist: 27 not playing, but a sizeable 20 considering, 3 dropping, 22 maintaining, and 14 building: WPLR, KOME, WLAV-FM, WNEW-FM, KATT, WQBK, WLIR, WMMS, WPYX, KWFM, KIL0, KBLE, KZEW, and WMAD...Comments: Dale Wolter, WMAD, "Regarding the Paul Collins' Beat edit, we won't mess with what we deem a classic, but if it gets more people to play the damn thing, more power to you! By the way, requests and sales are really picking up for Paul. Do try to make room for this excellent record"...From Bill Simmons, WMYK, "Thanks to Bill Hard and CBS for the Paul Collins' edit. It definitely helped us to recognize the potential of the record"...And Mark Miller, MWCK, "Paul Collins' Beat sneaks in from left field. 'Crying Won't Help' is so infectious that you start to wonder if you need flu shots".

"TATTOO", NOVO COMBO, POLYDOR

Along with Bryan Adams and Tommy Tutone, a truly remarkable resurgence record...The song gains 75-42 on the Top 100, as the Lp climbs 50-49-36, for second strongest Index gainer...Up 39-34 Metro... Checklist sez: 4 dropping, 22 maintaining, 9 building, 52 not playing, and 10 considering...Take if from Dave at WDVE, "We re-added it this week. We felt real strong about this album the first time around, and had good success with 'Up Periscope'. We played some other songs from the album, 'Tattoo' being one of them, but it got lost in the Christmas shuffle. I hope it comes back strong".

"HARDER THAN DIAMOND", CHUBBY CHECKER, MCA

Son of a gun-Chub hits at #50 on the Index...New on WQFM, WPYX, WLAV-FM, WXUS, WKWF, WRKI, KSMB, and KKDJ...More raves: Jose Diaz, WBLM, "Every time I hear Chubby on the air, I can't believe it's him rocking so strongly, but it's definitely in the grooves"...Mike Wolf, WQFM, "Chubby's latest release proves that rock and roll knows no physical confines--rather, it's a state of mind"...And from Ron Nenni, WPYX, "I've listened to Chubby over and over, and now I'm convinced of his potential. 'Harder Than Diamond' is real strong, but I'm partial to 'Burn Up The Night' as a rocker".

"STICK IT WHERE THE SUN DON'T SHINE", NICK LOWE, COLUMBIA

Steady at #41 on the Index, but a Metro mauler, with a 42-37 Underline. Increased air on KIL0, KRQR, WQBK, and WMMR...Heaviest on WRAS, KNAC, WLIR, KROQ, WHFS, WOUR, KTIM, WXRT, KISS, and WRKK... New on KOME, KZEL, KWXL, KYTX, KNCN, and KMJX for 58 adds to date..."Stick It" is now #49.

"CLEANIN' WINDOWS", VAN MORRISON, WARNER BROTHERS

After last week's #5 Most Added with 17, a bit of a slow down to 8 this week, but among the 25, there's a ton of commitment and first thing Monday, Kal strolled in saying "Van Morrison's 'Windows' track knocks me out", so we are all very encouraged...KATT's Jeff Freund says, "It's my favorite album of the week. Excellent relaxing, honest material"...Ralph Tortora, WBAB, "It's always great to hear anything from Van The Man. 'Beautiful Vision' is another beautiful Lp".

"SENSES WORKING OVERTIME", XTC, VIRGIN/EPIC

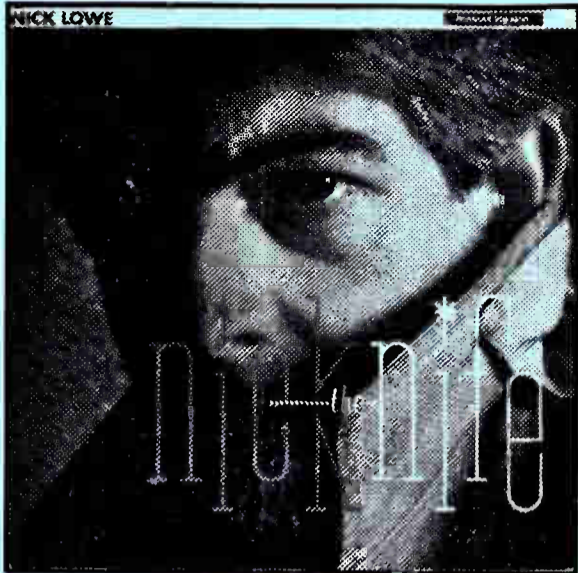

As stated last week, the intro is a bit weird, but the hook hits like a ton of bricks. Take it from Bob Bittens, WHCN, "XTC is a prime example of those bands out there that are creating refreshing, exciting original music that is right on the verge of being extremely commercial as well. Right now they might sound a bit weird, but those of you who are looking for the next big movement in rock music would do well to listen closely to these bands. You're right, Bill, the intro is a bit weird, but 'Senses' delivers if you give it a chance"...David Einstein, WHFS, "'Senses Working Overtime' is a smash"...Art Phillips, KIL0, "'Senses' will receive massive album rock play and acceptance"...And from Lin Brehmer, WQBK, "'Senses' is a perfect example of XTC's insidious pop sensibility".

Checklist Records:

1. Sammy Hagar, Geffen...Only 5 not on Sammy, 1 dropping, 19 maintaining (including: WNOR, WFBQ, KATT, WQBK, WBCN, KEZO, WPDH, KAZY, KTIM, and KMET); and a whopping 61 maintaining of which 43 reported top 20 sales.
2. Wabbit, MCA...Of the 30 not playing Wabbit, 6 are considering it; 15 dropping, 27 maintaining, and 15 building: KZOK, WFBQ, WLAV-FM, KATT, WHJY, WPDH, WROQ, WMMS, WMJQ, WBLM, KLAQ, KSHE, WLUP, WTUE, KZEW.
3. UFO, Chrysalis...36 not on, 19 considering, only 3 dropping, 27 maintaining, and 20 building. Phones were reported by: WMAD, KSMB, KQRS, KEZO, WHCN, WYFE, KDWB, and KOME.

Rob Lipshutz, WHJY: "You could say Soft Cell's 'Tainted Love' is legitimately defying the boundaries of 'mainstream rock'. As far as texture goes, yeah, but the reason this record is gaining album rock acceptance is the realization that most listeners can see through styles when there is a great song with hooks on the other side."

Ron Nenni, WPYX: "Soft Cell is top 20 and building."

Dana Jang, KOME: "Still steady sales on the Soft Cell."

Bob Majersky, WXUS: "This week 'Tainted Love' is an official add that smashes its way to an immediate heavy rotation."

Greg Gillispie, KEZY: "Another record that's doing quite well is Soft Cell. Sounds great on the radio and this is another one women are calling for."

Art Phillips, KILO: "Soft Cell knocks off Joan Jett for most requested last week with Aldo Nova's 'Fantasy' blazing in at third."

The air (play) raid is in high gear!!

Assaulting the airwaves this week on: KMET, KZEW, WLPX, WMAD, WAAF, WKQQ, KWFM, KKDJ, WYFE, WAQY, WZZO, DC101, KLAQ and more

Already locked up on: WMMR, WMMS, WYSP, WLUP, KOME, KGON, WFBQ, WQMF, KQRS, KKDJ, WAAF, WMJQ, WCMF, WAQX, KROQ and more

Ripping up the Index and maiming the Metro List at # 45

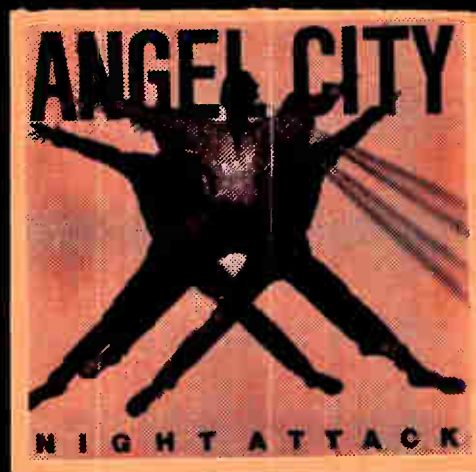

Captured programmers confess all:

Rob Barnett, WAAF: "'Fashion And Fame' moves with a great drum track and I've always been a fan of Doc Neesen's vocals."

Gloria Johnson, KGON: "Sales # 13 first week out. The Northwest CBS branch should be commended on the job they are doing marketing the new Angel City album. Incredible account awareness on this one and the low list price will do nothing but help the Lp. We all know it's in the grooves."

Dave Krusenklous, WKQQ: "The songs are well-produced with great hooks and get the point across without beating you over the head."

Rob Roman, KLAQ: "Angel City went on last week and is already showing sales."

SUSAN LYNCH

"Office Love"

causes talk

It rocks, it's topical and it will get reaction.

Of course, there's a lot more to the album, "Street Kids" and "Hurt By Love" for starters. But if you want to get past the passive to feel instant and active audience response roll with "Office Love".

New on: WIOT, KQDS, WAQY, WWCT, WXRT, KSMB, WKLC, KWXL

Already playing: WMMR, WYSP, WLVQ, KGB-FM, WLAV-FM, WPLR, WHCN, WZZO, WTPA, WBAB, KROQ, WQBK, WMMS, WDEK

DUKE JUPITER 1

It's called "1" 'cause we think it has the potential to chart that high. Listen once and "I'll Drink To You" will knock you down. Listen more and "Rockin' In A Motel Room" and "Sugar Blues" will grab you.

A Pinch Hit two weeks ago.

Bill Hard: "'I'll Drink To You' is an absolute smoker. It's pure pop, with a hook a mile wide, great vocals and plenty of biting lead guitar. The sleeper of the week."

4 Most Added with 20 including these mighty calls:

KWK, KPKE, WAVA, WLLZ, WMJQ, WMMS, KBPI, KYYS, KDKB, WLVQ

Kid Leo, WMMS: "I agree with the band calling this album 'Duke Jupiter 1'. It's definitely not their first but it might as well be. 'I'll Drink To You' is a great swig and sing along song."

Rob Roman, KLAQ: "'I'll Drink To You' will do real fine here. This is not, however, a record only for the South. It will work wherever it's played."

J. David Holmes, KDKB: "The whole Lp is good and the cut 'I'll Drink To You' is tailor made for our Arizona springs and summers. This one is perfect for floating down the river in an innertube or flying down the highway. It's an add and it's a hit."

Bob Walton, WQDR: "We're getting good calls for Duke Jupiter. They developed a cult following here with 'Poppy'. The phones are for 'I'll Drink To You'."

Ilyse Gottlieb, WRXL: "I'll drink to Duke Jupiter. It's really good sounding rock and roll and what else would you drink to anyway?"

Radio Action

KGON, PORTLAND, OR ASST. P.D.-GLORIA JOHNSON: "Requests: #1 Joan Jett, #2 Aldo Nova, #3 Donnie Iris, #4 Bob & Doug McKenzie, and #5 Loverboy...Sales: #1 Foreigner, #2 Loverboy, #3 Joan Jett, #4 J. Geils Band, #5 Sammy Hagar, #6 Quarterflash, and #7 Johnny And The Distractions...#13 sales first week out is Angel City. The Northwest CBS branch should be commended for the job they're doing marketing the new Angel City album. Incredible account awareness on this one, and the low list price will do nothing but help. We all know it's in the grooves. 'Fashion And Fame' and 'Long Night' are our main tracks... Bonnie Raitt came in #14 in sales the first week out, so we added it, although we decided not to go with 'Me And The Boys' just because everyone else is. Just because it rocks more doesn't make it the best song. Our pick is: 'River Of Tears', the Eric Kaz song (for daytime play)...Love the Rick Springfield 'Calling All Girls'...Gamma's 'Right The First Time' sounds better with every spin...Looking forward to the Krokus release. Springtime is the right time for Krokus. Go after it, Bone."

WLPX, MILWAUKEE, WI M.D.-BOBBIN BEAM: "Ear grabbers of the last week: Had a chance to hear the new Krokus record and really liked 'American Woman'. I've always loved the song, and this is such a great rendition of it. Really hot...Also, a personal fave I can't help but put in my car cassette deck every day--the Eye To Eye album. 'Hunger Pains'--can't get it out of my head. Also like: 'Nice Girls' & 'Life In Motion'. Another evenly textured record that could be a monster is the Susan Lynch album. The first day I got it back in early January, I thought it was really incredible and I was amazed that nobody was working it--till all of a sudden, I'm getting tons of calls. A very strong album I hope to add soon...Huey Lewis & The News. Everyone on the air staff loves the cut 'Working For A Living'...The Jay Ferguson 'I Come Alive' is a great sleeper track...Aldo Nova is finally starting to take off...Prism selling thru extremely well...Sammy Hagar kicking in...Tommy Tutone building nice...Also, just saw the Cars and Donnie Iris last week--excellent show...I want to say once again, it was such a delight to run into so many friends in Orlando and meet new ones: Gloria, Van Dyke, Sotet, Bill and Collie, McGathy, Marko, Dick Bascom, etc, etc."

KLOL, HOUSTON, TX ASST. P.D.-MICHELE ROBINSON SAYRE: "Friday was certainly a red letter day for me. Rick Springfield out-of-the-box. Hallelujah!...My only disappointment was not adding Bonnie Raitt. 'Green Light' is probably my first entire favorite album of '82...Rick Springfield is coming to town this Sunday night. I plan to be right up front watching and singing along...Also in town, Marty Schwartz with the Cars and Nick Lowe tomorrow night...Saturday night a BIG EVENT with Sammy Hagar and Quarterflash. In fact, I'll be in the company of Bill and Collie. Looking forward to seeing them, as well as George Gerrity, Dave Mariano, and--can it be true?--Dave Dannheisser...The new Dwight Twilley sounds so good on the radio. I remember now how much I liked it when we played it on WSHE. I'm really glad EMI was smart enough to give it another shot...Moving up fast: Le Roux. It goes to heavy this week, as we add 'Addicted'...Right behind, it looks like Huey Lewis & The News...Saw the ultimate in heavy metal last week with Ozzy Osbourne. No goats or sheep blown up, but on stage, the man is mesmerizing--and he was quite a gentleman backstage as he greeted our winners of backstage passes. Besides, he did 'Iron Man', so I'm a fan...Mark McEwen: Welcome to mornings at the Loop...Alan Wolmark: We have a restaurant here that serves Cuban food, since you missed it in Miami."

KQRS, MINNEAPOLIS, MN M.D.-DOUG PODELL: "Caught two jam packed concerts last week: U2 and Rick Springfield. Both had their crowds going wild. The edge guitar player of U2 could be the best in the world; and, Doctor Rick really does know how to rock and roll. Despite all the obvious negatives you might think about Rick Springfield, 'Calling All Girls' is a workable track for rock radio...The Dwight Twilley Lp is a refreshing, well-produced piece of work. It looks like Twilley is finally going to get his shot. We're going with: 'Back Again'...It's good to hear Jay Ferguson making records we can play on album rock radio. Based on his history and the excellence of this Lp, we're going straight to medium with it...Thanks to: The Epic machine for some recent interviews with Molly Hatchet, Saxon, and Ozzy Osbourne (one of the few stations Ozzy stopped by on tour). Once again, thanks to Epic for the scoop!...Hot on the phones: Joan Jett, Tommy Tutone, Go Go's, and Aldo Nova...Considering: Glass Moon; The Beat (the edit could work); and, who is Riggs and why do I like this record?...G'day."

WLUP, CHICAGO, IL M.D.-SKY DANIELS: "Record Of The Week: Dreggs, 'Crank It Up'. Picture it this way. Here's this older brother who of late has been 'getting into' Steely Dan, Police, and other 'intelligent' stuff. He tries to explain his taste to his younger brother who, of course, knows Ozzy rules and that Ed Rhodes is the best since Eddie Van Halen. Well, pretty soon they're both gonna be talking about Steve Morse, thanks to Alex Ligertwood's vocal message...Loverboy's 'Take Me To The Top' is picking up heavy phone action. The intro is a hook and a half...I heard the new Scorpions this week. One track (I think it's called 'No One Like Me'--since I have no titles) actually has melody, hooks, and an acoustic guitar. We're already getting phone inquiries about its release, as if they're cult had a release schedule or something...While on Polygram, Martin Briley's new single, 'Don't Feel Better', sounds like the track that will break him after all these months. I suggest you go back and dust this one off...Looking forward to seeing Bryan Adams this week in Chicago. All the raves I've read have got me excited...Results of our All-Request Weekend show the Top 5 most requested being: Joan Jett; 'Centerfold'; 'Take Off'; 'Our Lips Are Sealed'; and 'Freebird'. Well, 4 out of 5..."

WBCN, BOSTON, MA M.D.-MARC MILLER: "The hills are alive with the sound of Geils. Yes, those bad boys from Boston returned home at the top of the chart to three soldout shows at the Boston Garden. They are the only band to ever sell out three nights at that arena--and for good reason! The shows are amazing. DO NOT, under any circumstances, miss them when they come to town. However, the most amazing aspect of seeing Geils in Boston is that after the show they come out and talk to their fans. This is a band that has not, and will not, forget their fans. And we, the fans, thank them...In other fascinating news, our own Tom Couch and Eddie Gorodetsky are taking a short respite from the WBCN Production Dir duties to write for 'SCTV'. Many of you in the New York area probably saw Eddie on the Joe Franklin Show as the worm doctor. How many of you fell for that? We wish them the best and hope they don't turn into real hosers...Speaking of hosers, WBCN, Molson, and PolyGram sponsored a Hoser Party at the Metro, complete with 8 full rounds of Beerhunter. One lucky winner is going to Toronto to have lunch with Bob & Doug McKenzie. Maybe if they're real lucky, they'll have lunch with Bob & Doug and Tom & Eddie...In vinyl news: Twilley, Twilley, Twilley. You get the idea? It's amazing!...Also, great new heavy metal from L.A. The name of the band is: Motley Crue. It's distributed by Greenworld and it's loud, fast, and wonderful. So get yourself a copy...Finally, another piece of my childhood has been destroyed. RIP, WABC."

