A PROGRAMMING GUIDE

EXECUTIVE MEWS • 1930 EAST MARLTON PIKE, F36 • CHERRY HILL, NEW JERSEY 08003 • (609) 424-9114

Hard Choices

- X **TOMMY SHAW, "GIRLS WITH GUNS", A&M...** His pen and pipes made their rock hits happen, and Tommy's "Guns" builds on that credibility. It's the best thing from the Styx camp since the Paradise days, with a real shot at rekindling the fire. Shaw nuff!!
- X **HALL AND OATES, "OUT OF TOUCH", RCA...** Daryl Hall's voice is a license to get funky - something the AOR animal does only with multiple reassurances. Wait about a minute, twist the dial - and you'll have that rotation motivation.
- X **38 SPECIAL, "TEACHER, TEACHER", CAPITOL...** As if they need Bryan Adams to get on the radio, right? These guys could do a song by Gomez Addams and still go top 10. Right, Herman? Drag your feet on this soundtrack calling card, and you're a back row dumbo in the College of Musical Knowledge.

DOKKEN, "TOOTH AND NAIL", ELEKTRA... "Into The Fire" debuts at 46 - the strongest song entry this week. Now, here's that rare conversion shot with strength in reserve...The title track and "Just Got Lucky" are two more examples of talent and attention putting the bite on the dread sophomore slump.

FRONT RED PAGE TIPS:

- X **AZTEC CAMERA, "ALL I NEED IS EVERYTHING", WB...** Great Shades of Squeeze meets Joe Jackson!! Now that metal has taken over the airwaves, add this smooth and sophisticated number (thank you, Mr. Knopfler) to your repertoire and you'll need a paint scraper to fend off the upper demos.
- X **THE DEL FUEGOS, "BACKSEAT NOTHING", SLASH...** You won't be doing a lot of DJ dinners or major fall promotions around this group, true--but for fun, spontaneous roots rock, this tune's tops. Defy the MiaMaster mentality and serve up this timeless change of pace.
- X **LET'S ACTIVE, "BLUE LINE," IRS...** You know from our soapboxing on acts like REX and The Swimming Pool Q's, we feel the Athens Underground is one of new music's most fertile regions. Now welcome Let's Active to the list, as they go public with "Blue Line," their first really commercial radio song. A smart bet to cross dormitory to retail store.
- X **BAXTER ROBERTSON, "VANISHING POINT TWO," RCA...** Amateur psychology tells us Mr. R's somewhat nerdy name is keeping the lid on. I know that sounds ridiculous, but why else wouldn't you glow on to a delightful song like "Green Light"? Hooks harmonies, melody--it's all there. You'll like "Rich Get Richer" and "Vanishing Point", too.

Chain Reaction

DAVE EDMUNDS, "RIFF RAFF", COLUMBIA... Finally Dave's out-of-the-box LP stuns match up with his industry regard as a musician, writer and producer...all most added with 57, putting the LP on the charts at 27 Airplay, 27 Metro, with a 12-24 Primer for "Something About You"...Devotee Bob Krane calls the shot, "From Love Sculpture to Rockette to his solo career, Dave has always had a special place in my heart and on my turntable. 'Riff Raff' might just be his best in the past two years. 'Something' is turning a lot of new people on to Dave, and it's been a pleasant surprise."

IRON MAIDEN, "POWERSLAVE", CAPITOL... These master metallists win big in the conversion sweepstakes, finishing #3 most added with 44, charting at 23 Airplay/30 Metro, "2 Minutes To Midnight" ticks off another six, blowing out a 48-38 prime move...And that #13 on the Most Requested list tells you they know Eddie's back in town...Warns The Rox at WJOT, "Attention all you doubting Thomases: Iron Maiden debuted at #2 sales in Toledo. Play this sucker if you live in a metal town like I do."

KISS "HEAVEN'S ON FIRE", MERCURY... No lie - this is the fastest starting tune to hit the bricks in the last month...The Song Index trends 91-38-25...21 more adds give the 12" 77 reports so far...And 10 play increases include WJTT, WQFM, WYMF, DC101, KZOK, KXEL, and WQX...Matched up with #7 Most requested status and hot calls all over the place...KROS' Mally Walker reports "They busted into the #3 Most Requested spot off Metal Shop play alone this week"...WQY's Amy Dahlman quips "Hey, Robert Frost it's not, but who sez metalheads ever listen to the lyrics anyway. Phones so far are crazy."

RED ROCKERS, "SCHIZOPHRENIC CIRCUS", COLUMBIA... They first developed meaningful radio relations with "China" and now watch their career mushroom with this killer remake..."Eye Of Destruction" blows out a 33-59 song jump - the single biggest gain on that chart...at 34 new adds - and 57 to date, bring the LP in at #50 on the Back Page...WJTH's Eddie Pisani comments "Kudos to the Rockers for bringing attention to one of the most significant songs of our time"...WQX's Paul Shourine adds, "The Byrds' overtones are unmistakable in this remake. Normally we don't play remakes of old things unless they really outdistance the original, and that's the case here"...Also give a serious listen to their interpretation of The Hooters' "Blood From A Stone".

VARIOUS ARTISTS, "EVERY MAN HAS A WOMAN...", POLYGRAM... John's wish that the masses hear Yoko's songs is certainly coming true on the radio level - as "EMMA" ticks 45 first weeks, claiming debuts at 16/37...Eddie Money leads with a 57 debut, and KROQ's Lisa Novak feels "Eddie's vocals and style are the perfect vehicle. He really makes the song his own - and just right for AOR"...The title track charts at #82. WQHA's Bob Linder offers, "We're happy to support this exciting package. The Yoko Ono tribute does give one pause if you're one who has not been overly enthusiastic about her in the past. There's enough legitimate music to sustain this effort, and of course it's great to have another song from John as well."

BLACKFOOT, "VERTICAL SMILES", ATCO... We think it towers above any and all of their previous work - and so far the report lines agree...#5 Most Added with 16 - including KZEN, KBCN, WLTZ, WLVQ, WQMS, WSEH, KFOJ, KL01, KYYS, DC101, WQFM, WYSP, Doug Roditt, WLTZ remarks, "Nice move for the band - 1st three tracks are great...Outstanding!"...WJIZ's Bud Messick sez "Far and away their most mature effort ever...WPTX's And Turco adds "Leave it to a band of Blackfoot's expertise to deliver a solid image AOR sound" KLAQ's Jeff Michaels says, "They've always had one of the best road shows, and with the new material as ammo, they're gonna kill"..."Morning Dew" lands at #90, raves abound for their rocking version of Pete Dinklage's "Living In The Limelight"...And "Ride With You" is also coming so. LP debuts: 49 Airplay, 45 Metro.

CHAIN REACTION CONTINUED

JOHN CAFFERTY/THE BEAVER BROWN BAND, SCOTTI BROS....The soundtrack's 18-10/19-10 Back Page advances represent the week's biggest gains in terms of total point growth and basic chart positions...And 27 play increases tells you it's still miles from peaking..."On The Dark Side" goes 20-10-6 in the past three weeks, still #3 most requested - with top five's at KKCI, KQRS, KMOD, WQMF, WHJY, KBPI and more...Inessa York comments, "'Dark Side' is a fun piece with a sound reminiscent of the E Street Band, and now that Springsteen fever is riding high, that certainly doesn't hurt the Beaver Brown Band's development"...Also, consider this from Ron Diaz, WYNF, "The strong sales are undeniable - and now we'll use 'Tender Years', in addition to the single, which we have been pounding in heavy rotation."

DENNIS DeYOUNG, A&M...One of the most active crossovers on the dial scores another big week - the single climbs 44-36 - adds another 18 to the list - including KQRS, WQMF, KLOS, KSHE, WZXR, KYYS, and WHJY - with album underlines 39-31 Index, 46-42 Metro...Six play increases, too: KXZL, WPDH, WDIZ, KATT, WYFE, and KRUV.

TALKING HEADS, "STOP MAKING SENSE", WARNER BROTHERS...After three weeks of healthy Most Added akshun, the Heads bound onto the Back Page with respectable plus numbers - #37 Airplay, #33 Metro - and register another serious add week, too - WGRQ, WAAF, WBCN, WLAV, KEOG, KRQJ and 10 more..."Take Me To The River", "Once In A Lifetime" and "Life During Wartime" are all on the radio. Bob Kranes, WBCN, "After a rather successful tour last summer, the Talking Heads have captured all the excitement on 'Stop Making Sense'. Hopefully the movie will live up to all expectations."

TINA TURNER, CAPITOL...The sales and multi-format action of this Lp make "Better Be Good To Me" an obvious and smart re-add - it debuts at #74, bringing the Lp back on the Nationals at #47 - and a #49 on the Metro list...Already building at WZZO, WLUP, WPDH, WCKO, WPYX, WBRU, WZXR, KSMB, KILO, WMMS, WPLR, WFNX, WGRQ...WOUR's Tom Starr takes the hint - "I may be a Red Sox fan, but I, at least know enough not to mess with a Buddhist wearing spiked heels - especially when she's retailing in the top 5."

THE FIXX, MCA...Moving up inside the top 5 takes moxie - and "Phantoms" has it to spare - up 4-2 Index, 4-3 Metro with 21 play increases - including KGON, KSHE, KXZL, KZOK, WNEW, WQFM, WZXR, KBPI, KLOS, and WWCK... Top 5 calls at KWFM, KSQY and WLAV-FM.

KEATS, EMI...KBCO's Doug Clifton gets straight to the point, "If you like Alan Parsons, then you'll definitely like Keats"..."Turn Your Heart Around", our pick track, debuts at #93, thanks in part to new air on WQFM, KBCO, DC101, WDIZ, WYNF, WKQQ, WIYY, and WRXL, where Paul Shugrue comments, "The combination of Parsons' production and Colin Blunstone's vocals carry the new record onto the Richmond Airwaves."

JIM CAPALDI, ATLANTIC...The Lp climbs a notch 49-48 on the Index, debuting at #47 in the Metro rankings..."I'll Keep Holding On" moves to #71 - and the 8 station add week includes KQRS, WFMQ, KISS, WLUP, and WYV, with reports of increased play at KSMB, WYNF, KATT, KILO, and WRCN...Ron Diaz comments, "Capaldi is getting more airplay here. Traffic fans have good memories and it's a fine addition to a morning/midday playlist for any rock station"...On the other hand, KSQY's Gregg Olsen feels "Capaldi is a perfect crossover artist, and to strand his music in middays is a crime. It's great at night."

SURVIVOR, "VITAL SIGNS", SCOTTI BROTHERS/EPIC...As evidenced by that 28-21 airplay primer and 28-23 Metro haul, there's not a whole lotta holding back happening here. The single turns a 30-19 underline, while 31 more pledge their support...WAAF's Rob Lipshutz sez, "This should prevent them from being known as one-hit wonders. Such an obvious record!!"...KXZL's Angela Wright agrees, "It's not often I was impressed with just one listen, but I was. And you can bet it will be a monster with your upper demo females"...WGIR-FM's Karen Andersen Small agrees, "I was prepared to be bored, but the band dragged out the hooks for this one."

RICKIE LEE JONES, WARNER BROTHERS...Week #2 of single reports finds "The Real End" with 47 total adds - 19 of them new this week...And new on the Song Index at #75...We think it's her best since the beginning and one of the strongest adult/balance records on the street - but don't just take our word for it - here's John Amberg, WWTG "She's singing a lot better and has done away with the sultry, breathy appeal. Plus the horn arrangement is fantastic. 'The Real End' is the finest work Rickie has done to date"...WWTR's Glenn Stewart agrees, "It's a breath of fresh air sound. Her usual flair has been honed with commercial sensibility"...Steve Bridges sums it up nicely, "The Rickie Lee Jones cut makes me feel tremendous. The woman is magic."

ZEBRA, "NO TELLIN' LIES", ATLANTIC...The 77-41 underline for "Bears" is further proof it's the track with the goods...As noted by Rad Messick, WDIZ, "Why didn't somebody tell us about 'Bears' before going thru all the remix trash? It's 'Behind The Door' Part 1"...Ron Diaz agrees, "A very well structured song along the lines of 'Behind The Door'. I never did get into the 12" but I feel with 'Bears' Zebra can pick up where they left off last year"...Ditto Lisa Novak, KRQR: "'Bears' offers the best of the elements that made 'Behind The Door' a hit"...From KRCK's Craig Martin: "The heavy production and strong melody made this cut a true winner."

XAVION, "EAT YOUR HEART OUT", ELEKTRA...Both charts showed a 47-46 gain but considering the debut traffic up front, that's a very presentable week...11 more adds: (WHJY, WIOT, KSJO, WKLC, KQDS) give them 72 to date...WOUR and WYNF upped rotation...And the checklist builders include KMOD, WLAV, KSJO, WRCN, KLAQ, KILO, WOUR, and WIOT..."Eat Your Heart Out" moves 60-56.

