Hard Choices

X DAVID BOWIE, "TONIGHT", EMI... Once again David delivers big for EMI. "Tonight's" drama, consistency, and charisma force a three-way playoff with Bruce and Prince for Male Artist Of The Year. "Neighborhood Threat" is the fastball—but "Tonight" with AOR darling Tina Turner and the 7-minute "Loving The Alien" are also superb. And don't miss his stirring cover of "God Only Knows"—with the two you're already using it's at least 5 deep.

X STEVE MILLER, "SMANGRI-LA", CAPITOL... You know it's gonna go all over the road—so don't get beat on a core AOR artist. Steve's minor harmonies and that funky arrangement may confuse at first—but sequed into ZZ or the Heads you've got everybody covered—and these days, different is better.

JOAN JETT, "GLORIOUS RESULTS OF A WISSPENT YOUTH", MCA
Enclosed in this week's sheet—a unique narrative preview cassette from Joan Jett. We trust you'll find her content intelligent and enlightening—and the music kicks butt. It's her deepest album to date—and we especially like "I Love You Love Me Love," "Talking About My Baby," "I Need Someone," "New Orleans," and "Push and Stomp."

PAUL McCARTNEY, "NO MORE LONELY NIGHTS", COLUMBIA...
You might say, say, say, it's a bit slow on 31st pass, but that beautiful melody, David Gilmour's trademark guitar and the Eleanor Rigby strings put the ball squarely in your court...Hit it.

TIP

JETHRO TULL, "LAP OF LUXURY", CHRYSALIS... The latest in a long line of characteristically complex and alluring tunes from Mr. Anderson snuck out in some towns via Rock Over London. Early reactions have been strong and why not? The rhythm drives the synthesizer, but the flute remains out front. A sure bet to sweep the loyal legions along.

Chain Reaction

38 SPECIAL 12", "TEACHER TEACHER", CAPITOL... KORS' Wally Walker sums up our feeling—MISS this one and you should be enrolled in a school for the deaf...WGRQ's Paul Heine calls it "the most exciting, energetic record 38 Special's ever done. This departure will be their most active track yet"...WYDD's George Anthony thinks "it will be their most accessible record for all formats—a sure bet"...From WHYY's Ron Nenni, "A welcome departure from their formula, thanks to Bryan Adams"...And WAQR's Amy Dahlgren says, "This band keeps growing musically, increasing their popularity while maintaining that good 'ol boy, shit-kicking image. Amazing!"...#1 Most Added with 101, and the week's highest song debut at #13.

DOKKEN, "TOOTH AND NAIL", ELEKTRA... The conversion week brings in 56 Lp adds—good for debut at #41 Index/#36 Metro, and moving "Into The Fire" to #43...Reaction: Paul Heine, WGRQ: "From metal ballads to straight-ahead rockers, to face removal punch, Dokken covers all the bases with flawless production and marketing"...Pam Brooks, WPCB, "Into The Fire" is a great follow-up to "Breaking The Chains" and your listeners will go wild"...And from WJCK's Mark Miller, "Definitely metal for the masses, and it certainly is as catchy as Ratt or Motley Crue."

X GENERAL PUBLIC, "TENDERNESS", IRS... The Beat's bouncy hooks and clever lyrics never achieved the level of commercial validation they deserved—now "Tenderness" and the new lineup might well be the twist it takes to bring 'em home in the United States. Up, positive, and real.

STONE FURY, "BURNS LIKE A STAR", MCA... Busting thru the clutter takes moxie—especially when the vinyl competition is armor plated. Enter Stone Fury. "Break Down the Walls" roars into the fray with a giant battering ram of a hook—and that chorus and axe have the moves to reduce lesser rivals to rubble..

TIMOTHY B. SCHMIT, "PLAYIN' IT COOL", ELEKTRA... If it sounds familiar it should. A quick look at the liner notes tells you anyone whose ever plunked a string in L.A. is there—and they work it out without getting in the way. The title track pleases from note one...ditto "Something's Wrong" with Steve Lukather and Joe Walsh. Desert rock el supremo.

X JOHN PARR, "NAUGHTY, NAUGHTY", ATLANTIC... Combining some of the best moves of Messrs. Squier and Gram—and some fancy footwork from the band, here's one of those "What's Not to Like" numbers. Feels like the second stroke...

TOMMY SHAW, "GIRLS WITH GUNS", A&M... Tommy's title track leads with a #31 debut—the Lp finishes #2 Most Added with 73, debuting at #31 Airplay/Metro. WOVE's Greg Gillispie comments, "De Young may have the bigger hit across-the-board, but for AOR, Tommy is the way to go"...Brian Taylor, KODS feels "The Shaw Lp is everything a lot of Styx fans wanted the group to be doing instead of 'Music Robots'"...And WBRU's Amanda Tepper comments, "'Guns' is like a 'Footloose' for grownups. A little more sophisticated theme, but the same relentless beat, hooks all over the place, and an absolutely unabashed enthusiastic vocal on top of it all."

HALL AND OATES, "OUT OF TOUCH", RCA... Erin Riley RAVES, "Daryl and John will never be out of touch, and once again they have proven it. Their new single is a bone fide smash"...Again to Mark Miller, "'Out Of Touch' continues their absolute mastery of the hit song genre. Everything about these guys works"...Bob Bittens, WHCH adds, "When was the last time they released a single that didn't become a hit? With their uncanny knack of creating hooks, super-slick production and Daryl's voice, they can't miss"...And as WOUR's Tom Starr puts it, "If Hall & Oates isn't an automatic for you, then the song title sums up the problem"...Out-of-the-box on 52—new at #45 on the Top 100.

CHAIN REACTION CONTINUED

KISS, MERCURY...The request chart is the hot news here, showing a 7-2 leap with top 5 phoners at roughly 30% of our charting reporters...Ten play increases include KOME, KBPI, WWCK, WTUE, KBPI, KILO, and KLPX..."Heaven's On Fire" gains 25-21...The Lp is #5 Most Added with 51, and the week's highest debut on the Back Page at #26 Metro/#27 Index...WWCK's Mark Miller testifies, "Literally the week's hottest record. Top 5 phones out of the chute, and #1 in the past week. Hard to believe this, but the Kiss Army is still intact. They smell these records months before they are released"...WKLC's Paul McMillan tells us, "Kiss goes to heavy this week on the basis of #1 phones and killer sales out-of-the-box."

EDDIE MONEY, "EVERYMAN" SOUNDTRACK, MERCURY...The sampler scores big on the Back Page with the week's strongest 36-16 Underline in National Airplay and a 37-17 Metro move...New on 46, for 94 to date, with 9 play increases, including KQAK, WNEW, WLLZ, WDHA, and KILO...Money's "Movin'" sets the pace, with a tremendous 57-29 jump, Lennon's title track goes 82-64...WEBN's Curt Gary comments, "Thursday of last week we performed one of our mid-week add acts with Eddie. It's gonna be a home run"...KICT's Lee Roberts says, "'Movin' On' is one of the best that I've heard from him in a long time"...And from The Roz at WIOT, "I was delighted to find that Eddie could breath new life into a song whose potential I'd never realized."

BAXTER ROBERTSON, RCA...Nice week for this interesting change of pace--#8 Most Added with 18, including KZOK, KSJO, WCMF, WLAV, KBPI, WBCN, WQMF, KBCO, WGRQ, and KWFM..."Green Light" is slightly out front, with a #92 debut...WWCK's Mark Miller calls it "A sure bet for crossover status. A subtle and somewhat mysterious feel"... "Rich Get Richer" is the other radio pick, and KSJO's Ken Anthony says, "This song could be Ronald Reagan's campaign slogan for 1984. 'Rich Get Richer' gets my vote for a rock song with a timely message and hooks that'll surely stay with you for another four years."

RICKIE LEE JONES, WARNER BROTHERS...Rickie Lee makes her first Back Page showing in years with an Airplay Index debut at #44 (due in part to 33 more adds), as "The Real End" turns a nifty 75-50 Underline...WIMZ's Scott Paulsen calls it "Easily the most fascinating and eclectic piece of music I've heard this year. Congrats to a very ballsy lady"...WKQQ's Curt Mathies feels "This album's a virtual masterpiece and all retail outlets in the market are anticipating good sales. You couldn't ask for a more quality release"...From Bob Linder, WDHA, "Rickie Lee sure hits home for those upper demos. No matter how often I listen, there's no burn factor, and there's a lot to choose from here."

RED ROCKERS, COLUMBIA...17 more stations give the Rockers 51 Lp adds to date, powering the 50-43 Index Underline, and 58-48 Prime Move for "Eve Of Destruction"...Looking good on the Checklist with 12 builders, including KQAK, KLOL, 91X, KLPX, KRQR, WBCN, and WLIR...KLPX's Bryan Miller promises, "You'll get great calls from your older demos. Love that 12 string"...WCMF's Dave Kane says, "Their timely version of 'Eve' is still topically relevant all over again. The Red Rockers have breathed new life into this song."

BLACKFOOT, ATCO..."Morning Dew" does the job with an '80-54 Primer, as KRQR's Lisa Novak comments, "It was a surprising choice for them to cover, but their Southern touch works well on this one"...Amanda Tepper at WBRU adds, "'Morning Dew' is a perfect example of cinematic music. With it's deeply layered sound and epic quality, your imagination can go anywhere while listening to it--at least until the video comes out"...The Lp grabs a 49-42 Index Underline, up 45-43 Metro, and is #10 Most Added with 19, for 52 to date.

"EDDIE AND THE CRUISERS" SOUNDTRACK, SCOTTI BROTHERS...Heard Steve Sutton refer to it as "Eddie Cruiser-the K-Mart Bruce" on WYSP last week, and that almost put me in the ditch...Almost as humorous is this understatement from KFMH's Steve Bridges, "'Eddie And The Cruisers' just keeps getting hotter"...Yep, could say that about the charts, we reckon: 10-6 Index and Metro chart underlines...Up 19-16 in Street Pulse retail...17 play increases loaded with majors, and only 2 drops in rotations..."On The Dark Side" remains at #3 Most Requested, up 6-2 in Airplay with "Tender Years" set to chart soon.

PRINCE, WARNER BROTHERS...Arise, subjects, that edit you've been requesting is here. Be on the lookout for the four-minute version of "Purple Rain" on purple vinyl, and be inspired by the 37-21 Index Prime Move, and 8-6 request build...On the Lp side, note the 19-14 Metro Prime Move and 8-7 Index gain.

SURVIVOR, SCOTTI BROTHERS..."I Can't Hold Back" is looking like the first really active audience record for the band since "Eye Of The Tiger"--witness the 29 Checklist builders, including hot phones at KLOL, WAQX, WWCK, KZEL, WBAB, WIOT, KILO, WTUE, and WBLM...After three weeks of airplay, the Lp posts a 23-19 Metro Underline...Up 21-18 in the Nationals...As KBPI's Lynn Wells puts it, "'I Can't Hold Back' moves into heavy after two weeks. There's no denying this one is a hit."

DAVE EDMUNDS, COLUMBIA...Everything about his latest tells us Dave has finally moved to hit city! Increased play at KZOK, WQFM, WOUR, WCMF, KICT, KILO, WOUR, WPLR, and WTPA...12 more adds give him 69 Lp reports in the past two weeks, all of which punches up a 27-23 Index Underline, 26-23 Metro climb...Nice progress for the single 24-17, with "Steel Claw" in the wings.

DENNIS DE YOUNG, A&M...The crossover continues to flex it's muscles--"Desert Moon" slides 36-24, and with 5 more adds and 16 play increases, the Lp gains 31-25 airplay, 42-37 Metro...Ups include WMMS, WSKS, WIYY, WHJY, WHCN, KZOK, KICT, and WFYV.

BRUCE COCKBURN, GOLD MOUNTAIN...The heavy slate of debuts knocked Bruce off the Back Page last week, and we're happy to see him reappear at #46 on the Index this report..."Lovers In A Dangerous Time" goes 60-55, and was added at WLLZ and KICT this week. We'll Checklist for a closer look at one of our favorite adult singles in the coming sheet.

KEATS, EMI...More quality adds for this fine leftfielder we front-paged a month ago...New: WMET, WTOS, WLAV, KEZO, WIMZ, WLUP, WPDH, WHCN, KLPX, and WTPA...Those already playing include WQFM, KBCO, DC101, WDIZ, WYNF, WKQQ, WIYY, and WRXL..."Turn Your Heart Around" goes 93-76 Underlined...Taking a break from his creative quotes correspondence course, Bruce Bond offers, "It's got those infectious hooks that hook you harder every time you hear the song."

TINA TURNER, CAPITOL...Tina serves up a double with Primers on the Index 47-36, and a 49-45 Metro Underline..."Better Be Good To Me" springs 74-42 with new air on KKCI, WFBQ, WWCK, KQAK, WKDF, and 6 more...Plenty of play increases: WCKO, WYDD, WOUR, WPDH, WPLR, WBCN, and WGRQ...KMOD's Jim Jones says, "'Better Be Good To Me' is one of the best R&B songs I have heard in years---if it can be considered R&B. It's on the top of our priority list for next week"...And Lynn Wells, KBPI adds, "Tina is still in the top 5 sales all over Denver, while we pull healthy phones for 'Better'"...And from Pepe Lopez, KLAQ, "Established performers are fine and dandy, but when we can play something by someone who is not a major artist, we enhance our prestige with listeners, especially when the record is good. This one is better than good. Thanks, Tina!"