WOXM, TAMPA/ST. PETERSBURG, FL M.D.-DICK BASCOM: "Damn, is that Jay Ferguson album good! The more I listen, the better it gets. Not only do I love 'White Noise' and the Beatles cover, but I also feel that 'I Come Alive' could be a smash single...While we're speaking about smash singles, I think it's time a record company went for a double-sided hit. I don't think I've seen that done since Beatles days, although I'm sure it may have been done once or twice since then. I believe RCA could pull off a double-single hit with Rick Springfield's new 12". 'Don't Talk To Strangers' and 'Calling All Girls' are both GO-rillas. Although 'Calling All Girls' has a rougher edge to it than the flip side, it still has that hit sound, and I believe Top 40 would play it...Dwight Twilley went in this week. 'Somebody To Love' sounds great...I came real close to adding Gamma. Hopefully, we can squeeze it in next week...I'd like to offer hearty congratulations to: Al Peterson. It's a good move. Good luck to you in your future endeavors...To whomever may be replacing Al: Good luck 'cause you're gonna need it."

WYNF, TAMPA/ST. PETERSBURG, FL P.D.-AL PETERSON: "I'm exiting at WYNF to join Jeff Pollack Communications, Inc. Greg Stevens has been named as Interim P.D., assisted by Deb Sullivan until further notice."

KAZY, DENVER, CO M.D.-DOUG CLIFTON: "Adds This Week: Rick Springfield, 'Girls'; Le Roux, 'Addicted'; and, Tommy Tutone, 'Jenny'...Retail: J.Geils Band stays on top of the retail scene, followed by: Joan Jett, Bob & Doug McKenzie, Go Go's, Quarterflash, Police, Cars, AC/DC, Foreigner, and Stevie Nicks rounding out the Top 10...Phones: Joan Jett is still the hottest item on the phones. Both 'I Love Rock And Roll' and 'Crimson And Clover' are getting lots of response...J.Geils Band are also hot with 'Centerfold' and 'Freeze Frame' leading the way...Also calls for: AC/DC, Cars, and Queen/Bowie...We tried 'We Got The Beat' from the Go Go's, but ran across negative response on the phones. I still believe 'Our Lips' would fit in on morning drive, but no go on that one either...We saluted the AC/DC band Thursday and Friday, February 18th and 19th. In conjunction with their shows, McNichols and KAZY gave away copies of 'For Those About To Rock' to random callers. We also did some live reports before both shows. Thanks to: Michael Brannen of Atlantic for his help with the giveaways...With the help of a work study student, we've started doing callout research. Music being tested this week: Jay Ferguson, 'White Noise'; Gamma, 'Right The First Time'; Soft Cell, 'Tainted'; Novo Combo, 'Tattoo'; and, Susan Lynch, 'Office Love'."

WDVE, PITTSBURGH, PA P.D.-DAVE LANGE: "Lots of good things on this Gamma album, but the real standout cut is 'What's Gone Is Gone', as well as the single, which is already off to a good start...Bonnie Raitt is good 25+ stuff for us--and outside of the Police and Genesis right now, we're a little thin in that 25+ area. We're on: 'Green Lights' and it has the hooks...Tommy Tutone has a very catchy song. I just hope there is no crazy person with that phone number in this market. I don't need the aggravation...Re-added: Novo Combo. We felt real strong about this album the first time around and had good success with 'Up Periscope'. We played some other songs from the album, 'Tattoo' being one of them, but it got lost in the Christmas shuffle. I hope this comes back strong...Good phones on: Janis Joplin; Aldo Nova through the roof in phones...We've been light on Rick Springfield, even though he's been real successful...Considering: Really like some of the stuff on the 'Secret Policeman's Ball'. And, boy, the new John Denver record is great! Maybe we'll play 'Children Of The Universe'."

KBPI, DENVER, CO M.D.-JOE FOLGER: "Went to see AC/DC last week. I was lucky enough to be able to introduce the show and meet the band afterwards. Now there's a rowdy bunch of down to earth rock and roll guys...Thought Of The Week: How many earplugs does it take to protect yourself at an AC/DC concert?"

WMMS, CLEVELAND, OH M.D.-KID LEO: "Not only has Mr. Montrose come up with a good record, he also has come up with something that is extremely rare in rock and roll--that is, complete packaging. The sound matches what you would expect from the group's name. I think they've finally found their direction, and 18-24's will love the meeting of Floyd and Foreigner...I personally feel this is the finest thing Jay Ferguson has done since he left Spirit. He's had a few very good songs with Jo-Jo Gunne and the solo career, but this is a solid piece of work. Side 1 is strong from groove one to the end...I agree with the band calling this album Duke Jupiter I. It's definitely not their first, but it might as well as well be. 'I'll Drink To You' is a great swig and sing-along song...Nice audience response to: Human League. Not that massive, but there is interest following the pattern that was set by Soft Cell... Even in this very light retail period of Reagon Roll, we're seeing some activity on: Prism, UFO, and Aldo Nova...Stevie Nicks must be crying her eyes out. Our infamous Program Director John 'G-Man' Gorman is no longer available to her. He took the plunge, tied the knot, and will forever be wearing an apron. I'm sure you all want to call and congratulate him and the very lovely Mary Helen."

KDKB, PHOENIX, AZ M.D.-J.DAVID HOLMES: "I'll drink to Duke Jupiter. The whole Lp is good, and the cut 'I'll Drink To You' is tailor made for our Arizona Springs and Summers. This one is perfect for floating down the river in an innertube or flying down the highway. It's an add, and it's a hit... The other add of the week is, of course, Rick Springfield. We're on both sides of the 12". Does this guy do anything wrong?...KDKB had a great pleasure in presenting Chubby Checker in concert this week. I also interviewed him on the air. He's a nice man and a great performer. Don't miss him in your neighborhood soon."

KRQR, SAN FRANCISCO, CA M.D.-JON RUSSELL: "I'm going out to lunch--it's been a long morning. Is that okay with you?"

WQFM, MILWAUKEE, WI M.D.-MIKE WOLF: "Just when I was starting to get tired of Rick Springfield, the guy surprises me and comes up with an absolute killer cut that grabbed me on first listen. As good as the last album was, I think 'Calling All Girls' has the potential to surpass anything on his previous effort...The latest Chubby Checker release proves that rock and roll knows no physical confines, but rather, it's all a state of mind."

WMET, CHICAGO, IL M.D.-DAVE BENSON: "WMET Adds: Bonnie Raitt, Gamma, and Trip Reeb...Tom Teuber to Recurrent."

WKLS, ATLANTA, GA M.D.-BOB BAILEY: "Joan Jett is still the hottest thing going (#1 phones, #4 retail), with no appreciable burn as yet...Bob & Doug still performing well. Surprisingly so for what is essentially a novelty item...Measurable phones on: Loverboy 'When It's Over' #30; Donnie Iris; Aldo Nova; Soft Cell; and, the obvious--AC/DC, Ozzy, etc...No real surprises retailwise except that rock sales are way up relative to non-rock (Streisand, Kenny Rogers, etc.). Top sellers in decreasing order: Police, Go Go's, Journey, Joan Jett, Foreigner, AC/DC, J.Geils Band, Loverboy, Ozzy Osbourne, and Dan Fogelberg...New Jock Lineup: 6-10AM, Mark McCaine and Eileen Kimble; 10-2PM, Randy Sutton; 2-6PM, Wild Bill Scott; 6-10PM, Melissa; 10-2AM, Willard Arbour; and, 2-6AM, Tom West. Weekends: Susan Sullivan and George Estell...And on the AM side: 10AM-2PM, J.T. Stevens; and, 2-6PM, Bob Bailey...Our newest novelty record: 'Hey Miss' by Monty Montgomery. A reggae number about herpes. Sample lyrics:

'Hey, Miss
Before we kiss
I must ask you this
Have you got the dreaded Herpes, Miss...'

But Will It Play In Peoria--rock and roll band name of the week...The very idea of Fucking Hitler... Two future Hard Choices, huh, Bill."

WLVO, COLUMBUS, OH M.D.-TIM SMITH: "Looking at the Back Page from last week, we see that Rick Springfield came up with an underline and, to me, that means that people are going to recurrent music because there's nothing new and terribly exciting out there. We're running into problems when we do the 'Two For Two' in coming up with artists that we can play a second song from. You look at our current list and there's a lot of people that just have that one song. We're wondering when something exciting is gonna come along...Flock Of Seagulls have a thing called 'Space Age Love Song'. Beautiful music--album rock radio. Good crossover stuff...I heard a taste of the new Franke & The Knockouts record. More up-front guitars on it. They could get a lot more acceptance on the album radio level...#1 album in town is: Joan Jett And The Blackhearts, replacing J.Geils. Glad to see that lady's career coming together...Great positive phones on: The new Chubby Checker record. Everybody on the staff is just in love with the song 'Harder Than Diamond'."

WWCK, FLINT, MI M.D.-MARK MILLER: "Rick Springfield's 'Calling All Girls' is awesome. Without question, an obvious hit. Rick showed flashes of brilliance on 'Working Class Dog' and that was a big hit. So this one really puts all the pieces together. The other side of the 12" 'Don't Talk To Strangers' isn't too shabby either. I think we're gonna go with both...Jay Ferguson's 'White Noise' goes in this week. Strings of unrelenting phone response. I played the track once about a week ago and the buzz started from that point and hasn't quit yet. The folks demanded Jay Ferguson on a full-time basis... Paul Collins' Beat sneaks in from left field. 'Crying Won't Help' is so infectious that you start to wonder if you need flu shots...Aldo Nova jumps into the Top 5 sales on the strength of 'See The Light'... The J.Geils Band returns to a steady cruise in the top spot in both sales and phones."

WBAB, BABYLON, NY M.D.-RALPH TORTORA: "I don't know why I feel so good on such a gray day, but I think Bonnie Raitt has something to do with it. Every time I listen to the record, it gets better and better. There's not a bad song on it. I love: 'Green Lights'. She really does a good job. We have the Lp in heavy rotation already. I hope this record breaks wide open, she deserves it. Talent and beauty--a rare combination...It's always great to hear anything new from Van the Man, and 'Beautiful Vision' is another beautiful Lp...Jay Ferguson's 'White Noise' (aka 'The Stroke, Part 2' or is it 'The Big Beat, Part 3'?) could be a great radio song a la 'Living In The Limelight' by Peter Cetera. Hopefully, people will react differently and buy it. Don't judge the whole record by the 12" either. There's a lot of good stuff on here. 'Inside Out' and 'Tonight' are my current faves...There's a local band I'd like to bring to your attention too. They're called Steeplechase, and their Lp is surprisingly good. The production is clean and the music is straight ahead rock and roll with good melody and harmonies. If you need a copy, check with Steve Leeds."

WSYR, SYRACUSE, NY M.D.-TOM NAST: "I never thought I'd see the day when I would be paying tribute to a Levine, but last week Triumph came into town and blew Syracuse away. Mike Levine, Gil Moore, and Rick Emmett are three of the hardest working musicians in the business today. Their stage show is the best on the road. They use effects and lighting better than anyone. Do yourself a favor, and whenever Triumph plays your town, see. Thanks to: Mike, Gil and Joe Owens for all the fun. And also: Bill McGathy and the lovely Louise Patrick...Jay Ferguson's 'White Noise' is already getting real big phones. The Lp is a good four cuts deep...Gamma 3 is another solid effort for Ronnie Montrose. He has always had a versatility in his music that pleases the entire spectrum of album radio's audience...Aldo Nova still pulling great phones...Duke Jupiter likewise. Still say 'I'll Drink To You' is one of the best songs I've ever heard...The Rick Springfield Ep is just what the doctor ordered. Hot, hooky, and guaranteed to please--from Noah Drake fans to Hells Angels...I'm on vacation and gotta split now to go roller skating some more down in Venice and Santa Monica Beach. It's a great way to meet ladies. L.A. fun time stories to follow next week...Congrats to: Trip Reeb."

KZEW, DALLAS, TX M.D.-JANEL DOLAN: "Jay Ferguson's 'White Noise' is working well for us. Instant phones and good recognition factor...Also added: Angel City. We'll see if this does better than their last, which we played with solid cult response. Dynamic local appearances have helped, but real record sales here have lagged...Even though 'Somebody To Love' from Dwight Twilley is almost three years old, I think it'll do fine--should appeal to women listeners and older males as well...Expect big things from Bonnie Raitt's excellent album. I like to hear feminine women on the radio (as opposed to angry women a la Pat Benatar)...Saw two good concerts: The first was Bryan Adams, who did extremely well. He handled the crowd with the flair of a veteran pro. Also saw the Cars. The crowd was crazed, but enthusiastic--but the Cars weren't. Luckily, Marty Schwartz made up for the band's lack of enthusiasm with his TLC."

KOME, SAN JOSE, CA M.D.-DANA JANG: "Already Top 25 sales on: Gamma. Probably the best start of any Gamma album so far. My second favorite is 'Stranger'; also like 'Moving Violation'...Bonnie Raitt is off to a steady retail start. We're going with: 'Green Lights' and 'Me And The Boys'...Sales on the Thin Lizzy from a number of rock accounts...A little retail interest in the Nick Lowe due to his upcoming appearance with the Cars in a week...Like the Rick Springfield 'Calling All Girls'--good rock sound for him...Getting Johnny And The Distractions requests from people who have recently relocated from the Northwest...Paul Collins' Beat continuing to receive calls for 'On The Highway'. Calls have been light to medium...Still steady sales on: Soft Cell...Every week Aldo Nova gains more and more momentum. Sales increased dramatically this past week--phones have spread from 19-23 to 16-26...Janis Joplin holding steady sales--some phones for 'One Night Stand'...Another dramatic retail increase this week for: Tommy Tutone--into the Top 20. Phones have picked up...Huey Lewis & The News holding pretty solid in sales--still getting some phones."

WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB: "Joan Jett sure has taken Richmond by storm. Talk about an anthem--At a recent XL102 basketball game against a high school faculty, the school's rock and rollers sang 'I Love Rock And Roll' and cheered us on to victory. They drowned out our own cheering squad. We lost the game anyway, but it was really the highlight of last week! Imagine a whole gym full of students singing 'I Love Rock And Roll'...Johnny And The Distractions, Aldo Nova, and Thin Lizzy are doing well on the phones...Sales climbers are: Bonnie Raitt and Le Roux...Rick Springfield's 'Don't Talk To Strangers' is so good that it sends chills up my spine. He's proven that success won't spoil him, but rather make him better and better...The Gamma album is nothing short of wonderful. 'Right The First Time' is one of the sexiest songs I've heard in a long time...Prism is still drawing phones and hanging in just below Top 20 sales...The Call continues to receive a response similar to what you'd expect from Ozzy Osbourne fans. 'War Weary World' is the cut we're using, and the kids just love it... I'll drink to Duke Jupiter's 'I'll Drink To You'. It's really good sounding rock and roll, and what else would you drink to anyway?...I'll drink to the fine artistry coming out of Alpha Audio in Richmond these days. Virginia Beach's Snuff has been working on their forthcoming album with Producer Phil Gurnhart, and I was lucky enough to witness a day's work earlier this week. Talent, creativity, craftsmanship, depth, emotion--I could go on and on about the components. But what impressed me most was that when it gets all put together, the total is so much more than the sum of all the parts. Snuff is a band with style and that absolute most important ingredient--magic. It's all there. All I can say is--just you wait!"

WPYX, ALBANY, NY M.D.-RON NENNI: "Whoa! Seems like we'll be three or four cuts deep on the new Jay Ferguson album. The title track seems a little weak after checking out 'Inside Out', and 'Tonight' seems like it will be a big hit. Usually we shy away from Beatles remakes, but that's not the case with 'I'm Down'. This is a fairly obscure tune, and the production approach is real catchy...I've listened to Chubby Checker over and over, and I'm now convinced of his potential. 'Harder Than Diamond' is real strong, but I'm partial to 'Burn Up The Night' as a rocker...Dwight Twilley's time has definitely come with 'Somebody To Love'. We're expecting good initial phones and sales...Gamma's new album has much more material than 'Right The First Time'. 'Stranger' is a killer. There are some great instrumental passages, too. For example: 'Condition Yellow'. It's our album of the week... Aldo Nova is becoming a household word...Soft Cell continues with strong phones and sales...We like the new Rick Springfield cut 'Calling All Girls'. It's a great album track. We think that 'Don't Talk To Strangers' is gonna be a monster...I think Graham Parker has finally found the right producer to drive his lyrical and melodic hooks home. 'Temporary Beauty' is a great song...Glass Moon's 'Simon' moved up to strong moderate rotation, and we're looking for phones on that one...Sure glad to see RCA getting a hold of the Lamont Cranston Band. 'Two Trains' is one of the bitchiest tunes out there... From the hozer capital of the Great Northeast, Bob & Doug McKenzie have now been #2 in sales for the past three weeks...Loverboy is up to #5...Janis Joplin and Soft Cell are both Top 20 sales and building... Tommy Tutone is finally taking off...Personals: Another memorable weekend, courtesy of John and Mav... And thank you from the bottom of my heart to: Merv and Dave...To Ray White: We'll have to go at it shot for shot next time...Finally found room for the Bonnie Raitt album. Although 'Me And The Boys' is a good place to start, I think that 'Willya Wontcha' will be the cut to surface. It has more meat to it."