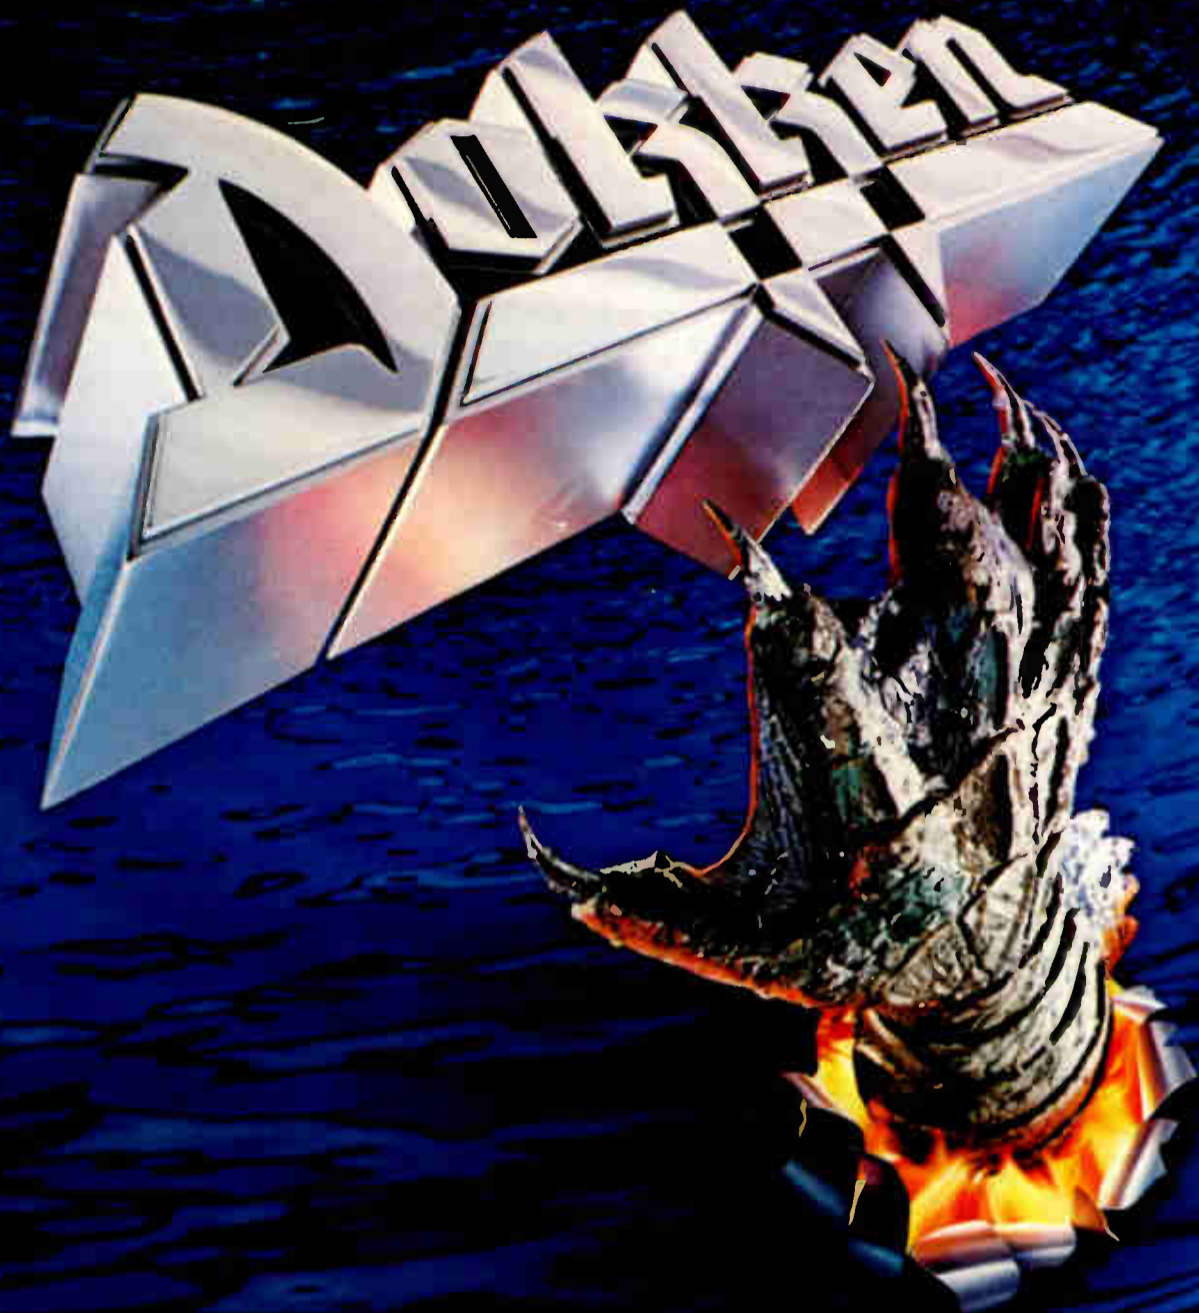

QUEENSRYCHE, EMI...I'll admit that Geoff's vocals might come off as a bit grating on first listen - that's how they affected us (and we picked and chased their last effort). However, when you live with the record, you realize that compared to most of the metal out and around the music is much more complex and adventurous. It's a wonderful change of pace from the overload of formula crunch currently at your throat...New on KZEW, KSJO, KRCK, KISS, KISW, WIBA and 4 more...Try "Warning" or "Take Hold Of The Flame".

ROOKIES: Great songs just out and starting to move.

1.) EUROGLIDERS, "HEAVEN", COLUMBIA...New on KBCO, WNEW, KMOD, AND 3 more. Erin Riley comments, "Nice sound. Reminds me of Fleetwood Mac - pop with a twist"...Inessa York, KGON: "Love It. Well put together and introspective sound"... 2.) HANOI ROCKS, "UP AROUND THE BEND", EPIC...New on KISW, WBAB, WBCN, AND 3 more...From Bob Bittens, WBCN, "The groups falls somewhere in that punk metal category and I think they've got a lot of potential." 3.) "RAG, IT'S A MONKEY", ATLANTIC...This is bare bones stuff, not for the faint of heart...We love it here, and so do WMMR, KYYS, KZEW, and WTOS...Great call letters considering the competition, eh mates? 4.) FAST FORWARD, "LIVING IN FIC-TION"; "WHAT'S IT GONNA TAKE", ISLAND...That Son of Yes sound always seems to work. Well recorded. Feeling somewhat generic this week, WEBN's Curt Gary states, "Great record." 5.) GARY O., "GET IT WHILE YOU CAN", RCA...KTXQ was the week's big add here, and the Utzman raves, "KTXQ's top track of the month! Play it!...And WGMG's Mike Boyle says, "This man has written a lot of great songs for other people and he deserves your attention." 6.) JOHN JARRETT'S TRIBE, "I'M ALWAYS IN TROUBLE", CAPITOL...I can only blame the lack of adds on the outside shot that most of you think it's Keith Jarrett. Not so. A nifty tune with loads of guitars.

BACKTRACKS: Krokus' "Maniac" runs out 18-12 - with a whopping 35 checklist builders...Bowie's "Jean" soars 9-2 in Airplay, and 8-2 on the Most Requested list...Peter Wolf's "Crazy" was upped on KLOS, KZOK, WGRQ, WMMS, WAAF, WCCC, WDIZ, WPDH, and more - moving it to #31...Steve Perry's "Strung Out" streaks 73-45 - up on WMMS, WYFE, WBAB, WQMF, and WZZO. That brings the Lp back up 41-34 for the underline...Scandal's "Beat" is pumping the Lp stats back up. 8-5 Airplay, 9-8 Metro...with 7 ups reported at: WQMF, KISS, KLOS, KQRS, KZEW, KZOK, WRCN. Album steady in the mid-20's.

Rosie Pisani, WLIR: "Barry McGuire may have done it better but kudos to the Red Rockers for bringing attention to one of the most significant songs of our time."

Paul Shugrue, WRXL: "Roger McGuinn is probably kicking himself now that he didn't think of covering 'Eve Of Destruction' in the 60's. The Byrds overtones are unmistakable in the Red Rocker remake. Normally we don't play remakes of old hits unless they really outdistance the original and that's the case here."

Ron Sorenson, KBLE: "The second 415/Columbia album from the Red Rockers, 'Schizophrenic Circus' shows both sides of the Rockers: The very good side and the yet still better side. It's every bit as consistent as the last outing. We like 'Just Like You' and Gary O'Connors 'Shades of 45' as well as 'Eve Of Destruction'."

NEW ON: WYSP, WXRT, WHCN, KUPD, WBAB, WQFM, WPLR, WYER, KLLO, KLB, KFMU, WOVE, WTKX, WBCN, CHEZ, WAQX, WQBK, WIZN, WXCS, WGIR, WNOR, WRXL, WHMD, WXRT, WAPL, KQDS, WBYG, KSQY, KBCO, 91X, KKDJ, KFIV, KMBY, KLPX, KFMF...

Also featuring: "Shades of 45" and "Blood From A Stone"

EUROGLIDERS

"This Island"

Doug Clifton, KBCO: "Eurogliders impressed everyone at our music meeting. 'Heaven' has got the goods."

Inessa York, KGON: "I love the Eurogliders! It's a well put together, introspective sound."

Erin Riley, WMMR: "The Eurogliders have a real nice sound to them. Reminds me of Fleetwood Mac: Pop with a twist."

JUST OUT AND ALREADY ON: WNEW-FM, KBCO, KMOD, KBLE, WQBK, WTOS, WOWD, WMNF, WRAS, KFMU

You'll find "Heaven" on "This Island"!

LITTLE STEVEN is also on the road. This week, the former Springsteen guitarist finds himself in Dallas, Austin, Houston, Nashville, and Tuscaloosa, AL.

It's a good year for the reclusive rock star PRINCE. The Minneapolis native's debut film, "Purple Rain", has passed the \$40,000,000 box office gross in just one month of release.

Question Of The Week

12

What artists on your playlist are there due to CHR pressure?...

What artists have you forced them on recently?

JERRY GAVIN, WQFM: "Artists on our playlist as a result of CHR pressure include John Waite 'Missing You', and John Cafferty & The Beaver Brown Band...Twisted Sister, Bruce Springsteen, Billy Squier, Van Halen, The Fixx, Lindsey Buckingham, Slade, Scandal, Chicago, Night Ranger, Huey Lewis And The News, Chris DeBurgh, and Ratt are some of the artists we've forced CHR on recently."

MIKE BOYLE, WMGM: "Absolutely none - and there never will be...I think it's a combination of two songs - Lindsey Buckingham's 'Go Insane' and Romeo Void's 'Girl In Trouble' --an example of artists we forced them on recently."

KEVIN MALVEY, WGRX: "Dan Hartman is on our playlist as a result of CHR pressure."

NEAL MIRSKY, WCKO: "Xavion is the only one I see on my list because they were an out-of-the-box add on one of our CHR stations where I might have waited. Usually we put the pressure on them...Twisted Sister, Billy Squier, Bruce Springsteen, David Bowie and Cyndi Lauper are among the many we forced them on recently."

BRIAN TAYLOR, KQDS: "None. In my market, KQDS is recognized as the station to establish the best of the new releases, often out-of-the-box. Even crossover artists as long as they don't compromise our image. For instance, we were the first to play Prince...Where do I start? From Twisted Sister to the new Billy Idol, and I'm sure they're scrambling for a copy of the new U2 as we speak."

JOHN AMBERG, WWCT: "I don't think any really...Well, in the past, we've forced them on things like 'Ask The Lonely' by Journey and perhaps the Night Ranger 'Sister Christian'. We try to burn out the songs for the competition so that the public is tired of them before they play them. And we all know how many times contemporary radio plays hit songs."

GABE BAPTISTE, WXLN: "Probably Cyndi Lauper is on because of CHR pressure...All of them. We pressure them to play anything that's rock and roll. If it weren't for 97X, the CHR's in town would only be playing wall-to-wall Olivia Newton-John and Kenny Rogers."

MATT EFFKEN, KFMQ: "I honestly can't think of any...Ratt, Twisted Sister are two artists we forced CHR on recently."

JIM JONES, KMOD: "Peter Wolf 'Crazy', a very catchy sing-along song with a probable quick burn...Steve Perry's 'Strung Out' is one we forced CHR on recently."

DOUG CLIFTON, KBCO: "CHR forced us to go on John Waite's 'Missing You'...If anything, Bruce Cockburn is an artist that we will force on CHR, if they haven't gone on it locally already."

MIKE WHITE, KKCI: "Things that CHR has forced us on: Prince tops the list, Elton John, and Chicago, and we've forced them on Honeymoon Suite, and Huey Lewis & The News. They were real late and slow on all five singles, although they eventually did play all of them."

JANICE TAYLOR, KMBY: "We played Billy Idol's 'Flesh For Fantasy' on the 'Rebel Yell' album when it first came out. However, we then re-added it with the release of the 12" in order to be on top of our CHR competitors...Romeo Void comes to mind as a record that CHR went on due to our airplay, and in the past, Romeo Void would have been an artist they never would have touched."

CHUCK POET, WKLT: "Elton John is on our list because of CHR pressure...Since 'Sister Christian', we've had to force the CHR on the rest of the Night Ranger material in order for them to keep up with us, and also Billy Idol."

PAM BROOKS, WPDH: "I don't believe CHR forced us to add these, but we certainly paid more attention to Bananarama, Tina Turner, Dan Hartman and Elton John than we normally would have...We have made them more aware of a mainstream sound. With the previous successes of U2, and the strength of their current release, AOR will probably also find their CHR competitors playing '(Pride)' to keep up."

LARRY SHARP, KZOK: "They haven't forced anything on us and vice versa - neither of us react very strongly to the other."

JOHN GRAPPONE, WRCN: "We tend to think that the CHR doesn't force us to do anything. I wouldn't normally consider Ratt to be a CHR band, so I think CHR's airplay of 'Round & Round' was in part due to our airplay."

LIN BREHMER, WQBK: "It happens quite often, but there is nothing on our list of Top 40 records this week that were heard on CHR before us. The closest is Cyndi Lauper's 'She Bop', which we waited on but not any longer than CHR did."

ALAN WHITE, KILO: "Really none because we go on them first...Prince is the biggest because we played 'Purple Rain' before anyone and possibly Tina Turner and Romeo Void."

STEVE CHRIS, WCKN: "Bananarama because of airplay and requests...Prince 'Purple Rain', the phones more than any other reason."

WALLY WALKER, KQRS: "I would say the Rod Stewart...Three fourths of our playlist."

DAVE KANE, WCMF: "They have never forced us on a record...On the other hand, they have picked up numerous records based on reaction from our airplay including Ratt, Billy Idol, Huey Lewis and many more too numerous to mention."

RALPH TORTORA, WBAB: "Probably the Prince. We were a little iffy about it in the beginning, although we feel quite comfortable with it now...Twisted Sister, probably, and hopefully Zebra in the near future."

ANGELA WRIGHT, KXZL: "I feel like CHR's have forced us on Prince, but I also think it's good because Prince has a lot to offer. He definitely rocks and it's about time that AOR has noticed this. And I'm thankful to CHR for that because no one was brave enough to play Prince before...I think we forced them on some Sammy Hagar and maybe Helix. Kiss is on CHR. Twisted Sister definitely. Krokus also, and I heard Iron Maiden on the CHR the other day."

CURT GARY, WEBN: "At the present time, to be totally honest, there hasn't been a record that they have forced us on that we categorically hadn't decided to play, but you may remember that WEBN was the first AOR station in the country to play Paul Young's 'Come Back And Stay', and that beat every CHR in the world!"

RON SORENSON, KBLE-FM: "None... I don't know, nor do I care!"

CURT MATHIES, WKQQ: "The artist that was there because of CHR pressure was Michael Jackson with Mick Jagger, and at the time we spent a couple of weeks with 'State Of Shock'...Obvious records on CHR due to AOR exposure include Quiet Riot, Twisted Sister, Ratt, etc."

INESSA YORK, KGON: "There's nothing on our playlist that comes near the CHR. In this town it's an even exchange...The obvious ones they play are Ratt, Twisted Sister, and I hope they get on the Krokus!"