MCA RECORDS DELIVERS

CHAIN REACTION CONTINUED

- ZEBRA, ATLANTIC...** "Bears" builds 41-34 for the Underline, and it's coming up strong in the comments as well... From WDVE's Greg Gillispie, "Sounds like a strong mix of the best elements of Rush and Led Zeppelin. Far superior to the initial 12"...From Glenn Stewart, WWTR, "'Bears' shows Zebra's different stripe and we find no problem with it after the success of 'Who's Behind The Door'"...And KLAQ's Pepe Lopez closes with "'Bears' is perfect for the change of season, and if you're not playing it, you should be"...New on KKCI, KLOS, WLLZ, WWCK, KFOG, KLAQ, WLAV, and 6 more.
- EUROGLIDERS, "HEAVEN", COLUMBIA...** New on WDVE, WBCN, WYDD, WFYV, and several more...Back we go to Mr. Gillispie, "'Heaven' is the most pleasant surprise of the week. It sounds like a very modern Fleetwood Mac record and should do well with the adults"...Neal Mirsky, WCKO, "Sounds half Fleetwood Mac, half Eurythmics, and all hit"...George Anthony, WYDD, "The Eurogliders have a great feel to them, and 'Heaven' sounds great in the on-air mix"...Erin Riley, WMMR, "An extremely strong debut Lp that shouldn't take long to get on the radio. 'Heaven' is as strong a track as we'll hear from a debut album, and the rest of the record stands on its own merit."
- FAST FORWARD, ISLAND...** "What's It Gonna Take" appears to be the radio pick-to-click--None other than Ron Nenni at WHJY calls it "One of the best-sounding songs out there"...His old shopmate, Greg Gillispie agrees, "At first I thought 'Living In Fiction' was the way to go, but 'What's It Gonna Take' is a much better song. With help from the guys from Foreigner and Bryan Adams, you can't go wrong"..New on KRQR, KGB, WEBN, WHJY, WPYX, KLPX, KNCN, and WMGM.
- QUEENSRYPHE, EMI...** More quality calls, including KZOK, WHJY, WLLZ, and KTXQ, give the band a two-week total of 16. Take it from noted metalmeister Ron Nenni, "Queensryche developed a tremendous cult following with their Ep, and with the stunning production and songwriting on the new Lp, they deliver the caliber of metal that we're looking for."
- TALKING HEADS, SIRE...** Debuts held the live package steady at 37/33, but those adds kept a-coming. New: WHJY, KTXQ, WIOT, KLAQ, KILO, and 5 more...Street Pulse shows a strong 53-36 retail jump, and top 5 calls are coming in at WNEW, KFOG, and WAAF...The movie? WFNX's Steve Strick has been there and files this report, "It is by far the best concert film I have ever seen. Consequently the Lp is one of the best live records to hit the airwaves"..."Once In A Lifetime" and "Take Me To The River" are the preferred trax.
- JANEY STREET, ARISTA...** Janey comes through with her first serious add week to date with 18 total for #8 Most Added. "Say Goodbye To Ronnie" is the one--new at 100 on the Song Index--Obviously there's plenty of room for advancement...Bob Linder, WDHA, calls it "Streetwise and just plain fun."
- AZTEC CAMERA "ALL I NEED IS EVERYTHING", SIRE...** We can't bludgeon you with call letters yet--so when in doubt, roll quotes: Paul Heine, WGRQ: "It's #1 on my turntable. Adult rock that works on a number of levels. Roddy Frame is the most promising new singer/songwriter to come out of England since Elvis Costello"...From Ron Sorenson, KBLE: "'Knife' adds just the necessary amount of polish to what was already a band with potential. With a little help from the label, they should be realized this time."
- THE DEL FUEGOS "BACKSEAT NOTHING", SLASH...** WOUR's Tom Starr steps up with "Until The Honeydrippers Vol. 1" album comes along. A dose of Del Fuegos is a great way to combat the dreaded generic rock syndrome. "Backseat Nothing" flies in the face of convention and should be flying in the ears of WOUR listeners by this time next week. Add this record cause it's the only one out you won't hear about from fifteen different people in the same afternoon.
- DRAGON "RAIN", POLYGRAM...** We tipped this nifty ditty back in August--and now many monsoons later, the act is on the Edge Of Wetness with a snappy #98 debut. The Leachman (David to you) assures us PolyGram is all geared up to go back out into the vinyl storm to get this one--so keep an ear peeled for the reservice and listen up cause it will only take one listen to make you like it.
- MICHAEL FURLONG "USE IT OR LOSE IT", ATLANTIC...** Impressive early gains considering the traffic--New on WDVE, KZOK, KMOD, KLAQ, WEBN and 5 more. Curt Gary talks tough with "Final word on Michael is USE IT!!"
- IRON MAIDEN, "POWERSLAVE", CAPITOL...** "Two Minutes" moves up 13-10 in the Most-Requested with WIYY, KICT, KTXQ, WQFM, WDVE, KPOX, and WIOT among the top 5 reporters...New on DC101, WDVE, WAPP, WLQV, WSKS, KGBV-FM, and seven more. Up on 9 including KICT, KLPX, WTAP, WWCK, KZOK, WLLZ, and WQFM. "Two Minutes" moves to #37.
- EVERLY BROTHERS "ON THE WINGS OF A NIGHTINGALE", POLYGRAM...** One ultra wide demo crossover single AOR really hasn't taken advantage of. Our checklist shows an early building trend at KBPI, WMMS, WKQQ, WCCC, WDHA, and KRVV. KBLE's Ron Sorenson says it well: "I get this incredible sense of the continuity of rock and roll every time I lay a track from the new Lp. Those homespun harmonies are timeless, and the songs are superior. This is not nostalgia."
- FRANKIE GOES TO HOLLYWOOD, "TWO TRIBES", ISLAND...** Yes, we know you still haven't received your domestic copy--and to keep you salivating, WQBK's Lin Brehmer sez, "'Two Tribes' was getting requests before the domestic release arrived. I would say that is a good indication." By George, we agree. Look for it soon.
- HANOI ROCKS "UP AROUND THE BEND", EPIC...** WAQX's Amy Dahlman blabs: "'Up Around The Bend' has been one of our top call-out records (and besides, Levine was hot for the blond on the cover before we figured out it was a guy)"...Before, Ed? WMGM's Mike Boyle calls their rendition "A forceful tribute to CCR"...Not to mention Maybelline. New on 11--including WBCN, WIOT, WYSP, WCCC, WRCN, and WAQX...Now on 17 total. A hot song from a group that's great copy makes this an extra fun project.
- BACKTRACKS:** Chicago's "Hard Habit" breaks in at the #69 position. It's not too late to put it to work... Another smart second track is Lindsey Buckingham's "Loving Cup". New at #85. The success of the first single says you'd be insane not to hop on...Ratt's "Wanted Man" shows major gains 100-74. This Ratt is pedigreed, so saddle up...Huey Lewis celebrates a year on the back page--and appropriately "Finally Found A Home" posts a 79-67 gain...The Thompson Twins "You Take Me Up" turns a 77-56 underline in the nick of time... Steve Perry's "Strung Out" locks 14 new adds, moving 45-32. Obvious...And, Scandal's "Beat Of A Heart" builds with 12 more believers, and a 30-23 push. 27 checklist builders make this one automatic in our book... Think about making room for either of two killer Fixx ballads--"Wish" and/or "Woman On A Train". We think they're undeniably upper demo/female champs...And Elton's "Who Wears These Shoes?" clicks with a 42-30 underline and 25 checklist builders. If it fits...RIOT Boys aren't Quiet with the latest single off "Condition Critical", "Party All Night". If you haven't given it a fair listen, check it out again. Miss it and you'll bang your head...

Question Of The Week

12

If you could program your ideal fantasy weekend, what would it be?

BRUCE BOND, WTPA: "Whatever the disc jockey wants to play matching his personality and his preferences, since I do a five-hour airshift."

MARK COPPOLA, WRCN: "A progressive rock weekend, giving away an album every time the DJ opens his mouth highlighting a lot of requests from listeners and putting them on the air. Also putting the listeners on the air to talk about music. I do plan doing this sometime during the next book."

LEE ROBERTS, KICT: "Giving away young, luscious nubile to all of my 18 to 34 year old men. I would also be giving away hunks to all of my 18 to 34 year old women. I would also be giving away trips to Jamaica. I would also give away a Ferrari ('I Can't Drive 55'), plus, all the McDonald's cheeseburgers you can eat."

VINCE MERTZ, KZEL: "An all request weekend. We get real interesting requests. My second choice would be a Slim Whitman/Boxcar Willie weekend."

TED EDWARDS, KGB-FM: "A Ted Edward's money giveaway weekend where I would be able to call the station every 5 minutes and win \$5,000 every time."

PAUL MICHAELS, WXCS: "A whole weekend of brand new music. Forget the Zeppelin for a weekend, and play the new stuff."

NEAL MIRSKY, WCKO: "I've always been into an all request news weekend."

JANE DAVIS, WRAS: "If I were at a commercial station, I'd throw all the new music I could put there and see what stuck."

JOHN AMBERG, WWCT: "I'd like to trace the musical history of Todd Rundgren from Woody's truck stop to Utopia, to what the new album will sound like."

DAVE PRIEST, WPGU: "We'd have a weekend where we'd play a lot of progressive stuff. I'd like to play a lot of the stuff that I can't...Devote it to new bands, bands that don't have a great name yet, all for exposure."

JIM MONAGHAN, WNEW-FM: "That's easy, Jim Rice's greatest hits."

BOB CLARK, WTUE: "I'd do a spotlight on local artists and have them come in and play live. Include acoustic and electric, maybe arrange it through a club. Call it a weekend long battle of the bands."

ERIN RILEY, WMMR: "An all black music weekend. One of the things that bothers me is the segregation of black and white radio (thanks to disco). A lot of the roots of the rock and roll we play know comes from, guess where? I'd like to play B.B. King to Lionel Richie with lots of Motown in between."

BOB KRANES, WBCN: "It would be a surprise weekend of all music..No specials."

PEPE LOPEZ, KLAQ: "All requests."

DAVE KANE, WCMF: "A Steely Dan/Little Feat weekend."

CURT MATHIES, WKQQ: "All TV and movie theme songs."

THE ROZ, WIOT: "An obscure tracks weekend. I'd play the 4th, 5th, 6th, and 7th tracks off of everybody's favorite album."

SCOTT PAULSEN, WIMZ: I would probably do a genuine all request weekend. If you could somehow set the radio up to immediately tabulate requests as they come in on the phones, have the piece of music found, and played. I think it would make for an interesting and honest radio by the people, for the people weekend. Of course, we would have to Quaalude all the Molly Hatchet fans. Either that idea or an all Cyrkle weekend of 'Red Rubber Ball'."

WALLY WALKER, KQRS: "At this point our all-request weekend is doing wonders so I wouldn't touch what we're doing already. You can't argue with success."

BOB BITTENS, WHCN: "I'd rather not share that information with my competition."

BRYAN MILLER, KLPX: "One would be a 60's British invasion weekend interspersed with classic surfing tunes from the 60's. And 10 gallons of Long Island iced tea and a stretcher."

MARK CHERNOFF, WDHA: "If it really were without regard to anything except what I want, it would be the Mark Chernoff Top 500 of all time. I'm sure the music mixes would be horrible, but I know 'Judy Blue Eyes' would be #1. Other songs on the list include: 'Peppermint Stick' by the El Chords, 'Pied Piper' by Crispian & St. Peter, 'I'll Be Good To You' by Brothers Johnson and 'Cool Jerk' by the Capitols."

CURT GARY, WEBN: "If I had both programming and management both completely behind me, I think WEBN would promote the best lost weekend ever seen, with complete air fare, hotel, and fun money provided once an hour, and a tie-in with a client who would stay open 24 hours a day the entire weekend. We'd feature live appearances from WEBN personalities, a special performance from a national act and open bar so if they couldn't get out of town, they could still get lost."

MARTY BENDER, WSKS: "Frank Zappa A to Z or in this case Z to A."

ROSIE PISAN., WLIR: "It would feature nothing but Jonathan Richmond And The Modern Lovers, John Cale, Elvis Costello, and the Velvet Underground. And no commercials."

AMANDA TEPPER, WBRU: "I think we would do some sort of progressive history of rock, of the best from all eras and we could intersperse it with interviews with key people and splice it all together because our theme for WBRU is 'the best of yesterday, today and tomorrow'."

AMY DAHLMAN, WAQX: "How about a no request weekend? You know, where you record their request and then say 'What's that?' You wanna hear the new one from Cosmic Caplan And The Cobra Clutches. Hey, sorry--It's a no request weekend on _____. And then play the latest from Bill And The Hardettes."

STEVE BRIDGES, KFMH: "A weekend where I'd like to give away food, a lot of real prizes, not just rock prizes, and as far as programming goes, I wouldn't play a thing that has ever showed up on a CHR station. I also think it would be a kick to do a whole weekend with every shift at a different location. And also get laid."

KAREN ANDERSEN SMALL, WGIR: "A weekend of live concert broadcasts in which we could go anywhere in the world to broadcast them. We could have Bruce Springsteen in Japan, and then zoom to Germany for a live Scorpions show, and then hop down to South America for another major concert, that would make a truly global event...Actually, it would be fun to turn off the radio and give everyone the weekend off."

STEVE CHRIS, WCKN: "Giveaway a \$1000 every 15 minutes."

GREGG OLSEN/JEFF MICHAELS, KSQY: "A commercial free weekend."

JIM JONES, KMOD: "My ideal weekend without limitations is already in the format. KMOD sounds better than ever."

BILL EVANS, WLUP: "Bruce Springsteen A to Z and back again."

WELCOME TO SHANGRI-LA.

QUESTION CONTINUED

KELLY GRAY, WTOS: "I would program popular music from every country in the world."

GARY STEELE, KRIX: "Continuous combination of the Beatles, Led Zeppelin, Animals, Buddy Holly, The Rolling Stones, and Dave Clark 5."

BOB LINDEN, KESI: "I'd give away money, food, shelter, homes, boats, planes, and send people to Europe, and play what we're playing now. We play everything in our format now from old 60's to jazz to new wave to songs in Spanish (Ronstadt's Blue Bayou), so we don't have to change the format. How 'bout an all 'Lago Azul' weekend? Of course, there will also be lots of vegetarian food and Lone Star beer."

ALAN WHITE, KILO: "I think it would be fun with maybe a touch of nostalgia to let the jocks have their choice. We have an extensive archive here and it would be nice to pull it out and surprise everybody. We have jocks that have been in the business for quite a few years and it would be interesting to let them run wild on the air for a weekend."

LEX STALEY, WFYV: "I would do a 'Great-cuts-that-were-screwed-by-the-record-company/radio-industry-weekend'. All the great tracks that never made it that should of. Or my secret fantasy weekend: An all Sex Pistols weekend, pre and post Sid, complete with Johnny Rotten drops, and the actual soundtrack of Sid killing himself."

MAD MAX, 91X: "Friday night I'd go to a movie, Saturday I'd have an all day barbeque, I'd go to the movies again Saturday night. At midnight we'd do a commercial free barbeque until Sunday morning at 8, then during the day we'd take in a movie again, and then finish off the weekend with a giant barbeque Sunday night. That's the kind of weekend that gets high ratings in my book."

JOSE DIAZ, WBLM: "It would be something like having a top 500 countdown throughout the weekend and then challenging listeners to send us back a list of the 500 songs played in order. The winner would get a million dollars."

RALPH TORTORA, WBAB: "True progressive radio (the way it was about 10 years ago). You know, when segues used to count."

BONNIE STACY, KNCN: "Maybe getting listeners on the air to talk about music and play some of the new stuff they're interested in. Block party weekends are always great."

MIKE WHITE, KPCI: "We're already doing my ideal special weekend and have been for several months. We're utilizing the Block Party Weekend here in Kansas City very successfully with 15 to 20 minute blocks of artists from 3PM Friday until 10PM Sunday night. The response has been tremendous. It gives us a chance to play all of our current and image cuts which reinforce the AOR identity. Plus, it really gives the active callers a chance to participate."

GREG GILLISPIE, WOVE: "A weekend broadcast live from my record room at home and programmed totally by myself. What more could you ask for?"

GREG TORRINGTON, CHEZ-FM: "All the classic syndicated live concerts from over the years. Bruce Springsteen at the Bottom Line and all the great shows that will never be repeated. Or, an all Springsteen live weekend."

SCOTT SEGRAVES, KSMB: "Jimmy Buffett. Four full album sides complete, while I go out for four more fifths of Cuervo Especial...Two sides of Yes early albums, while I microbiologically interpret the lint in my navel...Two sides of early Jerry Jeff Walker with no-talk segue into all full sides of available Stevie Nicks solos, while jetting to Peru for obvious relativity-inducement linear materials, followed by one free call to bondsman of my choice."

MATT EFFKEN, KFMQ: "An all payola weekend."

JOHN MICHAEL SCOTT, KLBK: "Basic midweek programming with live, on site concerts in the nighttime."

CRAIG MARTIN, KRCK: "Jock's choice weekend or go back 10 years and do a free form weekend."

BOB BAILEY, WKLS: "Everything I play at home that I don't have the opportunity to play on the air because it just wasn't commercial enough--culminating with a 4 hour live broadcast of Bruce Springsteen from anywhere."

MARK MILLER, WWCK: "Ideally, I'd like to have a legitimate all-request weekend where we basically throw the format out and play just what comes in on the phone lines--do dedications, put callers on the air, and really turn the radio station over to the listeners. I think it would be a fun thing to do."

