### Hard Choices

#### TALKING HEADS, "WILD WILD LIFE", SIRE/WB

At this point, the Heads are practically a cultural institution. They helped forge rock's new direction in '77, kept album radio interesting through the otherwise modal early '80's, and haven't stopped making undeniable programming sense since. "Wild Wild Life" is clearly the band's most mainstream crossover contender in years. The INXS meets T-Rex intro has one of the best instant hooks in recent memory, that chicken-pluckin' six string slays us, and David's always perfectly placed "uh-ohs" bring it all back home. And won't those tape winding SFX at the end make for scorching segues?

#### DON JOHNSON, "HEARTBEAT", EPIC

With "Vice's" weekly come of 30 mt1 (in all the demos that count), you can just about add now, listen later. Thankfully, he's given us a credible rocker and a fast needle drop will tell you Don's dead serious about his much publicized career change. Sonny demonstrates remarkable range on this Wendy Malmon tune and thanks to the all star line-up (especially on the lp) and Chas Sanford's muscular production (John Waite, Stevie Nicks) airplay and sales are just a heartbeat away. Betcha the phones will take off faster than a speeding cigarette boat, pal.

#### TIP: THE RAINMAKERS, MERCURY, "Take the Tubes"

humor, Zappa's sense of the absurd and Randy Newman's social commentary, and toss 'em in the cauldron with a mega-dose of ballsy blues rock. "Let My People Go-Go" keeps pullin' adds and raves, and now please listen to "Downstream", "I Dance" and KZEW's pick, "Big Fat Blonde". More fun that white folk should be allowed to have.

#### DARYL HALL, "THREE HEARTS IN THE HAPPY ENDING MACHINE", RCA

The single looks like a solid bet for #1, especially if it produces a few more weeks like this one; #1 in play ups (28), with 7 new, 111 on, 41 at max and "good" to "excellent" phones at 33. The lp finds Daryl on sabbatical from the H&O hit factory and boldly delving into '80's progressive pop. Soulfully adult, adventurously produced, "Happy Ending Machine" showcases Daryl's strongest vocal work to date and insures his arrival as a legit album radio artist. We like "Someone Like You", "Let It Out", "For You" and "Wasn't Born Yesterday".

#### EDDIE MONEY, "CAN'T HOLD BACK", COLUMBIA

In just two weeks, the specterized "Take Me Home Tonight" has hit Top 10 paydirt, on the wings of 38 new, 124 on, 27 increases (one short of #1), 21 power play reports and "good" to "excellent" calls at 39 including KYNF, KOMA, KLAQ, WDIZ, WQMF, KATY, WJZY, WCCC, KQDN, KSHE, WQMF, and WAAF. We feel Eddie's overwhelming rock radio reacceptance qualifies him for the double shot and there's plenty to choose from on his most powerful and self-assured effort since that classic debut album. Start with the Ron Diaz pick-to-click "We Should Be Sleeping," then put an ear to "Endless Nights" and "One Chance".

#### TIP: TOM COCHRANE/RED RIDER, "UNTOUCHABLE ONE"

Capitol... Boy Inside The Man's long legs took it top ten and he'd be hard pressed to name a set of call letters that weren't happy with the audience reaction it garnered for them. Now get in on the ground floor of the boy's Adam-esque follow up 12" Now this week on KMET and KQZZ.

### Reaction Records

#### TRIUMPH, "SOMEBODY'S OUT THERE", MCA

The unanimous radio reaction: Triumph's strongest since... And their best bet yet for the big crossover single. Ron Nenni, KOMA pegs it, "Another step in the right direction"... "Tremendous hit potential" says Ralph Tortora, WBAB... Bob Bailey, WKLS hears "Most crossover potential yet" "It's one of the better songs they've done" according to NYSP's Mike Wolf... "Their most commercial effort in a while" reviews WJCH's Bob Sittans... Cindy Bailen, KZEW predicts, "Will expand their audience"... From Rad Messick, WDIZ: "Stylistically strong and contemporary... Ron Diaz, WYNF finds it "Very mass appeal"... Mark Chernoff, WNEW notes "Best chance for a crossover hit"... Dave Kane, WQMF pegs it, "Quintessential Triumph"... And Glenn Stewart, WJZY comes clean, "Okay, so it's formula rock, but if I had this formula, I'd patent it and make a bundle, too"... "Somebody's Out There" crosses the finish line with the week's best 80 QTH adds and our highest #32 debut.

#### BONNIE RAITT, "NO WAY TO TREAT A LADY", WB

Portrait of a smash: scoop up another 33 stations for a 3 week total of 79, nail this report's 2nd highest lp debuts (31/31), deliver the third ranked 56-35 Song Primer, and produce "excellent" phone-power at WDIZ, WIOQ and WDRK; "good" at 15 including KQDN, KSRR, KAZY, WAAF, KRER, KJCT, WFYV, WPLR and WPAD... "Our new slogan is "I can't wait to play Bonnie Raitt" relates Rick Van Gil, WLRZ... "Treat this lady right because she has given us a hit that will cover all the bases"... For first one to stiff with an Adams' penned tune picks up the dance fall.

#### BON JOVI, "YOU GIVE LOVE A BAD NAME", MERCURY

Obviously the best to sync Jon's airplay with his certified retail record, "Love" locks 72 fast adds, the week's second strongest #36 Song Debut and exceptional programmer feedback... Amy "Destined to be the next Def Leppard/Van Halen, already #1 phones" Dahlan, WAOX; Kevin "Quite simply an automatic" Vargas, WMLI PAT "Fine pure rock 'n' roll" Still, WLVJ; Mark "Debuts Top 5 phones" Chernoff, WNEW; Rad "On the road to 2-million" Messick, WDIZ; EPIN "Heavy metal heaven" Riley, WQMF; Lenny "Great! Play it, now" Bloch, WJCH; and Aris "Their best 12" yet" Hangers, WJAZ; Ron Barrett, KQJQ summarizes with "It's just about perfect. What the fans wanted, what the kid needed."

