Hard Choices

THE FIXX, "SECRET SEPARATION", MCA... Cy's trademark vocals and Rupert Hine's hypnotic production always seem to carry The Fixx even on their average material. They're one of those bands that simply feels good on the ears. But this time, they delivered that one listen wonderhit they needed to reach the next plateau--which is several time zones beyond the beach. As smooth, melodic and sensual as it gets, "Secret Separation" is cross-over perfection.

GLASS TIGER, "THE THIN RED LINE", MANHATTAN/EMI... Take Oz's military marching drums, surround the beat with Tears for Fears' orchestral sensibilities, and bring in Jim Vallance for his first foray into solo production. And as per the number of programmer positives on our pre-release pipeline, "Red Line"'s tunefulness more than matches the timely texture. Legit music that's already 200K strong north of the border.

WALK THE WEST, "LIVING AT NIGHT", CAPITOL... When we first put the above under our trusty lip sheet microscope, it sounded a bit basic, and perhaps a little ordinary. But in the context of other more polished pick potentials, those big dirty guitars and that aggressive growly vocal wouldn't take so for an answer. And the "Living At Night" chorus? Uh huh!

TIP: JIMMY BARNES, "I'D DIE TO BE WITH YOU TONIGHT", GEFFEN... The first two tracks have enjoyed a long and high profile run, and Jimbo's still out there touring his tush off with ZZ in support. From this tune's effective acoustic intro through to the screaming close, it's Jimmy's best vocal showcase yet. Let's not be hearing about any airplay interruptions.

Reaction Records

KENNY LOGGINS, "DANGER ZONE", COLUMBIA... When the big guy front loads the guitars and downshifts the "dit dit dit's", he's fkn alright with us--and 28 first weekers agree. Kenny finds the hole in this rare off-week, finishing #1 Most Added and the week's highest debut at #74...WRGN's Lenzy Bloch calls it "Without a doubt an across-the-board smash"...KRNA's Steve "comments" Kosbau agrees, "It has every necessary element to be an AOR and CHR biggie"...WJZY's Glenn Stewart thinks it "rocks like a mutha"...WARR's Mark DTDia even sez, "His best ever"..."Glad he's rockin'" was the verdict from WKDF's David Hall... "Homerun for AOR and CHR" predicts WLVT's Lee Randall"...WNEW's Mark Chernoff raves "Great guitars--it's there!"...And "excellent" was the word from KSRR's Warren Williams.

GOLDEN FARRING, "QUIET EYES", 21/ATCO... One of their fastest phone starts ever finds WNEW, KBER, KISS, KLPX, KSON, KLAQ, KILD, WPDH, WRXL and 5 more already into "good" request action, and WAOY, WLHZ and WFTV with "excellent" calls...It's #4 Most Added with 24, as #1 after two weeks and 9 ups (KISS, MPYX, KTXQ, WRUF) bring home a 30-31 Primer, #4 in positions and points...KWHL's Kevin Vargas voices, "This song will grow with every listen and could possibly become their biggest AOR track. "Quiet Eyes" will make a lot of noise on the charts and on your ears"...From Rad Messick at WQIZ, "It continues to amaze me every time I hear it on the radio. The hooks are the strongest they have ever written. If 'Twilight Zone' worked for you, why not simply consider this their follow-up song?"

STING WITH JEFF BECK, "BEEN DOWN SO LONG", IRS... You folks have been toying with the idea of BluesPower on album radio for a while now--what with the Rootsrock revival and all that...Here's where you put those notions to the real test, and we say you'll no doubt find a huge audience ready and willing to go big for the real thing. Sting always sounds authentic and we've never heard Jeff Beck more out of control and in the groove. Sweat City!! And isn't the Stewart Copeland surprisingly interesting and mainstream? REM and The Alarm are also noteworthy--as is the cause.

BOX OF FROGS, "HEART FULL OF SOUL", EPIC... In the art imitates life department, here's a reunion that maximizes the Cover-Your-Ass credo. Talk up Rory Gallagher's guitar and sitar work, Roger Chapman's vocal history--and act accordingly based on 'DVE's top 5 phones after one sneak advance cassette spin and out-of-the-box (so to speak) adds at DC101, WLL2 and WXRT. Remember our format alone moved 300,000 the last time out.

JEAN BEAUVOIR, "FEEL THE HEAT", COLUMBIA... I hear the video's a winner, and maybe once the magic of this can't-miss hit wears off a notch or two I'll check it out. Hey, if the kid moves well and looks good it'll be even bigger, but in terms of instant drum driven hookpower the vinyl alone will close you quicko. Add air and stand back.

38 SPECIAL, "SOMEBODY LIKE YOU", A&M... They've evolved into one of the premier bands for all regions and all formats--and as befits an act of that status, there's serious interest in a second lp track--and more major muscle for the single... "Somebody" breaks out with 27 adds and a #76 debut. As WKQQ's Rob Ellis says, "With big phones on the single, we didn't hesitate to go with 'Somebody Like You'"...Marty Griffin seconds, "The new 38 album sounds terrific. 'Somebody' and 'Like No Other Night' are already getting great response at KFMP"...From KISS' Tom Scheppke, "These guys are tops at making great radio music. 'Like No Other Night' moves to power and we'll start with 'Somebody' from the lp"...Checking single progress: New on 14, now on 129 with this week's most impressive 37 station increase count and 38 max mentions...The 14-5 Primer dominates in points gained, and with WKQQ, WOUR, WQIZ, WKDF, WWRK, WMOJ and KODS among the top five phoners, we've got a #12 Most Requested debut...Also the week's highest lp debut at 8 National and Metro.

JOURNEY, "RAISED ON RADIO", COLUMBIA... The single still owns #1 airplay and requests with the second and third trax showing "excellent" early moves: "Girl Can't Help It" powers 34-20 behind 21 more adds, 80 now playing and ups from 11--led by KTXQ, KISW, KATT, WPYX, KSHE and WCCC... "Raised On Radio" chases 51-30, #2 in points gained and #3 for long jump honors...It's sitting on 66 with 25 adds and 7 (KISW, WQLS, KTXQ, WPYX, KBER) ups... "Once You Love Somebody" ain't sitting still either, with adds at 5, ups at XKDJ and KZEL, and an 80-66 Primer...The album charges 4-2 with this week's #1 overall point build--ditto the Metro Underline at #4.

*INSIDE RED TIPS:

- ***BELINDA CARLISLE, "MAD ABOUT YOU", IRS...** Listen for the girlgroup sound that made her famous, and you'll probably hear them. Think Stevie Nicks and it's a whole different deal. The week's easiest call in the most likely to come back and haunt you on CHR department.
- ***JEAN MICHELE JARRE, "FOURTH RENDEZVOUS", POLYDOR...** Remember "Oxygene Part 4"? Once a name, always a threat--and with a little luck and the right chemistry this electronic confection could move right out of the Headphones Only and under an audio store spot, and maybe even into your regular programming. Another "Charlots Of Fire"?
- ***FRANKIE MILLER, "DO IT TILL WE DROP", MERCURY...** Can't say why Frankie's latest LP didn't get more attention upon release early this year--unless it was previous exposure to the leadoff single "I'd Lie To You" (which he did a yeoman job on). "Do It" sounds like Paul Rogers covering "The Stroke"--and you know Frankie's gonna hit the bright lights sooner or later.

Reaction Records Continued

ICEHOUSE, "NO PROMISES", CHRYSALIS... Four weeks on the street and it couldn't look much better in terms of phones, calls and comments...#1 Most Added with 22, as #0 to date and up from KTAD, KROQ, WTUE and KZEL best up a 57-41 Underline--and album debuts at #31 and #28 Metro...WLAJ's Dave Larige says "Icehouse sounds very good on the air and the album also has a lot to it. With Genesis being such a staple here, the similarity of their sound is cutting through"...WFXR's R.G. Jones reports, "John [Irish] played it on Smash and Trash and for the first time ever received 100% positive feedback and great female response"..."Excellent" phones at WARC, KROQ, KLPJ and WLIR, with CHYY, WTUE, KQDN, KLAQ, KQXX, WQHA, WHEB and 5 more "good" reports.

Also check the 11-8 Most Requested bullet. As WFTM's Steve Becker sez, "Phones have been hot for the single so we'll give them more with Jekyll And Hyde"...Ditto Mark Chernoff, WHEW, "Heart" is kicking in. Callers are asking us to go deeper, so we're also playing "Jekyll And Hyde"... From Ken Anthony, KSJO, "This is classy rock and roll with all the elements of a solid working band led by two of the absolute finest guitar players around"...At this rate, Bob Bittens' prediction may be the goods, "Arista's rock Whitney Houston."

BOB JUNGKLAS, "BOYSTOWN", MANHATTAN... Another manzined add week finds Mr. J with 16 fresh recruits--and more bullets: "Boystown" pushes 65-53 as #3 to date bring the LP aboard at 28 National, 41 Metro. Already getting "good" phones at KLPJ, KLAQ, WCCC, WYMF, WQHA, WARC, WQYJ, WMLK, KPMF and WHEB...KILQ's Alan White advises, "Pay attention to this up and coming star songwriter. He's gonna make it"...Bob Franks adds, "Boystown" is a winner. His talents are immense and his background is outstanding...WCCC's Larry Allen adds, "We look for Bob to garner excitement. This guy may very well be with us for a long time to come"...WQQJ's Rob Ellis says, "One of the best things about this job is breaking new acts with strong product, and I haven't been this excited about a tune in quite a while"...And from WPDH's Pam Brooks, "Bob Jungklas is a pleasure. 'Boystown' is a hit on first listen."

PETER GABRIEL, "SLEDGEHAMMER", GEPHEN... How big is BIG? Try Pete's 10-2 Most Requested Junge, 10-21 can you believe 41 "excellent" phones and 10 more "good"? "Sledgehammer" is 13-8 bolt rolls in behind #2 rebed 33 increases (#1 any other week) 11 adds, 135 total and 27 max. As KRXL's Jessie Brice says, "Sledgehammer" is one of the most sophisticated and ungeneric records recently"...Larry Dunn, WLIR calls it "Probably the best screamer to date in '86. All demos have united behind Peter"...Bob Bittens reports "Killer reaction at #2 Most Requested with calls from a broad range of demos"...WOUR's Tom Starr speaks for everyone who has heard the incredible advance cassette, "If you're suffering from the audio blurr of auditioning too many albums that sound like they came off the same assembly line, this Gabriel record is going to be the perfect Rx. Challenging, distinctive and full of brilliance of a true artist"... Just wait.

LOU REED, "NO MONEY DOWN", RCA... We're with KROR's Chris Miller, "It's our only add this week--and I think it's his best to date. Calls after one day confirm"...WQHA's Bob Linder agrees, "Without question his best ever"...From Russ Mattia, WAAF, "Proving to be the second coming of Sweet Lou. Top 5 requests and it sounds great next to all the superstar product"...New on 14, now on 50, underlined 63-50. Check the LP debuts at #40 and #43 Metro...WMPR and WLIR have "excellent" phones with WHEW, WNCN, WTUE, WOUR, WPLR, WARC, WCCO, WRCN, WYSP and WQHA leading the list of 15 "good" reports.

THE MOODY BLUES, POLYGRAM... "Four Wildest Dreams" points up 5-3 with five more adds, 17 increases and 52 max. The LP holds the lock on #4 Most Requested with 25 "excellent" reports and 28 "good" with the single naturally the most active phone record...The title track gains 72-59 behind 10 adds, 17 ups, and 133 now playing...with "Back And Roll Over You" pulling in our fifth longest 90-72 Primer, thanks to 5 adds, up from WJLS, WHEW, KROR, KQDJ and KZEL, and 25 total stations...WLPX's Mardie Sue tells us "We absolutely love the new Moody Blues. Best stuff from them in years"...From WMLC's Tim Smith, "The title track is a very strong follow up to the single, and the Moodies are perfect for the 25+ crowd"... Next up--"Sings And Arrows".

Buzzbands

JOHN EDDIE, "JUNGLE BOY", COLUMBIA... New acts generally take a while to get those phones pumpin' but John's already got "good" ones at KOUR, KLAQ, WHEW, WLIR and KSJO, with "excellent" action at WHEW, WNCN, WARC, WMPR and WQHA...Glenn Stewart, WQYJ, sez, "John plays out an earthy, primal reaction tune. Kama but the reaction is positive"...WFSH's Pam Brooks agrees, "Drop the needle, let her rip, good time music. It's in the air and perfect to carry us thru the summer"...WQHA's Mike Boyle adds, "Jungle Boy" is our #1 requested song this week, and I can't wait to get other cuts on the air."

