# FMQB ALBUM REPORT

June 4, 1982

BILL HARD, Editor

## Hard Choice

EDDIE MONEY, "SHAKE IT" b/w "I THINK I'M IN LOVE", COLUMBIA

The 12" doesn't really represent a comeback because Eddie never quite went away, but it will cement his stature in the Billy Squier, Sammy Hagar, John Cougar quality league. Both songs on the 12" are sure album radio chart burners that defy punch-out, and hit just as hard as the first time we heard that wonderful debut. Tip top of Kal's Front Red Page.

## Easy Choices

ROLLING STONES, "STILL LIFE", ROLLING STONES

It's not as if the Stones need to stimulate interest in the single with an unreleased B side--but it sure sweetens the deal. With 107 stations, it's one of the top 2 or 3 most added discs so far this year. The sonic boom from the tour will continue to reverberate with this piece of priceless docu-rock. Our faves! Let's Spend The Night Together, "Time Is On My Side", the single, and "Start Me Up".

SURVIVOR, "EYE OF THE TIGER", SCOTTI BROS/EPIC

Getting the title track placed so beautifully in "Rocky III" is not unlike the saga of Mr. Balboa himself--the shot of a lifetime. The single will carry well past the normal audience while remaining true to the format. Should be a first level priority if you're not already playing it to the max. If you're looking for more, we suggest "American Heartbeat".

STEVE MILLER, "ABRACADABRA", CAPITOL

The single is up to #20 on the Song Index, and based on feedback from our Sampler, we expect "Cool Magic" and "Keeps Me Wondering Why" to further reestablish him. Great balance of deceptively simple tunes and highly refined production style.

## Chain Reaction

RED SPEEDWAGON, "KEEP THE FIRE BURNIN'", EPIC

Overall the #2 Most Added with 98, and #1 in the Top 30 markets with 31...Kid Leo is on the money, "The single is very, very, ~~very~~ reminiscent of 'Roll With The Changes', but maybe THAT's poetic justice since that song should have been a big smash in the first place, a long time ago"...Dave Krusenklau, WKQQ says, "Love the single. I was expecting 'Keep On Loving You Part 2' and was surprised by the up tempo feel"...Roberta Heber, WNUQ, "The phone grabber this week is the new RED 45. All the tricks of the trade learned over the years by RED are packaged neatly into 3:50 worth of hit single"...Mark Chernoff, WDMA, "It may be formula, but it should be a top 5 hit"...Bruce Goldsen, WRXI, "Keep The Fire Burnin' sounds like 'Hi-Fidelity', but a hit's a hit."

ALAN PARSONS PROJECT, "EYE IN THE SKY", ARISTA

After a fairly lackluster album rock reception the last time out, a very enthusiastic 82 first week stations for "Eye". Good for #1 Most Added Lp. "Fingers Burned" leads the title track with interest also in "Psychobabble"...Comments: Alan Sneed, KRER, "Parsons is a great as usual. The title cut should be a multi-format smash"...Ron Ninni, WYXX, "It's a little slicker than most of us expected, but damn, talk about tasty"...Art Phillips KILQ adds, "The Parsons package adds a nice touch to the current barrage of great music on the streets. 'Fingers Burned' is the lead track, but immediate phones coming from the title cut"...Again, to Roberta: "Alan Parsons keeps the cosmic debris to a minimum. The perfect follow-up to 'Turn Of The Friendly Card"...Ilyse Gottlieb, WRXL, "The new album will be the Greenisle of the Summer. It's light, refreshing, and a real treat."

GLENN FREY, "NO FUN ALOUD", ELEKTRA

Cross those distinctive Eagles pipes with the "Party" theme--and what's not to like? Ask the 79 stations who came aboard this week...Bob Linder, WDMA, "Partytown" is going to be one of '82's hottest Summer songs"...Ted Edwards, WCDZ, "Partytown" is a great song. Perfect for Summer. What more can you say about those distinctive harmonies so familiar with so many people?...Stew Schantz, WPDH, "Looking for the perfect summertime song? Try 'Partytown'. His album is chock full of good sounds"...Rob Barnett, WAAF, "Looks like an easy album rock Summer hit"...Doug Podell, WLLZ, "No Fun ALOUD has all the old magic of the Eagles, and all the intensity of a Seger album. 'Partytown' is going to be one hell of a summertime smash"...Duke Meyer, WQMF, "It may be a little more laid back than I expected, but it's constantly keeping me company as I work around my cage. 'Partytown' is a great Summer anthem"...Rock McWilliams, WIOT, "Glenn should be a smash. Due to the crossover nature of the tunes, there is something for everybody."

## CHAIN REACTION CONTINUED

### GARY U. S. BONDS, "ON THE LINE", EMI

Radio has to deal with the Bruce connection, and even with his hefty contribution, Gary is still way out front on this album. #3 Most Added Lp overall with 64, including 12 Level I stations... "Out Of Work" has jumped out front. The title track, "Rendezvous", "Hold On", and "Angelyne" are there too and they underscore the depth of this record... Ted Edwards, WCOZ, "The Bonds was a real pleasant surprise. Not that I didn't like the last record, but I never expected this one to be as strong as it is. In my book, he's gone from being an artist who garnered attention from his association with Bruce, to an interpreter of songs who can stand on his own"... Karen Andersen, WGIR-FM, "Here it is Tuesday and 'Out Of Work' is everywhere. I'm glad to see EMI throw the big guns behind the single. The whole album is great"... Bruce Goldsen, WRKI, "Everything I could have hoped for and more. As always, his voice perfectly complements Bruce's lyrics and the production is exciting and crisp. All in all, a Summer winner"... Kid Leo sums it up with, "Let's make this short and sweet. It's the best album of 1982 thus far. 'Nuff said."

### APRIL WINE, "ENOUGH IS ENOUGH", CAPITOL

Not the leader in sheer numbers this week, but the undisputed hook champion--60 adds, including 15 Level I's with raves in spades: Sky's Record Of The Week: "Production, lyrics, vocal hooks--the works. You couldn't expect anything more in a song"... Tom Nast, WSYR, "My favorite of the week. No doubt one of the hookiest songs I've ever heard. I predict #1 on the Song Index in no time"... Lin Brehmer, WQBK, "I've never been a big fan of this group, but I have to admit 'Enough Is Enough' has more hooks than a jitterbug"... Doug Podell, WLLZ, "Definitely in the grooves. Sounds like their best effort ever"... Ron Nenni, WPYX, "It's the best song they've done. Talk about a band that's ready to explode to a multi-platinum level"... Doug Sorenson, KQRS, "April Wine is gonna be right up there with Billy Squier, if not bigger"... And from Lyse Gottlieb, WRXL, "'Enough Is Enough' reinforces their hold on the superstardom that 'Just Between You And Me' brought them."

### JOHN WAITE, "IGNITION", CHRYSALIS

This week's 21 adds takes us to 46 stations in just 2 report periods, including: WMMS, WYSP, WNEW-FM, KSHE, KTXQ, WIOT, WLLZ, KISS, WLPX, KMET, KZEW, WBAB, KWK, KDWB, KSRR, KRQR, KPKE, KGON, and WAVA. Although it's not an automatic, it's coming along nicely. "Change" dominates- with "Going To The Top" and "Temptation" also being mentioned. New at #49 Index, #46 Metro... Tommy Nast reports "I've always been a big Baby's fan, and was really pissed when they split up. Now John's solo album has filled that gap in my life. 'Change' was almost a hit for the group Spider here in Syracuse, and I know it'll be a smash for John."

### FRANK ZAPPA, "VALLEY GIRL", BARKING PUMPKIN

As we've said for 3 weeks now, "Valley Girl" will generate monstrous calls, regardless of locale. Twenty more stations add what must be the most audience-active record on the radio today. This week's major new adds include WZXR, KDKB, KTXQ, KLOL, WNEW, WLQV, and WIOT... The stories about "Valley Girl" phones are becoming legend... Bruce Bond, WZZO, "'Valley Girl' was by far #1 in requests, and goes to heavy. It's obvious a tune like this works on the phone so well, mainly because it's so different from the Styx, Journey, REO syndrome"... Buck McWilliams, WIOT, "I've got to join in the verbal bandwagon and say that 'Valley Girl' is one of the funniest and most requested songs we have. Phones were as instant as Carnation Breakfast"... Kid Leo, "It's having the same across-the-board success here as we have seen elsewhere. I know it's indigenous to California, but it's applicable universally, because we all know an airhead like that"... Dale Wolter, WMAD, "We tested 'Valley Girl' a week-and-a-half ago and it garnered more positives than any other song in the history of the feature (ages 13-24 with only one negative). It's the second most requested tune this week"... Mark Chernoff, WDHA, "Tremendous response to Zappa's 'Valley Girl', especially in AM drive. Will be his biggest hit to date, and listeners want to hear it"... Art Phillips, KILQ, "Awesome phones for Moon and her daddy."

## BUILDERS

### KANSAS, KIRSHNER/EPIC

### FRANKIE MILLER, CAPITOL

Another underline for Frankie as the 4 week Index build goes 42-29-22-17. Airplay: 6 ups, KLOL, WBCN, WMET, WNEW-FM, WQFM, and WOUR, 52 steadies, and 1 down. On the Checklist: Of 19 not playing, 11 are considering: 7 dropping, 42 maintaining, and 22 building including WLPX, WBCN, WQFM, WDVE, WMJQ, WIYY, WMMS, KAZY, and KSRR... Top tracks: "Danger Danger" 45-34, "Don't Stop" #65, and "To Dream The Dream" debuts at #90.

### 707, BOARDWALK

Also an exceptional chart week for 707--#23 Index, #25 Metro---#8 Most Added with 15 for a total of 76 reporters. Strongest debuts include: WLLZ, WYSP, KZOK, KRQR, KQRS, WSYR, WYNF, and WMJQ... 707 moves up on the Consultant's page: 17-8 Doubleday, 13-11 Sebastian, 16-14 Superstars, and 20-18 Pollack... "Mega Force" is #15 on this week's Song Index.

### MONROES, ALFA

New on WMMS, WPLR, WKQQ, and more, guarantees a continuation of the convincing Index moves--debut 48-37-28... Airplay: 4 ups KBPI, KSMB, WOUR, and WQBK, none dropping, and 29 steady... "What Do All The People Know" also continues to move up the Song Index 28-23.

New on: WDVE, KBPI, WHJY, WNOR-FM, KMOD, WAQX, and WJKL, for a total of 60 reporters to date. "Someday Someway" debuts at #70 on the Song Index, with "There She Goes Again" the second track.

## CHAIN REACTION CONTINUED

### A FLOCK OF SEAGULLS, ARISTA

The Seagulls continue their flight with a 43-40 Airplay Index move, and a Metro debut at #47. Two more adds at significant stations: KRQR and KDKB continue the roll and a solid Checklist shows how firm radio support is. 25 building including KMET, WZXR, WNEW-FM, KTXQ, WKLS, WDVE, KROQ, WMJQ, WMMS, KZOK, and KSRR. Also 25 maintaining, 1 dropping, 17 of 39 not playing are considering. "I Ran" moves on Song Index 69-46.

### MOTELS, CAPITOL

3 point or better moves inside the top 15 are hard to come by, so the 11-8 Index and the 12-8 Metro progress are notable. The upward spiral on this band is downright potent. The Consultants are serious about the Motels too: Doubleday 20-18, Sebastian 14-16, Superstars 9-8, and Jeff Pollack 8-8...The Song Index trend is equally impressive. "Only The Lonely" 16-10, "Mission Of Mercy" 46-42, and "Take The L" 66-55.

### SQUEEZE, A&M

We took a close look at Squeeze this week via our Checklist, and found a positive performance trend. The vast majority of stations playing it say it's growing--10 maintaining, and none dropping, 19 building 27 of the 61 stations not playing it yet are looking closely, and the smart 50-46 jump on the Airplay Index should turn some heads. Six more adds including WIOT, WBCN, and KBPI... "Black Coffee" dominates by debuting at #87 on the Song Index.

### "PAPERLATE", GENESIS, ATLANTIC

12 adds take us to 109 reporting in two weeks. Loaded with the expected heavies it's closed and another album is perfectly set up. An impressive #8 debut on the Song Index, due for a move into the top 5 range next week. WLIR's Ray White says it all, "I guess if everybody toured their asses off for 12 years or so, maybe they'd make a brilliant live record, too."

### "OUR LOVE LEADS TO MADNESS", NAZARETH, A&M

The 12" was just hitting radio at report deadline and still grabbed 15 stations including WQXM, KYYS, DC101 and KSHE. We love it as stated on the Front Red two weeks ago and Sky hears it too. "The new single is a radical departure. Dan McCafferty's vocals are polished beyond recognition. This could be the hit they've come so close to in recent efforts."

### MEN AT WORK, COLUMBIA

Six more roll in led by attention-getters WYSP, WKLS, WBCN, and WNEW-FM. Majors already playing include KSRR, KLOL, KGB, DC101, and KZEW..... "Who Can It Be Now" is out front; "Down Under" is #2.

### RIOT, ELEKTRA

WCOZ, WMJQ, KDWB, KLAQ, WSYR, and 5 more open it up for Riot with "Showdown" the radio favorite. Ted Edwards is impressed, "A surprising album from Riot. When the last record came in, you could put the needle down at any position on the record and it sounded the same. With this one, they've added a few twists, some different songs, and a few more textures, all of which give it more of a complexity that I can deal with."

### ROXY MUSIC, "AVALON", WARNER BROTHERS

One of the rare bands that can get away with being themselves. Their texture is a hook-intrigued number all its own, and with the success of several other highly stylized acts lately, here's one with a built-in audience. #7 Most Added with 17 including WMMS, WIOT, WLAV, WXRT, KROQ.

### BLONDIE, "THE HUNTER", CHRYSALIS

An interesting pattern here. 16 adds the first week, 7 last report, and boom, back up to 18 this week. Key calls thus far: KROQ, WXRT, KGB-FM, WNEW-FM, WMMR, WBCN, and WLIR. Obviously "War Child" is the serious album contender.