JIM RILEY, WYER: "Keep in mind that I do not represent the views of our PD: A) Commercial free, B) In studio interviews and lots of block parties, C) Giveaways, D) A free concert with Iron Maiden, Billy Squier, Kiss, Quiet Riot, and Zebra."

LIN BREHMER, WQBK-FM: "I would begin at 6AM with some gentle acoustic music, Bill Evans, George Winston, some of the Windham Hill guitarists, and maintain an ethereal yet compelling background for the Rising Sun. By the time the sun hits its zenith, we would have moved to the better contemporary pop songwriters of the last decade: Elvis Costello, Squeeze, Nick Lowe, Rickie Lee Jones. By the time the afternoon rolled around we'd mix it up with ZZ Top, and the fabulous Thunderbirds. When the sun went down, we would mix the fascinating rhythms of dance like Black Uhuru, King Sunny Ade, with the compelling fire of bands like U2 and Tom Verlaine, fast paced, mysterious, with more than a hint of danger. And of course at midnight, Book 9 of Paradise Lost. And at the same time acknowledge the formative and historical perspective of early Blues and 1950's R&B."

RED ROCKERS

"Eve Of Destruction"

FMQB Prime Moves: 50-43 Airplay... 68-58 Song Index

Bryan Miller, KLPX: "'Eve Of Destruction' will get you great calls from older demos!"

Dave Kane, WCMF: "Their timely version of 'Eve' is still topically relevant after 20 years!"

John Amberg, WWCT: "Strange how an old protest song can be relevant all over again. Red Rockers have breathed new life into this song. No shit, the words make more sense now than ever before!"

Amy Dahlman, WAQX: "'Eve' is a classic, but a stranger to the current generation. It is a perfectly produced enhancement to the original."

Eurogliders

"This Island"

WE CAN'T SAY IT ANY BETTER

Pam Brooks, WPDH: "I listen to so much new music each week that sometimes I feel like I couldn't pick one if it bit me on the nose. Not so this time. They've made it easy. My rave-o-meter's peaking, my excitement builds—I LOVE EUROGLIDERS. Smooth, an interestingly melodic band. The album won't come off my turntable (please God, let 'em make it). We added 'Heaven' but I also hear 'Someone' and 'Maybe I Only Dream'. Treat your ears, listen to 'This Island'. Aloha."

Greg Gillispie, WDVE: "The most pleasant surprise of the week is the Eurogliders song 'Heaven'. It sounds like a very modern Fleetwood Mac record and should do well with the adults."

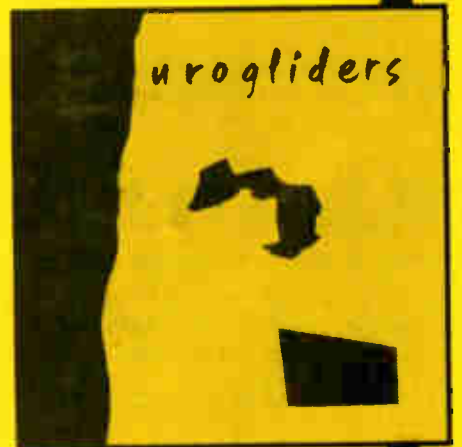

Neal Mirsky, WCKO: "The Eurogliders sound like half Fleetwood Mac, half Eurythmics, and all hit."

Erin Riley, WMMR: "Now from Australia comes the Eurogliders, an extremely strong debut Lp that should not take long to get on the radio. 'Heaven' is as strong a track that we'll hear from a debut album. The rest of the record stands on its own merit. This may be this year's surprise."

Maro Selby, KRUV: "The Eurogliders Lp lives up to last week's ad in the Quarterback. It is clean and classy. An Lp like this speaks for itself. 'Another Day In The Big World' was the biggest hit at this week's music meeting."

George Anthony, WYDD: "The Eurogliders has a great feel to them and 'Heaven' sounds great in the on-air mix."

From WAPP General Manager, PAT MCNALLY: "As far as changes at WAPP are concerned, we have no statement on the format. We're not completely sure, to be frank, which way we're going. We know that MICHAEL ELLIS, our new PD, is a super radio person who has been through many stations over the years."

LIFE IS JUST A COCKTAIL PARTY DEPT: Bassist BILL WYMAN of the Rolling Stones told the London Press: "I think the time is soon coming when the other members of the Stones will feel that we should do something else to let a younger outfit take over. If it all finished tomorrow, it wouldn't matter to me"...Apparently, however, next year is too "soon" for the band to throw in the towel. AL PETERSON has left the Jeff Pollack Consultancy. Al told FMQB, "I believe that I have been an integral part of the development of the company over the last 2½ years in which time our client roster tripled. I'm proud of the job that we did collectively and my individual contributions here, however, due to what I believe to be irreconcilable, philosophical differences between us at this point, the only solution was to go our separate ways. I intend to continue to make myself available to a select group of interested stations and welcome future discussions at 213-305-7137."

A reminder to all FMQB Album reporters: Our deadline for reporting goes like this: Tuesday 10:00 A.M. to 7:00 P.M. EST, and 10:00 A.M. to 5:00 P.M. EST Wednesday.

LOU O'NEILL JR. in New York has learned exclusively that PolyGram Records will rush out "Every Man Has A Woman Who Loves Him" momentarily as the 2nd single from the Yoko Ono tribute album. The first single from the Lp, Harry Nilsson's "Lonliness", has failed to spark fire. Watch for it next week. There may be a special mix.

IRON MAIDEN sent postcards to the American rock press from Poland with the caption: "The Iron Maiden World Tour starts here in Warsaw, Poland, August 9th. 'Powerslave' is coming." It's a collector's item since it's from behind the Iron Curtain.

BILLY SQUIER's concert at the Nassau Coliseum slated for Saturday, September 15th, was cancelled because of union problems. Even though the show was sold out, Billy refused to cross the picket line and become embroiled in a labor dispute. As a result, the show didn't come down. No date, yet, as to when they'll make it up, but Billy hopes it's within a couple of weeks.

"Video Rewind", the **ROLLING STONES'** first collection of clips, will be released on video cassette and disc come November by Vestron Video. The \$29.95 compilation will feature videos from the '70's and '80's, including "Too Much Blood" (never shown before). Among the hits included are: "Brown Sugar"; "Angie"; "It's Only Rock 'N Roll"; "Emotional Rescue"; "Miss You"; and, "She's So Cold". "Under Cover Of The Night" and "She Was Hot" from the Stones last album "Under Cover" were seen in toned-down versions on MTV. On "Video Rewind" the uncut versions will be presented. Mick Jagger and Bill Wyman introduce the songs, with Wyman playing a caretaker in a rock and roll museum. In one scene he uncovers a video as one of the exhibits.

Second hottest rumor of the week finds an astute Albany M.D. headed for Cub-land. Stay tuned.

VIDEO PACKAGE TO ACCOMPANY BRYAN ADAMS LP: Bryan Adams' album will be accompanied by a video package of 4 tracks expected to be singles from the new Lp. Plans are to release the videos at the same time as the album for a package price of \$19.95. The tracks picked have been produced on video as a continuous story. Although there is no confirmation yet, it's widely expected that the duet between Adams and Tina Turner will be one of the singles. The videos, meanwhile, are to be released to television and MTV one at a time, while home video buyers will be able to pick up the whole package at once. The album is due out early next month.

Radio Action

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY: "Peanut butter and jelly, bread and butter, fools and April, Bruce Springsteen and Philadelphia. I hope it's as good for you as it was for us. A more inspiring show has never been on the road. After six sold-out nights, I think I can do anything--you can too! When it comes to your town, do yourself a favor!"

WBCN, BOSTON, MA M.D.-BOB KRANES: "Bruce in Philadelphia...What a trip! Thanks to everyone in the City of Brotherly Love for their hospitality. Seeing The Boss with Gunner was like seeing The Boss with Gunner...A lot of real good music has passed through the office this past week. I think I have to start off with Tommy Shaw. With Styx in his past he has come through with an album that he has to be proud of. 'Girls With Guns' has been on a little less than a week and it's already seen really good phone action. The song is infectious and should be around for a while...I think you'll remember a band from down under called Men At Work! After racking my brains, I remember that it took them a few months to break in the U.S. and it was AOR radio where they exploded. Now from that part of the world comes the Eurogliders--an extremely strong debut Lp that should not take long to get on the radio. 'Heaven' is as strong of a track that we'll hear from a debut album. The rest of the record stands on its own merit. This may be this year's surprise...Daryl and John will never be 'Out Of Touch', and once again they have proved it. Their new single is a bona fide s-m-a-s-h! 'Big Bam Boom', that's the sound you hear when breaking the sound barrier, right?...Have to run over to our free lunchtime concert with Rubber Rodeo...Charles Laquidara's big mattress song-of-the-week is Tommy Shaw's 'Girls With Guns'. Gotta go!"

WHJY, PROVIDENCE, RI P.D.-RON NENNI: "There's a good variety of quality stuff this week...38 Special's 'Teacher Teacher' is a welcome departure from their formula, thanks to Bryan Adams. I was pleased to hear more strong material on the soundtrack, and thanks for the advance listen, Tony Chalmers...Speaking of Bryan Adams, who's all over the Fast Forward album, 'What's It Gonna Take' is one of the best sounding songs out there. Fast Forward's Lp is deep and just right for WHJY...Tommy Shaw's 'Girls With Guns' is a smash. Sounds like it'll be a bigger hit every time I hear it on the air...Queensryche developed a tremendous cult following with their Ep. And with the stunning production and songwriting of their new Lp, they deliver the caliber of metal that we're looking for...One of the high points of working here so far is to be able to work with George Skautbitis again. Thanks for the backstage jam with Rod and the band...Builders include: Krokus 'Midnite Maniac', Sammy Hagar '55', Ratt 'Wanted Man', Ronnie Dio 'Mystery', and Survivor 'I Can't Hold On'... It seems that U2 is broadening their base with '(Pride) In The Name Of Love'...And we're expecting great success with 'I'm Moving On' from Eddie Money."

KRQR, SAN FRANCISCO, CA M.D.-LISA NOVAK: "38 Special's 'Teacher Teacher' is good for starters. Can't wait to hear the rest of the soundtrack. Sounds like it'll be very strong... 'Morning Dew' is a surprising choice for Blackfoot to cover, but their Southern touch works well on this song."

KSJO, SAN JOSE, CA M.D.-KEN ANTHONY: "I'd like to welcome our old friend Jim Robinson back to the Bay Area from WGRX in Baltimore. He'll be handling mornings at KSJO, and will also be Asst. P.D. So call him and say hi! I'm sure you'll be reading his candid comments in the weeks to come...I've got some candid comments for Xavion and the track 'Eat Your Heart Out'. Play it or you'll be eating your heart out because your missing out on a track that sounds great on the radio. Our phones are 'Burning Hot' for this one... Baxter Robertson has written Ronald Reagan's campaign slogan for 1984. 'The Rich Get Richer' gets my vote for a rock song with a timely message, and hooks that'll surely stay with you for another 4 years...Two more favorites are new albums from Dokken and Blackfoot. Both bands are sounding better than ever. We like Dokken's 'Into The Fire' and 'Just Got Lucky', and Blackfoot's great remake of 'Morning Dew'."

WGRQ, BUFFALO, NY ASST. P.D.-PAUL HEINE: "We added the Hall And Oates in a flash. The hit factory of rock 'n soul delivers another instant G-O-R-I-L-L-A and we've heard 'Out Of Touch' is the softest track on the Lp. Get ready...Solo projects have breathed new energy and new direction into the Styx camp. While Dennis builds on the ballad cross-over approach, Tommy hones in on the harder edge. 'Girls With Guns' sounds like Styx meets Asia...We're thinking of adding the RAG album just so we can say WGRQ is on the rag... From metal ballads to straight-ahead rockers, to face-removal crunch, Dokken covers all the bases with flawless production and marketing...Personal to Bruce Moser: When did you join Polygram?... 'Teacher Teacher' is by far the most exciting energetic record 38 Special's ever done. The departure will be their most active track yet. Perfect timing...#1 on my home turntable is Aztec Camera's latest. It's adult rock that works on a number of levels. Roddy Frame is the most promising new singer/songwriter to come out of England since Elvis Costello...If you're serious about 25 to 34's, then get serious about Rickie Lee Jones. 'The Real End' reminds me of Joe Jackson's 'You Can't Get What You Want'--pure class...Top 5 sales: Prince, Springsteen, Tina Turner, 'Eddie And The Cruisers' and Huey Lewis And The News...Iron Maiden powers its way into top 10 retail...Okay record guys, can you put out the 4th quarter heavy-weight releases a little earlier this year? It's getting a little dry here in hit-hunting haven...WGRQ97 welcomes Lindsey Githens back to Buffalo's home of rock and roll. Lindsey joins the morning zoo as News Director from WBBF Rochester. Also, John Hager is appointed Assistant Music Director."

WEBN, CINCINNATI, OH M.D.-CURT GARY: "Thursday of last week, WEBN performed one of its mid-week-add acts with Eddie Money. It's gonna be a homerun. In fact, the album is loaded with hit tunes...Big surprise to my heart last week: Jim Capaldi's 'Lost Inside Your Love'. Check out the burning Carlos Santana lead work... U2 is the first record in a long time to compete with Whitesnake on the phones...If 'Teacher Teacher' from '38 Special is any indication of the quality that we'll receive from the soundtrack, we're gonna have 'Teachers' around for quite some time...Probably our toughest job this week was deciding which songs from Fast Forward to use (yea, that 'What's It Gonna Take' is the same one Molly Hatchet did a year ago). Look out for 'Play To Win' and 'You're A Mystery'...Final word on Michael Furlong is--use it...The love affair with Van Halen continues...I'm ready for October and can't wait to kick bass."

WYDD, PITTSBURGH, PA M.D.-GEORGE ANTHONY: "It didn't take long for U2 to explode with top 5 phone requests and all the retail stores are begging for the album, telling me it's their most requested item...We went with a second track from John Cafferty and The Beaver Brown Band. 'Tender Years' has been pulling some phones for us, plus it'll slow down the burn of 'Dark Side'...The new Hall And Oates is everything you could expect from the dynamic duo. It's a perfect record to sit back and watch happen in any rotation or daypart...38 Special's soundtrack theme sounds to me like their most accessible record for all formats. '38's standard strong hook line makes this one a sure bet...I really like Tommy Shaw's 'Girls With Guns'. After all the Styx analogies become cliches, 'Girls With Guns' will stand on its own...The Eurogliders has a great feel to it and 'Heaven' sounds great in the on-air mix."

WGRX, BALTIMORE, MD M.D.-KEVIN MALVEY: "Our new M.D. Bob Brooks just got in from Portland. Therefore, I will be turning over this space to him next week. Right now we head out to Harbor Place for some brew and Maryland crabs."

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "Potential Motion, School Of Mud Sharks, Horny Toads, Baron Von Sinkofthen. These are not names of new bands, they are the names of kinetic sculptures. They all participated in the 5th annual Kinetic Sculpture Challenge. This is our biggest promotion of the year, and it lasts the entire week. The climax of the week of parades and parties is the actual race. It covers a 7 mile course over land, water and mud. Cloudy and cool weather held the crowd down somewhat but it didn't dampen the spirit of the competitors...Because of the NAB Convention, we had a limited add list this week. Today should be a big day for adds though. Look for those records you were expecting last this week on your adds list."

