FMQB ALBUM REPORT

February 18, 1983

BILL HARD, Editor

Hard Choice

INXS, "SHABOOH SHOOBAH", ATCO

Seems we're on a roll with exclusive Front Page picks lately--U2, Berlin, Jon Butcher, Thompson Twins, After The Fire, Thomas Dolby--and now INXS. We Front Page'd the 12" in our February 4th issue, and as predicted last week--big time radio response. 37 stations in all and #1 Most Added in the Level 1 category with 12. With first week raves from Leo, Belle Nolan, Tom Starr, Tim Smith, Ron Diaz, Ron Nenni, Steve Feinstein, Chuck Holloway, Jeff Murphy and more, we're expecting INXS to be huge. When you get the LP later this week, also check out "Soul Mistake" and "Don't Change".

Easy Choice

STYX, "KILROY WAS HERE", ASH

Forget that they're coming off of four consecutive triple platinum LP's -- these days programmers evaluate even the automatics on a song by song basis, and that's why "Kilroy" will be one of the year's biggest. It's a great package, with a workable concept, and remarkably fresh sound considering their years of heavy exposure. "Cold War" is the FMQB fave, "Heavy Metal Poisoning" and "Double Life" are also strong.

Chain Reaction

JON BUTCHER AXIS, POLYDOR

You've seen two Front Page shots from us. Now radio jumps in with both feet. #1 Most Added with 36, including 11 majors. As expected Beantown believers Rob Lipshutz (WAAF) and Paul Lemieux (WCDZ) are testifying but we're especially pleased with quick adds and enthusiasm on heavies KZOK, KSHE, WYNF, KLDS, WMMR, KLOL, KBPI, KSRR, KT1Q, WAPP, and KGB-FM...KSJO's Nikki Stevens sums it up, "Head rush record of the week. Side one kicked my ass clear to Boston"..."Life" leads, "Words" follows, "New Man" is the sleeper track to watch. Strong start.

ULTRAVOX, "QUARTET", CHRYSALIS

We think "Reap The Wild Wind" is beautifully positioned. It's melodic enough to kill and crush multi-format and their progressive credentials are impeccable...#2 Most Added with 21 to go with last week's 25. With a chart debut in the 40+ range a definite next week.

DEXYS MIDNIGHT RUNNERS, POLYDOR

20 adds (including WPCJ, WTKS, WAPP, WSHE, WYNF, and KAZY) brings us to a total of 49 FMQB stations so far this year. As we've been hammering in Chain Reaction, "Eileen" is a homer! It's up 10-5 on the Most Requested chart, #23 on the Song Index, as the LP builds 38-30 on the Back Page, for strongest chart-gainer of the week...The Checklist backs it up with a whopping 38 building, none dropping...If you're still concerned about the quirkiness, consider this from WAPP's Chip Hobart, "We had to add Dexys whether we went to or not--it's that big a hit, crossing all formats and boundaries--adult, CHR, urban, everything. I think even WNBC is playing it".

THE CALL, "MODERN ROMANS", POLYGRAM

The glamour stocks have tended to overshadow The Call in recent weeks, but we have seen a quiet and consistent build. This week the walls did come down as 19 stations roll in for #4 Most Added...WIVE's Ron Nenni tells us, "The Call has been one of our favorites over the past couple of weeks. 'Walls Came Down' has staying power with catchy guitar riffs and David Byrne-style vocals. It sounds fun on the air."

BERLIN, GEFREN

You just can't keep a phone burner like "Sex" down. It's #10 on the Most Requested list, up to #60 on the Song Index, and pulling top 5 calls in Buffalo, Denver, Boulder, Philly, Toledo, Charlotte, Hartford, and Albuquerque. That superlative audience response is upping rotation too, with increased play on 11 stations including KAZY, KBPI, KFOG, WGRQ, WMMR, and WCMF...#5 Most Added with 15 for a 3 week total of 66 ...A 49-42 Metro underline...Up 44-40 on the Index.

PLEASE NOTE--this week you'll find a new stats section called Master File located right after the Song Index. Basically, this is a one-stop system designed to allow programmers to conveniently check a record's status. LP's are listed alphabetically and we breakout any and all relevant data; who added it, moved it up, down, sideways. Checklist info; adds to date--the works.

CHAIN REACTION CONTINUED

U2, "NEW YEAR'S DAY", ISLAND

The 12" continues to move the upcoming Lp release to automatic status, as new play on 25 stations takes the two week total to 81 reports, including 24 Level I's...New at #34 on the Song Index with top 5 calls already at WSHE, WLAV-FM and WMAD...Don't underestimate this band's appeal.

AFTER THE FIRE, EPIC

Another FMQB pet project gets its hooks in deeper. First #1 phones at WKLS Atlanta, ditto WLRS Louisville, then the same story at WSHE...Get behind "Der Kommissar" with solid rotation and you will get results. Note the super chart debuts--#35 Index, #33 Metro as "Kommissar" lands at #28 on the Song Index! #6 Most Added with 14 for a total of 46 since the Front Red pick.

GREG KIHN, ELEKTRA

12 more conversions give Greg a two week total of 113, as he locks up highest debut honors at #16 Index #20 Metro..."Jeopardy" has developed into one of the strongest crossover items on the radio, with especially active calls at KYYS, KTIM, KOME, KQAK, WWCK; and WROQ...Up 10-8 on the Song Index. It's a hit--there's no getting around it. "Fascination" debuts at #98.

MODERN ENGLISH, SIRE

"I Melt With You" is another tune that's been around a number of weeks and is just now catching fire... New at #47 on the Song Index (thanks to recent adds on KLOS, KZEW, WKLS, KOME, KBPI, KQAK, WLVQ, WIOT, WFYV, and KLAQ)...Added on 16 more this week, including KYYS, KQRS, WMMS, WMJQ, WLAV-FM, and WPYX... What's the appeal? Leo feels, "Melt" is a great little tune that combines the freshness of mid 60's English pop with all the modern nuances"...Obviously it's in the pocket. Should hit the Back Page next week.

WALL OF VOODOO, IRS

If you're looking for excuses, you could weasel a bit behind the 41-42 Index lateral move, but take it from us, this record is exploding! #8 Most Added with 11 and new at #47 Metro as "Mexican Radio" moves 100-49-39 in the past three weeks and slams into the Most Requested list at #8. Still not convinced? How's this for reaction--Top phones after only one week at WGRQ, a 20-9 jump in WDVE sales research (as well as top 5 calls at WMAD, WBCN, WLPX, KBPI, KZEL, WZZO, and WIMZ)...One not to be missed.

THOMPSON TWINS, ARISTA

From a Front Red Tip to a Back Page debut in just three weeks, Bone and the boys (plus Kravitz, of course) are closing this one quicko...12 more adds (#7 Most Added) take the total to 45 complete with 10 majors. New at #46 Index, #44 Metro, as "Lies" hits the list at #76...Strongest play on WILS-FM, WLPX, WKLS, KQRS, KBPI, WXRT, KRQR, and WLAV-FM.

THOMAS DOLBY, CAPITOL

We have 58 adds to date and at this point the request ak-shun on "Science" has heated up to the point where we can say you holdouts are blowing it. "Science" debuts at #6 on the Most Requested Chart; advancing 55-45 on the Top 100. Top 5 calls at KBPI, KFOG, WAAF, WROQ, WHCN, WSHE, WDIZ, WQBK, WAPI, and more. There were no dips in play this week and 13 ups led by KBPI, WDVE, WKLS, WILS-FM, WMAD, WPYX, and WROQ...A 35-29 Metro Prime Mover; up 29-27 on the Back Page.

STRANGE ADVANCE, CAPITOL

This Pinch Hit was just hitting reporters at deadline and picked up quick adds on KBPI, KBCO, WIOT, WROQ, and 7 more..."Worlds Away" is the office fave. We're also hearing nice things about "She Controls Me". WSKS' Marty Bender comments, "I hate to limit their uniqueness to a comparison, but the Cars at their best do come to mind. It's moody, melodic, and just manic enough to cross any aor boundaries"...And from Doug Clifton, KBCO, "Best new music this week includes Strange Advance. Everyone here really likes 'Worlds Away'"...With a name like Strange Advance, consider the promotional opportunities.

DEF LEPPARD, POLYDOR

Charts, sales, requests--it's all there--"Photograph" digs in at #1 Most Requested, at #9 on the Song Index, the Lp climbs 11-4 Metro and Back Page, with 33 top 5 call mentions, 23 top 10 sales, and 14 play increases--11 of them majors. Overall the #1 builder this week.

ART IN AMERICA, PAVILLION

We agree with this analysis from KWXL's Doug Davis, "Seems to be hitting a segment of our audience that's not yet real fond of modern music but is burned out on metal"...KMET, KLQL, WMET, and WBCN are this week's key adds, and we register double underlines, 36-31 Index, 40-35 Metro...Note the 17 Checklist builders and be aware half of those surveyed not yet playing are considering...The title track surges 54-35.

CHRIS DE BURGH, A&M

KLQL is the first station listing top 5 calls, and with KBPI already heavy and KBCO and KAZY increasing play, we expect Denver to shape up as the next breakout market. Also looking good at WIOT and WOUR... Our Checklist shows 25 of 55 not "on" are considering, and we came up with a convincing 21 builders and only 1 dropping. Phone action is up on WILS-FM, KDKB, KLAQ, WDHA, WSCY, WOUR, WEBN, WHJY and KWFM... Airplay stats: 19 steady, none down, 8 up..."Ferryman" moves 59-53.

BRYAN ADAMS, A&M

You probably don't need any encouragement on Bryan, but we just have to find Red Page space for these glowing stats--51 Checklist builders, none dropping; 14 play increases, 70 steady, 2 down. Up 16-12 Index, 17-11 Metro Prime Move..."Take Me Back" leads 28-21, "Cuts Like A Knife" debuts at #91 with "I'm Ready" 61-58.

TIP:

DUKE JUPITER, "I'M AVAILABLE", COAST TO COAST

I think this guy could sing the phone book and get away with it. Here he mates those nifty, growly pipes with a cool tune. And we're sure radio won't have any problems drinking to this one.

CHAIN REACTION CONTINUED

BLANKET OF SECRECY, WARNER BROTHERS

When a song like "Say You Will" comes on after bubbling under for literally months, that spells "R-E-A-L" to us...New on heavies KYYS, WSHE, KLOL, KSRR, and WLAV-FM...Last week's majors: KBPI, WKLS, KQRS, WMJQ, and WFBQ...WSHE's Dave Lange comments, "Blanket Of Secrecy has been showing excellent signs of success, so we popped on 'Say You Will' this week. Shouldn't be a secret much longer"...New at #67 on the Song Index and set up for a solid Back Page debut next week.

MICHAEL BOLTON, COLUMBIA

Believe it or not, you don't have to have a click track or tons of synthesizer to catch radio's ear-- just a gutsy straight ahead car song like "Fools Game"...Buck McWilliams analyzes, "Heard CBS was worried that Michael Bolton didn't fit the modern music format and therefore wouldn't be played. Look, if the music is in the groove, it's on the air, and right now Michael Bolton is on the air"...KSHE's Jack Silver is also in, "Driving home from the station the other evening was made most enjoyable by the first side of the Michael Bolton cassette. Straight ahead rock with guts. I really like this"...Out a minute and already on KZEW, KDWB, WIOT, WAPP ("A runaway smash"), KTXQ, WBAB, WPLR, WDHA, and KSQY.

ROBERT HAZARD, RCA

Adds, underlines, and increased play are all important, but you can't beat active audience response. Check this from WDVe's Ron Nenni, "Tied for #1 requested is 'Escalator Of Life' from Robert Hazard. Don't miss the boat on this one"...Phones are also on the rise at WMYK, WYFE, WLPX, KSMB, WKZL, WSCY, KQRS, WDHA, WROQ, and KDKB...A Metro Prime Mover 42-37, #39 on the Back Page...Also note the solid add week: WFBQ, WGRQ, KGON, WMJQ, WAAF, WYV, KLAQ, and WHJY...We're encouraged by the play stats too: 8 up, 27 steady. "Escalator Of Life" moves 67-48

THE MEMBERS, GENETIC/ARISTA

This record reminds me of my insurance salesman--every time I think it's going away, I pick up the phone and bingo--more stations are reporting it. New on KQAK, WKLS, WLAV-FM and 2 more...WYSP's Steve Feinstein updates, "'Working Girl' has made slow but steady progress. It's inched its way from a light rotation to our powers and all the while it continues to sound better and better. It seems to be an inverse relationship to this success story--little hype but strong results"... "Working Girl" moves 48-38 underlined.

DIVINYLS, CHRYSALIS

We mailed you the advance cassette two weeks ago and you'll have the Lp this week. We especially like "Science Fiction". WROQ's Jack Daniels tells us he ran a test on "Rate At Eight" and got very positive results, KQRS' Lynn Wells says, "I think this one's going to happen in a big way". It's definitely on our list...And the new Lp is Danny's "Vinyl Heartthrob Of The Week" at WBCN...Also hot: "Elsie", "Only Lonely", and "Boys In Town".

ROBERT ELLIS ORRALL, RCA

KGB-FM, WMMR and WEBN are the cream of the new adds, and with a total of 34 reports, we're in line for a debut next week...WMMR's Lisa Richards Kendall tells us, "Everything you like about Steve Winwood's solo material, you'll like about Robert Ellis Orrall. 'Special Pain', special record"...From Jose Diaz, WBLM, "It's a catchy song and even though it sounds like early Genesis, it has merit on the airwaves"... "Tell Me If It Hurts" leads for now with the single also gaining.

SIMPLE MINDS, A&M

An almost textbook example of a very creative and interesting collection of songs that seems to be slow in yielding that truly great radio track...We'll stick with the title track with that wonderful hooky synth--but there is equally strong interest in "Promised You A Miracle" and "Glittering Prize"... Listen at home a few times and you'll be hooked like we are...Now on 24 FMQB stations including WNEW, WMMR, WIOT, KBPI, and WKLS...#4 on the Modern Music Chart and selling briskly at progressive accounts.

BEST CROSSOVER BETS FROM KAL'S FRONT RED PAGE:

MICHAEL JACKSON, "BEAT IT", EPIC

You may have stonewalled playing this proven request monster. Just keep an eye on your phones when the CHR's kick-in.

ADAM ANT, "DESPARATE BUT NOT SERIOUS", EPIC

It's a killer on MTV, and was a stand-out when we caught the show two weeks ago. If you never got past "Goody Two Shoes", now's the time.

PRINCE, "LITTLE RED CORVETTE", WARNER BROTHERS

The first Prince single with the potential to crack album radio. It's been a big club record for eons-- and is at least worth a test.

ABC, "POISON ARROW", POLYGRAM

Still borderline, but much closer to the format than "The Look Of Love". Early indications point to a major top 40 roll.

MODERN MUSIC CROSSOVERS:

THE BANGLES, "THE REAL WORLD", FAULTY PRODUCTS

It's definitely a comer on the Modern Music page--up 27-15 and we find that early Beatles feel circa "Revolver" refreshing. Sounds very authentic--no posturing or put on.

BLANCMANGE, "LIVING ON THE CEILING", ISLAND

I couldn't hear it until Michael Abrams forwarded the video; that brought the hook home. It's a bit dancey, but not funky, and considering how well Blancmange did in clubs and at retail as in an import, it's a record to watch. On KBPI and KROQ.