### "FACE DANCES PART 2", PETE TOWNSHEND, IMPORT

The Import flies on WLUP, WYSP, WQFM, WMET, WGRQ, WLAV-FM, and WXRT. The importance of this ditty is reflected in the quality of these stations. If you have it, play it.

### CLOCKS, "THE ONE YOU LOVE", BOULEVARD/CBS

It's the sleeper on that E/P/A sampler tape. And we're looking for serious major interest out of the box. Nice buzz building already.

### DAVID JOHANSEN, "LIVE IT UP", BLUE SKY/CBS

A reminder. We're hot for the Animals' medley on the Johansen on Blue Sky. He's the leading basso profundo of the art form, and he's come with a remarkably fluid and forceful medley.

### JOE COCKER, "SHEFFIELD STEEL", ISLAND

We love the funky groove of "Look What You've Done", and even though it's admittedly not quite standard fare, multiple spins in our office have yet to burn. It stands up in the context of all the hot new releases that have rolled in lately.

### GREG COPELAND, GEFLEN

We pick the guitar-oriented "Used". A witty Jackson Browne (he produced it) flavored track.

LATE FLASH: WPLJ and KLOS add The Clash "Should I Stay". Better re-evaluate.

KSHE, ST. LOUIS, MO P.D.-RICK BALIS: "Jack Silver has been appointed Music Director at KSHE Radio, St. Louis. Silver replaces John Utett as MD. Utett relinquishes his music responsibilities in order to fill the position of KSHE News and Sports Director, while continuing as KSHE midday disc jockey. A graduate of Bradley University, Silver has been a member of the KSHE staff for over two years... Effective immediately, music calls will be accepted: Tuesday, Wednesday, and Thursday, 1-5PM."

KGON, PORTLAND, OR ASST. P.D.-GLORIA JOHNSON: "Top Sales: #1 Paul McCartney, #2 Asia, #3 Scorpions, #4 Willie Nelson, #5 Van Halen, and #8 John Cougar... Requests: #1 Van Halen, #2 Human League, #3 Scorpions, and #4 Rainbow... It was a headbanger's delight at the Paramount last Sunday night with Motorhead, Krokus, and Fist. All three bands have good musicians, but Krokus far outshined the other two because they have THE voice... The KGON Rock Socks played Journey in a softball game at Civic Stadium last night in front of 3,000 people. Ross Valerie, Jay Kane, and Captain Neal Schon and crew squeaked by, winning 12-10. Proceeds go to the T.J. Martell Foundation. Journey does three nights at the Coliseum, starting tonight to kick off Rose Festival in the Rose City... Lots of new music this week. My favorites are: Glenn Frey, 'Partytown' and 'Don't Give Up'; John Waite, 'Change'; Alan Parsons Project, 'Psychobabble'; and, April Wine... The base part on the Stones' single is wonderful."

KLOL, HOUSTON, TX ASST. P.D.-MICHELE ROBINSON SAYRE: "Well, we're all still recovering from a delightful dinner with Louis Messina and his Pace Concert staff. We've been working together on this Texas Jam. Next Sunday, 65,000 Houstonians (and assorted others) will gather at the Astrodome to see a full day of music by: Point Blank, Joan Jett And The Blackhearts, Sammy Hagar, Santana, and Journey. We'll be out there broadcasting all day... Looks like some thank you's are in order for: REO Speedwagon and their 'Good Trouble' album artwork. It seems there's a nice 101-KLOL 'It's Only Rock And Roll' bumper sticker on the case Gary Richrath is sitting on. Thanks, guys... When you're hot, you're hot--Steven Spielberg is hot! We had passes this weekend for 'E.T.'; and tomorrow, 'Poltergeist'. Beth Rosengard (and my favorite movie reviewer, Bruce Moser) will have reviews ready next week... Billy Idol, 'Hot In The City'. That song has heavy Summer airplay written all over it... That and Kim Wilde's 'Kids In America' are my Summertime favorites... Looks like I have to eat my words on Frank Zappa. Oh well, you win some and you lose some... Mike Bone: What do you say? I only offer once!!... JEFF JENSEN: "Somewhere in all this rock and roll chaos, there should be room for some thanks to the record people here in Houston for their help in the KLOL record library rebuilding and fertilizing. Fresh clean vinyl is where it's at. Thanks."

KQRS, MINNEAPOLIS, MN P.D.-DOUG SORENSON: "Adds: REO Speedwagon, Alan Parsons Project, April Wine, Glenn Frey, and Rolling Stones... Congratulations to: WSYR (Howie Castle and Tommy Nast) for getting their logo on the new Rolling Stones inside sleeve. What a promotion director they must have... What more can you say about great new music like the REO Speedwagon album? What do you say?... Alan Parsons has the best album he's had since the 'Tales Of Mystery And Imagination'. 'Get Your Fingers Burned' is a great song--great title too... April Wine is gonna be right up there with Billy Squier, if not bigger. If this is any indication of the album, I can't wait... Glenn Frey. Aside from the great album title 'No Fun Aloud', the song 'Partytown' is great for anybody who's into album rock and roll... I just got the new Rolling Stones rock and roll album in--I can't even make a comment. I just can't find the adjectives."

WQXM, TAMPA/ST. PETERSBURG, FL M.D.-DICK BASCOM: "No, it's not snowing, St. Nick isn't packing his bags, but it still feels like Christmas: Rolling Stones, REO Speedwagon, April Wine, Alan Parsons Project--Lord have mercy. What's a developing artist to do? I realize it's tough out there guys, but I still think it would be wiser to spread the heavies out a little bit over the course of the year, as opposed to clumping them all together when record sales seem to get slow... However, it's encouraging to note that at least in this market, even with the heavyweights coming with both guns, there are some developing acts that look like they're on the verge of breaking. Case in point, the new Axe album. Already generating very good phones and reasonable sales, moving from #21 to #19 on our Sales Index... The Sherbs would be another good one to point out, proving wrong the old adage that 'callout records don't sell'. It's #16 on the Index, and I look for it to make another strong move next week... Cheap Trick is doing very well. I was a little afraid that its first week sales success was due in the most part to cult buyers. But as we head into the 5th week that the album's been out, it still is maintaining very strong sales as well as good phones... And just for your head, if you're into Rainbow, I was messing around with the album the other day at home and came across another track that could be as successful, if not more so, than 'Stone Cold'. That track is: 'Tight Squeeze'. It's got a great hook. Check it out."

WMMS, CLEVELAND, OH M.D.-KID LEO: "What's this--7 albums added this week? It's like the old days. We should really be called Progressive again. It was a pleasure adding this many records, and there will be more to be added as the onslaught of the heavyweights continues... As far as the Gary U.S. Bonds album goes, let's make this short and sweet. It's the best album of 1982 thus far. Enuff said... It was a real pleasure listening to the Glenn Frey album. I had talked with Glenn over the phone, and he did, at that point, reveal that the Eagles shall be no more because they felt that they had gone as far as they could and they were stifled by having to sound like 'The Eagles'. To quote Mr. Frey, 'I can't see myself 39 years old with a beerbelly on stage, singing 'Take It Easy'.' I'm sorry to see them go, but an album like this makes it easier to swallow. It's familiar enough because of his voice, yet you can feel the new leanings--which actually are his roots from his hometown called Motown... Speaking of Motown, the Stones single is gonna be a Summer hit all over again... The Roxy Music album is a bit subdued. Read 'hypnotic'. At first I was taken aback by the lack of out and out rockers, but it has a growing effect on me. They've been superstars in Cleveland for almost a decade, and it's about time they got their just dues nationwide. They are, after all, the founding fathers of the techno-rock sound that is very much in vogue today, a la Soft Cell, Human League, A Flock Of Seagulls, etc... The Zappa tune 'Valley Girl' is having the same across-the-board success here as we've seen elsewhere. I know it's indigenous to California, but it's applicable universally, because we all know an airhead like that... The REO Speedwagon single is very, very, very reminiscent of 'Roll With The Changes', but maybe that's poetic justice since that song should have been a big smash in the first place, a long time ago."

KAZY, DENVER, CO M.D.-DOUG CLIFTON: "First of all, the Mile High Memorial Day Weekend go off to a great start with two long overdue dates featuring: Journey and the Greg Kihn Band. Thanks to: Michael Papale, Kevin Knee, and Ray Gmeiner for a great time at both shows. Had a chance to meet with Greg after his performance both nights, and he and his band are very talented and hard-rock-working rockers. It was a pleasure to talk with them... Lots of rain over the weekend, so plenty of time to listen to music... Adds: Glenn Frey, 'I Found Somebody'; and, Alan Parsons Project, 'Gonna Get Your Fingers Burned'... Single Adds: REO Speedwagon, Survivor, and Steve Miller Band... Considering: Lots of things--a big week next week--too many to list."

**AN FMQB Pinch Hit last week!!**

**Featuring "Used" and "Full Cleveland"**

From Roberta Haber, WMJQ: "Greg Copeland is the most important artist to debut in 1982. Those of you who know my Great Obsession will think I say that because Greg was discovered and produced by Jackson Browne. Well, that helps but even if Greg's mentor was Wayne Newton, this album would still be marvelous. It's the kind of music that tends to creep slowly from your ears to your brain to your soul where it takes up permanent residence. It's powerful, passionate, lovely, political, cynical, optimistic, intelligent—all the things that great music should be. This is a lyric album, with Jackson's production designed to complement not overwhelm. Radio will probably concentrate on 'Used' and 'Full Cleveland' but do your ears a favor and roll the whole thing."

WCOZ, BOSTON, MA M.D.-TED EDWARDS: "Just a brief mention, the word has come down the line to me that Al Tvanmo is now out of a job. Beats the hell out of me why. But as they say, life sucks and then you die--what can you do about it? If you're looking for a good promo man, Al could be the one, and he has my recommendation...I think 'Partytown' from Glenn Frey is a great song--perfect for the Summer. What more can you say about those distinctive harmonies so familiar with so many people?...The Gary U.S. Bonds was a real pleasant surprise. Not that I didn't like the last record, but I never expected this one to be as strong as it is. In my book, he's gone from being an artist who garnered attention from his association with Bruce, to an interpreter of songs who can stand on his own...Also added: Haircut One Hundred, a quirky little record that seems to work...A surprising album from Riot. When the last record came in, you could put the needle down at any position on the record and it sounded the same. With this one, they've added a few twists, some different songs, and a few more textures, which give it more of a complexity that I can deal with."

WLLZ, DETROIT, MI M.D.-DOUG PODELL: "Fave Rave of the week comes from Royal Oak, Michigan's own Glenn Frey. 'No Fun Aloud' has the old magic of The Eagles and all the intensity of a Seger album. 'Partytown' is going to be one helluva Summertime smash...April Wine's 'Enough Is Enough' is definitely in the grooves. Sounds like their best effort ever...Today, Genesis is considered one of the unique rock acts of the 80's. Taking that into account, along with their superb live performances, we decided to go this week with the Genesis import album. Phone response is already phenomenal...We also got our hands on the Pete Townshend import, and it sounds like it has the goods...Both the Rolling Stones and REO Speedwagon singles are in this week, and both, at this point, are receiving mild response...Survivor's 'Eye Of The Tiger' picking up heavy phones. We moved that to hot this week...Also getting good response: John Cougar, John Waite, and Human League (still a big item)...Finally, the Lambo machine was in this weekend. Whew!!"

WLUP, CHICAGO, IL M.D.-SKY DANIELS: "Record of the week: April Wine, 'Enough Is Enough'. It was a tough choice with so much in the running, but I kept coming back to this one. Production, lyrics, vocal hooks--the works. You couldn't expect anything more in a song in 1982...With the Midwest on the verge of financial collapse, my ratings in the afternoon are up with so many rockers unemployed with nothing to do. So when I spring Gary U.S. Bonds with Bruce Springsteen singing 'Out Of Work', you know it's going to be an anthem...Jon Scott came to Chicago, after spending time with Bill Hard himself. And although he didn't play it 47 times, he played the Clocks enough that I know it's a hit. The obvious track is: 'She Looks A Lot Like You'...The new Eddie Money is definitely 'record of the week' next week...Michael Plen came by with the new Go Go's 'Vacation'. With the expansive production and the keyboard-oriented sound, I want to see their detractors try to pigeonhole this as a followup fluke... We added: The Pete Townshend import 45, 'Face Dances Part 2'. Dating back to 'Who Came First', this man's solo music has had an awesome emotional impact. This song literally brought tears of joy to my eyes...The new Nazareth is a radical departure. Dan McCafferty's vocal is polished beyond recognition. This could be the hit they've come so close to in recent efforts...After seeing 'Rocky III', I'm convinced that 'Eye Of The Tiger' will be a Top 5 single. When you see the movie, you'll feel the impact."

WBCN, BOSTON, MA M.D.-MARC MILLER: "I'm very pleased to announce the promotion of my former Associate Music Director, Carla Raswyck (that's Ras to you) to the position of overnight disc jockey, replacing the exiting Jerry Goodwin. Replacing Ras will be Danny McCloskey, who here-to-fore worked unpaid a lot in this department and will now be my right hand person...In other news, The Clash is the #1 Lp here this week. Don't be scared of The Clash, it won't hurt you to play them. It's great rock and roll music...And to whoever said that nobody says anything about the Cheap Trick album, well here I go. The new Cheap Trick Lp is the best one they've done in years. We're playing it to death, and you should too...The new Gary U.S. Bonds/Springsteen Lp is wonderful. Check out: 'Out Of Work' and the great old Box Tops tune 'Soul Deep'...And just when you thought it was safe, there's another new live Stones Lp. The real treats on this one are: 'Twenty Flight Rock' and 'Going To A Go Go'."