KEZY, ANAHEIM, CA M.D.-LARRY REISMAN: "Adds: Gamma, Jay Ferguson, Lou Ann Barton, and Rick Springfield 12"...The Jay Ferguson album really threw me off at first. I listened expecting to hear a lightweight pop record like 'Thunder Island'. Was I surprised! This album kicks ass. I know that this record will be compared with Billy Squier's, but there's nothing wrong with that. We need some fresh new stars, and Jay Ferguson may be just that in '82...The Simon & Garfunkel album is a masterpiece. Although they are not played in our format, the album gets heavy rotation at home...The Graham Parker single is a lot mellower than I expected, but I'm sure the album won't let us down...Top Five Sales: J.Geils Band, Quarterflash, Joan Jett, Police, and Journey...Bonnie Raitt debuts at #38."

WIOT, TOLEDO, OH M.D.-BUCK McWILLIAMS: "Random Thoughts: Why didn't anyone tell us that Dwight Twilley's 'Somebody To Love' was previously released in 1979 with no success?...How can anyone not play Aldo Nova?...Or Tim Goodman?...Records I don't hear: Jay Ferguson, Soft Cell, Le Roux, Wrabit, Nick Lowe, and Doc Holliday...Records that I'm real hot on: Tim Goodman; unreleased A Flock Of Seagulls ('Space Age Love'); Light; Bryan Adams; Aldo Nova; Tommy Tutone; Eye To Eye; and, UFO...Dying records: Eddie Schwartz, Keith Sykes, Lamont Cranston, Johnny And The Distractions, and Carmine Appice...To Judy McNutt: Your comments are appreciated and read religiously by me each week...Also some excellent points made by Tom Starr at WOUR last week regarding stations who stick their neck out for product the label doesn't support...I'm on vacation this week, and already I can't wait to get back."

WBRU, PROVIDENCE, RI M.D.-DAVID FILIPOV: "I really can't say enough about Nick Lowe's latest. He's just a consummate solo artist. Although 'Stick It' is a very hot cut, we get calls on 'Let Me Kiss You', which could and should be a hit single. And, 'Raining Raining' is a fine ballad...I'm also impressed with Bonnie Raitt's new effort. And not just because she covers new songs by those old New England faves, NRBQ. She matches her always strong vocals with a rocking backup band and some fine material. Besides 'Me And The Boys' and the single, I like the cover of the Eagles 'Baby Come Back'. She's always been big around here, and now she should really make it nationally...The new XTC record is a grabber. It's engaging, skillful pop that really gets you, especially after a couple of listens. 'Ball And Chain' and 'Working Overtime' are the lead cuts...And finally, 'Working For A Living' is a standout on Huey Lewis & The News' album. But don't miss 'Tell Me A Little Lie'--a very memorable song on a fine album."

WDIZ, ORLANDO, FL M.D.-MIKE LYONS: "Adds This Week: Montrose best so far with the Gamma 3. I remember when the first Montrose record came out 6 years ago. In Florida and Texas, the record was huge, and several programmers mentioned that the reaction was as enthusiastic as Led Zeppelin. While it's not as good as the days that Hagar was with them, I think this one has a real good shot...Is Tommy Tutone the next Loverboy? I don't think so...We've started the DIZ Funny Farm, our own comedy club, in association with a local club facility, where we've found a group of excellent local comedians who have been performing now for the last three weeks to remarkable success. TV, newspapers, and sell-out crowds have been what we've had so far. It was a left field idea that we followed through on that's working. We also tie in some of the bits and performers with my morning show. It gave us easy options after we got tired of the Bob & Doug bit. We're working on Tim Ishimuni now."

WLIR, LONG ISLAND, NY M.D.-RAY WHITE: "De Bella's screamer this week is from the Human League. 'Don't You Want Me' is such a hot tune--a great story hook. I'm surprised at album radio's resistance. You'd think that Soft Cell's success would have shown everyone the light...The Dreggs new single just arrived. An instant add, with some great vocals from my buddy, Alex Ligertwood of Santana... 'Calling All Girls' is the Springfield cut for us, but I've got to admit that 'Don't Talk To Strangers' is a smash on the way to happen...Congrats and best of luck to: Bruce Lundvall on his new label, Musician. Check out the Griffith Park Collection and the Rodney/Sullivan collaboration--musical masterpieces. Hit up your local Elektra person for a copy...Ya know, the Simon & Garfunkel record sounds awful good. It's obvious that half a million people showing up at their reunion served as one helluva inspiration. The HBO show complements the record beautifully...If the Graham Parker Lp is as good as the single, we may finally see him get the recognition he deserves...Good meeting Paul Collins the other day. Turns out the boy's originally from Long Island. Thanks to: Rich Bloom and Jim Del Balzo for making the trip...The J.Geils party was a blast, after a very hot New York show. Good seeing Mavis and John Brodey. Special thanks to: Howard Bernstein for putting the party together."

KEZO, OMAHA, NB P.D.-GREG GILLISPIE: "Our Adds This Week: Gamma, 'What's Gone Is Gone'; Le Roux, 'Addicted'; Rick Springfield 12" (both sides); Stevie Nicks Live 12"; and, a Re-add on Novo Combo for 'Tattoo'...As far as Gamma goes, I think this is an important step in Ronnie Montrose's career. The textures and overall sound of this album is fantastic. I'm not floored by the single; I think it's a good attempt at reaching a wider audience. For us, 'What's Gone' sounds great on the radio...Aldo Nova is starting to get some phones, so we moved it in rotation...Also, we're starting to see someone calling for 'My Desire' by Johnny And The Distractions. They'll be opening for J.Geils. It'll be interesting to see the response...The Go Go's are an amazing story in Omaha. The album is now #1 in sales, and right now shows no signs of letting up. The day Michael Plein first played the album, I would have never believed I'd be working at a station that's playing two cuts off it...The album has gone platinum--a record like the Go Go's...Another record that's doing quite well is: Soft Cell. Sounds great on the radio, and this is another one women are calling for...Looking ahead, I've heard cuts from the upcoming Krokus album. Although they sound a bit like AC/DC on the vocals, I think this will be the record that will establish this band in their own right...Also another interesting release on the way is: A Flock Of Seagulls. It's very modern sounding, very hypnotic...Finally, to Joe Folger: For being a freshman music director, you sure do a lot of preaching. It seems to me you should look, listen, and learn from some of your contemporaries."

WMJQ, ROCHESTER, NY M.D.-ROBERTA HABER: "It was interesting to see in last week's Sheet how many Bonnie Raitt fans there are among us. She's one of those artists who's in heavy rotation on the home turntable, but barely makes it onto the radio these days. On 'Green Light', Bonnie has carefully chosen the songs and arrangements to stay true to her roots and get some airplay. Picking NRBQ's 'One Of The Boys' is a stroke of genius. What song would better fit Bonnie's hard rockin' mama image? And as a female type in a predominately male industry, I know from what she speaks...Just when you were beginning to worry that Rick Springfield was going the way of Leif Garrett and Shaun Cassidy, the guy comes out with a great little rocker, 'Calling All Girls'. This might become the signature song of the Spring of '82. Immediate phone response...Hey, that Duke Dupiter record sounds great on the radio. 'I'll Drink To You' is catchy as hell. Duke Jupiter will be providing the live rock and roll at WMJQ's Great Chug Off Of '82 (Round Two) at a local club. Should be a great show...Not being completely sold on Jay Ferguson's advance 12", I was delighted to find the album chock full of great tunes. The hot version of 'I'm Down' is probably how the song would have sounded if the Beatles had done it in the 'Magical Mystery Tour' era. 'Tonight' is a fine pop rocker that should give Rick Springfield a run for his money. 'Heat Of The Night' has the same feel as 'Shakedown Cruise' and would make a great single...Now I don't mean this negatively, but it sounds like Ronnie Montrose has been listening to Journey, Styx, and Triumph. Gamma 3 has a similar synthesizer wall of sound feel with enough of that Montrose guitar to make this thing really cook. The kids should live it...MJQ Special Notes: Thanks to: Bill McGathy and Louise Patrick of RCA for the MSG inspired giggles."

KZAP, SACRAMENTO, CA M.D.-BOB KELLER: "First of all, good news on the local band scene. The band Steel Breeze has been invited to go to L.A. and cut a record, and several labels are interested in signing the band. A much deserved break for a hard-working Sacramento band...Staff excitement is running high over the Thin Lizzy album. We all seem to agree that there had to be a real 'band-type' album to balance our playlist. 'Band-type' as opposed to all the male vocalists we're currently carrying, i.e. Sammy Hagar, Rick Springfield, Johnny And The Distractions, Huey Lewis & The News, Bryan Adams, Tommy Tutone, and John Hall."

WLRS, LOUISVILLE, KY M.D.-TERRY MEINERS: "You can all sleep peacefully tonight. I have seen and heard the future of rock and roll and, frankly, I'm mesmerized. The 11th Annual WLRS Battle Of The Bands took place recently at the Carl Casper Car Show. You know the setting: hundreds of sleekly polished Camaros and T-Birds, a few voluptuous TV celebrities (Dallas's Charlene Tilton, Suzanne Sommers, etc., who charge you two extra bucks to come up on stage and look at their hooters up close), a couple of noteworthy vehicles that probably aren't the real McCoys anyway (a bat mobile, the General Lee, etc.), and a local band battle (that's where we come in, since no one wants to pay extra to see our hooters). Throughout the weekend, 54 area bands hammered out covers of their favorite bands. About 51 of the bands played with 'Live Wire' or 'Ride The Storm Out'. So when we awarded the prize money and sound equipment to the few bands that dared to do original stuff, we were deluged with volatile phone calls for hours on end. I don't understand why they complained about the winning group. I mean, aren't yodeling rhumbas in this year?...Thanks to: Jim Pemberton at WFBQ and Heavy Lenny for leading this horse to Light (I wasn't thirsty for water anyway). Light is an Indianapolis export with an excellent record called 'Keys'. I suggest you contact either of the aforementioned for additional information. Most importantly, listen to that puppy. It's the best new stuff from an unknown I've heard in months...Tony Tolliver, where are you? Should I mail you some postage stamps?...Columbia Records: You get an A+ on the Paul Collins' Beat package (now how about getting me a cart machine for my house?)."

WTUE, DAYTON, OH M.D.-JIM KINNEY: "We kind of cleaned house this week. There were quite a few excellent tunes added to the playlist: Bonnie Raitt, Dwight Twilley, and Rick Springfield were all added...This Tommy Tutone tune has gotten far enough for us to feel comfortable with it. It took so long to build that we decided to wait, but it's in the grooves. (Mike McConnell said it was a hit from the beginning)...We officially added the Nicks and Foreigner 45 this week, too...That live version of 'Edge Of 17' is hot as shit...I'm not sure that 'Jukebox Hero' will be a Top 10 single for Foreigner, but it's a huge album track for us. 'Women In Black' is my bet as a hit single...Bonnie Raitt never sounded so good. It's as simple as that. We're on: 'Keep This Heart'. 'Boys'--and 'Green Lights' also sound real nice. She did a great job of commercializing her sound without abandoning that bluey base. She's done over the past few albums, but the difference between this one and the others is the production. Super production on this album...Dwight Twilley has the possibilities of 3 or 4 hit singles from 'Scuba Divers'. (Where the hell did you get a title like that?) We're on: 'Somebody To Love'. 'Crying Over Me' is one tune that hit me as good that I haven't seen mentioned yet...Rick Springfield looks like another smash. 'Calling' definitely wins out over 'Strangers' for us...We also added another track to the Cars called: 'Maybe Baby'; and, 'Hole' to the Prism album...Thanks to: A&M and Jeff Pearson for their help with the Bryan Adams promotion. We gave away a television to help with those 'Lonely Nights'."

WMYK, ELIZABETH CITY/NORFOLK, VA M.D.-BILL SIMMONS: "Strongest new record of the week has got to be Rick Springfield's 'Don't Talk To Strangers'. It'll probably be his most successful single to date, surpassing even 'Jessie's Girl'. 'Calling All Girls' is a natural for album rock...If you have any interest in upper demos at all, you can't afford to pass up Simon & Garfunkel. It should do really well with all the publicity that the HBO concert is giving it...Thanks to: Bill Hard and CBS for the Paul Collins edit. It definitely helped up to recognize the potential of the record...Saleswise: Joan Jett maintains at #1 retail for the past two weeks...Other retail of note: Sammy Hagar, Prism, and Eddie Schwartz."

WZZO, BETHLEHEM/ALLENTOWN, PA P.D.-Tom Kelly: "Saw Rod Stewart last night at the Spectrum, thanks to George Silva. The women went wild. Now I know why they call him 'Rod The Bod'...The main topic of conversation and sales are still: Joan Jett and J.Geils; with Bob & Doug McKenzie a close third... We're adding the 'Beerhunter' to tie in with the Beerhunter Competition we're running...We're also going with another J.Geils track: 'Do You Remember When'...We're keeping an eye on: Soft Cell. It's moving fast...We're keeping all the record people happy this week. We're not chopping anything, and we're even adding some things: Thin Lizzy, Bonnie Raitt, Angel City, and the Rick Springfield 12".

WFYV, JACKSONVILLE, FL M.D.-CHARLIE LOGAN: "Record Of The Week: Fay Ray. An interesting Lp. 'Different Morning' is a great track, extremely reminiscent of Cheap Trick's 'Downed' from their 'In Color' Lp, except for the vocals, which to me are more like Chrissie Hynde's breathy sensuality than Debbie Harry's popishness. But with all the faceless bands presently on the air, I'm not quite sure if we can do anything with this. So this week, we'll let our listeners digest some of these new names...Which brings me to this week's add: Gamma. Ronnie Montrose does it again with another fine album. Rad likes 'Stranger' more than the single, so we'll start with that. Personally, I loved the Morse Code that opened the tune. This will pull real strong phones...Speaking of phones, the Buggles 'Vermillion Sands' is making the phone explode with interest; plus, we're seeing early retail action. It's songs like this and Soft Cell that make for unborning radio and make listeners sit up and take notice...Other phone burners: Aldo Nova, which is not just hot but scorching and, of course, Joan Jett...And for those longing for Spring, it's 85 degrees and beautifully sunny, so, good day, eh?...And my vote goes to 'da Kimbie."

WAAF, WORCESTER, MA M.D.-ROB BARNETT: "With the help of RCA's Joe Owens and Triumph, we had a great instore and a great rock 'n roll show before a sold-out crowd at Worcester's E.M. Loews Theater... Boston's still ringing from a three-night stand by the J.Geils Band...The Jon Butcher Axis opened all three shows at the Garden. Their newest tape, 'It's Only Words', is getting heavy airplay here... Added: Dwight Twilley and Angel City this week. 'Somebody To Love' sounds great. Also check out Dwight's album credits...Angel City's 'Fashion And Fame' moves with a great drum track, and I've always been a fan of Doc Neeson's vocals...Rick Springfield's 12" was an automatic...Tommy Tutone up to heavy airplay...Ixnay on Asim-kay...Ixnay on Henry All-pay...Increasingly strong sales on: Loverboy and the Van Halen single...Listening to: Gamma and Chubby Checker...Nowhere Fast never got here...Congratulations: Jimmie Mack, who will fill Roy's spot at Stiff. Of course Roy's addition to this week's Stiff List is a serious one--with the greatest respect--Murray The K's dead at 60."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "For those who have heard and those who have not, here is what's happening at WCMF-FM: Our exalted leader and Program Director, Trip Reeb, will be leaving us to assume the P.D. job at WMET in Chicago effective March 3rd. No successor has been named yet. However, watch this space for further developments...My new favorite album is, without a doubt, the Human League. 'Don't You Want Me' has been pulsing through my brain since I first heard the record. I actually can't wait to get home nights to listen to it. However, now I don't have to wait for home since it goes in as an add this week...We also added: Dwight Twilley, 'Somebody To Love', which sounds just fine on the air...I believe the new Rick Springfield single 'Calling All Girls' is going to be a monster. All the goods are there. Thanks to: Bill McGathy for the personal hand delivery... Also this week, we convert Gamma to an album add...If you're starting to get burnt on Joan Jett's 'I Love Rock And Roll', you might want to try: 'Crimson And Clover'. We're getting some positive phone response...Aldo Nova also pulling good calls...In the 'sorry-no-room' dept.: Susan Lynch... Finally, I'm convinced that Ozzy Osbourne is his own best advertising campaign... 'Remember The Alamo'."

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "I've been keeping kind of quiet lately. It seems that every time I express a less than enthusiastic opinion about a new album, someone accuses me of trying to sabotage a career or tells me to take some Midol or some other such nonsense. Judging by the answers to last week's Question, the majority of music and program directors out there believe that the only valid opinion is a positive one. Well, answer me this. If the program and music directors, the people who supposedly know the most about the music, the people who are the most involved with determining what's good and what's bad on a daily basis, can't let the record companies know how they feel, positive or negative, about the new releases, who will? We're the people who, supposedly, have our fingers on the pulse of the audience. Judging by some of the really bad records that get released, I'd say the record companies could use a little added information from a new source. When they're on the right track, let's give them all the encouragement they can handle, but when they start pounding on us to play a record that obviously has no chance, let's tell them about that one too. The purpose is not to ruin careers, but to work together to get the best possible product on the airwaves...In musical notes: I hope Elektra is considering 'I'm Not The One' for the next Cars single. It could be another 'Waiting For A Girl Like You'...We added: The Bonnie Raitt. If America won't play NRBQ, at least we can get those guys a couple of royalty checks by playing their songs...And I changed my mind, Mavis, and added the Dwight Twilley...Also got the XTC in today. There are a few bands out there, XTC and U2 are the prime examples I can think of, that are creating refreshing, original music that is right on the verge of being extremely commercial as well. Right now they may sound a little bit weird, but those of you who are looking for the next big movement in rock music would do well to listen closely to these bands. You're right, Bill. The intro is a little bit weird, but 'Senses Working Overtime' delivers if you give it a chance."