BRUCE HOBBSBY AND THE RANGE, "EVERY LITTLE KISS", RCA... The add pattern and comments suggest this record could well be on the verge of bug stuff--KSJO's Ken Anthony says, "In my band-to-watch category, I'm really knocked out by this debut album. Take a bit of the Band, add some Dave Straits and Eagles, and throw in some Huey Lewis for spice, and you've got a great new American band"...WARC's Gregg Hall comments, "I feel Bruce has an all format smash"...Hire's real reaction from KBCO's Doug Clifton "This has moved up to #2 most requested this week. Retailers have been calling and asking when the album will arrive. Now that The Range is here, they're an early favorite for Best New Group of 1986. This is a perfect record for us"...And from WQVA's John Malinowski, "They've put out an excellent debut LP. The first single is great and one of our top 5 requests, perfect for upper demos."

THE MODELS, "OUT OF MIND, OUT OF SIGHT", GEFGEN, , As we've said for several weeks now, The Models are positioned to pop in a big way...Bob Bittens agrees, "It's a little early in the life of the record here on HCN, but I have no doubt that continued airplay will meet with continued interest"... They're back with 11 adds, and 12 all important increases, including WQMF, KBCO, WMGM and WRCN...The tune Primes 35-25, giving the Lp our #1 Metro gain 36-29, and #4 National point build 29-27. WILD BLUE, "FIRE WITH FIRE", CHRYSALIS, , Have you noticed that Chrysalis seems to have an exclusive franchise on the Gutsy Female Rocker category? Their latest entry continues to impress early on, with new action at WLUP, KSRR, KMOD, KGB, WLLZ and KISW---and KLAQ, WQFM, WDHA, KSJO, WSKS, KTXQ and WLLZ among those already playing. Now on 24, new at #91.

DANNY WILDE, "ISN'T IT ENOUGH", ISLAND, , New air on 7 was just enough to put this nifty little hookmonster on the Song Index at #95...WLLZ and WDHA move it up, with WLLZ, WSHE, KAZY, KGB, KMET, WKDF, KAZY and WRCN among 24 making room for this obviously deserving track.

SUZANNE VEGA, "LEFT OF CENTER", A&M, , When it gets to the point that obvious crossovers and second and third tracks dominate the Most Added, it's time to go back and pick up quality items you may have missed. You've read the raves and watched those credible stations roll in, and the momentum is still there. Witness new air on WNEW, KFOG and WKDF and KBER--as well as ups from KTXQ and WOUR, and no decreases. Up 73-70 on the Song Index.

THE OUTFIELD, "ALL THE LOVE IN THE WORLD", COLUMBIA, , Miss this pop fly and you're off to the showers, bud. How obvious are 16 adds, a 67-51 Primer, still more album Underlines, 7 increases (KATT, KISS, KOME, KQRS, WSKS)--and comments like these: Steve Kosbau, KRNA, "They're on the verge of having their third track in a row on our top 5 phones"...Tom Scheppke, KISS, "'Play Deep' has been top 20 for about three months and we still get heavy requests for the first two trax"...Glenn Stewart, WHJY, "Those who hesitated on 'Your Love' have hopefully learned by now to jump on this fastball of a tune."

FABULOUS THUNDERBIRDS, "WRAP IT UP", CBS ASSOCIATED, , While you're at it, take a hint from the week's biggest 100-69 song gain. The Lp hangs in the top 20, and you can expect quick pick up on the new 12" to point it northward shortly. KTXQ, WDHA, WWCT, and WHFS already up, with new action at 15, including KEZO, KLAQ, KLPX, KOME, KISW and KMET.

THE ALARM, "ABSOLUTE REALITY", IRS, , Their third priority clocks in with a #83 debut, thanks to adds at WDHA, WMGM, WPDH, KOZZ, WCCC, WQBK, WXRK and 4 more, and ongoing air at WAAF, WBRU, WLIR, WNEW, KMET, WCCC, WBAB and more. Even without the first two singles' excellent track record, this song's high profile hooks should make it one of your easiest programming decisions.

HONEYMOON SUITE, "BAD ATTITUDE", WB, , 7 adds takes the follow-up to the halfway mark with 65 now playing. Ups include WHJY, WBCN, KOME, KATT, CILQ and WAQY, with KISW, WYNF, KRQR, WKQQ and 3 more at max, and 15 more "4" level reporters...Underlined 43-39.

INXS, "LISTEN LIKE THIEVES", ATLANTIC, , What can you say, but '86 has been their year. "Thieves" keeps the roll very much alive with a 28-19 Primer, moving the Lp to #17 National and Metro...Believe in 11 ups, including KGON, WKLS, WPLR, KTXQ, KSJO and WSKS. New on 6, now on 98.

Double Shots Continued

JOE COCKER, "YOU CAN LEAVE YOUR HAT ON", CAPITOL... Capitol will get this record. Hey, the man is back and more than a few out-of-the-box ears picked this over the first single. The great start improves with new air on 14, including KMET, KFOG, WAAF, WFYV, KLAQ and KMOD. Now on 37, with KBCO, KAZY, KZAP, WMMR, WLLZ, WKDF, WNOR, WCKG, KISW, KZEW, WHCN and WCCC at the front of the class. Underlined 76-58--our fifth longest Primer.

THE CALL, "EVERYWHERE I GO", ELEKTRA... The hammer isn't down quite yet--but the Checklist says to expect solid plus radio reaction. Rob Ellis, WKQQ, "Strong follow up to their last"... Marty Griffin, KFMF, "Strong follow up"... Mark DiDia, WXRK, "Excellent response in our new music show"... Robin Mathieu, WBLM, "Perfect follow-up"... Larry Dunn, WLIR, "Best cut on Lp"... Lex Staley, WFYV, "Definitely the year's most underrated Lp"... John Tower, KQDS, "Will follow in 'I Still Believe's footsteps"... Tom Starr, WOUR, "Good hypnotic hook"... And WEZX's Jay Daniels, "We'll definitely play it."

BRIAN SETZER, "BOULEVARD OF BROKEN DREAMS", EMI... Topcat Setzer paws onto WXRC and KFMG taking the add tally to 15 including WQFM, KBCO, KAZY, WTUE, WHFS and KLPX. Give him another shot based on credibility, image and the first single's Top 15 finish.

Builders

BOB DYLAN, "BAND OF THE HAND", MCA... The film may have come and gone--yet the song remains the same--but somewhat stronger. KTXQ, KAZY, WDHA, WTUE, WPDH and WAPL up it, WIOT, KRKE and WEZX up it, and DC101, WCKG, KBCO, WLUP and 3 more max it. And those surprisingly active Dylan phones continue: "Excellent" at KKDJ, KIL0, KOZZ, KPOI, KLPX, KISS, WLNZ and 4 more, "good" at WHCN, CILQ, KWHL, WXRK, WTUE, WRXL, WKFM and 2 more. Underlined 30-26.

JOE JACKSON, "RIGHT AND WRONG", A&M... Joe's phones bring him on at #11 Most Requested, with WHCN, WLIR, WQBR, WCCC, WRUF, WHTG, WKLY, WWWV, KFMF, KFMQ and KSQY among the top fivers... Check the 18-12 Song Underline, thanks to 8 adds, 111 stations to date, 5 ups, and significantly no decreases. Here's a report from our man in the street, Dave Lange, WLAV, "Joe is generating good phones and it's a solid upper demo record. And, there are more things that we'll probably be using."

JUDAS PRIEST, "TURBO LOVER", COLUMBIA... Their second stage kicks in with a 94-85 Underline. Just added at WPDH, KZEP, KKDJ, KZEL, WHTF, KNCC and WYMG, with an impressive lineup already on board--WHCN, WLLZ, KUPD, WEBN, KISS, KGB, KMET, WIOT and KLOS, which upped this report. Meanwhile, "Locked In" is still building on 23, with phones at WRCN, KPOP, WOUR, WBCN and WHCN, phones and sales at WXRK, WPLR, WLNZ, WHEB, WWZU and KKDJ, with WYSP, KISS, KLPX, WIOT, KOZZ, KIL0 and WDHA also on the overall builder tally.

HEAR 'N AID, "STARS", MERCURY... The Checklist confirms their #9 Most Requested debut, with "excellent" response indicated at WHCN, WHJY, KISS, WBAB, WIOT, KLAQ, WPLR, WKDF, WDHA, KSJO and several more, and "good" calls listed at 20--led by WYSP, WYNF, KSRR, KFMQ, KEZO, WXRK, WMGM, WEBN, WDVE, WSKS and WPDH... This week's 7 adds makes it 70 so far, with ups at WNEW, KLOS, KTXQ, KZEL, KKDJ, WLNZ, WPYX and KBER. Underlined at #45.

HOWARD JONES, "NO ONE IS TO BLAME", ELEKTRA... Not perfect--but still great. So sez WOUR's Tom Starr, "Even though a little more kick and a little less polish on the remix would have been welcome, it's still too much of a killer for us to ignore, and with adequate reinforcement, it is working beautifully"... It places at #13 Most Requested with WYDD, WRDU, WOUR, WLAV, WBRU, WKDF, WSKS, WXLP, KEZO and KFMQ leading the top fives. Underlined 38-28 with 7 adds, 9 ups (WPLR, WKQQ, WSKS, WBAB) no decreases and 18 now max.

THE STARSHIP, "TOMORROW DOESN'T MATTER TONIGHT", RCA... Six adds brings it to the 85 mark--and the holdouts should be motivated by yet another week of solid increases and very minimal play-downs. For instance, KGON, WEBN, WRUF, WQBR, WAPL, WKLC, WWZU and WAQX increase--against a decrease at KPOP. Plus, you've got a 27-21 Primer to think about--as well as a 21 max play roll call that includes WCMF, KSJO, WRXL, KFMQ, KQDS and WHMD.

KROKUS, "BURNING UP THE NIGHT", ARISTA... Only 1 add, but a gangbusters Checklist: Sixteen deep in builders, with only 1 dropping and 18 maintaining. Play ups at WMGM, WRUF, KLOS, WOUR, WWZU, WCCC--against 1 decrease--move the single to #43.

ZZ TOP, "WOKE UP WITH WOOD", WB... "Wood" shakes off one of this report's longest Song jumps, 84-62, due primarily to 19 adds: WLWQ, KYYS, WEBN, WNEW, KISS, WPLR, KLPX front and center... If you can say it, play it.

GIUFFRIA, "I MUST BE DREAMING", MCA... We still think it's the best song of their career--and the stats continue to bear that out. Tough to argue with 24 building to 1 dropping on the Checklist, and a 12 station considering 1st. Just added at WIYY, WHJY, WXRK, KZEL, WKLC and WRKI, with WQFM, KOME, KSJO, KZEW, WSKS and two more upping. Now on 77, Underlined 40-33. As WHJY's Glenn Stewart puts it, "'I Must Be Dreaming' stands alone as an excellent tune.

WINTER ARBITRON PROFILE---A TEN MARKET PERSPECTIVE

FMQB continues to assess AOR's Arbitron performance in the Winter of '86. This week we asked PDs from Tampa to Seattle about their station's ratings highlights, the competition, market trends, and the state of the format.

"We did extraordinarily well in Men 18-34. In most Mon.-Fri. dayparts we're either #1 or #2 in Men 18-34 and when we are #2, we're behind urban KMJQ whose audience is 90% black, so it's a great book for us. Although we're down in 12+ by 0.3, our 18+ numbers are strong. For a long time we had a real tight battle with KLOL and this is the first book in quite a while where we've really outdistanced them in Men. In many dayparts Men 18-34, we're beating them by an almost 2-1 margin. In Metro shares, Men 18-34, Mon.-Fri it's: Mornings: KSRR 12.3; KLOL 6.7...Middays: KSRR 12.6; KLOL 6.1...Afternoons: KSRR 11.8; KLOL 7.6...Nights: KSRR 12.6; KLOL 11.5" **ANDY BEAUBIEN, PD KSRR**

"KBCO does not live and die by the Arbitron. Our philosophy is to give the listeners a quality product. No jive. Quality pays off in the Arbitron. KBCO is #1 in our primary target 25-34 Men (16.5 ahead of #2 KMJI with 8.5). We're #1 in our secondary demo of 18-34 Adults. We're #1 in our third target demo 25-49 Adults. Our long range gameplan has always been to stay consistent with direction, air staff and playing lots of music. Our weekend numbers continue to grow, thanks to special weekend programming. Congrats to KBPI on another good 12-24 book; to KILQ for showing from outside the market; and to KPKE for a good CHR comeback before changing ownership." **JOHN BRADLEY, PD KBCO**

"We're delighted with the book. Our Adult 18-34 numbers and time spent listening are up considerably in all day parts. We posted a 10.1-10.9 gain in that demo overall. In mornings, we're #1 9.3-11.0 (Adults 18-34). Middays 7.7-11.0; Afternoons 9.2-10.0. Our TSL is up in mornings from 2 3/4 to 4 hours and from 3 to 5 1/4 hours middays. KBPI has always been a broad based 18-34 radio station. We've never concentrated strictly 25+. We're a rock and roll station that appeals to lots of different age groups with many different styles of music." **TOM HUNTER, PD KBPI**