WLPX, MILWAUKEE, WI M.D.-BOBBIN BEAM: "After the Memorial Day Weekend, my mind don't work!!! But, I'll try the best I can. We kicked off Summertime season here in Milwaukee with the World Series Of Rock this past Friday. Five bands: Quarterflash, 38 Special, Triumph, Loverboy, and Foreigner, 45,000 rock and rollers experienced a great day of music. The station was out there with live broadcasts from the stadium during mornings and middays with ticket and parking info, etc. We also did a number of promotional tie-ins. We gave away an autographed Baby Dean guitar signed by Rick Emmette of Triumph (thanks to RCA). We also had 30,000 Loverboy sunvisors out there. We had a banner contest for Foreigner, in which the winner got \$500.00, and we got him backstage to meet Rick Wills from the band--complete with promo pictures. We were all over the stadium that day, and a good time was had by all... We added the Gary U.S. Bonds. Sounds fine. Looks like Bruce has a little bit heavier hand this time around, and that should make for even better sales...Love the 707. Hope that it becomes huge... Considering: Glenn Frey. I like 'Partytown', just like everyone else does. Also nice to see him smiling, at least just a little bit...April Wine is very exciting. I took it to our album preview night and everybody liked it--all positive comments...Rolling Stones getting incredible response. In fact, I also took that to our album preview and it came out #1...Monroe continue to sell. #26 out of 50 surveyed...We've changed to 'Rock And Roll Party In The streets' on Axe, even though I feel 'Fantasy' is a much more musical track...John Waite sounds incredible on the radio...The Alan Parsons Project is a real strong piece of art. Love the gold embossed cover. Buttons or a patch, Arista?"

KSRR, HOUSTON, TX P.D.-ALAN SNEED: "In reference to John Sebastian's comments about our outspending KLOL 3 to 1, he must have been referring to air talent...Also, Friday the 28th at 5PM has passed, and we're not News/Talk as many of our friends have been proclaiming we would be. November and the big stick are just around the corner, and we're looking forward to that booming signal. '97ROCK' celebrates its 9th month anniversary as an album rock outlet this Monday. Thanks for the support to our friends in the industry. For the information of interested parties: 97ROCK will not be available for promotional tie-ins on national acts with Houston clubs that are not station clients...This Week's Adds: Alan Parsons Project, Glenn Frey, John Waite, Sparks; and, the three obvious singles: Rolling Stones, REO Speedwagon, and April Wine...I personally like the Glenn Frey album a lot, but find 'Partytown' to be the only cut viable for album rock play...The Alan Parsons Project album is a treat, as usual. The title cut should be a multi-format smash...We blew 'Paperlate', 'Eye Of The Tiger', and the REO Speedwagon singles right into the powers...Great sales progress for: Queen, John Cougar, Cheap Trick, and Asia hangs in at #1."

WDVE, PITTSBURGH, PA P.D.-DAVE LANGE: "A farewell adds book 1 here. Obviously, REO, the Stones, and Alan Parsons are automatics...After much listening, we found 'Partytown' on the Glenn Frey album to be the strongest song...Gary U.S. Bonds' 'Out Of Work' seems to strike a responsive chord with the audience...After seeing Marshall Crenshaw play here, I became infected with 'Someday, Someway' and that was added this week, too...Good job on the Sampler Cassette, Bill. The King Crimson is probably the most interesting song on the whole cassette...Picking up: John Cougar (really starting to rack up the requests) and Greg Kihn."

**RADIO ACTION CONTINUED**

**WRNW, BRIARCLIFF MANOR, NY M.D.-PAT PRINCIPATE:** "Okay, so it's time again for another live Stones record. And I don't want to hear any grumbling! It's plain to anyone who even becomes slightly acquainted with me that I l-o-v-e the Stones. So, say what you will. Any Stones is welcome Stones, and I really like 'Going To A Go-Go'...Don't you just love Debbie Harry's hairdo?. 'The Hunter' is a fine album and we're already on a number of cuts. Besides 'War Child' and 'Island Of Lost Souls', 'Dance Away', 'For Your Eyes Only', and 'English Boys' are good strong songs. And, although it didn't come on with such force as the Clash did, 'The Hunter' has shown good progress and debuts at #6 here ...Speaking of progress, John Cougar, The Motels, Human League, The Jam, and Haircut One Hundred are still doing very well here showing stability and strength...Adds: Blondie, Stones 45, REO 45, Gary U.S. Bonds, Nazareth 12" and Alan Parsons Project."

**WMAD, MADISON, WI M.D.-DALE WOLTER:** "Count WMAD among the Zappa believers! We tested 'Valley Girl' a week and a half ago and it garnered more positives than any other song in the history of the feature (ages 13-34 with only one negative). It's also the second most requested item this week. Enough said...Nice to hear that REO has reinjected some rock and roll back into their act. The single sounds just great! As a matter of fact, the same can be said for all our adds this week, including Mr. Zappa, REO, Rolling Stones, Alan Parsons Project, April Wine and Gary U.S. Bonds. How, may I ask, can we go wrong with all this great stuff coming out?...Items we hopefully will have time to get on the radio include: Marshall Crenshaw, Men At Work, Glenn Frey (what's all the fuss about?--sheesh) and Squeeze...In sales, no real surprises: #1 McCartney, #2 Asia, #3 Van Halen, #4 Cheap Trick, and John Cougar selling very nicely at #5...I'm gonna go soak myself in more new vinyl. Have a good week!"

**WKQQ, LEXINGTON, KY ASST. P.D.-DAVE KRUSENKLAUS:** "I've spent the past two weeks of my time in helping put together our annual outdoor extravaganza called 'Blue Ribbon Stakes Day' that we hold each Memorial Day. This year we were able to get 16,700 people to join us in the party. Needless to say, it was a huge success, but we're also a little drained around here right now. I'd like to thank the guys in the band and the management of McGuffey Lane for their appearance and fine performance at this event...Now on to music: I love the REO single. I was expecting 'Keep On Loving You' part 2 and was surprised by the uptempo of the cut. I don't think I've heard an organ solo since the Animals. There's great demo appeal spread all across on this tune...Speaking of the Animals, I agree with the folks at the Sheet--Johansen's 'Animals Medley' is h-o-t and a valuable programming tool for album rock. As I said a couple of weeks ago, I think it's album rock's answer to Stars on 45... Two songs I think will rise above the glut of superstar product: The Monroe's 'What Do All The People Know' is a tasty little number that grows on you like ivy; and I think Glenn Frey's 'I Found Somebody' will be a Top 40 smash and 'Partytown' is a fun number. These two songs I feel are the only bright spots on the Frey record which I feel could've had an increase in its energy level... 'Change' and 'Mr. Wonderful' are the cuts that put the Waite record for me into the very-seriously-considering category. Even though 'Mr. Wonderful' is not being 'tipped' too much, I feel it sort of breaks the Babys mold a little bit and it is a good showcase for Neil Geraldo's guitar talents...The Gary U.S. Bonds was a real novelty favorite for me last year. It was a sound we hadn't heard in a while. That basic formula is back on the new record, so my excitement level for it is down. 'Love's On The Line' is an outstanding song, and in high unemployment areas, the tune 'Out Of Work' is especially topical...Top sales: Paul McCartney, Asia, Toto, John Cougar, and Van Halen. By the way, several of my retailers are telling me that since we added 'Little Guitars' they've seen an increased interest level in the Van Halen album...I perceive a change in direction on the Kansas record and I like it. The first side for me is especially strong. Encouraging first week sales on the Kansas and the Heart records."

**KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES:** "You stare at 10--Count 'em 10--things you know need to be on the air; then you stare into space and you finally realize that old flow sheets ain't sacred. So, you drop a couple of oldies and make room for valid product that would otherwise be left in the considering box. Or, I could put all the titles in a hat and draw names to see who got the play. Stones, REO, April Wine -- Lord, cut us a little slack on monster releases, eh?...Good early phones on Steve Miller...Heartheads are happy...And the spaceola granola can't believe hearing Zappa on a whore commercial radio station...C'mon, vacation, I can hear you breathing heavy!"

**KKRQ, IOWA CITY, IA ASST. P.D. & M.D.-TED BURTON JACOBSEN:** "The forthcoming Lp '30 Seconds Over Otho' promises to be a killer. We're on the single 'Stick Together'. This track is already holding our Iowa audience hostage--they can't get enough. With Clarence Clemmons' sax, this one can't lose...Gary U.S. Bonds' 'Out Of Work' is truly a tune for the times if I ever heard one. Early calls on this one already...Alan Parsons is an instant staff fave. They're all h-o-t on 'You're Gonna Get Your Fingers Burned'...Harlequin won't have a hard road ahead of them with the new 12". Yes, Mr. Denonovich, the hook is there...Adds: Rolling Stones 45, REO 45, Hawks 45, Gary U.S. Bonds, Alan Parsons Project, Harlequin 12" and Cold Chisel."

WSYR, SYRACUSE/UTICA, NY M.D.-TOM NAST: "Good to see all this hot new music out for the Summer. My favorite of the week goes to: April Wine, 'Enough Is Enough'--no doubt, one of the hookiest hit songs I've ever heard. I predict #1 on the Song Index in no time...Gary U.S. Bonds has put out a great Lp: Phones developed right off the bat on this one...Glenn Frey is gonna be around all Summer. I know everybody right now is saying 'Partytown' is the cut; and it is, no doubt, a good tune. But I tell you right now, the song on this one is: 'Don't Give Up'...I've always been a big Babys fan and was really pissed when they split up, but John Waite's solo album has filled that Babys gap in my life. The song 'Change' was almost a hit for the group Spider here in Syracuse, and I know it'll be a smash for John Waite...As far as the Stones go, the Stones are the Stones, and what can you say that hasn't been already been said about them?...Now let's talk some serious hot stuff. The Rods Ep is just a sample of what these little monsters have to offer. 'Too Hot To Stop' and 'Violation' belong on any radio station that plays heavy rock and roll. These guys are burning out the phones in Syracuse. One word of warning, though. Don't let your girlfriend ever bend over in front of these guys...94Rock presented a Memorial Day Weekend 3-day outdoor concert. Over 10,000 people showed up to see: Steppenwolf, Duke Jupiter, The Rods, and various other bands. But let me tell you who headlined this 3-day show. It was Benny Mardones. Benny is back and as good as ever. He played nearly three hours to a crowd that he put into an absolute frenzy. You've all heard me scream and yell about all sorts of things concerning Benny. Let me just tell you an incident that happened. A somewhat mentally handicapped girl called the station when Benny was on the air with me doing an interview. She was kind of upset 'cause she couldn't go see the show, and you could tell she was crying. Well, Benny got on the phone with her and personally arranged for her to go to and from the show in the limousine with him. She was on stage with him, met the band, and was just treated like a queen all night. Not too many people in rock and roll would take the time to do anything like this. I'm just really glad that Benny's one of my best friends...It was great to run those Beatles songs on Memorial Day Weekend as well. We scooped the competition on it, since they were the station that was supposed to have 'em. Yuk, yuk, yuk."

WMJQ, ROCHESTER, NY M.D.-ROBERTA HABER: "Greg Copeland is the most important artist to debut in 1982. Those of you who know my Great Obsession will think I say that because Greg was discovered and produced by Jackson Browne. Well, that helps. But even if Greg's mentor was Wayne Newton, this album would still be marvelous. It's the kind of music that tends to creep slowly from your ears to your brain to your soul, where it takes up permanent residence. It's powerful, passionate, lovely, political, cynical, optimistic, intelligent--all the things that great music should be. This is a lyric album, with Jackson's production designed to complement not to overwhelm. Radio will probably concentrate on: 'Used' and 'Full Cleveland'. But do your ears to a favor and roll the whole thing...On to Gary U.S. Bonds. Springsteen-starved beserko's like me are going to love any album with seven Bruce tunes, especially the legendary 'Rendezvous', on legal vinyl at last. Listening to this Lp gives you the distinct impression that Gary has become Bruce's alter ego, embodying that part of Springsteen that always wanted to be Otis Redding. All that aside, this is a terrific record. Bonds sings with all the power and passion of a man who has paid his Dues. And if he's gotten attention these past few years because of who his friends are, let's just say it was long overdue. My picks to click are: 'Love's On The Line', 'Rendezvous', 'Angelyne', and 'Soul Deep' (a song for everyone who mourns the passing of the Motown era)...I don't really know what to say about Blondie, except that it's adventurous and interesting. You have to admire their willingness to take a chance with each album. 'Danceway' and 'War Child' sound like the two radio songs...Alan Parsons Project's 'Eye In The Sky' is the perfect followup to 'Turn Of The Friendly Card'. Parsons keeps the cosmic debris to a minimum. I'm kind of partial to the title cut...I haven't been able to spend much time with the new Glenn Frey album, but I can tell you now that 'Partytown' has been pulling excellent phones. People don't seem to know who Glenn Frey is, but they love the tune. They think it sounds like Bob Seger...The other phone grabber this week is: The new REO Speedwagon single. All the tricks of the trade that REO learned over the years are packaged neatly in 3 minutes 50 seconds worth of hit single...And finally, it was a great shock to hear of Chrysalis's dismissal of Al Tvanmo. If anyone needs an intelligent, conscientious promotion director, Tvanmo is your guy."

WAAF, WORCESTER, MA M.D.-ROB BARNETT: "The Sampler Cassette is great. Bill's radio demon emerges with tight segues to boot...Lots of balance to this week's new adds. For heavy metal, I think the Rods' two-cut sampler is some of the best, well-produced stuff to come out all year. Leaps and bounds beyond the lackluster of their first album. 'Violation' has got the anthem-like attitude to make it stick. No truth to early rumors that Bone will get his pecker painted pink to get an add on this one...The Gary U.S. Bonds single is Al Tvanmo's favorite new tune. He's a good man looking for a good job...I'm writing this early, early in the morning, and I'm jolted by 'Cool Magic' on the Sampler Cassette...Glenn Frey's 'Partytown' looks like an easy album rock Summer hit...Relief also with Parsons' new album. Several standouts-like: 'Children Of The Moon', 'Step By Step'; and, we're starting with 'You're Gonna Get Your Fingers Burned'. Great packaging, as well...Also added: REO Snorewagon...Opened up the Rolling Stones live record...Saw the 'Rocky III' film which put 'Eye Of The Tiger' to good use with lots of exposure. We've upped that cut to heavy rotation...Motels are doing fine. We're engaged in another infamous WAAF sleaze promotion. It's with an area Motel. Details, results, and jail sentences forthcoming...Continued support and confidence for A Flock Of Seagulls. Jocks love it. And although, at one week, we haven't been on the record long enough to give legit stats, I'm convinced that adding it isn't a left-field shot at all. They play Boston tonight...Also, the Rainbow/Scorpions tour is heading this way...Looking forward to Pete Townshend's album...That's it for now."

WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB: "The new Alan Parsons Project will be the creamsicle of the Summer. It's light, refreshing, and a real treat. We're playing the title song for starters...April Wine satisfies even those who can't ever seem to get enough. 'Enough Is Enough' reinforces their hold on superstardom...If you want females, play Squeeze! 'Black Coffee In Bed' is a smash...The Gary U.S. Bonds is a work of art, with or without the Boss. Bruce is my here, but Gary U.S. Bonds can and should stand on his own!...REO Speedwagon ties Survivor for the most calls on an all-request weekend. Now that 'Rocky III' is out, the 'Eye Of The Tiger' is really gaining momentum...38 Special maintains control of #1 sales this week...Good initial retail on: 707 and Marshall Crenshaw...Bow-Wow-Wow's 'I Want Candy' is getting a lot of response on our morning show. Paul says he gets a lot of calls for it...In the 'if-they-don't-get-the-Lp's-out-soon-I'm-gonna-scream' department: Survivor, Genesis, Steve Miller, and April Wine...Far be it from me to try and figure out the politics involved, but I know a good promotion rep when I see one. I also know honesty and respect in a friend, and if you need someone who goes beyond the basics, get in touch with Al Tvanmo. He'll add life and spunk to any label. Area code 301-530-5887...Finally, it is my pleasure to announce WRXL's association with Jeff Pollack Communications, effective July 1st. Following the purchase of WRXL by Capitol Broadcasting, finalized this past January, life in Richmond has been a rapid climb into the 20th Century. I'm looking forward to working with Jeff in the near future! Watch out, we're now in the 80's and ready for anything!!!!"

**WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN:** "I think we broke the all-time WYSP record for adds this week. Eight of them all together, including the obvious ones like: Rolling Stones, Pete Townshend, REO Speedwagon, April Wine, and Glenn Frey. There were also a couple of slightly off-the-wall, but nonetheless deserving records: Men At Work and Haircut One Hundred. If you need a little bit of flavor in amongst all the formula, you know what I mean...We're also considering for next week: Gary U.S. Bonds, which I feel is every bit as strong as 'Dedication'; and, Nazareth...Hey, let's not drop the ball on The Monroes. Now that the weather is getting better, time has come for all you folks who have been dragging your feet to finally wake up and give this record a shot...At home I'm listening to: Missing Persons 12", particularly 'Words'. Looking forward to their album, which should be out soon...Still captivated by: Marshall Crenshaw and John Waite...Looking forward to working with Al Tvanmo as soon as possible. He's definitely the person for the next regional or national job that opens up...Glad to see Bonnie Simmons back in action...Couldn't make the Bowl-a-thon, but had a real nice lunch with Jon Scott, who was still wearing his bowling shirt; and, I'm looking forward to winning the trivia contest...Congratulations to: Lisa Richards on her appointment as M.D. at WMMR...Thanks to: Arista's Mikal Mix for a great Italian dinner and for actually passing on some records to me that aren't on Arista...Brilliant jock at large: Steve Clean."

**KRQR, SAN FRANCISCO, CA M.D.-JON RUSSELL:** "The Birch is in and we are up, Thank GOD! Totally! Fer sure!"

**WPYX, ALBANY, NY M.D.-RON NENNI:** "'On The Line' is the perfect collaboration of Gary U.S. Bonds and Bruce Springsteen. The tunes are Bruce at his best, and Gary delivers them with class, conviction, and the voice of a veteran rock and roller. 'On The Line' is on the money. It's difficult to zero in on favorite cuts other than the single, but the power cuts seem to be: 'Angelyne', which is reminiscent of 'Sherrie Darling'; 'Love's On The Line'; and, 'Rendezvous', which is a good song but I prefer Greg Kihn's rendition...Talk about a band that's ready to explode into a multi-platinum act, it's April Wine. 'Enough Is Enough' is the best song they've done. And I knew somebody, sooner or later, had to include the old high school phrase 'If You See Kay'. Gee, do you think that'll get phones?... REO Speedwagon's 'Keep The Fire Burnin' upholds their rock and roll roots, and we're glad of that. Now, c'mon, weren't you cringing with anticipation that the single would be a follow-up to 'Keep On Loving You'?...The Alan Parsons Project album is a little slicker than most of us expected, but, damn, talk about tasty. A personal favorite is: 'Psychobabble'. When we have room, we'll play that cut...Bill, you were right. The mo-fo cut on Glenn Frey is 'Partytown'. It's 'All Night Long' Part 2... 'Abracadabra' is getting fantastic phones. And from what I hear, much of the new material on the new Steve Miller album is delightful...Survivor's 'Eye Of The Tiger' is the new big request item of the week. I mean, they love this song--and the movie hasn't even opened yet...I think the John Waite album deserves attention. 'Change' and 'Temptation' are considerations for next week...Speaking of which, Al Tvanmo, out of work, huh. Hope you get back into it soon, Al. He's always treated us very well... Good phones on: Axe and Sherbs...And, by golly, keep those FMQB Samplers coming our way...A couple of other songs I've been listening to include: The new Nazareth. It certainly has a better hook than 'Hair Of The Dog'...We're keeping faith with A Flock Of Seagulls and Bow-Wow-Wow...Lastly, 15,000 rockers showed up for our free concert this past weekend at the Sarasota Performing Arts Center, including: Duke Jupiter, Karla DeVito, and Michael Smotherman...What do Don King and Debbie Harry have in common?"

**WCME, ROCHESTER, NY M.D.-DAVE KANE:** "Well, WCME wrapped World Tour Month with a free outdoor concert on Memorial Monday, featuring Duke Jupiter and local band Buxx. We were only expecting about 2,500 people--so imagine our surprise when 30,000 folks jammed the area. I mean, gag me with a spoon. Actually, all went very well, with very few minor incidents (which ain't bad with that many people)... Last weekend, I spend many hours listening to the newest vinyl from Alan Parsons Project and Jon Anderson. On the Parsons Lp, I really go for: 'Psychobabble' and 'Eye In The Sky'...As far as the Jon Anderson is concerned, even if you don't play it on the radio, you will love this album to death, especially: 'Olympia', 'Surrender', and 'All In A Matter Of Time'...Just got the new one from Roxy Music, and it should fare a lot better than its predecessors. Bryan Ferry's singing and Phil Manzanera's guitar work sound really fresh. You should key in on: 'More Than This' and 'To Turn You On'...Last and certainly not least, the Rods are back with album #2. They're hot to trot and 'too hot to stop'. This is metal to play for mothers and daughters on prom night. Arrrrgh!...Conversion adds this week for: Kansas and 707...Other adds at WCME are predictable, namely: The new singles from REO Speedwagon and the Rolling Stones...We're also playing the Pete Townshend import, including a song on the slip side called 'Man Watching' which will not be on the album. Real good stuff. I can't wait for the Lp. Thanks to: Paul Yeskel for the telephone preview...Unfortunately, that's all we have room for. But next week, there should be space for all the great product out there, so I hope all the record people reading this will refrain from clubbing me to death with their respective albums...Sales Story: Kansas and Heart debut Top 10; everything else selling more or less the same...Heavy rotation in the car for: The FMQB Cassette #2. A fine selection all around. Keep 'em coming...Ta-ta for now!"

**WWCK, FLINT, MI P.D./M.D.-MARK MILLER:** "About four years ago, when Canadian rock and roll acts were thought of as little more than glorified bar bands, we took a chance on a band called April Wine. Their 'First Glance' album shot straight to #1 within a couple of weeks and stayed there for months. Now, as we approach the release of their latest record 'Power Play', it becomes obvious that the same skyrocket ride up the charts is imminent, only this time on a national scale. Their last album only set the stage. 'Power Play', I think, will really bring it all home. If there were any doubts about this band or Canadian rock in general, let those doubts forever be put to rest."

**WTUE, FLINT, MI P.D./M.D.-MARK MILLER:** "If a record company releases an album by an unknown artist from now till the end of July, they've got to be crazy. I'd say about half of our current rotation right now is stuff that's been out for less than three weeks, and they're all superstars--as you all know. But all of them are real good. The standout is definitely the REO Speedwagon tune. Wouldn't be surprised if it was #1 on the Song Index next week...Besides REO, we've also added: April Wine, Rolling Stones, Alan Parsons Project, Glenn Frey, and Cheap Trick...Glenn Frey's album is probably the best of those three, although there's a lot of creamy stuff on it...Alan Parsons Project has two standout tracks: 'Step By Step', which is the one we're on; and, 'You're Gonna Get Your Fingers Burned'...On Cheap Trick, we decided to go with: 'She's Tight'. I can't believe that Robin Zander still has a voice. Rick Nielsen insists on writing songs that he has to scream--but he does a good job at it...The Motels continue to move up in sales, which we're all happy about. Now #15... 38 Special debuts in the Top 10 this week...Asia and Van Halen hold down #1 and #2...John Cougar, Heart, and Kansas all make healthy jumps this week."

**WHCN, HARTFORD, CT M.D.-BOB BITTENS:** "Good evening. This is the CBS Evening News, Dan Rather reporting live from Radioland, USA. This sleepy little town in the shadow of Mt. St. Record Company was finally returning to a state of normalcy, after being nearly buried last Fall following a major eruption of that volatile mountain next door. Today, things are far from normal in Radioland. Mt. St. Record Company has erupted again virtually burying this town under tons of vinyl. More on this tragedy later in the newscast."

RADIO ACTION CONTINUED

WOMF, LOUISVILLE, KY M.D.-DUKE MEYER: "Adds: Cheap Trick, Genesis 12", REO Speedwagon single, Glenn Frey, and Rolling Stones single...Man is that Glenn Frey album good! It's a little more laid back than I expected, but it's constantly keeping me company as I work around my cage. 'Partytown' is a great Summer anthem...No matter what my personal feelings were on the Cheap Trick, I knew we would have to deal with it, and we added 'She's Tight' this week...Very close to the John Waite album. To be honest, I didn't hear it the first couple of times, but now 'Mr. Wonderful' sounds real good, and 'Desperate Love' also sounds good to me...My newest pet project is: Alan Parsons Project. It's so nice to listen to. 'You're Gonna Get Your Fingers Burned' is the obvious starter cut, but the traditional Parsons' tracks make the album for me."

WKZL, WINSTON-SALEM/GREENSBORO, NC M.D.-CHUCK HOLLOWAY: "Where were all these superstar releases a couple of months ago? Now comes the deluge. No wonder the record folks were so anxious to get their product added the last couple of weeks. We're up to our ears in new mega releases, so here we go... Adds: Survivor, Steve Miller, Alan Parsons Project, April Wine 12", Genesis 12", REO Speedwagon single, and Rolling Stones single...Increased Play: Heart and Queen...Looking at: Nazareth and the Monroes for next week...So whose idea was it to segue all the songs on the FMQB Sampler #2? That means I can cheat and run a music sensor to the next track. Also it makes it hard as hell to go back and relisten to a specific track...Favorite new song of the week: Alan Parsons Project, 'Psychobabble'...I'm delighted to hear that George Thorogood And The Destroyers have signed a big league deal. EMI's gain... By the way, congrats to: Terry Lawson on his move to Hotlanta for EMI; and to: Butch Waugh, 'a fine human being' on being named Capitol Promo Man Of The Year."

WBRU, PROVIDENCE, RI M.D.-DAVID FILIPOV: "I agree, Glenn Frey's 'Partytown' is a fine Summer record... Gary U.S. Bond's comeback is no longer a question. This record is bona fide stuff, especially 'Soul Deep', Springsteen or no Springsteen...I'm really excited about the new Roxy Music. 'More Than This' did real well when we were playing the import. Could be very successful. Their first album without a sexy female on the cover...It's not often that listening to a live album is like an actual trip to the show--the Kinks 'One For The Road' is a good example. Well, David Johansen's 'Live It Up' is one of those records that falls in that largely unexplored vein of live records that are as good as the actual show. The Animals medley is the highlight, but the whole thing is pretty damn good."

WAQX, SYRACUSE, NY P.D./M.D.-ED LEVINE: "I don't think I can ever remember one week when so many majors came out and there was so much quality product among them. If I were to give detailed critiques of each record, Bill would have to add a few more pages to the Sheet. So let me just say that we're all very pleased with the new Rolling Stones, REO Speedwagon, April Wine, and Survivor 45's. Fill in the proper adjectives...Alan Parsons, to me, is his deepest album ever. We're gonna go with: 'You're Gonna Get Your Fingers Burned' initially, 'Psychobabble' right behind, and the title tune right behind that...Gary U.S. Bonds is another album that I can easily see going 3 or 4 cuts deep. We're starting with: 'Hold On'. However, the single also has merit, and we're gonna keep a close eye on that one... For us, the Glenn Frey cut to play is obviously: 'Partytown'. On top of the lyrics, the guys writes great liner notes...I don't know how many 'Valley Girls' we have in Syracuse, but we do have a lot of J.A.P.S. at Syracuse University, so I think the record will strike a responsive chord among some listeners...We're using the title song from the Riot album. As Billy Arnel knows, we've been a believer in the band since 'Road Racing', and I think this one will be the album to bring them to the status of say a Judas Priest...And last, but certainly not least, is our left-field pick: Marshall Crenshaw. It's a good feeling sometimes to put a record on that you, personally, honestly believe in. The Crenshaw fits into that category. We're using: 'Someday', but like so many of the other albums I've talked about, this one has 3 or 4 very strong cuts on it...Lest I forget another week, I would like to congratulate the boss himself, Kevin Sutter, in his move to IRS. To say he's going to be a tough act to follow would be a major understatement...Congratulations, again, are in order to: John Sykes at MTV. Just think, Sykes, three years ago you were nothing but a flunky at AER...While on the subject of congratulations, Mr. Matela at WZIR has produced his biggest add yet. Congratulations to: Bobbie and Dino on the birth of Allison. You're next, Utz."