QUESTION CONTINUED

- JOSE DIAZ, WBLM: "Artists that we are playing due to CHR airplay initially would be the following: Cyndi Lauper 'She Bop', Lindsey Buckingham 'Go Insane', Rod Stewart 'Some Guys Have All The Luck'. Before the initial HBO commotion, we played 'On The Dark Side' for 6-8 weeks, let the CHR pick up on it, then re-added it. Much of the metal, such as Ratt's 'Round & Round' and Twisted Sister, are now getting steady airplay on CHR and generally we have more songs that we give to them, such as 'Cover Me' and 'Let's Go Crazy' by Prince."
- LEX STALEY, WFYV: "I don't have a CHR in my market, but I'm burning the AC'S asses with all kinds of things such as: Tina Turner, Spandau Ballet, Huey Lewis (which was out of character for both of them), John Waite and Rod Stewart."
- DAVE LOGAN, KFOG: "Cyndi Lauper is on our playlist because of CHR pressure...Prince '1999'. They finally got the message with 'Purple Rain'."
- PEPE LOPEZ, KLAQ: "I can honestly say none...John Waite is one we've forced CHR on recently."
- AMANDA TEPPER, WBRU: "None. We don't play anything just because CHR is playing it...Eddie And The Cruisers' might be one example, the John Cafferty cut."
- TOM STEIN, WZXR: "I would have to say Chicago's 'Hard Habit To Break'. We play that for the nuns down here anyway...The Fixx 'Are We Ourselves' is one we forced CHR on."
- THE OZ, KQAK: "None...I think they'll have to pick up Frankie Goes To Hollywood."
- RICK LAMBERT, KLOL: "John Cafferty 'On The Dark Side'. That's really the only one...The only ones I can think of that we forced them on are Billy Squier and Sammy Hagar."
- ROB LIPSHUTZ, WAAF: "None...Night Ranger's 'When You Close Your Eyes', which started here is one we forced them on. There are three CHR stations now in Boston that we're competing with, but I can't remember any record they've forced us on. We generally avoid anything that's not undeniably rock. The records that we do share are out-of-the-box major airplay tracks, like Peter Wolf's 'Lights Out', and no one needs to force any station to play those kind of records."
- THE ROZ, WIOT: "Steve Perry and Elton John and more Night Ranger. They were gonna be big so we had to jump on them first."
- LEE ROBERTS, KICT: "Nothing. From CHR pressure there are a lot of songs from AOR pressure. For example, John Waite 'Tears', Hagar's '55'. The two CHR's in town also added Krokus' 'Midnite Maniac' and Ratt's 'Round', Twisted Sister and Lou Reed 'I Love You Suzanne'. In Wichita, T95, the home of rock and roll, puts the pressure on CHR, not vice versa!"
- PAUL SHUGRUE, WRXL: "The Chicago record. It's a lot softer than most songs that we play but because of the CHR success of the new Lp, we can't ignore it."
- MARK MILLER, WWCX: "I don't think that even if we did have direct CHR pressure we would add an artist. The reason for that is the fact, 'if it's compatible enough to play on AOR, I would have found it first!'"
- LARRY GROVES, KROQ: "I really don't think there's anything on our list that CHR forced us on, but I can think of a song that we forced them on--Banarama's 'Cruel Summer'--'cause we played the import LAST summer!"
- ERIN RILEY, WMMR: "Banarama was probably added because of CHR, and we're considering 'Who Wears These Shoes' because of the same and Rod's 'Some Guys Have All The Luck'...As far as what we've forced them on: Bruce Springsteen, John Waite and Lindsey Buckingham all come to mind. We also played Cyndi Lauper months before them."
- CHRIS RYAN, KWFM: "I would say that the new Stephen Stills is showing upon CHR because of us. The same applies to The Fixx 'Are We Ourselves'. I haven't seen anything except Prince 'Let's Go Crazy' that's bleeding over to us, but even so, we were on other cuts before they were."
- CAREY CURELOP, WYNF: "None. We started them all...We put Ratt, Twisted Sister, Eddie And The Cruisers, Night Ranger, John Waite and Scandal on the CHR stations here, though!"
- MAD MAX, 91X: "Cyndi Lauper is there as a result of CHR...We've forced them on Wham!, Billy Idol, The Fixx, Romeo Void, R.E.M., Spandau Ballet, Prince, Men Without Hats, Bruce Springsteen, The Cars, Wang Chung and the Go Go's, and I could probably go on for a while!"
- JEFF RICCIO, WHJY: "I think we've been forced on Prince...We forced them on Beaver Brown and we have had more influence here than HBO. We were on that a year ago!"
- BOB KRANES, WBCN: "No song on our list is there as a result of CHR...We forced them on Cyndi Lauper, Corey Hart, The Fixx, Motley Crue, Twisted Sister, Ratt and some left field stuff like Nick Lowe, Dave Edmunds, Difford & Tilbrook."
- TED UTZ, KTXQ: "I can honestly say that CHR has not forced us on anything lately. It's part of my philosophy to look for those songs from the beginning and beat 'em to the punch. So far we've been right on...We forced them on Honeymoon Suite, Scandal, Jon Anderson, Billy Squier and Springsteen's 'Cover Me'."
- RON DIAZ, WYNF: "Maybe not CHR, but HBO definitely forced us on 'Eddie And The Cruisers', and I feel guilty about that...I think we have forced CHR on Survivor, starting to hear Scandal on CHR, and definitely Twisted Sister."
- DAVE LANGE, WSHE: "We were forced on Prince 'Let's Go Crazy' but we forced them on 'Purple Rain', John Waite 'Missing You', and Huey Lewis 'If This Is It' (and all other singles)."
- LEE RANDALL, WLWQ: "I was forced on Prince's 'Purple Rain' (although we played 'Let's Go Crazy' first), same with Dennis DeYoung...We've forced them on Twisted Sister, Ratt, Beaver Brown, Tina Turner 'Be Good To Me', and Bruce Springsteen."
- RAD MESSICK, WDIZ: "Usually I break the records here but I was in fact forced on Cyndi Lauper's 'Time After Time' and Prince 'Let's Go Crazy'...On the other hand, we forced 'Sister Christian', Twisted Sister, Ratt, The Fixx, and Idol's 'Flesh For Fantasy'."
- CRAIG MARTIN, KRCK: "I don't know if 'forced' is the word, because I do like playing it, but Elton John's 'Who Wears These Shoes' is one that we were strongly influenced on...We forced CHR on Night Ranger's 'Eyes', and possibly Hagar's 'Two Sides Of Love'."
- PAUL HEINE, WGRQ: "Forced on: Spandau Ballet, Romeo Void, Rod Stewart, Cyndi Lauper...We forced CHR on: Twisted Sister, Ratt, the last U2 record and the new Prince 'Crazy', Honeymoon Suite, 'Eddie And The Cruisers', and the new Tina Turner single."

WLVO, COLUMBUS, OH M.D.-LEE RANDALL: "Top 3 phone records in Columbus: U2, 'Pride', John Cafferty and Beaver Brown, and Ronnie Dio's 'Last In Line'...Strong sales movers: Tina Turner, Whitesnake, Krokus...New music this week: Blackfoot, Dokken's 'Into The Fire', and Zebra's 'Bears'...Also late add: 38 Special's 'Teacher'. We can't wait for the soundtrack to get here and the movie premier. By the way, it was filmed in Columbus...I really enjoy the Leon Russell record. Don't think I'm crazy here. The two tracks I like are 'Thief In The Night' and 'Rescue My Heart'...A spectacular production job--Queensryche. Not sure of the track yet. 'Before The Storm' and 'Warning' sound good...We like 'Busted Loose' from Dave Edmunds...And what do we do with Rickie Lee Jones?"

WLLZ, DETROIT, MI M.D.-DOUG PODELL: "Live rock and roll is screaming over the airwaves of WLLZ. We have a lot of people we'd like to thank including Polygram Record's Starvin' Marvin for an outstanding Lita Ford performance. Also Tom Mohler and CBS Records for two incredible Fastway concerts. Extended thanks to Fastway for the free Saturday afternoon outdoor concert which drew 12,000 people, and the song 'Telephone' still continues to build for us here. We'd also like to thank Warner Bros. and Linda Baker for Honeymoon Suite and Bruce Moser from Polygram for Restless...For extra fine Friday night live free broadcasts, thanks to all...New music happening on the airwaves: U2, the most talked about record right now. Lots of requests...Blackfoot album, outstanding in my opinion. The first three tracks are just great. Nice move for the band...Here at WLLZ we're still behind Kim Mitchell, former member of Max Webster. Checkout the song 'Feel The Burn' from his Canadian Solo album...The Dokken Lp is just outstanding, hard hitting and dynamic. What more can I say. A rock and roll record. We love this album and plan on using most of it...Lots of calls coming in for the new Iron Maiden...Also Chequered Past starting to really build in sales and requests. Just recently did an interview with Michael DesBarres. What a history...And Eddie Money proves that John Lennon's feelings and convictions about Yoko Ono's music being more credible than the industry has ever given her credit for, are true...This week we kick off our live broadcast series of local bands, with some 13 weeks already lined up. Detroit rocks, WLLZ rocks--no lie!!...Top 5 calls: 'We're Not Gonna Take It', 'Round And Round', 'Heaven's On Fire', 'Still Loving You', and '2 Minutes Til Midnight'. Goes to show you where Detroit's coming from."

KTXQ, DALLAS, TX P.D.-TED UTZ: "I'm happy to announce that as of today, Bob Elliot is the official music director of KTXQ. We have some new music times. Bob will see people on Mondays, from noon til 4pm and is available on Wednesday through Friday, after 2:30. I'd like to congratulate Bob and that's just another small step toward Q102's total domination of the Dallas/Ft. Worth market...Could be Moser? Or Ronnie Raphael? Those Buffalo chicken wings were outrageous. Turtle Creek will never be the same color again...Gary O.'s 'Get It While You Can' is Q102's top track of the month. Play it!!"

WYNF, TAMPA, FL M.D.-RON DIAZ: "Survivor has slid into heavy rotation from an out-of-the-box add and I see a lot of staying power ahead for 'I Can't Hold Back'. The vital signs for Survivor show excellent long term health...WYNF gives Zebra the nod this week with 'Bears', a very well structured song along the lines of 'Behind The Door'. I never did get into the 12", but I feel with 'Bears', Zebra can pick up where they left off last year...Eddie Money is moving on toward hit city with his piece from 'Every Man'. We'll give it the shot...Our sales report shows continued strength for John Waite with the emergence of 'Tears' to go along with 'Missing You'...A good start for both Honeymoon Suite and Y&T...The Beaver Brown band's strong sales are undeniable and we'll use 'Tender Years' in addition to 'Dark Side', which we have been pounding in heavy rotation...The Kiss army have launched another major offensive. They definitely want to hear 'Heaven's On Fire'. We'll give it to them at night...Jim Capaldi is getting more airplay here with 'I'll Keep Holding On'. Traffic fans have good memories, and it's a fine addition to a morning midday playlist for any rock station."

KRQR, SAN FRANCISCO, CA M.D.-LISA NOVAK: "Two adds this week: Eddie Money from 'Every Man', and Dokken's 'Fire'. Eddie Money's vocals and style are the perfect vehicle for 'I'm Moving On'. He really makes the song his own and just right for AOR... 'Breaking The Chains' was a hard act to follow for Dokken, but 'Into The Fire' is right on target. Just the right amount of metal...Kiss always gets calls with a new song, but this one builds on the success of last year's comeback...Zebra's 'Bears' offers the best of the elements that made 'Behind The Door' a hit...Continued good phones on U2's 'Pride' and they want to hear more from the Lp...David Bowie's 'Blue Jean' is one of our most active phone items."

WGRO, BUFFALO, NY ASST. P.D.-PAUL HEINE: "An artist we've always been aware of because of our proximity to Canada is Kim Mitchell. He's always had a strong loyal cult following around Buffalo, but this time he's delivered a totally accessible smash. 'Go For A Soda' sounds like 3 Dog Night meets heavy metal. We're convinced it's a hit and we're hopping on the import on Alert Records. When was the last time GRQ played an import? Watch for an American label to sign and set behind Kim Mitchell soon. Buffalo's two hottest black Lp's, Prince, and Tina Turner, are also getting strong rock radio exposure here. Is AOR finally becoming colorblind?...Peter Wolf's 'Crazy' sounds like there is a party on the radio every time we play it. Plus, it doesn't have the built-in burn, a factor that 'Lights Out' did...We also added the 'Every Man/Has A Woman' album. The Lennon interest makes this a 'must deal with' item, plus 'I'm Moving On' is simply a great rocker, performed by a core AOR artist. We're happy to come to this birthday party...Top 5 sales: Prince, Bruce Springsteen, Tina Turner, 'Eddie And The Cruisers', and Huey Lewis...The Fixx selling through. Almost top 5: Lou Reed exploding at retail."

KRCK, PORTLAND, OR M.D.-CRAIG MARTIN: "The metal storm that came out of the Northwest last year is back. Queensryche is back with their first full album. And no doubt about it, this is a heavy metal band. Led by the strong and distinctive vocals of lead singer, Geoff Tate, they do offer a difference from most metal bands. It may take some dayparting, but check out 'Take Hold Of The Flame'...The summer's gone, and now the 'Bears' have taken over as lead cut on Zebra's new album. The heavy production and strong melody make this cut a true winner and it will be especially strong in Chicago...The Eddie Money version of 'I'm Moving On' is definitely tops from the 'Every Man' album. Eddie seems to have really gotten into the spirit of the project and I detect a real John Lennon influence here...And another one in the hard rocking, strong production category is the new Dokken 12" 'Into The Fire'. It's one of those songs that just jumps right out of the speakers at you."

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY: "The most pleasant surprise of the week was an unexpected fabulous Rod Stewart show. I don't know what I expected, but I got twice as much. I don't think Rod has ever seen an audience sing along with all the songs. He was so jazzed, he brought out his two little children to sing 'Maggie Mae'. One of those great rock 'n roll moments. It's nearly impossible to see a bad show in Philadelphia...Of course, without going out of my mind, I'll try to recount for you the experience of the first of six sold out Bruce Springsteen shows. Where do I start? For those Bruce fans who follow him everywhere, the show is different every night...Sing alongs, wave cheers, and enough sweat to fill a swimming pool, and we've only just begun this crazy week...The more time I spend with 'Riff Raff' by Dave Edmunds, the more I like it. 'Busted Loose' really rocks...The Eurogliders have a nice sound. Reminds me of Fleetwood Mac, pop with a twist. 'Stop Making Sense' deserves your attention. We've been featuring it a lot, and it sounds great...Who got Phil and Don to make up? They deserve a medal and a million dollars. 'EB 84' is the classiest project to come out this year...In the words of the illustrious Bruce Bond, make it a BRUCE week...For those of you wondering, yes, WMMR is on the RAG. There, Frankie, are you happy now?"

WSHE, MIAMI, FL OPERATIONS MANAGER-DAVE LANGE: "OK, Bill, I don't wanta tie you up too long (ha ha) but -- hot things down here include the new tune from Blackfoot, 'Morning Dew'. What else?...After seeing the long list of quality stations on Bruce Cockburn, we're joining up this week...Also put in an interesting record from Janey Street...And I kind of like this Pallas record. It reminds me of early Rush without such heavy guitars...Good futures for Eurogliders and Keats...Maybe I'll see you out west this week."

WHJY, PROVIDENCE, RI M.D.-JEFF RICCIO: "First order of business. I have a new airshift, so I'll be taking calls at a different time. I can be reached from 10am to noon Monday and Tuesday and after 4pm any day of the week. Unfortunately, lunch time with the record types will have to come to an end, but be prepared to get your dinner expense accounts beefed up. I'm also looking forward to taking in a lot more shows and music. I guess it's about time that we gear up for the Christmas rush for potent rock 'n roll as the first few weeks of September fly by. Coming on strong is the 'Teachers' soundtrack, the new 38 Special cut has come just in time, and from the sound of the rest of the soundtrack, AOR will be milking this for a long time...A new band that I think will hold its own when the major artists start to show up, is Xavion. We finally made room for a record that knocked me out on the first listen. 'Eat Your Heart Out' keeps your blood hot, even after it ends...We've been able to slip in 'Purple Rain' without the least bit of difficulty and have yet to get one negative, but I wouldn't mind getting one edit...Had a great vacation and thanks to everyone who helped me get Springsteen tickets. Especially Al, but seeing him three times in one week is not enough."