WQMF, LOUISVILLE, KY M.D.-DUKE MEYER: "Bonnie Raitt's 'Green Light' album is fun to listen to. 'Can't Help Myself' and 'Keep This Heart In Mind' are my faves. It's another one of those cases of not being sure it fits, but I'm sure that I'll put on my dancing shoes and grab a copy of 'Green Light'... Dick Bethel, Dave Hart, and other Capitol folks: Read what I'm about to say two or three times before you shoot my dog. For some reason, personally, when I first heard Jay Ferguson's 'White Noise' I thought, great Jay version of 'The Stroke' and took a copy of the white vinyl 12" home because it looked cute. But after listening, and putting my personal feelings aside, I got a feeling that 'White Noise' is gonna be a real contender. 'I Come Alive' is my fave off the album, but keep an eye on 'White Noise'...Joan Jett and 'Centerfold' are by far the biggies on the phones. That's an understatement. Try every second or third call--sometimes both in one call...Added This Week: Carmine Appice, Gamma 12", and Rick Springfield 12".

KATT, OKLAHOMA CITY, OK M.D.-JEFF FREUND: "Ronnie Montrose and Mitchell Proom have tuned their music and cranked up the keyboard and landed a sound that meets the demand of 1982 radio. 'Right Time' gets stronger every time it hits the air...My favorite album of the week, however, is the new Van Morrison. Excellent, relaxing, honest material...I want to say a special thanks to the number of folks who have always put forth the extra effort to keep the industry on a fun and professional level. The names are too long to mention, but everybody who was in town either working promotions or concerts knows who you are...By the way, I highly recommend the Foreigner/Bryan Adams concert. Bryan Adams is definitely on the move up...Speaking of moving, the Cars returned to Oklahoma City over the weekend, and their show was a great improvement over the past shows. The band was alive and exciting... If you get a chance, see either of these shows."

WKQQ, LEXINGTON, KY M.D.-DAVE KRUSENKLAUS: "Angel City has always been a heavy rock and roll band that I've admired. Their songs are well produced with great hooks and get the point across without beating you over the head! From what I've read there is a wide spread on cuts, but I like 'City Out Of Control'... Seeing first week retail on Bonnie Raitt, the single is strong and we're already getting phones for 'Me And The Boys'... The Aldo Nova record will be getting some expansion soon. Requests are high and retail is beginning to kick in... If Ozzy Osbourne urinates on any more public monuments, or bites the head off any more living creatures, I may have to drop the record... Dwight Twilley, Side 1, is very solid. Some of the older audiophiles in the audience are taking notice of 'Somebody To Love'... Finally beginning to see some sales on Sammy Hagar... Certainly the strongest record of the week is the Jay Ferguson. It's going to be real tough to decide on a cut. 'White Noise' is the attention getter. 'I Come Alive' is a fine tune that reminds me of 'Spooky' from the Classics IV, and 'Inside Out' is very infectious. Doesn't sound like Jay used sound at all--a complete and pleasant departure... Gamma also goes in this week. Still waiting for some reaction on 'Right The First Time' after 2 weeks play... Joan Jett's Blackhearts still continue to top the retail list... The Journey single is healthy, pumping more power into the requests and sales and Bob & Doug McKenzie are doing well. Surprisingly enough, the album is outselling the single!"

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN: "Last night I saw one of the best rock and roll shows ever--the J. Geils Band in Boston! In the words of our morning man, Bob Cox, 'The Jon Butcher Axis' (the opening act) raised the roof and the J. Geils Band blew it off! The energy was incredible. The rumble of 15,000 stomping feet was earth shattering. I believe it must've measured a 9.5 Richter! Great show! Many thanks to Jack Dougherty and Mavis Brody for the evening. To those at WAAF, WCOZ, and WBCN: How did your e-a-r-s survive? Blitized but happy, no doubt, like mine... This was the week for Tommy Tutone! We've been watching and waiting for the right moment to go with it and this was the week to add '867-5309/Jenny'... We'll also start developing Joan Jett's 'Crimson And Clover' by adding that this week... In retail, Joan Jett, J. Geils, Bob & Doug, Police, Quarterflash, Go Go's, and Loverboy lead the way. There's nothing really new developing right now in retail interest. People are basically going for the hot Lp's I just mentioned... We're ready for an onslaught of major product. I think I'm gonna get Joan Jett writer's cramp from filling out phone logs with requests for 'I Love Rock And Roll'... Other request leaders: 'Freeze Frame', ('Centerfold' is disappearing fast), 'Open Arms' (Journey), Bob & Doug and Van Halen... Adds: Tommy Tutone... Considering: Chubby Checker's 'Running', Dwight Twilley, Glass Moon and Graham Parker (a great smooth-sounding single)!"

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "The spirit of Mardi Gras is spreading to North Jersey. WDHA held a costume party over the weekend at a local club with a grand prize winner (yes, another lizard) winning a trip for two to the Bahamas. Many thanks to Captain Humble of WRNO for talking on Mark's morning show. North Jersey loved hearing about the Captain's Producer in drag putting glitter on his balls. Or did he say having a ball with his glitter? Well, whatever--it sounds like fun... Thanks also go out to Carmine Apice for the phone interview last week... We're getting ready to celebrate the first year anniversary of Saturday Night '60's. Any appropriate ID's or interviews would be much appreciated... Capitol's Jay Ferguson's super quality cassette helped us into an immediate album add. The energy and production are so dramatically improved over the last album, I never would have thought it possible... Another immediate add was Graham Parker's 'Temporary Beauty', sounding far from temporary... Rick Springfield sure has it coming and going with both albums in strong/medium rotation. 'Calling All Girls' is an excellent cut... At our staff music meeting, the consensus was to add 'Ride Your Pony' by the Fleshtones. I believe this song could fit in at any album rock station. Give another listen... The Van Morrison album is beautifully crafted and though it may fly over the heads of many, we're giving the 'Cleaning Windows' cut a shot... Last weekend we had a great time featuring the tremendous Simon & Garfunkel concert album. They really deserve the attention. Hope this reunion album is just the beginning of another era for them... Happy to hear the arresting news today of the Police--confirmed--booking April 18 & 19 at the Meadowlands Arena, opening act may be Joan Jett--How's that for red h-o-t? I'm sure at least one more date will be added... Speaking of hot, super requests for the Waitresses, Soft Cell, Joan Jett and J. Geils... Sales: Joan Jett, J. Geils, Go Go's, Police, and Cars... Moving to recurrent: Queen, Hall & Oates, SVT, and Eddie Schwartz."

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "At long last, the double live Simon & Garfunkel 'Central Park' concert album has arrived! It's wide open for us with the 'Kodachrome/Maybelline' track standing out... Jay Ferguson does his Billy Squier imitation on his new album. I guess when Capitol Records finds a formula they stick with it. 'White Noise' and his cover of 'I'm Down' are what we're using... Rick Springfield's 'Calling All Girls' is already a hot track for us. This guy seems to cross all barriers... My personal favorite is the new song from Graham Parker, 'Temporary Beauty'. Although a bit laid back, the Parker fans are very enthusiastic... Rita Marley's 'One Draw' is a must for any station that has played reggae in the past. Can't wait to hear what the album sounds like... On Pete's Music Test, Steeplechase (a local band) track 'Only You Love Only Me' scored an 8.1! On other lines, Rick Springfield's 'Calling All Girls' 7.0; Susan Lynch 'Office Love' (which incidentally is Harris' Hooker of the week) 6.5; Rita Marley's 'One Draw' 5.7; and Graham Parker 'Temporary Beauty' 6.3... Joan Jett and J. Geils still share the top of the charts as they've done since the first of the year. And the Go Go's are doing quite well for us again... Thanks to Clarence Clemmons for dropping by the studios. Poughkeepsie loves him so much he's coming back to play again this week... And, we gave our sacred Valentine Rendezvous package! Our winner is going to the Bahamas with his Valentine for four days to get away from the drab New York weather!... 'Til next time."

WXUS, LAFAYETTE, IN M.D.-BOB MAJERSKY: "The Gamma 3 with Ronnie Montrose reminds me a little bit of Sammy Hagar. You pay your dues, and sooner or later everybody will catch up with you. When you're 'Right The First Time' people will respect you the next time... Dwight Twilley and 'Somebody To Love' is as hot as 100% pure oxygen while flicking your Bic. 'Scuba Diver' is solid... Here I am in 1982 and adding Chubby Checker on an album rock radio station. 'Harder Than Diamond' is the cut that our listeners are asking for... I know WB's Nancy Orlandella has been waiting and working hard for Soft Cell to receive the much deserved airplay in Lafayette. This week 'Tainted Love' is an official add that smashes its way to an immediate heavy rotation... Duke Jupiter and 'I'll Drink To You' is also new along with the Rick Springfield Ep with both sides receiving heavy airplay... Adds: Rick Springfield 12", Gamma, Soft Cell, Chubby Checker, Dwight Twilley and Duke Jupiter."

WLAV, GRAND RAPIDS, MI P.D.-DAVE LOGAN: "Two weeks ago, I mentioned that LAV was slugging a couple of relatively unknown albums into a legitimate 'heavy rotation' because we felt that the albums not only sounded great on the air, but we also knew that we'd be getting the proper measure of support from the parent company. The result? This week Aldo Nova (4 cuts out-of-the-box) checks in at #3, surpassed only by J. Geils and the Go Go's, and well ahead of followers like: Genesis, Ozzy Osbourne, and many others. I can only repeat myself and say that this album is one of the major releases of the year, a la Billy Squier in 1981... Our other shot, Paul Collins' Beat, (again 4 cuts out-of-the-box) makes a very distinct entry into the Top 20 this week. These albums have the goods and the people are supporting them, in our town at least... There's one point I'd like to comment on this week, and that's a somewhat disturbing practice of record people lately calling in adds on a station before such a move becomes official. Lately, we've been caught in a series of premature phoners; and frankly, it's getting to be a real pain in the ass. All Tony and I can say is please don't jump the gun and end up getting yourself in a jam when we say that we're still not committed. 'Leaning' is one thing, an official add is another. If we go with your product, you'll be the first to know. With all the corporate paranoia being spread out there, let's stick together and get the facts right--for everyone's sake... P.S. Yes, her maiden name really is Lois Lane. No, I don't think I have a shirt yet. And yes, there is a chance we might be in the third flick."

WRNW, BRIARCLIFF MANOR, NY M.D.-PAT PRINCIPATE: "Condition Yellow', Gamma's newest is the best Gamma record yet! Gamma has branched out into a new style of music, yet at the same time been able to remain familiar to those that have followed them through the years. You have to respect a band that can keep a new audience and gain an old one. This record should do it for you guys. I can't stop playing the damn thing. We dug right into it. There's just absolutely so much to choose from. We're on 'Modern Girl', 'Stranger', 'Right The First Time', 'What's Gone Is Gone' and my absolute favorite 'Condition Yellow'. If this doesn't get them the acclaim that they so long have deserved, I'll eat every Gamma record we have in the studio...Bonnie Raitt is h-o-t, h-o-t, h-o-t...I'm glad to have Graham Parker back. It's been a long time in the making, but if 'Temporary Beauty' is just a taste of the record, 'Another Gray Matter' will be a killer. I can't wait for the entire album...Thanks to: Jack, Heather and Valerie for keeping us so busy this weekend. I didn't even have time to notice my cold... Adds: Blasters, Rick Springfield 12", Gamma, Graham Parker single, Simon & Garfunkel, Susan Lynch, David Leonard Group, Paul Collins' Beat 45."

WKWF, KEY WEST, FL M.D.-BRUCE YOUNGBLOOD: "I've always been an admirer of John Hyatt. The Cooder/Hyatt combination is hot and funky...Sure did not expect such a diverse and well done record from Jay Ferguson. Shades of Spirit and Beatles and a modern touch on the title...Check out Duke Jupiter. All of side 2 is excellent...To heavy airplay: Van Morrison, Bonnie Raitt, Bob & Doug, The Church, and X-15...Album adds: Jay Ferguson, Chubby Checker, Duke Jupiter, 'The Border' Soundtrack, Eye To Eye. Re-add Tommy Tutone...Single adds: Graham Parker, Mel Brooks, Stevie Nicks live...New Wave Feature: Joy Division and New Order...Jazz Feature: Eric Gale and Griffith Park."

KTIM, SAN RAFAEL, CA M.D.-TRISH ROBBINS: "The sun finally shined on the Bay area! And I swear, when this place is glistening (all of you who've been here on a sunny winter day know what I'm talking about), it's glistening! A twinkling Judy Collins stopped in for an interview and I was happy to meet the woman whose melodic and theatrical voice I've been hearing for about 20 years now. I know you rockers out there won't go for it, but everyone else who has diversified their airwaves will not want to skip it by accident thinking it's too wimpy...Same story on Gordon Lightfoot. Seems specious but they both come through on the air...Happy to be hearing from Graham Parker again. He has a way with the hooks. One of the saddest days I've ever had is when 'they' took out all the Graham Parker from the famed KSAN library. Of course, 'their' whole operation aborted. See, ya can't take out major organs and live...Congratulations to the independents who really brought the cream to the top with the Go Go's. I think we've got something here...I want to tell Arista Records about this great promo man they're losing--Rick Galliani. As he won't move to L.A. from the Bay area (can you blame him?), he had to be replaced! Oh well, another one rides the bus! Good luck on the new stuff, Rick...Too bad album rock doesn't play Joan Armatrading. 'At The Hop' is totally tuff--or Bonnie Raitt for that matter. I think they're missing it on those! Do some of T.R.'s research--put it on-the-air and watch it go...Speaking of going, I'm gone!"

WRCN, LONG ISLAND, NY M.D.-JIM BUCKLEY: "First day back from vacation and what do I find? A live Simon & Garfunkel album. Needless to say, it was the first thing I listened to, and it was much better than I ever expected. You'd never know by listening that this was recorded outside with a half million people! As for the dynamic duo, they've never sounded better. We immediately went on 7 cuts and if you're not playing any Simon & Garfunkel, here's your excuse to get on it now...I didn't have time to listen to much else but we did go with Soft Cell, Rick Springfield, Gamma and Jay Ferguson."

WDEK, DEKALB, IL P.D.-WARD HOLMES: "We are pleased to announce Brian Leonard is the new Music Director as Ed Knych steps down to take over Special Projects. Brian's air hours are mornings, so beware! He will take calls any day except Tuesday after 10AM. Please cooperate...On to the more serious business of music. Why is it people are so surprised the Tommy Tutone, Novo Combo and Go Go's are suddenly good. They were good when they came out a long time ago. Wake up!...Adds: X-15, Lou Ann Barton, McCoy Tyner, Simon & Garfunkel, Native Son, Stevie Nicks live 12", Graham Parker 45, 4 Out Of 5 Doctors...Hot rotation: Nick Lowe, Jean Luc-Ponty, Gordon Lightfoot (a great female record), Van Morrison, Jimmy Destri, Police, J. Geils, Quarterflash, Al Di Meola, Huey Lewis, Human League, Cars, Bobby/Midnites, Go Go's, Bonnie Raitt, and Soft Cell...Look for Brian's comments next week."

WNCT, PEORIA, IL M.D.-WENDY RICE: "This week's new additions include a fresh cut from Triumph. Canuck fever still runs rampant. 'Say Goodbye' gives 'Allied Forces' a new boost. Also in the current stack: Rick Springfield's 'Calling All Girls'--can this guy do anything wrong?, 4 Out Of 5 Doctors, Paul & Art's intimate gathering in 'Central Park', 'Office Love'--hot stuff from Susan Lynch, and what's gotta be the most-powerful-tune Jay Ferguson's done in years 'White Noise'. Ever since the advance cassette began a rolling on my tapedeck, side one cut one was destined for fame and fortune, or something like that. Besides, the album definitely has a few other cuts readily available...In other news this week: Sammy Hagar makes request list headlines followed by the Kinks, Quarterflash, Foreigner, Joan Jett, and Soft Cell...Sales still feature the Go Go's on top followed closely by J. Geils...New stuff waiting in the wings: Thin Lizzy, Human League and Duke Jupiter."

WMAD, MADISON, WI M.D.-DALE WOLTER: "First off, regarding the Paul Collins edit, we won't mess with what we deem a classic but if it gets more people to play the damn thing, more power to you! By the way, requests and sales are really picking up for Paul so try to make room for this excellent record... Elsewhere in sales we're seeing a marked improvement with Soft Cell, Aldo Nova, Bryan Adams and Thin Lizzy...A couple of us saw the U2 show the other night here in Madison and after watching 1300 people go absolutely bonkers and seeing my own jaw drop to the floor, I can't think of one good reason not to play the record anymore. I know it's late but consider it an add. Thanks to Craig Lambert and Eric Heckman for a fun and fact filled evening, and to Rocking Rod--I'm wearing my T-shirt proudly!"

KZEL, EUGENE, OR P.D.-BRAD HOFFMAN: "After taking KZEL from a 7.6 to a 10.6 in the most recent Arbitron, management has decided to eliminate the position of FM Program Director. If you can't figure this out, I can be reached in Seattle at 206-322-0439."

KKDJ, FRESNO, CA M.D.-JEFF RIEDEL: "Adds: Gamma Lp, Dwight Twilley, Chubby Checker, Angel City, Glass Moon and Rick Springfield 12"...Sales: Go Go's, Joan Jett, Sammy Hagar, Loverboy and Wabbit at #9. Wabbit's really going wild here! It's the biggest gain for a debut album that I've seen in years...As for Gamma, it's been in the stores for less than a week and all Fresno record stores have seen very heavy sales. That sure is a great record...Other bands should try studio rehearsals before recording their records. It has definitely paid off for Ronnie Montrose...Under consideration: Jay Ferguson and Susan Lynch...I'd like to thank Bruce Hix and Norm Osbourne for an enjoyable weekend in San Francisco...We're ready for Springtime!"