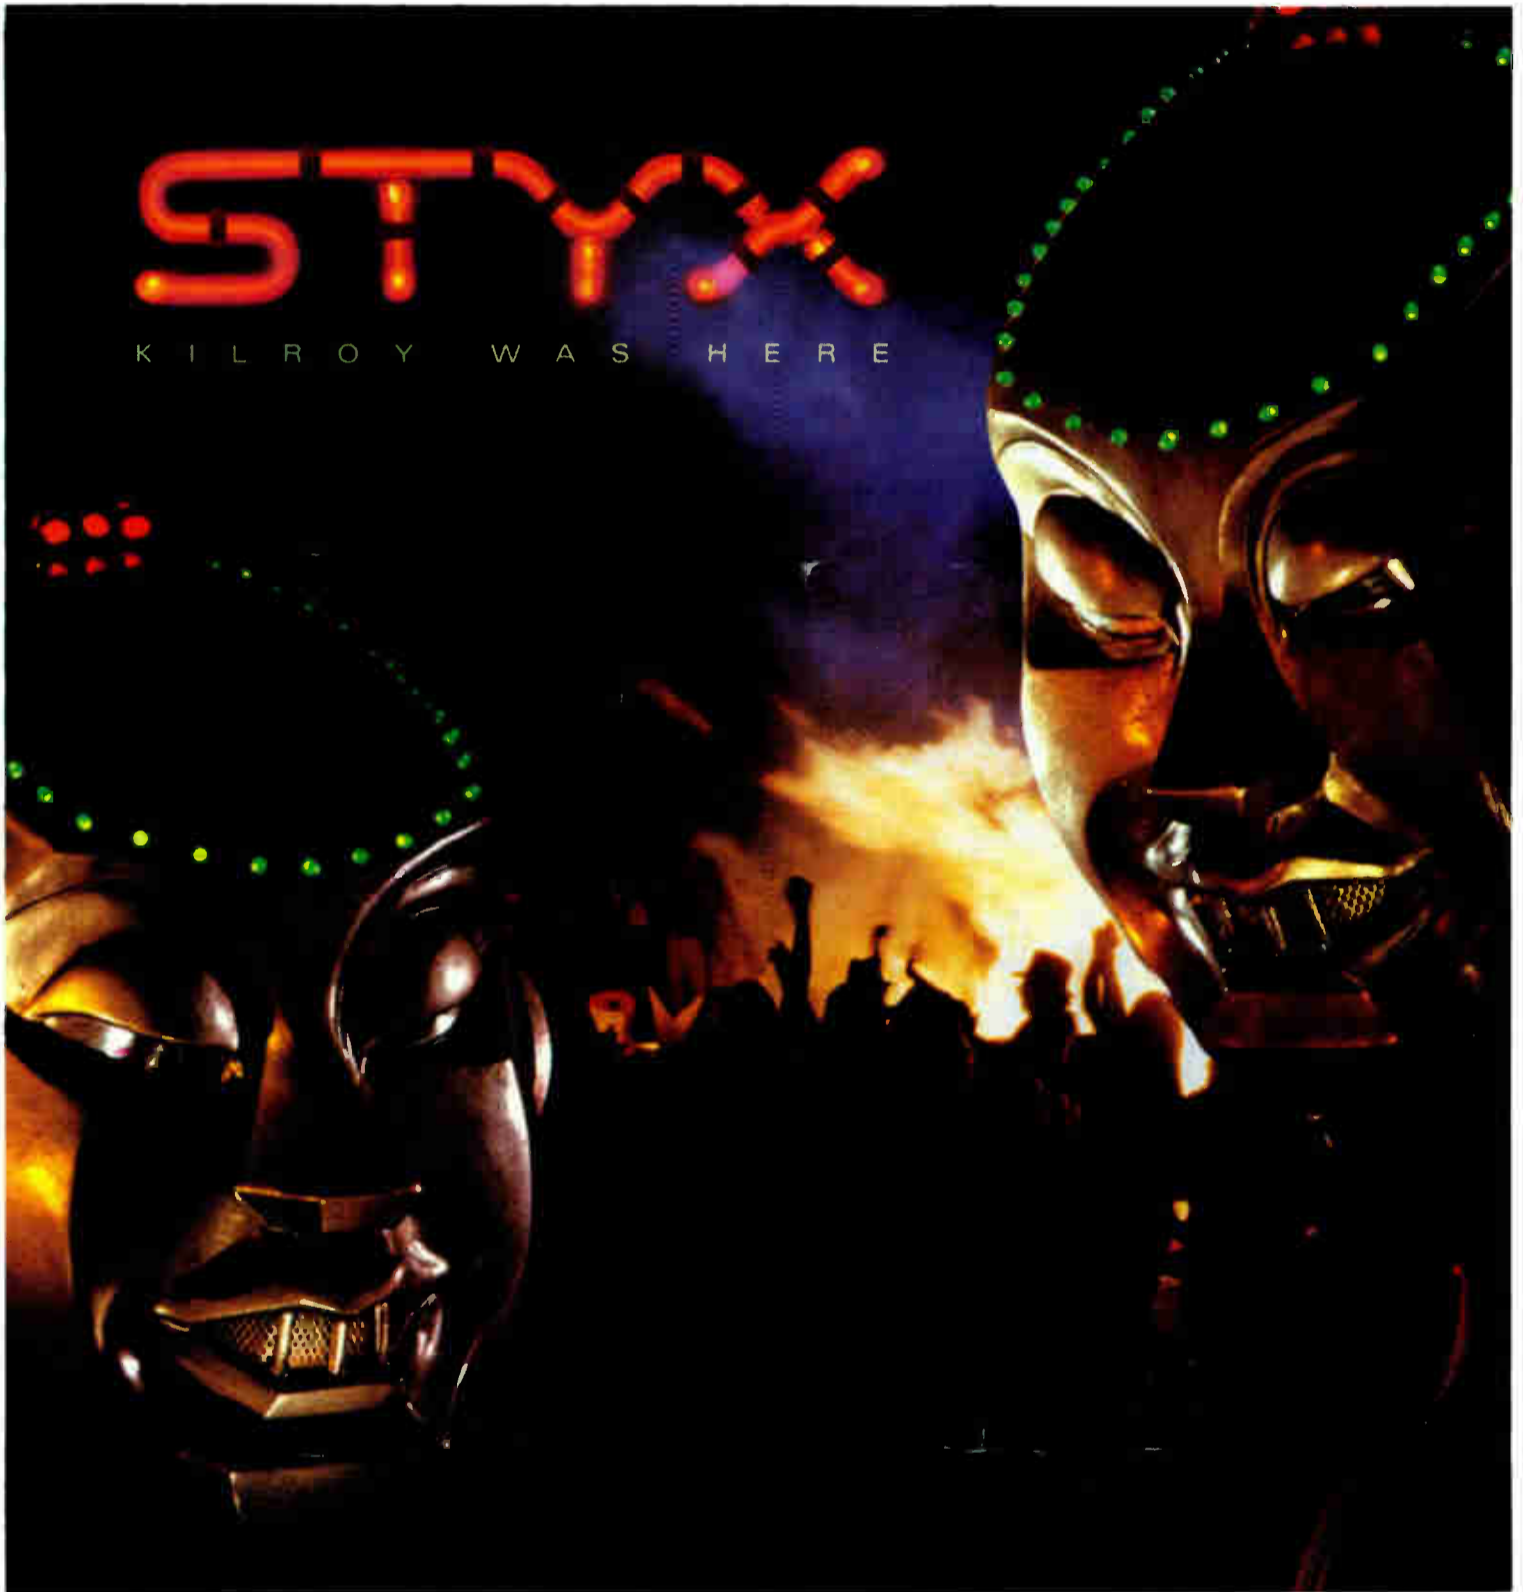

NAKED EYES, "ALWAYS SOMETHING THERE TO REMIND ME", EMI

Just out--the intro may be bizarre but once they get to the melody it's great shades of Soft Cell.

Also keep an eye on futures:

Eddy Grant "Electric Avenue"; Tears For Fears "Change"; Madness "Our House"; and Sparks "Modesty Plays". ...and the best new video this week? That's easy, Malcolm McLaren's "Buffalo Gal".

whose circumstances went beyond his control...”

MICHAEL BOLTON

Michael Bolton

featuring

“Fool’s Game”

FMQB Chain Reaction:

MICHAEL BOLTON, COLUMBIA

Believe it or not, you don't have to have a click track or tons of synthesizer to catch radio's ear—just a gutsy straight ahead car song like “Fool's Game” ... Buck McWilliams analyzes, “Heard CBS was worried that Michael Bolton didn't fit the modern music format and therefore wouldn't be played. Look, if the music is in the grooves, it's on the air, and right now Michael Bolton is on the air” ... KSHE's Jack Silver is also in, “Driving home from the station the other evening was made most enjoyable by the first side of the Michael Bolton cassette. Straight ahead rock with guts. I really like this” ... Out a minute and already on KZEW, KDWB, WIOT, WAPP (“A runaway smash”), KTXQ, WBAB, WPLR, WDHA, and KSQY.

HERE'S WHY YOU SHOULD BE PLAYING MALCOLM McLAREN'S "BUFFALO GALS!"

The madman, brainchild manager behind the Sex Pistols, Bow Wow Wow, and Adam & the Ants steps out on his own with his outrageous new song, "Buffalo Gals."

Play both sides! "Buffalo Gals" is guaranteed to drive you batty! Not to mention guaranteed retail response and listener reaction!

KROQ/Los Angeles

"At KROQ it's blowing the phones out! #1 requests for weeks. A record for the 80's to be dealt with now!!"

—Larry Groves, M.D.

WLIR/Long Island, N.Y.

"Malcolm McLaren and the Supreme Team do-si-doed a smash with 'Buffalo Gals'. The phones won't stop!!"

—Rosie Pisani, M.D.

WYDD/Pittsburgh

"Based on local club success, we took a shot with the record. It's been a heavy hitter on the phones since the second time we played it"

—Dan Kelley, P.D. and Operations Director

KFOG/San Francisco

"The buzz in the clubs gave us an indication that this record was happening. At KFOG, we strive for that 'different sound.' Malcolm McLaren certainly fills the bill. We think our audience is 'itchin'' for something new."

—Dave Logan P.D.

WBCN/Boston

"Malcolm McLaren: the madman/genius gives us yet another dose of inspiration. On it out of the box."

—Oedipus P.D.

Neal Levy, District Manager, Strawberries, Commonwealth Ave., Boston:

"We're doing very well with it. It's a very good record; it's in our Top 5. We've had steady action since the first week it's been out. WBCN should help sell the record; it'll definitely have a very strong effect on the market."

Nilda Rodriguez, manager, The Wiz, Jamaica, Queens, NY:

"Selling very well, it's in our Top 10. Last weekend was our 'boom period', when we sold out of the record; we had to order more! Now that WLIR is on the record, sales should pick up even more."

Mike Williams, 12" buyer, Tower Records, Westwood, LA, CA:

"Doing real well. Two weeks ago, when we had it on sale for \$2.98, they just flew out of the store! Almost all of our sales have come from KROQ airplay. KROQ has the biggest influence on our sales."

Dave Druse, The Record Outlet, Pittsburgh:

"WYDD, with their new format, is becoming the station to watch right now. Now that they're playing the record, it should really take off. I hope we have enough in stock."

Alan Levites, manager, Record Factory, Polk St., San Francisco:

"'Buffalo Gals' has definitely stirred some interest in the Bay Area. Airplay on KFOG will help this record take off; they've come a long way in a few months."

John Doe:

It's driving me batty!!!!

Doubleday changes once again make headlines as WLLZ Detroit Program Director Dave Garland is out after two months. He told us the split was "due to fundamental philosophical differences with Doubleday regarding the style of programming for their radio station. I'm actively pursuing my next programming position and I'm interested in a similar major market opportunity"...Call Dave at 313-855-1844 for the next three weeks.

Rad Messick is out as P.D. at WQXM Tampa, after less than four months. Prior to that he programmed WFYV Jacksonville. Radford was my assistant at WQDR, Raleigh for several years and he is as bright and hard-working as they come. Call him at 813-391-0415...As for the P.D. gig at WQXM, we wouldn't be surprised to see George Hawras pop up.

Congrats Dept:

- 1) To KLAQ P.D. Arin Michaels on her marriage this weekend to Steve Isham, keyboard player in Doug Feiger's new band "Taking Chances". For the time being, Arin will remain in El Paso and so we hope Steve is a major stockholder in Ma Bell.
- 2) To Michael and Carole Klenfner on the birth of their second daughter "Bryn", weighing 7 lbs. 13 oz., born 7:12 A.M. Tuesday, February 15th.
- 3) To KGON's Gloria Johnson for being a third place finisher in Delilah Communication's "Compleat Beatles Crossword Puzzle Contest". She picked up 2 two-volume boxed sets of all 211 Beatle songs with lyric sheet, pics, etc. Had it been a heavy metal X-word, we're sure she would have been first.
- 4) To KILO's Art Phillips who leaves Colorado Springs to join Album Network, an L.A. based tip sheet. Best of luck, Art, you're a hard-working pro and it's nice to see you move up.

Clarification: Leo's comments last week mentioned that WMMs listeners had for the 4th consecutive year voted them Rolling Stones' "Station Of The Nation". As we were talking he said, "It takes time for our people to come up with' make that 'time for our listeners to fill out the ballots, etc.'" I inadvertently typed "it takes time for our people to come up with listeners to fill out the ballots, etc." Obviously, this one goes into the typo hall of fame. The listeners filled out the ballots with no prompting and Leo was simply misquoted. Besides, word has it the Buzzards are streetwise enough to know there is no fixing a one-horse race.

KEZO, Omaha has an opening for the 7-midnight slot. T&R from interested parties should be sent to Greg Gillispie, 292, 1128 John Galt Blvd., Omaha, NB 68137.

Global Satellite Network is proud to announce the promotion of Cindy Tollin to the position of Producer for the weekly "ROCKLINE" radio show. Tollin moves to the Producer post after 2 years as Associate Producer. She will also continue as General Manager of the Network. Rachel Terkoff moves to the Associate Producer post after serving in an administrative position with GSN since 1982.

FLASH: JACK CRAIGO has resigned from RCA Records. Shock waves hit the industry. FMQB has the full text of the Craig statement: "Jack Craig has announced, effective immediately, his resignation from the position of Division Vice President of RCA Records - U.S.A. and Canada. According to Craig, 'RCA management and I were going in different directions with respect to my basic goals of artist and executive development. I'm very proud to have been a part of the outstanding success RCA Records has achieved during the last 3 years.'"

Radio Action

WIOT, TOLEDO, OH M.D.-BUCK McWILLIAMS: "Some lady called up the other day and wanted to know why we were playing so much abscess music. I asked what she meant and she said, 'You know, Jon Butcher Abscess and In Abscess.' So now, AOR here means abscess oriented rock...Heard CBS was worried that Michael Bolton didn't fit into the modern music format and therefore wouldn't be played. Look--if the music's in the groove, it's on the air--and right now Michael Bolton's on the air. We like 'Hometown Hero' and 'Fool's Game', and we'll start with the latter...Changed cuts on Robert Hazard since nothing is happening with 'Change Reaction', but let us not lose our temper Mr. Catania. Save it for others who aren't even playing it yet and thank those who at least are...If I could borrow a passage from Penthouse concerning the success we're having with Dexys Midnight Runners, 'It's like I saved it all and finally it just exploded.' Those of you holding off, be like Jack Abbott, take a stab at it...Speaking of celebrities, I heard today that Liz Taylor is a Mormon. The more men she has the better...By the way, what's the difference between picnic and panic? About 28 days...Wish I could stay, but I have to plot out our Eubie Blake A to Z Special for tonight."