WBCN, BOSTON, MA M.D.-BOB KRANES: "I have seen the coming of the Lord. He comes from New Jersey and is undoubtedly the greatest live performer ever to perform on stage anywhere...It looks as though Bowie's 'Dancing With The Big Boys' is gonna be a big request song...After a rather successful tour last summer, the Talking Heads have captured all the excitement on 'Stop Making Sense'. Hopefully the movie will live up to all expectations...One of the more touching moments of last week was listening to Sean Ono Lennon on the Yoko Ono collection, 'Every Man'. Elvis Costello singing 'Walking On Thin Ice' is on and sounding great...From Love Sculpture to Rockpile to a solo career, Dave Edmunds has always had a special place in my heart and on my turntable. 'Riff Raff' might just be his best in the past two years. 'Something About You' is turning a lot of new people onto Dave Edmunds. It's been a pleasant surprise...Blackfoot has always been a band that has been given unfair stereotypes. 'Vertical Smiles' exemplifies the band's ability to play their instruments. 'Morning Dew' is a recognizable song that the audience is aware of, so there really is no hesitation here... Don't forget Dokken's 'Into The Fire'. It's strong, straight-ahead rock 'n roll, period. No ifs, ands, or buts...'Girls With Guns', Tommy Shaw's latest, is loaded and ready to be fired away. Watch out!..Until next week, let freedom ring!"

WEBN, CINCINNATI, OH M.D.-CURT GARY: "Local Cincinnati faves, the Raisins, back on FM Rock Radio with a self produced single, 'Won't You Be My Valentine'...The U2 record is a monster. They should be real proud of it... And waiting in the wings anxiously, a great record from Fast Forward, a dynamite song from Michael Furlong and my personal favorite of the week, The Church's 'Maybe These Boys'... Can't wait to see Honeymoon Suite when they come to Cincinnati at the end of the month and production is calling me, so I have to say good-bye."

KGON, PORTLAND, OR M.D.-INESSA YORK: "Requests this week favor Kiss and U2 all the way... John Cafferty And The Beaver. What? Destined to become a household name, I guess. 'On The Dark Side' is a fun piece with a sound reminiscent of the E Street band. It certainly does not hurt Beaver Brown Band's development now that Springsteen fever is riding. I've been reading all the capsule reviews in recent trade issues of those Springsteen shows and all I really hear is 'Ga Ga Ga'. It will be my turn next month...Two new records arriving to the top this week: Eurogliders and Yoko Ono birthday album, 'Every Man'. Fave tracks on that one really belong to Nilsson. I think he sounds just like Yoko. (really!)...Love the Eurogliders. Well put together and introspective sound. Very classy and very nice."

KXZL, SAN ANTONIO, TX M.D.-ANGELA WRIGHT: "Hello darling! So, we meet again! And what's happened while you were catching some z's? Now, sure, we could all use some of that, but with the ratings sneaking up on us again, we must stay on top of things, which is exactly where I like to be...Arm yourselves with some kick ass rock and roll. Survivor returns with an absolute rock and roll orgy!!! It's not often I'm impressed with just one listen, but I was. And you can bet 'I Can't Hold Back' will be a monster with your upper demo females... Let's take a look at 'Beat Of A Heart' by Scandal. It definitely has a luscious story to tell. Don't be fooled because you think nothing can surpass 'The Warrior'. 'Beat Of A Heart' does! And Patty Smyth's voice is visible! She delivers too! Find room in your rotation and you'll love the phones and lust the listener reaction...A personal thanks to Rob Sides of Elektra for the Cars show, and especially the promotional give-aways...Thanks also to June Colbert and Paul Yeskel for the Krokus concert kits, and Marko of Geffen for Sammy Hagar."

The Roz, WIOT: "The Swimming Pool Q's have the same ear catching unusuality as the Big Country debut, so we'll give 'Pull Back My Spring' a shot."

Bob Kranes, WBCN: "The Q's debut is outstanding! Under no circumstances should 'Pull Back My Spring' be ignored."

WGRX, BALTIMORE, MD M.D.-KEVIN MALVEY: "Well, with Jim 'Federal Express' Robinson heading west and Bob Brooks coming east, I'm caught in the middle and back on these Pages. It's been a long time, and I want to say thanks to the folks who were nice during the autumn of my discontent last year in Rochester: Beth Rosengard, Tommy Nast, and Lyn Corey-Benson... Things we love here at GRX: The Fixx, Roger Glover, Bruce Cockburn... Yoko Ono, I think, is an acquired taste--maybe like sushi--but we're gonna give it a roll anyway." **BOB PAYNE:** "Would like to welcome Elektra's new Baltimore/Washington rep, Neil Lasher. Rarely do you find someone with his experience in both ends of our business."

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "Thanks to Kevin Knee and Bob Hathaway for their help with our Costello/Lowe Giveaway. We tied in with Sound Warehouse in Boulder and Crisman Audio Vision stores to give away Costello and Lowe catalogs, a stereo system and a trip backstage to meet Nick Lowe. It was a beautiful night for the final Red Rocks show of the year. Nick and Elvis finished up the summer in grand style... Thanks to Dick Merkle for bringing Chris DeBurgh by our studios. Chris is a great guest disc jockey... Dave Edmunds seems to be rocking more on his new album. 'Rules' and 'Busted' joins 'Something About You' on the air... The John Lennon cut from the 'Every Man' collection is definitely the best song... Baxter Robertson had a lot of success here his first time out. His new release gives him a shot at bringing home national success. 'Green Light' sounds great on the air... Eurogliders impressed everyone at our music meeting. 'Heaven' has got the goods... If you like Alan Parsons, then you'll definitely like Keats... U2 replaces Prince on the phones but he still rules retail... By the time you read this, Kinetics will be history. I'll fill you in with the details next week."

KKCI, KANSAS CITY, MO M.D.-MIKE WHITE: "Thanks to Rita at Scotti Bros. for the fast service again. You're a doll... Congratulations to Chuck Oliner on the big victory although I have yet to hear Tommy's version of the story... It's always good to see Sean Coakley, even when I'm not playing all of his records... U2 goes in along with the new Lennon release (I always feel strange saying that), Sammy Hagar and Kiss... John Cafferty gets hotter every day as does HoneyMoon Suite and Dennis DeYoung."

KQRS, MINNEAPOLIS, MN M.D.-WALLY WALKER: "With the cool weather of Fall already here, we decided to warm up the playlist with Kiss's 'Heaven's On Fire' and Dokken's 'Into The Fire'. Kiss busted into the #3 most requested spot off of metal shop play alone this week... For balance, veteran rockers Jim Capaldi, Dennis DeYoung, and Rod Stewart get the nod... Special thanks to Steve Fingerette of Warner Bros. for the radar detectors and the help on the 'Can't Drive 55' weekend."

WHCN, HARTFORD, CT ASST. P.D.-BOB BITTENS: "Finally Yoko got smart and let someone else do the singing. I've always known that if we could just get around that obnoxious voice, we'd find a fairly talented songwriter. The Eddie Money song is hot and nothing tugs at the heart of the average adult rocker like a fresh John Lennon track... We played a track from Tina Turner's Lp but it wasn't the single and our loss was our CHR competition's gain. We're not gonna let it happen again, with a #1 single under her belt, a platinum plus Lp, and tons of video exposure, Tina's 'Better Be Good To Me' is a safe bet... Another of my favorite female singers appears to be back on the right track with her new record. Rickie Lee Jones's 'The Real End' is that kind of bouncy, jazzy infectious tune that first brought her national attention... It seems like there's a lot of remakes lately. Though I generally prefer the originals, there's something to be said for taking a hot, updated version of a classic song, throwing it on the airwaves and seeing if it sticks again. Sometimes these songs do have a second life. We went with the Red Rocker's 'Eve Of Destruction' remake last week (although the fact their Lp is considerably deeper than that one cut has not escaped me). And this week we'll try the Hanoi Rocks version of the CCR classic 'Up Around The Bend'. The group falls somewhere in that punk metal category and I think they've got a lot of potential... I got to see Springsteen twice over the weekend. You'd think a person would get bored seeing the same artist in concert two nights in a row, but Bruce's shows are what rock and roll is all about. You never go home disappointed from one of his concerts. You go home exhausted. If you've seen him, you know what I mean. If you haven't, do yourself a big favor and go."

WWCK, FLINT, MI P.D.-MARK MILLER: "Best new record-of-the-week award goes out to Baxter Robertson. If you've got any ears at all, you've got to give a go to Baxter's 'Green Light'. I loved the last one but this one showcases a whole other side, moodier, much more subtle and certainly a potential s-m-a-s-h! I know it's become a bit of a cliché, but 'Green Light' really does sound great on-the-air. The texture is perfect for that upper end without turning off the kids... Finally, in the Crystal Ball Dept.: I'm looking for big things in the new Dokken Lp. Sounds to me like one of the deepest metal records since 'Pyromania!'"

WZXR, MEMPHIS, TN M.D.-TOM STEIN: "Back from vacation and there's a pile of great music--U2, Bowie, Edmunds, and Survivor but the real story in Memphis is Xavion. After a month of airplay, 'Eat Your Heart Out' is the second most requested song behind 'Purple Rain' (the calls are from all demos). After a week in the stores, Xavion is #3 retail behind Prince and Twisted Sister. Xavion is outselling Springsteen and Huey Lewis And The News. 'Eat Your Heart Out' is a proven winner; and once you get past that, listen to 'Self Built Hell' and 'Love Games'."

WAAF, WORCESTER, MA M.D.-ROB LIPSHUTZ: "By the time you read this, I'll just have had all four of my wisdom teeth yanked! So, for the benefit of anybody calling this week, one grunt means 'yes', two means 'no'... From the Blackfoot album, we picked out a pretty decent straight-ahead rock track called 'Ride With Me'. We may also end up playing 'Morning Dew' which I like mainly for its unique style in a sea of formula records... 'I Can't Hold Back' from Survivor should prevent them from being known as 'one-hit wonders'. 'I Can't Hold Back' is such an obvious record, it may fool you into thinking it's too obvious, but I suspect it'll get played to death, so let the killing begin... This live Talking Heads album just blows me away, and their previous live album with it! We're playing 'Once In A Lifetime' and 'Life During Wartime'... Finally, we're very happy with 'Teacher Teacher' from 38 Special. Their best out-and-out rocker since 'Rockin Into The Night!'"

WZZO, BETHLEHEM/ALLENTOWN, PA ASST. P.D./M.D.-GENE ROMANO: "I'd rather smoke a cigarette than listen to Tom Waits, but hearing Rickie Lee Jones on the radio ain't bad... Does anybody know a quick, intelligent news announcer type to join Gene Romano on the Z95 morning show? Females encouraged. Please send tape and resume to Z95, WZZO, Suite 205 West Gate Mall, Bethlehem, PA 18017--Attn: Gene Romano... Also, if any artist ID's are floating around, Z95 would l-o-v-e to have them. The piano has been drinking, not me!"

KILO, COLORADO SPRINGS, CO M.D.-ALAN WHITE: "Once again a reminder to all record types. I will take music calls Wednesday through Friday from 2 to 5 only, please! Music adds will be ready by Tuesday afternoon by calling our friendly receptionist... Kiss is the #1 requested for the second straight week. I guess we knew all along that behind the makeup, it was all just rock and roll... Other good movers this week include Bruce Cockburn, U2, Tina Turner, Xavion, and Sammy Hagar... Blackfoot is on the rebound with a strong cover of 'Morning Dew'. A great song, that we all know, but thankfully was never overplayed. 'Living In The Limelight' will take a few more listens with its slower than original pace... Dokken continues their melodic metal assault on radio. 'Into The Fire' breathes flames from my speakers but wait until you hear the rest of the Lp. 'Just Got Lucky' is my favorite... Eddie Money's 'I'm Moving On' gets the nod. It's a punchy rocker and it's hard to believe that Yoko wrote it but I guess that's the point, right?... Dakota's 'Runaway' hits the air this week and it may run for quite a while. Thanks to Marco Babineau of Geffen and Michael Linehan of WB for the fun at the Elton John show and to Michael Moore of Epic for the Jacksons tix."

WHFS, ANNAPOLIS, MD M.D.-BOB SHOWACRE: "For the last several weeks, Armory Shows import single 'Castles In Spain' has enjoyed great phones... A new import single that we find exciting is 'I Don't Believe A Word' by A Bigger Splash. It's produced by Sting... 'Fear, Hate, Envy and Jealously' is out in front on the new Neville Bros. If your upper end still enjoys Little Feat, they should find a slot."

WDIZ, ORLANDO, FL P.D.-RAD MESSICK: "First and foremost, Blackfoot, as Jacksonville rock and roll steps into the 80's. Far and away their most mature effort ever. 'Vertical Smiles' has depth that no other Blackfoot has offered. We're starting with 'Morning Dew' although I think that 'Ride With You' is a sleeper, as well as 'Get It On'. PS: Thanks to the Smile Bros. for the snapshot...U2 is getting amazing phone calls. One of the most talked about songs on the radio. Upper demo response is good. We need the album now... Why didn't somebody tell us about Zebra's 'Bears' before, instead of going through all the remix trash. It's 'Behind The Door' part 2...Nice package from EMI for Keats. Possibility of two songs working there. 'Turn Your Heart Around' will go first. 'How Can You Walk Away' is the #2 contender...Last, but not least, be on the lookout for Foreign Legion. Orlando-based rockers with a strong debut effort. Definitely crowd pleasers when they play live. Include 'I'm So Lonely', 'Can't Say Enough', and 'Party In Your Pants'."

WLIR, LONG ISLAND, NY ASST. P.D./M.D.-ROSIE PISANI: "Needless to say, U2 has achieved historic phone response. We are all anxiously awaiting the Lp, which will undoubtedly guarantee an endless number of tracks prime for air...Of course, we all know Malcolm McLaren to be the manipulator of the century. However, he's managed to hook me again with a recent import called 'Madame Butterfly'. It's eerie and beautifully melodic and it deserves airplay on a few adventurous stations' import programs...Barry McGuire may have done it better but kudos to the Red Rockers for bringing attention to one of the most significant songs of our time...Screamer of the Week: Ministry's 'All Day'...Guests on the 5:30 phone calls have included Rock America's Ed Steinberg, Jamie West-Oram of the Fixx, Xavion, the Alien Comic, and Mike Peters of the Alarm."

WIOT, TOLEDO, OH M.D.-THE ROZ: "Attention all you doubting Thomases. Iron Maiden debuted at #3 in sales in Toledo. Play this sucker if you live in a heavy metal town like I do...Krokus kicked in at a surprising #5 debut, and the Fastway show shot their Lp sales up to #15. Addwise, I could no longer resist the fun and energy of the Dave Edmunds 'Something About You'...After all, rock and roll is good-time music and despite the sexist Lp cover, Blackfoot's version of 'Morning Dew' is superb. I also like 'Living In The Limelight'... The Swimming Pool Q's have the same ear catching unusuality as the Big Country debut so we'll give 'Pull Back My Spring' a shot...As a promotion around the Ratt show, WIOT presented the Ratt Race. Listeners placed bets between two imaginary rodents and it was commented by a professional track announcer from Toledo Raceway Park!...Just a footnote of thanks to the record companies for gradually getting hip and printing the artist and title on the sides of the jackets of 12"."