KZEL, EUGENE, OR M.D.-CARLA LEONARDO: "Sorry to say that Wunderkind P.D. Brad Hoffman is no longer with KZEL--a victim of budget-it-is--he is sorely missed by the KZEL staff already but we're looking for a triumphant re-entry up-the-ladder for him...To Debbie Lipitz, thanks to the little Ripper for the 4 Out Of 5 Doctors stamp. Are you sure I can write prescriptions with this thing?"

KTYD, SANTA BARBARA, CA M.D.-SUSAN CHRISTOL: "Adds this week: Gamma, Jay Ferguson, 4 Out Of 5 Doctors, Graham Parker 12", P!msouls 12"...Genesis and J. Geils continue to be super h-o-t! The phone action on these bands is phenomenal! If you are looking to expand on the Geils, check out 'River Blindness' and 'Flame Thrower'. They're doing well for us...Bonnie Raitt's new album is a **ROCKER**. C'mon, Bonnie, are you sure it's not the Stones playing back-up on 'Willya Wontcha'? You and your new band are better than ever...4 Out Of 5 Doctors have a great radio tune with 'Call Me At Home'. This second effort far surpasses their first...Thanks go out to the RCA and Warner reps who gave us such good support on the Bow Wow Wow and Pretenders show...Talk to ya soon!"

WYMX, AUGUSTA, GA M.D.-MARY PILLINGER: "Watch out world, the new Dreggs album cranks. Steve Morse will finally gain the recognition he deserves as the leading guitarist of the 80's--and there's no way you can toss this muther into your jazz rotation either! It's down to the bone rock and roll! No vocals are needed to sell the Dreggs into the Top 10 in their hometown of Augusta, but the two vocal tracks on the album will merit play in your home turf and just add fuel to the already spreading Dreggswild fire! It's mass assault on the airwaves--killer rock from the Dreggs...Out-of-the-box add this week: Rick Springfield into a heavy rotation...Considering: Duke Jupiter, Jay Ferguson, and UFO...Top sales: Joan Jett, Journey, Go Go's and Jimmy Buffett...Top request: All together now, 'I Love Rock And Roll!'"

KILO, COLORADO SPRINGS, CO M.D.-ART PHILLIPS: "There's an abundance of great medium and light airplay product but still no superstars (for lack of a better term) to start the year off with. This is an excellent time for new bands to develop. Ronnie Montrose has delivered his most important album in the Gamma series--a combination of gutsy rock and roll and richly layered keyboards/synthesizers. Obviously, Ronnie has been paying attention to the current British scene and should bend a few antiseptic ears with this project...The Graham Parker single is beauty, eh?, with a hook that won't quit...Duke Jupiter's 'Don't You Walk That Way' tested better than anything else on the album so we'll start with it...Soft Cell knocks off Joan Jett for most requested last week with Aldo Nova's 'Fantasy' blazing in at 3rd. Excellent response to the Nova video on KILO Radiovision...We're trying another new music show Tuesday evening called KILO 94Play. We're playing everything from Chubby Checker to Human League and asking the audience for feedback...Prediction: XTC's 'Senses Working Overtime' will receive massive album rock play and acceptance."

WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN: "Adds: Gamma Lp, Springfield 12", Graham Parker 12", Go Go's, Chubby Checker, Susan Lynch...Upped to heavy: Gamma, Dwight Twilley, Rick Springfield, Thin Lizzy...Thanks to S.L.I.C. and all the other folks for a wonderful weekend in Appleland! Nice to finally meet Al Cafaro and see a great Joan Armatrading show at the same time. Also great meeting Graham Parker and hearing an amazing single-'Temporary Beauty'--sounds like a hit to me and Graham's voice doesn't sound as growling as it has in the past! I'm sure the album will live up to the expectations the single brings...I like the Gamma record a lot as well. Not sure whether some of the gimmicky sound effects work but the music is there...I agree with Bill on the Jay Ferguson production; however, I'm kind of disappointed that there weren't more pop hooks throughout. After a while, it all started sounding the same to me. We'll look at it a week or two away...This week's concerts include Hall & Oates, Joan Jett and Aldo Nova (on one bill),-and Rod Stewart. I go to so many shows I'm thinking of moonlighting as an usher!"

KLAQ, EL PASO, TX M.D.-ROB ROMAN: "Top 5 requests: Aldo Nova, Joan Jett, Ozzy, Van Halen and Loverboy...Sales: Joan Jett, Journey, Aldo Nova, Quarterflash and Foreigner...I've returned from my sickness O.K.--well, maybe I'm still sick or at least crazy. For those of you who have experienced the Ozzy Osbourne phenomenon, you know what I mean. The man is truly mad! Madness must grow on people though because he sold-out his show here...Since I missed last week, let's get up to date. I add my applause to the list of remarks for Gamma, Ferguson, Twilley and Raitt--all great albums. If you're having trouble with Ferguson, go beyond the single into the album. It's definitely solid! 'Baby Come Back' should be a cross-over-smash. 'I Come Alive' to me is the best track on the album. Give it a listen, it will build on you. 'I'm Down' and 'Inside Out' are also there. There's no doubt in my mind that it's Jay's best solo effort to date...Gamma is also right in there. I agree with Bill about 'Stranger', hence the add--but don't miss the single. It's getting immediate response here...Bonnie Raitt has definitely gotten herself together with this effort. 'Me And The Boys' is already garnering male and female response. It is for album radio...Angel City went on last week and is already showing sales action...Dwight Twilley started last week and moved up in rotation this week. My feeling is that this record will go further than any other of his previous attempts...Also upward movement for Thin Lizzy this week...That was last week. This week, Rick Springfield's Ep is only the beginning. I've heard the cassette of the upcoming album and it will pick up where 'Working Class Dog' has left off...We also like the new Duke Jupiter. 'I'll Drink To You' will do real fine here. This is not; however, a record only for the South. It will work wherever it's played!"

LOVE 94, MIAMI, FL M.D.-STEVE HUNTINGTON: "I'm very bummed to hear of Murray The K's death. Having grown up on New York radio, I was inspired to get into this biz by Murray more than anyone else. Our sympathies go out to his family and friends...Harvey or Walter or Lewis (at Epic): In case I forget to mention it, I would like to see you try 'This Whole World' as the Beach Boys follow-up single. 11 years later, I still can't get enough of it (and it's not too different--just different enough from 'Come Go With Me')...Marty Schwartz: I think you ought to spell 'Ridic' 'R-E-D-I-C', eh? And Remember who played 'Take It Up Town' by Bill Champlin **FIRST!!!**...And Bone: As long as Mark Cooper has raised the topic, I think I'll mention GRC again and that I did play Mike Green... 'Tainted Love' is, without a doubt, the finest song on Sire (or possibly any label) since the Beckies' 'River Bayou'...In softball: This time it was Bayshore Recording Studios that got out to the 7-0 lead. But the last two innings were ours, and we edged 'em 11-10. So now we lead 2 games to 1 in a rivalry that we're now addicted to...To George Meier: How was your daughter's first 76'ers game? If she enjoyed it half as much as you probably did, then you get the Daddy Dunkenstein Award...We love our work dept.: LOVE 94 will help present James Taylor in three sold-out shows here March 9th, 10th, and 11th...Even sooner, and more important to me personally, is the LOVE 94 Co-pro of James's friend, John Hall, at the Agora this Wednesday night. I remember many a night when John would sing everything from 'Trenchtown Rock' to 'Compared To What' to 'She Loves You', in addition to some of the best originals of the 70's (his and Johanna's)...To Dave and Tom at WMET: Is Bob Stroud (and Todd's fans everywhere) ready for a 'Swing To The Right'?...After Shaun Cassidy's 'Wasp', anything's possible I guess."

WHJY, PROVIDENCE, RI M.D.-ROB LIPSHUTZ: "You could say that Soft Cell's 'Tainted Love' is legitimately defying the boundaries of 'mainstream' rock. And as far as texture goes, yea. But the reason this record is gaining album rock acceptance is the realization that most listeners can see through styles when there is a great song with hooks on the other side...We've gotten behind Dwight Twilley's 'Somebody To Love'. 'Scuba Divers' is every bit as good as the 'Sincerely' album. Twilley seems to be one of the few who can rekindle the spark of mid 60's pop rock without wimping out...Tommy Tutone continues to get calls. People recognize the song and want to know who it is...Getting calls on: Aldo Nova's 'Fantasy'...Finally, if the Go Go's don't win the Grammy for best new artist and Sheena Easton blows up, we'll know who's to blame."

KBLE, DES MOINE, IO P.D./M.D.-RON SORENSON: "We went on an import single from The Act some time ago, and I mentioned the similarities to Elvis Costello then. The Lp is out domestically on Hannibal and, as good as the Jay Ferguson is, The Act is still easily the best record of the week. The sound is just to the pop side of Costello--maybe closer to Any Trouble. The vocal harmonies deserve special mention. Listen to the first four tracks on side one...Jay Ferguson's recent spiritual advancement is certainly obvious on his new Lp, and I wouldn't be Jumping The Gunn, would I, Jo Jo, to add it out-of-the-box. Mr. Ferguson won't find himself All Alone In The End Zone on this one. And, indeed, he may find terms and conditions of his contractual obligations are significantly improved. Just goes to show that sometimes real life is this way. Nice noise, Whitey...If you've got a copy, check out Nowhere Fast--could go somewhere soon...Adds: Jay Ferguson, Simon and Garfunkel, Gamma, Nowhere Fast, Rick Springfield 12", Graham Parker 12", and Jane Bond."

WHFS, BETHESDA, MD P.D./M.D.-DAVID EINSTEIN: "Third World's 'Before You Make A Move' is real nice...Japan & XTC domestics are out. XTC's 'Senses Working Overtime' is a smash...The Act, Graham Parker meets The Records -- nice... 'Long Island Hits First' with great phone and staff response to old fave Van Morrison...From downtown, Jaco Pastorius' Live At Blues Alley, incredible playing and a lot of fun."

WOJR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "The owner of one of rock's most distinctive voices has come up with an Lp that lives up to the legacy he left us over a decade ago with Spirit. Jay Ferguson's new one makes itself right at home on our turntables this week and for many more to come. The depth of this one surpasses all of his previous solo efforts combined...The return to the airwaves of Chubby Checker has triggered an amazing number of calls. Most importantly, the curiosity calls stopped a couple of weeks ago. Now we're logging dozens of requests for 'Harder Than Diamond' and 'Running' every day...A real solid effort for Gamma this time around. The change in keyboard players seems to have made a big difference in this band's sense-of-self...Nick Lowe continues to build in phone response. 'Too Many Teardrops' takes a slight edge over 'Stick It' as the favorite here...Dwight Twilley gets the staff's pat-on-the-back for coming up with a record that gets everybody here as excited as the most avid Twilley fans on the receiving end of the station...This week began on a couple of sad notes: The first was, of course, the passing of a guy I spent more time listening to than I did my parents, Murray The K. The 'Swinging Suarez' was a real institution in my house. The other was the announced demise of music on a station that had to be a big part of your life if you grew up within several hundred miles of New York City at the time I did, WABC. Like Ray Davies says, 'Life is only a moving picture...'"

WQBK, ALBANY, NY M.D.-LIN BREHMER: "The XTC import Ep moves into our top 10 airplay this week. Bill nailed the cut, 'Senses Working Overtime'--a perfect example of XTC's insidious pop sensibility...Great response to both Van Morrison and Bonnie Raitt. Bonnie seems to be playing more slide guitar on her new album than on her last one, and it sounds tremendous. Van Morrison and Mark Knopfler team up to make 'Cleaning Windows' the lead track on 'Beautiful Vision'...Graham Parker continues to prove his status as one of rock's best songwriters with the song 'Temporary Beauty'. Graham's material seems to be standing the test of time...Two of my favorite performers played in Albany last night: The Dreggs and Ellen McIlwaine on the same bill. Ellen performs a David Byrne cover which, while surprising, was beautifully mesmerizing. The only question in my mind, while watching the Dreggs, is whether or not they are the world's greatest rock and roll band. They are certainly one of them..."...Now from Ellen: "There have been some changes around here. Walt Pelton has become the first Promotion Director WQBK has ever had. He'll be working full-time on many projects for both the AM talk station and Q104. Walt will still be on-the-air occasionally...Tom Irwin, the spunky lad I mentioned some weeks ago, has moved quickly from part-time to full-time overnights on Q104. Peggy Apple did a quick shift from evenings to middays. P.D. John Cooper rocks through the afternoons. Where's the Reverend? Lin's new shift is his best shift, 7-Midnight. The night shifts around here entail hamster abuse. Nobody else can handle it the way Lin can...Paul and Art seem to be the biggest news in a long time. Requests and comments are coming in on the phones. Seems everyone enjoyed the HBO video show too--A LOT. This Lp will be a monster...Hey, watch out for Albany-based Blotto on MTV. You guys in Oklahoma and California, it's neat to be able to tell you--thousands of miles away--to watch our band on MTV...Happy birthday to George Harrison."

KNAC, LONG BEACH, CA M.D.-JIMMY CHRISTOPHER: "Thanks to Jeff Laufer and Polydor Records for bringing the Waitresses down for a very splendid interview. They were fun. Patty Donohue and Chris Butler, of the band, were touring Southern California at this point...We are instituting a new reggae show called 'The Reggae Experience' with Jamaican Ray Dee. It will occur on Saturdays between 2 and 6 in the afternoon, and we're looking for good results...As far as the music goes: We're getting good response to 'Upper Berth' and 'Bandit' from The Call, a debut album on Mercury...Also, The Jam 12", from the forth-coming album called 'The Gift' is funky and nice...Our friends and local L.A. musicians, the Plimsouls, released a real fine 12" on Shakey City Records. One side is a 'Million Miles Away', the flip side is 'I'll Get Lucky'. It's doing real well at this point...Speaking of 12" singles, one of my main men, Graham Parker's 12", from his forth-coming album on Arista, is in our hands and we went right on that...Another band out of England called Fay Ray, on Elektra/Asylum, sounds pretty interesting. I hope that we'll see some action as well."

KKRQ, IOWA CITY, IA M.D.-TED BURTON JACOBSEN: "This week's Silver-Sow-Award goes to that unspoiled successful working class soap doctor, Rick Springfield, for redeeming himself with a little sharper edge on the rock and roll this time around on the track 'Calling All Girls'...We're hot to trot on the Dwight Twilley. 'I'm Back Again' has a strong enough hook to catch a whole school of tuna...A toast to Duke Jupiter and a good effort the first time out. We'll start with 'I'll Drink To You'... Other adds: Stevie Nicks 12", Jay Ferguson, Gamma, and X-15...Joan Jett's 'I Love Rock And Roll' has turned into an instant classic. One of our biggest request items ever."

WOWD, TALLAHASSEE, FL P.D.-DICK BLACKMON: "D103 starts off the new week with the great news from the January Birch. A 25 share 12+ and a 40.3 in men 18 to 34 for a #1 in all day parts. Whoa...A good week musically, too. It's great to have a new one from Van Morrison. Definitely his finest since 'Into The Music'. While listening to it for the 8th time, I was shaking my head with disgust thinking how album radio had worked itself into a corner where such artistic delights no longer have a place on the air. But then, lo and behold, the band scores #4 most added in the Hard Sheet. There's hope. So, my hat is off to those courageous few and I join your ranks with an add on 'Cleaning Windows'... Also going in this week are Bonnie Raitt, Rick Springfield and Jay Ferguson. What a great album the Jay Ferguson is. Best version of 'I'm Down' since Shea Stadium...Go Go's move into heavy...And, Aldo Nova and Gamma go to medium."

WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ: "Rick Springfield continues his visibility with a catchy song called 'Calling All Girls'. I can hardly wait to see the cover of this album. I hear it's lots of yuks...At this point in time, we are doing well with a number of new and developing artists. We're getting strong reaction to people like Wabbit, Aldo Nova and Huey Lewis. The Sammy Hagar record is starting to show sales and is on the way to being a homerun...Everytime I hear Chubby Checker's record on the air, I can't believe it's him rocking so strongly, but it's definitely in the grooves!"

RADIO ACTION CONTINUED

WYFE, ROCKFORD, IL DOCTOR: "I love Jay Ferguson's 'White Noise'. It's a killer! Kind of reminds me of Queen's 'We Are The Champions' and what that did for them...Joan Jett, Loverboy, and Ozzy still burning up the phones as well as sales charts in the Rockford area...Also added this week: Rick Springfield, Angel City, Glass Moon, and live Stevie Nicks (what a knock out!)...P.S. to Magic; in response to your answer last week--I've never known you to be honest (just kidding)...See you hosers next week!"

KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES: "And then there was Mardi Gras and the burn was upon the brain and body of all and sundry. And now we await the kicking-in of remedial chemicals and weather and indoor 'Office Love'--yes, Susan Lynch, you get great phones!"

WQDR, RALEIGH, NC M.D.-BOB WALTON: "Here it is Tuesday afternoon and I've been on the phone since fairly early this morning and here's what I've heard; 'It's your kind of record'--'I'm under a lot of pressure from the Coast'--'Station WXXX just added it'--'It's a mover this week'. I've heard this until my ears started to bleed. Tell you what! Check out the forthcoming album list (about 35 records). Check out my playlist, and check out the albums still being worked in the last 8 weeks. If you have ever programmed a radio station, you know the problem. And I don't think anyone is naive enough to believe that we can add all of the records. Please, let's get serious about this. O.K., that's off my chest...Let's talk records. After a week of testing and seeing respectable calls and sales, we're going with Aldo Nova. We're playing the track 'Fantasy'. At first I thought this record was just a second rate Loverboy, but I really hear it now. I predict easily a Top 10 record for us. We're only a little behind the rest of album radio...Rick Springfield has hit #4 without a doubt! We're already getting tons of phone calls. I'll let you guess the sex of most of them...The Jay Ferguson album is very, very strong. I'm very impressed from beginning to end. After considering about 4 other tracks in addition to 'White Noise', we're going with 'Tonight'... As expected, Glass Moon is building very, very nicely. We're seeing Top 10 sales and lots of requests, but I really would like to see them live in concert...We're also getting good calls for Duke Jupiter. They developed a cult following here with 'Poppy'. The phones are for 'I'll Drink To You' and I'd like to see them in concert soon as well...After listening to all the raves about Soft Cell and playing with it off and on last week, we are going with 'Tainted Love' in a light rotation. If I don't get the same response Warner Bros. promised though, I'll sue for breach of promise!"