KBPI, DENVER, CO M.D.-LYNN WELLS: "I am impressed with Tommy Shaw's Lp initially because it doesn't sound like a Styx Lp but more importantly, because it's loaded with great tracks. 'Girls With Guns' is obvious and already on the air. 'Come In And Explain' is a solid rocker. All in all, the Lp should be good for several rounds -- A few of our strongest records on the air are: 'Private Dancer'. Tina Turner is still in the top 5 sales all over Denver while we pull healthy phones for 'Better Be Good'; Survivor's 'I Can't Hold Back' moves heavy after 2 weeks. There's no denying this one is a hit...U2 has been a fave (with our audience and jocksalike). We're talking massive anticipation for the Lp arrival... 'Purple Rain' has taken over #1 request spot this week. It will no doubt be the most successful track of the Lp so far. My ears tell me there's more to come...Personal to ESA: Who loves ya, you purple puppy, you were one of the first and I must say I miss your import connection."

WMMS, CLEVELAND, OH M.D.-KID LEO: "Three strikes and you're in! Take one h-o-t group--'38 Special with one ultra hot writer Bryan Adams and combine it with the hottest fad of the year, that being soundtrack songs, and you've got something faster than a speeding bullet and watch it bullet up the charts...No doubt about the fact that they still have the 'platinum touch', Hall And Oates are now the most successful recording duo in pop history. They've got something on their hands...And finally, I come to praise Marc Anthony not to bury him. 'So Fine' by Marc Anthony Thompson is one of the finest debut tunes I've heard since this little girl Cyndi Lauper came out about a year back. Impressive as hell--but forget that, it makes me dance. I love 'So Fine'."

KKCI, KANSAS CITY, MO M.D.-MIKE WHITE: "I finally got to meet the legendary Michael Plen, no longer a fictitious figure, but a real person who actually knows what 'Bone Time' means (even though he had to explain it to Keith, who we finally found wandering around the 45 library)...Congratulations to: WB's Dave Stein and Nancy Orlandella, who tied the knot here in Kansas City last Saturday and are now sunning themselves on the shores of Hawaii. Best wishes to the bride and groom from all of us here at KKCI."

WDVE, PITTSBURGH, PA P.D.-GREG GILLISPIE: "With Styx on hold, Dennis DeYoung gives us the wimpy side with 'Desert Moon' and Tommy Shaw kicks it out with 'Girls With Guns'. Over the last few Styx albums, the so-called riffs in the band have become obvious with each individual member trying to push his individual style on the whole band. Dennis DeYoung may have the bigger hit across-the-board, but for AOR, Tommy Shaw is the way to go...The new 38 Special song puts them right back where they belong. This band is good enough that it doesn't need to compromise its style as it did on the last album. They're known for upbeat rock and roll hits and that's exactly what 'Teacher Teacher' is...The Fast Forward record is another great one from Ian Lloyd. It seems like he comes around about every 5 years and puts out a strong record. At first, I thought 'Living In Fiction' was the way to go, but 'What's It Gonna Take' is a much better song. With help from the guys from Foreigner and Bryan Adams' band, you can't go wrong...The Zebra song 'Bears' sounds like a strong mix of the best elements of Rush and Led Zeppelin. It's far superior to the initial 12"...It's been so long since we've heard from Foreigner that many bands are copping their style and hoping for the best. Out of the whole batch, Michael Furlong has the best shot at success. 'Use It Or Lose It' is a strong tune for Pittsburgh. ...After listening to the new Blackfoot album, it's obvious that the last one was a bad transitional album, but it served the purpose in breaking them out of the Southern boogie sound and got them on the track to be more mainstream...Stevie Ray Vaughan and Whitesnake are the type of bands that work well in Pittsburgh. The raw gritty sound light the phones, and 'Love Ain't No Stranger' and 'Couldn't Stand The Weather' are great second tracks from these respective albums...The most pleasant surprise of the week is the Eurogliders song 'Heaven'. It sounds like a very modern Fleetwood Mac record and should do well with the adults."

KQRS, MINNEAPOLIS, MN M.D.-WALLY WALKER: "With the Fall battle just around the corner, we're gearing up our guns with adds this week from 38 Special and Tommy Shaw's 'Girls With Guns'. 'Girls With Guns' is one of the most catchy, hooky songs to come out of the Styx camp in some time. It's a record of high caliber that deserves a shot - no pun intended...Just in time for back to school, 38 Special delivers an automatic with 'Teacher Teacher'. If you miss this one you should be enrolled in the school for the deaf. It's good to hear a little rougher edge from the band...KQRS is pleased to announce that former KDWB FM morning announcer, Pam McMannus, is back home again for weekend work. This station appreciates homegrown talent...Finally, can't believe some of you are missing Chicago's 'Hard Habit To Break'. It's not too wimpy here--it's in heavy rotation."

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "Hall and Oates. What an incredible music machine. When was the last time they released a single that didn't become a hit. With their uncanny knack of creating hooks, super-slick production, and Daryl Hall's voice, they can't miss...The year of the soundtrack continues with 'Teachers'. Our local Capitol rep, Merv Amols, showed me a 9-minute teaser for the film and it looks really hot. Even if the movie flops, with contributors like ZZ Top, Bob Seger and the Motels, the soundtrack album is destined for big things. Anybody notice how much the chorus on the 38 Special song sounds like 'Slip Kid' by the Who? ...We are now playing two solo albums by members of Styx. What can I say? A lot of people like these guys (though I'm not one of them). Actually the song 'Heads Up', co-written with Kenny Loggins, ain't half bad... I do like Joan Jett, especially when she does that sweaty, straight-ahead rock and roll that won my heart on her first couple of albums. Her new record captures the mood that made Joan's music so appealing in the first place. The choice of songs and production that enhances the music instead of working against it are major pluses too. Thanks to Steve Leeds for the advance listen."

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "Heaven isn't the only thing on fire. The phone's burning my fingers. Whoever thought that using the old cold cream would endear metal's muthas to rock radio again. Kiss sears their way to the #3 most requested song on WPDH; record sales are strong; and the track moves into heavy rotation. Excuse me, my animal's growling...So much finely done, well-produced metal out there these days. You can really pick and choose. Glad to say I need not chew my nails or grind my teeth over this one--We're rockin' with Dokken. 'Into The Fire' is a great follow-up to 'Breaking The Chains', and your listeners will go wild... Now your cruise director takes you 360 degrees to the other side of the music spectrum. Let's talk about Let's Active. This group's been on Stew Schantz's hit list for a while now. He raved when he was music director and the crown's been passed to me and I'll wear it well. Thumbs up for 'Cypress', I.R.S. This band's got it--an energetic fresh sound. We're on 'Blue Line' but also check out 'Easy Does'. Hey, they even have very artsy album covers to boot. Truly a class act...I listened to so much new music each week that sometimes I feel like I couldn't pick one if it bit me on the nose. Not so this time. They've made it easy. My rave-o-meter's peaking, my excitement builds--I LOVE EUROGLIDERS. Smooth, interesting melodic band. The album won't come off my turntable (please God, let 'em make it). We added 'Heaven' but I also hear 'Someone' on 'Maybe I Only Dream'. Treat your ears, listen to 'This Island'... Aloha."

WIMZ, KNOXVILLE, TN M.D.-SCOTT PAULSEN: "It's unfortunate that we can't send out lyric sheets to all of our listeners cause if we could, this Rickie Lee Jones album could go to #1. It's easily the most fascinating eclectic piece of music I've heard this year. Congratulations to a very ballsy lady and I hope Warner Bros. backs it up."

KLPX, TUCSON, AZ M.D.-BRYAN MILLER: "Back to burn after a week of vacation on the West Coast. I felt like Rod Serling in one of his 'Twilight Zone' intros--you've just entered another dimension; a dimension of space, a dimension of time--that sign post up ahead, you've entered the heat zone'. Hey, Southern California is like beautiful microwave Arizona! Hey, guys--great weather. Took the boat out to Catalina and spent the entire trip gagging my guts out. I renamed the ship The Puke Boat. That's what vacations are for, right?...Red Rockers' 'Eve Of Destruction' will do two things. One, make Barry McGuire more royalty bucks; and, two, you'll get great calls from your older demos. Love that 12 string. I'm sure Roger (or Jim) McGuinn must feel he's heard that sound before. But this song is probably more relevant today than 1965!...The new Bowie and Dokken are top 10 requests here at the radio ranch, as well as the new Blackfoot 'Morning Dew'...Gotta go torque the head bolts on my Boss 302, so till next week, this is Bryan Miller, the man who gives the term alien new meaning saying, 'blue skies and green lights'."

RADIO ACTION CONTINUED

WCKO, MIAMI, FL P.D.-NEAL MIRSKY: "Stick 'em up. Tommy Shaw's 'Girls With Guns' is downright disarming! Another great hit from the guy who's given us 'Crystal Ball', 'Fooling Yourself', 'Too Much Time', 'Blue Collar Man' and 'Renegade'...The Eurogliders sound like half Fleetwood Mac, half Eurythmics, all hit!"

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "About the recent passage of the record rental bill: We totally disagree with this legislation. Granted, it's quite unfair for an artist to get no compensation while others are making money each time the music is rented. However, now a new problem is created. How can it be illegal to rent an audio record or tape but completely legal to rent a video record or tape? The same criteria should apply. We feel the solution is to allow, in fact, encourage video and music rentals since it's overly apparent that's what the public wants. But, from each rental there's got to be compensation to the artist, songwriter and musicians as well as the company producing the recorded work. To set up and administer such a system of compensation will not be easy - but it's got to be a better way than what exists now...New music on WDHA I'm excited about: Tommy Shaw - All of Side 1, especially the title cut, 'Heads Up' and 'Lonely School'. It looks like the individual efforts of Styx may add up greater than the whole; Janey Street album - Streetwise and just plain fun. We added another cut 'Me And My Friends' to keep her fans at bay...Speaking of fun, how can you avoid the good time sound of Wham!'s 'Wake Me Up'?..Rickie Lee Jones sure hits home for those upper demos. No matter how often I listen, there's no burn factor, and there's a lot to choose from here. 'The Real End', however, is a great place to begin; and the Waterboys - there's an urgency to this album that wouldn't let us hold off - an immediate add!..Mark says: 'One thought this week - The Waterboys. It may take some till 1985 to discover, but it's going to happen. Play 'Church' for starters... With the just announced Jethro Tull concert October 13th at the Meadowlands Arena, and our heavy airplay of the import album, the phones are hot for 'more Tull'!..Highlights of on-air interview with Spandau Ballet: 'We broke in America with 'True' but we're a rock band, not a Lionel Richie clone. So we've attempted to rectify that image with the new album 'Parade'!..Is a video important to break a song? 'Our videos are not done so much as a promotional device anymore as a visual outlet for the song. To sustain success today a band has to be good at everything including videos...MTV didn't break British bands in America. It was the other way around. British bands were there first with video clips looking for a medium. MTV just filled the gap. The two needed each other actually...Now we're itching to get back on tour. Performing live is the best!"

WWCK, FLINT, MI P.D.-MARK MILLER: "Just a few random musical thoughts on the current crop of vinyl...My personal fave this week has got to be Hall And Oates. 'Out Of Touch' continues their absolute mastery of the hit song genre. Everything about these guys works...Baxter Robertson's 'Green Light' sounds like a sure bet for crossover status. A subtle and somewhat mysterious feel... 'Just Got Lucky' should be the track to break Dokken wide open if given the kind of exposure it deserves. Definitely 'metal for the masses', and it certainly is as catchy as Ratt or Motley Crue. So take it from there...This week's hottest record literally is Kiss 'Heaven's On Fire': Top 5 phones out of the chute and #1 the past week. Hard to believe this, but the Kiss Army is still intact. They smell these records months before they're released!"

WPTA, HARRISBURG, PA M.D.-BRUCE BOND: "One of my goals has been met! I met Bruce Springsteen! The next closest thrill to Mick Jagger. Thank you, Herb Gordon. You sure take care of business...The annual WTPA Best Of The Bands competition was held in York, PA and the judges this year included such fine folks as Biff Kennedy, David Leach, George Stone, Freddie DiSipio, Jr., and Dave Zinkoff. Thank you fine folks...Kiss is your next heavy metal 'heavy', and Paul Stanley is a helluva great guy. 'Heaven's On Fire' is #1 requests for two weeks in a row...The Grim Reaper album is selling bigtime on just the airplay of Metal Shop...And the new Hall And Oates tune is going to make these guys huge, which they deserve...Bobbi Silver, the Pointer Sisters were fantastic. I love ya, babe...My favorite song this week is from Keats. It's got those infectious hooks that hook you harder everytime you hear the song...Tina Turner is back to medium rotation with airplay only on the 7-minute version... I'm off to the Governor's Mansion tonight to tape our weekly MTV show...Make it a Detroit Tigers Day!"

WRCN, LONG ISLAND, NY P.D.-MARK COPPOLA: "I really wish that the record companies would not release so much product at one time. I mean, it's unbelievable that one independent would work me on 20 records in one week! If we could space out the releases a little better then maybe we'd be able to add more records over a period of a month...And also, I have a growing concern about my freedom of choice as a programmer. It seems to me that radio is being pressured into adding what the record companies put money behind for a video. Maybe the record companies should put more money behind their groups and produce entire video albums for everybody and that way we'd get freedom of choice again. After all, if it wasn't for video, the record companies would all be bankrupt! And I don't want any of my friends in the record business to take it personally, I still love you all. Let's have dinner and you can stay at my house for the weekend!"

WZXR, MEMPHIS, TN M.D.-TOM STEIN: "Just heard the new Molly Hatchet and it smokes! Terry Manning ZZ Top's engineer, has given Molly a contemporary rock sound that will knock your britches off! 'Satisfied Man' will be Molly's biggest ever...Corey Hart has a monster on his hands with the remix of 'It Ain't Enough'. 'Purple Rain' moves to maximum rotation along with U2. Hearing 'In The Name Of Love' in Memphis is a real chiller...Xavion is #2 retail behind the Prince."

WZZO, BETHLEHEM/ALLENTOWN, PA ASST. P.D./M.D.-GENE ROMANO: "New Hall And Oates goes right into heavy...Tina Turner's 'Better Be Good To Me' is really working well for us...Thanks to Herb Gordon for Bruce tickets!"

KMOD, TULSA, OK M.D.-JIM JONES: "Tina Turner's new song 'Better Be Good To Me' is one of the best R&B songs I've heard in years, if it can be considered R&B. Although we haven't added the song yet, it's on the top of our priority list...If you head-banging AORs would like to loosen up your format and give it some spice, I strongly recommend Rod Stewart's 'Some Guys', Bowie's 'Blue Jean' and the new Gary U.S. Bonds. The song 'Sneaking Away' will emerge as a nice big one, similar to 'Cover Me' and 'On The Dark Side'...Thanks to Bill Wombel for a great tip on those U.S. Bonds!"

KLAQ, EL PASO, TX M.D.-PEPE LOPEZ: "More words of wisdom from Bosco Benitez, the desert philosopher. 'The relative worth of a new release is inversely proportional to how many record promoters are working it. If I have learned anything in the past 12 months, it's that good records need no promotion, and the really bad ones have at least one Indy making calls. The more Indies, the shakier the record. There are contradictions to this theory. For example, if Beth Rosengard hadn't brought 'Bears' to my attention, we would have dropped the Zebra record. This cut is perfect for the change of season, and if you're not playing it, you should...Pepe's pick of the week has been out for a while, but I'm raving about it for two reasons. First, the tune rocks my gypsy soul. Second, artists like Tina Turner are what AOR is all about. Established performers are fine and dandy, but when we can play something by someone who is not a major artist, we enhance our prestige with our listeners. Especially when the record is good, and this one is better than good. Thanks Tina!"