#### DAVID AND DAVID, "WELCOME TO THE BOOMTOWN", RCA

David + David deals a mega blow-out week—28 deep in adds, pumping the airplay percentage to two-thirds closed, 15 premium play-ups, a full dress Checklist replete with 34 building, 15 maintaining, none dropping, and 15 actively considering, and the week's longest, strongest 37-29 Metro Underline... Pat Edwards, KGB reports, "Lots of listeners are calling up to find out who does 'Boomtoun'. They aren't only making requests, they want to go out and buy the album! This is one of those bands that just has that special magic"... Glenn Stewart, WJZY agrees, "DAD have a sneaky tune that gets more melodic with every listen"... WAAF's Russ Mottla foresees, "Long radio legs"... And WQMF's Dave Kane labels it "The song with a hook that wouldn't go away"... Bringing 44-34 with early Top 5 phones at WLBZ, KMOD and WARC.

## Reaction Records Continued

### ICEHOUSE, "CROSS THE BORDER", CHRYSALIS

Another mammoth week for their second track and the Checklist tells us to expect more of the same next report. In fact, much more. It's building at 16, maintaining at 13, with a massive 24 stations considering. 23 new including WCKG, XGON, KS-JO, KZAP and KQME almost double the add-to-date count and with increases from WLIR, KATY, KILQ and WRCH. "Border" rips another huge 75-54-type chunk out of the Song Index (third strongest) with a 34-33 National Airplay move.

### GEORGE THORNTON, "FEELIN' AND ROCKIN'", EMI

Lonesome George's instant phone start up looks like a textbook case of stimulus-response: add "Feelin'", get major phones! 28 more fall in, bringing on the triple digit add count, with 21 reporting "excellent" early phones (WHEW, WCMF, WLOT, WOPF, WCCC, XGON, WAQX, WRCH, KQCN, KQCN, WKFM, WPLR, WQUR); 17 more "good" phones (KQME, KLB, KILQ, WQIZ, KICT, KBER, KFMQ, WJNY) and enough Top Flyers to impact at a #15 Most Requested debut. The lp sports the week's best Backpage debuts at #22, #25 Metro, as the 12" reels in the 4th strongest Song Underline, 34-26. We're also seeing some early interest in "Bad To The Bone", "Ode Bourbon" and "Madison Blues".

### BILLY JOEL, "A MATTER OF TRUST", COLUMBIA

His rock realignment hits bullseye, as observed by Tom Starr, WQUR, "Billy Joel's latest represents nothing less than a triumphant return to the enduring quality that made him a format staple artist years ago." The single nabbs 25 second weekers for a fat 83 station count and a 40-27 Song sprint as the lp makes the week's longest, strongest chart gain in National play, 30-19. Upped at WRLS, WFSQ, WCCC, WJAB, KZRN, KPOI, KICT, WPTX, KXFM, WXXI and 6 more, with ultra-persuasive phone follow-through. "Excellent" at WCCC, WZZD, WRCH, WPDH, WJAB, KICT and 4 more, "good" at 12 including WHEW, KXPR, KLAQ, WIOQ, WLOT, WBYR, KXFM, and WRCH; Top 5 requests at WQXX and WJEM.

### R.E.M., "FALL ON ME", I.R.S.

When's the last time you saw chart lunges like R.E.M.'s top rated 24-13 National move or the 12-4 Most Requested sprint? Factor in 23 Top 5 phone mentions, with 17 outlets logging "excellent" calls, 21 more at "good" and 21 prime play ups and we'd say you've got the most active, best performing track of their career. New str on KOB, KDKB, KISM, KUDS, WSKS, KS-JO, KQAT, KBER, WMAO and 6 more brings the current column to 114, with power play at the LOOP, KBCO, WBRU, CHOM, WJRO, KILQ, WQHA, WJFS, and KZEW where Cindy Ballen reports, "13,000 copies flew out of the Dallas/Fort Worth stores last week"...Duane Sherman, WTOS is getting "big phones and big sales"...Marty Griffin, KXFM calls it "R.E.M.'s best record to date." The week's #3 sales builder.

### PAUL SIMON, "YOU CAN CALL ME AL", WB

The stats continue to present a convincing case that this is the track to put Paul back on the rock 'n' roll map. Witness 14 new, led by majors WLYD, KYTS, WLIF, WIOQ, KATY, WJAB, CHOM and 7 more, punching the 2 week total to 42, as ups at WRLS, WMAO and WTKX forge the week's 5th best 73-56 Song Underline. Already max at WRLS, WIOQ, KBCO, CHOM, WJXY, WTKX and KEST, ringing up Top 3 requests at KBCO, WIOQ, and WTKX. WNEW's Mark Chernoff warns, "Don't underestimate the new Paul Simon tune. This one could return Paul to the musical spotlight."

## Buzzbands

### THE SMITHEREENS, "BLOOD AND ROSES", ENIGMA

Their mushrooming radio regard is matched only by an equally solid Checklist. It's building at 19 (KOB, KATY, CFMY, WCCC, KILQ, KLRJ, WRCH, KFMQ, WFTV), building phones at WQHA, building sales at WRCH, building both at WHEW, with 10 maintaining, 22 close or considering and only 3 dropping. Here's Les Staley, WFTV, "Blood And Roses" is facing the phone lines and doing very well in retail"...WJLY's Glenn Stewart teases up, "I didn't need any chart numbers to tell me that the groundwork on this record COULD become a full-fledged earthquake"...And Mike Ruzic, WQHA observes, "This album is selling around the country, please get behind a band that does get reaction"...New on 10 including KRQM, WCKR, WJLY, WNOB, KPOI, and WRCH, priming 65-62.