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN: "Adds: Dexys Midnight Runners and Vandenberg...I heartily agree with Marc Miller's recent comments. Don't use labels for music judgment, use your ears. I think the new music label is as much of a misnomer as new wave was. The sound of the music should speak for itself. Maybe radio programmers put labels on tunes so that they can feel that their musical judgment is justified. All I say is, what the hey, play the record...I also want to voice my agreement with Rob Lipshutz and Paul Lemieux as far as WEA's concert ticket policy goes. I think it's a poor move and I can't understand why the company would want to shut off programmers from their label's live music. Keeping in touch with the concert segment of the audience as well as a group's live performance is important to both programmers and record companies."

WMMS, CLEVELAND, OH M.D.-KID LEO: "I do believe that Australian bands are for real. They should have impact on the U.S. charts in '83 with the same force that Canadian bands had in '81 and '82. The latest proof of this is INXS. The 12" is only a taste-tempter for what is on the Lp. This band has semblances of modern music, but also has the knack and skill of composing songs which, when you get down to it, has been THE thing...We finally succumbed to the melody of 'Come On Eileen'. Actually, G-Man sat down with a bottle of Jamieson one night and decided that he was now a 'Celtic Soul Brother', 'Too-Ry-Ay'... 'I Melt With You' is a great little tune that combines the freshness of mid-60's English pop with all the modern nuances; hence, the name of the band, Modern English."

WGRQ, BUFFALO, NY M.D.-BILL WESTON: "Most clubs I've been into in the past month are pounding Thomas Dolby--not 'Submarines', but 'Science'. It sure is quirky, but catchy, too...Robert Hazard is another new artist on the 97Rock playlist. 'Escalator' takes a couple more spins than 'Change Reaction', but it's the cut with the lasting power...As Gomer Pyle siz, 'Surprise, surprise, surprisell!' After only one week of play, Wall Of Voodoo is pulling Top 5 requests. Can't wait to hear the next single, 'Canadian Television'... Thanks to Mike Levine for the phone call last week. One topic, among others, dealt with the numerical value assessed his album in the Hard Sheet...Hopi Record promotion lives!! Phil Collins gave us a fine interview prior to his show last week; a real gentleman and a fabulous show. Thanks to Phil and Atlantic's representative, Jeff Appleton...Over two months ago Heavy Lenny brought to my attention a wonderful little song about a gal called 'Eileen'. I began to hear it then, and now I'm hearing it all over Buffalo radio. Better to play the Lp version without the Bing Crosby 'Tu Ra Lu Ra Lu Ra' intro...An add this week I firmly believe in, The Call, added into heavy. Don't be afraid of this one, it will work great, just like the horn section at Jericho...HEY RECORD PEOPLE: In order for Jocks to sell these brand new bands and artists on-the-air, we need more information on them; i.e., backgrounds, musical angles, you know, biography information. It will be appreciated."

KQAK, SAN FRANCISCO, CA ASST.P.D.-BELLE NOLAN: "A blanket of snow on the Mid and North Atlantic states, and the Hard Report has become a Blanket of Secrecy. Great ploy, WBI! We hit on 'Say You Will' hard and heavy upon its release, and look forward to witnessing the success it deserves...Back on the success climb goes the determined, surefooted Goat. Capricorn Records returns. We listened to Frank Fenter when he told us about Led Zeppelin, King Crimson, The Allman Bros., Marshall Tucker, The Dregs, and so many more. Now listen to Frank when he tells you about the Rick Christian. Welcome back Capricorn. Now get Phil Rush off that F---ing fish farm. We need him...Capitol: That renewed faith I had in you has gone sour. How can you simply release the Tonio Ep and hope it sticks somewhere/anywhere? Isn't that a considerable waste of money and talent? You should give yourself and Tonio more credit!... 'How Is The Air Up There?' The Bangles are happening with another ArteKornfield original. Now let's hear an 80's version of 'Dead Man's Curve'. Any takers?... 'Der Kommissar' by After The Fire sounds like the 'Suffragette City' of the 80's with its Bowiesque leanings. It's catchy as hell...Watch out for INXS. Although it may take a while to build, I can definitely hear it on the radio. Sounds like a sleeper!...The Quake has heeded the Call but, as we all know, it usually takes more than one call to get the message through. On hold until release, Alex Call, the man who penned '867-5309', 'New Romeo' (Tim Goodman), and 'Little Too Late'. Count the Quake in as an early supporter...Modern English. They're talking our language. Listen!...How and what are you doing with Dexys? Any problems in programming? Bob is having trouble hearing it next to our standard fare... 'Then He Kissed Me', anybody else hear that in the refrain to 'Working Girl'? That's one way to give 'em the classics. The Members are on, and this working girl is off to work."

WDVE, PITTSBURGH, PA M.D.-RON NENNI: "The Call has been one of our favorites over the past couple of weeks. 'Walls Came Down' has staying power with catchy guitar riffs and David Byrne-style vocals. It sounds fun on the air...Let's face it, the new Clapton isn't his best, but then again, he's no spring chicken. 'Money And Cigarettes' does surpass his recent efforts. 'The Shape You're In' is a cooker and we find it very valuable for balance among all the modern rock...I'm not a Styx fan, but the new album is admirable. They have it down to a science. When a mainstream band takes a step in the modern direction, it increases the acceptance factor of the new bands we're trying to expose. We couldn't be happier about that. 'Cold War' seems to be the leader. 'Heavy Metal Poisoning' and 'Double Life' are key cuts... 'The One Thing' from INXS is a great bridge song with a guitar riff reminiscent of 'Sheep' by Pink Floyd. It has a good subtle hook, too. We're looking at that for next week...Talk about a hook that sticks, I've been singing 'Always Something There To Remind Me' all week. Naked Eyes sound like they could have a huge crossover hit...We're considering: Jon Butcher Axis. 'Life Takes A Life' is a good song. My personal favorite is 'New Man'...Hey, Merv Amols: Thanks for the tip on Strange Advance, 'She Controls Me'. You picked it before Bill. No offense, Bill!...Golden Earring's #1 requests status over the past two weeks has converted to retail, 23-10 in sales...It's no surprise Wall Of Voodoo's 'Mexican Radio' turned up #1 requests. Novelty songs do sell records and it moved 20-9...But tied for #1 is 'Escalator Of Life' from Robert Hazard. Don't miss the boat on this one, and 'Hang Around With You' is a great second cut...Okay, Thomas Dolby, you wild man. At first the audience hated 'Science', now it's #2 requests and it debuts #16 in sales...Our Canadian Corner: Bryan Adams is Top 15 in sales. He's destined to do what John Cougar did in '82. We're using 'I'm Ready' in addition to 'Take Me Back'. 'Cuts Like A Knife' went from 18-13 in sales...Red Rider is a slow builder, but solid Top 20 sales and phones--mostly on 'Power'...Early response to U2. I'm sure it'll explode...We're keeping an eye on the Thompson Twins 'Love On Your Side'. It sounds great on the radio... 'Metro' from Berlin will be going in next week. We also like: 'Masquerade' and 'Pleasure Victim'."

WCOZ, BOSTON, MA ACTING P.D.-PAUL LEMIEUX: "The city of Boston, once again, breaks onto the national music scene with the long-awaited debut album from the Jon Butcher Axis group. Jon has been a local hero, of sorts, for the past few years here in Beantown, getting massive local airplay. Now he's ready to share his stuff with the rest of the world. Obviously, 'Life Takes A Life' and 'It's Only Words' are tremendous tunes; but don't overlook cuts like 'Ocean In Motion' (my personal favorite), 'New Man', and 'Centennial'. This album is legitimately 5 cuts deep, which is quite rare these days, and which is why I'm quite excited about the whole thing...Other new stuff I like this week includes: INXS, Divinyls, Michael Schenker and Strange Advance."

WBCN, BOSTON, MA DANNY: "Well, it's vacation time around the ranch and Marc is heeding the call of the Southern breezes, which means that now, for the first time, the full-length feature of Danny Sez...We're still getting incredible phones on Michael Jackson's 'Beat It' and Wall Of Voodoo's 'Mexican Radio'...The retail reports on Duran Duran are going through the roof with the Lp showing up at #1 sales in the suburbs...The Thompson Twins Lp is incredible. The pop dance mixture found in these tunes is yet another solid step for new music. Favorites are: the single 'Lies', 'Watching', and 'Love On Your Side'...Ultravox might bill themselves as a quartet, but their sound gives the impression of a full orchestra. That, coupled with the fact that 'Reap The Wild Wind' is one of the more beautiful songs of our times, should get them the attention they deserve...Now here's a recipe for instant phones: Take a turntable (any brand), and just add Berlin's 'Sex'...Now you may be wondering what is the vinyl heart throb of this week. The answer: Divinyls's debut album 'Desperate'."

WNEW-FM, NEW YORK, NY J.D.-JIM MONAGHAN: "Heard any good rumors lately?"

KLOL, HOUSTON, TX M.D.-BLAKE LAWRENCE: "Remember when even Ethyl Merman cut a disco record to jump on what seemed to be a successful bandwagon? Is history about to repeat itself, now that there is a new bandwagon called 'Modern Music'? I can see it beginning to happen. A glut of nameless, faceless bands putting out music definable only by what it isn't. It isn't corporate rock, so it must be right, right? Not necessarily so. As tired as we in the biz may be of four-guys-with-guitars records, our listeners may not be quite as quick to change their tastes with us. Those stations purging their oldies libraries of songs they deemed 'burned out', and ignoring more traditional-sounding new acts in favor of modern rockers, may be turning format freshening into what the listeners perceive as format changes. Modern Music definitely has its place in our playlists, but to dive into the deep end could spell disastrous losses of core audiences. Are we here to educate audiences, or reflect changing tastes at the rate they are changing? I feel fortunate that KLOL has pacted with Lee Abrams to help guide us through this very changeable time. He recognizes a whole new white disco movement which is, I feel, a risky thing to embrace (at least at this point). To move gradually into new musical genre's is to move wisely into the future. To change your thinking and your tastes overnight, and to assume that your listeners will too, could be disastrous."

KBPI, DENVER, CO M.D.-KAREN ALLEN: "I've heard a lot of good music this week that will balance out the Modern Music we're already playing. First off: Jon Butcher Axis. This guy has a haunting sound that has staying power. 'Life Takes A Life' sucks you in and won't let you go until you hear it again...Moving on to Michael Bolton. 'Fools Game' is the song to deal with. It's real straight-ahead rock that will keep your more traditional rockers around. He'll be moving in as soon as we have a vacancy...Some crossover music that I particularly like are from Strange Advance and INXS. If INXS didn't grab you at first, listen again. That hook will have you singing along in no time...The production on Strange Advance is excellent, making it sound even better on-the-air...I'm sitting on the edge of my seat for the release of Red Rockers. Who are these guys? Why do I like the song 'China' so much? Will my listeners like it? That's what I want to know. I sure hope so."

KGON, PORTLAND, OR ASST.P.D.-GLORIA JOHNSON: "Sales: #1-Journey, #2-Def Leppard, #3-Men At Work, #4-Michael Jackson, and #5-Hall & Oates...Requests: #1-Def Leppard, #2-Missing Persons, #3-Duran Duran, #4-Styx, #5-Golden Earring and #6-Thomas Dolby. Also good calls on: Men At Work, Wall Of Voodoo, Sammy Hagar, Frida and Scandal...Lots of new releases these days, most of them decent enough, but how many of them are truly great??? I suspect not as many as all the raves I keep reading. I listened to a pile of new ones this week and when I was gone, and I had to go back and listen to the Planet P again. Now that's a great record. 'Why Me', with the Pink-Floyd-type-guitar, is emerging as my favorite. Planet P has exactly the right sound for rock radio in 1983. Don't ignore it when it arrives...U2's 'New Year's Day' was featured on our new music show Sunday, and we got an immediate phone response; so it's on...As is Robert Hazard's 'Escalator Of Life'...Can't believe so many people have overlooked the depth on the Def Leppard album. Only 2 cuts on the song index? Come on, listen again to 'Pyromania'!! Your ears will burn. 'Rock Of Ages' is outdistancing 'Photograph' on the phones here. Wait until Def Leppard announces a concert in your town, and see how quickly it sells out."

WMMR, PHILADELPHIA, PA M.D.-LISA RICHARDS: "I'm pleased to announce that Kevin Gunn, formerly Promotion Assistant at WMMR, is now my righthand 'Gunner' in the Music Department...12" Of The Week: Gary Private's 'Lonelyhearts'. A great rock and roll song with the meanest, slipperiest guitar I've heard so far this year...Ultravox 'Reap The Wild Wind' rolls around the room, and that is the only rolling we've been doing lately. What, times are hard for you too? Send help!!...Jon Butcher Axis: Dave, you've done it again, but you forgot the Gum...Robert Ellis Orrall: Everything you like about Steve Winwood's solo material, you'll like about Robert Ellis. 'Special Pain', special record. The duet will be a huge single, and 'Tell Me If It Hurts' a great lead off track for us...Bobby, tell me if it helps...From the Soft Cell theory of old remakes comes 'Naked Eyes'. 'Always Something There To Remind Me', we love it, even Plush loves it...Sex (I'm a). Always one of our favorite subjects, now one of our favorite records. In fact, it was one of the most layed in the studio last week. Phones, jocks, you name it. All the evidence of a smash is here...For those of you who missed the boat to Ireland, Dexys is hotter-than-hell. Jump on it...One of our heaviest request items this week is Philadelphia fave Todd Rundgren's 'Bang The Drum All Day'. The phones are banging off the hook all day...Also heavy requests on: Journéy's new single, Berlin, Thomas Dolby, Dexys, and Neil Young."

WSHE, MIAMI, FL OPERATIONS MANAGER-DAVE LANGE: "Blanket Of Secrecy has been showing excellent signs of success, so we popped on 'Say You Will' this week. Shouldn't be a secret much longer...INXS has the proper ingredients, so we moved that right in...And we'll see how Dexy's Midnight Runners fares...Great audience reaction to U2, which is setting up the album perfectly...We continue to get real good positives on: The Spoons, Berlin, Ultravox, and 'Der Kommissar'...Heaven 17 sounds very different on-the-air. At first it almost shocked me, but it certainly freshens up our air sound."

KQRS, MINNEAPOLIS, MN M.D.-LYNN WELLS: "I'd like to thank Jon Scott for including me on one of his conference calls. Great way to spend an hour, and it really helps in keeping in touch with the rest of the country...We made a lot of adds last week so things have slowed a bit this week, but we did add: A second Duran Duran track 'Rio', along with Modern English, Phil Collins 'Matter', Eddie Money 'Take A Little Bit', and Saga 'Wind'...The Greg Kihn Band is on top of the situation. 'Fascination' is very playable. A great rock and roll song that you can dance to...If you haven't listened to the Divinyls album 'Desperate', check it out. I think this one's going to happen in a big way. It's definitely on our list."

WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "INXS goes in out-of-the-box, there is more to this than 'The One Thing' to get excited about. Wait 'til you hear the rest of the album...The Felony's 'Fanatic' is wonderfully goofy, and has gotten raves from everybody here at the station...The Members 'Working Girl' has made slow but steady progress. It has inched its way from a light rotation to our powers, and all the while it continues to sound better and better. It seems to be an inverse relationship to this success story--little hype but strong results...Ric Ocasek's 'Something To Grab For' is hitting a homerun for us, and 'A Quick One' sounds just as strong...Seeing Tony Carey listed on 3 of our 4 consultant's charts was a beautiful sight to behold. I love seeing small, independent labels bring a record home solely on the basis of musical value...At home listening: Eddie Grant's 'Electric Avenue'."