KZAP, SACRAMENTO, CA M.D.-BOB KELLER: "Well, I'd just like to say once again, folks, that 'Valley Girl' is definitely the #1 request item 5 to 1 around KZAP...The #1 retail record in town is: The KZAP Hometown album, which has sold 3,000 copies in five days in the city of Sacramento...Also, I'd like to say that we're taking two bus loads of KZAP listeners to Northern California's premier rock and roll concert which is called 'Mountain Air '82', a large outdoor festival. This year it features Quarterflash, Loverboy, and Foreigner...Our TV show 'Capital Rock', which is a locally produced TV show featuring local bands and national acts as well, hosted by KZAP disc jockeys, has been renewed for another 13 weeks."

WLIR, LONG ISLAND, NY M.D.-RAY WHITE: "I'd like to welcome Nancy Abramson as my full-time assistant. Nancy knows her shit, and she should be able to help you all when I'm on the air...Sitting at the top of our airplay heap is: Frank Zappa and daughter, Moon...Steve Miller's 'Abracadabra' is DeBella's Screamer this week...If Gary U.S. Bonds' 'Out Of Work' isn't The Summer song of '82, then I give up. For the first time, Springsteen and Miami Steve have their production chops down, choosing to stand in the wings and let Gary shine...We've been waiting on the Genesis live import for a week or so now, and I gotta say that it's a shame more live Lp's don't sound this good. I guess if everybody toured their asses off for 12 years or so, maybe they'd make a brilliant live record too...Requests: Monroes, Axe, and Sparks are drawing a fair amount...As the back of Billy Cobham's record suggests, his players are not from a jazz background. So before you chuck it, listen to the damn record. It's hot. If you're playing the Dregs, you have no excuse for avoiding Billy's 'Glass Menagerie'."

WIOT, TOLEDO, OH M.D.-BUCK McWILLIAMS: "Nine adds this week. Don't you dare call us 'musically depressed'...I've got to join the verbal bandwagon and say that Frank Zappa's 'Valley Girl' is one of the funniest and most requested songs we have. Phones were as instant as Carnation Breakfast...The Alan Parsons Project is such a finely crafted album, it puts the class back in radio. 'Fingers Burned' is the track...Glenn Frey should be a smash. Due to the crossover nature of the tunes, there's literally something for everybody...The extremely helpful FMQB Cassette has reaffirmed my opinion on three Lp's: Gary U.S. Bonds, April Wine, and Steve Miller--all outstanding...I like what I hear from the Clocks...And in the fine tradition of fume-sniffing metalhead trash rock, the Rods have scored again... REO Speedwagon and the Rolling Stones capture the phones."

WDEK, DEKALB, IL M.D.-BRIAN LEONARD: "Adds: Gary U.S. Bonds, Glenn Frey, Alan Parsons Project, Billy Cobham, Crusaders, Bobby McFerrin, Hound Dog Taylor, Rolling Stones single, and Steve Miller single... Take a seasoned pro with one of the best backing bands in existence, place as a front man the soulful singer who's been around, and you have a great follow-up album from Gary U.S. Bonds. 'Rendezvous' has been worked and re-worked, but Bruce makes it as if it were Gary's own creation. A lot to choose from on this Lp...Glenn Frey has departed the Eagles and is not looking back. The changeover is subtle, but noticeable enough for him to make his own mark in music...And, I also enjoy the snot out of the Stones single...This Week's Hots: Pat Metheny, Haircut One Hundred, Paul McCartney, Motels, Marshall Crenshaw, Dave Edmunds, Asia, John Cougar, Queen, Toto, Elton John, Ry Cooder, Jethro Tull, Greg Kihn, Cheap Trick, and Squeeze."

**WHFS, BETHESDA, MD P.D./M.D.-DAVID EINSTEIN:** "Sorry to see good friend Al Twanmo leave his position after so many years of good service. Looking forward to working with Al again. Need a heavy hitter? Call Al: (301) 530-5887...We now know where the new Roxy Music LP is (see last week's comments). With no girls on the cover, Max Factor just dropped two points. The new cover is great. Talk about music? It's Roxy--that says it all...Now about the Adrian Belew...Duran Duran doing very well with 'Hungry' and 'Rio'...Hats off to Debbie Harry and Blondie for continually experimenting with different musical forms. In this world of formula-ear programmers, it's nice to know listeners can at least 'go for it' on their turntables. Check out: 'Hunter Gets Captured By The Game' and 'Orchid Club'."

**KTIM, SAN RAFAEL, CA M.D.-TRISH ROBBINS:** "Memorial Day Weekend offers multitudes of music for Bay Area fans. I lucked into tickets to the U.C. Berkeley Jazz Festival. A classy event top to bottom, three days long. Held outdoors at the Greek Theatre, the setting is fantastic. I experienced much excellent music, but the one thing that really got me off was hearing the legendary Dizzy Gillespie playing 'Night In Tunisia' with the Ray Barretto Band. It was like hearing Elvis Presley doing 'Hound Dog' or the Beatles singing 'Sgt. Pepper' or Elton John doing one of his classics. It was transcendence. Glad to see packed houses at all the shows. Jazz is alive, well, and with our help, growing."

**WQBK, ALBANY, NY M.D.-LIN BREHMER:** "Whether or not new music bands acknowledge the debt, the influence of Roxy Music on the sounds of today's rock and roll is considerable. And after all these years with only modest success in the U.S., Roxy Music seems to be on the verge of something greater. 'Avalon' combines a keen sense of rhythm with an ethereal power that can't miss on the radio. 'The Space Between' is one of the best songs I've heard this year...For the third week in a row, Squeeze, Marshall Crenshaw, and The Clash are our 3 most played records...Bonnie Riatt's 'Green Light' (the album that never dies) is a close #4 in airplay. 'River Of Tears' and 'I Can't Help Myself' are my current favorites...The new Gary U.S. Bonds sounds even stronger than his previous release. 'Out Of Work' and 'Love's On The Line' are both great rock and roll tunes...I've never been a big April Wine fan, but I have to admit 'Enough Is Enough' has more hooks than a jitterbug...We're playing import music these days from both Pete Townshend and Genesis to enormous phone response...How about getting Tom Verlaine to do a showcase at the New Music Seminar? I know I'd enjoy it..."

**CO-M.D.-ELLEN MCKINNON:** "Personal to Tom Starr: Hey, hosehead, it was me who challenged you to a softball game. It's no accident that Lin plays left field. He's out in it most of the time. Tom, if you want a Flamingo game, talk to me. Hurry up, our schedule is filling up fast. This coming Saturday night, we meet the Benchwarmers of PYX106 in the closest thing Albany has to a stadium, Bleeker Field...I'm still hot on the stuff it looks like most everyone else is just coming around to like: Bow-Wow-Wow; Kim Wilde; 'Cat People' Soundtrack; and, Haircut One Hundred...The Mike Oldfield 'Family Man' is a killer cut...And so is the new Stones."

**WWWL, MIAMI, FL M.D.-STEVE HUNTINGTON:** "The 'Beatles At The Beeb' gave us some tremendous publicity. The Miami News ran a top of the front page story on it, and the Miami Herald had good articles both before and after the show...There's not a shortage of hot new albums now. Glenn Frey, Alan Parsons Project, and Chicago are three more out-of-the-boxers for us...This week's example of how fucked up radio is: 'Couldn't Love You More' by Martin, Collins, and Clapton. This one is so good it could win a Grammy (if there was any justice), but it has yet to be embraced by any format other than ours. Too bad about yours."

**WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR:** "Amid all the presumptions posturing that a lot of other bands seem to be into these days, the Rolling Stones again unleash a record that says it's only rock and roll and they obviously love it. So do we. What a joy raw and raucous rock and roll can still be!...Distressed to see so many programmers ignoring the best cut on the Frankie Miller in order to use ones that sound most like the rest of their air fare. Even the rockers can appreciate a lighter tune when it's as great as 'To Dream The Dream'. That is the cut...I'm also surprised not to see more support of 'Calling All Girls' on the Queen. That tune has a hypnotic quality that seems to translate well along all audience segments...And while we're on the subject, even though we like 'You Got Nothing I Want' from Cold Chisel, we're finding that 'Forever Now' is the one that's getting immediate phones...On the other side of the coin, if anybody told me after Riot's last record that I'd be anxious to play this one, I'd have recommended that they take a long walk on a short pier--but here I am three cuts deep and crazy about it. It has just the hard edge we needed. The new singer obviously helps, but it sounds as though he's been giving some pretty righteous music lessons to the rest of the band, too."

**KNAC, LONG BEACH, CA M.D.-JIMMY CHRISTOPHER:** "Roxy Music has a wonderful album. They've lightened their sound from the beginning days when they came out, back in the early 70's. It's real easy to listen to, and it has a great cover on it. It's called 'Avalon', and we're four cuts deep on it. I think it's gonna do well as far as older female demos. Like I say, we've had pretty hot response on 'The Main Thing' and a few other cuts that we're playing...Altered Images is a great import. Hopefully, Epic will take it up domestically in the next few weeks. They do a nice version of the Neil Diamond song, 'Song Sung Blue'. We're playing that, as well as: 'See Those Eyes'...Stevie Wonder and the double-album compilation of his greatest hits has a couple of new songs, one of which you should look into called 'The Front Line'. It's about the Vietnam War. 'Front Line' is, of course, the war front line...Adam Ant is a solo now. He has a good single called 'Goody Two-Shoes'...Rolling Stones, of course, was delivered by Rock Allen Dibble. 'Going To A Go-Go' from their live album which will be out next week is the cut...We have KNAC Hoolihan's Dodger Night coming up against the Braves on Monday the 7th. We're taking a couple of buses of listeners to that, and we're looking forward to it. Go Dodgers, and Go Lakers in six!...To Joel Webber and his comments last week: The other station, I know, is playing Bow-Wow-Wow, but so is KNAC. We've played it from the beginning, as well. We're definitely responsible for part of that 15,000 units that you mentioned. Other than that, I agree with you on what you said about John Sebastian...Also a comment about Rupert Hine. I believe it's domestic on A&M and is called 'Waving Not Drowning'. We added it two weeks ago, and we're having real good success with 'The Set-Up', 'Innocence', and 'Paradise'."

**KILO, COLORADO SPRINGS, CO M.D.-ART PHILLIPS:** "Fer sure, fer sure. We've got Valley girls even in Colorado. 'Barf me out' is destined to become the Summer slang slogan, possibly surpassing Bob & Doug for laughs and grins. Awesome phones for Moon and her daddy. Now bag those toenails, Hard... As Black music slowly infiltrates album radio playlists, the world's greatest rock and roll band releases the old Smokey Robinson classic just in time for Summer. From the subtle lyric changes to the irresistible dance beat, 'Go-Go' will cross over many formats...The Alan Parsons Project package adds a nice touch to the current barrage of great music on the streets. 'Fingers Burned' is the lead track, but the immediate phone action is coming from the title cut. Using several different vocalists was a wise move for Parsons...Yes, it's true. Gary U.S. Bonds does appear on the Gary U.S. Bonds album. 'Out Of Work' is the nicest gift Bruce has given out since Southside Johnny got 'The Fever'. We're banging the single, with 'Hold On' our choice for secondary cuts...Glenn Frey's 'Partytown' is a natural...I understand if you play the new REO Speedwagon single backward, it's exactly the same as when played forward...Kim Wilde's 'Kids' is proving itself and clearly deserves a shot. After a few spins on the air, this will probably become another hot request item."

KBLE, DES MOINES, IA P.D.-RON SORENSON: "It was a good week for those of us targeting upper demos... The Alan Parsons Project is right up our slightly aged alley. Though 'Fingers Burned' will probably get the bulk of album radio play, my money is on: 'Old And Wise' with Colin Blumstone, the title track, and 'Children Of The Moon'...Roxy Music has come back with the same mood as 'Flesh And Blood'. Although the material doesn't seem quite as consistent, there are several outstanding selections. 'Take A Chance With Me', 'More Than This', and 'Turn You On' lead for us...The Gary U.S. Bonds album is every bit as good as the last. With the Boss and the E Streeters all over this one, too, EMI should get ready to go to the bank. The Reaganomically 'Out Of Work' is out front, with 'All I Need', 'Hold On', and 'Club Soul City' in hot pursuit...Other Raves This Week: Greg Copeland, a talented new singer/songwriter; and, Glenn Frey with an excellent effort on his debut solo flight...Only a half-rave for Blondie's 'Hunter'. The performance is good, but the material suffers somewhat in comparison to earlier albums...Congrats to: Bruce Lundvall for a second fine release on the Musicians label. From that release, Billy Cobham's 'Glass Managerie' should be of interest to album rock radio. It's fusion with an edge, and it would certainly work in an album context...Adds: Alan Parsons Project, Gary U.S. Bonds, Blondie, Roxy Music, Glenn Frey, Greg Copeland, David Sanchez, Billy Cobham, Thomas Dolby, Duran Duran Ep, Nazareth 12", and REO Speedwagon 45."

WWCT, PEORIA, IL P.D.-RICK PETERSON: "There's a lot of great music around these days. Trying to find room for it all is tough...Our adds this week include: REO Speedwagon, Rolling Stones, April Wine, Alan Parsons Project, Nazareth, Glenn Frey, John Waite, Gary U.S. Bonds, Jon Anderson, The Clash, and RPM...Krokus 'Long Stick Goes Boom' continues to draw incredible phone response...'Ball And Chain' from Elton John is also receiving very positive reaction...As far as local sales go: Kansas, Heart, and Asia lead...A couple of albums we're considering: Men At Work and The Rods."