### GREAT WHITE, "FACE THE DAY", CAPITOL

His no-nonsense rocker garnered enormous phones and research at KMET, and later shot to the top of the chart at KUDS. It's starting to spread in all directions with KLAQ, WQUR and WAPL in, KZEL upping and a 92-83 lane change. And how's this for a credible call letter collection? KLFQ, KQME, KISM, KATY, WTKX, WLLZ, KILQ, KISS, KGB, KLPX, KDJQ and 12 more.

### BOB JUNGKAS, "MEMPHIS THING", MANHATTAN

Here's another one with stable charts but a Checklist certified growth trend that refuses to let up. Rob locks up WNEW, KQAT and KQRA for 35 to date with "good" to "excellent" calls at WOPF, KLB, WIOQ, KBER, WAPL, KUDS, KICT, WMAO, WKEK and WJZY as WLIF, WQFM, WIOQ and KEZO throttle with "5" emphasis play.

### CINDERELLA, "SHAKE ME", MERCURY

It may have dipped a tad on the charts but the consistent phone follow through tells us this song gets results. Cinderella's shakin' down Top 5 phones at KTXQ, KISS, WSKS, KILQ, KQCN, WRCH, WQX, WERC, KRIZ, WJZY, and WAQI good for a #13 Most Requested debut with new play on KSRB and WMAO, increased play on WJZY, and better than average play on WPMR, KISS, WYMF, WYSP, KNAC, WERC, KTXQ, WERC and WJZY.

### THE BEAT FARMERS, "RIVERSIDE", CURB/MCA

This week's add at KISS lends more credence to the argument that these guys are closer to Dire Straits than to John O. Alternativeband. "Riverside's" relentless growth curve includes ups at KISM and KQME, with adds at KRQM, WNRB, KATY, WJRE and 6 more producing a 51-46 Song Improvement. The lp's up 40-37 in National play, 39-36 Metro, max play at KISM, KGB, KLB, KQJQ and KZEL, with KATY, WRCH and WFTV logging Top 5 phones...WQUR's Tom Starr suggests, "if you're looking for the ultimate reaffirmation of rock 'n' roll, get out and see the Beat Farmers."

### EM V.K., "FROZEN HEART", EPA

Last week turned up adds at WRCH, WQHA, KILQ, KRQM, WKEK, KLPX, WTKS and KSRJ for a total of 18 on board and KQJQ's Charlie West says it all on this one, "Not only did we add it but we're totally sold on it. Hot phones OUT OF THE BOX." Ready to go.

## Automatons

### BOB SEGER, "IT'S YOU", CAPITOL

Think that top-ranked 54 position Song powerdrive (80-44) will get "you" noticed? 38 new rally behind Bob's new 12"77" for #3 Most added, as the lp rebounds 13-12 in National Play, 12-10 Metro. Allison Stewart, WBRU equated "It's you" with "The quality of 'Against The Wind'". It will appeal not only to Seger's fans but the upper demot as well." Wait a minute, Bob's fans are the upper demot! P.S. Don't miss the tour with the T-Birds.

### FABULOUS THUNDERBIRDS, "LOOK AT THAT", CBS ASSOCIATED

Look at this! The band WYFF's Chris Long calls a "12 year overnight sensation" nails the week's second longest Song haul, 92-81; a product of adds at 19 including KMET, KISS, KBCO, WPDH, WPTX, WJAN, WIOQ, WQFM, KQJQ, KMLL and KPOI and play ups at WRCH, KZEW, KQRS and KQCN. Pat Still, WLWQ notes "Kenny Loggins has helped put the 'Top Gun' movie soundtrack at #1 pushing Genesis to #2 and Genesis has been #1 for 7 weeks." Our informal poll of reporters' Top 5 sales builders put the soundtrack in a #4 tie with the Eurythmics in that category. Loggins' "Playing With The Boys" collects 20 including WCCC, WLWQ, WDIZ, KLPX, WIOT, KBER, KZEL, WKFM, KLPX, WRKI and WSKS for a Song Debut at #77, while Loverboy's "Heaven In Your Eyes" slots in at #80 thanks to ups on WLWQ, KLPX, KSRR, WSKS and WMCK, and adds at KSJO, WKLC, WIOT, WKQQ and two more.

Top 5 phones at WNEW, KQRS and 9 more and building phones at WDIZ and KICT generate the #12 Most Requested Debut.

### GLASS TIGER, "DON'T FORGET ME", MANHATTAN

WCCC's Harve Alan steps up: Glass Tiger's "Don't Forget Me" is a hit in Hartford. Sales are up. Requests are up. This one scores big. The charts clearly mirror Harve's assessment with the Lp Underlined at #25; #26 Metro and the track powering, 28-22. The 93 current reports include adds from KRQR, WLUP, WLNZ, WXKE and WTCS with rotation increases at WLWQ, KSRR, KOME, WHJY, and WCCC.

### THE FIXX, "BUILT FOR THE FUTURE", MCA

Despite what the Back Page numbers might seem to indicate, "Built" remains a first-class builder. Big league adds from 11 including WNEW, WXRK, KSHE, KGON, KSRR and KROQ ride shotgun with 8 play ups to produce a 29-23 Underline. KZEW, KMET, WLIR and WCCC are just a few of the 45 at "4" or better emphasis.