TRAX "Life Takes A Life" "Words" "New Man"

KMET, LOS ANGELES, CA M.D.-HUGH SURRATT: "Greg Kihn has a strong West Coast following, particularly up North. 'Jeopardy' sounds like it could cross over--we've done extensive, focus groups studies with our secretaries...Art In America just went in with 'That Classic'; progressive, sound-targeting back to the Yes era. I am optimistic!...The B'zz is in the pocket for us. Perfect for what we're doing, and they've had a lot of advance print attention in L.A...I'm pulling for the Barrere. Playing 'Fool For You', and it sounds good. He came by yesterday and, of course, heard the record for the first time on-the-air on the way over...Bryan Adams looks like it's gonna be a smash. Sounds great, and we're getting a few calls...We play a lot of Cars, and the Ric Ocasek is doing a fine job of filling that void."

KSHE, ST. LOUIS, MO M.D.-JACK SILVER: "Music that's caught my ear this week includes the Michael Bolton. Driving home from the station the other evening was made most enjoyable by the first side of the Michael Bolton cassette. Straight ahead rock with guts. I really like this, especially 'She Did The Same Thing To Me'...I also feel that the Jon Butcher Axis has a lot to offer. The first two cuts do stand out, and in time I hope to examine the entire record...In the 'live concert arena', caught The Outlaws this past Monday and had a chance to rap with Freddie Salem. He'll have another solo project out this Spring, and I hope radio can rally around this record. Radio support of his last effort was lame, to say the least. 'Cat Dance' was a good Lp...Is Sammy Hagar the #1 airplay item at your station? It is here. We're 5 cuts deep at this point and the sky is the limit!! Looking forward to his nationwide broadcast and a possible video...Records really performing well in either a sales or airplay area include: Scandal--Now at #17 in sales. I think 'Loves Gotta Line On You' will be bigger than 'Goodbye To You'...Journey--Major league phones, coupled with major league sales, equal big league airplay...Some surprises include Little Steven. Strong sales and some calls...And Frida is just a monster. What else can I say?"

WAPP, NEW YORK, NY M.D.-CHIP HOBART: "The Michael Bolton is a runaway smash. In, out-of-the-box, with 'Fools Game'...We had to add Dexys whether we wanted to or not. It's that big of a hit, crossing all formats and boundaries--adult, children, urbans, everything. I think even WNBC is playing it...Jon Butcher Axis doesn't like Hendrix comparison? So I won't do that, but I just got the album and I'm quite impressed. Like 'Words', 'Life', and 'New Man'...Also rolled the Culture Club. Another 'must add' we couldn't hold out on...Late on Moving Pictures but, in view of the heavy play on MTV, we're on it. Better late than never...Also added Todd Rundgren's latest, and the cut 'Drive'. Not too much like anything else he's done. ...Greg Kihn's 'Fascination' and 'Jeopardy' are personal faves...I wish The B'zz were The Boyzz, but whatever they call themselves, this is the best thing they've ever done...Berlin is a little scary for the traditional AOR stations; but that one does elicit phone response, due to the lyrics--obviously... Chuck Francour's 'Under The Boulevard Lights' goes back in a medium rotation. Nice to see that MTV add, and everytime we play the record we get a number of curiosity calls. I'd like to see a label sign this guy. In fact, I just got a letter from Waterbury, CT with a blank cassette and a \$10 check, asking me to record the whole album and send it back to them. I'll do it, and as for the ten--it's in the mail!!!"

KZOK, SEATTLE, WA M.D.-CRAIG MARTIN: "Last Monday's edition of 'Rockline' originated from KZOK's scenic Penthouse Studios in downtown Seattle, with Mike Reno and Scott Smith of Loverboy answering questions from listeners across the country through the Los Angeles studios. It was a complicated set-up using Satellite and all sorts of things way over my head, but it all went just fine. My thanks to Cindy Tollin and all the folks from the Global Satellite Net. Let's do it again sometime...Also, Craig Chaquito, ace guitarist of the Jefferson Starship, was up the next day prior to their show that night. As you can see, we are a hotbed of activity. The next time you're in town, you're welcome to stop by and check things out...Music: Jon Butcher sounds real good on first listen. Using 'Words'...I think The B'zz is a real strong, semi-metal album. Doesn't leave the mainstream boundaries, especially 'Too Much To Ask For'... Using Dexys mornings only, and so far good calls. Has to be heard several times to work. Kind of like Men At Work when that first came out."

WXRT, CHICAGO, IL M.D.-JOHN MRVOS: "Many thanks to all at EMI/America for helping make it possible to have Little Steven, aka Miami Steve Van Zant, drop by the WXRT studios and play DJ for a great hour and a half of live spontaneous radio. Steven played (and paid) tribute to his musical influences, and we were proud that our live radio was extensive enough to accomodate his far-reaching taste. Little Steven's comments on the state of radio were insightful and sensitive. It's quite obvious that this man has listened to radio. It's also apparent that many aspects of black music have influenced him, from Chicago Blues to Otis Redding, from the Nevelle Brothers to Prince, and every element in between. His basic lament was the apparent lack of soul on radio, and we, of course, couldn't agree more. His soldout performance at the Park West left me feeling pretty damn good. Thanks for the good times, Steven. What I can't understand is how AOR radio could turn its collective back on the Little Steven record? Anyone who read the glowing press comments (including Robert Hillburn of the L.A. Times) would have thought this one a natural for radio. That's not to say this wasn't a flawed album; but in lieu of some of the obvious stiff records that occupy playlists across this great land, he had a lot to offer. Skyboy, where was the LOOP on this one? Seriously, glad to see Sky finally assert himself; great to hear Ultravox and the Little River Band on the LOOP this week."

KNAC, LONG BEACH, CA M.D.-MARY GODGES: "We Don't Need This Facist Groove Thing', cause we're in 'Heaven 17'. It's 'Complete Madness' to have 'Bad Manners', so 'Let's Go To Bed'. It's 'The Cure'. We're 'Members' of the 'Culture Club' because we know there's more to 'Berlin' than 'Sex'. The 'Thompson Twins' have our 'Musical Youth' dancing. If you don't like 'Prince' funk off. So until next week, keep the 'English Beat' and 'Be Good Johnny'...Jimmy The Saint's Faves: Robert Hazard, Robert Ellis Orrall, Dexys Midnight Runners, Dire Straits, and Thomas Dolby."

KTIM, SAN RAFAEL, CA M.D.-TRISH ROBBINS: "Can't say enough about the new Marty Balin Lp 'Lucky'. I think it's full of excitement--a breath of air for our rock and roll airwaves. This guy's been through it all and back and he's survived. It's worth your time...Another couple of albums that are nosing out of the crowd are: Chris DeBurgh, a lyrical fellow; and, Paul Barrere, a funky fellow...I would like to alert all record people about KAY-TIM's new adds and rotation line. Dial our regular number 415-456-1510 and ask for Extension 201. You will get up-to-date adds and rotations. Available 10AM Wednesday mornings (and sometimes late Tuesday afternoons)."

WOJR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "INXS blew away all of the other contenders for the one add slot I was looking to fill this week. If the rest of the Lp stands out like this tune, we're projecting a huge future for this band. It goes through all the right changes in just the right places...The strength of 'Red Skies' has propelled The Fixx record back to the forefront here. Sales and phones are up and so is the rotation...Vandenberg more than held its own opening for Ozzy last week. The crowd was on their feet throughout the set, so catch 'em if you can. They're also a terrific bunch of people. We were completely overrun with 'Burning Heart' Valentine Promotion cards. If this were television, we'd probably all be in jail. The winner is off to the Bahamas. As for Paul Yeskel and Sean Cokley, I've saved you the card with the red lace panties. It's on the way. And thanks!"

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "This past weekend, Boulder was the scene of a Cardiac Party. And what a party it was! Thanks to: Max Gronenthal and the rest of the band for coming by our studios to be on the air, then going to a local club and helping to raise money for the Colorado Heart Association. Most of all, thanks to Jack Mack And The Heart Attack for the great show they put on at the Glenn Miller Ballroom. The show was sold out and everyone danced way into the night. Special thanks to: Michael Linehan for the visits to Franco's and just for being there. It was a great way to start off the weekend before Valentine's Day...Thanks to: Kevin Knee for the P-Furs Lps...Best new music this week includes Strange Advance. Everyone here really likes 'Worlds Away'...Finally got the Bangles on the air. We'll start off using: 'The Real World'...Also in this week: INXS...Berlin is hot on the phones and in the stores. 'Sex' is also a hot phone item, followed by: 'Metro' and 'Pleasure Victim'."

KBLE, DES MOINES, IA P.D.-RON SORENSON: "I hope Marty Balin doesn't get lost in the Modern Music madness breaking out on album radio. Marty's got a couple of rockers on this one that ought to work. Try: 'Born To Be A Winner', 'What Do People Like', or 'Heart Of Stone'...On the new music front, we like: INXS, Strange Advance, and Mike Batt. The Batt is mostly way out in deep left field, but 'Love Drives You Crazy' is mainstream modern music. Very playable...Like all the tracks on the Strange Advance advance, and 'Love Games' inspired us to visit Segue City. Try it with: Foreigner's 'Head Games'; Lennon's 'Mind Games'; Peter Gabriel's 'Games Without Frontiers'; 'Games People Play' by Alan Parsons Project; 'Play The Game' from Queen; Yardbirds 'Little Game'; or, 'It's All In The Game' by the great Johnny Mathis...Got to sit in on my first Jon Scott conference call last Monday. Wanna thank Jon for the experience and the tasetless joke...Speaking of which, thanks to: Tom Kay Midwest Promotions for this week's Dream Tour combination, Robert Ellis Orrall and Berlin and the Orrall Sex Tour '83. However, I must admit I wasn't nearly as excited when I found out Terri Nunn's B.J. are merely bad jokes. Oh well...Adds: Marty Balin, Ph.D., Doug & The Slugs, Jon Butcher Axis, Mike Batt, INXS 12", Strange Advance 12", Marshall Crenshaw 12"."

WOBK, ALBANY, NY M.D.-LIN BREHMER: "Cooper likes After The Fire. I like Falco. 'Der Kommissar' in any language spells H-I-T. We're playing both...With the mass acceptance of the Stray Cats, I'm surprised nobody is choosing to play something as genuine as the Fabulous Thunderbirds. 'Can't Tear It Up Enough' and 'How Do You Spell Love' are two hot rock and roll numbers...Dexys and Thomas Dolby are tearing up retail this week... 'Let's Go To Bed' by The Cure continues to be a favorite around the station...And we're all hoping Greg Kihn's new Lp is bound for glory. It's solid...Listen to Eddy Grant's 'Electric Avenue'. It's among the best radio songs I've heard this year...We'd like to thank: Al Maddy and Jahn Xavier of the Nitecaps for the interview."

WVCT, PEORIA, IL M.D.-JEFF MURPHY: "Adds: Joe Jackson (Re-add), INXS 12", Jon Butcher Axis, The Call... Sales monstrous for Journey this week. Stores that report to us indicate they were sold out of their first shipment in a matter of hours...Sales also hot for: Def Leppard, Sammy Hagar, Bob Seger, and Toto...Requests also follow the same line...Also played some comedy from the new Skip Stevenson Lp this past week during our famous 'noon hour'. A reminder to record company folks that any comedy, novelty, or out of the ordinary tunes or Lps will probably play in Peoria. We feature a half-hour of comedy and various musical styles each weekday; also, we've revamped our morning show to add new surprises along these lines. So be sure to send any creative stuff our way...Increased airplay for The Members, Styx, and Chris DeBurgh...The INXS record is just what all stations looking for that elusive middle-ground should get on now! It sounds like a new tune and it sounds like an old, familiar tune, and it's good to boot. This one won't take Paul Yeskel and Atco very long to close-out for good reasons."

WRGN, LONG ISLAND, NY P.D.-BARRY GRANT: "Is it true that there are only a handful of people who understand how to successfully program radio? If you have half a brain, common sense, and some knowledge of music and people, you just might be able to do it yourself. Hey, almost everyone I know is becoming a consultant!...Lots of good, new music these days. It's quite a challenge in a conservative area to make modern music work with the established stuff. Our core audience isn't thrilled with a lot of the core groups, but like the obvious: Clash, Men At Work, Stray Cats, etc. 25+ listeners are not responding to most of the new music groups...Let me put on my Sports Director hat: The New York Islanders are beginning to look like they won't repeat as Stanley Cup Champs. Lots of talent, but not hungry enough. Two days after Wayne Gretzky scored 4 goals against him, I asked Mike Bossy if he got any tips from the Great Gretzky. He was really upset about the question. The incident made most of the New York area newspapers."

KILO, COLORADO SPRINGS, CO P.D.-RICH HAWK: Best of luck to Art Phillips on his adventure to Hollywood. Art has been one of the backbones of KILO and we'll miss him dearly...I'm pleased to announce the appointment of Alan White, 'No, he did not play with Yes', as Music Director. Alan will have the same music call hours as Art did, and is a bonafide music maniac."

KZEL, EUGENE, OR P.D./M.D. KEN MARTIN: "Effective immediately, my new music hours will be M-W, 10AM to Noon. Please try to confine music calls to these times...KZEL is involved in our first Rock World promotions the weekend of March 5 & 6. To those of you unaware of the concept, it is a merchandising fair, feared to a young, adult rock audience. We expect a minimum of 20,000 people during the two day run. In addition to live promote broadcast, we are planning a video rock booth and need to borrow rock video from all sources--preferably on VHS cassette format, although we'll be equipped to handle any cassette. If you can loan videos, please get in touch as soon as possible, or send videos to: Ken Martin, P.O. Box 70128, Eugene, OR 97401. Once again, we're only asking videos to be on loan to us, and they will be returned promptly after March 6th."

KSJO, SAN JOSE, CA M.D.-NIKKI STEVENS: "Head Rush Record Of The Week: The Jon Butcher Axis' bold as they come' Lp. Side One kicked my ass clear to Boston. Honest injun...It stuck to my turntable with the repeat button taped down. Any reference to him and the late great Hendrix is justified. We're on 'Words' and 'Life'...Watch this space next week for rants and raves about INXS."

WYNF, TAMPA/ST. PETERSBURG, FL M.D.-RON DIAZ: "After several days of doing mornings (6-10AM), I'm totally (fer sure) acclimated. No longer am I Tampa Bay's party animal--lights out at 10PM, as Ray Carlton of Elektra can testify. Great time, Ray, sorry I couldn't stay out later...A piece of music that knocked my head back this week is Jon Butcher Axis--pure clean rock and roll. I don't know about you, but this kind of music is our bread and butter, meat and potatoes. I love 'Life'. It ain't nu-rock, it's straightahead rock. Polygram's bullet hits the bone again with Jon Butcher Axis...INXS is another rock and roll record that has that full, rich sound. 'One Thing' is a well crafted piece...Robert Ellis Orrall, you born again madman, what's your story? Love the pain record 'Tell Me If It Hurts.' R.E.O. it don't hurt, it sounds smooth as silk."

WAAF, WORCESTER, MA M.D.-ROB LIPSHUTZ: "A listen to the entire Jon Butcher Axis album reveals a wide range of good songs performed by one of the year's best new talents. 'Life Takes A Life' and 'It's Only Words' should be obvious cuts to play; plus, there's other good tracks, especially 'New Man' and 'We Will Be As One'... 'Let Me Go' from Heaven 17 comes on like a sonic smash on the radio. I expect this to get big requests...U2's 'New Year's Day' is another emotionally charged track. They've been ready for a couple of years and now with radio caught up, it should do well...As predicted, everybody loves 'Come On Eileen' and we're blasting it in our hottest rotation...Journey displaced #1 Men At Work in album sales and Def Leppard is the 3rd best selling record...Neil Young's 1983 concerts are even more arena-shaking than the 'Live Rust' presentations. The audience reacted as wildly to the 'Trans' tunes, reproduced with the sensational use of computers and video, as they did to his acoustically performed classics. This helps to confirm my belief that the audience is capable of appreciating a lot more than many radio programmers are willing to give them credit for."