WWV, CHARLOTTESVILLE, VA P.D.-JAY LOPEZ: "Adds: Gary U.S. Bonds; Rolling Stones single, 'Going To A Go-Go'; Alan Parsons Project; Blondie; Glenn Frey; and, we're converting the 707 Ep into an Lp add... Top local record sales: Paul McCartney, Asia, Rick Springfield, Go Go's, Van Halen, Joan Jett, Stevie Wonder, Human League, and Jethro Tull...Increased sales on: 38 Special, John Cougar, Squeeze, Motels, and Elton John...Honorable mentions for: David Bowie, Charlie Daniels Band, and Dave Edmunds."

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN: "Here it is Tuesday, and 'Out Of Work' is everywhere. I'm glad to see EMI throw the big guns behind the Gary U.S. Bonds single. The whole album is great, and the single, undoubtedly, will do well. Even though Bruce, Miami Steve, and the gang are on the record, they don't swamp, they complement Gary...Thanks to: Jack 'It's a Hit' Dougherty for the tickets to see Bonds at the Club Casino. This first show was a shakedown, but I'm sure the band will be smokin' by the time I catch the Boss's date. I'm looking forward to it...REO Speedwagon will be a hit. Buff said...Best of luck to: Al Twanno. He was one of the troopers who kept in close touch with ROCK 101 with those weekly calls and kept me up to date with what was happening with Chrysalis products. Sorry to see you go. You did a good job. I hope your absence from the scene will be brief... Adds: Rolling Stones and REO Speedwagon."

WKWF, KEY WEST, FL M.D.-BRUCE YOUNGBLOOD: "Adds: Roxy Music, Alan Parsons Project, Blondie, Chicago, Glenn Frey, Sippie Wallace, Hound Dog Taylor, Gary U.S. Bonds, Rolling Stones 45, REO Speedwagon 45, April Wine 45, and Nazareth 45...New Wave Feature: The Cure...Reggae Feature: 'Sunsplash'."

KKDJ, FRESNO, CA M.D.-JEFF RIEDEL: "Adds: Taxxi, Glenn Frey, Gary U.S. Bonds, Riot, Survivor 12", and Rolling Stones 45...Phones are still going bananas for: Frank Zappa's 'Valley Girl'...Saleswise, pretty much the same: Paul McCartney, Van Halen, Asia, Scorpions, Rick Springfield, and Joan Jett... We had reasonable success with the first Taxxi album. We believe that 'Talk Cocktail Queen' is a good, catchy rock and roller that could work anywhere...This Saturday and Sunday is the musical event of the year. It's called Mountain Air. On the bill is: Foreigner, Loverboy, and Quarterflash in the beautiful Gold Rush country in Calaveras County. This is the most enjoyable show of the year for me. We'll tell you next week how it was."

WZZO, BETHLEHEM/ALLENTOWN, PA M.D.-BRUCE BOND: "Out of all the new music flooding from the record companies, I have to rave more than ever for the Monroes, 'What Do All The People Know'. It seems to get better every time I hear it on the radio. The tune is being requested, and it's moving up in sales slowly. Infectious!...Great job on the FMOB Cassette #2. I'm impressed with King Crimson's making it on the tape, and I can't wait for the Steve Miller album. I wish I knew why Capitol released 'Circle Of Love'...By the way, Zappa's 'Valley Girl' was by far #1 in requests and goes to heavy rotation. It's obvious that a tune like 'Valley Girl' works on the phones so well, mainly because it's so different from the Styx/Journey/REO syndrome...I will now contradict myself. new REO Speedwagon singles goes to heavy...The Rolling Stones tune is very good. I find it amazing listening to WMMR and WYSP bickering between the Stones tunes. I guess the ARB will show the real winner...I finally got the 707 album...Glenn Frey is my definite favorite this week. The man is the Eagles...Another tune I absolutely crave for is: Cold Chisel's 'You Got Nothing I Want'...Riot, Taxxi, and Thomas Dolby are very interesting finds...The Allentown Sales Picture: Asia, Loverboy, Paul McCartney, Rick Springfield, and Van Halen...They just don't make 12" sleeves like they used to... Next week (if there's room) it's: Gary U.S. Bonds and Nazareth...By the way, if you've ever wondered, WZZO plays what we say we play. Believe me, Tom and I hate paper adds as much as God hates them. It's stupid, ridiculous, and makes zero sense. In fact, 'barf me out'. It's really grody!"

WXUS, LAFAYETTE, IN M.D.-BOB MAJERSKY: "Adds: Gary U.S. Bonds, John Waite, Alan Parsons Project, Glenn Frey, REO Speedwagon 45, Rolling Stones 45, April Wine 45, and Bow-Wow-Wow...Gary U.S. Bonds, with the invincible Bruce and the E Street Band, has a killer record. We like: 'Love's On The Line' and 'Hold On'...John Waite shows the talent to be a major force on our playlist. Drawing phones on: 'Change'...Alan Parsons Project delivers a fine, accessible album. The first week, we're using 'You're Gonna Get Your Fingers Burned'...Glenn Frey and 'Partytown' is timely and creates good reaction... Also added: Bow-Wow-Wow, 'I Want Candy'; and, singles by: REO Speedwagon, Rolling Stones, and April Wine."

WYMX, AUGUSTA, GA M.D.-MARY PILLINGER: "Out-of-the-box adds on the Rolling Stones, REO, and Alan Parsons...The Stones and REO will live a long and healthy life in a heavy rotation. Looking forward to the albums...The Alan Parsons 'Eye In The Sky' is undeniably a masterpiece. At least five sure-fire strongholds in songs like 'Step By Step', 'Children Of The Moon', 'Fingers Burned', 'Psychobabble', and the title track. I honestly l-o-v-e the entire album. It's my favorite of the past month (along with the new Kansas). The album on the whole is so smooth it floats from Side 1 Cut 1 to Side 2 Cut 5. Album hour phone raves on 'Eye In The Sky' and an A+ from yours truly...A big thanks to Ed and Dave for the successful Van Halen 'Dancing In The Street' party last night. Didn't know Mills and Owens could put away 6 kegs, did ya?...Adds: Stones, REO, Alan Parsons, Jon & Vangelis, Ambrosia, and Men At Work."

**WDHA, NORTH JERSEY, NJ M.D.-BOB LINDER:** "I'm happy to see the ball rolling in my crusade against commercial-free programming. The Chicago based Campbell-Mithun Agency announced that the Kroger Supermarket chain will not place commercials on radio stations promoting commercial free segments. Again, let me urge programmers to use another phrase to avoid knocking commercials--our only means of economic support...WDHA is very excited about the debut of 'Virgin Vinyl' every Monday night at 11PM starting June 7. The show will include outstanding new album and single releases. It will be actively promoted as a very special means of hearing what's available in the stores, and on WDHA. We are discontinuing our nightly album tracking highlights, and while supplies last, we are sending a new pre-recorded cassette courtesy of CBS/Epic/Atlantic/RCA and MCA to over 1,000 listeners who regularly request our monthly program schedule by self-addressed stamped envelope. In the accompanying letters, we have stated our position that most album tracking is simply not good programming, but purchasing pre-recorded cassettes is good support for a favorite band...Lots of adds again this week: Glenn Frey, Blondie, Gary U.S. Bonds, Alan Parsons Project, Frank Zappa, Ambrosia, Chicago, Beatles 'Talk Down Under', and singles by REO, Stones, Nazareth, and April Wine...Glenn Frey's 'Partytown' is going to be one of '82's hottest Summer songs...The Steve Miller Band album is an out-and-out smash comeback of the year...Mark Chernoff: Tremendous response to Zappa's 'Valley Girl', especially in AM drive. Will be his biggest hit to date and listeners want to hear it!...During WDHA's 'Get Into Summer' holiday weekend, I took votes for choice of Summer of '82 song. Top votes: Gary U.S. Bonds' 'Out Of Work'; Toto's 'Rosanna'; and Human League's 'Don't You Want Me'...In new music: REO's 'Keep The Fires Burning' is formula, but should be a Top 5 hit...Good mix on the Stones single...Aside from the major new releases, check out the Monroes Ep, Alliance, and Ambrosia...Moving on to the great recurrent bin in the sky: Police, Franke & The Knockouts, Graham Parker, Gamma, Point Blank, Peter Noone and Kim Wilde...Question to ponder while 'on hold': A tape can be encoded for Dolby or DBX noise reduction. What would happen if both were used?"

**WYFE, ROCKFORD, IL M.D.-THE DOCTOR:** "Wow! Some music has come in to the office! The new Alan Parsons is knocking me over. Now I know why he stays up on his mountaintop to write these songs! The thought process involved has got to be phenomenal! I love the title and we're also going with 'Psychobabble'... Only other add this week is the Stones 45...We're considering A Flock Of Seagulls, April Wine and the Monroes next week...Hot album sales in Rockford: Asia, Van Halen, McCartney, Cheap Trick, and John Cougar See you next week!"

**KEZO, OMAHA, NB P.D.-GREG GILLISPIE:** "Adds this week: Alan Parsons Project, Glenn Frey, and three 45s: REO, Stones, and April Wine...All together that makes ten records in the last two weeks that we've put on the radio and from my conversations today, it looks like the floodgates are not ready to close yet. But, with school out, the kids are going to be ready to rock and they certainly have the cream of the crop to rock with...I think the Alan Parsons album is absolutely magnificent and is the best since 'I Robot'. 'You're Gonna Get Your Fingers Burned' and 'Psychobabble' are the lead tracks -- and sound great on the radio...The Glenn Frey album is almost the best of the Eagles; but, nonetheless, 'Partytown' will be the anthem of the Summer. Like Glenn says, 'Can you say monster'?...The REO single maintains their new prep image they acquired on their last album, yet I think it harkens back to the 'Tune A Fish' album which in my mind is still their best...Not many of the younger people have ever heard the new Stones song, and I rather doubt that any of the upper demos remember the original version, but 'Going To A Go-Go' is a great documentation of last year's biggest event. People will want to hear it...The April Wine single naturally follows the 'Nature Of The Beast'. From all indications, the new album should be bigger than the last...If you haven't yet expanded to a second track on the John Cougar, 'Jack & Diane' is the one to go for. That song is doing more for the record than the current single...With the current economic conditions, Gary U.S. Bonds has got a winner with his new single. That will be a record that will be with us for a good part of the Summer...You might recall a couple of weeks ago, I wasn't real high on the Axe album. Last week on our new music show, the audience thought rather highly of it, giving it mostly 7's, 8's and 9's on a scale of 1-10. Now, if we could just get a little room in there...Finally on Sunday, Z92 and Miller Beer teamed up to bring the first Great Plains Power Drag Boat Races to Omaha's Carter Lake. These boats did virtually what automobile drag racers do, only on the water. Some of the boats reached 150 mph in the quarter mile. Nonetheless the whole day was free and we attracted 25,000 people to the Lake. With success like that, this will certainly become an annual event for Z92. Thanks to everyone involved."

**WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN:** "Adds: Glenn Frey, Gary U.S. Bonds, Alan Parsons Project, Frank Zappa, Stones 45, REO 45, April Wine 45, and re-add for Soft Cell 45...Testing: Men At Work... It's useless and stupid to complain about the new music floodgates that opened this week. After all, we constantly bitch about not having enough good stuff to play. Now I guess our pleas and prayers have been answered! Now everyone gets to sit back and watch us format-conscious folk try to squeeze everything in!...Speaking of Squeeze, 'I Can't Hold On' sounds great on the radio and I can't wait for the Garden shindig June 18th...The Gary U.S. Bonds is everything I could have hoped for and more! As always, his voice perfectly complements Bruce's lyrics and the production is exciting and crisp. All in all, a Summer winner...REO's 'Keep On Loving', I mean 'Keep The Fires Burning', sounds like 'Hi-Fidelity' to me but a hit's a hit...And Survivor's 'Eye Of The Tiger' is one! A bona fide phone getter here. Can't wait for the rest of the album...Thanks for a wild weekend to S.L.I.C. and Walter Wynneck and to Alan Wolmark for coming up with a last minute ticket to Sparks, who lit up the Ritz Friday night...Finally, sorry to hear about Al Twanno, a man who always did a good job in spite of the huge territory he had to cover. I know he'll be back bothering me real soon. Call him at 301-530-5887."

**WTPA, HARRISBURG, PA P.D.-JEFF KAUFMAN:** "Adds: After the holiday, today seems like two Mondays back to work, and we've got about two weeks worth of adds: Rolling Stones, Gary U.S. Bonds, REO, April Wine, Alan Parsons Project, Steve Miller and 707 Lp...Looks like a first for Central PA this Saturday when FM104 broadcasts Kix live from the Metron. There seems to be only a few pockets of Kix fanatics around the country, but they are consistently Top 5 phones here. If you haven't recycled the vinyl into petroleum, check the first Kix Lp, especially 'Yeh Yeh Yeh' and 'The Itch'...It's 3 o'clock and I gotta run!"

**WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ:** "Looking for that perfect Summertime song? Try out 'Partytown' by Glenn Frey. His album is chock full of good sounds. Why didn't they use some of this material on 'The Long Run'?...Being a big Alan Parsons fan, I have eagerly awaited 'Eye In The Sky'. Not quite as sophisticated as the last one, but still it is instantly recognizable as Parsons. Check out the title track and 'Psychobabble'...The Gary U.S. Bonds is also very good. In fact, I think it's better than the last record. 'Out Of Work' is a topical song that is bound to be a hit. And his cover of 'Rendezvous' sounds even better than Greg Kihn...Of other interest, the new Blondie, which is hard to get into, but we're using 'War Child' and the single for the time being...The new John Waite sounds just like the Babys and then some--try 'Change'...The new Riot record has a great cover of the Animals 'When I Was Young'...And just under the wire, live Stones, new REO, and new April Wine. The Stones song was a good pick for Summertime...Good progress this week by Bow-Wow-Wow, A Flock Of Seagulls, John Cougar, and Frankie Miller...We just wrapped up one of the best promotions we ever did at WPDH. We gave away a Honda Nighthawk 750. Here's how it worked: For the past month we have given clues over the air as to the location and time we'd be giving the Nighthawk away. Close to 2,000 people showed up last Friday at the secret location looking for our 'Nighthawks Secret Agent'. The first person to walk up to our secret agent and say 'WPDH plays great rock and roll' won the motorcycle. The turnout was great and so was the level of excitement. It's one of those promotions from which everyone benefits. Till next time!"