WAQX, SYRACUSE, NY M.D.-AMY DAHLMAN: "It was a case of rock and McEnroll last night in Syracuse as 95X co-sponsored the first night on the road for John McEnroe and Bjorn Borg on their exhibition tennis tour. 6,500 upper demos jammed the War Memorial here as the match, complete with a light show, breakdancing, and Bob Seger's old time rock and roll, welcomed John and Bjorn courtside. Borg gave McEnroe a run for his money, looking good and serving tremendous aces, but Super Brat prevailed in the end candidly beating Bjorn 7-6 and 7-5. It's promotions like this that gives 95X the credibility that's so important in wooing the conservative upper demos. The rockers were there but so were their parents. And with our sportcaster serving as the night's MC, it was a valuable opportunity for us to show the upper crust that rock and roll ain't so bad!...Turning to music--Eddie Money's 'Moving On' sounds great to us. It's been a while since we've heard from the crooner and Yoko's lyrics give Mr. Money something solid to wrap his pear-shaped tones around. We'll be looking for decent phones right away on this one...Kiss is sure to lick up another winner with 'Heaven's On Fire'. Hey, Robert Frost it's not, but who says metalheads ever listen to the lyrics anyway. Phones so far are crazy for Kiss...Dennis DeYoung's unmistakable vocals apparently have not been a deterrent to potential listeners. 'Desert Moon' breaks the top 25 retail chart this week. Springsteen and Prince continue to vie for the #1 position with the Boss prevailing this week."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "This week at WCMF we get deeper into: Ratt with 'Wanted Man' and John Waite's 'Tears'...Baxter Robertson gets the 'Green Light' with his new finely-textured tune; and the rest of the adds include Kiss, Fast Forward, Eddie Money from 'Every Man' and the Jim Peterik band, e-r-r-r-, Survivor. Just missing out this week is Dragon which if you have not checked out yet, do so immediately. The record is one of the finest debuts of this year and is loaded with very strong material. If you didn't care for the 12", check out the rest of the album. You're sure to find something you like. Please! This album has been glued to my turntable at home for weeks. Honest...Hot stuff on our import/export show: Gun Club, Red Hot Chili Peppers, 10,000 Maniacs, Rain Parade and Black Uhuru...We welcome our new A&M rep, Ruby Cheeks, who left Florida just in time to catch our notorious up-state winter. Put that suntan lotion away, toots... Finally, thanks to Pittsburgh's pride of pasta patronage, Doug Hamann, for a long overdue visit."

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA: "The new live Talking Heads album is absolutely tremendous. I'm sorry I missed them this last time around they played in concert. Anyone not playing this record is a complete fool...U2 continues to grow in phones--it's unbelievable. People are really angry because they can't buy the record, at least domestically. So hurry up, Island...And as always, it's great to have Rickie Lee Jones in current rotation."

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "The show stopper in the movie is a major phone starter on the air, as we put the blade to 'Purple Rain' to bring it in at 4:42. It's a mutha! Logging #2 phones within a day...I may be a Red Sox fan but I at least know enough not to mess with a Buddhist wearing spiked high heels - especially when she's retailing in the top 5. 'Better Be Good To Me' was at 5:14 but at 3:46 it's great! So the re-add on Tina Turner...I'm glad Paul Stanley and company are taking the time they used to spend applying Max Factor and putting it to writing great tunes. 'Animalize' is a milestone for Kiss and it's already adding to the loyal legions that are all over the phones for 'Heaven's On Fire'...I can't tell ya how emotional Janey Street sounds on the air but I hope you'll have the chance to find out for yourself. She fills the void between the screamers and the moaners perfectly. Gotta go to see somebody about getting a cast removed. I'm pitching tomorrow night with featured pinch hitter, Sue DeBenedette, wielding a Swimming Pool Q in the batters' box."

KWFM, TUCSON, AZ M.D.-CHRIS RYAN: "Adds this week include Waite, Perry, and an excellent choice for the new Baxter Robertson single 'Green Light'... Couldn't not like 'Morning Dew' but the cover is questionable. Rick Medlocke will be hearing from the people on this one. I wonder if there is a video to accompany the cover...Speaking of cover, did you see the cover of the new Rods Lp? You decide for yourself...Radio is sounding real nice here at KWFM with Rickie Lee and the new U2 doing real well. Martin Luther would be proud of '(Pride)'."

KATT, OKLAHOMA CITY, OK M.D.-SCOTT DOUGLAS: "I'll be taking additional music calls Thursday 8 to 10 and 3 to 5...We're extremely fond of the Dokken cut. Play it...We're looking for the Eddie Money cut 'I'm Moving On' to do well...Also, the book starts next week and we're ready to kick ass."

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "Just a reminder: The N. J. Broadcasters' Association will be holding its annual Convention in Atlantic City this weekend at the Golden Nugget. Sunday, Sept. 30th at 2:00PM, Kal Rudman and Scott Shannon will be our special guests on the programming panel. All are welcome...It's going to be an extremely interesting 4-way NYC, CHR battle coming this Fall between Malrite, ABC, Doubleday and Infinity. Obviously, WNEW, WDHA, and WBAB will be the immediate beneficiaries of the Apple's format change. Although there may not be any new AOR listeners, I can see the Billboard on 'Inside Radio' headlines now as 'AOR regains strength: format to watch!' With an AOR station becoming one of the top raters in NYC, and then, what else? Six months to a year we'll see another AOR in NYC to divide up the ratings again! At least it's more exciting than watching MTV, but then, almost anything's more exciting than that...New music we're excited about: Red Rockers, especially 'Shades Of 45' and 'Just Like You' -- Blackfoot, wow! What a change of pace with 'Morning Dew' and 'Living'! This band is not ready to be easily categorized and dismissed--they're alive and evolving...We're happy to support this exciting package of music. The Yoko Ono tribute album does give one pause if you're one who has not been overly enthusiastic about Yoko in the past. There's enough legitimate music to more than sustain this effort. Of course, it's great to have another song from John as well...Mark says the new Everlys' album just received is quite decent. It's great to hear two people who I grew up listening to, sounding so great almost three decades later...Attention! Kip Adotta, please hurry up with a 'Wet Dream' sequel. I can't stand hearing this song another time! Yet the requests keep asking for you...Thanks again to John Boulos for bringing out Andy Fraser; and to Jerry Lembo for bringing Spandau Ballet."

RADIO ACTION CONTINUED

WRXL, RICHMOND, VA M.D.-PAUL SHUGRUE: "Roger McGuinn is probably kicking himself now that he didn't think of covering 'Eve Of Destruction' back in the '60's. The Byrds' overtones are unmistakable in the Red Rockers' remake. Normally we don't play remakes of old hits unless they really outdistance the original and that's the case here. Peter Wolf's 'Crazy' follows a long line of Freudian rockers from Quiet Riot, Prince, Lindsey Buckingham and others. Suddenly, it's cool to be crazy...The combination of Alan Parsons' production and Colin Blunstone's vocals carry the new Keats record onto Richmond airwaves...We're going with the Eddie Money cut from 'Every Man Has A Woman' and I hope this LP will motivate people to listen to Yoko's version of these songs because 'I'm Moving On' and 'Walking On Thin Ice' are actually done much better by the lady who wrote them."

20

WCKO, MIAMI, FL P.D.-NEAL MIRSKY: "Congratulations to Frank Amadeo on his new position as Elektra promotion rep for Florida. Ray and Sharon Carlton will be sorely missed here in Florida. (Ray, I hope you give the Broncos as much good luck as you gave the Dolphins)...Jean Cashman is now in place as Music Director of WCKO and can be most easily reached between the hours of noon and 4pm."

KLAQ, EL PASO, TX M.D.-PEPE LOPEZ: "...FLASH!...Kuick Krokus Concert Report...Midnite Maniac's blast the Koliseum with 'The Blitz'. It was the boys' night out, and boy, they were ready to rock Texas big time with some hot stuff. The crowd was out of kontrol. A million thanks to our friends L.D., Butch Stone, Fernando, Marc, Mark, Jeff, and Andy for having everything under control. As always, a pleasure to associate with true professionals in every sense. These guys are damn good. When they roll into your town, give them a warm welcome. They're on their way to rock the nation. (Check your store reports. 'The Blitz' is top 10 sales here.)...FROM ARIN: Bruce Cockburn's 'Stealing Fire' is solid. You can take this one home, turn it over, and enjoy both sides. What a rare treat. It sounds even better on the air. An important record...Rickie Medlocke and Blackfoot have been favorites here since the early days, so we were really excited when word started to leak out of New York about their new album. When it arrived, we stopped what we were doing and put it on. Smile? Hell, we were cackling like a couple of idiots on NO2. Not just because this album is their best yet, but it is apparent that the band has matured and evolved into a major act. The Foot has always been one of the best shows on the road and with the new material as ammo, they are gonna kill. The two cover tunes will receive most of the attention. Pepe's pick, however, is 'Ride With You'...Gotta run, we just heard Twisted Sister is on the way, so we have to put up everything breakable."

WPYX, ALBANY, NY M.D.-ANDI TURCO: "If it's good enough for Michael Jackson, it's good enough for our morning man, Bob Mason. He figures if Michael Jackson can have a suite bearing his name in Orlando, Mason can do the same in a local motel. Needless to say, tomorrow morning he'll broadcast live from the heart-shaped tub at dedication ceremonies. Supposedly, the rides are better than Disney world...Leave it to a band of Blackfoot's expertise to deliver a solid image AOR sound. Both 'Morning Dew' and Peter Cetera's 'Living In The Limelight' sound great. For now we'll try 'Limelight'...Kiss rules the phones this week, and it's not just the Kiss Army doing the dialing...On the other edge, U2 is art in the truest sense and is doing extremely well...This week's adds: Blackfoot, Elton John, Janey Street, Zebra, Iron Maiden and Tina Turner."

WBRU, PROVIDENCE, RI M.D.-AMANDA TEPPER: "If you really want to swing, put on Rickie Lee's latest. Our listeners sure love it. We played it once on 'Smash Or Trash' and we're getting requests for it within the hour. Great production, a finger snappin' tune, and Rickie's usual amazing, emotional vocals--How can you lose? WBRU went on the FM airwaves 15 years ago, and we're capping off a year long 15th anniversary celebration with a party. Stevie Ray Vaughan and Eddie Money will be providing the entertainment, so the Eddie Money cut on 'Every Man Has A Woman' couldn't have been better timed for us. All station promotions aside, 'I'm Moving On' is a winner! When you take Eddie's recognizable voice, add those power guitars, and then the horns, it's like ZZ Top meets Huey Lewis--an irresistible combination!...Thanks Sal, for the chance to meet Bruce. A high point in my brief tenure as Music Director."

WRCN, LONG ISLAND, NY M.D.-JOHN GRAPPONE: "Of all the new songs to come out, 'New Girl Now' by Honeymoon Suite is starting to happen at WRCN."

WKQQ, LEXINGTON, KY M.D.-CURT MATHIES: "The best news of the week is that U2 is number one phones in only one week. Getting calls from everyone from 15-year-old males to 33-year-old females. This is especially gratifying for this young programmer because we have tried to keep this band in the forefront of our new music tips since the days of 'Boy' and 'I Will Follow'...Phones also still strong for Prince, Ratt, and Kip Adotta won't go away...Strong sales on Prince, the new Talking Heads, John Waite, The Cars, Springsteen and Ratt...Nothing was happening with Stephen Stills 'Stranger' or Zebra's 'Summer's Gone', so we've changed cuts on both. Jimmy Page's name value on the air alone, not to mention the always outstanding guitar work, puts 'Right By You' right in heavy here. And remix or not, 'Summer's Gone' didn't have it so we'll give 'Bears' a shot to try and save this one...And as far as our strict adds this week, the one I see with the most potential is the debut from Colin Blunstone, Keats. 'Turn Your Heart Around' is a tune with major crossover potential. The production is as polished as one might expect from members of the Parson's camp, and I expect this one to reach across a wide variety of demographics. And for those concerned, it should test like a mother."

WDEK, DEKALB, IL M.D.-JOANIE WILLIAMS: "ADDS: Prince, Rod Stewart, Talking Heads, Corey Hart, Bruce Springsteen, Dave Edmunds...CONSIDERING: Blackfoot, Rupert Hine...MOST REQUESTED: Tina Turner, Prince, David Bowie, Billy Idol, Madonna...INCREASED SALES: Tina Turner, Talking Heads, Madonna, Prince, Springsteen... Well, hi! Sure have missed being around for the last month, but you know how format modifying can cramp your style. Anyway, here's the story. After a month of retuning the format (and boy, do I mean a retuning), we have a WDEK that is an AOR station. Our approach, however, will be different from our former open, progressive outlook. It would take a lot of space to explain here, but if you take a look at our list it should be clear. As always, feel free to call Ward or myself to talk about it, we're always up for talking. Some things never change, though, music calls are still after 4 on Tuesday and after 2 on other days...We still do not report something we are not playing...We still program a 'Touch Of Jazz' every Sunday afternoon. See, there are things you can depend on. Thanks to all of you for being so patient and concerned during our time of trial. Both Ward and I are very happy that we'll still be working for you. Ward, by the way, will be on a much deserved vacation until Oct. 1st, but I'll be around, so just pick up the phone and look for our 'Cornfest 84' report next week."

KNCN, CORPUS CHRISTI, TX M.D.-BONNIE STACY: "ADDS: Dokken 12", Survivor, Zebra, Iron Maiden, W.A.S.P...CONSIDERING: Michael Furlong, Queensryche, Hanoi Rocks, Fast Forward...MOST REQUESTED: Sammy Hagar, Kiss...INCREASED PLAY: Romeo Void, U2...INCREASED SALES: W.A.S.P., Sammy Hagar, Springsteen...Our brand new broadcast studio is now in operation and we're jamming! New additions to the C101 airstaff are Greg Bennett, from KZ93 Peoria, and Tim Parker from WOAY, Oak Hill, W. Va. We wish them success...And many thanks to all our record people for your support this past week. I'll be taking your calls from 10am to 1pm Monday through Friday and look forward to making lots of new friends. Remember my predecessor, he taught me well."

WXCS, HAGARSTOWN, MD M.D.-PAUL MICHAELS: "ADDS: Hanoi Rocks, Red Rockers, Fast Forward, Iron Maiden, Queensryche, Dokken 12", Talking Heads, Dennis DeYoung, Blackfoot, 'Every Man'...CONSIDERING: Baxter Robertson, Michael Furlong...INCREASED PLAY: U2, Honeymoon Suite, Beaver Brown, Lindsey Buckingham, Dakota...INCREASED SALES: Billy Squier, John Waite, Billy Idol, Krokus, Iron Maiden...Do not overlook Blackfoot's 'Morning Dew'. It may take a little while to kick in but once it does, look out. Get it on the air where it sounds the best."

KRIX, BROWNSVILLE, TX P.D.-GARY STEELE: "ADDS: Blackfoot, Ratt 12", Dokken 12", Iron Maiden, U2 12"...CONSIDERING: Queensryche, Fast Forward...INCREASED PLAY: Dave Edmunds, Black 'N Blue, Bowie, Iron Maiden, Dennis DeYoung, Kiss...INCREASED SALES: 'Eddie And The Cruisers', Krokus...Have you seen Kick Axe live yet? This band has a superb live show in which they sound better than on the album...The guys in the group are still earning their wings and, in so doing, display a great attitude and are very accommodating to radio people. That's nice to see for a change. Good Luck to the group."

KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES: "Zebra debuted at 13 on the sale chart. 'Bears' works even better than 'Summer'.. And how about that Blackfoot cover? After Kim Stephens got me into one of their family album photography sessions, I'm wondering if an alternate title couldn't be 'Hey Busch Beer, Where's The Mountains.'"