WPYX, ALBANY, NY M.D.-BOB WELCH: "We've joined the Mexican radio network this week. We've been getting calls on this one all along due to MTV airplay...Vandenberg goes to #9 in local sales, and it's still a Top 5 request item...Golden Earring sales finally kick in. The album debuts at #16...Scandal is building in sales and requests; as are Thomas Dolby and Dire Straits. There is something to be said about specially priced Eps."

WAQX, SYRACUSE, NY ASST. M.D.-AMY DAHLMAN: "FROM ED: 'This past weekend was the most exciting ever for 95X. We co-promoted and completely sold out the Phil Collins concert. Halfway through the show, Robert Plant came out on stage. We were fortunate enough to receive an exclusive interview with him afterwards. Topics covered included a tour, 'Very soon--by the end of the year'; possible musicians to accompany him, 'One of the two drummers in the room will probably be with me'; and, new music he's interested in, 'I really like "Sooner Or Later" by the English Beat.' Robert also told us that 'Far Post' will probably be on the next album which he's currently recording in New York. Phil Collins will be on at least several of the tracks. It was an honor and pleasure to meet one of rock's true legends...And now to AMY'...A year ago, Jon Butcher Axis opened for J.Geils in Syracuse. They cook on stage. We add 'Words' this week from the album...Also looking forward to exciting new vinyl from Duke Jupiter. These guys are Central New York favorites and word is that the new one smokes!!...After The Fire is building with 'Der Kommissar', as well as Tony Carey's 'I Won't Be Home Tonight'...Adam Ant and Scandal play Syracuse in a soldout show tonight. Ant people are coming out of the woodwork...Thanks this week to: Paul Yeskel and Vandenberg; Atlantic's Jeff Appleton; and, CBS's Doug Hamman and Jay Miggins for a night out with the guys."

WSCY, SYRACUSE, NY P.D.-BERNIE KIMBLE: "Chip Knight is now a member of the staff. He continues to be Music Director and is now doing the 6-10AM shift. We've had great cooperation from everyone in helping us start a brand new station. Would like to thank: Jeff Appleton for the Phil Collins interview; Paul Yeskel for the Vandenberg interview; and, also to Jay Miggins for the Scandal interview...The acceptance to the new music has been overwhelming. We call ourselves Rock of the 80's, and people seem to enjoy a bit of fresh air on the radio...We will be fully staffed by February 28th."

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "Overreacting? Who's overreacting? Those of you getting on in years may remember a time when pop music was dominated by the Motown sound and Bobby Vinton look-alikes. A few of your friends started getting into the British Invasion stuff like the Beatles, Yardbirds and (shudder) the Rolling Stones. You probably thought those friends were weird, and were even possible drug fiends. Eventually, you came around, though. And the process didn't take all that long. Maybe you remember that the same progress took place in the late 60's. I mean, who is this Jimi Hendrix and why does he play so loud? Well, now the trend is toward this 'Modern Rock' stuff (God, I hate labels). Yes, it might scare a few people away at first, but eventually they'll come around. And when they do, the station that has built a reputation for playing new music is the station that will have the audience. The 80's will be the decade of renewed growth for AOR or it'll see the format's demise. The decade is one-third over, it's time to get our asses in gear...My favorite song this week is: 'I Eat Cannibals' by Total Coelo. I'd call them the Thinking Man's Go Go's...Repulsive album cover of the week (year?) goes to: Molly Hatchet. No comment about the music...Our Top 3 Requests Are: Thomas Dolby, 'Blinded'; Berlin, 'Sex'; and, Def Leppard, 'Photograph'. And the same people are calling for all three. Tell you anything?"

CHEZ-FM, OTTOWA, CN M.D.-GREG TORRINGTON: "Adds: Tenents, Paul Barrere, Robert Ellis Orrall, Bruce Cockburn single 'The Trouble With Normal' and the U2 single 'New Year's Day'...Paul Barrere is such a pleasant surprise for this dyed in the wool Little Feat afficianado. He certainly captures the spirit of his old band. The track selection was a real chore. We're starting with 'Fool For You'... Have you played the new Stevie Nicks/Peter Dinklage duet on the air yet? Oddly enough it's called 'I Couldn't Say No' under the pen names of Robert Ellis Orrall and Carlene Carter. In all seriousness, credit where it's due--it's a terrific song and a fun radio track from a very talented artist (Orrall) and a perennial heart throb, Carlene Carter. I sense a single here...Watch for Bruce Cockburn's new single and album soon, 'The Trouble With Normal'. Cockburn, like Neil Young, accepts and utilizes beautifully 80's concepts, both lyrically and musically...Our thanks to Bryan Adams for his 200% performance last night in a sold-out show here, drawing 2,300 people. Adams is ready to take on the U.S. with his upcoming stint on Journey's tour. With 100 dates, he's bound to come near you and you'll be more than impressed with the show and his performing abilities. The post concert sales and request action should be huge. If they aren't, I'll eat my toque!"

KILO, COLORADO SPRINGS, CO M.D.-ALAN WHITE: "We have heard The Call and we'll answer with 'The Walls Came Down'. This sound reflects the current state of rock radio with the Talking Heads--early Cars feel to it --Marty Balin sure turned our collective ears and heads around! 'Born To Be A Winner' has the familiar Jefferson Airplane sound of female chorus and tight rhythms that our listeners can grab...Jon Butcher Axis rounds out our adds this week with 'Life Takes A Life'. Striking Frippish guitar riffs are accented beautifully...I'll look forward to working with all of you."

KQDS, DULUTH, MN M.D.-BRIAN TAYLOR: "Adds: Jon Butcher Axis, INXS (12"), The Call, Marshall Crenshaw (12"), Single Bullet Theory, Gary Private, Prince 'Red Corvette'...Of all the latest product, my favorite this week would have to be the Jon Butcher Axis. 'Life Takes A Life' sounds like something Buddy Miles might be doing if he were still active today. It has a strong blues feel with some tasty instrumentals and production...Also impressed with the Marshall Crenshaw 12". We're still receiving positive response to his first Lp, so this new material will fit in nicely. His version of 'Rave On' is excellent! Too bad he was busy playing Jon Lennon when the Buddy Holly Story was being filmed...We are also going with Prince's track 'Little Red Corvette'. He could have a genuine shot at getting some good AOR play. If you're committed to playing your audience the best of the latest music, this is one you shouldn't ignore. Just consider the accolades the critics have been giving this guy and the number of Lp's he's been selling! Depending on what kind of impression you're trying to make on your market, this might be a good image cut... Sales leaders include: Journey, Seger, Men At Work and Saga... Increased play for: Def Leppard, Clapton, Berlin and P-Furs."

KFMQ, LINCOLN, NB M.D.-BOB ROSEL: "Adds: Bill Wray, Marty Balin, Modern English, The B'zz, Wall Of Voodoo...Tom and I think Beth Rosengard did us all a service a couple of weeks ago with her comments about the future direction of AOR. We would like to know when did the audience just switch off of old standards and totally turn on to 'Modern Music'? I can't believe Joe and Jane Listener woke up one morning, looked at their Lp collections, and went 'Yuck'. I think they still like standard groups. In fact, I feel they know their music so well they can't understand why radio is playing the same songs over and over when each artist has many other good tracks to choose from. This is ALBUM radio, remember? Sure there is a need and desire for a fresher sound on album radio which should include a healthy dose of Modern Music, but excess in any one direction leads to waste and eventual burn out. The right mix is the trick. KFMQ is going to continue to play all the music our listeners want, including a representative sampling of Modern Music, the latest music from AOR's standard artists, and different classics. This is the formula for success not only into but thru the 80's...Of our new adds, I find Modern English and Bill Wray the most intriguing and don't overlook Marty Balin. He's checked in with a real smart sounding record!"

WOWD, TALLAHASSEE, FL P.D.-DICK BLACKMON: "Adds: Scandal, Berlin, Robert Ellis Orrall, Jon Butcher Axis, Naked Eyes, The Members...Frida, Styx and Def Leppard move to heavy this week...Tony Carey, U2 and Wall Of Voodoo advance to medium...The phones for Journey, Rough Trade, Def Leppard and Greg Kihn are H-O-T!"

WDHA, NORTH JERSEY, NJ G.M. -BOB LINDER: "New equipment worth noting: The Carver TX-11 Tuner, retail \$500.00. Major break thru in FM reception. Allows total noise cancellation in full stereo on weak signals previously only listenable in mono. Biggest impact will be next year when this IC chip gets into car radios. Class A (3000 watt) suburban FM stations will soon be much more competitive signal-wise with larger Class C (25,000 watt) FM city stations. From North Jersey, this tuner receives perfect FM stereo signals from Poughkeepsie, Long Island, Allentown, NYC and Philly...New music worth noting: Berlin, and there is even more than just 'SEX' here; Michael Bolton, filling a need for quality main stream rock (and he's a hell of a guy in person too); Naked Eyes 'Always' is a fabulous remake--sounds like a h-i-t and it did real well on our Rate-A-Record feature. It sounds like something Soft Cell should have done after 'Tainted Love'; Thompson Twins 'Lies' and 'Love'; Marty Balin 'What Love Is' and 'Born To Be A Winner'; and a re-add for Frida...Thanks to Jim DeBalzo for lunch with Michael Bolton (we're rooting for you)...Disappointed in lack of sales on Sammy Hagar's 'Three Lock Box', altho 'Crazy' and 'Heroes' are still generating requests...On Valentine's Day we ran a first time Radio-Thon for the North Jersey Heart Association, raising over three thousand dollars...We would like to join the many stations in saying 'Boo Hiss' to WEA's new anti-concert tix policy. This will definitely hurt new artists...After our American radio debut of the digital Compact Disc's two weeks ago, we've had many requests for more info (201-328-1055). We plan to equip our control rooms with CD players for regular on-air use in a couple of months...The Eric Clapton Lp deserves special attention--all of side one is tremendous!...Enjoyed lunch with MCA's Sammy Vargas last week. He's gotta be the most upbeat record rep we know!...Love the Rick Segall Lp 'I Love You Because You're Fat'. Eating pancakes w/whipped cream while listening helps you get in the right mood...Also check out the new Lp of previously unreleased Buddy Holly songs...Does anyone out West want some snow shipped out special delivery?"

KLAQ, EL PASO, TX M.D.-ROB ROMAN: "From Arin: "Top 5 requests: Journey, Men At Work, Styx, Wall Of Voodoo, and Def Lep and Kiss tied for #5...As you can see, a balance between new rock and 'oh, what are they calling that other stuff these days?'. Right now balance and selectivity should be the key when choosing what to put on the radio...Kilroy is wonderful! Can't wait for the entire Modern English Lp as well and hope that Molly Hatchet's 'No Guts No Glory' delivers that message to everyone...Wall Of Voodoo continues to answer the call of the West here on the Border. We played it and played with it for months! Reaction has been Top 5 requests, a sold-out show, with all psychographics pounding the tables for 'more' of that added element of fun on the radio. Don't ignore 'Voodoo Child'--after nine months it should be ready to pop... This week's thanks go to Greg Gillispie for The Flock import, Bone for such a filthy mind and nasty phone calls, Jerry Barrett for the visit and Heavy Lenny for his heavy heart!"

KFMH, MUSCATEEN, IA P.D.-STEVE BRIDGES: "Adds: Simple Minds, Yazoo, Strange Advance 12", Naked Eye 12", INXS 12", and Marty Balin...Naked Eye's 'Always Something There To Remind Me' is extremely tremendous. Love it!...Lot of requests for Ultravox's 'Hymn'...And 'Stand Or Fall' by The Fixx has picked up on the phones. People are finally listening to the lyrics...Drag Yazoo's 'Situation' out of the oldies file (it was released a few months ago). We're getting a lot of phones on it. It ain't punk! The record is dynamic...Simple Minds' album is also one that should be re-examined...Everyone here has got the flu. So if we sound funny when you phone us, it's not intentional. We're just sick! This is the first radio station in the Midwest to use Kleenex as an audio process."

WQMF, LOUISVILLE, KY M.D.-DUKE MEYER: "Adds: Pretenders...Again a project comes in that lives up to its pre-release kudos--the INXS 12" is excellent...The new Marshall Crenshaw 'Cynical Girl' sounds real interesting to me...It was good to hear from Mike Levine. By the way Mike, I've relayed your message to Tom and we're dropping 'Fantasy'. Just kidding!! Hope to see you soon...Duran Duran is as hot as ever...Still working on Blanket Of Secrecy and Robert Ellis Orrall."

WILS-FM, LANSING, MI P.D.-LES COOK: "Album of the week: Styx. Great concept album full of radio songs. 'Double Life', 'Cold War', and 'Heavy Metal Poisoning' all sound great...Also this week we're dealing with Heaven 17 'Let Me Go', The Call 'Walls', U2 'New Years', Dexys Midnight Runners and Bill Wray's 'Somebody To Love'...Saw two incredible shows the past few days. Thanks to Louis and Phil of Capitol for a good time Friday. And thanks to Missing Persons for a kick ass show...Also to Tony Smith and Linda Vitali of EMI for the Little Steven show Monday in Detroit. If you get a chance to see either one of these shows, do it."

WLVO, COLUMBUS, OH M.D.-TIM SMITH: "Finding it quite amusing to read all of these skeptical comments in the Sheet regarding the emphasis on current music. So much of the chatter seems to be based on a misunderstanding that it's 80% Modern Rock!!!! Sure, KROQ is successful with it, but why bother handing out advice on something that:a) we don't know about, and/or, b) we haven't heard executed properly? Here's a clue. Many CHR's and now hot hit stations are finding success in playing current music as in up-to-date releases...Mucho thanks to Champion Entertainment for the steal on Hall and Oates. Also to A&M for the prompt response on jock service...Dexys Midnight Runners explodes this week. Phones on it believe it's new Queen...INXS has all the elements of a modern hit."

WVCK, FLINT, MI P.D./M.D.-MARK MILLER: "Art In America continues its climb. All area stores are under 3rd re-order; they can't seem to keep it in stock. Best reaction to 'Art In America', 'Loot' and in particular 'Undercover Lover', which when all is said and done will be the track to reckon with...The 'Life Takes A Life' cut from Jon Butcher Axis literally blew me out of my chair. The album as a whole seems pretty solid but without question, 'Life' is a masterpiece...Don't overlook the remix on Chilliwick's 'Secret Information'. I always thought that track was the best from 'Opus X' but this new version jumps off the vinyl with a life of its own. Striking combination of 1983 state of the art production, hooky melody, knife-edged rock and roll core. My only question is, why don't we get these hot mixes the first time around?"

WMJQ, ROCHESTER, NY ACTING P.D.-MICHAEL ISABELLA: "U2's new 12" is a marvelous, thickly textured preview of what should be an amazing album. We are all looking forward to Atco's big release at the end of the month. I think they're doing this just so Mr. Yeskel can talk about about something other than Vandenberg. After 14 weeks of frantic discussion, we have agreed to give 'Burning Heart' a chance... Giving things a chance has been my general frame of mind lately. Dexys Midnight Runners and Thomas Dolby being the prime examples. For once, I think we beat the CHR's to the punch with 'Come On Eileen' and the Dolby is so damn quirky that I have to play it. How's that for a reason?...As one of the billions and billions who was schooled in Boston, I am really proud of Robert Ellis Orrall and Jon Butcher Axis. Both are great albums that are right for the times...Finally, I was stunned to hear the news out of Detroit last week. The magic was there and I know that it will surface somewhere else."