### KIM MITCHELL, "PATIO LANTERNS", GEFLEN

Last week's heavy trading moved "Patio" around a bit but couldn't halt its momentum as evidenced by this week's chart Underlines. Kim rolls up adds at WXRK, KSJO, WLLZ, KRQR, WLAV, WPYX and WXKE and 7 increases while the Checklist turns up "excellent" calls at KLBK, WCMF and KNCN; "good" follow through at WYNF, WPLR, KATT and 11 more. ## News From Rock Over London

ELVIS COSTELLO will release his second new album in just over six months on September 19, the NICK LOWE-produced "BLOOD AND CHOCOLATE", preceded by the single "TOKYO STORM WARNING" on August 22. This song was written with his fiance Cait O'Riordan and lasts seven minutes, split into two parts on the seven-inch release and backed on the 12" with another song called "BLACK SAILS IN THE SUNSET". The full track listing for the album: "Uncomplicated"; "I Hope You're Happy Now"; "Tokyo Storm Warning"; "Home Is Anywhere You Hang Your Head" and "I Want You" on Side One...and on Side Two, "Honey Are You Straight Or Are You Blind"; "Blue Chair"; "Battered Old Bird"; "Crimes Of Paris"; "Poor Napoleon" and "Next Time Round". Costello will also undertake a world tour, arriving in the UK on November 23 and playing residencies in small theatres featuring appearances by Costello and the Attractions, the Costello Show, the Confederates,

the Coward Brothers (that's Elvis and T-BONE BURNETT) and others. He's come up with an amazing idea for the shows, too: There'll be a feature called "The Spectacular Spinning Songbook", a spinning wheel with 40 Elvis song titles on it. You've guessed, certain members of the audience will be invited to spin the wheel and EC and the boys will oblige by playing whichever song comes up. That's the way live music should be.

The spaghetti western of director ALEX ("Sid And Nancy", "Repo Man") COX which we mentioned last week, is to be called "Straight To Hell" and will also star JOE STRUMMER (formerly with the CLASH, of course, who once recorded a song called "Straight To Hell"), IGGY POP and HARRY DEAN STANTON.

ALISON MOYET, currently finishing her own new album with producer JIMMY IOVINE, has co-written a song called "Let's Get Personal" with DAN HARTMAN and CHARLIE MIDNIGHT for the new JAMES BROWN album "Gravity" which Hartman is completing for late September release. Allison also sings on the track.

IAN McNABB, lead singer with THE ICICLE WORKS and keyboard player DAVE GREEN, currently climbing the charts with "Understanding Jane", were beaten up by security men after playing at a charity gig near Liverpool. They were taken to a hospital following the incident which happened as they tried to get into the party after "Soap Aid"--so named because it starred Britain's top soap opera stars as well as MARILLION.

ULTRAVOX will be touring the UK in October to promote their forthcoming album "U-Vox", due for release next month.

## AND IN OTHER NEWS THIS WEEK... MET CALLS UP NBC'S CODY AS P.D.

NBC Radio Entertainment Director of Programming, Frank Cody has accepted the KMET, LA hot seat, starting as P.D. around August 25th. This isn't the first time Frank's been enlisted to reverse declining ratings. While working as KBPI P.D. ('79-'81), he and Sandusky's Toney Brooks took the Denver AOR from 8th place to first, 12+. Frank's certainly no stranger to LA danger, having programmed KLOS for two years prior to his Denver gig. And anybody that once had Jeff Pollack working under him as M.D. (KMYR, Albuquerque, '74-'76) has obviously paid some radio dues.

Dr. Dirt spoke with Frank shortly after Metromedia announced his appointment. "LA is one of the most competitive markets on the planet" he told us. "Great radio stations go beyond the definition of what their format is. People will listen to a format that they only have some peripheral interest in because the station is exciting and offers a lot of entertainment value above and beyond just playing music. LA is very fragmented now and I'm really looking forward to getting out there and pouring some energy into KMET, and being part of a team that will focus the station's energy and take it to a new level by clearly defining the station's position, putting it out front and making it clearly better than the other stations that call themselves rock or AOR. It will be a great win for everybody. I'm really excited!"

Joining NBC in '81 as a Source affiliate consultant, Frank advanced to Director of Affiliate Relations in '82 and served as Director of Programming for the network's syndication division since 1983. KMET's long run as a Source station afforded Frank a strong working relation with G.M. Howard Bloom and Metromedia, so as he puts it, "I'm not going into completely unknown territory." Is he concerned that the life expectancy of the three most recent KMET P.D.'s averaged six months? "I've known the players in this game for a long time and I think that that is why I was hired. They are looking for stability. I wouldn't leave a job like the Program Directorship of NBC Source & the Entertainment division, if I thought it was going to be a short term situation."

## SEBASTIAN TO DISOLVE CONSULTANCY, PLANS RETURN TO PROGRAMMING TRENCHES

After 5 years as a radio doctor, John Sebastian has chosen to exit the consultancy business and return to active hands-on programming. In his "kick ass"/call-out consultancy early '80's heyday, John handled 25 AOR clients. By 1983, John introduced EOR via a number of clients that came to include WGRX, Baltimore, KESI, San Antonio, WBGK, Milwaukee, KKGR, Anchorage, and WCLZ, Portland, ME. Most recently, Sebastian's new AC format is carried by six outlets.

John's 12.6 12+ while PD at WCOZ, is a record that a top 10 AOR has yet to shatter. John issued this statement on Tuesday. "My original concept of eclectic programming has been influential in changing AOR into the more adult format it is today, in exposing the hole that classic stations are filling, encouraging similarly programmed stations to focus more successfully, and in some cases, companies for all intents and purposes, do my format without me. I'm truly gratified that EOR, the new AC, soft AOR or whatever you want to call it will be now a viable format. I expect most, if not all, of my current radio clients to continue in this form of programming for a long time to come. However, I miss the day to day involvement of the operation of radio stations. Frankly, whenever I've had hands on control of a station my track record is as good as or better than any in the business. Therefore, effective with the end of obligations to my existing clients, I will be pursuing the best possible position I can obtain in the radio industry. I'm not limiting myself in any way from considering all positions and formats and possibilities. I can be reached at my office in Scottsdale at (602) 951-9029."