CINDY TOLLIN, GLOBAL SATELLITE NETWORK (213-344-5651): "Boy, I need another three days to recover from the three-day weekend. But I'm already getting excited for the Go Go's, and Gary U. S. Bonds, who will be taking calls on the 'ROCKLINE' this Monday night. Keep an ear out for some brand new Go Go's music, and remember you heard it first on 'ROCKLINE'...The Global Satellite Network is also proud to announce our first live-by-satellite concert broadcast which will feature Greg Kihn live from the Village Recorders in Los Angeles on June 18th. Any GSN affiliates who want to send some listeners out for the show, please let me know soon. This is Strollin' Tollin signing off for now, but stayed tuned for more exciting info on upcoming 'ROCKLINE' shows and concerts."

BOB MEYROWITZ AND PETER KAUFF, DIR BORADCASTING (212-371-6850): "We've been telling you to get on THE INSIDE TRACK, and now we're gonna tell you why you were real smart to program this show. Our show of June 21st will feature Lisa Robinson talking to Pete Townshend, the Clash's Mick Jones, and Lou Reed. Over half the show will be devoted to Townshend in his only radio broadcast interview this year. THE INSIDE TRACK has him exclusively; and because of this, we and Atco are planning a big promotion contest and ad campaign. So, if you haven't gotten on THE INSIDE TRACK--now's your chance to have the exclusive on Townshend, plus upcoming shows like an exclusive with the Police and John Lennon's last interview. Says Lisa Robinson of her meeting: 'Pete Townshend arrived at London's St. James Men's Club wearing a suit, vest, and bow tie. Bearded, soft spoken, with a familiar twinkle in his eye, he looked like the Townshend whom I had seen two years ago in a London studio, enthusiastic about his first solo album. A lot has happened these past two years. We'd heard rumors about ill health and emotional problems but here was Pete, ready to talk for the first time about what had happened. Over the next two hours, a thoughtful Townshend talked compellingly to me about his recent problems, his new album, the balance between the Who and his solo career, his plans for touring, his thoughts on rock and roll and its meaning to him, and his hopes for the future. As always, Pete Townshend remains one of rock music's articulate spokesmen--the embodiment of the very best of rock and roll tradition."

JAY GOLDMAN, CLAYTON WEBSTER CORP, (314-726-0906): "For more information on the Rolling Stone Magazine Rock Review, please contact Rolling Stone Magazine Productions...Retrorock this week brings you two concerts from nearly 10,000 miles apart, recorded in the early 70's, featuring John Kay and Steppenwolf, with such classics as 'Magic Carpet Ride', 'Sookie, Sookie', 'The Monster' and 'Born To Be Wild'. And featuring a cut from their new album which should be released about the time Retrorock hits the air, 'Give Me News I Can Use'. Retrorock is proud to present the best of Steppenwolf Live...Rarities this week features one of the first recordings of Kenny Jones and Peter Townshend together, along with Ronnie Lane and Ronnie Woods, performing a rare cut once used in a movie soundtrack. Also this week, Pink Floyd's 'Embryo', an excellent cut to promote their new movie to be breaking soon, along with AC/DC's 'Baby, Please Don't Go', a rare Australian release, and Stevie Winwood and Eric Clapton in a pre-Cream classic...This is the first week of The Sporting News Report with exclusive interviews from Larry Holmes and Jerry Cooney, preceding their June 11th prize fight. Already cleared to air on more than 200 top stations, this feature's crossing all formats from KMYX in St. Louis to WMAQ in Chicago to WNEW in New York. The Sporting News Report is sure to be one of your most exclusive and talked about informational features...All programs are offered on a barter basis from Clayton Webster Corp. For more information please call 314-726-0906."

## Record Action

MICHAEL PLEN, I.R.S. (212-980-6874): "The new Go Go's single 'Vacation', from the album of the same name, will be in every radio station's hands on June 16th. You'll also be serviced with the B side called 'Beatnik Beach'. 'Vacation' is destined to be a #1 single...Out on June 15th will be a 12" by Lords Of The New Church, a great rock band with their roots in Cleveland and Britain. Let me know if you want me to elaborate on this...Also the 'Eraserhead' soundtrack, which is probably the biggest cult movie out there next to 'Rocky Horror'. It's about a couple, Henry and Mary X, who fool around and have a mutant chicken baby, and how the baby leads to their overall mental destruction. It's deeper than that, but you'll have to see the movie. The soundtrack is basically all industrial noises, dialogue, and sparse synthesizers. Could be #1 on the Airplay Index...Please check out our Chelsea album called 'Evacuate'. It contains some solid rock, especially songs like 'Last Drink' and 'War Across The Nation'... Out June 29th, Tom Robinson, 'North By Northwest' with songs he's co-written with Peter Gabriel. There's one song called 'Listen To The Radio' which follows the same vein as 'In The Air Tonight' by Phil Collins and 'Games Without Frontiers' by Peter Gabriel...The Go Go's Lp will be out July 20th...Let's help make Susan Heiss a star! Anybody who'd like to contribute to the 'What's The Price To Be Nice To Heiss' campaign should phone me for a special campaign button. Let's make Sue a cult hero in her own right."

MIKE BONE, ARISTA (212-489-7400): "Holy cow! You mean Tuesday's the first day of the week this week? I don't even have time to track the Alan Parsons Project 'Eye In The Sky' adds, much less get my thoughts together for comments. Needless to say 'Eye In The Sky' and 'Fingers Burned' are the lead tracks off the album. A million thank yous for everyone's out-of-the-box support...Seagulls rule! The Flock of '82 is making everyone gullible. Instant phones and impressive sales (89\*\* Billboard). Not to gild the lily, but this bird show is a great live act. See them on tour with Squeeze... Haircut One Hundred on KLOS and WCOZ. Can you say mainstream? (Hey, Daniels, isn't it time you stood up and said something about Haircut One Hundred or A Flock Of Seagulls?)...The Krokus Miss Southern California Heavy Metal Mama KMET promotion will be history by the time you read this. The promotion was taped for television. Judges included the infamous Sick Mick and Paraquat Kelly's sidekick, Raoul. Krokus starts with Cheap Trick in mid-June then on to the Judas Priest tour in July with the hottest, loudest, horniest, three-piece heavy metal act from Cortland, New York, THE RODS. Yes, yes, the Polaroid camera was on tour in Great Britain, and goodness, those British babes sure look healthy. (Ask Rob Roman). But let's get back to business. The Ep of 'Too Hot To Stop' is in your sweaty hands now. Follow WSYR's and WAAF's lead and ram the Rods into rotation...The Outlaws are on the road again, and will be filming their New York Pier show June 26th for television... 'Homosapien' has two definitions: 1) Member of mankind. 2) The hottest track off the Pete Shelley album. It's interesting to note that most album rock PDs haven't heard this track from one of the hottest imports this year. Pete Shelley, former Buzzcock, has an incredible album out and 'Homosapien' will destroy you."

**RECORD ACTION CONTINUED**

JUDY LIBOW, ATLANTIC (212-484-6063): "I just know I would have bowled my 'usual 300' had it not been for the beer on the floor and the Marquerita's in my stomach, but the Heiss/Tollin/Libow team smoked nonetheless! It was a fun party and a real endurance test. Jon, you are a great host. Thank you!... 'Going To A Go Go' is alive and on the radio everywhere. The album has just been released, not leaked thank you, and truly is the next best thing to being at one of their shows... 'Paperlate' the newest single from Genesis is also on the air coast to coast. Tremendous out-of-the-box on this one. The album will be released on June 10th, (tour to follow)... 'I Predict' took a tremendous jump on the Bill Hard Song Index (53-39) as KLOS, WAQX, and KLOL became the newest believers! Sparks are creating quite a stir on the road as well! Don't you hear it yet??... Strong Stuff: Axe, Sherbs, Jim Carroll, and the newest solo effort from Jon Anderson entitled 'Animation'. Check out 'Olympia' 'All In A Matter Of Time', and the single 'Surrender'. Jon will be embarking on his first solo tour at the end of June... Hot at Fire Island: Glenn Frey--the entire Lp! I can't stop listening to this album. It's got soul, it's got rock and roll! If you're not wailing on this one, shame on you!.. Also, John Waite, Joe Cocker (wait till you hear this one), Kansas, and Marshall Crenshaw... The Summer will continue with Nugent, Helen Schneider, Adrian Belew, Pete Townshend, CSN, Robert Plant, Headpins, Poco, Bad Company, and a lot of grey hair. Actually, it's nice to hear great music again."

ALAN WOLMARK, ATLANTIC (212-484-6017): "Well, it's great to be hot again. Funny how much rosier the world can look... Sparks has taken off, Jon Anderson feels good, and everyone is on the Stones and Genesis, thank you all... Special congrats to Mr. and Mrs. Ron Rizzi on having the wedding of the year. I understand that the 'dancing fool' was there, but I really don't remember. The heavy northeastern sprinkles curtailed the motorcycle rally around the dance floor, but nothing could stop the Nenni-Leeds-Greenburg-Rosenburg-Hopke-Kitay acrobatic act. A splendid time was had by all... Note to Jim Monaghan: 'Tis the season for a block party (a wallet-sized affair, you know), but you know what they say-- Remember the Alamo and the Monaghan massacre!... Heavy rotation at home: Stones live, new Townshend, Genesis live, new Nugent, new CSN, and Joe Cocker... Sorry it sounds like the Atlantic June release schedule, and don't forget the Zappa and the Richard and Linda Thompson."

RICH SCHMIDT, SHAKY CITY (213-907-5189): "The Plimsouls are currently full-tilt in the studio completing tracks for their upcoming album set for a late July release through major distribution. The 12" advance single from the album, 'A Million Miles Away', is currently being played on over 50 album stations nationally. We are looking forward to a Plimsoul Summer."

JIM SELLERS, CHRYSALIS (212-935-8750): "I'll tell you one thing, tough as things are out there, it's easier getting records played than it is to start the Indy 500. Never in my life have I seen all hell break loose like it did Sunday (unless you want to count a musical meeting of the minds of Paul, Daniels, Oedipus, and the Kid from Cleveland). Believe me, this was a #5 and I'm still awestruck by that first run for turn one. Indy radio did a fantastic job of covering the race as they always do... On to the music: We caught ya'll by surprise, didn't we? This John Waite is strong. Cut after cut grabs you by the cuyjones and wrestles you to the ground. It's rock with guts. Your listeners know that voice. Raise hell--kick ass. It's been worth the Waite... And just when you thought it was safe to go back into the studio, Billy Idol comes at you with both channels loaded! 'White Wedding' will get your rocks off. 'Hot In The City' is just perfect for Spring/Summer radio. This is the year Billy breaks on your radio station... Huey Lewis and the News have wound up the first leg of their U.S. blitz. They're off to Europe, but fear not, they'll be back soon. Details forthcoming... Jethro Tull still getting sales and requests. Top 20 sales in many Midwest markets... And a special note about Blondie. This is one of the best trend-setting bands ever. They defy categorization. They played today's music years before it was considered 'modern rock'. So don't waste time deciding 'yea' or 'nay', put it on your station!... Personal to Jeff Pearson: You made Indy a special event, as always. Thanks for your hospitality... Ain't freedom great, Van O! It's close, but it ain't better than sex!.. Until we meet again."

STEVE LEEDS, S.L.I.C. (212-977-5170): "Hey, if you want a custom ID from Moon Unit Zappa, give a shout here and we'll get you a totally awesome custom ID. Remember, everyone has a valley... Astute programmers will pay attention to the seasonal changes. Summertime conjurs up images of the Beach Boys, Springsteen and lots and lots of surf music. The perfect Summertime, top down record for '82 has arrived from Gary U. S. Bonds. With song introductions from Bruce Springsteen, Miami Steve, and the rest of the E Street Band, it's a sure shot... Considering the political climate in England, 'Combat Rock' should hit a responsive chord at the cash register... Marshall Crenshaw is headlining a Northeast club tour. If you still haven't found the right track to program, I'll send you a box of Q-tips right away... Mike Bone: You give good sleezy telephone... And speaking of bones, there's a record that's a real hot dog and you shouldn't miss, Bow-Wow-Wow... My favorite export from down under: The Swingers 'Counting The Beat'... Other vinyl of note: Plimsouls, Taxi, and Alliance... Perseverance in promotion award should go to Alan Wolmark who convinced Ron Rizzi to use an Atlantic record as his wedding song. Independent wedding consultants could be the next big thing... Welcome back Lisa Richards, Irwin Sirota, and won't someone please hire Al Twanmo?"