"In two books we've jumped 6.4-10.5, 12+ while Z93 dropped 12.1-8.5 and 94Q slipped 9.2-7.0 in the same two book period. So I think we know where we got our audience from. During that same period, our Men 25-49 share has nearly doubled (6.9-13.2 = #1) and we took them directly from 94Q who, in the same period, have slipped 12.4-8.4. The objective a year ago was to take Men 25-34 away from Q94 who, at that time, had a 2-1 lead over us in that demo, and we've successfully done that, by playing more hit records. Basically we play the 30 hits that are out there and we don't sway from that stance. A liberal amount of classics and the psychedelic speciality shows have brought tremendous results. The Top 40's in town don't know whether to shoot themselves or go bowling. It's not that AOR has had better music than the CHR--that's B.S. Z-93 and 94-Q are just two very boring radio stations who are copying instead of innovating." **BILL WISE, PD WKLS**

"When we started this format six months ago, there weren't any major market stations trying this classic rock approach in the strict modal way that we approached it. Now the format is starting to be taken seriously. In our first full book with this format, we're up 2.9-4.8. Especially strong is our performance in Adults 18-34 where we rank #4 (9.1) behind KYYS (13.4=#1), CHR KBEQ (13.2=#2) and AC KUDL (9.3=#3). We're pleased that our Adult numbers are fairly evenly distributed between men and women. Judging from those 18-34 numbers and our 4th place 25-49 showing, we're starting to have an impact on our target which is men and women 25-35. At the same time, KYYS had a very good book, while both ACs in the market dropped. I think our station is partially responsible for those AC losses." **GREG STEVENS, PD KCFX**

"Although we're off slightly 12+, WLLZ has gone from a 12-24 skewed station to an 18-34 station in the Winter book. We're #1 Men 18-24, and #2 Men 18-34 (just under Urban WJLB). Equally significant is that JD and the Morning Crew were able to go from #13 to #5 12+, and chalk up #1 Men 18-24 #1 Men 18-34 and #5 Men 25+ in their first book at Detroit's Wheels! In afternoon drive, we beat Arthur Penhallow on WRIF in 12+ and in Men 18-34 and Men 18-24 where we're #1 in both. Our 25+ numbers are way up. Some of the key factors in our turnaround: The addition of the morning crew which gives us one of the strongest personality teams on the dial, combining our wits and guts with equal parts research, and an aggressive promotional stance. We did all this while in the process of changing owners and with limited promotional/advertising budget compared to our competition who gave away the farm."

"I've always taught my people to be good winners, but we also try to be gracious losers. On the surface, we had an absolutely miserable book, our first really bad one in six years. Yet from a billing standpoint, we're having a record year, and Birch has KISW #2 12+. So I don't know what to say about Arbitron. You lick your wounds and keep on moving. But on the other hand, everything that we lost was 18-24 Men. According to Arbitron, we suddenly lost 60% of that demo and they didn't go elsewhere, they just evaporated. In this market, Arbitron needed 170 diaries to represent the 18-24 male and only 74 were returned. Meanwhile, KEZX, an EOR station that plays Joni Mitchell, Cat Stevens, etc. and targets 25+ went from 1.6-7.2 18-24 Men, and a Country station gained 1.0-12.0. To take the hosing that we took in 18-24 frustrates the hell out of me when the Birch has us steadily at a 35 share in that cell I thought KISW sounded rock solid in the Winter book. We're still #1 Men 18-34, #1 Men 25-34, #1 Men 18-49, so I'm not going to overreact to one book."

BEAU PHILLIPS, PD KISW

"We designed KZOK to be Men 25+ radio. In Men 25-34 we've grown 5.6-8.1 and we've added a share and a half of Men 35-44 (1.5-3.0), so yes, we are pleased. The Afternoon drive numbers are also encouraging where we increased in market rank from #4 to #1, Men 25-34 in combo with our AM, KJET. Since we primarily sell combo, our sales dept. is equally pleased."

"One year ago we set out to solidify the ZOO as the 25-34 rock radio station in Dallas/Ft. Worth. What's encouraging for us is not only are our 25-34's up, but our 18-24's as well, putting us on top 18-34. The Winter book shows KZEW up 7.7-14.5 in Men 18-34, compared to Q-102; 12.7. We grew in Men 25-34 (9.0-12.0) while Q-102 remained flat (9.0-9.1). There were many factors contributing to the increases including a number of staff changes. Musically, we de-emphasized corporate rock and became much more aggressive in adding new music. We created a terminology called "deep cuts" which we use to refer to our variety of album tracks. Our basic slogan is "more songs from more artists--the best new music, more classic rock and deep cuts". Another factor to consider is the return of 11 year ZOO veteran Jon Dillon (JD) who hosts 10p-2a. His show is called "FM. The Radio Show" and it's a very well-received, free-form progressive show which contributed to the 7p-mid numbers."

ROB BARNETT, PD KZEW

"We're up in all dayparts Men 18-34, and Women 18-34, maintaining rank in those demos consistent with our last book. In February we freshened the station musically, adding songs that had not been in the market for several years. Those changes did help the Winter book somewhat but more so they have us set up for the Spring. We see the Winter book as the catalyst for the Spring book. The consistency of our personalities, combined with the excitement of the music we've added should give us one of the better Springs in the history of the radio station."

"Our recent goal has been to attract more 25+ Men and that's exactly what's happening. KGON's Men 25-49 share has increased dramatically, to the point where we're right on the tails of KINK in that demo, where in the past, we weren't even close. In Men 25-49, we improved 7.5-8.9, while KINK dropped 14.4-9.5. We're still far and away the #1 station Men 18-34 and Men 18-49. So we're right on target. Our increased TSL and Men 18-49 numbers are partially the product of slowly working in a wider variety of oldies, combined with bringing back features like Two Fer Tuesday and our Noon Blue Plate Feature that spotlights the biggest hits of a year gone by. Together the features and music have made the station more interesting to listen to."

"This up book provides us with more fuel for our 15th anniversary celebration. Our core of 18-34 Men doubled and we dominate in every daypart with that demo. Our competition is attracting younger demos and the San Francisco AORs are losing strength in the South Bay. I was also pleased to see that our new morning man, Frank Bennet, is on the rise. While maintaining our 18-24s with a good selection of current music, we brought attention to our 15th anniversary with promotions and special programming and the result has been an increase in 25-44 Men." RON NENNI, PD KOME

"The most significant figure for KSJO in the Winter book is our cume which increased 120,400 to 132,600 12+. Obviously more and more people are sampling KSJO. We experienced increases in most of our target demos including Men 18-24 (12.1-13.5), Men 25-34 (5.1-5.9), Teens (3.9-5.8) and Women 25-34 (2.0-2.8). We saw a slight decrease in Women 18-24 (9.9-7.1). The new numbers also help validate our Fall book where we raised 2.3-3.2. I'd credit the gains to the consistency of the radio station in the past 6-9 months and a fairly heavy busboard campaign." DANA JANG, PD KSJO

"WYNF's rankings improved in Men 18-24 where we're #1 with a 26.4 share. Our teens are up, Men 25-34 are flat, and we lost a small amount of 18-24 Women. So basically, all of our targets are fine and our rankings are the same or improved. WKRL had a very nice book and I congratulate them. It came at the expense of AC formatted WIFI. For example, in Men 18-34, 'YNF is still top-ranked (19.8-19.3) and WKRL gained significantly 5.1-10.1 (#3), but WIFI lost 12.4-4.4. So, we're very pleased that with the increase in competition that we basically were unhurt. As far as the demographic differences in the stations, WKRL had very nice 35-44 increases; our strength is 18-24 and 25-34, and there's probably some overlap in the 25-34 numbers." CAREY CURELOP, PD WYNF

"Although we launched the classic rock format just as the Winter book began, we were able to maintain our 12+ figure while losing a 20 share of teens. That indicates to me that the format is working. We improved from #5 to #3 in Men 18-34, from #12 to #5 in Men 25-49, and from #5 to #3 in Adults 18-34. In Adults 25-54, we're up #9 to #5 with WYNF at #8. Most of our adult audience gains came primarily from the AC stations and secondarily from WYNF and CHR Q-105." BEAU RAINES, PD WKRL

MEMPHIS AOR: ...THE EAGLE HAS LANDED

You can check out anytime you like, but you can never leave dept: WZXR, Memphis, returns to the AOR ranks May 3 with new calls WEGR (The Eagle 102.7), and adult rock positioning. Memphis had been without an album outlet since last Spring, when WZXR switched to CHR ending a long run as ROCK 103. But the station's market research found a substantial need for a baby boomer targetted rock station, according to WEGR VP/GM Craig Scott. He tells us, "The purity of WEGR's programming will accurately reflect the musical preferences of this highly affluent group of 25-49 year olds. The key will be the station's psychological positioning. WEGR will be the perfect radio station for this alienated demographic group." Art Wander, PD at AM sister WREC and a former Group One corporate PD is orchestrating the start up. The new format will blend "today's rock hits with significant amounts of rock hits from the 60's and 70's era."

DONAHUE KISSES DEES GOODBYE, SEZ HELLO TO KLOS

10 year L.A. personality Raechel Donahue has parted company with KIIS, L.A. and morning show partner Rick Dees in favor of mornings at crosstown KLOS, starting May 5th. Widow of progressive radio's founding father Tom Donahue, Raechel has worked for legendary California call letters KSAN and KMPX, San Francisco along with a half-dozen L.A. stations including KMET, KROQ, KWST, KPOL-FM and KPPC. FMQB spoke with Raechel a few days before her first show at KLOS. Here are a few highlights from that conversation:

ON HER YEAR-AND-A-HALF AT KIIS:

"It was a totally new experience for me. Sort of like the old legendary Top 40 days...talking fast and saying nothing...but I definitely wanted to get back and have a hands on situation where I was actually running a musical show as opposed to just doing schtik on the air."

ON MAKING THE TRANSITION FROM KIIS TO KLOS:

"KLOS and KIIS are kind of like apples and oranges, they're not anything alike...We're looking to largely deal with Men 18-34, but my demographic over the years has proven to be a little bit higher in Women and older in Men, so I'm hoping to be able to pull 18-49."

ON WHY SHE OCCASIONALLY "DISAPPEARS" FROM RADIO:

"I'm fortunate to have a voice-over business so I don't necessarily have to be in radio. When it goes through one of its dry spells, I just disappear. I only hang when I like it, and right now it's challenging again in Los Angeles. They're fighting again, and I like that. All of a sudden everybody's spitting tacks."

Outgoing KLOS morning personality Shana can be reached at (818) 289-7535.

TRENTON MAKES

THE WORLD TAKES

I run a small record store in New Jersey. I thought I knew my rock and roll. I mean, I can tell Twisted Sister from Mr. Mister. But I never sold so many copies of a record that was getting so little airplay before Metallica's *Master of Puppets*. (60439)
I didn't believe I'd sell out my initial shipment the day it came in. And the reorder. And the next reorder.
When I heard that *Master of Puppets* had sold over 500,000 units, I *did* believe it.

The world's been following Trenton's lead for a long time—now I'm really proud to be from New Jersey. Maybe the sign should read, "Metallica's in stock and Trenton's in shock."

SEVERAL MONTHS AGO we told you right here in these spaces that CBS definitely felt the video scene was over-saturated, and that prominent groups on the label at Black Rock would probably not be releasing videos with the consistency they had been in the past. Item from the trades - according to Journey manager Herbie Herbert - the band will not release videos for their new Columbia LP, "Raised On Radio". And, to make matters even stickier, Van Halen -- Alex, Eddie, Michael Anthony and Sammy "I Can't Drive 55" Hagar -- have also made it clear there'll be no videos from their #1 album across America, "5150". That Van Halen is now well past 2.5 million copies and streaking to 3. It's the fastest Van Halen album out-of-the-box -- and "1984" was not chopped liver!!

WATCH FOR A SENSATIONAL SCENE in a movie coming out momentarily via George Harrison's Hand Made Films. The movie is called "Water", and stars Michael Caine, Valerie Perrine and Brenda Vaccaro. It's about a fictitious island in the Caribbean and, instead of striking oil, they hit Perrier! According to Lou O'Neill Jr, there is one scene in the movie featuring these superstar musicians rocking out on a song called "Freedom": George Harrison, Eric Clapton, Ray Cooper and Eddy Grant.

CORRECTION: In the April 18 issue of FMOB, we mistakenly identified Jane Pauley as the newsperson who conducted that recent Q&A session with former Beatle, George Harrison, on NBC's "Today" show. In fact, it was Rona Elliot. In addition, George was not live in the studio, but rather the session was on video-tape. Nonetheless, we still say Rona did one of the best jobs of making the former Beatle open up and come out of the reclusive shell that he's been in in recent years. Sorry for the boo-boo, Rona, but it was a great job on your part!!!

THE WHISPERS ARE APPARENTLY TRUE: Aerosmith lead guitarist Joe Perry got together with that controversial New York City rap band, Run DMC, and rendered a rap cover of the Aerosmith classic, "Walk This Way".

DIRT ALERT!