WWCT, PEORIA, IL M.D.-JOHN AMBERG: "ADDS: Rickie Lee Jones 12", Dave Edmunds Lp, and Jim Capaldi Lp...CONSIDERING: Red Rockers...MOST REQUESTED: Ken Johnson and Jim Tofte, Prince, 'Eddie And The Cruisers' Soundtrack, U2, and Scorpions...INCREASED PLAY: Elton John, Survivor, Steve Perry, Billy Idol, David Bowie, and The Fixx...INCREASED SALES: Springsteen, Tina Turner, John Waite, and Prince...Naturally the U2 and Bowie are top-notch, but how about that new Rickie Lee Jones? She's singing a lot better and has done away with the sultry breath appeal of the past. Plus, the horn arrangement is fantastic. 'The Real End' is the finest work Rickie Lee Jones has done to date...Ken Johnson and Jim Tofte, our morning team, have released their latest single and it was our top requested song last week--that is if you ignore the death threats. It's a slightly twisted version of Twisted Sister's 'We're Not Gonna Take It' called 'We're Not Gonna Play It'. Aw, c'mon, where's your sense of humor?...Kevin Vargas, our evening announcer and all around right arm, has resigned to join KWHL in Anchorage, Alaska, so our search begins to find a competent replacement. If you're a whiz with the production room and have experience handling details and working intently with your station's promotion department, perhaps even in charge of it, send a tape and resume including details of your promotional involvement to: Jeff Murphy, P.D., WWCT-FM, 414 Hamilton Blvd., Peoria, IL 61602."

The song is a monster. I hope the Lp has the same effect, but with the success we had with them over the past four years, I'm sure it will. In Champaign, its release has all but overshadowed the release of the Bowie single...My other faves for the week? Night Crossing, Red Rockers, Ya Ya, and 'Rain' by Dragon. The more I hear it the more I like it."

WCPZ, SANDUSKY, OH P.D.-BOB BEDI: "ADDS: Keats, Dennis DeYoung, America 45...MOST REQUESTED: Prince, David Bowie, Scandal, Chicago, 'Metropolis'...INCREASED PLAY: Stephen Stills, Bruce Cockburn, Fixx...Thanks to Susan Bax for making me sound intelligent last week."

WQBK, ALBANY, NY M.D.-LIN BREHMER: "Here's the short version of the story. I will not be working at WLIR this fall. Denis and I searched our souls and in searching found one. It is simply not a part of our star-crossed travels to work together at WLIR at this time. There are very few radio stations that have demonstrated to me a stronger commitment to the future. Keep this hot tip in mind. WLIR's Manilla Guerillas are always looking for the few and the proud...The Red Rockers 'Eve Of Destruction' is a rarity. A cover version that is contemporary in sound and in message. Colin Blunstone lends his distinctive voice to a new band called Keats. What? You thought I'd try to sneak in a reference to Eudymion. Forget it, it's not my style. Besides, EMI acquires good pop songs the Grecian way: They urn them...Records that are creating a sensation: Rickie Lee Jones, Bruce Cockburn, and John Cafferty. 'Eddie And The Cruisers' soundtrack is one of the fastest selling records in this market...Jim Capaldi's Lp 'Holding On' brings to mind the recent successful Steve Winwood release 'I'll Keep Holding On'. It's a sweet song. Bring on the Lp...I will be announcing my own future plans soon."

It's Bruce Springsteen's first of 6 nights. Will have comments next week...I just want to talk about one record this week. It's on RCA from Gary O. This man has written a lot of great songs for other people and he deserves your attention on this new release. I think you'll like 'Get It While You Can'."

WKLT, TRAVERSE CITY, MI P.D.-CHUCK POET: "ADDS: Elton John 12", Lou Reed, Kiss 12"... CONSIDERING: Steve Perry 12", Tina Turner 12"...MOST REQUESTED: Billy Idol, John Cafferty, Prince, Whitesnake, Twisted Sister...INCREASED PLAY: Billy Idol, The Fixx, John Cafferty, Bruce Springsteen, Scandal...INCREASED SALES: Ronnie James Dio, Billy Squier, Billy Idol...Thanks to anybody who had to deal with me last week. It's weird to come back from vacation and not have an M.D. or a morning show and have to face two consultants and the Chairman. But I've got it all back in one pile...A few adds this week could have easily been the same 10 years ago: Elton John, Kiss and Lou Reed. I guess that covers the spectrum...For what it's worth, in all the hoopla about who's playing what metal, our exposure of metal remains the same...For the time being, I'm handling the music by myself, and on the air from 10a-2p."

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "A zillion thanks to Jay Miggins, for giving me the chance to once again see the man who has certainly become the future of rock & roll. Bruce threw a party for 20,000 in Hartford and had the place in the palm of his hand. Even the security folks were smiling when the houselights came up, and Bruce jammed until 12:30. This man will never cease to amaze me...Congratulations to Romeo Void for what has certainly become their first commercially viable success. 'A Girl In Trouble' still going strong on PDH... John Lennon was a man of great vision and overwhelming success. To top that off, his love and sensitivity towards Yoko has always touched me. The idea of her birthday album would have garnered as much attention without his untimely passing as it will now. The material is simply very good. We especially like Elvis' 'Walking On Thin Ice' (also got into it when Yoko first put it out). Looking at John's title track next. Your listeners will appreciate this project for the great album that it is, and for the way it keeps John within us all... Personal to Iron Maiden: OK, so we'll rock with 6 minutes. Congratulations on the successful Iron Curtain tour. Poughkeepsie loves you."

I don't think we need to sing the praises of the new David Bowie or U2. Those are obvious...However, if you get a chance, check out the new one from Silent Running, in particular, the title cut, 'Promotional Warfare'. The record is already picking up hot phones and retail sales. With all the great new music out, Silent Running is definitely one not to be missed."

CHEZ-FM, OTTAWA, CN M.D.-GREG TORRINGTON: "ADDS: Joy Rider, Twisted Sister, Fast Forward, Chequered Past, Juluka, Red Rockers, Tears For Fears, David Wilcox...CONSIDERING: Dragon...MOST REQUESTED: Prince, Frankie Goes To Hollywood, David Bowie, U2, Tina Turner...INCREASED PLAY: Ian Thomas, Rubber Rodeo...INCREASED SALES: Ian Thomas, Lindsey Buckingham, Icehouse...An Ottawa band called Eight Seconds was featured this week on MIV's basement tapes show. Their video is an all out professional undertaking and was the prize of CHEZ's homegrown contest last year. The band has since returned to the studio and done some top rate demo material. If you were impressed with the video, the song will do more. Feel free to call us for more information on the band."

WGIR, MANCHESTER, NJ M.D.-KAREN ANDERSEN SMALL: "ADDS: Survivor, Red Rockers, Bruce Cockburn, 'Every Man'...MOST REQUESTED: Bruce Springsteen, Scorpions, Billy Idol, U2, Billy Squier...INCREASED PLAY: U2, Scandal, Dennis DeYoung, John Cafferty, The Fixx...INCREASED SALES: Lou Reed, Lindsey Buckingham, Bananarama, John Waite...The Red Rockers version of 'Eve Of Destruction' really caught my ear. I was concerned that the dated lyrics would sound out of place, but the band did a nice job along with giving this classic song a harmonic Byrds sound...The Survivor was a surprise. I was prepared to be bored but the band dragged out the hooks for this one. If Night Ranger can do it, Survivor's 'I Can't Hold Back' can also be a hit. It's got the goods...Well, I have to voice my tremendous enthusiasm over the Bruce Springsteen show I saw in Worcester last week. Bruce's communication with the audience was incredible. It almost felt like everyone was participating in the concert together and having the time of their lives. I was particularly impressed by Nils Lofgren. He fit right in with the E Street Band. Many thanks to Sal Ingeme and Al Perry for getting us backstage to meet Bruce. It was a rare opportunity to meet a rock star who has also remained a real person."

WYER, MT. CARMEL, IL M.D.-DREXEL DEFORD: "ADDS: Dokken 12", Rickie Lee Jones 12", Capaldi, Blackfoot, Keats, Fast Forward, Dave Edmunds, Red Rockers, Iron Maiden...CONSIDERING: Talking Heads, Corey Hart, Michael Furlong...MOST REQUESTED: Billy Squier, Iron Maiden, Krokus, Black 'N Blue, Kiss...INCREASED PLAY: U2, Rod Stewart, 'Eddie And The Cruisers', Black 'N Blue...INCREASED SALES: Prince, 'Eddie And The Cruisers', Elton John, Billy Idol, Black 'N Blue, Ratt."

Thanks to Joe Ianello of Atlantic and Kathy Kenyon of Island for arranging our attendance...WTOS has been playing the Bangles Lp since it was released and now we are moving it up into a hot rotation. This Lp has as many classic cuts on it as the Beatles' first Lp. Besides the single 'Hero', 'Liverpool' and 'Tell Me' are strong tunes...Hello and hearty thanks to Mike Plen, I.R.S. for the advance pressing of Let's Active's new Lp 'Cypress'. If their Ep of last year left you hungry for more, this new album has 12 songs. 'Blue Line', 'Ring True', and 'Easy Does' sound especially fine. This is a highly talented trio...Annie's Song Of The Week: The Smiths. Heaven knows I'm miserable now."

KSQY, RAPID CITY, SD M.D.-JEFF MICHAELS/P.D.-GREGG OLSEN: "ADDS: Lindsey Buckingham, Bowie 12", Zebra, Elton John 12", Tina Turner 12", Pat 'Metropolis' Benator, Rod Stewart 12", Steve Perry 12"...MOST REQUESTED: The Fixx, Scandal, John Cafferty, Billy Idol, U2...INCREASED PLAY: Jon Anderson, Bowie, Billy Idol, Xavion, Red Rockers, Rickie Lee Jones, Survivors...INCREASED SALES: The Fixx, Scandal, John Cafferty, Prince, Krokus...Requests continue to be overwhelming for the new U2, so we moved it into medium this week. Hot rotation is definitely on the way...Lots of interest in the new Bowie song also and as big as the Lp will be, we moved 'Blue Jean' into hot and added the flip side 'Dancing With The Big Boys' into medium. Why wait?...Rod Stewart's 'Some Guys' was also an add this week. Hopefully, it will help save an Lp that we always had faith in...If Jim Capaldi's new Lp is gathering dust in your music office, don't let it. Carlos Santana is all over it and they sound great together. Capaldi is a perfect crossover artist and to strand his music in middays is a crime. It's great at night too...Until next week, rock on."

KFMH, MUSCATINE/DAVENPORT, IA P.D.-STEVE BRIDGES: "ADDS: Dokken 12", Talking Heads, Heaven 17 12", Fast Forward, Red Rockers, Dave Edmunds, Night Crossing, Blackfoot, Let's Active...CONSIDERING: The Phones...MOST REQUESTED: Rickie Lee Jones, David Bowie, Cyndi Lauper, Ya Ya, Box Of Frogs...INCREASED PLAY: Buckingham, 'Metropolis' Stevie Ray Vaughan, Elvis Costello remix...INCREASED SALES: Andy Fraser, P-Furs, Stevie Ray Vaughan, Romeo Void...Everything has been going really terrific. I hope the fall is like the summer. Record reps are often maligned and labeled maladjusted, but not here. We couldn't be doing it without you. Special hi to Rikk Gale. I look forward to your calls every week...Let's Active's 'Blue Line' should be a very good cut to get on. If you want to reinforce your album image and still compete with CHR, play it before CHR does...Red Rockers put fun into 'Eve Of Destruction'...The Rickie Lee Jones cut just makes me feel tremendous. The woman is magic...Listen to the Nobodys. Their song about computers has a good message and great production."

WCKN, GREENVILLE /SPARTANBURG, SC P.D./M.D.-STEVE CHRIS: "ADDS: Elton John, Survivor, Dennis DeYoung, Bowie, Steve Perry...CONSIDERING: U2, Rickie Lee Jones, Red Rockers...MOST REQUESTED: Twisted Sister, Kiss...INCREASED PLAY: Buckingham, John Cafferty, Prince, Bananarama...INCREASED SALES: Whitesnake, Honeymoon Suite, John Cafferty."

WIQB, ANN ARBOR, MI M.D.-DEBBI DALTON: "ADDS: Krokus, Iron Maiden, Xavion, Dave Edmunds, U2, Rickie Lee Jones, Blackfoot, Lennon, Fast Forward, Gary U, Dennis DeYoung, Swimming Pool Q's...MOST REQUESTED: 'Eddie And The Cruisers', Twisted Sister, Bruce, David Bowie, Ratt...INCREASED PLAY: Billy Idol, 'Eddie And The Cruisers'...INCREASED SALES: 'Eddie And The Cruisers', Helix, Buckingham, Fixx...Boy, the smiles in this building are running horizontal after the male staff has spent some serious time pondering the cover of the new Blackfoot. In fact, there may be a few other things running horizontal as well. Actually, I love this band and I'm glad to hear they have one great rock 'n roll Lp to smile about. We're going to start with 'Morning Dew', but I also like the remix of 'Living In The Limelight'...What can I say about the Rickie Lee Jones. I'm so in love with everything she does, I couldn't be unbiased if she sang 'God Bless America' under water in German...Yes, 'Every Man' does have a woman but sometimes I wish that John Lennon hadn't been Yoko Ono's. We will play the Lennon cut though, John not Sean. It seems there's a whole lot of audience interest in this Lp...I also wanted to mention that I had a chance to see my long lost former P.D. Dale Wolter. He's alive and well and living in Richmond, VA and if you'd like to verify that yourself, you can call him at (804-323-0393)."

WWTR, OCEAN CITY, MD P.D.-RICHARD REMSBERG/ASST. P.D./M.D.-GLENN STEWART: "ADDS: Rickie Lee Jones 12", Steve Perry 12", Kiss 12", Tina Turner 12", Dennis DeYoung, Survivor, John Lennon 'Every Man', Iron Maiden...
MOST REQUESTED: 'Eddie And The Cruisers', Billy Idol, David Bowie...**INCREASED PLAY:** Night Ranger...**INCREASED SALES:** 'Eddie And The Cruisers', Huey Lewis, Prince...It sure would be nice to see 'Eddie And The Cruisers' make the Superstars chart. #1 requests and sales (after Prince) make it horizontal enough for this market. Ignoring the Lp is really being 'On The Dark Side'...**FROM GLENN:** "Rickie Lee Jones is a breath of fresh air-sound. Her unusual flair has been honed with commercial sensibility...You won't find me at any Dennis DeYoung or Yoko Ono fan club meetings down the hall, but I will admit the possibilities that 'Desert Moon' can become a 'wimp anthem'. And I don't mind Yoko's tunes as much when done by someone who doesn't screech. Now there's a couple of very backhanded compliments.!"

KFMQ, LINCOLN, NB M.D.-MATT EFFKEN: "ADDS: Jim Capaldi, Andy Fraser's 'Eyes', Dave Edmunds Lp, Santers...
MOST REQUESTED: U2, Prince, Springsteen, 'Eddie And The Cruisers', David Bowie...**INCREASED PLAY:** Ronnie Dio, The Fixx, Survivor, David Bowie, Peter Wolf, The Nobodys, and Stephen Stills...**INCREASED SALES:** Prince, Huey Lewis And The News, 'Eddie And The Cruisers' Soundtrack, The Fixx and Springsteen."