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "Gee, there weren't too many people working the Tommy Shaw album. Talk about overkill! Having that many people working a record can really turn you sour on it. The album's OK but I don't think it's gonna change the face of rock 'n roll or anything...The 38 Special is a fiery, double-barreled hit that should do well and besides, you can't go wrong doing a Bryan Adams song...Rounding out the adds were Dokken and Red Rockers, who's timely version of 'Eve Of Destruction' is still topically relevant 20 years after the original...Kiss is pulling big time phones as is Dio and Maiden and calls are getting better on Zebra...Hot stuff on our import/export show include Scritti Politti, Gun Club, The Church, Prisoners, and Red Hot Chili Peppers...I'm getting revved up again for two more nights of Bruce-- this time in Buffalo on the 24th and 25th. I can't explain it, but it is absolutely the finest rock 'n roll show there is. Those to whom I owe my life: Mark Benesch, Bruce Moser and Doug Dombrowski, And thanks for the surprise visit and delicious dinner from Jay Miggins."

WKQQ, LEXINGTON, KY M.D.-CURT MATHIES: "Best news of the week: U2 number one phones and sales. Anticipation for this album is outrageous...Biggest surprise of the week, though, goes to pretty Patty B. The Benatar cut 'Here's My Heart' from 'Metropolis' showed up number 5 on our top 5 after only one week. I didn't really expect this, to be honest. I added it initially to further expose the album and add textures. Glad to see it come through...The adds this week were a natural. Not quantity but definitely quality here: the 38 Special and Hall And Oates. With adds like those, how can you go wrong?...Whoever asked in last week's comments what to do with the Rickie Lee Jones, first go to an ear doctor, second, add the record dummy! The album's a virtual masterpiece. And all retail outlets in the market are anticipating good sales. You couldn't ask for a more quality release...And speaking of quality release, here's something that I'm looking at and listening to at home for now: The new Aztec Camera. Roddy Frame has met the expectations he set with their first release, and Knopfler's production is nothing short of fabulous...Also looking at the 'Every Man Has A Woman' project, particularly the Elvis Costello and John Lennon cuts...Blackfoot looks good as does Let's Active and the Red Rockers."

KICT, WICHITA, KS M.D.-LEE ROBERTS: "This week the hottest music in Mid-America belongs to: John Cafferty/Beaver Brown Band, Iron Maiden, U2, Krokus, and Sammy Hagar...This week my favorite is Bruce Cockburn's 'Lovers In A Dangerous Time'. If your station is not playing this great song, it's a good song to mesh metal in all other songs on your playlist...The new Eddie Money 'Moving On' is one of the best that I've heard from him in a long time...And the Tommy Shaw album really surprised me. I wish the Dennis DeYoung Lp was as good as the Shaw Lp...Projections for the coming week: Rickie Lee Jones, Santers, Dokken, and Keats... Thanks to: Van O., Tony Smith, Rod Geslin, and to Jeff Appleton...Please give the Bruce Cockburn a shot. If you believe in Lou Reed's 'I Love You Suzanne', the Bruce Cockburn will make you an even stronger believer... To all the AOR's in the trade: Good luck in the Book. T95 is ready to go from 11.5 upward to #1. Bring on the Book!"

WPYX, ALBANY, NY M.D.-ANDI TURCO: "From the time I heard the title song to 'Crystal Ball', I fell in love with Tommy Shaw. So needless to say, 'Girls With Guns' goes on...Other adds are 38 Special, Steve Perry, Dokken 'Dokken', Hall And Oates, Fast Forward, and Fastway...Congrats to Brad Hunt on his promotion and Joe Ianello for Atlantic's promo man-of-the-year."

WKDF, NASHVILLE, TN M.D.-DAVID HALL: "Why do I feel like Al Haig? Smokey is gone and I'm in charge at the White House, I mean radio station. At press time I don't know about a new PD yet, Al Haig hasn't returned my calls. I want to wish Smokey the best in Washington. I hate to see him go, not only because he's one of the best radio professionals I've ever worked with but also because during the past 2½ years, he became one of my very best friends...Meanwhile, it's onward and upward at KDF. I'm handling all programming right now. Music calls will stay the same. I'm still on the air 1 to 4."

WLIR, LONG ISLAND, NY ASST. P.D./M.D.-ROSIE PISANI: "From now on, music adds and tracking will be ready on Wednesday after 1:30. I'll also take music calls on Friday afternoons...In my mind (and ears), the English Beat always had hit-making potential. Since the formation of General Public, which features Seminole Beat members, I know it. Their first single 'Tenderness' is wonderfully catchy and upbeat, and should bring them well-deserved recognition...Aztec Camera is sweet as it is but wait till you hear their non-Lp B-side...An acoustic of Van Halen's 'Jump'--now that's fun...Boy George continues to prove he's no flash in the pan (in spite of newly bleached locks). 'The War Song' will probably be heard on every radio station in New York within minutes...Guests on the 5:30 Phone Calls have included Tracie, Duran Duran author, Susan Martin, Andy Summers of the Police, and Femion of Fela...Screamer Of The Week: Wham's 'Wake Me Up Before You Go-Go'."

KILO, COLORADO SPRINGS, CO M.D.-ALAN WHITE: "Hey, are we talking about a glut of new releases or what?? I have 20 albums that deserve attention right now and about 20 more marginal releases that I'm being hounded about from independent labels and majors. There's just no way that we can play them all. It's too bad that record companies can't coordinate their releases a little bit better. I realize that it's impossible to do that. We have 54 records in rotation, including reissues, and as I've said time and time again, we can't make them stick without a 6-8 week commitment to them. What it means in the long run is that we end up dropping records to add new ones. Robbing Peter to pay Paul. Please, if you do not have a clue as to what KILO does in this market, and who listens to this station, then trust our ears and knowledge to make the decisions. It's been a tough week...Lp conversions for Dokken and Rickie Lee, who turns in a very classy record...Catch Kick Axe on the road if you can. They're young, hard-working, and can take criticism. I predict they'll be big in the next few years...Lots of phone action for U2, Xavion, Survivor, and Dokken."

WIOT, TOLEDO, OH M.D.-THE ROZ: "The only time I had listened to Yoko's 'I'm Moving On' in the past was when I'd been too slow back to the turntable after John's 'I'm Losing You' on 'Double Fantasy'. I was delighted to find that Eddie Money could breathe new life into a song whose potential I'd never realized...Dokken seems like the most likely heavy metal candidate this week with 'Into The Fire' (I heard it while visiting a nearby newly revived rock 'n roll town, Detroit)...38 Special has given us perhaps their biggest hit with 'Teacher Teacher'. WIOT is looking forward to our Toledo premiere of the movie...The Talking Heads movie is another one I'm quivering in anticipation of, especially because I've never seen them and the live album is so fine. We'll give 'Once In A Lifetime' some extra spins...One more add, and that was the Styx cutie Tommy Shaw. 'Girls With Guns' is just plain fun, and I'm also titillated by 'Come In And Explain'. Hey JY, where's your solo?...Instant phones: Survivor, Iron Maiden. Initial pleasure on the first listen: Jethro Tull, Molly Hatchet, and thanks to the chief lunatic from Blackfoot, Rick Medlocke for calling and brightening up Toledo at lunchtime."

WBRU, PROVIDENCE, RI M.D.-AMANDA TEPPER: "While our fall promotions are getting underway, including several 10 kilometer runs, the slothful music staff continues to sit around excersizing our ears--and we've got some great results! 'Girls With Guns' is like 'Footloose' for grownups--a little more sophisticated theme but the same relentless beat, hooks all over the place, and an absolutely unabashed enthusiastic vocal on top of it all! We're jumping on it before CHR fries it to a crisp, which should happen real soon...Ditto for Hall And Oates...If I was the striding feminist I profess myself to be, I never would have taken Blackfoot's 'Vertical Smiles' out of the jacket. It's the most sexist album cover in recent memory since Houserockers' 'Cracking Under Pressure'. But my curiosity got the best of me, and there's some good stuff on the disc. 'Morning Dew' is a perfect example of what we call cinematic music--with it's deeply layered sound and epic quality, your imagination can go anywhere while listening to it--at least until the video comes out...The 'Every Man Has A Woman' album is a rare example of the compilation albums that really holds together. Last week we went on the Eddie Money track and this week we're adding local diety Elvis Costello's version of 'Walking On Thin Ice'. Like Eddie, Elvis takes Yoko's tune and makes it his own, with the ever present aid of Steve Nieve's hook and the TKO horns. It was an immediate hit on 'Smash Or Trash'...And finally, 38 Special has come out with a real winner. We Brown students sure can relate to the theme of 'Teacher Teacher', and the guitar riffs don't hurt either. This is a perfect example fo how rock and roll in the 80's can be solid, hard driving, and even have some hot power chords without being heavy metal. I expect our listeners to eat it up."

WAQX, SYRACUSE, NY M.D.-AMY DAHLMAN: "A battle of the covers took place around here, with Red Rockers facing off to Hanoi Rocks during our music meeting this week. Generally we stay away from remixes. I mean, shouldn't a relatively unknown band show its true stuff with originals before trying to cash in on someone else's sweat? Regardless, Ed and I passed it out like this. 'Up Around The Bend' has been one of our top call-out records (and besides, Levine was hot for the blond on the cover before we figured out it was a guy). Meanwhile, 'Eve Of Destruction' is a classic but a stranger to the current generation. Confuse that with the fact that both tunes are perfectly produced enhancements to the originals. Plus they're f---ing great songs! As a result, they're both adds...38 Special's new 'Teacher Teacher' rocks out pretty good. This band keeps growing musically, increasing their popularity while maintaining that good-ole-boy, shit-kicking image. Amazing...Uh oh, look out, it seems Musarro has come back to haunt us."

KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES: "Somebody bring in the body restraints--Jay Walker just heard the new Tommy Shaw, then he played it for Mike Mitchell, then we all three did aerobic air boogie to it. Gawd, refried, diddly-dog-damn! Wonder if we can get Barry Leff to talk D.Herbert Foxx into putting on an outdoor concert with Shaw solo, the Young solo, J.Y. solo, and the Panozzo Twins with an umbilicus duet. Since it would be the former band in a now 4-part incarnation, that would naturally make it (deep voice with Bill Young echo), 'another Split Beaver production'."

KQDS, DULUTH, MN P.D.-BRIAN TAYLOR: "ADDS: Hall & Oates 12", 38 Special 12", Tommy Shaw, Santers, Hanoi Rocks, Talking Heads, Dokken, Kiss, Everly Brothers, Baxter Robertson, Rickie Lee Jones, Janey Street...MOST REQUESTED: Kiss, Sammy Hagar, Prince...INCREASED PLAY: Survivor, Kiss, Iron Maiden...INCREASED SALES: Prince, Ratt, Iron Maiden...Musically, it's a special time of year with so much product available now. No matter where you position your station, there is something for everyone. The Tommy Shaw Lp is everything a lot of Styx fans wanted the group to be doing instead of 'Music Roboto'...Rickie Lee Jones continues her magic, and although it may not work for everyone, you should at least take time to sit down and appreciate it. You may find that you want to share it with your audience....Just when you thought it was safe in the theaters, it's the return of the movie soundtrack with 'Eddie And The Cruisers' and 'Metropolis' already making their mark. We anticipate good success with 'The Wild Life' and 'Teacher Teacher'. Some good advance marketing should keep the record stores and movie theaters hopping through the holidays...My thanks to all who made up for the annual KQDS softball thrashing... My thanks to Steve Fingerette of WB for his help in our Honeymoon Suite promotion."

WGIR, MANCHESTER, NH M.D.- KAREN ANDERSEN SMALL: "ADDS: Tommy Shaw, 38 Special 12", Thompson Twins, Talking Heads ...MOST REQUESTED: Billy Squier, Prince, Scorpions, Twisted Sister...INCREASED PLAY: Billy Idol, 'Eddie And The Cruisers', Fixx, Survivor...INCREASED SALES: Romeo Void, Lindsey Buckingham, Dave Edmunds, Iron Maiden, Bananarama, 'Eddie And The Cruisers'...In 'Girls With Guns', Tommy Shaw has come out with his version of a Styx Lp. There are some good tunes on the record, tunes that fans of Styx (and there are still a lot of them out there) undoubtedly will enjoy hearing. Early reaction to Dennis DeYoung's song has been strong and we'll see if Tommy Shaw's solo effort follows suit...The Talking Heads have come out with one fine-sounding 'live' Lp. Very nice production that's so close to studio quality, is it live or is it....?"

WXCS, HAGARSTOWN, MD M.D.-PAUL MICHAELS:"ADDS: Hall & Oates 12", Dokken, 38 Special 12", Tommy Shaw, White Sister, Michael Furlong, Bananarama, Laaz Rockett...CONSIDERING: Rickie Lee Jones, Eurogliders, Pallas...MOST REQUESTED: Kiss, Billy Idol, Ratt, Helix, Iron Maiden...INCREASED PLAY: Tina Turner, 38 Special, Romeo Void, Kiss, Blackfoot...INCREASED SALES: Iron Maiden, Billy Squier, Ratt, Prince, Krokus...On October 17, 107X celebrates birthday #2. Many thanks to: Roman Marcinkiewicz of MCA for all his help. The Fixx is quite a band. Best of luck to them in all their travels...The latest show was Mama's Boys, Chequered Past, and Ratt. Talk about your headbanging jamboree. Ratt put on a lively and very flashy show. Thanks to Joe Ianello of Atlantic for passes to that one. It's almost to the point where I expect it from the metal mongers, but my first reaction to the Blackfoot cover was to throw it in the garbage. I certainly don't expect Rick Medlocke and company to serve as moral guardians for America's youth, but why taint some decent music for the sake of one bad joke? I finally brought myself to listen to the record days later (it's a job, somebody's got to do it) and to my surprise the music wasn't aimed at the same 16 year old male mentality as the title and cover suggest. We could actually play this record. I wonder if the album cover is the reason we're not?"

I'm still P.Qed but after I heard the remix of 'It Ain't Enough', I can see why they did it. It's a killer. Watch this one go to the top in a hurry. It's an automatic for us... Kiss goes to heavy this week on the basis of number one phones and killer sales out-of-the-box...Getting surprisingly good phones on the Rod single...I'm impressed with Pseudo Echo and 'Just Got Lucky' from Dokken."

There are not enough words in the dictionary to describe this man's talent. Credit goes to the E Street Band for being in step the whole time. Nils Lofgren on guitar is a fantastic addition to the band. I wish I could have gone to all 6 dates, but I don't think the old ticker would have taken it. It was great sitting with the guys in Yes who stayed over to see the show. They were truly amazed with Bruce's show too...A big thanks to Herb Gordon of Columbia for a night I'll never forget...Great new music from Hall And Oates, 38 Special and Hanoi Rocks. I think 'Up Around The Bend' is a forceful tribute to CCR. It's close to the original but different enough to get and keep your attention."