BOSTON-BORN ROCKER Rob Jungklas visited New York last week for a series of press and media interviews with some of the heavy names in the music world. EMI's Bruce Garfield, who signed Jungklas, was asked for some background. According to Bruce, "I decided I was going to sign Rob the first moment I heard his music; he's that kind of an artist. And let me tell you, we were in a heck of a war to get the man, considering Columbia and Elektra/Asylum both wanted him badly."...Rob does not live in Boston any longer, he resides in Memphis now. Before he got his big opportunity, much like Robert Tepper, he was working at a bar in Memphis, the Fantasia Bar & Grill. "My dad was in the Navy," Jungklas said, "so we moved every two years. I think I had lots of influences when I was growing up, but I think it's true to say I was more influenced by songs than by a genre of music. The truth of the matter is, I liked everything - from Tammy Wynette to the Beach Boys. There was really not any kind of music I didn't like." When asked to describe his sound, Jungklas said, "It's straight-ahead rock 'n' roll, with the vocals up - maybe a hard-edge sound to it. I'm very excited about my music, and right now it's the most important thing in my life. I'm not married, but you could say I'm married to rock 'n' roll right now and it's quite enough in itself. We plan to do concerts later this spring, or perhaps into the summer, and I'm very excited about putting a band together and going out on the road." The Quarterback notes that the video to "Boys Town" has been added at MTV and, without question, it is one of the most controversial videos ever shot. Godley & Creme cut it, and there are no fewer than 3,700 separate images compressed into the short space of the tune. It's like nothing else you've ever seen. Jungklas says he's not sure what his next single will be, but it could be "Not Like The Other Boys" or "Make It Mean Something".

THERE WAS A WILD SHOW last week at the Lone Star Cafe in New York and it featured some very interesting names including: HTTly Michaels'; Ellen "Meatloaf" Foley; Tommy Mandel; and, the surprise of the night, Ian "Of Course I Have My Shades On" Hunter, who played a mean guitar. Ian's wife Trudy was spotted cheering from the sidelines.

WILL THEY OR WON'T THEY??? That's the \$64,000 question over at NBC's long-running "Saturday Night Live". Top execs have to make a real tough decision - and have to make it very, very soon. It's no secret that the ratings for "Saturday Night Live" have been less than copacetic, and many expect the show to be cancelled. Yet, a spokesperson at NBC says no decision has been made, and won't be for the next two to three weeks.

THE STONES, IN SUMMARY: Keith and his wife, actress/model Patti Hansen, remain on the Island of Antigua in the Caribbean, with their six-month old daughter Theodora Dupree. Ron Wood and his wife Jo, and their children, remain in New York City. Bill Wyman and Charlie Watts are in Europe doing their thing. And, the man so many people want to know about, Mick Jagger, is said to be working on another solo album for CBS. Just when we thought we had the elusive Rolling Stones pinned down, our sources say the members of the "world's greatest rock 'n' roll band" are ready to rendezvous momentarily in London to film their second video, "One Hit (to The Body)".

CHESLEY MILLIKEN AND CLASSIC MANAGEMENT have announced they will no longer be representing Stevie Ray Vaughan, effective June 1, 1986. During Vaughan's tenure with Milliken and Classic, the young guitarist exploded from the Long Star State bar circuit to the international rock stage and Gold albums. And, speaking of Chesley, the Quarterback understands he's met the lady of his dreams and is set to be married on August 10th in St. Louis. The lucky woman is Alexa James. Way to go Chez!

FMQB UNDERSTANDS that the always-professional Kathyryn Schenker leaves A&M Records after a long stint running the Public Relations Department. Kathy tells us her new company will be located at 20 East 53rd Street, Suite 6C, New York, NY 10022. She can be reached at: 212-371-1181. Word is that she has already landed two rather well-known clients -- Sting and U2 -- and that's sure to make the going easier as she begins her new company. Best wishes to Kathy Schenker as she starts her new career.

STEVIE WONDER jammed on stage at the China Club in Manhattan last week in tribute to rock drummer Steve Ferrone on his birthday. The response was awesome.

CONGRATULATIONS to Island Records and Robert Palmer. It's the first #1 single in his long, colorful and illustrious career, and the company's first #1 record. "Addicted To Love" is out there all across America, and it couldn't have happened to nicer folks. Palmer, who recently kicked off his long-awaited American tour, is taking a short break, but will be back on the road for one-nighters beginning May 14th in Minnesota, Duluth, Minneapolis and Merrittville, TN. The dates are the 14th, 15th and 16th of May.

SECRET STUFF: At one time they shook the rock world to its eyeteeth. But then, the death of a close associate put the entire group to rest. Now the whispers are heating up again, and the stories emanating from London say, yes, something big will happen with one of the "most heavy metal" bands in history -- and it might be this fall!!

2 million units later and you still labor under the illusion that Ozzy is all bark and no bite? We'd go so far as to say he even possesses adult appeal at this point—like when debutantes date dirtball bikers or you hear "Money For Nothing" on Muzak. The guy's a legit cultural phenomenon, and this track's Van Halenesque chorus makes it easy and smart programming.

The Rock Report

THE ROCK REPORT got a chance to hear two tracks from the forthcoming YES album when we were in London last week. The group, who were at SARM Studios, premiered "RHYTHM OF LOVE" and "LOVE WILL FIND A WAY". The band hopes to have the yet-untitled record completed by the end of May, and have already blocked out the month of August for a U.S. tour.

Speaking of YES, vocalist JON ANDERSON has been helping out MIKE OLDFIELD (remember "TUBULAR BELLS"?) on his upcoming album. Anderson lends his vocals to a tune entitled "SHINE".

The first EMERSON, LAKE & POWELL single coming from their self-titled album will be "TOUCH AND GO". The record is due May 19th from PolyGram. Also included on the Lp will be "LAY DOWN YOUR GUNS" and part of an orchestral piece from GUSTAV HOLST's "PLANET SUITE". Look for Emerson, Lake & Powell to hit our shores sometime in August.

The next single to be pulled from PETE TOWNSHEND's "WHITE CITY" album will be "GIVE BLOOD". What makes this track special is the flip-side, which contains two live songs from Townshend's recent Brixton performance with his DEEP END band featuring DAVID GILMOUR. The two songs are from THE WHO catalogue, "WON'T GET FOOLED AGAIN" and "MAGIC BUS". These tunes are only available on the 12".

The ROLLING STONES have been hard at work in England on the second video clip from their "DIRTY WORK" album with director RUSSELL MULCAHY. "ONE HIT TO THE BODY" is the song and the video is said to feature a large costumed cast. Meanwhile, bassist BILL WYMAN has just finished producing a new band called ROME featuring former TUCKY BUZZARD vocalist TERRY TAYLOR. ROME's debut album will be released via Wyman's own Ripple Records in the U.K. and will include the tracks "KEEP YOUR DISTANCE" and "HALF WAY TO NOWHERE", among others. No U.S. deal has been made yet.

"EARTH GIRLS ARE EASY" is the title of the new JULIEN TEMPLE film. The director, who is currently basking in the glory of his first full-length feature film, "ABSOLUTE BEGINNERS", described this new project as an "alien look at Southern California." No casting has been done as yet but, as he did in "Absolute Beginners", Temple hopes to use a mix of musicians and actors to stress the importance of the music. Julien is hoping to get DAVE STEWART to produce the soundtrack.

Despite numerous rumors in the British press, CULTURE CLUB is not splitting up. THE ROCK REPORT spoke to guitarist ROY HAY, who vehemently denied the stories and even went so far as to say that the band will be embarking on a U.S. tour this summer.

JUDAS PRIEST and CBS/FOX Video will release a compilation containing some of the group's best clips. Titled "FUEL FOR LIFE", the 40-minute digital video cassette will include such Priest classics as "ANOTHER THING COMING", "LIVING AFTER MIDNIGHT", "HEADING OUT TO THE HIGHWAY" and their latest effort, "TURBO LOVER", among others. Judas Priest hits the road this week for a five month world tour.

INTERVIEWS

 DIRE STRAITS' Mark Knopfler: "A lot of the best music happens, I think, playing in small rooms and that's probably where I'll go out. I started playing in small rooms, and when I'm ancient, I'll be staggering out of the house with a walking stick and a guitar and saying I'll see you later, dear --I'm just off to play with the boys. And there'll be this place down on the corner, you know? There'll be a bar on the corner and that'll be it. That's probably where I'll fall over."

News From Rock Over London

There is a great deal of speculation in London about the possibility of JEAN MICHEL JARRE staging the largest-ever open air concert outside Buckingham Palace. It is rumoured that PRINCESS DIANA, no less, is interested in the idea of a fireworks and laser spectacular along the same lines as Jarre's Houston show, taking place on the royal doorstep!

The STYLE COUNCIL are releasing their first live album early in May called "HOME AND ABROAD" with 10 tracks recorded at their concerts late last year. They have also produced "SHOWBIZ"--a video of their Wembley concerts last December, which will come out at the same time.

And, THE CURE also have a simultaneous Lp and video release titled "STANDING ON THE BEACH" and "STARING AT THE SEA --THE IMAGES" respectively. They are both greatest hits compilations with the same tracks and the video will include some footage that has never been released before.

First reports seem to suggest that Channel 4's new CHART SHOW, which previews the British network chart on a Friday evening, is boosting record sales. The show, with its all-video and no presenter format, has had mixed reviews but already a 10 per cent increase in sales for the records featured is evident.

The title of PETER GABRIEL's new album is now confirmed. "SO" will be released on May 19 and the follow up single to "SLEDGEHAMMER" is tipped to be that song he recently recorded with long-time associate, KATE BUSH (ROL NEWS 10/4).

IT'S IMMATERIAL, currently number 1 in the ROCK OVER LONDON TOP 5 are busy completing a new album which they hope to call "HORSES HOOVES AND OTHER BEATS"...HIPSWAY have announced their follow-up to "THE HONEYTHIEF", "ASK THE LORD" is a new version of their second single and can be found on the "Hipsway" Lp...STEVE HARLEY is back on his own again with a song called "HEARTBREAK LIKE THUNDER" and...THE WOODENTOPS have a new single "GOOD THING" and plan to release their debut album in mid June.

DIRE STRAITS have released "YOUR LATEST TRICK" from the "BROTHERS IN ARMS" album which is about to reach the 2 million mark in British sales alone. Written by MARK KNOPFLER, this single is bound to be a success, not least because the band are donating all royalties from the sales of the single to London's famous children's hospital on Great Ormond Street.

A tribute to PHIL LYNOTT is released this week by BOBBY TENCH. "I'M STILL IN LOVE WITH YOU" also features BRIAN ROBERTSON (ex-THIN LIZZY) on guitar; BAD COMPANY's SIMON KIRKE on drums; and VAN MORRISON's bassist, MICKEY FEAT.

THE SHADOWS are back on the road again. Their UK tour coincides with the release of their 34th single, "MOONLIGHT SHADOW", which was a hit for MIKE OLDFIELD back in '83. An album "MOONLIGHT SHADOWS" (I think I detect a spot of word association here!) will follow in late May.

And, never one to stay in the shadows, CLIFF RICHARD looks more and more likely to record another old favorite with the YOUNG ONES--Will it be "SUMMER HOLIDAY" or will he be tempted to revamp his number 1 hit of '62-- "THE YOUNG ONES"?

DAVE CHARLES, drummer with LATIN QUARTER, has left the band just as they were about to play a series of concerts around the country! Their original drummer is returning to take the place of Charles who decided he couldn't handle the tour.

And, there's a new number 1 in the British album charts--"STREET LIFE", the compilation of BRYAN FERRY and ROXY MUSIC hits has overtaken "HITS 4". Other welcome new entries are the COCTEAU TWINS "VICTORIALAND", "ON THE BEACH" from CHRIS REA and "IN VISIBLE SILENCE", the instrumental album from THE ART OF NOISE, who recently collaborated with DUANE EDDY to produce that new version of "PETER GUNN".

MIKE OLDFIELD and JOHN ANDERSON get together on this week's ROCK OVER LONDON with a new record called "SHINE"-- it's part of a series of songs linked with video ideas that Mike is currently putting together with various guest vocalists, and it makes a nice change to have two ladies on the show: JOAN ARMATRADING, with her new single from the forthcoming album, and KATE BUSH with her fourth release from "HOUNDS OF LOVE". Then there's a track which you won't find on PETER GABRIEL's new Lp, and LEVEL 42's MARK KING talks about his songs and the band's success. The HISTORY MIX returns this week with a selection of ROXY MUSIC classics--their 5 best selling records, all taken from the new "STREET LIFE" compilation Lp. Our live track comes from OMD playing at London's Hammersmith Odeon last year--and in the Top Five, there are 2 new entries plus a change at number one.

Question Of The Week

With the success of KNAC in Long Beach, who are also making inroads into the L.A. market, and the big retail without radio success of Metallica, Loudness, etc., do you feel the time is right for a re-emergence of the hard rock format? How would you counter-program a KNAC if they came to your town? How do you read the demo spread of such a station?