## WYSP TO SIMULCAST STERN'S WXRK MORNING SHOW

In a totally priceless episode of "The David Letterman Show" (Tuesday, August 5), "the controversial but lovable" Howard Stern announced his K-ROCK morning show will soon be simulcast on Infinity sister WYSP, Philadelphia. WYSP P.D. Andy Bloom tells us the details and official statements will be announced at an upcoming press conference. No word yet when 'YSP will begin carrying the show, but one industry Stern devotee told us 'YSP may begin airing Stern the same week WMMR Zoomaster John DeBella takes an alleged week off for an alleged honeymoon. Regarding the status of current 'YSP morning man Scruff Connors, Andy told FMQB, "We plan on Scruff continuing at WYSP. We're looking at some options."

## ALL THE DIRT THAT'S FIT TO PRINT

Will Emmis Broadcasting announce new programming plans for WAPP, New York when it closes on the station next week? Rumors of a segue to classic rock have been travelling the circuit for some time now. And speaking of Emmis, where is mega numbers KSHE, St. Louis morning mouth J.C. Corcoran? Is it really a two week vacation?

Here's the official release from WNEW-FM regarding Scott Muni's condition: "While on vacation, Scott Muni experienced some congestion in his lungs and was admitted to the hospital as a precautionary measure. Preliminary diagnosis indicates walking pneumonia. We have no other comments at this time." Weekend warrior Dennis Elsas is hosting Scott's 2P-5P until The Professor is back in action. P.D. Charlie Kendall tells us that shouldn't be very long.

Burkhart/Abrams will be consulting new Devine Communications acquisition KKBR. It's looking like Albuquerque's Bear will adopt some sort of hybrid format.

WGRX, Baltimore has switched to classic rock.

Congrats to WIXV, Savannah P.D. Bill Weston who has taken the new AOR 7.2-13.0 in one book, shattering the station's all time high as a Top 40 (10.8 in 1984). "The amazing thing is our adult numbers", Weston told FMQB. "We notched #1's in adults 18+, 18-34, 18-49, 25-49 and we tied for #1 in adults 25-54. We filled a seven year rock void in the market. The station's happening and it feels great. Fuckin' A!"

First week reaction: WXRT, KKCY, KSPN, KSTM, KCGL, KTCL, KABL, KBLE, WHFS, WEQX, WOXY, WFNX, WRAS, WUOG, WMDK, KFMH

"A classy treat for intelligent listeners of all ages." MARK KROB, WVVV

# DIRT ALERT!

## CONTINUED

And P.D. David Grossman is obviously proud of his first book at WRXL, Richmond. "I'm absolutely thrilled that the station is #1 adults 18-24 and 18-34; #2 adults 18-49 and 18-54, and #2 men 25-34, 25-44 and 25-49. We're looking to crack teen digits, 12+ by next spring.

Celtics' GM Red Auerbach's surgeon is the very same cutter who took the scalpel to our friend Danny Buch to rid him of those nasty kidney stones. Buchman's back now. Send fruit baskets and flowers to the Atlantic office in New York.

## NETWORK NEWS

Westwood One Radio Network's fantasy rock concert special "The Isle Of Dreams" is back. The network is set to air an all-new 12 hour special called "Return To The Isle Of Dreams" Labor Day Weekend featuring recorded concerts from 24 of rock's biggest stars (Bruce Springsteen, Bryan Adams, U2, Phil Collins and INXS, to name a few.) The special will include interview material with various featured artists, plus a retrospective listen to material taken from the past two decade's best live albums.

A \$2.2 million deal was recently completed between Westwood One/Mutual Broadcasting with Scientific Atlanta for the production of digital satellite equipment intended for use by Mutual affiliates. The purchase enables affiliates to buy or lease satellite receivers and dishes at a reduced rate, making access to Mutual's, Westwood One's, and other network's programming possible. The move is part of Mutual affiliates' transition from analog-based Westar IV to Westwood One's Satcom 1-R satellite distribution system, which is targeted for completion in 24 months.

## FROM LOU O'NEILL JR...

**IT'S NO ACCIDENT** that Carlos Santana, born in Mexico in 1947, has been universally acclaimed as one of the finest guitarists in the world today. Last week in New York, the master of improvisation blew minds with a total sell-out at Jones Beach on the Island. Santana, accompanied by his usual team of superb musicians, performed a virtually flawless two hour set. All of his hits were performed, including: "Jingo"; "Evil Ways"; "Black Magic Woman"; "Soul Sacrifice"; and "Open Invitation". Veteran singer Buddy Miles is now handling vocals in the Santana troupe -- and, what a great job he's doing. Buddy brings a special energy, verve and flavor to the band. Other songs Santana rendered at Jones Beach were: "Premiera Invesion"; "Brotherhood" and "Incident At Neshabur". On the latter, Santana demonstrated for the packed house his emotion as he made an unbelievable solo look like child's play. Without question, Carlos remains one of the finest players on the scene today. The past several times Carlos has been in New York he brought the rains with him, and there was no exception at Jones Beach. Right at the end of the concert the skies opened!!

**THE BANGLES AND MR. MISTER** also performed at Jones Beach last week and were in fine form for another sold-out house. The Bangles rocked the house with many of their best-known songs, including their Prince smash, "Manic Monday". Other crowd-pleasers included: "Going Down To Liverpool"; "If She Knew What She Wants"; and the new single/video "Walk Like An Egyptian". The video was cut quite publicly in New York City on Tuesday, August 5th, and both WNEW-FM and Z100 had advertised for extras to be in the party. And, let's not forget Mr. Mister. The guys from California were sensational as they did off-the-record arrangements for most of their songs. A quick surprise from Steve George and company at the end of the concert was an unbelievable version of the late Jimi Hendrix' "Purple Haze". Later, Steve told Lou O'Neill Jr backstage, "We'll be out for the next several weeks with the Bangles, but then it's back to the studios to work on our next RCA project. We're not going to release any more singles from the record. It's been very good to us and, quite frankly, we feel that three is enough."