WBLM, PORTLAND, ME P.D.-JOSE DIAZ: "No sooner had we started playing Kiss, than we started getting reaction to it. Their fans never cease to amaze me...It's nice to have Survivor back in good form. I didn't think they could pull it off after the disappointment of the last record...Black 'N Blue is sure to have good impact with 'Hold On To 18'. Unfortunately, I had to wait a few weeks before I could add this record because there is so much metal floating around right now...It looks like 'Flesh For Fantasy' by Billy Idol will come through as another hit off the 'Rebel Yell' album...Some pretty good response has already come in for the new U2 record. It's nice to see a band maintaining their own style and being accepted by the mass public...As we watch the growth of Prince, I place my bets on 'Purple Rain' as the next single. We've been doing quite well with it over the last few weeks. The movie, of course, is a major factor, but also, when you talk about the song 'Purple Rain', you're looking at a song that can fit in many formats...Got a chance to see Bruce Springsteen last week in Worcester, Mass. The show, of course, was up to standards (all 3½ hours of it)... Meanwhile, the next night in Portland, Maine, we had the pleasure of meeting Rick Springfield with some listeners. Many thanks to Rick and his management for his hospitality."

KRVV, VAIL, CO M.D.-MARO SELBY: "Many, many thanks to the outgoing Music Director, Linda Cawley, for all the good music she has given us in the past. I've enjoyed meeting the reps this week and look forward to your calls Tuesday through Thursday from 2-4. I've lived in Vail for 13 years and remember the enthusiasm of the local crowd at a Leon Russell concert here several years ago. Am anticipating the same degree of enthusiasm here for 'Solid State' with its rich texture and variety. Linda and I agree 'Thief' steals the show...Also expect Capaldi's 'Warriors' to do well here...Special hello's to WBAB and WBRU. Through you I follow what my hometown and alma mater are listening to."

KBLE, DES MOINES, IA P.D./M.D.-RON SORENSON: "ADDS: Juluka, Red Rockers, Dave Edmunds, Blackfoot, Eurogliders, Blancmange, Donna Summer, Shangoya, Zebra, Fast Forward, John Jarrett's Tribe, Summers/Fripp, Cabo Frio, Dan Siegel, Heaven 17 12"...**INCREASED PLAY:** Elvis Costello, Spandau Ballet, Stephen Stills, 'Metropolis' Soundtrack, Bobby And The Midnites, 'Electric Dreams' Soundtrack, Leon Russell, Jim Capaldi, Keats, The Nobodys, The Church...With a couple of notable exceptions, it was a week of one cut wonders here in KBLELAND. The most notable is Juluka's 'Stand Your Ground'. They established a base with the 'Scatterlings' album and I think this title is a bit of a misnomer - 'Expand Your Ground' would be more appropriate. Juluka is absolutely unique, intergrating traditional South African music in a highly listenable (and dare we say it) potentially commercially successful style; much as Ian Anderson and Jethro Tull did with traditional English music. Highly recommended... So is the second 415/Columbia album from the Red Rockers. 'Schizophrenic Circus' shows both sides of the Rockers, the very good side and the yet still better side. It's every bit as consistent as the last outing. We like 'Just Like You' and Gary O' Connor's 'Shades of 45' as well as 'Eve Of Destruction'...Quick Quips - Blackfoot's better; Dave Edmunds disappoints as does Donna; Heaven 17 - their most accesible yet."

KNAC, LONG BEACH, CA M.D.-MARY JO GODGES: "KNAC Jingle contest winners were announced September 6th on the 'English Channel' (the import show, Thursday nights at 9). The top 3 entries were awarded trips and stereo equipment and are now official KNAC jingles. However, all entries were winners because all were aired on the 'English Channel' during the contest...Echo & The Bunnymen played under a full killing moon to set the mood for enchanted shows in LA this weekend. Keep tuning into 105.5 to hear the talent from the street."

KXLU, LOS ANGELES, CA M.D.-RUSS IADEVAIA: "The usually unpredictable Red Hot Chili Peppers have predictably soared to number one at KXLU this week, with three songs in the top 20. The Chilis prove that hard, white funk has a place on adventurous radio. If you haven't seen them live, do so. The energy on the album is let loose in a high intensity frenzy when this band hits the stage...The Cult has a new album, 'Dream Time', with an additional live Lp included in the first 10,000 copies. Much of this is AOR programmable, so I'd suggest a listen or two...Those of you who already play The Alarm should have no trouble fitting the new 'Channel 3' into your playlist. The new 'Airborne' Ep shares The Alarm's acoustic/electric blend of Anthem Rock."

WFNX, LYNN, MA M.D.-STEVE STRICK: "This Swimming Pool Q's record is doing swimmingly (sorry). 'The Bell Rings' seems to be a stronger cut than the single 'Pull Back My Spring'...Frankie Goes To Hollywood has turned out to be one of our most popular records. It's one of our top 5 requests...The Talking Heads have outdone themselves again. 'Take Me To The River' sounds great on the air...Let's Active has a new album worth checking out. 'Blue Line' seems to be the strongest cut...Bowie and U2 are definitely the strongest new records of the fall so far...The B side of Bowie is also a great song...While waiting for the U2 album, you might want to look into the import 12". It has a song on the B side called 'Boomerang Two' that is really hot...Finally, with Grandmaster Melle Mel doing the rap, Stevie Wonder on harmonica and Prince writing, Chaka Khan has a winning combination for a hit record. Don't ignore 'I Feel For You'."

The Rock Report

THE ROCK REPORT HAS LEARNED that Keith Emerson has been signed to Geffen Records and will have a new album out in a matter of months. Emerson will most likely have a band including other very well known people. As we reported, Roger Daltrey has been doing a few tracks with him and we have learned that the guitarist is one of the most well known and respected in the business.

THE ROCK REPORT HAS LEARNED that there will be a forthcoming major announcement from Asia guitarist Steve Howe.

VAN HALEN, just back from a highly successful European tour, began shooting their third video "Hot For Teacher" from the multi-platinum album "1984". The video is said to include some high school footage using high school kids and it's the first video from "1984" to use an outside producer (name withheld). Meanwhile, Edward Van Halen has completed the scoring to Cameron Crowe's forthcoming film titled "The Wildlife" due the end of this month. The film also features a soundtrack on which Edward performs a track called "Donut City". David Lee Roth meanwhile will be heading off to New Guinea to backpack on a jungle expedition and Alex Van Halen has plans to tie the knot soon for the second time.

DARYL HALL & JOHN OATES are planning to release their new Lp for RCA this month. As we reported, the album's title is "Big Bam Boom". The first single to be culled from this studio album will be "Out Of Touch", which was produced by Daryl and John along with Bob Clearmountain. A 12" version of this single was produced by Arthur Baker. Hall & Oates will kick off their tour in October and Pontiac Fiero will sponsor the dates. The band will then go to Europe in the Spring of 1985 for a series of dates.

STING, fresh from the filming of his latest movie "The Brides" with Flashdance's Jennifer Beals, has announced that he will begin production on his debut solo album. Sting is currently in Guerilla Studios in London working on the Lp. We can expect an early 1985 release. Meanwhile, The Police are planning to release a live album of their recent tour in the new year also.

WITH ALL THE CELEBRATION SURROUNDING THE REUNION TOUR OF THE EVERLY BROTHERS, Magnum Force Records is planning to release an album of previously unreleased material that the Everly's recorded in the late 60's. The album is titled "Nice Guys".

HELEN TERRY has announced that she is leaving Culture Club. She made her last appearance with Boy George and the band in Sydney, Australia while they were on tour down there. Helen is now in Detroit working on her own solo album being produced by Don Was of Was Not Was. The first single to be released off the Lp will be "Stuttering".

Record Action

JON SCOTT, MUSICVISION (818-906-1995): "We are currently beginning work on the 1985 T.J. Martell Rock and Roll Bowl-A-Thon to raise money for leukemia and cancer research. Now is your chance to call and say you want to help in some way, whether it be part of a committee or simply coming up with an idea that will help our format continue to be a vital part of this important charity. If you don't help, who will?"

AL CAFARO, A&M (212-826-0477): "This week it's Tommy Shaw's 'Girls With Guns', the album and the single. This record is your friend, it's very deep. Lead with the title track and dig in from there. Tommy has delivered--BIG...Each week we are finding new airplay on Y&T. These guys are chippin' away at a major breakthrough. The tour is on, 'Lipstick And Leather' is soon to be a 12", give it a listen...The Swimming Pool Q's continue to make friends and influence people. We saw them perform at our recent national meeting, and they were splendid, charming, entertaining, with hot guitars and smooth vocals. We're fired up on this band. If 'Pull Back My Spring' doesn't thrill you, then try 'The Bells Ring'...If you play 'the hits', then you should be playing Dennis De Young's 'Desert Moon'. It's just that simple. This track is a smash...Next from Bruce Cockburn will be 'Rocket Launcher'. Don't miss his upcoming tour. He has something to say...Coming soon: General Public, Let's Active, and Roger Hodgson...And, by the way, if you'd like to play a #1 college record, listen to the Hoodoo Gurus 'I Want You Back'."

BOB CATANIA, ISLAND (212-477-8000): "After reading the programmers' comments and judging by the instant listener requests, I think little more needs be said about U2 than, wait until the album. 'The Unforgettable Fire' will be in your hands September 27th...Fast Forward reets out to a quick start with great response to 'What's It Gonna Take', 'Living In Fiction', 'Play To Win' and others. All I ask is, get your Ian's straight. It's not Gomm, Paice, Gillan, Copeland or Dury. It's Ian Lloyd, the voice behind 'Brother Louie'(Stories) and a couple of great, but overlooked, solo efforts. With Bruce Fairbairn in the band (and co-producing), they make a killer combination. Throw in some songs by Bryan Adams and Gary Q, add a dash of Mick Jones and Lou Gramm and how can you miss?...When I first got to Island, all Kathy Kenyon could babble about was the Waterboys, and their great mini Lp and how it was overlooked. I quickly checked it out and found her enthusiasm had great merit. Well, this week you can all discover the special music of Mike Scott and the Waterboys. 'Church Not Made With Hands' may be the most compelling piece of music that I've heard since Al Stewart's 'Road To Moscow' sent shivers down my spine. In Canada, this track (and whole album) have met with great commercial and critical success. The glut of product will always be out there; but I promise you, listen to this track, and you'll see how it stands head and shoulders above the rest...Quickly, don't overlook Rupert Hine, who now has action on 'Blue Flame' and 'Living In Sin'; Bob Marley, now over 100,000 units; and coming soon may be the most important record of the year, 'Two Tribes'!"

KATHY KENYON, ISLAND (212-477-7167): "It's such a pleasure to work with a band like U2. Thanks to all of you for your continued support to the band. Isn't '(Pride) In The Name Of Love' a terrific record?! It's a treat to work a record like that. Be patient for a few weeks--the Lp will be out at the end of the month...Fast Forward is off to a grand start! The lead cut seems to be 'What's It Gonna Take'. If you haven't listened to the Lp yet, what are you waiting for?...My favorite new album, 'A Pagan Place' by the Waterboys, is probably on your desk (or in a pile next to it) now. Please listen to this immediately! I've been telling you about this band for a year now and this Lp might explain why! They've just finished a tour of Europe opening for the Pretenders and will be opening for U2 in the U.K. in November. Listen to 'A Pagan Place' and find out why they were the cover story in the NME on August 11th!"

PAUL 'ARE WE NOT MEN, WE ARE ATCO' BROWN, ATCO (212-484-6400): "Okay you spuds, finally my chance to call in the unabridged, uncensored and unedited Atco comments. Michael Prince is off to Phoenix, home of the WEA Convention. God help that city!...The Blackfoot Lp has jumped quickly out of the proverbial box with 'Morning Dew' leading the way and 'Living In The Limelight' tucked safely into its jet stream. The spread is what's exciting, since we've been getting extremely strong responses from every part of the country. How's KOMP, WDVE, KLOL, WBCN, KILO, WDHA, WFYV, WCKO, WPYX, KISS, DC101, WRIF, WLLZ, KGB-FM, and WIOT, to name but a few? Blackfoot is a dyed-in-the-wool AOR band and 'Vertical Smiles' is a straight ahead AOR Lp. It sure won't put you to sleep and it isn't one of the 'artsy-crafty-spooky-kooky' variety. For those of you waiting on this one--don't! Blackfoot is part of the foundation upon which AOR radio was built. Paul Michaels at WXCS suggests that you just drop 'Morning Dew' in once and listen to how it sounds on the air. It was enough to convince him, since his listener lines lit up immediately...Well, I've teased you all long enough, the inside tidbit that I was going to reveal is this: . And , and that's how I got from the day care center business and into the record business...Since you did, thanks for reading."

SEAN COAKLEY, ARISTA (212-489-7400): "Excuse me, but can we talk ratings for a moment? As any double digit programmer can testify, success in your music picks often depends on your ability to keep your ear to the STREET. This is why Arista sought out Janey Street, whose debut Lp, 'Heroes, Angels & Friends' is now in your hot little hands. This remarkable music fits, on first listen, like an old comfortable coat. What's more, it's absolutely perfect for the upper demos while having enough edge so as not to blow off your core. In addition to the 12", listen to 'Under The Clock', and 'Me And My Friends'. The best thing your competition could do for you is not to play it!!! This girl's got the goods...Sales Flash: Krokus' 'The Blitz' is already past 400,000 in just three weeks! Album radio airplay on 'Midnite Maniac' will probably make this platinum before a second cut even has a chance to emerge. Don't hold back! If you haven't already done so, blast 'Maniac' into heavy rotation. These are the songs which give AOR the edge...You now have a special edit 7" of 'You Take Me Up', the Thompson Twins quickly ascending new hit. This edit was done by KIIS in L.A., and has been top requests for a month. Please give it an audition, as the hook is irresistible...Also, don't miss Heaven 17 and Bruce Foxton... Personal: Hey Medlocke, you sexist slut, I'm not offended by your disgusting album cover. The music is the best you've made to date and that's enough for me. To hell with the critics. Blackfoot prefers it vertical."

ALAN WOLMARK, RCA (212-930-4309): "Wish I could be in 10 places at once! All RCA's current bands are on the road and I can't wait to get out to the L.A. steambath (or the NAB, take your pick!)...The Starship continues to wow their audiences. Just watch the incredible reaction to 'Layin' It On The Line' in concert. Tonight, David Freiberg is getting married on stage here in New York on The Pier - reception and all!...Likewise audience reactions for Rick Springfield, who rocks harder than most of those male rockers you're playing to death! Catch the show and then segue Rick into the best of Cougar or Adams anytime! 'Bop Til You Drop' is doing it!...And starting this week you can catch Lou Reed (over 100,000 units, thank you!) and Grim Reaper (over 90,000 units, thank you!) at your favorite venues...Hall & Oates' new single 'Out Of Touch' has exploded on album radio. The 12" version is out this week and we're just at the tip of the iceberg with this amazing album. Watch for their tour beginning October 22!...Solid reaction to the new Baxter Robertson 12" of 'Green Light' and now you have the album. The first Lp did well for everyone who took advantage of it...Canada's #1 rocker, Gary O, is out and surfacing with 'Get It While You Can'...And what can you say about a newcomer guitarist who gets the honor of hosting the N.Y. Guitar and Music Expo with the likes of Larry Coryell, Les Paul, Johnny Winter, and Al Dimeola?!? Nothing except that on September 27 you'll listen to him on the debut album from Autograph (a great new L.A. rock band)!...Saw Andy Fraser in concert last night. He'll go all the way one day...Okay, okay, Mrvos wins the \$25 but next year it's gonna be a subway series with the Yankees and Mets...Congrats to G-man, Leo and company on another successful rub-out!...Heavy rotation at home: Incredible new Jethro Tull song, Hall & Oates, Frankie Goes To Hollywood, Autograph and Krokus."