LEE RANDALL, WLWQ: "That would depend solely on the desired target demography. If the interest is teens in the building stage then that would be a consideration...I don't see it happening nationally because that is not a saleable demographic. It's so vocal it seems a lot bigger than it really is. I wouldn't be concerned about it in Columbus, because we deal with the great melodic hard records and we've seen in the past that the Iron Maiden fan is not loyal to any one station...I'd say 14-19 would about do it."

KEN ANTHONY, KSJO: "It really does depend on the market. In a market situation like Los Angeles where bands like Ratt and Dokken have gained popularity, I would say such a format would work --also in Texas and, maybe, the Midwest. I don't think it would work here. In the San Jose market, KSJO has had some success with formats like that, but the Bay Area overall, is not a real haven for heavy metal. I'd say they're a little more sophisticated than that, not to look down my nose at stations successful with that approach...I'd counter it the same way you counter modern rock or softer rock formats. Just take the best of that genre, and research it carefully - and whatever works for you from those different formats, will work...Demographic appeal? I don't think you can really put something like that in terms of demographics. It's more a psychographic question - you can rock from 12 to 50. Doesn't matter what age you are. If you're into hard rock, you want to listen to it."

AMANDA TEPPER, WPLR: "I don't think so, at least not in our market. The majority of the metal people here are under 22 years of age, and that's tough to sell on the street, and we're in the business of selling commercials. As long as that's true I can't see where we, or any other station, would lean towards metal...I think you could make it work in top 5 markets, maybe they're large enough to support that kind of audience, like your L.A.'s and New Yorks - maybe...Under 22 and predominately male."

KEVIN VARGAS, KWHL: "I don't know if the time is right for a resurgence in the heavy metal format, but this may help prove that good hard rock does have a home on a good radio station. I don't think there is a magical age when people automatically want to stop rockin'. We play a pretty good dose of heavy rock and roll, but it is important to remember that every song and every artist is a case by case situation, unless you're going to go all the way and just kick ass. We could just be seeing the start of a reversal of the trend. Recently it was 'let's go for the upper demos and be careful not to turn them off', now it's 'let's not forget our lower demos and blow them away'."

RON SORENSON, KBLE: "...God, I hope not...Easily...With no great difficulty."

GLENN STEWART, WHJY: "The re-emergence of hard rock? It never left WHJY...Although we are continually evolving the radio station, we refuse to keep away from the heavier rock that other New England stations avoid like Soviet nuclear clouds. Not only will we jump on harder tracks that sound right, we still keep the Dios and Krokuses and Rainbows in the system. The more hard-core, less mainstream rock we will gladly play on our two-hour 'Metal Zone' show on Sunday nights. Metal will never die and there will always be an audience for it. The proof is in the fact that we have had these inter-industry discussions about it several times before. Some stations can play it and some can't. We can and do."

RICK CARROLL, KROQ: "I don't see hard rock re-emerging as a format, if you define format in terms of its ability to make money for a broadcast company. Hard rock will simply not produce enough revenue because it appeals strictly to 12-24 males. It is a tremendous threat to a KLOS or a KMET in that they lose some of their hipness to a KNAC. This station is a trend-setting word-of-mouth radio station. The real danger, however, is that it deprives KMET and KLOS of bringing in new blood. With KNAC dominating 12-24 males, the potential for new listeners for KMET and KLOS is limited. The task for those stations then becomes the maintenance of the 25+ audience that they already have, because 25-49s spend less time listening to the radio as they grow older. One problem with 25+ radio is getting people to listen for long periods of time. Traditional AOR in this market is not worth more than a 3.0 share for each station (KMET, KLOS), with about a 2.5 for KNAC."

RAD MASSICK, WDIZ: "I don't think it's going to resurge as a format, although there are certain parts of the country that can support that approach because of population and varied taste. In the Los Angeles market you have the new music/CHR approach with KROQ, two mainstream AORs that use mainstream metal--and now an all metal station. There's obviously enough people to support all those stations...I don't see metal being any more viable then it has ever been. Good metal songs are always useful and they can fit on any mainstream AOR format, even better, of course, if it's crossover metal...I definitely don't think we'll see a reoccurrence of the kind of situation programmers shocked themselves into two years ago. Demographically, I would say it would have to be male/teen based, with pretty strong 18-24 men--and probably no top end."

WALLY WALKER, KQRS: "I don't think it would work, at least not in our market. The majority of the metal people here are under 22 years of age and that's tough to sell on the street, and we're in the business of selling commercials. As long as that's true, I can't see where we or any other station would lean metal...I think you could make a go of it in Top 5 markets, maybe they're large enough to support that kind of audience. Maybe, if you could sell an audience under 22 and predominantly male."

CHRIS MILLER, KRQR: "I don't see a re-emergence. For a while, AOR radio went overboard in an effort to find the niche in an occasionally overcrowded market. This one was a good example. We had four AOR's in the city and three more signals coming from San Jose and Sacramento. Because of that, defining the radio station became more of a function of what type of music we played--more so than in the relatively uncrowded situation we have right now. Then KRQR, KSJO and KOME could rock much harder than we do currently and do well. Now with the changing marketplace, with only 2 AOR outlets here (plus the South Bay), we can't narrowcast nearly as much. From a financial standpoint, this format has historically appealed to 16-22 year old males, a big turn off for the agencies and a big problem for sales managers. If someone here started rocking extra hard, we would continue on our present course of dealing with things on a record-by-record basis. To play or not play something because it is 'heavy metal' is bad radio."

BOB BAILEY, WKLS: "On a national basis, no. I think it's the sort of thing that will be limited to the very major markets because it is a highly specialized format. I don't think the 12+ numbers are ever going to be competitive with more mainstream AOR--but the 12-24 could be quite strong...It's hard to say how it would work in Atlanta. I've never seen any hard facts on how much actual audience there is available for a hard format. As a general rule, we have not done as well when we have been harder as opposed to more pop. We are the only AOR format in town, and we are trying within limits to be all things to all people with pop/CHR competitors. If a metal format were to come into town, I think they could expect a fairly minimal share, but I do think they could show. It would, obviously, depend on their programming goals as to whether the share they could get would be salable."

QUESTION CONTINUED

MARK CHERNOFF, WNEU: "Obviously there's a place for metal and hard rock, but it's not mass appeal enough to warrant a format in New York City."

GREG MULL, WXRC: "Yes, absolutely the time is right for the operator that's ready to bite the bullet and take nothing but male 12-24 numbers. In select markets the format could be so strong with that demo that the station could do well, 12+. The problem is advertisers generally aren't interested in that demo...Even in Charlotte the base for metal is very strong (for example acts that get no radio airplay will sell out the 10,000 seater coliseum - Ted Nugent and Aerosmith, Ozzy Osbourne and Metallica); but if you cater exclusively to the metal crowd, you're going to end up with an audience of toothless earthdogs-- an audience that's a tough one to sell."

BOB BITTENS, WHCN: "There is a huge untapped audience for hard rock on the radio. If some smart person comes along and disregards the obvious drawbacks of hard rock's appeal to young demographics, they could find themselves starting something with a great deal of potential for future growth. One side note on the subject: we may see this format as a saviour of a lot of AM stations that are now getting overgrown by weeds. Hard rock could do for AM what progressive did for FM fifteen years ago."

DON BERNS, CFNY: "As long as there are pimply-faced adolescent boys and their girlfriends who will go anywhere with them and listen to anything they listen to, there will be a market for metal radio...The retarded development of some of these boys will lead to 18-24 numbers but by that time the girls will have either gone crazy or dumped them and will have moved onto something more sophisticated...As far as how we could counter-program a KNAC type station, we'd continue to do exactly as we're doing because nobody listening to a metal station would have even the vaguest interest in what we're playing."

MARK DEVINE, WRKI: "I think there will always be retail on heavy metal product because it's a very active segment of the audience, those rebellious youngsters. I don't think the re-emergence of metal is an accurate term. Re-emergence of metal airplay is another thing. That could happen at any time depending on what record comes out...If a station popped up around here that specialized in metal, we would most likely continue to program metal the way we always have - very carefully."

PAUL SHUGRUE, WRXL: "It is a viable format - but I think it's limited in who it appeals to, mainly teens...As far as counter-programming goes, we are already steering away from that demographic, so there wouldn't be much of a need for us to change to counter program."

GREG GILLISPIE, WOVE: "I think that we've been anticipating a split in the AOR format for quite some time. Certainly Los Angeles is a big enough market to support several specialized and narrowly targeted radio stations and I'm sure many of the other large markets across the country could do the same. A station of this sort will undoubtedly have a very narrow and well-defined listenership. I'm not sure how saleable it would be, since most advertising agencies are looking for stations that score well in the 'money demo'. I have no doubt that a format of this nature could affect record sales - after all, there are very few outlets for the metalheads to turn to to get exposed to their form of music...As far as programming against it, I probably would not do anything different than I'm doing right now, meaning I've tried my best to make this station an all-around great AOR. We attempt to play the best of everything that's rock and roll and that does include a few great metal tracks like 'You've Got Another Thing Comin', but I would not increase the amount of metal that I play as a blocking maneuver. The people who are going to listen to a heavy metal station will do so religiously although their listening length may not be too long because the format can be very fatiguing to listen to."

TOM SCHEPPKE, KISS: "There has always been an audience for heavy metal music, but nobody wants to program to that audience. They either are afraid to, for fear of blowing their older demos, or they just can't relate to the genre. In this market we had another station trying to outrock us, and for a while, it seemed like it was noisier and heavier than thou. But it comes down to one thing - quality radio, no matter what or who you're programming to, quality will win."

DAVE LANGE, WLAJ: "First of all, I think it's only going to work in your major cities. The advantage of KNAC is that Sunset Strip is Hardrock City, and I'm sure that scene helps the image of the station. Also, there is enough radio business that if you dominate 18-24 you can make a nice profit. And, the sampling is probably large enough that 18-24's show up on a consistent level in that book. In a lot of your smaller cities, until the 18-24 sample is fixed, you could end up with one great book and one book in the dumper...As far as our situation is concerned, we still play Hear 'N Aid, Judas Priest, Ted Nugent, Krokus, etc. in dayparted situations, and they don't seem to adversely affect our upper demographics."

RICK VAN GIL, WIOT: "First of all, I think the demos are very low. Initially, the station will have ratings, but in the long haul it's a short term Band-aid patch up for format. It's like Billy Martin managing your ball club. He'll do good the first year, but after that, all hell breaks loose."

JOHN BEAULIEU, WTUE: "Being at the other realm of rock radio, it obviously wouldn't work for us. I don't think heavy metal has really ever been outdated, but there has been less emphasis in the past years. Watching response from Hear 'N Aid with stations like KNAC and KISS in San Antonio, metal has really never lost its potency. When it comes down to it, in certain demos, metal is most effective when shooting for the 18 to 24 demos. Being the only rock station in the market, we would have the advantage of playing metal at whatever capacity we feel necessary. More consideration towards it would have to be taken if you were one of two or three rock stations in a market."

STEVE BECKER, WKFM: "I don't believe that the heavy metal fans have ever gone away from AOR radio. Depending on the market, if there has been a faction wanting heavy metal, obviously they have been playing to their needs all along. So I don't see a resurgence of heavy metal as the new AOR format."

INESSA YORK, KGON: "I think it's more accurate to say that a lot of people would like to have a re-emergence of the format, both within the business and on the outside as well. But I still believe that listenerwise the group is small...I don't think we'd do anything differently than we're doing right now...12 to 24?"

KAREN ANDERSEN SMALL, WGIR: "Daypart the heavy metal heavy music very heavily in the night-time...Very narrow. Probably between 15 to 20 with a smattering of 20 to 24 but basically younger males."

WARREN WILLIAMS, KSRR: "I think you have to take it on a town by town basis, and it's impossible to say whether it works everywhere. For Houston, I'm not sure the timing is right at this particular point. There is a very heated battle going on among all the contemporary stations and there is a lot of good music to choose from in terms of tempo or genre, so to focus in on only hard rock would be too narrow...Demographically, I don't see it going much beyond 22 for the core - and that may be pushing it."

ROB ELLIS, WKQQ: "Please God, I hope so...Counter program with a lot of mainstream nonoffensive artists without being too lame. Examples: Springsteen, Mellencamp, the classic Who, Stones, etc...Probably pretty young 18 to 24 predominately males...I think a high energy station like that can be a lot of fun, but it would scare the hell out of a lot of people in Lexington."

AMY DAHLMAN, WAQX: "95X has dealt with all significant rock artists, metal or otherwise, throughout our history, so for us it's not a question of bringing back metal. WAQX has prided itself on meeting the demands of our listening audience and, therefore, not leaving open a window of vulnerability for a station like KNAC or any other to come into the area."