# The Rock Report

RIC OCASEK isn't the only CAR to have a solo album ready for release. Bassist/vocalist BENJAMIN ORR is currently in London putting the finishing touches on "THE LACE" with producer MIKE SHIPLEY (the man responsible for The Cars' hit "TONIGHT SHE COMES".) Elektra will release Orr's album on October 8th. In the meantime, Ric Ocasek will release his second album for Geffen in September titled "THIS SIDE OF PARADISE". At this point, it looks like we can expect The Cars to head back into the studio in the early part of 1987.

\*\*\*\*\*

As we told you, ELVIS COSTELLO is releasing his second album for 1986 and it's called "BLOOD AND CHOCOLATE". Recorded live in London's Olympic Studios, the record features eleven new songs and marks a reunion with Costello's band, THE ATTRACTIONS. The Lp will be released through Columbia in September. The first single, "TOKYO STORM WARNING", was written by Elvis and his new wife, CAIT O'RIORDAN, of Pogues fame. Also included on the album: "UNCOMPLICATED", "I HOPE YOU'RE HAPPY NOW", "HOME IS ANYWHERE YOU HANG YOUR HEAD", "I WANT YOU", "HONEY ARE YOU STRAIGHT OR ARE YOU BLIND", "BLUE CHAIR", "BATTERED OLD BIRD", "CRIMES OF PARIS", "POOR NAPOLEON" and "NEXT TIME AROUND". Elvis Costello and The Attractions will be touring America in October and their show, by the sound of it, sounds like it shouldn't be missed. Rumor has it that Elvis will offer the audience the chance to spin the wheel, THE SPECTACULAR SPINNING SONGBOOK that is, which is a huge spinning wheel containing 40 song titles. A member of the audience will come on stage, spin the wheel, and wherever it lands, that's the song the band will do.

\*\*\*\*\*

BILLY JOEL, who has just released his latest album, "THE BRIDGE", will kick off his American tour in Glens Falls, NY on September 29. There will be a couple of warm-up dates in the area beforehand, but they have yet to be announced.

\*\*\*\*\*

There's a lot of excitement surrounding the much-anticipated TINA TURNER album, "BREAK EVERY RULE", coming from Capitol on September 5. The first single, "TYPICAL MALE", was written by the team of GRAHAM LYLE and TERRY BRITON, who penned Tina's hit "WHAT'S LOVE GOT TO DO WITH IT". DAVID BOWIE has also donated a song titled "GIRLS" which, according to our sources, is a smash. As previously reported, MARK KNOPFLER and BRYAN ADAMS also have tunes on the record. Look for Tina to hit the road in 1987. Not only has Tina been busy with her forthcoming album, but she has also been writing her autobiography, titled "I TINA", and we can look for that in September.

HOWARD JONES just returned to England after a stint in a New York studio. He was finishing up work on his latest Elektra album, "ONE TO ONE", due October 8. Congratulations go out to Howard and his wife on the birth of their first child.

\*\*\*\*\*

THE BYRDS have re-formed with original members GENE CLARK on vocals and bassist JOHN YORK. Also included in the new line-up are keyboardist NICKY HOPKINS (Rolling Stones and The Who), guitarist BILLY DARNELL from The Everly Bros., and drummer GREG THOMAS, who played in the McGuinn, Hillman, Clark band. This reincarnation marks the third reunion for the group which had a rather tumultuous career over the years. The band has scheduled a tour of London beginning October 4 at the Hatfield Forum. The Byrds are most fondly remembered for their 60's hits: "TURN! TURN! TURN!", "MR. TAMBOURINE MAN" and "EIGHT MILES HIGH".

PEOPLE IN PROGRESS is the charity of the month in London. Formed by the STYLE COUNCIL'S PAUL WELLER, PAUL HARCASLE (of 19 fame) and TOM ROBINSON, the organization will benefit sickle cell anemia and the Canon Collins Educational Trust for Southern Africa. Last Sunday the organizers enlisted a group of musicians including LEVEL 42, STEVE STRANGE, MATT BIANCO, ASWAD and others to record a single by the name of "THIS IS MY SONG". All proceeds from this tune will go to aid the aforementioned groups.

# Rock Over London

THE STRANGLERS return to Rock Over London this week with their new single "Nice In Nice"...it was a last minute change of track from their new album due in November and the 12" features two songs recorded live in Paris last year. The band play WEMBLEY ARENA on November 3 and then head off to Europe...Also featured on the new Rock Over London, with their new DAVE EDMUNDS production, are those old stalwarts of British rock STATUS QUO...they support QUEEN at Knebworth this weekend and are managing to fit in two other gigs all in one day! Just after midnight they play a festival in Denmark, then they jet back to England for the afternoon before nipping off to Switzerland for an evening gig...maybe they should start looking for a new tour manager.

"Come On Home", the new release from EVERYTHING BUT THE GIRL, also appears on the show and the duo have just announced they'll play London's Royal Albert Hall as the highlight of their October tour of the UK. The stage there is big enough to accommodate the 36-piece orchestra who, together with their usual backing band, appear on the new album, "Baby The Stars Shine Bright".

Not surprisingly, LEVEL 42 have already sold-out their three Wembley dates later this year, so they've booked another night there on December 3 and a date at the National Exhibition Centre, Birmingham, two days later.