WRQO, CHARLOTTE, NC M.D.-JACK DANIELS: "The Naked Eyes cover of 'Always Something There To Remind Me' is a good song. It's an 'Oh Wow' for the older demos and a great new song for the younger ones...Art In America is fantastic, finally someone has captured the 'Yes' feel and brought it to the Modern Music sound of the 80's. 'She Blinded Me With Science' garnered instant phones, a few megs at first but the positives were overwhelming. Some stations have been hesitant to play 'Science', don't wimp out--play it!! If you can't hear this record on rock radio, you must have left your ears behind at Woodstock. Thanks for the Divinyls cassette you mailed out in the sheet. 'Science Fiction' tested well and will be a SMASH!!! I love it."

WKZL, WINSTON-SALEM/GREENSBORO, NC M.D.-CHUCK HOLLOWAY: "Journey retail is amazing. The first album to displace Men At Work here since way before Christmas. We're going with 'After The Fall' in addition to the single...The INXS is terrific!! Modern music meets solid rock and roll. If the Stones got trendy and painted their hair blue, they'd sound like INXS...I knew the Dexys Midnight Runners 'Come On Eileen' was a hit when driving through the wilds of North Carolina. I heard it on WLS in Chicago, the last of the AM rockers."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "Had the pleasure of seeing some great shows recently. Phil Collins is one that is not to be missed--simply fabulous. The Nitecaps also turned in a tight and energetic set at a recent club night and we are looking forward to our sold out Adam Ant/Scandal show tomorrow night...Pleasure to welcome back to town the CBS travelling road show of Jay Miggins and 'Mr. Restaurant' Doug Hamann. Those two together are enough to make any mother worry."

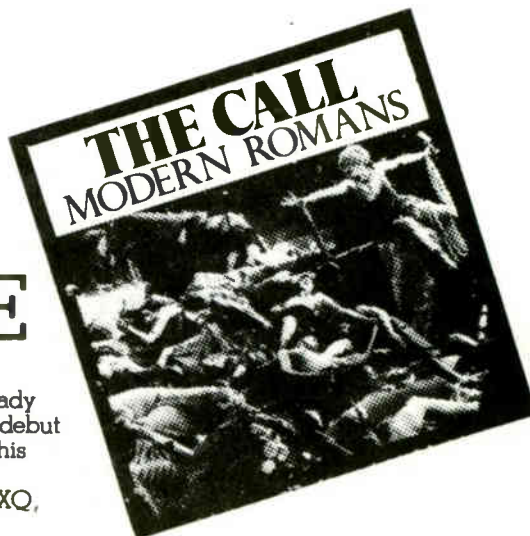

WLRS, LOUISVILLE, KY M.D.-BRIAN CHRISTOPHER: "After The Fire goes into the hot's this week. The record is a total smash. The stores are going crazy trying to stock this thing. I'm proud to be in on this project. It's the strongest phone record we've seen in a long time...A new item on the menu this week Mc Vandenberg, (no low blows here Bill H.)...The U2 single is the next item before Congress. I love this record, two spins and you're stuck. Our hairlipped cleaning lady is just mad about the new Skip Stevenson comedy record. She's bringing in her knee pads tomorrow. To quote the Susie Austin Show--'The Shoebox Has Landed'."

WSKS, CINCINNATI, OH M.D.-MARTY BENDER: "You're all being advised here not to miss out on Strange Advance. I hate to limit their uniqueness to a comparison, but the Cars at their best do come to mind. It's moody, melodic and just manic enough to cross any AOR boundaries...Besides the strength of the lead track, the Jon Butcher Axis also debuts on the merits of its potential depth...And do I have a nifty, wacky, sexist comment on Berlin. Not here, thank you."

KWXL, ALBUQUERQUE, NM M.D.-DOUG DAVIS: "Once again there's a lot of very good records out. We really like Art In America, the title track. Seems to be hitting a segment of our audience that's not yet real fond of Modern Music but burned out on metal...Also refreshing are: Jon Butcher Axis and the Ultravox records... Simple Minds' 'Somewhere Someone' is a very crafty song and production, even without the gold vinyl...The Thompson Twins 'Lies' should be a Top 10 record...And we've also gone on a real left field record, Yazawa. Check out: 'Rockin My Heart'...There's just so much assessible new music out that it's hard to mention them all...Scandal moves into our hot rotation, and Ric Ocasek's 'I Can't Wait' joins 'Something To Grab For' in our power slot."

WPDH, POUGHKEEPSIE, NY P.D.-PETER CLARK: "Who is this Dolby chap and why are we all so into his music? The videos are superb, too. This week we add 'Submarines' to 'Science' with good response to both...Thanks to the good folks at Westwood One for the Dimento Memento...We're on a new band called R.Best. No record deal yet, but it's what radio is looking for: Short tunes full of hooks; lyrics with a novel twist and tight production...The new D.C. Star song is the best produced track they've done yet. It'll be good to hear them on the WAPP album. Just remember where you heard it first, guys...The Jon Butcher Axis track is haunting me. It's truly fine...And I can't get that INXS tune out of my head...Personal to Mr. Krysz: Here's a mention of 'Hymn' by Ultravox. You can add it now, your ears don't deceive you. And that piano player is my mother so watch what you and Buck say about her."

WWVW, CHARLOTTESVILLE, VA P.D.-JAY LOPEZ: "Adds: U2 12", Jon Butcher Axis, Styx 12", and INXS 12"."

WWTR, OCEAN CITY, MD M.D.-BRIAN KRYSZ: "Adds: U2 12", Ultravox, Strange Advance 12", and Naked Eyes 12"... Berlin goes to heavy this week. The phones and sales tell us 'Sex' is a big hit already...Gary Private and Styx still delivering lots of phones...Men At Work, Stray Cats, Triumph, and Journey selling like a bitch!... Greg Kihn's Lp showing great sales after only a couple of days...This week's promotion: 96ROCK gives you head for 96¢. Moose HEAD beer, that is, at our George Washington Birthday Party, complete with pie-eating and cherry picking contest...Valentine's Day was great. How many other days can you walk around with a 'heart' on and not get strange looks?...Thanks to: Mark Weiss and Ilsa from Rocshire for the Tony Carey 'I Won't Be Home Tonight' promotion...Personals. To Mike Bone: Sorry, no photos. But if you pay me to fly back to L.A. for a rendezvous with her, I'll be happy to get you some--or better yet, have her delivered here...To Buck: Thanks for the call...We're still looking for an overnigher and a lifestyle news person."

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "Before the usual comments, I would just like to say how exciting it is to see all this new music being added and played all over the country. It's about time American radio got off its ass...Speaking of new music, some stuff that's working for us: 'Come On Eileen', Dexys; 'Der Kommissar', AFT; 'Mexican Radio', Wall Of Voodoo; and, just about anything from the new Ultravox...On the more hardcore side of things: The new Journey shot straight to the top, with the Def Leppard right behind... Incidentally, my favorite track on the Def Leppard is 'Too Late For Love' on the first side. Sounds great on the radio...Also doing well in sales and airplay: The Fixx, Neil Young, Dire Straits Ep, Red Rider, Thomas Dolby, and Dexys Midnight Runners...Check out some great new music from Jon Butcher Axis, a Boston based band; and, INXS on Atco...Locally, we're giving a band called R.Best a shot...P.S. 'Living On The Ceiling' from Blancmange is a must...Till next time."

WKLC, CHARLESTON/HUNTINGTON, WV P.D.-NEIL LASHER: "Adds: Thomas Dolby, 'Submarines'; The Call, 'Walls'; and, Paul Barrere, 'Coquette'...Hots: Golden Earring, Def Leppard, Men At Work, Styx, Journey, Bob Seger, Frida, Greg Kihn, Eric Clapton, Joe Jackson, and John Hall Band...The FM105 Rock Expo '83 was a total smash! Three days of the most exciting exhibits and groups. Our thanks to: Ted Mussaro and Phil Quarteraro of RCA (although Steel Breeze never made it due to the blizzard of '83, their help and support was there)... To Harvey Leeds and Tom Genetti of Epic: The Producers were phenomenal...To Tony Smith, Dave Blandford, Dick Williams, and Rich Hawthorne of Capitol/EMI for John Hall (of course, Abe Hock and the John Hall Band too)...Tonight it's Ozzy and Vandenberg. Thank you, Paul Yeskel and Tom Genetti...Friday night FM105 presents the live HBO FM105 Fleetwood Mac simulcast...And Saturday, it's Hall & Oates at the Charleston Civic Center. Thanks, Jeb, and once again all at RCA...This month has been phenomenal for FM105. Yea, radio is fun again."

WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDBSEN: "Adds: Ultravox, The B'zz, and Eric Clapton...Top Sales: Men At Work, Journey, Pretenders, and Duran Duran...Bittens: Don't take my pearls of wisdom out of context, and don't misquote me! It was, 'A hit is a hit and that is it'. It serves to end debate on a record we all know is a smash, no matter what the ridiculous excuse for not adding it...For instance, I didn't have room for Simple Minds doesn't mean that 'Promise You A Miracle' isn't a hit record. We'll try to muscle it in next week...To Robyn and Bone: Don't worry, you know I'm playing your records (well, most of them)... To Merv and Dave: Thanks for a great visit and for all your recent help."

KKRQ, IOWA CITY, IA ASST. P.D.-TED BURTON JACOBSEN: "Adds: Wall Of Voodoo 12", Ultravox, and Dire Straits Ep...Wall Of Voodoo is bound for the mega spins. Once given a chance, this record can go the full 10 yards... The Ultravox is another story. With MTV kicking in shortly, we can't ignore this record. 'Reap The Wild Wind' sounds great...The Dire Straits Ep has finally hit me. Knopfler sound is definitely here...Also looking at Robert Ellis Orrall for its future potential...In the 'destined-to-make-it' category: Robert Hazard's 'Escalator Of Life' and Thomas Dolby's 'One Of Our Submarines' are two of the most fun records of the new direction...Still getting substantial requests for: Night Ranger and Vandenberg."

KEZO, OMAHA, NB P.D.-GREG GILLISPIE: "Adds This Week: Ultravox, U2, Men At Work (Imp), and Duran Duran first Lp... I think the Ultravox is a beautiful record, and Sky's comments hit the nail right on the head...U2 is also strong, but I have heard there are even stronger tracks on the album and I'm looking forward to hearing that...The Men At Work import 'Dr. Heckyll And Mr. Jive' gives strong indications that they are not a one-shot band. Somewhat disappointed, though, that CBS is not going to pursue 'Be Good Johnny' or anymore songs from that debut album before they release a second Lp...We also added Duran Duran's first album 'Girls On Film', based on the tremendous success that we have had with the most recent album...Also be on the lookout for an album from Planet P. I understand Tony Carey is the vocalist, and it'll be interesting to have both records out simultaneously."

WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ: "We're really excited by the new release from Jon Butcher Axis. We've played their music before on local tapes and we're totally behind this act and hope the national release will welcome them. At this point, the strongest cut for us is 'It's Only Words'... Another local act that's doing very well for us is Robert Ellis Orrall 'Tell Me If It Hurts'. It's a catchy song and, even though it sounds like early Genesis, has merit on the airwaves...It was nice to have a visit last Friday from John Hall who was in town opening up for the Marshall Tucker Band. He's one of the easiest people I've ever interviewed and in general we appreciate support from EMI's Jack Dougherty. As if by coincidence, 'Love Me Again' from Hall's new album is building very nicely around here and we hope it's starting to develop some audience reaction...One record that I never thought would go as far as it has for us is Scandal's 'Goodbye To You'. I know that they're getting steady video exposure on MTV but at a certain point no amount of exposure can be the soul reason for a group's success. In essence, we're talking about good rock and roll that will grab listeners' ears, regardless of where they hear or see it...Another sleeper for us is Frida's 'There's Something Going On'. We've been playing it since November and it still sounds refreshing on the radio...Sorry to hear about the events at WLLZ in Detroit and we wish Dave Garfano the best."

WYMX, AUGUSTA, GA M.D.-OWEN HOLMES: "Adds: Berlin, Clash, Thompson Twins, Greg Kihn, P-Furs...Had a great time in Birmingham, Alabama, thanks to the hospitality of all the record folks. It was nice to meet and talk with Margo Knesz, ATCO; Richard Palmese, Arista; John Barbis, Geffen; Mike Martucci, CBS, and the list could go on and on. Special thanks to A.O. and Don Miller my buddies...Music-- Dexys Midnight Runners, I don't care if it even has a fiddle or a banjo in it, this record is H.O.T... The Saga record 'Worlds Apart' keeps selling and selling, so we've changed cuts from 'On The Loose' to 'Wind Him Up'...The Tony Carey 'I Won't Be Home Tonight' takes a few listens, but it is definitely worth your time. If you don't have a copy of it, call Brian Rooney at Rocshire records and he will gladly supply you with one...Top 5 sales: Michael Jackson, Adam Ant, Journey, Bob Seger, Men At Work... Big movers: Eric Clapton, Phil Collins, and After The Fire...Big requests: Journey, Clapton, After The Fire, and Vandenberg."

WYFE, ROCKFORD, IL ASST.P.D.-THE DOCTOR: "First of all, I wanna get on Warner Brother's case for not printing any Pretenders 12". We've got two hits on there, and now CHR is on 'Chain Gang', but we can't get anymore records. And the album isn't due until probably May! Do you really want us to play this scratched up copy forever, or can we get some clean ones, 'cause I'm not ready to recurrent this record yet?! Thanks!...Now then, was that really Jay Hart in town last week? Goodness, gracious, yes, and we had a great time along with Kevin Carroll, Ward Holmes, and Red Rider...There's something about these Canadian Canadian bands that I wish would rub off on everyone else. Everyone of them has been real good to work with, and Red Rider is certainly no exception. They're a great bunch of guys and they're got some great music...We're changing tracks on Thomas Dolby this week to keep that album fresh. 'Submarines' is a perfect follow-up to 'Science'. It may not be as unique, bit it is just as catchy...Speaking of catchy, have you heard 'Der Kommissar' from After The Fire? It's excellent...Ultravox has finally come out with something totally accessible for radio. 'Quartet' actually has a couple of outstanding tunes, but I prefer 'Reap The Wild Wind'. It's got a heavy feel to it, but yet it maintains their techno-roots... We've been playing Blanket Of Secrecy's 'Say You Will' for awhile. It has really started to grow on me. I've always liked it, but it's far beyond that now. The harmonies are incredible...The track that everybody around the station is singing these days is Wall Of Voodoo's 'Mexican Radio'. So, I'll close with adios amigos...P.S. to Tom Stein: I've always known you to be a little backward anyway. It comes from all that bowling."

Modern Music News

By Denny Somach

ROBERT PLANT MADE A SURPRISE appearance at a PHIL COLLINS concert in Syracuse, New York. According to correspondent ED LEVINE of WAQX, Syracuse, PLANT walked on stage while COLLINS was introducing his band. After the show, LEVINE talked with PLANT about his second solo record and debut solo tour. PLANT has been recording tracks in New York, and he will definitely tour by the end of the year, most likely accompanied by PHIL COLLINS on drums. Also, the import track not on PICTURES AT ELEVEN, called "FAR POST," may be included on the new Lp.

THE POLICE HAVE been working in Le Studio in Canada with producer HUGH PADGHAM. Even though the new album is completed, the release has been held up until the end of May. There's still no word on a title or tour plans.

THE CLASH are in London recording their follow-up to the successful COMBAT ROCK. According to the band, they will remain a three piece unit. TERRY CHIMES, who was recruited for this last tour, will not be a permanent member. THE CLASH will also have a short appearance in the new MARTIN SCORCESE film, THE KING OF COMEDY.