NEXT WEEK'S QUESTION: If you weren't in radio, what would you be doing?--Suggested by
Karen Andersen Small, WGIR

Radio Action

KRQR, SAN FRANCISCO, CA P.D.-CHRIS MILLER: "Our only add this week was Lou Reed (plus the obvious conversion on GTR and Moody Blues). I think it's Lou's best to date! Calls after a day confirm...I agree the GTR is what Asia should've done two albums ago. Early response has been excellent with all kinds of calls after their interview here...Had a nice visit with Rob Jungklas today. He's a great guy and we're already seeing a few nibbles on the record...Speaking of nibbles, hope Jamie Lee Curtis shows up at the Journey party tonight as word around town has it!...Upped the Moody Blues this week, based on single response and early album retail... Joe Jackson continues to sell really well...Great record from Peter Gabriel--but no calls yet. Excellent album--we can't wait! The only Lp I've heard that I like more is the upcoming Genesis...Considering: The Fixx."

WKLS, ATLANTA, GA M.D.-BOB BAILEY: "I'll be real interested to see how the Gabriel goes over! It's a great song but formatically it's about as far left of center as anything we've ever played...We just added the Joe Jackson. I like the song. Don't think it's 'Steppin' Out', but still a good solid tune. To me, Joe Jackson is kind of analogous to Talking Heads--left of the mainstream but with enough audience that it's a valid piece of music for the station...I like several songs on the 38 Special, but for now we're running with the single and 'Somebody Like You'...Encouraging, but not overwhelming reaction to the Rob Jungklas. That record to me is the Hooters of 86...Also seeing decent early response to the Models. Jury's still out though...Best early phones on Judas Priest; Models; Van Halen 'Best Of Both Worlds'; still Seger 'Fortunate Son', and getting a few on INXS."

WLUP, CHICAGO, IL M.D.-BILL EVANS: "Wild Blue is a local band that we connected with back in the days when we were heavily involved with Chicagofest. They were called Jinx and we had them do the Rock Dock every year we were out there. We are familiar with their work and believe they deserve a hot...Also, went with Art Of Noise. We're approaching this from a novelty angle. Could be a short run--could last forever. We'll let the listeners make up their minds. We have had great reaction every time we play the Duane Eddy original...The Gabriel is going through the roof--excellent calls. I think 'Big Time' on side 2 of the Lp will be a big dance hit...Getting good reaction to Lou Reed's 'No Money Down'--and the album is good enough for us to consider other tunes too. 'The Original Rapper' and 'Mama's Got A Lover' are a couple of my favorites...Very strong comeback record from the Moodies. Using the title track and the 12". Reaction to them is good--looking forward to the tour...Getting fairly good reaction to the Icehouse after only a couple of weeks. The Bowie-esque style is real strong. In fact, Bowie would be a lot better off if this one had been on his last record."

WRUF, GAINESVILLE, FL M.D.-VIRGIL THOMPSON: "This is it for me from Rock 104! When this gets printed, I will be at my new station WIXV in Savannah, GA. I've seen this station go through some great changes since I first came here: The raising of the tower-- the installation of a statewide toll free telephone line--a computerized music log--and a CD library that has grown to over 250 titles! There are many people that make this station a great one, and I owe something to each one of them for making my time at Rock 104 a very enjoyable experience. I'd especially like to thank our P.D.-Harry Guscott, for allowing me to be part of the team and giving me the opportunity to perform. It's not very often that a person gets the chance to work at a 100,000 watt commercial AOR while still in college, and I consider myself very fortunate to have been a part of Rock 104. Replacing me is Rick Richards. He'll be ready to talk anytime after 3:00PM. At WIXV, my airshift will be 10:00AM-3:00PM so I'll be ready to talk after 3:00PM also!...Until next week, or maybe the week after!"

KRKE, ALBUQUERQUE, NM M.D.-JESSIE BRICE: "Are we still talking about how great the Gabriel is? 'Sledgehammer' is one of the most sophisticated and generic records recently...The GTR is really starting to take off phonewise, and we're also using 'The Hunter'...The Moody Blues' title track has simply got to be their best effort in a long time...Don't miss listening to Bruce Hornsby And The Range. Something about this record makes you want to listen again and again...Thanks to A&M for the 12" CD track, and to the many record people with their help in finding and getting that great old rock 'n roll for us!"

KLFX, TUCSON, AZ M.D.-MARGIE RYE: "Greetings and salutations from Tucson. First, to dispell any rumors as to my P.D.'s health -- 'no', Arin isn't in the hospital -- 'no' she hasn't had anything removed -- 'yes' she is fine now and feeling much better...Let's talk tunes: The onslaught of great new vinyl hasn't stopped and there's no end in sight! We absolutely l-o-v-e the new Moody Blues. Best stuff from them in years.... 38 Special has a smokin' album. 'One In A Million' gives us goosebumps and 'Hearts On Fire' is a wonderful rocker...And, since I do have to 'get up' in the morning, I do it to the Fabulous Thunderbirds 'Why Get Up' and Kip Addotta (any of 'em)...Happy rockin'. ... P.S.: I still think the new GTR sounds like what Styx should've sounded like."

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "If you're suffering from the audio blurr of auditioning too many albums that sound like they came off the same assembly line, this Peter Gabriel record is going to be the perfect Rx. Challenging, distinctive, and full of the brilliance of a true artist. 'That Voice Again' is guaranteed a place in our rotation! And whether or not you can give it airtime, don't miss 'Don't Give Up'-- the duet with Kate Bush. It is simply stunning...38 Special's signature sound is in fine form on their new one. 'Somebody Like You' gets added this week, as does 'Hearts On Fire', the Lp's best out and out rocker...Talk about rockers, we have to bolt down the furniture everytime John Eddie hits the air...And The Models' tune makes me wish I had a convertible instead of just a sunroof...Even though a little more kick and a little less polish on the Howard Jones remix would have been welcome, it's still too much of a killer for us to ignore--and with adequate reinforcement, it is working beautifully!...We'll host the second tour date for GTR and anticipation among listeners and staff is already rampant...Is anybody else out there driven crazy by CBS's lack of uniform sized inner sleeves?...Or how about Polygram's failure to put times anywhere on the Moody Blues' album?"

KILO, COLORADO SPRINGS M.D.-ALAN WHITE: "Many thanks to Geoffrey Schulman and Sean Coakley of Arista for extending the invitation to the GTR listening party in LA. It was a pleasure meeting 'the Steves' in person and it's wonderful to see the commitment that Arista has made to this great band. I'm certain it will come home...While I was in LA I saw Robert Palmer, who put on a terrific show at the Liberty. Also thanks to Jim Davenport and Rick Totolan for dinner with Rob Jungklas, Pay attention to this up and coming singer/songwriter. He's gonna make it...While I'm dropping names, Kevin Sutter of Chrysalis brought in their new people, Roger Mayer and Geina Horton, to say hi. KILO extends a warm welcome to both...KILO retail this week: Van Halen leads, followed by Bob Seger, Jackson Browne, Journey debuts at 4, and Judas Priest is at 5."

KZEL, EUGENE, OR M.D.-VINCE MERTZ: "Final words before the radioactive cloud settles, no more nukes."

WPLR, NEW HAVEN, CT M.D.-AMANDA TEPPER: "I'm glad the new Glen Burtnick single is 'Crank It Up' because it's more representative of the way he sounds live, and it's a great tune. I believe in this guy...Wait til you hear the Sting/Beck tune on the 'Live For Life' Lp. What a treat! Well, Ozzy didn't show up at Michael Caplan's house for Seder, but I did. Now I'm the only radio person who has read the four questions to an Epic man. Sheila, his mom, is a great cook, and Michael looks real cute in a Yarmulke. Then it was off to a sold out Ozzy Osbourne show -- a big success and getting on stage to introduce him was a real trip...ZZ Top put on a hell of a performance, playing three sold out nights up in Hartford. (One of the best concerts I've seen since Bruce.) Thanks to Debbie DiTullio and Al Perry for the tickets and backstage accommodations."

WRXL, RICHMOND, VA M.D.-PAUL SHUGRUE: "XL102 debuted our latest vehicle this weekend at the Walk America-- it's a Winabago equipped with a full broadcast studio, VCR and monitor and Pepsi dispenser on the side. It's the mobile home of rock and roll! We also call it the video van because of its video capabilities. So, this week I won't bitch about CD's if we can get videos! videos! videos!. Please send them!"

KBER, SALT LAKE CITY, UTAH M.D.-BOB ROMAN: "Let us all applaud GTR. These guys have definitely paid their dues and they deserve the success they're now going to receive. Beyond the single, 'Jekyll And Hyde' sounds excellent. The phones are still strong...If you passed up 'Pretty In Pink' until now get on the bandwagon. The album is obviously selling great and we think 'Left Of Center' is a perfect upper demo record...Gabriel's 'Sledgehammer' is getting instant phone response as is Hear 'N Aid. If Hear 'N Aid gets another strong week, it will become our new Most Requested record."

WRCN, LONG ISLAND, NY P.D.-LENNY BLOCH: "Long Island's concert leader is celebrating a rock and roll week that takes care of everybody. Ozzy last night, Hot Tuna Saturday, and The Alarm on Sunday. Thanks to Michael Plen of I.R.S. for the cool 'Alarm' clocks...Kenny Loggins is without a doubt an across-the-board smash...The Irresistible Howard Jones and 'No One Is To Blame' gets its well deserved spot...You've still got some time before CHR takes hold...ZZ Top shuns Long Island for five Jersey dates. First the Giants, then the Jets and now ZZ. I can't sleep...Stay electric."

WAAF, WORCESTER/BOSTON, MA M.D.-RUSS MOTTLA: "The Boston Arbitron is out and I'd like to quote a few numbers for those of you who still say WAAF is not a Boston radio station. Overall in the 12+ beauty contest we're tied for #10 with a 3.3. In the rock and roll demographics: men 18-24, WAAF ranks #1 in all dayparts everyday of the week! We've increased our cume another 37,000 bodies and from 7 P.M. til midnight, Monday thru Friday, WAAF is the #1 Boston radio station, 18-49 males. While everyone else is reacting to a changing marketplace, WAAF continues to serve Boston's rockers...On the record front, Lou Reed's 'No Money Down' is proving to be the second coming of sweet Lou. Top 5 requests and sounds great next to all the superstar product...We're giving away another Porsche and asking listeners to suggest key songs. After almost 500 entries (non duplicated) from our listeners asking for 'Rain' by the Cult, we decided to give it to them as an add on WAAF."

WXRC, CHARLOTTE, NC P.D.-GREG MULL: "The Call's 'Everywhere I Go' is the best track on the Lp to pick for the first single and we're glad that Elektra did just that. AOR needs to break this record before CHR does. 'I Still Believe' is still pulling phones, and the momentum is strong for a 2nd track...I feel Bruce Hornsby has an all-format smash on his hands with 'Every Little Kiss'. Although on first listen it sounds a little formulaic, listen closely and you'll hear that what you thought was formulaic takes off in a completely different direction...We love John Eddie's 'Jungle Boy' and are playing it in a test rotation. We'll let you know as soon as we get a feel for how it's going over in Charlotte."

WKLC, CHARLESTON/HUNTINGTON, WV P.D.-TOM SMITH: "The Journey album debuted at #2 retail right behind Van Halen, and there's not a cut on the Journey Lp that we couldn't play on the radio. Real strong requests, too. I feel very confident about the state of AOR with such strong superstar albums but all at one time. I can't recall the format for having such a strong positioning strength in the past five or so years...Robert Palmer's 'Hyperactive' is a natural after the chart topping performance of 'Addicted To Love', plus that song was always fun mispronouncing on the air...The Moody Blues title track is a very strong follow-up to the single, and the Moodies are perfect for the 25+ crowd...Many curiosity calls for GTR due to Steve Howe's presence. A few wondered if it was part of the old Styx (the vocals sure sound familiar to me)...Very high expectations for Peter Gabriel...The Models 'Out Of Mind' is a powerful and fun song that could go the distance on two formats."

WLVO, COLUMBUS, OH M.D.-LEE RANDALL: "This week our sales picture is extremely competitive. Van Halen remains #1, Robert Palmer #2, Journey's entry at #3 seems to be a destination to #1, Heart and the Rolling Stones vying for the top spot...Our success stories with the top 20: Honeymoon Suite, Jackson Brown, INXS at 13, and we're jamming that right out of the sleeve - not a rehash of 'Footloose', no, no...Peter Frampton deserves another track with the undoubted talent of the fine musicians on the album. And sure, it's on side 2, you have to find it."

WIII, BALTIMORE, MD M.D.-CHRIS EMYR: "This week we're taking a ride with Rubber Rodeo (batteries not included), Models and Giuffria (check out Mink DeVille's original on their last album). Greg Giuffria must be the Rich Little of rock. Last time around he did a great Steve Perry, this time it's Willie DeVille. It's a hit...Seger's 'Like A Rock' has all the potential of being his biggest hit yet... Can't get enough of Peter Gabriel."

KGON, PORTLAND, OR M.D.-INESSA YORK: "The most progress this week happened with GTR. When I saw the super conglomerate coming I thought, oh no, but GTR apparently is more than earning its keep. A direct quote from the phones sums it up, 'GTR is kick ass'. Enuff said."

CILQ, TORONTO, CN M.D.-ANDY FROST: "Glass Tiger performed strength OTB for us here. Immediate phone response to the first Canadian single 'Don't Forget Me'; and when the Lp was released a few weeks later, it went berserk at retail, eventually going platinum. The Lp had one of the highest debuts on our chart so far in '86, and obviously the rest of Canada has caught on. All this in under two months."