PETER GABRIEL is looking for two million pounds...this is how much he reckons it will cost him to play the UK after his US tour later this year. He hasn't performed here for 3 years and wants to make it a tour to remember with a spectacular futuristic set. Peter has already contacted some stage designers about the show but needs a sponsor before he can go ahead...And Peter's also been busy talking to the promoter of the newly revived Reading Rock Festival about merging it next year with WOMAD, Britain's music and dance festival. He has been closely involved with WOMAD since it began back in the 70's.

GARY NUMAN has been in the papers recently bemoaning the fact that the BBC don't give his records enough airplay...as a result the BBC have been getting letters from irate fans demanding fair play and threatening to march on Broadcasting House in protest! They've got a point, too--Numan's records regularly make the Top 30 with little or no radio exposure, only to drop just as fast because he doesn't happen to be the DJ's flavour of the month anymore!

BALAAM AND THE ANGEL, still threatening a big chart breakthrough any time now, have their debut album "The Greatest Story Ever Told" out this week on Virgin. The band, who toured earlier this year with BIG COUNTRY, are appearing at the Reading Festival on August 22.

WORKING WEEK sing Captain Beefheart...that's the interesting situation this week as the cocktail bar-jazz outfit, who appeared on the "Absolute Beginners" soundtrack, have their cover of "Too Much Time" released as a single. The song first appeared on the Captain's "Clear Spot" album in the early 70's. Working Week have recently been touring in Japan.

KILLING JOKE, who scored their first major hit last year with "Love Like Blood", have a new single called "Adorations"...the PET SHOP BOYS plan to tour Britain at the end of September...BELOUIS SOME has been added to the QUEEN/STATUS QUO/BIG COUNTRY bill at Knebworth Park on August 9...IT BITES, currently enjoying chart success with the Rock Over London-featured "Calling All The Heroes", have their debut Lp "The Big Lad In The Windmill" just out.

The latest in EMI's series of 20th anniversary BEATLES reissues is "Yellow Submarine" backed with "Eleanor Rigby"...GODLEY and CREME have re-released last year's "Cry" which featured in a recent episode of "Miami Vice."

DOCTOR AND THE MEDICS' latest album "Laughing At The Pieces" has had the treatment and is now out as a picture disc--it's been extended to include their current UK single, "Burn"...LATIN QUARTER's debut Lp is just out and called "Modern Times"...EDDY GRANT presents 14 songs on video called "Live In London"; they were recorded at his free open air gig in March.

A new charity song was recorded recently featuring a fine collection of rock and soul artists, including THE THOMPSON TWINS, PAUL WELLER, LEVEL 42, MATT BIANCO and PAUL HARDCASTLE...it's in aid of Sickie Cell Anemia Relief and the Canon Collins Educational Trust For Southern Africa.

AMNESTY INTERNATIONAL have set up their own independent record label, Amnesty Records plus a publishing company called Amnesty Music. Support from bands like EURHYTHMICS, SIMPLE MINDS, UB40, U2 and SIMPLY RED have helped Amnesty revive its image but the organization realizes charities can't expect artists to go on donating their services for nothing forever. These new companies will organize pressing, distribution and promotion of "caring" music without the middlemen and so benefit directly from the royalties. We can expect the first results of their work next month when a compilation album will be released including tracks by DIRE STRAITS, SIMPLE MINDS, PETER GABRIEL and HOWARD JONES.

MADONNA's "TRUE BLUE" is still the UK's number one album after four weeks and sales have now surpassed 500,000...WHAM's "THE FINAL" holds at two with CHRIS DE BURGH's "INTO THE LIGHT" an ever-stronger challenger at three. ROBERT PALMER races to six with "RIPTIDE"...SIMPLY RED are back in the Top 10 at nine with "PICTURE BOOK", and the highest new entry of the week is "THE COMMUNARDS" at 25. VAN MORRISON's latest enters at 27.

Controversy in the single chart, where sales of the two different versions of "SHOUT" by LULU have been combined. The '64 original had previously been at number 51, her 1986 remake at 41, then her old label Decca and the new one Jive agreed to the combined sales idea; et voila, an instant Top 30 hit as the two singles together climb to 26. This has been done before, though, most recently when Greek chanteuse NANA MOUSKOURI had two slightly different versions of "ONLY LOVE" on release and CARRERE and PHILIPS decided to get together and double their money.

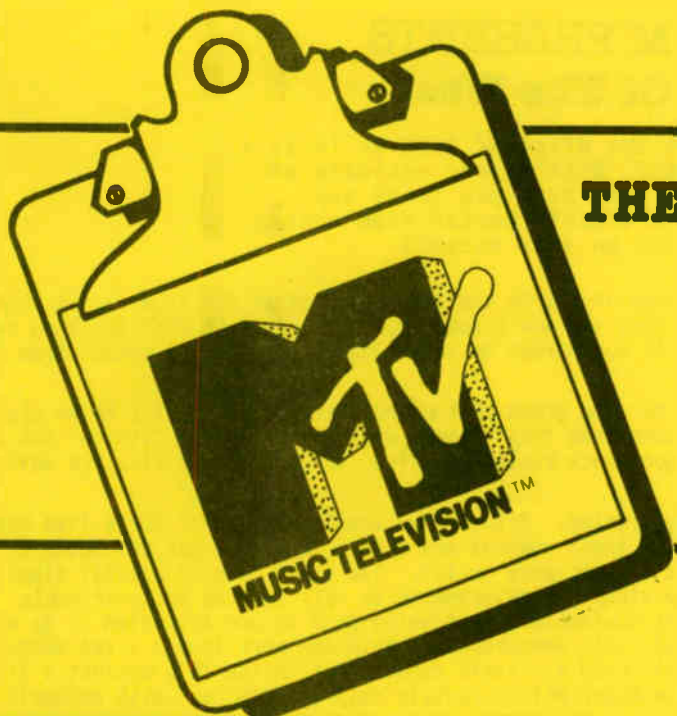

FRANKIE GOES TO HOLLYWOOD's "RAGE HARD" single will finally be with us on August 25, backed with "(DON'T LOSE WHAT'S LEFT OF) YOUR LITTLE MIND". The 12-inch will have another, as yet unannounced, track. Meanwhile rumours of HOLLY JOHNSON's impending departure from Frankie Goes To Hollywood refuse to die down!...Frankie's record company ZTT have expanded their ranks with four new signings which they modestly describe as "a treacherous pop group, the best white male singer in the world, a post new age instrumental group and a glittering hi-heat deca-cabaret group"--names will be revealed when their records are released but one of them is strongly rumoured to be MARILYN--we're just wondering which one of those he's supposed to be!