Our remote broadcasts over the weekend came off so well, I still can't believe it myself. BREAK DOWN THE WALLS

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "If 38 Special's contribution is any indication, the boys' room ain't the only place the 'Teacher Teacher' Soundtrack is gonna be smokin' this semester and next. Kudos to Bryan Adams for the writing and our thanks to Bruce Allen for the Bryan Adams platinum: it looks as good on the wall as Bryan always sounds on-the-air...Until the 'Honeydrippers Vol. 1' album comes along, a dose of De1 Fuegos is a great way to combat the dreaded generic rock syndrome. 'Backseat Nothing' flies in the face of convention and should be flying in the ears of WOUR listeners by this time next week...Too bad Aztec Camera decided against including their version of 'Jump' on the new album. Check the import if you get the chance. It starts out sounding like Mel Torme and ends up like Lou Reed's 'Heroin'. That 180 is almost as bizarre as the idea of Eddie ('Excuse me, Drew), I mean Ed Money doing a feminist song by Yoko. 'I'm Moving On' sounds great even if I did come up one letter short of a CD...Isn't it ironic that this year's Miss America just happens to be a Mormon?...You know we're approaching a massive recycle when new versions of 'Eve Of Destruction' and 'Morning Dew' appear within days of one another. They both sound good and are destined for the air here. What worries me is what happens when that guy in the White House gets inspired to record a new version of the Cuban Missile Crisis...If Hall And Oates isn't an automatic for you, then the song title sums up the problem... The way Sue DeBenedette played softball last week, I had to check her glove to make sure that it really said Dave Concepcion and not Immaculate Conception! She got the MVP Award for record ringers on the diamond this season...Congratulations to Joe Iannello for rightfully earning Promotion Man Of The Year honors from Atlantic. He's the best!"

WBLM, LEWISTON/PORTLAND, ME P.D.-JOSE DIAZ: "Earlier this week we did a Ratt in-store before the show Monday night in Portland. The event was far more successful than anyone anticipated. Over 300 kids showed up to meet the band as well as to get autographs and pictures. In concert, this band puts on an excellent show. In fact, if Ratt continues to grow at this rate, Aerosmith better watch out! Many thanks to Joe Ianello of Atlantic Records for his help in this Ratt appearance...Rod Stewart blew into town last weekend and put on an excellent show as expected. It was a thrill to visit backstage before the show and watch the band go through a few numbers before they went on stage. Many thanks to George Skaubitis of Warner Bros. for all his help in putting together a wonderful Rod Stewart promotion. For all the record companies who are wondering whether or not it is worth it to service promo copies of compact discs, here's something to think about. In terms of re-service, once it's done in the form of the compact disc, you will no longer have to service radio stations with any more records for airplay...We've only been playing Iron Maiden for a couple of weeks and already it has jumped into Top 20 sales in this market!"

After a summer of slaving in hot, sticky, laboratories, magnetic engineers on both coasts have unleashed a vast horde of angry vinyl in desperate need of at least short-term airplay rejuvenation before reaching their eventual destinations in the millions of heartland homes concerned, caring and compassionate enough to shelter, feed and worship these deserving discs. At least that's what it says here and I'm only reading it...Seriously, it was a very good week for us upper demo types. Rickie Lee's Lp is typically both challenging and magical. The high points 'Runaway', 'The Real End' and 'Jukebox Fury' are among her best...I get this incredible sense of the continuity for rock and roll every time I play a track from the new Everly Bros. Lp. Those homespun harmonies are timeless and the songs are superior. This is not nostalgia...Two bands from Britain have followed up promising debuts with excellent second efforts. Mark Knopfler's production of Aztec Camera's 'Knife' adds just the necessary amount of polish to what was already a band with potential. With a little help from the label, they should be realized this time...I like the new Waterboys even better than the earlier Ep. It's just as good and they have more songs. That it rocks a bit more consistently than the Ep should help too..Left fielder with a shot in your list include Animation and the Vels. Both superb first albums."

We sold 6,000 tickets and turned away another thousand. Who says local or independent music doesn't sell? Sometime tonight, while you're sitting at home enjoying your favorite tracks from the new Tommy Shaw album, give a spin to Baxter Robertson's 'Rich Get Richer'. Surprisingly solid new rock 'n roll song. I've been guilty myself of telling Baxter Robertson jokes after his last album, but his new album is certainly worth his audition...One of my all time favorite rock 'n roll guitarists, Tom Verlaine, sounds like he's back in top form on 'Cover', an album easy to ignore as obscure but impossible to forget. Here is a musician so distinctive that 7 years of imitation and borrowings do not rob Mr. Verlaine of his individual power. If you need a spark to start a fire, look to Tom Verlaine for the hammer and anvil. Sure, that's a good idea, listen to 'Let's Go The Mansion'...The Kinks import is far too good a song for us to practice patience. Fans of the acoustic guitar should listen to 'Aerial Boundries' by Michael Hedges. An album that makes one wonder how six strings could sound so good...Frankie Goes To Hollywood's 'Two Tribes' was getting requests before the domestic release arrived. I would say that is a good indication...Since this is my last week at WQBK-FM, I would like to thank John Cooper for his perception and honesty. A more thorough professional will be difficult to find. I hope my 7 years of reliability and stability at QBK-FM will someday vindicate the lunacy of the last 4 weeks. Show a little faith, there's magic in the night."

RADIO ACTION CONTINUED

KRVV, VAIL, CO M.D.-MARO SELBY: The Eurogliders Lp lives up to last week's add in the Quarterback. It is clean and classy. An Lp like this speaks for itself. 'Another Day In The Big World' was the biggest hit at this week's music meeting...It's also good to be back in touch with Hall And Oates...Combo Frio is an excellent and refreshing addition to our jazz bin. We'll play it throughout the day as well as in our nightly jazz show. Speaking of 'Frio', the average temperature these days when I start my airshift at 10 is 43 degrees and the Aspen leaves are beginning to change."

WRAS, ATLANTA, GA M.D.-JANE DAVIS

ADDS: Blotto Boys, The Vels, Comateens, Rickie Lee Jones, Aztec Camera, Curtis Blow, dB's Iam Siam, Talking Heads, General Public, OMD, Staple Singers.

MOST REQUESTED: Frankie Goes To Hollywood, Public Image Ltd, Pyschedlic Furs, Blancmange, Prince

INCREASED SALES: The Bangles

"Too much good music this week. The Waterboys hold 'a pagan place' in my heart, but Rickie Lee gives me 'the real end'. General public treats me with 'tenderness!'"

KXLU, LOS ANGELES, CA M.D.-RUSS IADEVAIA

ADDS: Tom Verlaine, Black Flag, 100 Flowers, Charged GBH, U2, Flipper, 17 Pygmies, Flip Side, Screaming Dead, Psychic TV, The Only Ones.

CONSIDERING: Red Wedding, Del Fuegos, Africka Bambata and James Brown, Curtis Blow, The Fall, Matching Violets, Flesh For Lulu.

MOST REQUESTED: Black Uhuru, Husker Du, Red Hot Chili Peppers, Minute Men, Popo Pies.

INCREASED PLAY: Red Hot Chile Peppers, The Cult, Hunters And Collectors, Andy Summers and Robert Fripp, Love Tractor

INCREASED SALES: Minutemen, Red Hot Chile Peppers, Radio Tokyo tapes, The Cult, Black Flag.

"I suspect Black Uhuru could match the success of UB40 with their recent 'Anthem' Lp. It's very accessible with just enough pop to make it to hit radio. Let's just hope they don't have to remake a Neil Diamond song to do so...The Popo Pies have yet another remake of the Grateful Dead's 'Truckin''. This one is called 'Slow Version' because it is...Of all the groups on the KXLU chart, The Cult will probably prove to be #1 in AOR programmability. A close 2nd should be Hunters And Collectors."

WOXY, OXFORD, OH M.D.-STEVE DEDALUS

ADDS: dB's "Soul", Aztec Camera "All", Waterboys "Church", Del Fuegos "Backseat", Graphic "Way", Iam Siam "Talk", The Vels "Private", Eurogliders "Heaven", Tracie "Doctor", Wham! "Wake", Fast Forward "Tonight".

INCREASED PLAY: Illustrated Man, The Sound, The Nobodys.

INCREASED SALES: Frankie Goes To Hollywood, Prince, Talking Heads, Bangles, Lou Reed.

"Whatever you do, don't play the new Del Fuegos album. No funny costumes, no makeup, no leather, no Slade-covers for Christ's sake. These cats probably drink beer and like girls! I don't understand it. What's rock and roll coming to?!"

WFNX, LYNN, MA M.D.-STEVE STRICK

ADDS: King Sunny Ade, Gary U.S. Bonds, Comateens, Eurogliders, Andy Summers/Roport Fripp, "Every Man", Hall And Oates, The Sex Execs, Wham!

MOST REQUESTED: U2, Frankie Goes To Hollywood, Prince, Talking Heads.

INCREASED PLAY: Frankie Goes To Hollywood, 'Electric Dreams', Talking Heads, Swimming Pool Q's, The Fixx, Let's Active.

"I had a chance to see the new Talking Heads movie "Stop Making Sense". It is by far the best concert film I have ever seen! Consequently, the Lp is one of the best live records to hit the airwaves...Looking for a good weird album to spice up your playlist? Check out the Red Hot Chili Peppers. "Baby Appeal" and "Get Up And Jump" are good candidates for lead cuts...The hottest new record-of-the-week has to be Gary U.S. Bonds. "Standing In The Line Of Fire" has Little Steven producing, and it sounds h-o-t!"

KNAC, LONG BEACH, CA M.D.-MARY JO GODGES:

ADDS: "Every Man Has A Woman", Elvis Costello "Thin", Waterboys "Church", Aztec Camera "All", OMD "Locomotion", General Public "Tenderness", Animotion "Obsession", Everly Brothers "Wings", Flying Lizards "Sex", Scott Goddard "Cowpunk", Baxter Robertson "Rich".

"KNAC welcomes Yellowman to the Palace on September 21st...Look for the KNAC stage at the L.S. Street Scene September 29th and 30th featuring continuous live bands all weekend, including local KNAC headliners, the Red Hot Chili Peppers and the Untouchables...A lot of great new Lp's out this week: The Waterboys, Aztec Camera, and General Public."

Bob Bittens, WHCN: "We'll try the HANOI ROCKS version of CCR's 'Up Around The Bend'. This group falls somewhere in that punk metal category, and I think they've got a lot of potential."

Amy Dahlman, WAQX: "'Up Around The Bend' has been one of our top call-out records. (Besides, Levine was hot for the blonde on the cover before we figured out it was a guy!)"

HEAVY LENNY, 'HEAVY LENNY PROMOTIONS (213-450-6224/468-4009): "Did you watch the MTV Awards? Did you notice how hip some of the commercials were? Could you see that Plymouth Duster shot during 'The Game Of The Week'? So many spots lately have been geared to the youthful market because the youthful market has so much money to spend. Yet AOR seems to want to ignore that entire age group - its most vociferous and obvious supporters. GM's and ad firms keep saying '25+ and screw 12-24', yet have you noticed that only the PD or format get changed - not the lame and lazy sales staff. There are a lot of products somebody's research incorrectly identifies the potential audience for. Instead of placidly going along with some out-of-touch-3-piece-suiter's decision, get off your asses and start selling your format's potency. Go along on some sales presentations instead of some salesman quoting numbers and demographics. Show 'em the 50,000 who showed up for your outdoor show or a roomful of contest entries. Videotape your best station promotions and the impact your station has. If you can't sell your listeners on the music and flash, you sure can't sell 'em the commercials. Think how improbable the concept of MTV was 2 years ago and how they bombarded you everywhere till you believed! This whole industry is about selling an earful of intangible. We do it with every new artist and every new disc and you do it with every new flick of a turntable or microphone switch. Video has proven you can market and successfully sell music heretofore pegged as specialized, limited or even avant-garde. Again, it's all in the imagery and the taste you leave on the taste buds. Be a chef, not a short order cook and you'll get four stars and return customers. Oh, you'll need more than one item on the menu. And on a rare personal endorsement, I'd like to recommend a cut off a somewhat neglected Lp by Pallas on Capitol, 'Eyes In The Night (Arrive Alive)'. I truly believe this is the type of record AOR needs and sadly ignores because it doesn't know what to do with progressive rock records of the genre of early 70's Yes, Genesis, Flash, Triumvirat et. al. The resurrection of Yes and Genesis in the last two years should give you a clue that your audience demands more stimulating and creative rock. What was once the cornerstone of radio rock is not even a faded memory. Most of you were not selecting music 10-15 years ago. Some of you didn't have a radio station to listen to 10-15 years ago. Your first exposure may have been the Superstars AOR that turned the power on at a wasted FM signal in the late 70's. There's a magnificent history to utilize to tantalize those 25+ listeners your bosses demand. Don't shortchange your audience by being a watered down version of the successful CHR. The AOR heritage you possess is worth millions. Use it...Stay heavy."

DANNY BUCH, ATLANTIC (PRESENT PRODUCT) (212-484-7631): "When your Atlantic rep calls and tells you to devote half your entire playlist to Atlantic product, please do not hang up. Please be understanding. Please know in your heart that he speaks truth, and hits, and sales, and requests, and all that other good stuff which equates to MEGA-RATINGS (\$\$\$) for your station. Here's a brief outline of the fantasmagorical slew of vinyl begging to be plopped onto your turntable...ZEBRA - The 2nd Lp from the fastest-selling new band in the history of Atlantic Records is already reacting. ('Bears' is among the #1 Most Requested tracks at many AORs, including WNEW-FM)...RATT - Lp rapidly approaching double platinum, with the brand new 'Wanted Man' 12" already flying on the radio and getting stupendous pounding on MTV...TWISTED SISTER's 'I Wanna Rock' hits with a massive campaign, highlighted by a killer video featuring the return of Neidermeyer as a Social Studies teacher (debuted and pounding on MTV)...STEPHEN STILLS (featuring the virtuoso guitar work of Jimmy Page) is already 3 cuts deep at album radio with the new 45 'Can't Let Go' just hitting all formats now...MICHAEL FURLONG's 'Use It Or Lose It' is being used at major AOR's in NYC, Pittsburgh, Seattle, Ft. Lauderdale, Dallas, Cinn., Cleveland, and Denver...JIM CAPALDI's 'I'll Keep Holding On' is proving itself to be a strong multi-demographic deliverer with saturated airplay in virtually every major market in America...RAG - Have you heard this great record? Just ask Joe Mac Cabe, Erin Riley, Andy Lockridge, Steve Driscoll, to name a few...And now a few words from the infamous 'Chef Of The Future' (inside Honeymooner's joke), David Fleischman..."

DAVID FLEISCHMAN, ATLANTIC (FUTURE PRODUCT) (212-484-6017): "Coming soon on Atlantic Records and Tapes are more incredible records to go, along with the excellent products we already have on the street...Leading off will be an album by a new Atlantic artist named JOHN PARR. The first music from John's self-titled album is a track called 'Naughty Naughty'. This is a powerful track and, as the other strong songs on the Lp, features a stellar production effort. John Parr is and will be a winner...Next will see the release of the much talked about HONEYDRIPPERS Lp. The names of Plant, Page, Beck, Rodgers, and more keep popping up when this album is discussed. Wait til you hear the music!! You'll be rockin', boppin', swinging and singin'...A very special album will be coming from Atlantic called 'Valotte' by JULIAN LENNON. The music will speak for itself...Also coming will be music by ALPHAVILLE. 'Big In Japan', the lead track, has been a monster in Europe, and we feel this will also be big in America...FIONA should soon be a household name when her record called 'Love Makes You Blind' hits the airwaves. This track is the theme song from the soon to be released movie, 'No Small Affair'. This little lady has a big, big voice. Remember FIONA...Previously unreleased in America, AC/DC music featuring Bon Scott is coming soon. Titled 'Jailbreak 74' - LOOK OUT!!"