MCA RECORDS

KISS, SAN ANTONIO, TX M.D.-TOM SCHEPPKE: "The new 38 Special Lp is good stuff. These guys are tops at making great radio music. 'Like No Other Night' moves to power and we'll start with 'Somebody Like You' from the Lp... Here's a tip: If you're not playing 'All The Love In The World', the latest from the Outfield, maybe you should start. The Lp, 'Play Deep', has been a constant seller, being Top 20 for about three months and we're still getting heavy requests for the first two tracks. Ah, the sweet smell of success...Finally, don't let their name scare you. The new Loudness record, 'Let It Go', is great. Take it from one who knows. Confucious say: sound like good roudness, not noiseness."

KSJO, SAN JOSE, CA M.D.-KEN ANTHONY: "Many thanks to the fine folks at the A Team for an enjoyable dinner with Steve Hackett and Steve Howe of GTR. The new album lives up to all the pre-release hype. This is classy rock and roll with all the elements of a solid working band led by two of the absolute finest guitar players around...Finally, in my 'band-to-watch-for' category, I'm really knocked out by the debut album by Bruce Hornsby And The Range. The last time I felt this way about a band was exactly a year ago with Mr. Mister. If radio would take the time to check out this project, they'd find a refreshingly beautiful album. There is something on this record for literally every radio format. Wouldn't it be nice if AOR beat everyone else to the punch? Check out 'On The Western Skyline', 'Every Little Kiss' and 'Down The Road Tonight', the latter produced by Huey Lewis, with his obvious influences. Bruce Hornsby has a great voice and writes very strong songs about love and life. He's also an accomplished keyboardist. Take a bit of The Band, add some Dire Straits and Eagles and throw in Huey Lewis for spice and you've got a great new American band--Bruce Hornsby And The Range."

KOME, SAN JOSE, CA M.D.-CANDI CHAMBERLAIN: "And so it is this time of year--brilliant sunshine; staring out the window like a space case; the scent of roses in the air; and, of course, being bitten by a dead bee. My favorite part. Yuk Yuk. But alas, I digress...We are absolutely knocked out by the remixed version of BOC's 'Perfect Water'. Loved it from the very start. The new version is an incredible improvement on something that was already outstanding...38 Special has given us some nice surprises in the 'Strength In Numbers' Lp. 'Hearts On Fire' sounds like somebody got a jump start on spring fever...Lou Reed is back!! Good solid track in 'No Money Down'. The inimitable Lou style, with a couple of nice twists."

WBCN, BOSTON, MA ASST. P.D./M.D.-BOB KRANES: "Well, if we all survive a nuclear fallout, we will be able to play records next week...I would like to backtrack a bit and report on some records that are really doing well. Wax has been showing upward movement since it went on...The Models continue to impress. It looks as though we have a hit on our hands...Rubber Rodeo continues to attract phones...The Art Of Noise is clicking in...On the new front: Rob Jungklas 'Boystown' is a winner. His talents are immense, his background, coming from Memphis Tennessee, is outstanding...One of my faves from last year, Jane Siberry, has released her second album, and, boy, am I impressed. To use the phrase 'an artist's artist' is most definitely fitting. 'One More Color' starts off a classy record and takes you on a musical journey that boggles the mind...As I have said before, Cactus World News is the band to watch. 'Years Past' is just one of many songs that the band has. All I can say is 'Don't get caught short, check out Cactus World News.'"

WHCN, HARTFORD, CT ASST. P.D.-BOB BITTENS: "Joe Jackson is performing very well. We're seeing top 10 sales, top 5 phones, and a great deal of interest in a potential tour...The Models 'Out Of Mind' jumps out on the radio. I'm sure it's a little early in the life of that record on WHCN, but I have no doubt that continued airplay will meet with increased interest...Also killer reaction to Peter Gabriel. #2 Most Requested this week with calls coming from a broad range of demos."

CFNY, TORONTO, CN ASST. P.D./M.D.-DON BERNS: "So, there I was last Friday night dancing my overabundant ass off at the third of three sold-out Level 42 concerts, and wondering why this fine band had never toured North America before. After all, they've been together for nearly 7 years and have put out some 6 Lps. Maybe it's because they were perfecting their craft back home in England! If that's the case, their strategy has paid off in spades! Believe me--the wait was worth it! Those of you who read these comments every week know already that I'm a diehard Level 42 fan. Now that I've seen them live, it only reinforces my opinion. It's not even a case of being super tight, or having good lights and sound. You expect that from professional bands, and, in most cases, you get it. What you get as a bonus from Level 42 is superb musicianship and, of course, those great songs you can sing and dance along to. What you also get is Mark King, who just happens to be one of the world's best bass players and proves it in concert hands down. I won't say that Toronto was hungry for this band's first appearance here, but the audience was up and dancing at the first note of the first song, applauded at the intros to almost every tune, and sang along with a gusto not seen since last summer's Howard Jones' extravaganza! The moral to the story is: See this astounding performance! P.S.: Thanks to the band for stopping by our CN tower studio to draw the grand prize of our 'World Machine' contest. 'Congrats' to Larry 'The Duck' Dunn on your promotion. Wait until you try to actually do both jobs at once. I'll be waiting for you in the Funny Farm!...This week's super hot Import adds: The Cure 'Boys Don't Cry' (Re-mix); Pete Willie (wah) 'Sinful'; and Joan Armatrading 'Kind Words' (this one could break her wide open)!"

WCCC, HARTFORD, CT M.D.-HARV ALLEN: "Our Birch Quarterly arrived yesterday and I am very proud to announce we are #1 men 18-34 and men 25-49, #2 men 18-49 and 25-54 and adults 18-34. Plus our morning shows go 4.4 to 8 (12+) and afternoon crept up to a 7.8 (12+), evenings go 10.9 to 14.4 (12+)...Here in southern New England Aerosmith 'Live' gets strong sales and phones...After strong showings with 'Strength' and 'Spirit Of Love', the Alarm 'Absolute' gets our support...The Fabulous Thunderbirds have the #8 Lp locally and 'Wrap It Up' hits the airwaves for success #2 in Hartford...We look for Rob Jungklas to garner excitement. This guy may very well be with us for a long time to come...Journey Lp debuted at #5 with Top Requests."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "Oops! Missed the reporting deadline! Here's what we added this week: Howard Jones; Kenny Loggins; Models; and the second from 38 Special...Biggest calls still belong to Peter Gabriel; Van Halen; and good calls building for GTR; Moody Blues and Giuffria...And, we're all getting ready and by the time you read this we will have had our 17th anniversary concert with Aerosmith!"

WLIR, LONG ISLAND, NY ASST. P.D./M.D.-LARRY "THE DUCK" DUNN: "Screamer-of-the-week: Peter Gabriel 'Sledgehammer'! Probably the best screamer-to-date in 1986! All demos have united behind Peter in the voting for screamer. I also have to tell you, I do a weekly club promotion and the dance floor has reacted strongly. I can't wait for the remix, Marko...Another big 5 request comes from the Bangles 'If She Knew What She Wants'. Don't you love how the girls take a great song and bangleizeit?!...I agree with Bill on the Machinations single. 1986 has become a big year for Australian bands and Machinations should be put high on the list with INXS. Funky, funky, funky, but chic! If you're looking for a little different spice on the Machinations Lp, check out 'You've Got Me Going Again'...By the way, if you're not on the Blow Monkeys, 'Digging Your Scence'--reconsider it! It's a Top 5 request here...Thanks to Stiv Bator of Lords Of The New Church for phoning in. Half way through the phoner, MTV's Martha Quinn grabbed the phone and said she and Stiv are happy and all's well. Bravo, Martha!"

WBRU, PROVIDENCE, RI M.D.-ALISON STEWART: "Peter Gabriel makes his move, 7 days, one week, one hundred 68 hours later he's moved to #2 phones! Mr. Gabriel proves to be the talent that WBRU has always had faith in! He's the artist he wants to be...Art Of Noise is genius. The 'Peter Gunn' theme has that wild, wacky novelty feel with the quality guitar of Duane Eddy...The tripler threat comes from Rhode Island's Rubber Rodeo. Don't ignore this band! 'Souvenir' is a gem...Thank you to Joe Ianello for Knicks tix and Georgio Skaubitis and his line of Spring sportswear for ZZ Top tickets!"

WDIZ, ORLANDO, FL P.D.-RAD MESSICK: "I'm excited to hear the 38 Special Lp is consistent overall. Looks to me like the record could be around for a good 8 months or so. I think the songwriting combo of Jim Vallance; Don Barnes and Donnie Van Zant has definitely come up with a winner and I'm proud to say they're from Florida. We saw top 5 phones within 3 days of play, and I also think the promotional CD concept is nice, but could create some problems in the future. What if they start releasing singles on CD's like they do 12"s? Why take advantage of such a great format form for just one track?...Off the soap box and on to GRT! Pretty good depth with 'Jekyll And Hyde' and 'The Hunter' to follow up the single. We're considering both for future play... Peter Gabriel's 'Sledgehammer' is definitely growing here. I hear Martha And The Vandellas meet Phil Collins meet Steve Winwood. The man is always two steps ahead!...Golden Earring continues to amaze me everytime I hear it on the radio. The hooks are some of the strongest they've ever written. If 'Twilight Zone' worked for you--why not consider this their follow up song?...Starting to get phones on Hear 'N Aid--The original concept of 12 bar guitar solos replacing vocals struck me as weird at first, but it's now growing on me--even though it sounds like 'Rainbow In The Dark Part 17'!...Getting some calls for the Journey Lp. 'Suzanne' is starting to surface here as the single tapers off, and the Lp trax kick in...Interesting collaboration with Sting and Jeff Beck on 'Live For Life'. That's definitely up for consideration...I was pleasantly surprised by The Fixx...Personal at home turntable fave: Lyle Mays."

WLAV-FM, GRAND RAPIDS, MI P.D.-DAVE LANGE: "Initial reaction to GTR is strong. Next tracks up: 'Imagination' and 'Jekyll And Hyde'. The Tears For Fears remix is doing very well on-the-air. Almost wish the remix was on the CD, and I suspect it will cross over nicely...The Joe Jackson is generating good phones and it's a solid upper demo record. There are more things that we'll probably use--such as (last track on side 1)...Icehouse sounds very good on-the-air and I think this album also has a lot to it. In our market, with Genesis being a staple here, the similarity of this music is cutting through...Added another Frampton track from what I think is his best album since Frampton's Camel 'All Eyes On You'. Lp sales are fair here...Two Seger trax are hiding on this Lp, 'The Ring' and 'Aftermath'. 'The Ring' is classic female appeal Seger, and 'Aftermath' is good and upbeat...Instant great reaction to Gabriel. Can't wait to hear the rest of the album!"

WKFM, FULTON/SYRACUSE, NY P.D.-STEVE BECKER: "Boy, there's a lot of good music out there!...We added two more albums: 38 Special and GTR, where there's a bevy of tracks to choose from. Southern rock has come a long way from the days of Skynyrd and Charlie Daniels waving the rebel flag! 38 Special continues a tradition of the south, but with an 80's formula that spells h-i-t. 'Somebody Like You' is strong support to the single...And you can't go wrong with GTR. Phones have been hot for the single, so we'll give them more with 'Jekyll And Hyde'...Plus, we'll give a shot to the Models -- 'Out Of Mind Out Of Sight' -- It has the potential to go far!"

WFXR, CHARLESTON, SC M.D.-R. G. JONES: "Certainly it's been a hot week! The Peter Gabriel, unquestionably, has got a handle with a s-m-a-s-h...Now, with the new Journey album here, it looks like you can just put the needle anywhere on the record!...Jon Erdahl played Icehouse on 'Smash Or Trash' and for the first time ever, received 100% positive feedback and also great female response...Many thanks to Atlantic for a call that just came in today from Marilyn Martin. She called us just before she was heading to Louisville for the Kentucky Derby!...And speaking of Derbytown--To my friends at WQMF, I wanna know if the spirit of rock 'n roll Jones was a win, place or show in the horseless derby?!"

WKDF, NASHVILLE, TN M.D.-DAVID HALL: "It's time for a rock 'n roll horror story! The Bangles rolled in for a KDF sponsored show early this month. We heavily promoted the show and an in-store appearance. We played 'Manic Monday' and 'Walk Like An Egyptian' when lots of AOR's wouldn't touch them with a ten foot pole. We were getting requests and selling Lps. Our afternoon air personality, Patty Murray, was asked to come down and introduce the show. After changing and rearranging her schedule, Patty went down and was then denied access backstage, and was not allowed an introduction by The Bangles' road manager, who was then heard bragging 'I've pissed off bigger radio stations than this one!' That's OK, pal, keep shitting on your dinner plate and let's see how long you get to eat. It's all too bad, because we like The Bangles--but, you won't be hearing them here anymore! One wonders just how quickly this guy is tearing down, city by city, what it has taken the band and Columbia Records years of groundwork to build????!!!...The musical offerings were rather lackluster this week, so when that happens, we have to go looking for our own hits. We decided not to wait any longer for 'Par Avion' from Mike + The Mechanics. I, and several others, have raved about it in these pages long before, and 12" or not, it's on-the-air now at the big 103.3, while the CHR competition is still trying to figure out if 'All I Need Is A Miracle' is a h-i-t!"