BETH ROSENGARD, B.R.A.S.H. PROMOTIONS (213-462-4204): "No comments last week because I was still recovering from the outrageous party weekend you've no doubt read about in these pages already. Thanks to Jon Scott for continuing his rocking, rolling, and bowling tradition, and to KLOS whose video game party clinched my decision to buy Intellevision. I've now joined the legions of video game addicts... Among the great sounds heard during that weekend was the excellent Sampler Cassette Bill enclosed in last week's issue. Mayday fans, pay particular attention to 'Revenge', the great lead-off track from their forthcoming album... Other recent musical delights include the wonderful debut record by Bonnie Hayes, coming soon, and Zappa's latest exercise in zaniness 'Valley Girl'... If you're not on the 'Front Line' yet, it's time to take a stand. If you doubt what we've been saying about the positive response to Stevie Wonder, please call Bob Bittens or Lich, Scott Segraves, Rob Roman, Steve Runner, Bob Walton, Bob Majersky, Bill Simmons, or anyone else who's playing Stevie in regular rotation. Please note how fast rotations are climbing at these stations... New and incredibly active: Cheap Trick and Axe. Both records are generating fast phones and sales, so 'if you want my love', please join me at a 'rock and roll party in the street'... 'Don't Look Down' from Point Blank has shipped as the new single, and it's a winner. Note the different edit on the 45 and play either version of this song to stay 'on a roll'... Wendy Waldman continues to convince a few programmers each week that her unique brand of intelligent rock and roll belongs on the airwaves, while the incisive and biting lyrics of Jim Carroll have made more than a few friends. Don't skip a 'heartbeat' while you 'work not play'... Finally, while I'm still punning, are you 'fooling yourself' by not going deeper on Aldo Nova? Don't get trapped in 'fantasy' when there's so much powerful reality on this record."

## RECORD ACTION CONTINUED

**SEAN COAKLEY, ATCO RECORDS (212-484-6400):** "Axe begins their coast to coast tour this week in Florida. The album is on over 100 album rock stations with many reporting immediate response to 'Rock And Roll Party In The Streets'. What a perfect Summer record!...Certainly the best sounding live Stones album to date, don't you think?...The real airdate on Pete Townshend is June 17th. We've managed to get a hold of some import singles from Europe, and if you'd like one, please give us a call... The Sherbs feels very solid--not only is it researching well, but it's also showing some strong sales... A 12" from the Jim Carroll Band is coming soon...Love the Glenn Frey record. It's like finding something valuable that I'd lost years ago. We haven't had that spirit here since 1969. Nice job, Glenn. Now you can go have a drink with Skyboy...I'm in a great mood, as long as the Indians keep winning. Coming this week, Joe Cocker and Adrian Belew."

**BRUCE MOSER, COULD BE WILD (716-885-5200):** "Fifty thousand people can't be wrong! WCMF sponsored a free show over Memorial Day Weekend with Duke Jupiter and an estimated 30,000-50,000 people turned out to toast their hometown favorites. 'I'll Drink To You' is the Summertime smash radio anthem. I suggest that if Coast To Coast released a live version of this, the song could start all over again. Duke Jupiter also kicked off the concert season at the Saratoga Performing Arts Center with 15,000 as well as drawing another 10,000 people to an outdoor show in Syracuse with Benny Mardones...The Rods have already conquered Europe and the States are next. Watch for their album next week. You should already have an advance 12". They will be opening for the Judas Priest tour...Attention record companies: Contact Sandy Pearlman if you want to find out about the next big thing to come out of New York State. The band's name is The Edge from Buffalo, and Sandy is so excited about them that he will probably end up producing the band in addition to co-managing them with me. This band could be huge. So much for talent in upstate New York...RCA is releasing an album from 805, the pride of Central New York...Riot, the pride of Long Island have a great album on Elektra. Watch for them on tour with Rainbow and Scorpions...Last but not least, the biggest movie of the year will be 'E.T.', the new Steven Spielberg film. 'E.T.' also happens to be the title of the new best selling BOC album. What a great tie-in for radio promotions. Contact your CBS rep with ideas."

**JEB BRIEN, CHAMPION ENTERTAINMENT (212-765-8553):** "Kid Creole and the Coconuts' 'I'm A Wonderful Thing' goes to #10 this week on the British pop charts. The Lp is #16. If you want an early tip on the hottest thing in England, it's a band from New York on Sire Records. Kid Creole is wonderful and wonderfun for radio. Make the next big craze an American band! Already top 10 on U. S. rock club charts, American tour starts June 17th with five sold-out shows in LA. Currently on a two-month tour of Europe where they are the biggest thing on the Continent. Lp gold in U.K. in just 5 weeks! Get on it!"

**EDDIE HUMBER, MAKING TRACKS (717-585-2105):** "Better late than not at all. Thanks to Jon Scott for another incredible Bowl-a-thon. It was a real pleasure to finally meet Miss Susan--a real lady...By now you should have a Taxi record in your hands. And, yes, Virginia, Fantasy is again a rock and roll label. Give this record an honest listen, and we're sure it will be on your list...By now, everyone should be playing the Gary U. S. Bonds record. But for those of you who aren't--what's the problem?...Make time for Clocks. 'She Looks A Lot Like You' is a real infectious song, a must for your Summer playlist...Who should be most insulted by Mr. Sebastian's comments. KLOS? or KMET? I'll tell you, I don't know...Kim Wilde is a hit!!!!...Cooking at the Coop: Taxi, Kim Wilde, Clocks, Split Enz, Allies and Gary U. S. Bonds."

**POLYGRAM RECORDS (213-277-1412):** "FMQB Album Report...Issue Dated June 2, 2002...George Meier Editor...Record Action...Fran DeFeo, VP Polygram Rock Department...It was a pleasure seeing everyone at the Jon Scott Wrestling-thon. Especially enjoyed the 'Texas Bull Rope' match between Zachary Miller and Jackson Snead along with the 'Wheelchair Cage' match between Ed Levine and Tommy Nast. Thanks to Marko for the hospitality...If you had a chance to hear LA radio, you undoubtedly noticed the ultra heavy rotation being given to the original 'Jam Sandwich' off the 'Death Wish XII' Soundtrack by Paul Weller. The album is on its way to Uranium sales. Thanks to those playing it; to those not playing it, you're missing the shuttle...Speaking of the shuttle, some lowlights and highlights of my trip back to New York--the low was the fact that they still haven't gotten the restrooms to work--you'd figure that 21 years after the first test flight...The highlight was seeing the dynamic duo from the 1980's, David Lee Roth and Pat Benatar performing in the lounge. The old geezers in first class were really getting into it--taking drugs (remember them?) and screaming 'More Zep, ya fuckers'. It's nice that NASA remembers our heritage by giving our senior citizens something to enjoy. The in-flight music, programmed by Sebastian, Pollack, Hattrik, Abrams and Assoc. was also nice for a change. Anyway, back to the present...The facts speak for themselves. All 275 stations in the Carroll chain go on The Stainze out-of-the-box. The remake of Paul Carrack's song 'Lesson In Love' is Bill's Front Red Page pick this week...On the media front, don't miss our own Patty Donahue on the Merv and Kal Show this Friday at 9PM on an MTV station near you...Hot at the home video unit--the XTC Reunion album."

**DON WASLEY, MCA (213-508-4020):** "From New Zealand comes The Swingers. From The Swingers comes a tasty 12" called 'Counting The Beat'. It lies somewhere between The Human League, Soft Cell and Frank Zappa. It's up, it's fun, it's a perfect Summer record and it's on your desk. Stay well."

# THE SOURCE

NBC Radio's Young Adult Network

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 174 stations. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; 215-667-5118. The following are excerpts from this week's report.

Rumors of the ALLMAN BROTHERS breaking up are definitely not true. Sources close to the band have told the Rock Report that all is well at the Brothers' camp. As a matter of fact, Gregg Allman, the Toler brothers, and David Goldflies just played a small date in Sarasota. Dickey Betts is writing songs in Nashville with Johnny Cobb, and Chuck Leavell is touring with the Stones in Europe. They'll head into the studio for the next Allman Brothers Lp after all of the separate projects are wrapped up.

The Rock Report has heard some of the advance tracks from the forthcoming ROBERT PLANT solo album, "Pictures At Eleven". It's an absolute killer and sources have told us that Plant is mulling over the possibility of some sort of tour, so nothing is definite yet.

SUPERTRAMP is still working on a forthcoming album, but now they're at the state of the art Rumbo Studio in L.A., which is owned by Toni Tenille. Peter Henderson, who has worked with the Tubes and Paul McCartney and the Wings, and Supertramp concert sound man, Russel Pope are producing the record.

The new CHRIS SQUIRE, ALAN WHITE, TONY KAYE, and TREVOR RABIN band will enter the studio in a couple of weeks to do their first album which should be out at the end of the year. An announcement as to the name of the band will be made shortly.

OZZY OSBOURNE will finish his American tour in Honolulu, then he goes on to Japan on July 9th for five days. He then tours in Australia, takes a well deserved break, and will go into the studio for his next Lp.

NEAL SCHON, of Journey, and JAN HAMMER are putting the final touches on their second Lp together, which is called "Here To Stay". The tentative release date is late this Summer. They are both handling the production chores and some of the songs include "Don't Stay Away", "Long Time", and "Sticks And Stones".

The new JOE JACKSON record "Night And Day" has a distinct Latin flavor to it and will be released July 29th. Some of the songs are: "Breaking Us In Two", "Steppin' Out", and "Real Men", which is also the single in England. His tour starts August 27th in New York.

CHAS JANKEL will tour in America from October through Christmas, and the follow-up to "Questionnaire" is in the process of being finished and has a projected mid-September release.

BIRTHDAYS THIS WEEK: 6/6: Gary U.S. Bonds, 43; 6/7: Bill Kreutzman of the Grateful Dead, 36; 6/8: Alex Van Halen, 27; 6/9: Jon Ward, ex-Deep Purple, 41; 6/10: Howlin' Wolf, 73.

FMQB Photo Contest. Match the names with the faces at Jon Scott's Bowl-a-Thon. Alphabetically: Frank Andrick, Larry Bruce, Dave Gariano, Tony Gates, Bill Hard, Joe MacCabe, Jon Scott, and Cindy Tollin.

## TUESDAY, JUNE 8

TODAY IS A 6

In this final week of Mercury being retrograde, no matter how bad things seem by mid-June a series of changes begin that will clear up this crazy year. The emotion-ruling moon in action-oriented, earthy Capricorn sets a practical pace for the day. Should you be strong in the "common sense" department, with no Void-of-Course moon period, you will not overschedule yourself! Tonight, let's pull the wagons in a circle and re-group. At 12:53 AM EDT tonight (9:53 PDT), the moon at 16 degrees of Capricorn is at a 90 degree square to restrictive Saturn retrograde at 16 degrees of Libra. Emotionally, this is very grouchy and moody. So cuddle up, rest up, and know that things will soon be on the upswing. Over and out!

## WEDNESDAY, JUNE 9

TODAY IS A 6

Today is very similar to yesterday in its overall tone. One important difference is that the moon will be Void-of-Course as of 6:35 PM EDT until entering Aquarius at 6:09 AM EDT tomorrow. The last angle that the moon makes at 6:35 PM is a nasty one. The moon at 24 degrees of Capricorn is at a 90 degree square to disruptive Pluto retrograde at 24 degrees of Libra. Anger is one likely result from all the frustrations that are in force. Only four more days before Mercury turns direct, so if you will keep that in mind, you can laugh at the mechanical breakdowns, communication snafus and general disorientation. Tonight, make it a quiet personal one, and break bad habits. And then there's tomorrow.

## THURSDAY, JUNE 10

TODAY IS A 5

As of 6:09 AM EDT the moon in Aquarius puts an idealistic, mental tone on the day. The East and Midwest get off to a weird start, for at 7:56 AM EDT the moon at 1 degree of Aquarius is at a harsh 90 degree square to expansive Jupiter retrograde at 1 degree of Scorpio. This sets a mood to break out from under unpleasant restrictions. Those of you in the West should bypass this one while "counting sheep". Hasty actions are the last thing we need now. No Void-of-Course moon today, but use the idealism prevalent and tonight is a good one to go out. We could use some laughs now, and who will even notice if there is a touch of hysteria in all the laughing? Only three more days before Mercury turns direct.

## FRIDAY, JUNE 11

TODAY IS A 4

Things get worse before they get better, and on Sunday Mercury will turn direct. Notice how many calls you get of the "what in the world is going on?" variety. At 9:53 AM EDT the moon at 14 degrees of Aquarius is at a 90 degree square to loving Venus at 14 degrees of its own sign Taurus. This is a pressure angle that causes grouchiness toward those closest to you, so don't overreact. As the day wears on the mood gets more and more up, while the mechanical, realistic world crumbles. Eh, so what? Especially when Mercury is about to turn direct. All would be different if there wasn't a rainbow after the storm. Tonight is a toss-up. So I am heading for any and all parties.

## SATURDAY, JUNE 12 & SUNDAY, JUNE 13

BOTH DAYS ARE A 4

Saturday starts off with a Void-of-Course moon in Aquarius that lasts eight hours; 13 minutes. This begins at 9:32 AM EDT and ends when the moon enters Pisces at 5:45 PM EDT. Reflection is a good way to pass time now anyway, and when the moon enters Pisces a more "go with the flow" mood prevails. This will last through Sunday, and of course, the big news is that Mercury at 7 degrees of Gemini turns direct at 7:22 PM EDT. Having been backing up (retrograde) since May 20, we now have the first of some major changes that occur this month, and by July a lot of clearing up will be our reward. So chin up, chest out, and we have "made it".

## MONDAY, JUNE 14

TODAY IS A 8

A busy beginning of the week for as Mercury turns direct a lot of problems surface, but you will not find solutions difficult now. Mentally, this is a very sharp day for at 12:57 PM EDT mental Mercury now direct at 7 degrees of its own sign, Gemini, sits at a gorgeous 120 degree trine to physical Mars at 7 degrees of Libra. Nothing could be nicer to stimulate the mind and to encourage communication. The third quarter moon is exact at 2:07 PM EDT with the moon at 23 degrees of Pisces square the sun at 23 degrees of Gemini--emotional energy. The moon is Void-of-Course as of 6:32 PM EDT and ends tomorrow at 2:21 AM EDT, but after a very active day, why not have an active evening? Records released now experience far fewer problems, so I am anxiously awaiting more music. The headphones are ready.

**FOR YOUR INFORMATION:**

When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

1. **PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
2. **PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. **AIRPLAY EMPHASIS** - Be careful not to confuse this with **PLAYS PER DAY/WEEK**. EMPHASIS is a system of relative scaling, based on 5. If the highest rotation album gets 8 spins per day, it receives 5 points. If another album gets 4 spins, it merits 3 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-5 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