FORMER HAIRCUT 100 vocalist, NICKY HEYWOOD, will have his first solo single out in the U.K. on March 3rd. It's called "WHISTLE DOWN THE WIND." The second HAIRCUT Lp has been shelved. The band, now a five piece, will soon start on a new set of demos.

PAUL BARRERE, formerly of LITTLE FEAT, has recently released his new solo project called ON MY OWN TWO FEET. His tour, which will include a few members of THE DREGS, will start on March 9th in Atlanta. BARRERE will be on the road until the end of May, playing mostly large clubs and small halls. The plans after that are to play outdoor arenas in the Summer and Japan in the Fall. The album has just been released in Canada, and on April first, WEA will put it out worldwide. BARRERE starts tour rehearsals this week in Atlanta.

ALL OF THE GOOD ONES ARE TAKEN will be the name of the forthcoming album by IAN HUNTER. Expect that around Mid-April. IAN's new album was produced by MAX NORMAN, who recently did the production and engineering chores on OZZY OSBOURNE's SPEAK OF THE DEVIL. HUNTER will probably tour this summer.

FORMER DOORS' keyboardist RAY MANZAREK has been working with avant-garde composer PHILLIP GLASS on a solo project for A&M Records. The release date has been set for April 26th.

IAN COPELAND'S FBI has recently signed to be the American representative for three new acts: HEAVEN 17, THOMPSON TWINS, and SIMPLE MINDS.

THOMPSON TWINS start their American tour on March 11th, kicking off two nights at THE RITZ in New York. A second single called "LOVE ON YOUR SIDE" from their second ARISTA Lp SIDE KICKS has recently been released in the U.K. PAUL WELLER, formerly of THE JAM, has a new band called STYLE COUNCIL. Their debut single called "SPEAK LIKE A CHILD" will be out soon on POLYDOR UK.

NEW MUSIC REPORT: NEW ORDER recently finished a bit of recording in New York and will soon release a new 12" single called "THE BEACH/BLUE MONDAY." Their Lp POWER, CORRUPTION AND LIES will be out later. According to our sources, the band will be doing dates in the U.S. in late May/early June.

PETE SHELLEY, former BUZZCOCK and known for his solo single "HOMOSAPIEN", will have a new single called "TELEPHONE OPERATOR" out in the U.K. on Monday. He and producer MARTIN RUSHENT are finishing up his second solo Lp due in April.

B-MOVIE has just released their popular single "NOWHERE GIRL" on SIRE records last week. They will tour in March and April. Some of the dates are: 3/24--Boston, 3/31--Detroit, 4/8-9--Los Angeles. More dates will be announced.

NEW MUSIC REVIEWS: "Oblivious" - AZTEC CAMERA (Rough Trade). 60's style pop with acoustic guitar. This song is so catchy, so neat, even so dancey that it's irresistible! The vocals are pleasing to the ear; the chorus is undeniably penetrating, and that acoustic guitar is just overwhelming. It's #5 this week on the British indy charts. It's so cool!

"Electric Avenue" - EDDY GRANT (Portrait). This song is pure joy. A rebellious tune with substance, "Electric Avenue" has enjoyed good standings on the British top ten for weeks. There's no reason it shouldn't do decently here. The hooky electronics, sparse guitar, and up front vocals catch the ear with every listen.

NEW MUSIC PROFILE: POLYROCK...Has been a critically acclaimed band from the New York avant-garde scene for quite a few years. They had two records on RCA before their jump to PVC. Their recently released five track Ep, ABOVE THE FRUITED PLAIN, has already received good press and club reaction. POLYROCK incorporates neat syncopations and good pop sensibilities to create some very interesting and listenable music. Check out the tracks "WORKING ON MY LOVE" and "CALL OF THE WILD" on the new Ep.

COMMENTS: "THE BIG ANNOUNCEMENT: As of Feb. 14th WLYN-FM has been under new ownership. Boston's weekly, progressive newspaper The Phoenix and publisher Steven Mindich are the new owners. On or about March 1st our new call letters will be WFNX or Phoenix Radio. There have been no plans announced to change or alter our music policy in any way. The Boston Phoenix is an intensely promotion oriented company which will make WFNX an extremely visible and well rated station in the Boston market. We have a very positive outlook for the future of WFNX in Boston."

HEAVIES: Mission Of Burma, Heaven 17, Dream Syndicate, The Jam, Human League, Thomas Dolby.
INCREASED PLAY: Blancmange, Robert Ellis Orrall, The 3:00.

COMMENTS: "The challenge these days is to play as many kinds of new music as possible. Not just synth-pop. They're still making guitars aren't they? Preparing to see three of my favorite American bands this week: X, The Cramps, and Dream Syndicate. Now that every market is the U.S. will have a 'Rock of the 80's' what will you call yours?"

RECORD FUTURES: Tears For Fears (45), OMD (45), Ministry.
COMMENTS: "I think that the one-sided single is a great idea for the record company, the retailer and for the consumer. But if they can make a one-sided 45 that costs 35¢ and retails for 69¢, why can't they make a two-sided 45 that costs 70¢ and retails for \$1.39???"

STRAWBERRIES, DIANNE WEINLES:

THE CHANNEL, HUGH MUNOZ:

CLUB HITS: Falco, Dexys Midnight Runners, Thomas Dolby, Modern English, Siouxsie And The Banshees, Heaven 17, Malcolm McLaren, Cure, Thompson Twins, The Dark, Simple Minds.
NEW ACTION: Soft Cell, The Passions, The Call "Walls".
RECORD PICKS: Berlin.
COMMENTS: "Thomas Dolby's 'Science' has been surprising in its quick acceptance across-the-board, and is currently the tune that brings people to the dance floor, (I love the remix-club version). Congrats to Geffen for picking up Berlin. 'Sex' is the proven hit, but soon other cuts should take over. I've been getting many requests for After The Fire's 'Der' but when Falco's original version is played instead, the response is even better. I like his funkier gritty sound over After The Fire."

RADIO

KFJC, LOS ALTOS, CA M.P.-FRANK ANDRICK:

ADDS: Strange Advance, Marshall Crenshaw (Ep), Bollack Brothers, Thompson Twins, Volumatix, Mood Of Defiance.
HEAVIES: The 3:00, The Damned, Stranglers, Siouxsie And The Banshees, T.S.O.L., U2, Fad Gadget, Dead Kennedys, Echo And The Bunnymen, Bangles.
INCREASED PLAY: Thomas Dolby, Simple Minds, Mission Of Burma, Vibrators, Pillows And Prayers.
MOST REQUESTED: Stranglers "Ships", T.S.O.L. "Glass Streets", Cure "Let's Go To Bed", the 3:00, Heaven 17.
COMMENTS: "Just when I was starting to wonder if the Modern Music catalog of material dating from 1976 thru 1982 would be viable to the newer stations in expanding their playlists and street smarts, the question is answered. The Vibrators with John Ellis (Peter Gabriel and Peter Hamil) reform and re-release the classic 'Baby Baby', its like they never left. Echo Lp with two of their best singles ever 'The Cutter' and 'The Back Of Love' pave the way for their long awaited domestic acceptance. Local domestics The Units show increased airplay as dance floor action moves to the airwaves. Other movers: Blancmange, Revillos, and The Call. Presentations: The 3:00 and the Bangles packed and pleased the Old Waldorf. Iggy Pop (and Blondie's Chris Stein and Frank Infante) recorded live with interviews; KFJC welcomes The Members to town...Faces of the Future: David Bassin's preview time at Rough Trade; test pressings of the New Order single and Lp. The concensus, not merely good, but great!!! You'll hear about it."

HEAVIES: The 3:00, Mutants, P-Furs, Siouxsie And The Banshees, Dream Syndicate, Dexys Midnight Runners, Bangles, Rank And File, Prince, Members, Green On Red, Simple Minds, The Jam, Rubber Rodeo, English Beat.
COMMENTS: "The new Thompson Twins Lp is very good. Try 'Love On Your Side'...I'm still not sure on the new Stranglers...More good stuff: Aztec Camera, Fad Gadget, Echo And The Bunnymen Lp, the Church Ep and I love the Chris Stamey record!!! We're co-announcing the Members show here this week. Last week's Translator show sold out! Thank you's go out to all involved...Our BBC college concerts continue with The Jam and Soft Cell...Til Next time."

INCREASED PLAY: Bryan Adams, Shari Ulrich, Falco, Thompson Twins, English Beat.

MOST REQUESTED: Greg Kihn, Neil Young, Dire Straits, Dexys Midnight Runners, Bryan Adams, Thomas Dolby.

COMMENTS: "What version of 'Der Kommissar' shall we play this week? Falco is the current favorite - good thing it's a great song. Dire Straits moving from the word 'go'. Being more accessible to commercial radio, this Ep is picking up more than just their loyal following...Sales on: Neil Young, Robert Hazard, Bob Seger, Ric Ocasek, Culture Club, Michael Jackson, Dire Straits, Led Zepplin, Thompson Twins, Scandal...The Pretenders refuse to quit. But we must be careful - even a song that always sounds good can get burned out. Let's save some for later. I could report on Ric Ocasek, alas, if I only had it...Thanks to the FMQB team, Dan Stem, Tom Wallace, Cora McCoston...Until next week."

WUOG, ATHENS, GA P.D./M.D.-CHRIS SMITH:

ADDS: Blancmange, U2, Art In The Dark, Greg Kihn.

HEAVIES: New Order "Temptation"/"Procession", Modern English "Melt"/"Glad", Human League "Mirror"/"Glad", Material "Control"/"Down", The The "Smile", The Jam (Imp) "Move"/"Beat"/"Shopping", Polyrock "Working"/"China"/"Cains", Members "People"/"Family"/"West", Heaven 17 "Penthouse"/"Go"/"Rain", Little Steven "Fire"/"Good"/"Gun", The Pool "Dance"/"Sing"/"Harmonax", Dream Syndicate "Me"/"Definitely"/"Halloween", Lene Lovich "You"/"Hotel"/"Special", Rank And File "Amanda"/"Conductor"/"Coyote", Squeeze "Annie", Robert Hazard "Escalator"/"Change"/"Blowin'".

INCREASED PLAY: Material, Heaven 17, Little Steven, The Jam (Imp), Polyrock.

MOST REQUESTED: Bang!, Cure, Heaven 17, Thompson Twins, Members.

COMMENTS: "So the word from the big boys is that 'Modern Music' is hip, and they can make a buck on it. That's great. It needs the exposure. It doesn't need prostitution. 'Save It For Later' by the English Beat into Barry Reynolds' 'Broken English' into the Members' 'We The People' is exposure. 'Save It For Later' into AC/DC's 'For Those About To Rock' is prostitution. (That was a favorite segue for those at Atlanta's 96 Rock). Bottom line has motivated the switch to new music, to get that demographic that tuned out when chain saw guitar entered the heavy rotation of their favorite AOR (album oldies radio). Think art, and not product. Maybe radio will be fun again, and not the same old same old that it is today. When is the last time you heard an AOR station broadcast a show live from a local club? Presentation is the key. Anyone can play records. A disk jockey presents music."

WNUR, EVANSTON, IL M.D.-CHERI PUGH:

ADDS: Bollock Brothers, Eurythmics, Production Club (45), Meteors (45), Chesterfield Kings.

HEAVIES: Echo And The Bunnymen, U2 "New Year's Day" (45), Bauhaus "Lagartija Nick" (Ep), Fiat Lux "Feels Like Winter Again" (45), Heaven 17, Sisters Of Mercy "Alice" (45).

INCREASED PLAY: Aztec Camera (45), Ministry (12"), T.S.O.L., Dexys Midnight Runners, Stranglers, The Box (Ep).

MOST REQUESTED: Cure, Heaven 17, Falco, Echo And The Bunnymen, Dead Kennedys.

COMMENTS: "As you can see the new Echo And The Bunnymen Lp went straight to the top at WNUR, and the response has been great. They seem to have picked up a lot of new fans. The Lp will be out domestic soon and we hope a lot of people try it out...Aztec Camera are doing well here again with their new single 'Oblivious'. There are quite a few of these groups with that clean, fresh, happy, pop sound but I think they're one of the best of that lot, along with Orange Juice...Obviously our station has an incredibly fast turnover of music but being up on the newest things doesn't mean we forget about records a few months old. Hopefully other stations will pick up on them and keep playing them a lot. We're really pleased with the success of groups like Dexys, the English Beat, etc. If we're lucky, the stuff we're playing now will do as well."

KJUI, MOSCOW, ID P.D.-ROBERT BROYLES:

ADDS: Robert Ellis Orrall, Soft Cell, Blues Astronauts, Volumatix, Panther Burns, Thompson Twins, Ministry, Brave Combo, Kit Watkins.

HEAVIES: Lene Lovich, Suburbs, Dexys Midnight Runners, Dream Syndicate, Cure, English Beat, Bangles, Grace Jones, The Jam, Morells, The Call, T.S.O.L., Dead Kennedys, Garland Jeffreys, Material.

INCREASED PLAY: Riuchi Sakamoto, Young Executives, Dire Straits (Ep).

MOST REQUESTED: The Beat, The The, Wall Of Voodoo "Mexican Radio", Berlin, Lene Lovich.

COMMENTS: "Island had better get on the U2 and Blancmange releases heavily; they both have the potential for across-the-board radio play. Would like to see more of the AOR's comments on this section. Are we giving you any ideas or is this just a novelty to you guys?"

WOXY, OXFORD, OH M.D.-KELLY CARSON:

INCREASED PLAY: Dire Straits, Nitecaps, Descendents, The Jam (Live), Tom Stevens, Flag Of Convenience, Aztec Camera, U2.
COMMENTS: "Bangles' 12-inch isn't quite what the hype has built them up to be, but their second release is still good 60s-ish pop, with especially nice vocals. Anyone who hangs around with the Rain Parade and The 3:00 can't be bad...Human Hands' posthumous double Lp of assorted demos and live cuts is discouraging in that a band this good was ignored even by the indies...Warner Bros.: If you're thinking about pulling a follow-up radio single from Prince's album, how about trying a 12-inch of "Little Red Corvette" for an across-the-board smash...Ditto for Polygram with ABC's "All Of My Heart", which could be painlessly pre-faded to clock in under the four-and-a-half minute mark...New Cure is a big disappointment; so what if you can dance to it?! I liked 'em better when they were suicidal. I'd rather dance to the Nitecaps. "Go To The Line" is filled with the warmth that most of the dance crap these days seriously lacks...Steve Almaas (ex-Suicide Commando, Cracker) has a great solo Ep on Hoboken's Coyote label, chock full of chiming guitars and charming vocals. Buddy Holly meets Rank And File."

Record Action

JON SCOTT, MUSICVISION/BACKSTREET (213-344-5599): "Our weekly conference calls continue and I'd like to say thanks to Michele Robinson, Lynn Wells, Trip Reeb, Jeff Gelb, Tommy Nast, Bill Hard, Drake Hall, Buck McWilliams, Ron Sorenson, Warren Williams, Rick Williams, Mando Camina, Dave Lange, Tony Gates, Judy McNutt, Alan Sneed, for all being recent participants. If you would like to be included, please don't hesitate to call at 213-344-5599...Musically, Blanket Of Secrecy deserves your attention. (Who are these guys and why won't anyone say?)...Berlin, Thompson Twins, ABC, Jon Butcher Axis (exploding!), Rodway ('I Am Electric' will be broken by MTV) and Bill Wray ('Heartbreaker' and 'Love On The Radio') also deserve your attention...New favorites include: Simple Minds, English Beat, and The Call...P.S. Bowling Party in April! Details soon."