MICHAEL PRINCE/PAUL "WILLIAM" BROWN, ATCO (212-484-6400): "We're still getting great response on the Blackfoot so far, and thanks to all involved. It's been the combination of Eddy Offord's production and Blackfoot's performance that's been putting 'Morning Dew' over in such a big fashion. Please, folks, focus on the music. I was an altarboy, but hey, this is rock and roll, and 'Morning Dew' is as mesmerizing a track as there is out there...From the 'already-on-your-desk' dept: New 12" from Airrace entitled 'I Don't Care'. Great hooks and check out the pipes on Keith Murrell. He's gonna be with us a long time...Since you did, thanks for reading."

RECORD ACTION CONTINUED

PAUL YESKEL, ARISTA (212-489-7400): "Can we talk? Can we put all of the bullshit aside and get to the FACTS? Good! Now read/ carefully. Every statistic available on the Krokus album exceeds all their previous releases. 'Midnite Maniac' is their first top ten AOR airplay song. It's also their highest charting single now with over 60 top 40's and it's growing bigger every week. The sales on 'The Blitz' are over 400,000. The last album went gold but didn't reach this point until well into the third cut. Krokus is on tour thru February, and you can bet they'll be kicking up a storm in your town. The point is that this is a very big record and if you're one of those stations sitting around playing it once a night after dark, you're missing a very big boat... 'Heroes, Angels + Friends' by Janey Street is a mass appeal rock and roll record from one of the most sensitive new artists I've heard in years. If you take the time to really listen to the entire album, I think that you'll find Janey to be one of your personal favorites and that the album belongs on your station. We have over 30 top 40's the first week on 'Say Hello To Ronnie'. Don't let them have this all to themselves... Don't forget to look into your pile of singles for the Thompson Twins 7" edit of 'You Take Me Up'. Whether you're already playing it or still considering, the edit could make the difference for you... Coming soon - new albums by: Heaven 17, The Alan Parsons Project, and The Kinks. Now aren't you glad we had this chat?"

BOB CATANIA, ISLAND (212-477-7159): "It took about 5 days but U2's '(Pride) In The Name Of Love' rests atop the Most Requested list of album tracks. Number one on the Song Index can't be far behind. 'The Unforgettable Fire' will be in your hands this coming Thursday... Fast Forward reels out to a quick start as programmers discover the power of cuts like 'What's It Gonna Take', 'Play To Win' and 'Living In Fiction'. Don't let old line automatics prevent you from developing an important new act for album radio... The Waterboys are also off to a quick start with 'Church' as the lead cut. The power of this track won't be denied. Everyone who has listened (have you?) is stunned by its passion. Again, we're talking about an important new act for album radio. The Waterboys hit the road in Europe in a few weeks opening for U2. Also, look for an edit on 'Church' very shortly... 'Two Tribes' will not be denied. Frankie Goes To Hollywood is on the verge of unleashing their mania on the U.S. marketplace. Don't let bullets stop you. If you have the 12" you know how big this record will be. If you don't have it and want it, call me at the above number for a copy... Rupert Hine quietly continues to prove itself a quality programming record as KDKB and KAZY come in. 'Blue Flame' and 'Living In Sin' should not be overlooked... Metal Shop alert: Motorheads 'No Remorse' is coming soon. You'll all be part of a very special marketing campaign for the ultimate heavy metal band. Details soon "

JAY MacDANIEL, MCA (404-447-6405): "This week MCA proudly releases Stone Fury. This much talked about group's debut 12" is 'Break Down The Wall'. As the saying goes, let the music speak for itself, and will it ever. Stone Fury is a stone smash. This week the 12", next week the Stone Fury Lp... Jett Alert: Please listen to the new Joan Jett advance cassette in this week's FMOB Album Report. What better way to showcase the most important Lp? The official release of the album 'Glorious Results Of A Misspent Youth' comes Monday, October 1st. The key cuts are 'Push And Stomp', 'Cherry Bomb', 'Frustrated', and 'I Love You Love'... Bird calls and wildlife growls may be emanating from your music library. This week the 'Wild Life' soundtrack escapes and attacks on program and music directors seem to be rampant. 'Wild Life' should roll and roam free up your music list... Thanks again for all our Fixx hot rotations. We see this Lp at the top for a long time. 'Sunshine In The Shade' is a perfect second cut... Glenn Frey's new single 'The Allnighter' exploded this past week at CHR, while the AOR base continues to expand. Glenn's new video 'Smugglers' Blues' is on the air, and what a great video it is... Night Ranger's 'Midnight Madness' at retail is still a monster. The cut 'Passion Play' is becoming a programming favorite... Late Flash: Dakota, and the cut 'Runaway' is being rushed out as a single. Look for a hot new edit... The new single of the Men Without Hats Lp has just been released. The cut is 'Where Do The Boys Go'. Regards, Jay."

DON WASLEY, EMI (213-461-9141): "Time changes everything or so it seems. A year ago or so in Texas, we were a part of amazing action. We, being Michele Robinson Sayre, Mando Camina, Tom Ownes, Drake Hall, and others. Queensryche with their basement tape Ep entered the state and leveled it causing mega action in concert, on the radio, and in the stores. This was, by the way, not exclusive to the Southwest, it happened everywhere. Well, some of the key ingredients are gone but the music isn't. It has grown and developed and with the same musical chemistry evolved to optimum proportions. I feel like the guy in the Maxell ad every time I listen to Queensryche's 'Warning' Lp. Powerful is an understatement. Don't listen for three-minute hooks, listen for depth and high quality. This is the stuff AOR is made out of. 'Take Hold Of The Flame'."

JON SCOTT, MUSICVISION (818-906-1995): "Dear Folks: I thought I would try my comments via computer mail. Recently, Drake and I have noticed that on our national conference calls, programmers have stated that there is not enough bio or artist info available especially on new artists when the Lp comes out. This valuable info helps out overworked P.D.s and M.D.s and also can help the air staff if the record goes on. Any comments? Also I have noticed some stations now without some form of new music shows. Whether 'Rate at 8' or an hour at 2:00AM at least. I think it's a crime!!! Are we not men?... Future predictions: Julian Lennon! If this doesn't sell 3 million at least, I'll bite a dog! This album is absolutely stunning... Also heard the Honey-drippers with Robert Plant and friends, and this too is a killer... On the Del Fuegos 'AniMotion' album, 'Obsession' will be a s-m-a-s-h... Also, Armored Saint and, by far, Stone Fury... And watch out for the Untouchables and Michael Furlong."

MICHAEL PLEN, I.R.S. (212-980-6699): "General Public and Let's Active. Listen to 'Tenderness' off of G.P. and 'Blue Line' or 'Waters Part' from Let's Active. Don't be fooled by the garbage rock out there!... New R.E.M. single is 'Rockville'. You have the 12"-just flip the 'Pretty Persuasion' copy... Raise The Dragon is starting to get bites at Top 40. Don't blow it--Listen to the 'Blue Hour'... New Go Go's single is 'Yes Or No'... And the Animals live is still receiving a lot of play. So, find a classic... And don't forget, Torch Song will produce Sting's album. Call me if you want a copy. They do a great version of 'Ode To Billy Joe'... And check out on Sire records--Aztec Camera. It's brilliant... Play INXS. This band will be huge."

LINDA KIRISHJIAN, COLUMBIA (212-975-1701): "Watch out folks 'cause you're dealing with spies and secret musical agents this week. As the story unfolds, we enter the den of Columbia crime to solve each mystery. Who will add these records? Answer: Elementary my dear programmer! The answer lies in your brainwaves. All it takes to unravel this query is for you to seek the affirmative before I ramble on and I can... Paul McCartney emerges from the crowd once again to deliver a stunning portrait of loves won in 'No More Lonely Nights'. Do not overlook what is strong and solid musically from Paul and enhanced by the brilliant guitar work of none other than Mr. David Gilmour. I know you'll love it... WHAM! is reaching new heights in the multi-format smash category. Do you have your WHAM! t-shirts? For that matter, make sure you're wearing your WHAM! t-shirt when you fly your Euro-glider. Paul and I want you to know we care about your appearance and your enjoyment. So, wear it and fly it!!! (Most of all, enjoy it!)... Did you catch Bruce Springsteen being touted by Ronald Reagan to the Jersey-ites on the campaign trail this past week? Ron praised Bruce as being the essence and spirit of America... Iam Siam continues to surface. Unraveling the mystery of this band for you, I've been told the video is creating quite a stir, is on MTV, and clubs are beginning to trace the roots of the Lamorians. FYI, Ruy Guerra, director of Erendira, is the director of 'Talk To Me (I Can Hear You Now)'. As you know it was filmed on location in Brazil. More later... The P-Furs tour is about to kick off in America. According to Tim Butler, in Tokyo there were girls sending messages to them, breaking into their rooms just to capture a glimpse, etc. True, Fur-mania!... The Metropolis movie is coming to your town. Movie openings are scheduled well into October across America. Be on the lookout... Bangles tour is starting soon. Elvis Costello invited the band to see his show in L.A. last week... More intrigue next week!"

RECORD ACTION CONTINUED

JAY B. ZISKROUT, ENIGMA (213-328-9407): "The Rain Parade welcomes KJET and WHFS (Thanks Jim, thanks David) 'Explosions In The Glass Palace' is currently #7* on CMJ and their first Lp is #7* in the U.K. on Sounds' Indie Chart. 'You Are My Friend'...Enigma/EMI America's The Red Hot Chili Peppers are sure stirring things up. It wasn't too long ago that Flea (bass) and Anthony (vocals) bared more than just their souls as they streaked through an EMI marketing meeting! Now that takes uh, er, balls! Two weeks out and we already have 12 commercial stations and have an 18* debut on CMJ. Also a 25* to 12* first week jump on Gavin. (You guys are great!) The consensus pick is 'True Men Don't Kill Coyotes', however, 9 out of 11 cuts are receiving substantial airplay...Check out Enigma's other new releases from Cheap Trick's Tom Peterson, Passionnel, Channel Three, Cathedral Of Tears, Scott Goddard, Stryper And The Untouchables. And coming out soon on Enigma/EMI is the debut from White Sister!...That's it for this week from Enigma, the world's most interesting record company."

STEVE LEEDS, LE FRAK ENTERTAINMENT (212-586-3600): "Yet another chapter in New York rock and roll radio has begun. The sole rock and roll signal in New York City proper remains where it's always lived - WNEW-FM. Format change or not, WAPP gave up being concerned with rock and roll when Dave Hamilton left. A lot of the slack will be taken up by WBAB and WJLA as there's only so much exposure any one station can afford...And speaking of rock and roll, most of your playlists are probably in need of some 100% all American female kick ass rock and roll. Just the right thing for a flacid fall playlist - 'The Glorious Results Of A Misspent Youth' from Joan Jett And The Blackhearts-- coming to you later this week via MCA on Blackheart Records...Have you checked out Australia's latest - The Eurogliders? Good pop rock especially 'Heaven'. Play it...Congrats to John McGhan on a major move. And an interesting note from Erin that it is WMMR's time of the month."

RICH SCHMIDT, RHINO RECORDS (213-450-6323): "In this paragraph: The plain truth about Barnes And Barnes. 1. Steve Perry sings 'I Don't Want To Go To The Moon' with Art and Artie Barnes on their new album 'Amazing Adult Fantasy' -- 2. Art Barnes' real identity is Billy Mummy, your favorite 60's child actor. I'm sure you'll remember Billy Mummy as Will Robinson on TV's 'Lost In Space'. Also worthy of note: The tracks '(I Wanna Grow A) ZZ Top Beard' or 'Learn To Kiss The Enemy'. Both are timely and worth your attention...The voice of the robot on 'Lost In Space' was performed by Dick Tufeld. The only winner was Andy Denmark from The Source. Andy wins any five albums from the Rhino catalog."

FRED DI SIPIO, JR., HOT TRAX PROMOTIONS (609-424-8588): "After spanning the globe following the thrill of victory, I now must share in the agony of defeat as Bruce came, saw and conquered Philly with six of the most earth shattering (they discovered another major market crack in the Liberty Bell) and quintessentially dynamic shows one could ever want to dream to witness! The very obvious agony is the fact that the Boss has left my hometown and in the world of rock 'n' roll, this is one tough act to follow -- maybe the Stones' opening for The Who would suffice! Philly, being the inaugural market to support Springsteen, always brings out some concert rarities -- In the finale it was Christmas in September as Santa came to town in the person of the Big Man! Not to sound redundant, but the greatest rock and roll show on earth without a doubt... Congrats to MTV on the creative and entertaining production of their 1st Annual Awards Show. It was certainly not just another awards show...The buzz coming from the L.A. NAB concerning AOR is a music mix comprised of CHR currents and AOR oldies. Well what the hell else is new?!?...With respect to last week's question: Hats off to those who sincerely answered none, however by and large the ratio of CHR force to AOR force this year was about 4 to 1."

PAUL RAPPAPORT, COLUMBIA (212-975-8616): "Red Rockers are rolling! Already reported calls from the upper demo. Not surprising. Also check out 'Blood From A Stone', 'Shades Of 45', and 'Just Like You'... Eurogliders--This is a second listen record. Twice and your hooked. Three times and believe me you will become a fanatic! Check out the video and you will see one of the great new finds of the 80's...Dave Edmunds' 'Something About You' goes to 17 on the Song Index, a bonifide album radio smash...Next, WHAM! If you think this is just for Top 40 you'll get slooped. 'Wake Me Up Before You Go-Go' should be day parted immediately. This thing is h-o-t...Next, Scandal. 'Beat Of A Heart' exploded last week at album radio. Patty's album is now on its way to platinum...Next, Steve Perry. 'Strung Out' is back with a vengeance. Check out the hot moves on this track and the resurgence of the Lp...Whew! Breath...Next, Romeo Void. Many are now slotting 'Girl In Trouble' into heavy, as the single continues to build. This band is great live and they hit the road shortly...This week, Paul McCartney's 12" 'No More Lonely Nights'--if you can't play this after 6:00PM, day part it. This song from Paul's new movie, 'Give My Regards To Broad Street' will be h-u-g-e...Iam Siam is really starting to take off at the clubs. Look out!--Whew!, again! Well, as Popeye once said, 'that's all I can stand, cause I can't stand no more!' Uk Uk Uk Uk Uk...P.S.: Logan, see, it's hard work being an album promotion guy!"

"RAIN"

FMQB Song Index Debut 98!

PolyGram is committed, and looking for RAIN!

FMQB ALBUM REPORT: "Nice little hook to this bit of practical advice from Down Under. Nice simple pop in the spirit of mid-60's pop, but slicker."

ROB LIPSCHUTZ, WAAF: "'Rain' is working very well here. This might be 'the one that got away'. Its success at WAAF suggests another listen.

The forecast is for heavy Rain this week at AOR!

News From Rock Over London

PAUL McCARTNEY releases a new single called "No More Lonely Nights", from the soundtrack of his new film "Give My Regards To Broad Street". Listen out for Rock Over London's own rising star, GRAHAM DENE, who's featured as the DJ on the radio in the opening part of the film...that's if he hasn't ended up on the cutting room floor.

THE ALARM, who are currently in the studio recording their second Lp. release "The Chant Has Just Begun" at the beginning of October. Singer, MIKE PETERS describes it as a tough record that people can dance to, but which continues to deal with important issues of the day. The B Side is called "The Bells Of Rhymney", an original Welsh folk song taken from a poem of the same name by IDRIS DAVIES.

Copies of THE SMITHS last single, "Heaven Knows (I'm Miserable Now)", and their debut Lp have been withdrawn from record stores across Britain in protest over the lyrical content of their song, "Suffer Little Children". The record is said to refer to the horrific Moor murders of the sixties, and complaints have been made by relatives of the two murdered children. But a spokesman for singer MORRISEY, who was responsible for the lyrics, said the song was written out of deep respect for those involved, and stands as a memorial to the children.