LYN COREY-BENSON, PASHA (213-466-3507): "Are you really ready to 'Party All Night'? Quiet Riot is, with their 'Condition Critical' tour, coming to your town soon. The band has outdone themselves with a light show and staging that must be seen to be believed. Let's face it, the 'Noize' boys are going balls-to-the-wall on this tour--don't miss it! For the icing on the cake, Kick Axe will be opening some of the dates on Quiet Riot's tour. Kevin DuBrow and the boys are ready to storm your airwaves with a Guest DJ appearance. If you'd like to set one up, please call me A.S.A.P. As always, Quiet Riot is doing in-stores to support their platinum Lp, 'Condition Critical'. Watch for the new video from Quiet Riot of their 12" 'Party All Night', coming soon to MTV."

RECORD ACTION CONTINUED

PAUL RAPPAPORT, COLUMBIA (212-975-8616): "Attention 'Eve Of Destruction' fans. Please note that the Red Rockers Lp has other sensational tracks on it! My fave is 'Blood From A Stone' which could become a very, very big album rocker...We hope by now that a lot of you have had time to get into the Eurogliders Lp. I urge all of you to listen to the whole album a couple of times. I know this is a lot of listening time, but I think you will discover some pretty big artistry here, besides 'Heaven', check out 'Another Day In The Big World', 'Cold Comfort', and 'Judy's World'--these folks are h-o-t!! P.S.: 'Heaven' recently went #1 in Australia...Fastway continues to sell more records every week. Lee Arnold reports the track 'Telephone' is getting rave calls. Chicago reports similar response to 'If You Could See'. Anyway, 'All Fired Up' has been working for most everyone and the video just got slotted into solid medium rotation at MTV. If you have burnt 'All Fired' or just want to try a fresh approach, go for the above mentioned. Again, this band has extensive touring with Scorpions and Rush...Scandal--Indeed, it looks like the next single will be 'Hands Tied'. Note: 'Beat Of A Heart' is working very well on quite a number of good stations. Play one or the other or both. The single is about three weeks away. This Lp, just out, is already gold and on its way to platinum... Don't miss Steve Perry's 'Strung Out'. Looks mighty big CHR and for my money, sounds more like a killer album track than a single. Besides, he was ours first anyway...Metropolis inches closer and closer to the Top Ten, Jon Anderson's 'Cage Of Freedom' is just blowing out!..Romeo Void is getting stronger every week. 'Girl In Trouble' is moving into h-o-t rotation as the single goes Big this week...Thanks to all for the overwhelming support on Dave Edmunds. 'Something About You' is becoming huge overnight and in the Lp there's plenty more where that came from...Nice to see Bill and Collie and Seth and Carl and Evan Ashley again. Also, it was great to be in Philly for Bruce's opener. Thank you Mike, Mark, Erin, Cindy and George for help making Bruce's stay a major event. Hi Susan! (Go Cubs!), and special thanks to Gunner for just being him!"

LINDA KIRISHJIAN, COLUMBIA (212-975-1701): "And another thing (or twenty)...Here's a few tips for the Fall collection. Now I know the boat's not yet docked and de-barnacled and you can still savor a sip or two of iced tea, but fall into some hits...Firstly, thanks for your support of the Dave Edmunds album. 'Something About You' is soaring...Just out and already a CHR Breaker is WHAM! 'Wake Me Up Before You Go-Go'. Don't miss this one. It's happening! (Groovy, etc., also very good really)...FYI - it's true, the Psychedelic Furs new single is 'Heaven' by popular demand. 'Heaven' is just out at Top 40. Let's give our support as a format and show CHR who's been giving them all these hits they've been 'breaking' lately--(a la Bruce, Cyndi, Romeo Void, John Waite, etc., etc., etc., etc.)...This week you will be receiving one part of a very special audio-visual project from Columbia called IAM SIAM. Yes, the audio goes with the visual and yes (for all philosophy and logic students) they can exist separately. The song associated with this stunning video 'Talk To Me (I Can Hear You Now)', directed and filmed on location by a Brazilian in Brazil revolves around the adventures of being of high intellect, power and gentleness known as Lamorians. It's not quite clear as to whether these beings are from another planet or another dimension. Have I peaked your curiosity? That's only the half of it. Well, ask your LPM to see this stunning, picturesque video and sit down with the vinyl this week for a true taste of IAM SIAM...And now for something completely Mr. T, check out his Commandments. Morning men take note!...G'day mate!"

News From Rock Over London

HELEN TERRY has officially left CULTURE CLUB, with her first solo offering set for an October 1 release. The single, "Stuttering", is one of three tracks recorded in Detroit, and was produced by DON WAS. Helen remains on good terms with her former band, and appears on three tracks from the Club's forthcoming album, "The House Is On Fire". In the meantime, Helen's busy writing material with BOY GEORGE and ROY HAY for her debut solo album. She's also been writing with JOE SAMPLE and DENNIS MATKOSKY and recorded a video in Los Angeles with RUSTY LEMORANDE.

ADAM ANT's been recording a video in London to accompany his new British release "Apollo 9", his first record this year apart from his one contribution to the "Metropolis" Soundtrack, "What's Going On". "Apollo 9" was produced by TONY VISCONTI, and is backed by an early Ant's composition "B Side Baby". The record marks Adam's return to an altogether more raw and raunchier sound reminiscent of his early days on the wild frontier. Meanwhile, Adam has stripped his former eight-piece touring band to a three-piece band, which includes the ever-faithful MARCO PIRRONI, COUNT WICZLING and CHRIS DE NIRO.

WHAM! mairman, GEORGE MICHAEL, has apparently been approached to produce an Lp for German group PROPAGANDA, who jumped on the TREVOR HORN bandwagon with a debut release, "Dr. Mabuse", on the ZTT record label. George is said to be thinking about the proposition. In the meantime, he's probably deciding what to do with all the noughts recently added to his healthy bank balance, because young George has just been declared a millionaire by his accountant, at the grand old age of 21.

The name of the new MADNESS record label, ZARJAZ, is taken from THARGSPEAK, and means brilliant. THARG is the hero of the futuristic comic "2000 AD" which the band avidly reads.

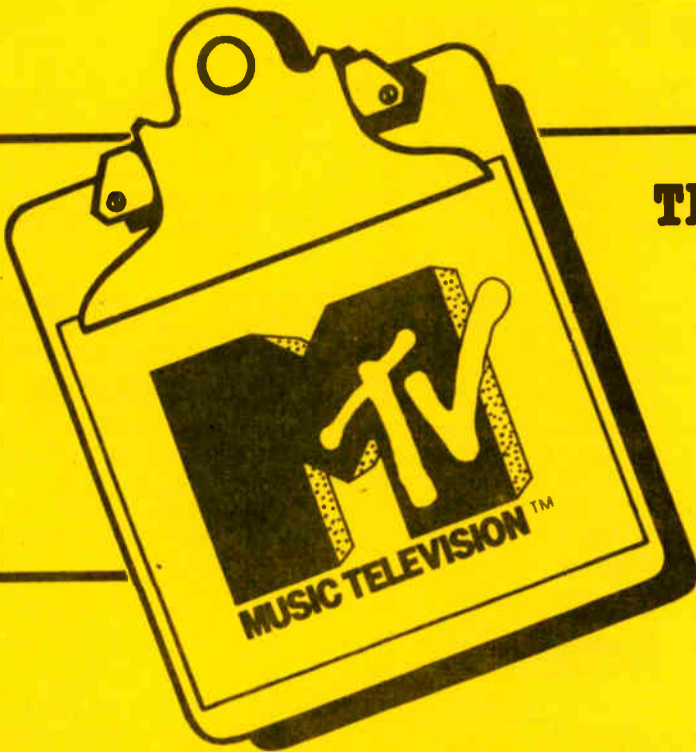

BRONSKI BEAT follow up their Rock Over London Top Five hit with the release of their second single "Why". The trio is currently in America putting the finishing touches to their debut album which will be released sometime in October.

The battle of the bands is on. Following news that CULTURE CLUB is about to release a new single, "War Song", comes the announcement of a new DURAN DURAN 45. It's called "The Wild Boys", and is due out shortly.

The HUMAN LEAGUE's JO CALLIS is leaving the ranks as a fully-fledged member, but plans to continue working with the SHEFFIELD BAND on a part-time basis. This means he won't be doing any more photos, interviews, or radio shows as a member of the band, or playing live. He will continue working with the League in the studio, however, as well as writing songs. Jo's reason for the move was to give him more time for solo projects.

Listen out for the debut release from THE ADVENTURES, new signings to the Chrysalis record label. The 6 man, 1 woman band hail from the length and breadth of the U.K. and have been scaling the British Top 100 with their superb new 45, "Another Silent Day". And, if you want to catch them, just tune in to Rock Over London, because they're just one of the surprises we've got lined up on the show this week. We lift off the show with "Apollo 9" the brand new release from ADAM ANT, and take another throw of the U2 "Boomerang" with exclusive airing of a B-side track unavailable anywhere outside the U.K...We play the new hard-hitting sound from two great guitar heroes, SUMMERS and FRIPP, and let the hammer fall with the new QUEEN release. UB40 are back, and so is SPANDAU BALLET singer, TONY HADLEY, to conclude the second part of our interview.

VIDEO NEWS

Apparently BRUCE will probably not be making a video for "Cover Me" - with all his touring, he simply just doesn't have time...PAT BENATAR has already made three videos from her next album, even though it won't be released until Halloween. The videos are "Painted Desert", "We Belong Together", and "The Ooh-Ooh Song"...WALT DISNEY is releasing three new home videos that combine Disney animation with music. The videos include Mickey Mouse, Donald Duck and scenes from Disney classics like "Fantasia" with music from The Beach Boys, The Supremes, Elvis Presley, Stevie Wonder, and Hall and Oates. The videos will be in the stores on October 30.

INTERVIEWS

LINDSEY BUCKINGHAM: "One of the things that certainly the song "Go Insane" is saying is that it's probably alright to go a little mad for a few days at a time. It can be quite cathartic. As long as you reel yourself back in and as long as it doesn't get you into trouble. But in a broader sense one theme that runs through the album is that there are just those periods of time when you are either with a person who is testing your sense of reality or in situations which do that, and where everything is greys; and the black and the white tends to go away!"

Program Producers

LURIE GORMAN, PG PRODUCTIONS, (818-981-3331): "Flash from the past..Styx's Dennis DeYoung was very surprised on last Sunday's 'Live From The Record Plant' when he received a call from a former student. Some time ago he taught music to 8th graders and one remained a devoted follower and fan. Dennis remembered her, and asked if she was 18 years old now. 'No,' she replied, 'I'm 22, married and expecting a baby!' 'I was afraid of that', Dennis said. But he enjoyed reminiscing nonetheless...We all are looking forward to meeting everyone at the NAB/NRBA this weekend, and hope some of you can make it down to our show as we welcome special guest Sheena Easton."

STEVE SCHARCH/PIPPA RYAN, WESTWOOD ONE (1-213-204-5000): "We're gonna (continue providing) kick ass (programming) and take (your) names as the Westwood One Radio Network heads out of this cruel Summer and into the cool Fall... Last week we told you about our most recent interview coup--Bob Dylan. Well, Mary Turner just returned from New York where she talked with Yoko Ono about the long awaited 'Every Man Has A Woman', the album John Lennon conceived as a birthday present for Yoko, doing covers of Lennon-Ono tunes by some of their favorite artists. Mary's interview and songs from the Lp will be featured in an upcoming commercial free special titled 'A Present For Yoko' which will be made available next month free to any station wishing to air it...Meanwhile, the Westwood One Satellite Network is gearing up for two major live events--A listening party featuring REO Speedwagon and their new 'Wheels Are Turning' album in October, and an exclusive broadcast of Elton John's final 'Breaking Hearts' concert November 4th at the Centrum in Worcester, MA...To lock up Yoko, REO and Elton for your market, contact us n-o-w! Forget the rest, and go with the best, Westwood One!"

Video Action

NANCY GLUCKSMAN, CHRYSALIS (212-758-3558): "Congratulations to Ellen Berkowitz formerly of Night Trax and now programming the new Cable Music Channel. This means two things to me--success for a really hard-working woman (and a nice person besides) and, of course, another outlet for Chrysalis videos...Last week I had the pleasure of setting up a short promotion tour for Spandau Ballet. They visited Atlanta, Boston, and New York on their way to Hong Kong to shoot the 'Highly Strung' video. It was a huge success of endless interviews. They were patient, professional, and personable. Next time they'll probably do the West Coast and worm their way into the hearts of those programmers. They are particularly popular in L.A., so even the phoners done to radio in L.A. from our New York office started a buzz. A live interview on the Video Music Channel in Atlanta created instant phones. And we just kept running into Buzz Brindle wherever we went."

CURT CREAGER, ATCO (212-484-6400): "Very interesting indeed: as INXS' 'I Send A Message' goes recurrent at radio, but continues to rotate heavily on national and video programs, Lp sales continue to build. We're selling some records here, and in the case of INXS, a very visual band, video is a significant factor. My thanks for all your support. Next step: 'Burn For You', presenting a more personal look at INXS...Personal to Kathy Pletcher: Speedy recovery and call collect if you're bored. And no flashing the orderlies."

"Frankie Goes To Hollywood plan to do a new version of the video of 'Relax', which would mean that there have been three clips for the British charttopper. This new 8-minute version will be directed by Barnard Rose, who made the first version that was so controversial... Video directors Kevin Godley and Lol Cream plan to direct a full-length feature film from Britain's ZTT Records, which would feature music of Trevor Horn and Art Of Noise...Heaven 17 have done an unusual video for their new single, "Sunset Now". It's set is a 5-foot by 5-foot model on which hundreds of tiny lifelike models are presented. The band chose to work on this video themselves, instead of using a production company, citing a cost factor. But, the video still cost over \$40,000, and word is that it may be severely edited before being released in the U.S. because it is so unusual...Richard Lowenstein has worked again with INXS, directing two new videos for the Australian band. "Dancing On The Jetty" and "All The Voices" were filmed at England's Kent Castle and various locations in the rainforests of North Queensland...Ratt's new video for "Back For More", sees guest appearances from Motley Crue's Nikki Sixx and Tommy Lee. The band has already made plans to shoot a third video, for "Wanted Man". It's described as being an "epic spaghetti Western", to be shot on location in Arizona...The Chiefs Of Relief, which consists of the remaining members of Bow Wow Wow, plan to shoot their next video in 3-D...Jerry Dammers of Special AKA is cast as an astronaut from the planet Meatball in the video for "What I Like Most About You Is Your Girlfriend". He finds himself on Earth at a club called Frankie's Funny Farm, where he spots two female humans he'd like to lure back to his planet in the constellation of Outer Bongolia. No, we didn't make this up."

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by totalling the emphasis points on cuts.

The methodology for our Top 50 markets Metro Index is the same as our Airplay Index, but instead of using the full sample base, we calculate the ranking from airplay reports from the Top 50 markets as defined by Arbitron.