WWNV, CHARLOTTESVILLE, VA P.D.-JAY LOPEZ: "Adds: Prism 'Paradise', 'Heart'; the entire Simon & Garfunkel is great; Rick Springfield's 'Call', 'Stranger'; Bonnie Raitt 'Ocean Light', 'Heart', 'Can't Help' and 'River'; Van Morrison 'Cleaning Windows'; Jay Ferguson 'Tonight', 'Come Alive', 'Inside Out'; Fay Ray 'Heatwave' and 'Modern Lovers'; Duke Jupiter 'Drink', 'Eye To Eye', 'Nice Girls'; UFO 'Doing', 'Rain' and 'Belong'...Sorry, we missed Ilyse."

NORM PATTIZ, WESTWOOD ONE: "'Off The Record' specials, with Mary Turner, continue to be the highest rated weekly rock series on American radio. Recent series specials on: the Rolling Stones, Bob Seger, Pat Benatar, Styx, Queen, and Rod Stewart all receive double-digit national shares according to R.H. Bruskin Research. Comparing 'Off The Record' affiliates, with network competitors, using ARB station averages, the 'Off The Record' network is clearly the #1 in the U.S.A. As for the world, it's already carried by over 400 stations through our American Forces Radio and Television Service. 'Off The Record' has just been picked up by Voice of America for a weekly airing...This is a busy week for us in concerts. We're recording: Sammy Hagar in St. Louis, Bryan Adams in Kansas City, and Huey Lewis And The News in San Francisco--all for their first national radio concerts of the year...Another word about ratings. R.H. Bruskin, Gallop, and Arbitron Aid Studies, commissioned by us, point out some very important programming facts; namely, our concerts and specials regularly out-deliver station averages, and dramatically increase time period ratings. Special programs increase time spent listening, and provide stations with an exclusive promotional vehicle second to none...I'm very happy to announce that KUDK, in Honolulu, will be carrying 'Rock & Roll Never Forgets' and 'The Rock Years'."

JOHN MCGHAN, ROLLING STONE MAGAZINE PRODUCTIONS: "Coming up the week of March 15th the 'Continuous History Of Rock & Roll' is doing a profile of, whom many consider to be the greatest guitarists of all time, Jimi Hendrix. Last night I heard the final tapes of that particular program. We have exclusive interviews that came out of the woodwork with Jimi Hendrix and with his producers, his managers, and his fans. It is probably one of the most exciting shows I've heard. A full week of Jimi Hendrix, with an hour long special on the weekend of March 20th. Any station which is carrying the 'Continuous History Of Rock & Roll'--now 199 stations--must, definitely, audition that program when it comes in, and do as much promotion on it as possible. The audience reaction will be phenomenal."

Question of The Week

This week's Question: What do you do when you can't hear a label priority? If you're not convinced at first, what sort of updated information can they give to turn you around? And, percentage of the time do you find the label priorities differ from what your ears tell you?

DAVE GARIANO, SEBASTIAN, CASEY & ASSOCIATES: "There are a lot of songs that I don't hear--an example would be Joan Jett. I honestly did not hear 'I Love Rock And Roll', but the luxury of our system is that, when it was time for validation, the audience spoke, we listened, and Joan has her first hit...If something is marginally acceptable, we will give it every possible opportunity to prove itself in the marketplace...Alphabet soup is no longer valid, because more and more we're seeing regional records, and for example, how well a song is performing in New York or L.A. has very little relevance in Indianapolis--it's a totally different situation...I would like them to be well enough aware of our client roster that they can furnish a hard information on where the song is being successfully applied against us, and how well it is performing. It doesn't help a record when I am told a competitor is playing it, but our monitors tell us it's only being exposed between 2AM and 6AM... The average probably isn't so good. I would say half the time the priorities are relegated to the cut out bins of life within a month."

DAVE LOGAN, WLAV: "Albums that come across our desk stamped 'record company priority' or the always famous 'the company's really behind this one', merely point out what's going on in the record industry. It's not something that really affects how we add a record. Our attitude at this radio station is, if it's an exceptional piece of music, we play it. When our ears don't match up with record priorities, that really becomes their problem. We feel our ears hear the good tunes for our market, and we don't make decisions based on a record companies priority out in Los Angeles. As far as their ability to sway our opinion, if it's in the good, and they can show a legitimate case of back up support, we may be persuaded, but only if we end up believing in the record...For us, that's the bottom line, and the way it has to be for successful radio. Priorities don't match up more than half the time."

CHRIS KAMPMEIER, WPLR: "Item #1: The first and foremost important thing that a promo man can do for me, is get airplay at my immediate competitors. It is helpful to see airplay development on a national basis, but more importantly, I need to feel personal pressure of seeing the record succeed at my competitors with my listeners, and not be on my radio station...The second thing they can do is place a buy. There are times when a particular piece of product is a priority for a label and the conceptual differences between the way my station is programmed and my competitor is programmed the record simply will never match. More often than not, if the record succeeds well on an AOR competitor of mine, it will ultimately end up on our radio station."

BOB BITTENS, WHCN: "I try to keep an open mind, but I never let a record company pressure me into playing an album I don't believe in, no matter how important it is to them. Many times it has happened that a record that doesn't impress me at first, later proves to be worth playing for various reasons. Either everybody in my market is playing it, then it's generating requests, or after listening to it, it grows on you...Harrassment doesn't work...In most cases, what the label considers really good is at least worth considering for airplay."

THE DOCTOR, WXFE: "Why would you play a record that doesn't stand a chance? No matter what the record company does, basically, it's their priority and not ours. About the only way they could change my mind is by really being able to prove to us that that record is going to work by getting play in major markets and the response being there."

DAVE LANGE, WOVE: "God, I go through this every second of every day. Normally I just flat out tell them I can't hear it (gotta have some excuse)...I think the frequency of not hearing a priority varies with the time of year. In the winter when there is a lot of new stuff out, and a lot of gambles being taken, the frequency has to go up...Just don't tell me about adds or someone's research because I want to really see results."

KID LEO, WMMS: "I say I don't hear it, period...Alphabet soup does not work. However, firm and committed belief does work. I've seen a lot of priorities for a minute and a half, but their continued belief in it will not necessarily sway me, but will make me take them seriously (or they might get lucky and catch me on a good day)...Priorities are a give and take situation. I'd like to believe that 5 out of 10 priorities are really worth the effort; and since no one has batted 400 since the splendid splinter Ted Williams, that's pretty good."

ROB LIPSHUTZ, WHJY: "I'd say that the companies have their priorities straight with records that radio will respond to about 60% of the time, at least...Often they chase an album that's by a big name artist who did well last time out, but the music isn't there. For example, Meat Loaf...I'm honest about not liking a record. At the same time, they're not idiots, so when something is a priority, I'll give it priority consideration if I think it's appropriate. I'm charged with finding the best music available to play, and if that coincides with the label push, fine...I'm not always right about a record. No one can appreciate everything. If a company continues to insist that they have a hit, I'll watch the call letters come in and keep listening...Couldn't hear Peter Cetera."

SKY DANIELS, WLUP: "I tell 'em my priority is getting laid by this month's Playboy Playmate and guess who stands a better chance...Obviously, if they can spread the record in Chicago...It seems every record is a priority. The local reps come in with priority 1a, 1b, 1c, 2a, 2b, 2c, etc...Of late, I've been seeing labels make disasterous lead track choices---sometimes due to confusion as to what's best for Top 40 and album rock...Couldn't hear Shooting Star."

TED EDWARDS, WCOZ: "If I know it's a priority for the company, I'll make an effort to go back and listen to it. I really believe the relationship between radio and records is integral. The companies do so much for us, I feel it's the least I can do to try to work with them...I look at adds and consistent airplay on stations like WCOZ (or to be more precise, successful radio stations)... I wouldn't want to break it down into a percentage basis...I try to be close enough with my local rep so that I can ask him a blatant question like, 'Is this for real?' or 'Are you getting pressure from the company?'...Couldn't hear Soft Cell, Glass Moon."

BOBBIN BEAM, WLPX: "I just try to focus on the fact that what I add is for the good of the station and not the record company. If I don't like it, I will try to work with them to find the right track, and will research as much as possible...If it's busting wide open in the Chicago, Milwaukee, Madison, Rockford area, we will reconsider...In some cases I'll come across a jive turkey priority that is totally overhyped, a few times a year. But, generally, they seem to go after the right stuff."

TIM SMITH, WLWQ: "Continuous, steady, upward movement in trades, and it helps when that falls through on the retail level. In many markets, not just a few. When the record can be solidly shown that it is a hit, and being accepted on phones and sales from all around, okay, I'll admit you can't hear every record, but you need some definite proof...Not a case of 'Yeah, we're getting this added everywhere; then it just sits at the bottom of the playlist. Not matching with priorities does not happen a lot. You get to know the sound of your radio station and what the people have come to expect from you."

MARK MILLER, WWCK: "There's absolutely nothing a company can do to turn me around. But, on the other hand, if I really believe in a record, I'll go to the exact opposite extreme to the point where I almost feel as though I'm working for the record company...I'd say they're off maybe 30% of the time on their priorities."

QUESTION CONTINUED

JOSE DIAZ, WBLM: "We basically tell the labels our feelings as soon as we can. If it's something that they are pushing, and we like it, it's great. Many times what we're looking for is not what they are promoting...If a record is not format compatible, there is very little that could change our minds. If it's format compatible, I think local, regional, and national action, in that order, is helpful...It goes through phases. Most recently, a lot of the stuff getting a lot of promotion has a potential for airplay, and we'll be playing it in the coming weeks. There are some periods when everything that is promoted is not right for airplay."

ART PHILLIPS, KILQ: "It has to be a priority for the station before it's a priority for the label... Dinner for 2 at my favorite restaurant (ha, ha). Actually, regional breakdowns are very important to us, and we keep an eye on them...Not often. Usually when a record company has a priority, we try to pay attention to it."

KAREN ANDERSEN, WGIR-FM: "I like to deal with all potential adds honestly. If I don't hear it, I'll tell the rep I don't hear it. If it's completely off base and not right for my radio station, I won't play it. However, if I'm kind of iffy, I'll give it the benefit of the doubt and wait for it to develop a little...Once again, it depends on the sound of the record. If it's completely off base, nothing will help. If there's a possibility that we can use it, regional information, for example sales in the New England area or calls and reaction at other New England stations playing the record, will help...Not often. I think record companies and the reps that I talk to are pretty well aware of a radio's standpoint on that particular record. I think record companies realize they can't realistically take something too far off base...I feel a little uncomfortable dealing with this question in generalities, because I much prefer to take a product record by record and judge each by his own merit. I hope I gave you an idea of what I'm aiming for."

TED BURTON JACOBSEN, KKRQ: "If we don't hear it, and the record isn't there yet, it really doesn't matter if it's a label priority. It has to be more than just that...First of all, if they are honest with me and really hear it themselves, that means more than all the hype in the world. They can tell me who added it. If I hear that a station I respect has added it, I'm likely to go back and listen again...Not quite half the time. Usually they are pretty fair."

ROB ROMAN, KLAQ: "I listen to the push because it's obviously gonna continue to happen. They are doing their job. Mine is to sift through what goes on the radio station. To me, honesty is the best policy. If I don't hear the record, I will make it clear to the promoter right off the bat. But, like any other human being on this planet, my mind can be changed. Sometimes, what doesn't sound good one week may 3 or 4 weeks down the road...Both mine and Arin's reaction to records are based on feeling. Only in a few instances do station call letters make a difference to us. A record's movement and sales in other areas of the country might influence us enough to re-listen to the record...I would say approximately 75% of the time we feel the same."

BUCK MCWILLIAMS, WIOT: "Much the same way I did in this week's comments...That they will back it up with a time buy or concert appearance or some other way of proving their support...All the time."

DAVID FILIPOV, WBRU: "I tell it like it is...Often what I'm reminded of with labels is big projects that I don't hear is major trade action...Unfortunately, oh so very often."

MIKE LYONS, WDIZ: "Keep listening until I hear it...Not much. I find most promotion people that I deal with don't read Bill Hard in depth. They only quote the Back Page. Generally, I ignore any priority from the record companies because our listeners don't know it's a priority, and they don't care...80% of the time it doesn't."

BOB WALTON, WQDR: "I don't add them. If I tell a rep that I will listen to it again or keep listening to it, I will. Sometimes it has to be #1 in the nation before I hear it, but I will keep listening to it...Other station call letters certainly don't help. But the results those stations are having after an add is what I want to hear, and sales or requests...I would say only about 10%-20%. It depends on how many records are out at any one time. See today's comments."

BILL SIMMONS, WMYK: "Generally, if it's not doing well anywhere else, we just don't add it. If it's doing well elsewhere, and we don't hear it, we will keep a close eye on it...Sales, lots of sales... Quite often. On the average, only 30%-40% of label priorities are suitable for airplay on this radio station."

CHARLIE LOGAN, WFYV: "I'm just outright honest. If I don't hear a record, it doesn't mean it won't get airplay...Its success elsewhere especially in comparable markets...Not all that often. Usually we're pretty close together. A good example would be Eddie Schwartz, where we just believed in a different cut and felt it would have been successful with 'Over The Line', but the label wanted 'No Refuge'."

DANE VENABLE, WRAS: "Since we play a lot of new music, I've learned that no matter how much hype and pressure there is, I simply have to draw the line if the songs aren't there...Ask me to listen to specific cuts that are working on a station similar to ours...Probably about 25% of the time."

ILYSE GOTTLIEB, WRXL: "After giving everything a second chance, I go with what I think best and what our consultant recommends...Absolutely nothing...Basically, my priorities are most important. If it happens that they match up, fine. I'd say that more than half of the time the things that are very hot for the labels also happen to be what sounds best. Sometimes, unfortunately, there's just too much of what sounds best. In terms of percentages, it's about 60%-40% my priority to theirs."

RON NENNI, WPYX: "If I can't hear a record that is a priority with a label, I'll go back and listen to the album and try to hear it. If it's not there, and I believe in something else that's currently on their label that is not their priority, I'll try and convince them to support that act, i.e., Bryan Adams...They can't tell me anything. They have to prove it to me. If a record is happening in regions that are similar to ours in sales and phones, I'll call other radio stations to clarify. If that's the case, I'll clean my ears out...I'd say it's a fairly low percentage. After all, it doesn't really pay to play records that the labels aren't supporting. There has to be label support as well as radio support."

DOUG PODELL, KQRS: "A number of times I like the record for my own personal tastes or for some of our alternative programs, but we have to be very cautious as to what we add to our regular playlists. So when talking about priority records that don't go on our playlist, I try to say no as nice as possible...If there are sales, or it starts to happen, I will always consider it...I'd say it happens about once a week...Bryan Adams and John Hall are good examples of those that did hit around here. Let's hope Novø Combø happens."

CAREY CURELOP, WABX: "For me to play a record I don't hear, I have to see significant action in my market, retail or phone requests, which in most cases will only happen if someone else in the market is on the record. Plus, I like to see a nicely developing national picture...We disagree maybe 25% of the time...I didn't hear Joan Jett at all, but it didn't take long to change my mind."

QUESTION CONTINUED

DOUG CLIFTON, KAZY: "Usually I will try to find every possible way to prove myself wrong. But if I can't, I share the facts with them and tell them it won't work...Things that are important are airplay in the market. Besides that, reports from certain markets about things they have done...Not that often, maybe 30% of the time."

TRISH ROBBINS, KTIM: "I pass records on to my most trusted DJs and in some cases, my Program Director, who is also a DJ, and I listen again and again...Nothing if I think it's shit. But sales are important and perhaps others in the area that are playing it. Sometimes a list of stations that are already playing it. I'm interested in tracks, too...5-10%, I'd say."

JIM KINNEY, WTUE: "We generally just go on our own ears...Not much if we feel that strongly about it... Not that often, between 10%-20% of the time...Bob & Doug McKenzie, as they go gold this week."

GREG GILLISPIE, KEZO: "I'll be honest with the record guy and tell him I can't hear it, but I'll keep listening to it to see if there is something there I'm missing...Not a lot. Matter of fact, nothing... That happens quite often. Sometimes my favorite cut, or the cut I think is the best, may surface as the second single. But often times, I think a record company's priority record or song does not match up with what radio needs or where it is at."

SUSAN CHRISTOL, KTYD: "If label priorities coincide with our priorities, then we're both in great shape...Occasionally, if other stations with formats similar to ours have gone with an album, I might give it a second listen...I'd say 50% of the time. Stations priorities have to take precedence. That's obvious. If you helped everyone out on their pet projects, you'd soon lose sight of the programming objective. Huey Lewis is an example--it's too cute for us. Peer and promotion pressure won't change the sound of the album."

ROBERTA HABER, WMJQ: "I try to be honest. If I don't hear it, and they insist that it's terrific, I'll usually get other opinions, but I have to tell them what I feel...They can tell me what radio stations that are relevant to me are playing it, taking into consideration my format...Unfortunately, that happens too often. The best promo people know the priorities of the stations they are promoting. They know when to really go for a record, but they also know when to back off. Realizing that our priorities are different makes for the most successful promo people."