THOM O'HAIR, AUDIO INDEPENDENTS (415-864-0700): "Valentine's Day brings big magic by the Bay. A very lucky guy got married today. What a great Valentine! Happiness goes into power rotation til sign-off (date unknown)...Flash! AOR: After Orlando Radio...Pasadena: A confirmation of new convictions from a vertible choir of converts. Victims of core-library burnout. A terrible disease they've known about for two years but were powerless to cure until guru blow winds of change at gale force clearing the stagnant air over the swamp of recurrent radio. We should take the Sky ones' suggestion of a national 'Stairway' shrine. It would have to be in Cleveland (Roger & the Goosebumps could do two shows a day forever)...Get on with tomorrow, do something new today...Band Beatles weekends, commercial free weekends, album features, whatever you're having for lunch, dinner or snack. They were a joke. Not a format when we did them so long ago. If that wasn't bad enough, music married its cousin--the record biz. Leave the bastard standing at the station. Station? Did I say station?!...Why that was Radio R Us, a leisure time service of Audio Independents and exciting hint of communication of the future. Instant full service radio beaming its 100 MW Heart from Room 609 of the Huntington Sheraton Hotel. Radio R Us beamed up to the second convention coverage with the excitement and urgency that only radio can provide. Radio R Us is an experimental networking created through Audio Independents and made possible with the support and belief of a broad cross section of radio daredevils and music desperados. The illusion was complete. A.I. has tape. Make contact...Personal to Barry Mayo: Homerun pal. Bottom of the 9th power shot. Please don't stop takin' 'em to church. Trust in the positive power of personal change. I do, I did, I have...FFFR. '73's O'Hair."

BRUCE MOSER, COULD BE WILD (716-885-5200): "Belated birthday wishes to Bill & Collie Hard and Michele Robinson Sayre. Personal to Michele: I'm waiting for those movie reviews...Happy 1st Anniversary to John Gorman and Mary Helen...Looks like Gorman's new format is another winner. Last month's Birch report showed the station way up in all important demos...Thanks to everyone for their support on the new U2 single and wait til you hear the rest of the album. It's a masterpiece from start to finish...All stations should add 'I Will Follow' by U2 to their recurrents. In my opinion this song is to new music what 'Stairway to Heaven' was to old album radio...Bryan Adams continues to zoom up the charts. 'Straight From The Heart' ships this week as a single. Bryan will be doing a few club dates in the Northwest and then begin his tour with Journey as opening act. Listen for Adams on 'ROCKLINE' February 28th...Favorite new records this week: Naked Eyes doing a great remake of 'Always Something There To Remind Me'; the Simple Minds album, (the #1 album in Toronto) and a local band from Rochester Personal Effects (sounds like the Pretenders, call if you need copies)...Coming in the next two weeks: U2's album 'War'; Duke Jupiter's strong followup album; and a great new band on 415/CBS, Red Rockers."

MARKO BABINEAU, A&M (213-469-2411): "Just when you thought it was safe to play backward masking on an album along comes Styx, the new band of the future. The headline print says 'Kilroy was just a man whose circumstances went beyond his control'. So what we are saying to you is play it now---while you still can. This record goes beyond a masterpiece and the concept is not only timely but it hits on what's going on in the streets of America today. Watch MTV for the second Styx video hit within days on what will probably be the lead album track 'Heavy Metal Poisoning'. It's a killer...Speaking of killers, you know that little punk from Vancouver who is about to become the superstar of '83? Of course we're talking about Bryan Adams. Radio is finally honing down to 'Take Me Back', 'I'm Ready', and 'Cuts Like A Knife'. Don't be alarmed radioland! The next month and a half Bryan will be doing exclusive radio concerts around the country. So if you have an honest, strong reason to bring Bryan in, please get in touch with me in the L.A. office, (213-469-2411). After that Bryan embarks on 87 dates opening up for Journey. Way to go Bryan! Thank you for your belief and support in helping us break the biggest act of 1983...Speaking of breaking acts, A&M is on the horizon with two new acts, Chris DeBurgh and Simple Minds. Chris DeBurgh's 'Don't Pay The Ferryman' is receiving incredible phones from around the country with 20 major markets already locked up and the rest of the country to follow. Then you have Simple Minds which is not music for simple minds. With all the talk of new music going on radio, this is the ideal act that you can help carry this theme through. Where Chris has one definite cut on the radio, The Minds have 'Promise You A Miracle', 'Someone Somewhere', 'New Gold Dream' and 'Glittering Prize'. In the markets we have already picked up, retail is outselling the airplay. This is a #1 selling record throughout Canada and the reorders are devastating. MTV just added 'Promise You A Miracle' so please watch for it...Let's get back to the war between Falco and that other band. KROQ held a contest last week, playing all five versions and taking a listener poll on it. Falco pulled 150 phones and the closest was only 30 phones. America, when are you going to wake up? Just because it's foreign doesn't mean it won't work. We've proved it urban and in the clubs, and now we are embarking on radio. Make the move while you can...By the way, how come all of a sudden everyone hears the Wall Of Voodoo? It's about time everyone realized that the title didn't mean it could only be played in Mexico. Thanks for your support...Favorite new records: U2, Michael Bolton, INXS, Jon Butcher Axis, and wake up world, get ready for Planet P."

PAUL RAPPAPORT, COLUMBIA (212-975-8616): "Gee teacher! My comments got stuck in the snowstorm. And I was walkin' fast ya know, not exactly runnin' and--Miss Judy, what do you mean I'm left holding the Mike Bone bamboo-boy-late-again-Record Action award...Anyway, stuck in Nashville, stuck in Atlanta, (that's Etlanna)...Got to spend a real cool evening with Beard in Memphis. Glad to learn that Keith Sykes is working on a new one. Plus, went to see the Bluebeats, a local reggae outfit that destroys a lot of stuff that's out on record today. Real musicians! Beard, you and Sharon are lucky to live in that town...Also, a tip of the hap to Steve Runner for going through the wars and coming out on top. So, 96 Rock goes new music to a good extent and I was there Saturday and Sunday to study it. Purdy good you guys. If anyone wants to hear the way this stuff should be integrated, you ought to fly down and check it out--how's yer momma now?...Sorry for the late delivery (in some cases) of the Michael Bolton album. Neither rain, nor sleet, nor...right pal? Anyway, by now everything should be back in order. This record is a smash and does indeed come at a refreshing time. Our favorites are 'Fools Game', 'She Did The Same Thing' and 'Hometown Hero'...If you are not playing the P-Furs by now, you are either hopelessly out of touch with what's happening or you're too old to rock and roll. In L.A. the record is top 10, repeat, top 10 in sales and due to quick sell-out, the band is planning not one, not two, but three shows!!! Gee, do you think they're happening? Duh...Hi to Greg Geller from Graceland. Are you still dissecting these comments religiously? Just checkin'...Lastly, Wall Of Voodoo 'Mexican Radio' is a smash. Sorry Bailey! Could easily be one of the biggest tracks of the year. Roll it Plen!...Stay tuned for pix of Harvey the Great floating his dollar bill around the room. Only in the record business! Ya know, if they ever filmed one week of this stuff, no one would believe it."

BOB LAUL, GENETIC RECORDS (212-496-8326): "Another strong week on the Song Index as The Members go 79-30. Whew!! Some very special thank yous to the Arista staff in L.A., especially Pat Martine, Barbara Shelley and David Jurman. They're all on the 'uprhythm' side. Also thanks to KNAC's Jimmy Christopher, Sam Freeze and Dusty Street at KROQ for the great interviews with Nicky Tesco and the boys. If you haven't listened to 'Working Girl' in quite some time, call me collect and I'll give you some of their inside secrets. Oh excuse me, the telephone operator is one the line...Not to be missed: Leisure Process and The Maisonettes; two great new 12"s."

RECORD ACTION CONTINUED

MIKE BONE, ARISTA (212-489-7400): "Well, what did you do during the blizzard of '83? After spending Saturday and Sunday at JFK Airport, I'm back in the saddle and kicking ass. (Whoops, that's an old consultant term)...The Thompson Twins are killing on all levels. Get the fuckin' lead out of your ass and get on 'Lies'. If you ain't on the Thompson Twins by now, you are certified late and light. This record is such a hit even Bill 'Camera Club' Hard heard it first time around...Heaven 17--the slow build continues. Would you believe Rob Barnett hit the 17's this week? That's right! From high atop Norwich Street in the middle of Chainsaw Charlie-Land; 'Let Me Go' is gone. CHR is coming in nice and easy to make for a 2-prong radio attack that works. Ministry, yet another grower in the early pre-Lp-Ep stages. Big in the rock clubs and in NY, Chicago, Boston and Tucson (yea, Bubba Jim!) The Ministry album ships in early March. Stand back!...The Members debut on the FMOB Airplay Index at #39!!! Strong medicine! We have been working this girl for four months and she's finally put out, thanks to your support...Attention early birds: Be sure to listen to the Alex Call cassette. A touch of reality in a time of fantasy...Personals: Anyone that has any information or research regarding the much discussed backward masking issue, I would like to speak with you. I need to compile a listing of the alleged albums for a future project. A friend who manages a major rock act called to say that after exhaustive research he has decided to use Chuck Francour as his support on his forthcoming tour. It seems that the callout research was so strong on Francour that it far outstripped Vandenberg, Taxi, Jon Butcher Axis and others. Another wise move...Arin 'Heartbreaker' Michaels to holy matrimony this weekend. Don't give me that mumbo jumbo about the witchdoctor marriage, Arin! I still say it's not legal...Jon Kirksy: Don't pick on Harold Childs--he's smaller than you. (Who isn't?!)...Kyle Hetherington: Congratulations on your move up. Well deserved...Special message to The Father: Greg Kihn is my life."

MICHAEL PLEN, IRS (212-980-6699): "Please welcome Keith Altomare and Kyle Hetherington to the all new IRS promotion staff. These two individuals represent the East and West Coast promotion department as of March 1st. Kyle's on the West; Keith's on the East. And I'll still be here too, so don't despair...Records to Note: Wall of Voodoo 'Mexican Radio' after nine months, (yes Virginia, it came out on June 1, 1982), is starting to snowball. In the last three weeks we've seen over sixty adds both Top 40 and album wise. The consensus is high reaction and sales accompany airplay. My one biggest complaint to programmers about this record is that it is not a quick-burn record. If it's been around for nine months, it's obviously got to have some longevity, so don't automatically assume this is a four-week record. It's not! It is at least a ten-week-plus record. You should be receiving the album 'Call Of The West' in the next two weeks. Although it was released in August, we're re-releasing it just for you. Look for the cuts 'Call Of The West', 'Tomorrow', and 'Interstate 15'. This is not a one cut album and neither is the English Beat Lp. All you programmers who've slowly and quietly been sliding off the Beat are wrong. 'Save It For Later' moves up again to #29 on Bill's Song Index and that's pretty good for a band that saw no airplay with their first two records on Sire. Go back and listen again. And also check out 'I Confess'...Out next week will be Renaissance's new Lp called 'Time Line'. It features Annie Haslam as well as two other original band members. This is not a folk rock band. They are art rock in its finest sense, a la Genesis. Don't try to pre-guess this record. Just get ready to be impressed...Rumor of the week: Is Jon Scott producing the next Skafish record? Rumor has it it's to be a picture disc of old Jon and Ska embracing...Winner of the 'Der Kommissar' contest--Falco by a long shot."

JUDY LIBOW, ATLANTIC (212-484-6063): "Groundhog, indeed!!! He should have stuck his head out last Friday...Well enough of the slush reports. We've got records to report! Frida (I know, shut up Libow). But really, it's a record. Top 40's got the ball now and we just made breaker! The album airplay is stronger than every! Many thanks...Paul Barrere is breaking new ground weekly. Of late, L.A., Chicago, Milwaukee, Dallas, New York City and more. The key cut is 'Fool For You', a very accessible rocker that deserves your attention. The tour will start in March and should be a great live show...'Like China' from Phil Collins is making strong headway while the new single 'I Don't Care Anymore' bullets up the chart. The tour is receiving nothing but raves! Another untouched track that is starting to surface: 'Don't Let Him Steal Your Heart', a chilling, powerful ballad that could be one of the best songs Phil's ever written. Please listen to it if you haven't yet...Gary Private's 12" 'Lonelyhearts' is poking its head up, most notably at WCMF and KPKE! A solid rocker with some great hooks to it...Exploding on the front: U2 and INXS...Just shipped: Ph. D. (Interesting note: The single 'I Didn't Know' just went to #1 in Italy)...Lots of new product forthcoming...Final note congratulations to Michael Carol for their latest spinoff."

LYN COREY-BENSON/CAROL PETERS, PASHA RECORDS (213-466-3507): "'Two Hearts' is 'On The Loose' from Randy Bishop and the Underdogs, off the Lp 'Dangerous Intiation'. Also check out 'Desiree' and 'Dangerous' for starters. If you haven't gotter a copy of the album, please let us know. The single will be released 3/1 along with Randy's video coming soon on a TV near you...FROM LYN: Jon Russell, I'm not the only one who thinks you have a great laugh. Maybe Sean Coakley and I could work out a deal to market it. It definitely has cross over potential!...Karen Allen, it was a pleasure talking to a fellow Allentownian. I never would have admitted it if it wasn't for Billy Joel...Bill, you've got to get a home computer. Classes are wonderful!!"

MICHAEL ABRAMSON, ISLAND (212-355-6550): "Thanks to programmers everywhere (you know who you are) for the first week's action on the U2 12" 'New Year's Day'. This group has been waiting in the wings for the past two Lps and this is the one that's gonna bust them wide open! 'New Year's Day' is only the tip of the iceberg; the forthcoming Lp is LOADED!! By the time you read these comments, you should all have an advance mobile fidelity cassette containing four tracks from the forthcoming U2 album 'War' and four tracks from the Marianne Faithfull Lp 'A Child's Adventure'. Both Lps should be in your hands the last week in February...In the meantime, do yourselves a favor and get into the Blancmange (Bla-mange) Lp. Specifically, check out the tracks 'Living On The Ceiling' (which has already been set up and well received by MTV), 'Kind', and 'God's Kitchen'. This record belongs on album radio--don't overlook it... And speaking about overlooking something, it's beyond me how many of you have forgotten about putting some 'fun' into radio. By fun, I'm talking about Malcolm McLaren's 12" of 'Buffalo Gal'. This guy's been on the money three times in a row with the Sex Pistols, Bow-Wow-Wow, and Adam And The Ants, and now that he's gone solo, don't cut him short. This tune is guaranteed to get listener reaction and, consequently, sales. Smart programmers have found a way to program 'Buffalo Gal'. It can be done and it works!...Music on my time: Culture Club, P-Furs, Duran Duran, Joe Jackson, Thomas Dolby and Dextys Midnight Runners. New Music you say? Nope, just good music!...Till next week."

JOHN SCHOENBERGER, WEST SOUTH WEST (213-466-3507): "My hats off to L.A. radio. Since I have returned I've listened to the radio stations in L.A. a lot and I am convinced that format-for-format, music-genre-to-music genre, L.A. is happening more than anywhere else. Radio clubs, retail et al are all in an active aggressive state of mind. If you aren't on Head East or Simple Minds or Greg Kihn, shame on you. Look for Randy Bishop and Alex Call. Both are great records full of hit songs...Art in America has shades of Glass Moon, don't you think?...Good to see Bill's face in L.A. Why don't you come on out and visit us more often?"

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the LP is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

FOR YOUR INFORMATION:

When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

1. **PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and midnight on an average day of the reporting week.
2. **PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. **AIRPLAY EMPHASIS** - Be careful not to confuse this with PLAYS PER DAY/WEEK. EMPHASIS is a system of relative scaling, based on 5. If the highest rotation album gets 8 spins per day, it receives 5 points. If another album gets 4 spins, it merits 3 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-5 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