KLAQ, EL PASO, TX P.D.-PEPE LOPEZ: "Laser rock month is winding down at KLAQ. Additional 'thanks' are in order to Jerry Barrett and Warner Bros. records--also Pat Rascona and Drew Murray and Polygram Records. We gave away 21 compact disc players and over 60 compact discs. They said it couldn't be done, so we did it!"

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "Look for FMX, a noise reduction system for radio like Dolly is for tape, to have a major impact on improving reception in distant and hilly areas. By this time next year, several receiver and car radio manufacturers will have it available. I predict within five years it will virtually be standard equipment. WDHA will be one of the first broadcasters to be using it. NAD will have the first radio on the market next month. The system is compatible in that, if your radio doesn't have FMX, there's nothing different. But with it, the same quieting of background noise that exists in mono will also be for full stereo reception...Album of the week is by Lou Reed, without question his best ever, and 'The Original Wrapper' is destined to be an all-out smash hit!...FROM P.D.-MIKE BOYLE: "Time to get on my high horse again! Why do A&R departments, or promotion departments, think they have better ears? Another example of the wrong first choice from a 'new' band is A&M's choice on The Suburbs song '#9'! '#9' is a good song, but you have to be deaf, dumb and blind not to hear 'America Sings The Blues'! Why send advance cassettes if you're not going to get opinions and waste time we all don't have! It's not just the above company, and it's not all either! I'm just saying the record community in general needs to look at the whole process of breaking 'new' acts, with help from radio! I also realize that the artists sometimes have a hand in picking their singles! Well, if that's true, the above also needs their attention! Remember, come with your best foot forward first!...On the subject of advance cassettes, John Eddie has put together a wonderful album! 'Jungle Boy' is our #1 song requested this week and I can't wait to get other cuts on-the-air!...New Jersey strikes again! Be on the look-out for 'Jersey Artists For Mankind' and their song 'We Got The Love'! WDHA's morning man, Kevin Cottrell will be in the video that was shot this past weekend in Newark. Proceeds from the record, which Arista will release soon, go to charities that focus on the hunger problem!"

WQBK, ALBANY, NY M.D.-PEGGY APPLE: "It is, indeed, a pleasure to put the tone arm down on the following: Bruce Hornsby And The Range 'Kiss', Rubber Rodeo 'Souvenir', The Alarms 'Absolute Reality'. Each of those songs grabbed me on first listen and made me relisten. I'm confident our listeners will react the same way... It is interesting to note the regional success of a band called Simply Red. 'Holding Back The Years' is Top 5 requests and is selling heavily. This is not a fluke. Simply Red delivers a tasteful style of melody that demands close attention...Enthusiastic approval for the new Icehouse. 'No Promises' helped me decide to give it the Golden Apple Song Of The Week."

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "Having been a long time fan of 38 Special, it especially pleases me that I hear nothing but continued growth and fine talent coming from their ranks. The last four Lps show their foothold just getting stronger, and with such easy to hear smashes as 'Like No Other Night', 'Somebody Like You', and 'Once On A Lifetime', they're a band we can always look forward to having success with...One of the most distinctive sounding groups has always been Golden Earring. You can never simply explain them by saying they sound like so-and-so, and that's probably what makes their music so special. The ballad-like quality attracts you to 'Quiet Eyes', but the whole package keeps you tuned in and wanting more...As both the Rolling Stones and ZZ Top Lps continue to thrill our listeners and fly out of the record stores, we go to our 4th stereo track with 'Back To Zero' and our 6th and 7th from the funky trio with 'Velcro Fly' and 'Woke Up With Wood'. No doubt that this is one of the most musically exciting times with all of the exceptional releases from the powerhouses!...Perfect warm weather fun is the Fabulous Thunderbirds. Actually, they're great anytime! With a week's worth of sun, temps in the 70's, and more on the way, 'Wrap It Up' has all the right stuff. The Fabulous Thunderbirds make magic under 4 minutes...Rob Jungklas is a pleasure. Not wanting to compare him to Springsteen, but being a major Bruce fan, it was nice to have my ears perked up by something that at least has the same good qualities. 'Boystown' is a hit on first listen!...My fave of the week, The Alarm 'Absolute Reality'. Pure music for now people...John Eddie is drop the needle, let her rip, good time music. It's on-the-air and perfect to carry us through the summer!"

Go quickly to 'Spanish Gold' or 'Paradise'--equally good...Jane Siberry's first album shows her obvious talents, but was a bit inaccessible. Now with the 'Speckless Sky', she's come inside enough that her exposure should match her excellence!"

KWHL, ANCHORAGE, AK M.D.-KEVIN VARGAS: "It was great seeing _____ last week. Always nice to be able to show the record folk around. The blank will be filled in after someone qualifies!...Who told Golden Earring they could make a smash for '86? I hope they will forgive me for doubting at first glance, but there were no doubts after the first listen! Can you say H-I-T? Sure you can! This song will grow with every listen and could possibly become their biggest AOR track. 'Quiet Eyes' will make a lot of noise on the charts, and on your ears because it won't go away from either for quite awhile. Remember: You heard it here first!...About the Jeff Paris record, everytime I become familiar with the next 12", I become more fond of the album. I don't know if any of these songs will become top AOR tracks, but I definitely believe it has laid the foundation to springboard a very successful career. This is one record we may come back to in retrospect, but if you are interested in making it happen now--play 'Back On My Knees'. It's a good rockin' tune!"

WDVE, PITTSBURGH, PA P.D.-GREG GILLISPIE: "By the time you read this, you should have the new Box Of Frogs 12" and the new Fixx 12". The Box Of Frogs will be huge for AOR stations as it presents a wonderfully updated version of a true rock 'n roll classic and the best part is that several of the original Yardbirds are involved...The Fixx continue to make very nicely textured music that should fit in well these days. From what I've heard, their songwriting abilities seem to have improved...Besides the single, 38 Special's 'Somebody Like You' is a h-o-t rocker. Now, let's get a CD of the whole album in here before this goofy di-cut album sleeve falls apart...As I said last week, our favorite cuts on the Journey album are subject to change, and they have. With more listens, 'Raised On Radio' demands immediate attention, as do 'Suzanne' and 'Girl Can't Help It'. I'd hate to be the guy that has to choose the subsequent singles from that album...I was truly surprised when I got the Top 10 request list for last week and found GTR at the top! Obviously that Asia syndrome is not worn out!...This Jeff Beck/Sting collaboration on the 'Live For Life' record is kind of jazzy, but I think it should fit right in!"

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "Bruce Hornsby And The Range are already making a big impact at KBCO! 'Every Little Kiss' has moved up to the #2 Most Requested spot this week. Retailers have been calling and asking us when the album will arrive. Now that The Range has arrived, they are an early favorite for the best new group of 1986! This is a perfect record for us! 'The Way It Is' and 'Mandolin Rain' are good for starters, but I can hear just about anything from the album on-the-air...Icehouse has regained their original sound on their new album 'Measure For Measure'. 'No Promises' is just beginning to kick in. And 'Paradise' is what we've chosen as a follow up track...Also new on KBCO: Jane Siberry; Rob Jungklas; Machinations; Blue City; and Let's Active...We're going back to the Bangles album. 'If She Knew What She Wants' and 'Egyptian' are back on-the-air as we support their upcoming Denver concert... 'Don't Feel Bad' from the Rain Parade replaces the track 'Depending On You'..And for the first time ever, we've moved an instrumental into a power rotation. The Art Of Noise interpretation of the 'Peter Gunn' theme, featuring Duane Eddy is one h-o-t number!...Thanks to Bob Osbourne and Sharon White for a wonderful evening last week...Also, I would like to thank Michael Linehan; Michael Brannen; Gena Horton; Kevin Sutter and Roger Mayer for stopping in to celebrate our Winter Sweep results!"

WNEW FM, NEW YORK, NY M.D.-MARK CHERNOFF: "Scott Muni spent the week in London and his special guests via satellite included Bill Wyman, David Bowie, Mike Oldfield, Emerson Lake and Powell (who debuted two cuts from their forthcoming Lp) and others. Many thanks to Denny Somach and his crew for putting it altogether and thanks to everyone who helped set up our great guests...Kicking in with requests this week: GTR 'When The Heart Rules The Mind'. Callers are asking us to go deeper, so we're also playing 'Jeckyll And Hyde'... Coming up: instant AOR greatness with Sting and Jeff Beck on 'I've Been Down So Long' on the 'Live For Life' Lp...Finally, Peter Gabriel sounds just like Steve Winwood on 'Sledgehammer', doesn't he?"

WHJY, PROVIDENCE, RI ASST. P.D.-GLENN STEWART: "Here comes the Outfield to the plate again. They're already two for two and 'All The Love' is poised for their third homerun. Those who hesitated on 'Your Love' have hopefully learned by now to jump on this fastball of a tune...Yes, we've all heard John Eddie's 'Jungle Boy' before, but we're as Gary glittered, John pumps out an earthy primal reaction tune. Wanna bet the reaction is positive?...Any Steve Perry sound-a-like obviously has tough sledding up against a new Journey album, but Giuffria's 'I Must Be Dreaming' stands alone as an excellent tune...Congratulations and good luck to David Grossman, Harv Allen, Steve Cormier and Tincy Crouse."

It was also a treat to meet his keyboardist, Chuck Levall...In other music, we love the BoDeans 'Fadeaway'--it's extremely infectious...The Moody Blues should pull in great response. It's quite modern without sacrificing that classic Moody Blues sound...Watch for that new Luba single. She's on the '9 1/2 Weeks' Soundtrack, but that's older material--Her new single underlines why she was rated top female vocalist in Canada!"

I l-o-v-e the tune! It has every necessary element to be an AOR and CHR biggie! It's great to hear Kenny rockin' again...The Feargal Sharkey single 'You Little Thief' sounds nicer with every play. If you're looking for something a little bit different, but by no means risky, check it out. I hope it's as right for you as it is for us...The Outfield is on the verge of having their third track in a row on our top five phones. WMGM, ATLANTIC CITY, NJ M.D.-AL BRANCA: "I just can't say enough good things about the new Journey Lp. Steve Perry's vocals are perfection--one of the few artists whose voice gives me chills! 'Girl Can't Help It' starts heavy. Best track on the Lp 'I'll Be Alright Without You'--probably one of the biggest power ballads of '86!...Joe Cocker 'You Can Leave Your Hat On'--great funky follow up...The Outfield 'All The Love', another line drive...Feargal Sharkey 'You Little Thief' should have been the first single--It's not a song--it's an anthem!...The Alarm 'Absolute Reality' is an easy track to deal with. Everybody knows this band by now with all the dates they have been playing--great hooks and vocals...Smash Palace 'Never Say No Again'. I hope this band gets AOR support--they have a lot of local appeal here...Rob Jungklas 'Boystown' finally clicked, after the fifth listen...Top five phones: Heart debuts on top with 'Nothin' At All'; Peter Gabriel 'Sledgehammer' at #2; Journey down to #3 with 'Be Good To Yourself'; Ozzy Osbourne 'Shot In The Dark' #4 and Level 42 'Something About You' at #5."

WKQQ, LEXINGTON, KY M.D.-ROB ELLIS: "I haven't been this excited about a tune in quite a while! One of the best things about this job is breaking new acts with a strong product. It gives me great pleasure to take 'Memphis Thing' from Rob Jungklas out of Memphis and right into heavy!...The 38 Special package sounds deep and, good or bad, they seem to have lost a little of that Southern rock stigma that might have hurt them a little in some parts of the country in the past. With big phones on the single, CD single that is, we don't hesitate to go with 'Somebody Like You'...Other strong phones this week are Peter Gabriel; Journey; and 'Wrap It Up' from Fabulous Thunderbirds!"

Siouxsie And The Banshees 'Cities In The Dust' is adding some spice to the playlist...It's great to hear Sue and The Lords conducting services at the New Church. More on this when we finish celebrating, and get back to work!...Hey campers, where I come from, Lou Reed's 'Mistrial' IS rock 'n roll... A pair of surprising indie label releases: Hoboken's Winter Hours is the Left Bank's 'Pretty Ballerina', as a starting point, and takes you into the eighties with straightforward production. Derivative? Maybe. Refreshing? Definitely!...And for those of you who dig the BoDeans, check out E*I*E*I*O. The Lp 'Land Of Opportunity' has some winning tracks. The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by totalling the emphasis points on cuts.

The methodology for our Top 50 markets Metro Index is the same as our Airplay Index, but instead of using the full sample base, we calculate the ranking from airplay reports from the Top 50 markets, as defined by Arbitron.