Former ORANGE JUICE guitarist, MALCOLM ROSS turns up as the new guitarist on AZTEC CAMERA's forthcoming Lp, "Knife". The Lp was produced by MARK KNOPFLER, who releases his own record "The Long Road", this week. It's the theme tune from the DAVID PUTTNAM film "Cal" which notched up rewards at the Cannes Film Festival.

THE STRANGLERS celebrate their tenth anniversary with the release of a new single, "Skin Deep". The song marks the end of a year long silence from the band with an album called "Aural Sculptures" to follow at the beginning of November.

DURAN's JOHN TAYLOR has been undergoing secret talks with composer JOHN BARRY about the possibility of the band doing the soundtrack for the next Bond Movie, "View To Kill". Meanwhile John's just finished mixing the band's live album with producer NILE RODGERS here in London. The group is apparently having some difficulty agreeing with a title, but "Burning Bright" is apparently a hot contender according to our Mr. Taylor.

It had to happen...Following in the lucrative footsteps of FRANKIE GOES TO HOLLYWOOD comes...CYRIL TROTS TO BOGNA. They've brought out a spoof of the band's mega hit, "Relax" called "Yu Rats", which opens "Yu Rats Don't Chew It..."

Well, we give you plenty to chew over on Rock Over London this week as we set off to the wilds of Scotland for the brand new release from BIG COUNTRY, called "East Of Eden". And from Eden to heaven with an exclusive airing of a new A FLOCK OF SEAGULLS track called "Living In Heaven". The song features on the B Side of their forthcoming release, "Never Again The Dancer", and is not included on the band's album, nor will it be out for another three weeks in America. We stay up in the air with "Astronomy", a bonus track from JETHRO TULL on their current 12 inch UK release, and the cassette version of the album "Under Wraps". We keep "Rockin' And Rollin'" with GARY MOORE, and a great track from his live Lp recorded on this year's world tour. We've got ELVIS COSTELLO singing YOKO ONO???????? and live DAVID BOWIE. Plus, there's a birthday treat in store for CULTURE CLUB's JON MOSS in our interview slot.

Program Producers

LAURIE GORMAN, PG PRODUCTIONS, (818-981-3331): "It was great to see a lot of familiar and new faces at the NAB/NRBA convention this past week. The PG Productions 'sweet' suite was a big hit and we'd like to thank all who came to see us and particularly those who got a chance to see 'Live From The Record Plant' in action. Sheena Easton was our very special guest that night...In the upcoming weeks, 'Live From The Record Plant' guests include: Barry Manilow on 9/23, Night Ranger on 9/30, and Dan Fogelberg on 10/7."

ROXY MYZAL, DIR BROADCASTING, (212-371-6850): "Thank you to all our MTV simulcast stations. MTV should be commended for the excellent job on 'The First Annual MTV Video Music Awards'. From the organization of the backstage area, to the pacing of the show, to the graphics, to the confetti, to the scripts and direction, to the video clips of the nominees, to whatever else I left out, the show was totally flawless. As live events go, that one was one of the best and biggest. To the staff at MTV (you know who you are) BRAVO!... On to the biz - On this month's 'Inside Tracks', Huey Lewis, who took time out from his busy touring schedule, talks to Lisa Robinson about how much of his success is due to his band, and how music is related to team sports...Dennis DeYoung also chats about his solo album 'Desert Moon' and what's up with Styx. Lisa also gives you a special behind the scenes look at the latest rock news. All this month on the 'Inside Track'... We're on the road with 'Rock On The Road' shows with the Jefferson Starship (congrats to David and J.B. Freiberg on their recent stage marriage), Quiet Riot, and Yes. Coming news on the Honeydrippers and Scott Muni's 'Ticket To Ride --A Weekly Tribute to the Beatles'..Our 'Live Tracks' featured artist will be David Bowie. Stay tuned."

JOE TRELIN, RADIO INTERNATIONAL, (212-696-2350): "How many record company executives does it take to change a lightbulb? Answer at the end of this paragraph! Avanti form the world of International radio. The week of Sept. 30th will be one the listeners of Rock Over London will remember for a long time. The program includes exclusive U.S. premier from A Flock Of Seagulls, Gary Moore, Big Country, David Bowie and Jethro Tull. This comes right on the heels of the U.S. debut of 'Boomerang' by U2. And since we're discussing the ageless Jethro Tull, Ian Anderson recently revealed to Rock Over London's Paul Sexton that his two children, age 9 and 10, think that he's a certified public accountant rather than a rock star. According to the teatotaling Anderson, 'I don't want to alter their lives negatively with my celebrity status--When I go on tour, I tell them I'm visiting a client!' We just hope Ian doesn't disappoint them when it comes to math homework!. Additionally, Anderson said he'll be performing 'Living In The Past' for the first time in well over a decade in concert the next time around. More details when the interview airs on Rock Over London...On the Guest dj front, a recent session with Steve Miller netted a fine program but not good enough for the perfectionist Miller. He enjoyed doing the program so much that he brought the script home and is producing it in his own studio in Seattle. We wondered if the Connecticut School of Broadcasting has a home equivalency diploma...THE ANSWER TO THE JOKE: 10! One to change the lightbulb, and nine on the guest list!"

VIDEO NEWS

DARYL HALL and JOHN OATES just shot the first video from their "Big Bam Boom" album. It was done at Astoria Studios in New York with director JEFF STEIN, who's also worked with The Cars and The Jacksons. A video cassette will be coming out next month called, "Rock And Roll - The Early Years". It's written and directed by the producer of "The Compleat Beatles" - PATRICK MONTGOMERY, and features concert and TV clips of CHUCK BERRY, JERRY LEE LEWIS and ELVIS PRESLEY; as well as old interviews of people condemning their music...MONTGOMERY is also working on another home video called, "British Rock - The First Wave" that will be out early next year..."Video Rewind: The Rolling Stones Greatest Video Hits" will be out in November. The cassette contains twelve Stones clips, some of which are rarely shown, and one, "Too Much Blood," which has never been shown before. Linking the clips together is some narration by BILL WYMAN, who plays a caretaker in a rock and roll museum, and in one scene he uncovers one of the exhibits...RANDY NEWMAN is working on an hour-long video called "Randy Newman's America." The cassette will feature classic Randy Newman songs, some of which will be performed by as-yet unnamed 'guest stars.' The songs says Randy, will represent all of America, and the video will be directed by his cousin TIM NEWMAN, who also directed "I Love L.A." and all of ZZ's clips.

INTERVIEWS

MADONNA: "A lot of people thought that I was a Black artist before they saw my videos because a lot of my music is more R&B-oriented, and I think that I'm a white artist doing R&B music getting played on Pop stations. The kind of records I make are really changing people's ideas --categorizing music, and I think that's opening up ways for black and white artists as well."

MARCUS PETERZELL, PROGRAM & MARKETING DIRECTOR, THIS WEEK'S MUSIC (212-265-2600): "This Week's Music' is premiering on over 70 cities across the country on a daily and hourly basis starting September 24. The show is airing in 30 of the top 30 markets, plus an additional 50 markets which will bring our reach to over 60 million people. The show premieres in New York on WPIX Saturday, September 29 at 10AM and in Los Angeles on KCOP, September 29th, Saturday at 10AM. Our premiere show features John Waite, Corey Hart, John Cafferty, Howard Jones, and Tina Turner, all performing live on our set in addition to videos by Bruce Springsteen, Billy Idol and Prince. I would like to thank all my friends in the industry for helping us book the kind of talent we've been getting and providing us with the fast videoclip service necessary to produce 6 shows a week. We're very proud to be the only nationally syndicated music strip show on the air. If anyone would like any more programming information or would like to know the station that will be airing 'This Week's Music' in your particular city, feel free to call me or my assistant, Debbie Diceasere, at any time. This Week's Music is a co-production of the Entertainment Television Company and Viacom International, with Charles Koppleman and Mark Bandier serving as co-executive producers."

PETER BARON, ARISTA (212-489-7400): "Back from video retirement. You see, I needed a couple of weeks to think of what to write to Nancy and Curt. Still haven't thought of anything... 'The Word Is Out' is new from Jermaine Stewart. Video available for your exploitation. Remember that name... Krokus continues its onslaught -- 'Midnite Maniac' video receiving enormous attention. The tour is happening and the record is sensational... 'You Take Me Up' by the Thompson Twins is moving up every chart in existence. Do not, I repeat, do not overlook this one. It is a great clip... That's all for now. Heavy rotation at home (music only): Janey Street, Janey Street, Janey Street."

LOREN GERSON (212-826-0477), KAREN KELLY (213-469-2411), I.R.S.: "The new Go Go's video of 'Yes Or No' is now available. The video, made to look like a home movie, was shot in the Hollywood Hills at J.D. Souther's house (J.D. has a cameo roll in the video, too) and at the Greek Theater in L.A. during the band's recent stop there. Mary Lambert, who directed 'Turn To You', also directed this video for Limelight Productions... Another hot video is the impressive debut from 'Torch Song' called 'Don't Look Now' from the Lp 'Wish Thing'. Shot in various parts of England, the video was mostly done impromptu by two independent film makers. As Grant Gilbert of the group explained, 'It's basically an art conscious video exploring the ideas of sudden glances and the way you "catch something in the corner of your eye" with lots of bright colors and effects. It's a very magical feeling. By the way, Torch Song will be producing the forthcoming solo Lp from Sting and they are currently working on a film project with Stewart Copeland. More news to come... Let's Active just completed work on a video of 'Blue Line' from their new Lp 'Cypress' in London, England. Glenn Clark, who has worked with The Alarm and Siouxsie And The Banshees, among others, directed. Let's Active is currently touring the UK with Echo And The Bunnymen and will return to these shores in November... Don't forget to catch The Cutting Edge on Sunday night on MTV. Featured acts on this month's show are: Torch Song, Dream Syndicate, Violent Femmes, Simple Minds and Messenjah... Speaking of MTV, congratulations on a nicely done award show (although we think the Police should have won more awards). Dan Aykroyd and Bette Midler were great!!!"

NANCY GLUCKSMAN, CHRYSALIS (212-758-3555): "The MTV Awards was an exciting, star-studded evening that really 'legitimized' the video industry in many ways. My hat is off to a truly professional and well-paced extravaganza!... The big news at Chrysalis is a very special Jethro Tull U.S. tour that kicks off Oct. 12th. Watch for the world premier of 'Lap Of Luxury' on MTV Sept. 29th. This is a tongue-in-cheek conceptual piece set to what I consider to be a soon-to-be classic Tull song... Resurgence of play on Special AKA 'Free Nelson Mandela' is much appreciated as the 12" climbs the Billboard dance charts... Personal to Bette Midler: you give good party."

The Rock Report

OCTOBER 26TH WILL SEE the world premiere of Paul McCartney's film "Give My Regards To Broad Street". The movie, which by the way took two years to complete, will be screened first in New York. The music featured in this sci-fi search for lost master tapes includes three new McCartney compositions titled "Not Such A Bad Boy", "No More Lonely Nights", and "No Value". We have learned that there will be new versions of some old Beatles classics such as "Here", "There And Everywhere", "Yesterday", "Eleanor Rigby", "Good Day Sunshine", "For No One", and "The Long And Winding Road". The reworked versions of these Beatles tunes will include additional strings, horns and piano accompaniment. (Paul has included some Wings material as well). Slated to appear on the soundtrack are new versions of "Silly Love Songs", "Wanderlust", "So Bad" and "Ballroom Dancing" which will be an elaborate choreographed number in the movie. The soundtrack is being produced by George Martin and all arrangements were done by Paul McCartney and George Martin. Look for the soundtrack of this 20th Century Fox film to be released on October 22nd.

ROCK REPORT CORRESPONDENT BILL BANASIEWICZ recently spent some time with the members of Yes and he found out some details about the bands upcoming plans. The current tour draws to an end on October 2nd. The band will then embark on their first South American tour taking in such countries as Brazil and Argentina. After the tour, the band will enjoy a two month holiday after which they will enter the studio to begin work on what Jon Anderson calls "a musical statement" incorporating video projects and a stage show. Trevor Horn will again produce the band. All members of the band have confirmed that they are looking in a different direction on this new Lp. There will be a common thread on this album leading us to believe that this will be a concept album. Neither Jon Anderson nor keyboardist Tony Kaye would elaborate on the concept for fear that the finished product might go through some changes during production. Jon said that the band wants to "make a statement" and that they "are not going to make another '90125' and call it '90126'". Although Anderson said that they are interested in making a "long piece of music", he also said the band is not afraid of commercial music anymore. Jon said the new Lp would be on par with earlier Yes works such as "Fragile" and "Close To The Edge". The new album will contain some very different songs that contain a "thread" or correlation with each other which will then in turn lead to some very interesting video performances. Regarding Jon's current solo single with Vangelis from the Giorgio Moroder soundtrack of "Metropolis", Jon said that "Cage Of Freedom" was written for him along with another song that Jon did at the same time for another film that is due in January by Michael Winter ("Death Wish") that was written by former Led Zeppelin member John Paul Jones.

NILS LOFGREN, the newest member of Bruce Springsteen's E Street Band, is planning to be in Philadelphia in February or March to begin work on his upcoming solo Lp. Nils will be at Warehouse Studios with Lance Quinn co-producing. Although Nils' priority is with Springsteen, the guitarist has signed with English based Towerbell Records. Lofgren has quite a bit of material for the new album but is at this point uncertain about the studio band. When asked if brother Tommy Lofgren would help out on this project, Nils said Tommy has been really busy lately down in Washington, but he figured that he would be in for some vocal and overdub work. Nils also has a possible video project on the drawing board which would include some members of the U.S. Gymnastic Team. Lofgren, who has been known to dabble in gymnastics himself with a trampoline, is interested in making a dramatic in-concert performance piece with some very serious gymnasts. The project is currently being pitched to a large film company.

LONDON CORRESPONDENT MAL REDDING recently spoke to former Squeeze members Chris Difford and Glen Tilbrook who are about to begin their first U.K. tour with a date at London's Lyceum. The songwriting team has often been compared to the duo of Lennon/McCartney, but as Glen told Mal, "We appreciate the comparison but we consider our own songwriting different enough and don't want to follow in anybody else's pattern". As far as future recording goes, the band was recently involved with the critically acclaimed London stage musical production "Labeled With Love". The band would like to do another stage production somewhere down the road, but is more interested in recording albums.

DURAN DURAN is back in a big way with the release of a new single, a new album and a new video Ep all to be released before Christmas in the U.K. The new single is called "Wild Boys". The 12" was produced by Nile Rodgers and recorded at England's Maison Rouge Studios. The single is due October 22nd. The band will begin work on the video shortly. The album, which was recorded during the band's American tour, will be released in November.

AS WE REPORTED, Rush will be filming their upcoming shows this weekend at Toronto's Maple Leaf Gardens with David Mallet directing. Mallet is best known for his work with David Bowie on the Serious Moonlight Tour full length video. David Mallet joined the tour last week when the band played New York's Madison Square Garden, and has been studying the band for the best direction to take on the live shoot. Rush is currently on the Eastern leg of the Grace Under Pressure Tour, which continues on through November 6th. The band will then head for their first tour of the Far East, visiting cities like Tokyo, Hong Kong and Osaka.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by totalling the emphasis points on cuts.

The methodology for our Top 50 markets Metro Index is the same as our Airplay Index, but instead of using the full sample base, we calculate the ranking from airplay reports from the Top 50 markets, as defined by Arbitron.