WARD HOLMES, WDEK: "I explain that I can't hear it and try and give them a reasonable explanation as to why we won't play it...They could say it's selling like hell in my market...Some of the time, but not often. If a promotion person knows what you're playing, he should be able to assess the situation."

BOB LINDER, WDMA: "If we don't believe in the record, we don't add it. If we do believe in it, we will often give it a chance, even though it may not have a real probability of selling well in the stores...Just the truth. A real honest commitment to the product is all...Surprisingly, not that often. At least, not a large degree of difference."

DICK BASCOM, WQXM: "I'm very honest with whoever is representing the label, and I'll tell them straight out it's a piece of shit...If the music is not there, there is not a damn thing anybody can tell me...Too often to mention."

LIN BREHMER, WQBK: "In our case, we play so many new records we have very little trouble explaining to a label when we don't hear their priority album...I think what we're interested in hearing about is retail for the most part. I feel that there are a few stations whose adds we look to, but not very many... Since my taste is generally twisted, I always seem to be the most effected by records the labels don't have that much interest in...Rick Springfield's first. We were not forced into playing it, but we did play it. It was never a record we played quite a bit, but is one we probably should have."

MARC MILLER, WBCN: "Give it to the djs and let them listen to it. It's part of what they're paid to do. At the moment, I tell 'em I can't hear it, and I'll give it another listen or give it to another person to listen to...They can do very little...Regularly...Loverboy, the first one."

JOE FOLGER, KBPI: "I usually am up front and tell them that I personally don't think the record has it. However, I also tell them that just because I don't like it, it doesn't mean it'll never get played. I'll inform them further that I'll watch how it does in the Hard Sheet, and follow its local progress closely. I've been wrong before on first listen, and I'm sure I'll be wrong again... Local play in the market, national action, response at other stations around the country and sales info...Quite often...The Pretenders' first one and Diesel, most recently."

MICHELE SAYRE, KLOL: "I panic! Usually what will change my mind is a combination of diligent repeated listenings coupled with real airplay success around the country. There are many label priorities that do as well as we all expect, but being a priority doesn't necessarily make it a hit...I don't know how often it happens, but I certainly like to think I can hear most of them...I would say that Peter Cetera was one of the primary cuts this year that I came around on. Also Wrabit and Johnny And The Distractions."

RON SORENSON, KBLE: "I regretfully don't add it. If I don't hear it, they can do nothing to make me change my mind...For my station it probably happens about half the time. For example, it may be right for chainsaw rockers, although it may not be right for us...Joan Jett and AC/DC are both good examples. Both are good records, but neither of which I'm going to play."

DAVE KANE, WCMF: "I will never understand certain label priorities and would much rather do without getting beaten up heavily on marginal records. It seems that all the energy spent on promoting weak product could be better spent working deserving albums...If the album hasn't got the goods, no amount of pressure or recitation of call letters already on the record will change my mind...It doesn't happen that often, but when it does, I tire of it very quickly...The only recent example that comes to mind was an album that came out by a group called Kix."

JIMMY CHRISTOPHER, KNAC: "Musically, I go on my ears. If I can't hear it, there is really nothing they can do to make me hear it. If it's good, it's good, and we'll go on it. Since we're relatively unique, a lot of stuff they already know ahead of time not to work."

DAVE KRUSENKLAUS, WKQQ: "If I can't hear it, I wait for concrete chart movement nationally. If it moves, then I assume it just might be my problem of not being able to hear it...Some of the criteria I would use to evaluate would be the quality and quantity of stations within the three state area around us that are playing the record. About 75% of the time the companies seem to have the right priorities...Didn't hear Peter Cetera. Louisville, Dayton, and Cincy all played the record, and I assumed that the research in their areas was contradictory to mine and added the record...Another current example is Wrabit. Still not convinced."

ROB BARNETT, WAAF: "We don't add it. Usually very little...Hardly ever--ask Eric Heckman. Oh yea, the Go Go's also...From David Bernstein: Say Bill, you certainly ask a lot of questions for someone from New Jersey."

GLORIA JOHNSON, KGON: "When I can't hear it, I look at other people's opinions I respect. I also watch the sales pattern, and whatever tools I can get my hands on, that would help in the decision. Priorities make sense about 20% of the time."

Record Action

JIM SELLERS, CHRYSALIS (212-935-8750): "Hope a few of you radio people read our columns, cause this one's real and serious. Last night I had the extreme pleasure of meeting Tony Martell of CBS Records. As you may or may not know, Tony lost a son to leukemia several years ago and started the T.J. Martell Memorial Foundation for Leukemia Research. This year the foundation is honoring the co-chairmen of Chrysalis Records, Chris Wright and Terry Ellis. At our first planning meeting, we're told of the great strides being made in conquering this devastating disease, but, as with everything these days, Reaganomics has put a bite into research money. This is where we come in. This is our industry's foundation. Those of us in the radio and record industry sometimes lose sight of what goes on outside our business world. This is a reality check, and I feel each of us has a duty to involve ourselves in a very worthwhile project such as this. Next week, we will be visiting the research lab in New York. More on that later. We're asking for your time, your donations, your PSA slots, whatever you can give. Feel free to call anytime...Now onto records: Huey Lewis continues to explode!!! More and more believers every week!!! C'mon stragglers, now's the time to get with it. Some of the best produced mass appeal rock on the streets is in this Lp...Right along side is UFO. This is raw rock and roll with fine and well-tuned production. Put this audio tiger in your tank and see how many miles to the listen you get...Personals: Steve Keller: I've got my helmet, goggles, and fire suit--let's go...Thanks to all you radio doctors for filling our prescriptions with kind words for our new product. Where are you, Bubba Drake?..Faves on the table: Human League, Eye To Eye, A Flock Of Seagulls...Till we meet again."

HARVEY LEEDS, E/P/A (212-975-8661): "Murray The 'K', the fifth Beatle, a pioneer in Top 40 and album radio passed away Monday morning, bringing an end to the era of Submarine Race Watching. Murray was dedicated to exposing new talent and creative free radio. He believed in mingling with his audience and giving the people a show for their money. I remember paying \$3.00 for admission to a Murray The 'K' holiday show receiving a free album, and then watching several rock movies before seeing live performances by the Who, Cream, Blues Project, Chicago Loop, Ian and Sylvia, Mandella, the Hardly Worth It Players, Wilson Pickett, Shanqui-Las, Mitch Ryder and the Detroit Wheels, and the 'K' Dancers. Having grown up listening to Murray The 'K', I'm grateful to have had the opportunity to work with him and experience first hand his enthusiasm and love for broadcasting. Murray joins other great broadcasters and musicians in rock and roll heaven. This meeting of the swinging soiree is over, but continues to influence the communicators and music lovers of tomorrow. Ah bey, Amen."

BOB FEINEIGLE, E/P/A (212-975-5283): "First off, to those of you who have taken the time to listen and recall the highly active audience base, and powerfully stunning live shows that Angel City clicks off with distinct precision, thank you for your support. For those of you who have never bothered to drag your ass out to see this band on their two previous nationwide tours, or have never taken the time to really listen to 'Fashion And Fame', 'Night Attack', 'City Out Of Control', or 'Nothing To Win' (that's right..This album does not include 'Marseilles'. That track was on the first album, fellas), you're missing by a goddamned mile. Of course, it's easier to draw on that time-worn bullshit list of cop-outs then lay the meat on the table and make a commitment. The Epic promotion staff has been on the table through two albums, two nationwide tours, thousands of concert fans and record buyers (remember when the Kinks bumped them because they wouldn't or couldn't take the heat from Angel City?) and countless hours of radio visits, live broadcasts and low-priced concerts. We're still there, and we will break through with Angel City. They have the image and potential to exist in the mainstream of the 'format' and the talent to back it up. Again, much thanks to those of you who have already got it in."

STEVE BRACK, BOARDWALK ENTERTAINMENT (213-656-2840): "Life has been very exciting at Boardwalk lately, but first, let me introduce myself. I do national promotion for the label, including Top 40, album radio, A/C, and even a little news/talk. Getting records played at news/talk is like selling Father's Day gifts to orphans, but it can be done. We are now at a new address: 8255 Sunset Blvd., Los Angeles 90046, and loving it up here on the Strip...A million thanks to all of you for breaking 'I Love Rock And Roll'. The album is approaching platinum as it moves to 5** in Billboard! Joan Jett is currently touring the South and will be playing with the Police in Florida and Louisiana. 'Crimson And Clover' is getting more and more rotation as the follow-up cut, and we have a new 12" version that features newly mixed guitar tracks. Look for it to arrive next week. Also keep your eyes peeled for Joan's new video featuring 'I Love Rock And Roll' and 'Crimson And Clover'...Treat your ears to something fresh and exciting--The Innocents. 'Stop Shootin' Up Stars' and 'Directly From The Heart' are my favorite cuts and demonstrate the energy and unique style of this band. Beginning next month, The Innocents will be the opening act of Rick Springfield's tour...If you're looking for some fun for the airwaves, we've got it. Imagine Mr. Bill visiting President Reagan, only to find a surprise attack by Secretary of State Sluggo flying a B-1 bomber. Well, it all happens in 2 minutes of Rich Little's 'First Family Rides Again'. Look for our special 7" featuring five of the funniest bits on your desk today. From 'Saturday Night Live' to Johnny Carson to a poker game with Nixon, Carter, Ford, and Reagan, this hilarious album covers plenty of topics that your listeners will find funny. It's the #1 album at Atlanta and already over 400,000 units nationally! Check it out, you'll love it...By the way, Joe Walsh has gone to London to put the rock into Ringo, and they're getting along just fine. More on this next week...Call me sometime and let's talk."

ALAN WOLMARK, ATLANTIC (212-484-6017): "Well, if New York's weather doesn't want to treat me better, at least I just got two magnificent weeks down South. Great seeing everybody throughout Florida, Atlanta, Memphis, and Little Rock. The only problem is y'all don't stay out late enough, so come on up to New York and we'll give you the real treatment...Okay, we're real and we mean business. Abba is happening with positive phones everywhere it's played. Try it, you'll like it! 'The Visitor' is about as contemporary as anything out today...Watch as Jean Luc Ponty's jazz rotations around the country turn into real rotations. Check out 'As' and 'Rhythms Of Hope'--If you're not on it, you're not with it...Check out Glass Moon. 'She's On', 'Carousel' and 'Simon' are ready for at least medium rotation and they're pickin' up sales...And boy, do I have more tracks for y'all: Henry Paul, 'Brown-Eyed Girl'; Foreigner, 'Break It Up'; Genesis, 'Man On The Corner' new 12" coming; AC/DC 'Finger' and 'Evil Walks';...Up and coming: The test pressing of Jimmy Page's 'Death Wish II' soundtrack is an experience; Carole King is ready for the 80's; and Godley/Creme have put together some more fine post 10cc sounds already getting import airplay...Heavy rotation at home: Van Halen 12", Nick Lowe, Genesis, Thin Lizzy, Ozzy Osbourne, and AC/DC."

BETH ROSENGARD, INDEPENDENT (213-462-4204): "I hope you're in one of the upcoming tour markets for Carmine Appice, because it will be quite a show: Carmine, Rick Derringer, Tim Bogert, and Duane Hitchings! The tour starts on the West Coast on March 9th, and then the band will work their way across the country. Don't miss it...I also hope you caught a TV special called 'Rock And Roll Dreams' a week ago. It featured the new Boardwalk band The Innocents, following them in semi-documentary form from the time they learn of their record deal with Boardwalk, to the eve of the release of the album which should now be in your hands. Focus in on 'Stop Shootin' Up Stars', 'Directly From The Heart', and on the softer side, 'Hold My Hand'...Personal to Scott Kranzberg: You looked real spiffy on the tube. Is this the beginning of a second career?...Out this week: 'Over The Line', the new single by Eddie Schwartz. If you haven't yet focused in on this track, now's the time...If you're looking for a second cut on Aldo Nova, I recommend 'See The Light'. Mark 'Love Is Like A Rock' Miller says it's a hit, and I agree...The Blasters will have a major announcement in the next couple of weeks. Stay tuned for that, but in the meantime, apply your ears to 'American Music'. This album is selling with and without airplay. Witness top 15 sales in Flint, without...Finally, I know it must be hard to believe that I'm not working Chubby Checker, but the fact is that I just love the album, and, after seeing him play last week in L.A., I'm more convinced than ever that 'The Change Has Come'. You should have seen this audience's kids storm the stage to be able to dance with Chubby during the encore. My face almost split from smiling--nuff said!"

MICHAEL ABRAMSON, PROMOTIONS (212-243-2972): "My, my, my! They said it couldn't be done with a new act on a new label, but X-15 has started with flying colors. Now it's time for you programmers west of the Mississippi to open your ears and playlists. Check out 'Danger Zone', 'Give Me Your Love' and 'Jennifer'. This group deserves to be heard, and when heard, they sell...Moving into the fox category, I offer you none other than Lou Ann Barton. Aside from looking great, she sounds wonderful. Terrific, raspy, vocal power on soulful rock tunes coupled with the production quinnella of Glenn Frey (of the Eagles), and the classic Jerry Wexler, and you've got a solid airplay item not to be overlooked. Try 'I'm Old Enough' and 'Stop These Teardrops'...Now in the GO-rilla category. Let's talk about Fay-Ray. Straight ahead rock and roll with some very special songs. This will be as big as the Empire State Building. Go for 'Modern Lover' and 'Heatwave'...The Rocker Doctor's choices: (I am the rocker doctor). Duke Jupiter 'I'll Drink To You', 'Rockin' In A Motel Room'; 4 Out Of 5 Doctors 'Dawn Patrol', 'Waiting For Roxanne'...Be on the lookout for Girlschool--the baddest all girl band I've ever heard...Til next week."

STEVE LEEDS, INDEPENDENT (212-489-1731): "I don't think any of us would be in our respective positions today, if it weren't for the likes of Murray The 'K'."

RECORD ACTION CONTINUED

DREW MURRAY, ROCK DEPARTMENT LOS ANGELES (213-277-1412): "Hello to everyone--old friends and future friends. I'll be in Los Angeles, Monday March 8th. We'll talk then. In the meanwhile, some news. Bob & Doug McKenzie in this week's Billboard goes to 11**. Thanks to everyone for believing...Also in this week's Billboard, there is a new #1 album by the Go Go's. Bulletpointing up behind them are the Waitresses at 89*. As you read this, we should be over 65,000 in sales. We're excited. We hope you will be too...A special thank you to everyone in South Texas and Louisiana for putting up with me for the last couple of years. And a very special thank you to Chris Miller and Michele Robinson Sayre. MORE ZEP, YA FUKKERS!"

WENDY PRICE, STIFF RECORDS (212-431-1600): "Wake up out there. The big sleep is over already. After a period of some internal shake 'n' bake, we're all keyed up with excitement about today's radio, records, and music. It's about time that you all got hassled by Stiff again. Simple Minds on WXRT, Fingerprntz on KFMH, and the blitz is just beginning...To implement a strong commitment to album radio, Jimmie Mack is now officially our heavy-duty album promotion director. (You're going to have to be a lot more creative in your excuses now). Radio doctors, consultants, music directors, and jocks: We are here for you. Get ready for Stiff!"

ALAN NIVEN, GREENWORLD (213-533-8075): "Whilst realizing that this will appear long after the event, and whilst not wishing to personally insult Jay Cocks, his piece 'The Thrill Is Gone--Is It Bad Business Or Middle Age' in Time is nothing more than absolute bilge. The fact that accountants lead stiff corporate dinosaurs into brackish and turgid waters is not necessarily a reflection of scarcity of available talent. Neither is radio's desire to secure the best figures possible in the nebulous Arbitron system a true indication of what people want to hear. How will an audience take to new styles and acts if they are not given fair exposure? How come KROQ had such a good book? How come their style may well become the basis of the next programming consultancy? Major labels who insist on trying to sell 6,000,000 of one title instead of 100,000 of 60 titles are doing nothing more than creating the scenario for their eventual demise. Retail chains who overextend themselves whilst cutting back on the number of titles carried are doing nothing to stimulate curiosity and interest in their customers. Constrictive playlists compound the law of diminishing returns. A company such as ours can see better that the industry is in fact very healthy. The variety of styles has never been greater. The standard of music recording has never been higher. The breadth of interest has never been wider; we sell everything from Nina Rota soundtracks to the catalogue of the residents, substantial quantities of records by acts as diverse as Throbbing Gristle, New Order, Joy Division, The Sound, Romeo Void, Dead Kennedys, Klaus Schulze, etc. without benefit of radio support. There is a wealth of spirited creativity, that is not confined by commercial maxims of maximizing returns on minimized investments. I appreciate that these titles may not be rack material, but the point is that whilst bands still have the ability to sell six million units of a title in a year, that is not the sole criteria by which we should judge the state of the industry. And just as gloomy talk can adversely affect the economy by discouraging confidence and interest in tomorrows, so to can we do tremendous damage to our industry if we sit around bellyaching instead of being flexible and adaptable to changing demands and conditions. There are many talented musicians and genuine audience excitement (one of our own bands had over 200 people turned away on a late Sunday night Whiskey show due to excessive ticket demands), but if we keep encouraging acts to develop as caricatures, then we are only going to stultify consumer excitement. They are only prepared to absorb so many foreigners and good-time boogie bands before they get bored. The future belongs to the determined and the chance takers, not to those who rely on formula and manipulation...To close, I wish to thank some exceptional people with exceptional attitudes who have provided very valuable advice for a certain Motley Project without demand of personal gain: John Guaneiri, Brian Of Oz, Michele Robinson Sayre, Train Zimmerman, Steve George, Matt The Katt, Lew Garrett, and Bob Varcho of Stark, Tom Rasmussen of Show Industries, Paul Cummings of Damage Management, and Richard Ogden of Ozone Management. Thank you."

DON WASLEY, MCA (213-508-4018): "When you last found my words on these pages, I mentioned that ATI had joined the Wrabit attack. As you read this, Wrabit is performing in front of 15 to 20,000 people a night in the Midwest and Northeast, opening for Black Sabbath. If they play your town, check 'em out and see why Kid Leo called Wrabit a contender for the rookie band of the year...As Chubby Checker's 'The Change Has Come' builds in radio, let's keep in mind that this guy has put many smiles on your faces for years--as you saw if you caught 'Fridays' last week. Chubby Checker no longer has us doing the Pony or the Twist, he's got us 'Running' and 'Burning Up The Night'...Roger Daltry's 'Best Bits' Lp should be on your desks today. Check out 'Martyrs And Madmen', one of three previously unreleased tracks...Also, a new release by Stealer features some tasty guitar work from Detroit's Robin Miller. Listen to 'Never Again'."

MICHAEL PLEN, I.R.S. (212-980-6874): "The Go Go's are #1 in Billboard magazine this week. Thanks to all of you who believed from the beginning...With such success of new music bands like Police, the Cars, Joan Jett, and Soft Cell, isn't it time you started looking more seriously at new music?"

PAUL RAPPAPORT, COLUMBIA (212-975-8616): "First off, to Judy McNuttsky. You could not be more right about college radio. We, indeed, are finding it to be the new progressive outlet and packing a stronger punch than ever. It has been explained to me by the exceptionally talented guys who run our college department, Barry Levine and Steve Bacher, that a lot of college radio stations have increased their wattage substantially. These people make a difference and sales on the Psychedelic Furs at over 130,000 Lps is proof enough for Columbia. College radio has laid the foundation of many new acts. The Psychedelic Furs is just one example of a band whose career started with college radio, is gaining ground fast, and who will mushroom to a more mass appeal audience on their third Lp...Thanks to everyone who is reinvesting in Tim Goodman. Caught in the flood of last year, we decided to reservice the Lp, and my whole faith in radio was restored when Buck McWilliams called and said he wanted to have a go at breaking the artist. Ditto Curt Gary, Denton Marr, Joe Folger, and all the others. Time is for real, and this ground swell is also. It's coming from radio, and that's the best and the most legit. Thanks again, and we'll be behind you all the way. Repeat: Hot phones for Goodman, 'Footsteps In The Night'...In the age when new formats are springing up like wildflowers (can you tell I'm through winter?), a promotion man would be nuts to cheer on yet another one, but I just want to say that I'm a big fan of the Jon Scott All-New Record Radio show. I pray that you leave the record business and immediately start Jon Scott and Associates!...Nick Lowe's 'Stick It' is a smash, and as Bill mentioned, it certainly doesn't hurt to revitalize that CCR sound... Hope everyone enjoyed the Paul Collins' edit and cart. Paul is leaving this week for an 'On The Highway' promotional driving tour with his lead guitar player, Larry Whitman. He will be driving across country and will be visiting a lot of folks. Don't miss him. He's one of those special artists worth knowing...It now seems that most everyone has found Jenny's number on the wall. She's quite busy these days, especially the Jenny in New York. That's right, if you dial 212-867-5309, you get Jennifer. So aptly discovered by WMJQ in Rochester, it turns out that Jenny's husband is a big time lawyer and is threatening to sue everybody--geez! This guy obviously knows something about advance against royalty statements. Well, anyway, phones are phones and requests are requests, right?...O'Hair: Glad you're back. Stay back, we need you...To Mark Miller, WWCK: You are 110% right!! To Steve Leeds: How in the hell do you know about 'Tug Of War'????!!! You could start your own sheet with info like that...Lastly, thanks to Bruce Goldsen. I'm rapidly increasing my scores on Missile Command, but the smart bombs still bug me...And to Jeff Freund: What do you mean, the Jay Ferguson cassette is only very good--It's a goddamned anthem!"

RECORD ACTION CONTINUED

JOHN SCHOENBERGER, RADIO RECORDS (305-565-7700): "In response to last issue's Question of the Week, honesty is certainly the best policy. As you and I talk on the phone, it is imperative I know truly your initial feelings and opinions. But remember, that's what they are--feelings and opinions. We all are proven wrong in our opinions from time to time. When a new record is just beginning, personal opinions, be they positive or negative, can help start or impede the beginning of a new release by the way the opinion leans. Let's all keep open minds, and remember all our efforts are for the long term advancement of music and the radio entertainment industry...If you aren't on Glass Moon by now, shame on you!"

SEAN COAKLEY, ATCO (212-484-6400): "They say that one of the great privileges of being an American is exercising the right to vote. This week I'm learning that exercising that right also mandates a second not so great privilege called jury duty. After 2 days of excruciating boredom, the only 'action' I've seen has been to hear a lawyer's refusal to seat me as a juror in a music biz related case--what else! As I sit in a room of 250 anxious peers, I get the feeling that a true cross section of the population is not a possibility for a modern jury. Most people (80%) figure out a way to get out of this important part of our judicial system. Now I understand why. Perhaps they're the smart ones. One thing is for sure, I hope I never have to go to court...Because 'Over The Line' has researched so well on album rock radio, we've pulled it as the next single from Eddie Schwartz. Please give extra attention to this wonderfully hooky tune as it is certain to broaden Mr. Schwartz's considerable popularity...Stevie Nicks' Live 'Edge Of 17' is so hot, it should skyrocket into the top 10 on the Song Index. Call us if you need backups...The 'Death Wish II' Soundtrack features music by Jimmy Page... Such a wonderful album by Bonnie Raitt. I hope album radio can find room for her heart and intelligence. I swear I can hear Lowell's ghost."

BRUCE MOSER, COULD BE WILD (716-885-5200): "Event of the week: Eric Anderson showcased his new material and band at the Mudd Club and Joni Mitchell showed up to join him on stage with 'Blue River' and then performed 2 new tunes which were awesome. My prediction for comeback artist of the year goes to Joni Mitchell. Her last album went gold without airplay. Her new album will be platinum because radio will play this one. Any record label interested in hearing Eric's new material should contact me. Eric is a hit act and a classic songwriter...Thanks to everyone for their interest in Duke Jupiter. I agree with Bill that 'I'll Drink To You' is a multi-format winner. Duke Jupiter has always been a talented band. The only difference this time is they've come up with stronger material. I would like to thank Sugar Ray Leonard for adding Duke Jupiter at WMMS. In my opinion, Wayne Gretzky is a better consultant than Sugar Ray Leonard anyway...WMET added Moonlight Drive's 'Gloria' last week. Congratulations to Trip Reeb on his move to Chicago...Best wishes to Tom Teuber, one of the finest in the business, who will resurface soon. Good luck in your new job...Aldo Nova is knocking them dead on the Hall and Oates tour. 'Fantasy' has shipped as a single with major Top 40 action already starting... Significant retail action on the Waitresses. With limited airplay, it's outselling 50% of the major airplay items. 'I Know What Boys Like' is a huge phone song. This song has the same similar sassy hook that made 'Centerfold' a smash...Bob and Doug go gold. Not bad for 2 Canadian hosers, eh?... Love the picture of Seth's first promo dinner. Now all I want to see is a picture of Susan on the slopes...Personal to Steve Leeds: Since I missed you in New York, and you missed me in Buffalo, let's meet in Syracuse and do some interviews...To Ron Nenni: It's my diet that keeps me looking 18. Pasta and chocolate donuts...To Joel Webber: Why is January your favorite month?...To Mike Bone: Krokus sounds better than the last AC/DC album...Watch for Romeo Void and 415 Records to land a major label distribution deal. If you're not playing Romeo Void, remember, it's never too late to say 'Never Say Never!'"

THE DOG'S BODY, POLYGRAM (212-399-7071): "Just a word of thanks to all believers out there. After six months, Novo Combo recharted last week! Great adds this week. This album is back with a vengeance and keeps on coming...I want to join everyone out there is saying, Human League rules! 'Don't You Want Me' is a great cut...Bob & Doug will go gold this week, and will continue to grow. 'The Beerhunter' promotion all over the country have been hilarious and real successful...The Waitresses keep selling, and selling, and selling. They're not right down the middle. They are left field, but the kids want to hear them. Sales tell us that. WKLS went on it last week, thanks Max, #1 on WLIR. This really is happening...I just saw the album cover to the new Scorpions album. Ouch! Literally. The lp will be on your turntable in a couple of weeks...More to come next week. T.T.F.N., Derek 'the dog's body' Shulman."

NBC Radio's Young Adult Network

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 174 stations. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; 215-667-5118. The following are excerpts from this week's report.

The Rock Report will be announcing exclusive information on former Yes bassist CHRIS SQUIRE'S new band very shortly. Yes fans, take note as Tony Kaye is back playing with the band.

Justin Hayward has just returned from a vacation in Barbados, and he's back with the rest of the MOODY BLUES working on their follow-up to "Long Distance Voyager". Hayward, who has written much of the new material, says he's happy with the way things are going so far on the new album.

The U.K. will get to see MEAT LOAF for the first time in a while when he starts his tour there in April. In the meantime, Meat Loaf will be making preparations for the tour as well as working on a stockpile of songs for his next Lp.

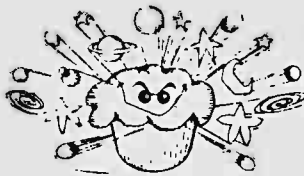

TRIUMPH'S Rik Emmett told the Rock Report that they have tunes written for their next effort, which they'll be recording at their Metal Works studio in Toronto. They expect to have the album ready for release in August, with a world tour to follow in September.

ZZ TOP starts the last leg of their "El Loco" tour March 24th in San Diego. Right now, they are working with their producer, Bill Hamm, on tunes for their next record.

Todd Rundgren has a good idea who will replace KASIM SULTON, but he isn't saying who it is just yet. Meanwhile, "Swing To The Right", the Utopia album, was finished in May 1981, but was held up because of hassles with the record company. It will be released next week. Todd also says he's working on video projects and hopes to release some of them for television.

STEVE MILLER is right now skiing in Aspen, where he's getting in shape to participate in the "John Denver Ski Special" airing on NBC on March 21st. He's going back into the studio shortly to work on tunes he didn't quite finish for his "Circle Of Love" Lp.

BIRTHDAYS THIS WEEK: 3/1: Roger Daltrey, 37; 3/2: Lou Reed, 40; Rory Gallagher, 33; 3/4: Chris Squire, 34; 3/6: David Gilmore, 35; 3/7: Peter Wolf, 36.

TUESDAY - MARCH 2

Loving Venus is in the Sign Aquarius as of 6:26 AM EST, and this will be Venus' movement thru April 6. Since Venus is the planet of the people and things we cherish, and Aquarius is a fixed, air sign--people are now going to be more idealistic in their personal relationships, and this should be good for the mentally creative people. Add to this the first quarter moon's energy exact at 5:16 PM EST with the moon at 12 degrees of Gemini and the sun at 12 degrees of Pisces. There is no Void-of-course moon, so with so many problems re-structuring, forging ahead, or making changes just keep a slow and steady pace. It will pay off!

WEDNESDAY - MARCH 3

The moon is the closest to earth (at Perigee) so many people are feeling more emotionally stirred-up. Since Mercury is now direct and the emotion-ruling moon is in Mercury's sign Gemini, this is a good "let's talk about it day". But this is a BAD time to implement things. For you shoppers, the moon is void-of-course from 6:30 PM EST until entering its own sign Cancer at 11:49 PM EST. Just keep in mind that communicating is very different from acting on ideas that seem brilliant. Take my word for it--you will be well rewarded for waiting until July to make major decisions and changes.

THURSDAY - MARCH 4

This is one of those days when personal business seems more important with the Moon in its own sign Cancer. Too often people forget that Cancer is an action oriented sign based on one's strong feelings. The reason that this is an average day is that most will feel like the day has a slow start and will want to be doing something other than work or routine. There is no Void-of-course moon, but again the emphasis should be on maintaining our sanity, holding on, and dealing with the immediate problems. It is hardly a time to complicate your life with "new crusades". Ignore the gloom and doom crowd!

FRIDAY - MARCH 5

A grumpy end of the week! At 6:40 AM EST the moon at 18 degrees of Cancer is at a harsh 90 degree square to physical Mars retrograde at 18 degrees of Libra. This makes for an argumentative morning. Then at 12:01 PM EST the moon at 21 degrees of Cancer hits the 90 degree square to restrictive Saturn retrograde at 21 degrees of Libra. Somewhat of a depressant--this is NOT the day to have lunch with friends who tend to be moody. The moon is Void-of-course starting at 9:01 PM EST and ending on Saturday at 2:51 AM EST when the moon enters Leo. Tonight, turn up the volume and relax. Not a great party night.

SATURDAY & SUNDAY - MARCH 6 & 7

Okay, you party people! Let's get moving! The moon in playful Leo gives us a Saturday and Sunday full of frivolity. From window shopping to rockin' out, I recommend that we all "go for it". No Void-of-course moon either day, but an air of high energy is going to be felt. This is due to the warm-up of a full moon that will hit next Tuesday. We should not be overly bothered by this until late Sunday. So on Monday, if you've partied hearty, you'll think you are tired from the fun. Actually sleep states start to be a problem by Sunday night, so just party.

MONDAY - MARCH 8

The moon in Leo is Void-of-course from 1:06 AM EST until entering Virgo at 6:28 AM EST--and then the warm-up of the full moon is really in high gear! The exact point of the full moon is tomorrow at 3:46 PM EST but Tuesday is also the day that eccentric Uranus turns retrograde. More changes--but a tightly fastened seat belt will get you mentally prepared for this very emotional period. I think you will be surprised at the number of personal problems that will surface this week. Now that we know what is happening, we should be able to deal with it. Avoid crazy people--even Level I crazies.

Lieberman Call

PORTLAND/SEATTLE-Joe Maita

	SALES	POTENTIAL	
Aldo Nova	7	10	Approaching top 15 sales.
Johnny/D's	8	10	How come no one seems to be playing "Octaine Twilight"?
Thin Lizzy	3	8	Will need time before initial orders sell through.
Nick Lowe	3	9	This artist's time may be just around the corner. An open mind when cueing this record up would probably help.
UFO	4	9	Seems to be a good buzz at retail.
Novo Combo	2	7	Good to see the label's promotion commitment behind this one.
	% OF KEY ACCOUNTS	COVERAGE	
Angel City	100	M	Good effort. We expect this to be around for a while.
Bonnie Raitt	100	L	Sounds like a winner.
Van Morrison	100	L-M	An excellent example of a musician who has allowed his music to develop as his life has grown. "Cleaning Windows" is a fine tune.
Jay Ferguson	75	L-M	Our phone people love this record. May have a legitimate shot.
Eye To Eye	50	L	"Hunger Pains" should be on the radio. Have you listened to it yet?

"Current favorites: Anthony Davis and Jay Hoggart, Human League, Eye To Eye, Chas Jankel, old and new Dreams, Godley/Creme, Bonnie Raitt 45, Van Morrison, and Material... Best of luck to Bruce Lundvall and all at Elektra/Musician. The record business could use a few more labels who present their music in such a fashion."

Johnny/D's	4	9	Rumor has it there's airplay on this terrific Lp. C'mon, I still only hear it in my office and at home.
Thin Lizzy	3	8	Reorder pattern is light thus far.
Nick Lowe	7	10	Even with lack of airplay, Nick has had three good weeks so far.
UFO	6	8	Ongoing sales to the heavy metal set continue nicely.

Bonnie Raitt	100	M-H	Everybody around here wants this hometown favorite.
Van Morrison	100	M	Great initial sales for this great man.
Jay Ferguson	70	L	Light reaction, but quite obviously this is destined for bigger and better things.
Eye To Eye	65	L	Good intelligent pop music that deserves attention.

"The tapes that sound good this week are: XTC, Kim Wilde, Moon Martin, and Jim Carroll...Imports that sound good: Robert Palmer, Those French Girls, and Haircut 100...Domestic goodies are: Romeo Void, Eye To Eye, Slow Children, Weather Report, Lester Bowie, Van Morrison, and Debra DeJean...An absolute crusher single for the week: #1 with a double super bullet, 'Don't You Want Me' by the Human League."

Angel City	85	L	Strong record and good groundwork has been laid from previous releases so there is an identity out there in retail land.
Bonnie Raitt	95	L	This is the hottest stuff released so far this year, and there's something here for every format.

Jay Ferguson	85	L	This guy always puts out good, consistent records, and this one is true to form.
Eye To Eye	80	L	We're already seeing a few reorders, but I think if you guys stick with this one, we'll see strong sales.

	<u>SALES</u>	<u>POTENTIAL</u>	
Aldo Nova	6	10	Looking real big across the board.
Johnny/D's	2	7	Metro airplay generating some interest.

UFO	2	6	With the excellent response the band received opening for Ozzy, let's hope it carries over to sales.
Novo Combo	1	6	Needs more concentrated airplay to pop loose.

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the LP is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

FOR YOUR INFORMATION:

When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

- PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
- PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
- AIRPLAY EMPHASIS** - Be careful not to confuse this with PLAYS PER DAY/WEEK. EMPHASIS is a system of relative scaling, based on 5. If the highest rotation album gets 8 spins per day, it receives 5 points. If another album gets 4 spins, it merits 3 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

KGB-FM, San Diego, CA P.D.-Larry Bruce/M.D.-Judy McNutt (No Shift/Calls Tracking 4PM Tues., Music Anyday but Tues./714-292-1360).

We determine rankings by converting all daily and weekly play reports to a 1-10 emphasis system and totalling the points on a given lp. We use a simple percentage breakdown to indicate the amount of play on each track.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-10 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