STEWART COPELAND is working on the soundtrack for the movie "Out Of Bounds", which will appear on his brother MILES' I.R.S. label. The title track will feature Copeland in collaboration with ADAM ANT.

STEVE WINWOOD's next 12-inch release from the "Back In The High Life" set will also feature two tracks recorded by BBC Television in a pub in London, Winwood's piano-and-vocal versions of "The Low Spark Of High Heeled Boys" and "Gimme Some Lovin".

So, we've already whetted the appetite for this week's Rock Over London show--in addition to the highlights we've already mentioned, how about another trip to hear STING in concert; another selection from the new UB40 album; and a GENESIS rarity in the Rock Request? We also have two new entries in the Top Five, a new number one and another interview in our series taking the lid off the business--this week we're talking to PETER GATIEN, the man behind the Limelight nightclubs, who's just opened another of the clubs in London.

JOHN FOGERTY hits the road on August 27th for his "Rockin' All Over The

 "Playing For Keeps" soundtrack also features new songs from PETE TOWNSHEND  
 and PETER FRAMPTON. The album's due out on August 22nd...ELTON JOHN will

 due in September. Elton recorded the Lp in Amsterdam with his long-time  
 producer, GUS DUDGEON, and once again Elton collaborated with lyricist  
 BERNIE TAUPIN on all the songs.

**INTERVIEWS**

PETER GABRIEL: "Most artists are really trying to communicate feelings and  
 ideas and bring people into their world. There is a huge wealth of  
 technology now which can do that -- can actually pull people right inside  
 those experiences as if they are living them out and not just observing  
 them. I think some of the experiences could be designed to still and to  
 quiet the individual, as well as to excite and to challenge your fear.  
 And I think you could learn a lot too. It would only have to fulfill one  
 rule, which is, that it would have to entertain..."

## POLYGRAM PRESENTS Question Of The Week

Is the Classic Rock format the disco of 1986 or is it a legitimate long-term format? What's your estimate on Classic Rock's shelf life? And have you taken any preventive steps to block a Classic Rocker from coming to town and making an impact on your market?

**ALAN WHITE, KILO:** "We've always maintained that balance of new to old in our format as far as a strict classic rock format, I think that it has its limitations in that you don't challenge the listeners with anything new. Indications are that the audience has not responded in our market to something they've always gotten from KILO which is a good balance of new to old."

**R. G. JONES, WFXR:** "There's always a time and place for the great rock and roll standards. But I think classic rock's shelf life certainly depends on the nuclear compounds they're made with. The classic 'stance' has been a cyclical thing that never ends! So, I think any good rock station playing their share of classics while capitalizing the most on them will last the longest."

**MARTY BENDER, WSKS:** "It's all a matter of market positioning. Established and institutional AOR's like WEBN have a tremendous advantage in their ability to adjust their content and flow. They will get the automatic credit in any ratings service if they are playing a classic core artist. The shelf life of a total classic rock format is limited unless they make budget projections and adjustments to sell limited but profitable demographics. They won't ever acquire overall market dominance. What we've done in our situation is go almost totally current and sell our low age end of the album radio demographic. Both can work in any sized market unless there's lots of loose CHR competition. I instituted a classic rock format in the 70's against a high current format. It worked then and can work now if packaged within certain restrictions and with emphasis on listener lifestyles."

**STEW SCHANTZ, WPDH:** "If there is only one AOR in your market then leaning on classics pretty heavily can't hurt. But in a situation like New York City, with K-ROCK and WNEW, there's room for both those stations. You've got to choose which direction you're going to go. Will it stand on its own? I don't know. I look at the success of CBS-FM as an oldies and they consistently do well with what they want to do well with. I can see a rock format as being viable. Only time will tell."

**JOHN BEAULIEU, WTUE:** "In a nutshell, I think it depends on how far to the extreme the classic format is for that particular station. We, in a sense, are classic rock, but by no means do we play a less amount of current material. It gives us the affordability of playing more music. That has been our heritage for 20 years. It is a format viable to rockers from 10 to 50. And you can't ask for more stable demographics than that. If a station were 'solid oldies' I'd give them 6 months."

**KEVIN STEPHENS, KNAC:** "No, I don't think it's got a long term future. It's holding action that only buys some breathing space or time. Personally, I think it's a safe, conservative cop-out--people who don't have the strength in their convictions with no desire or belief in playing new music."

**BOB BAILEY, WKLS:** "The format has the potential to follow the same growth/decline that disco did, but I don't find them analogous in any way...I wouldn't expect the current boom to last any longer than two years. At the same time, though, oldies formats have always been valid and I see no reason that classic rock cannot have long-term validity either. I wouldn't expect it to show a 5, but if a 2 or 3 share with strength in a particular demo (in this case 25-54 male) is sufficient to make a station saleable then, yes, I can see it as a relatively long-term format...We have positioned ourselves as playing the largest quantity of classic rock in the market for sometime, both through on-air promotion and through several block format specialty classic rock shows. Our Saturday and Sunday mornings both begin with five hours of classic rock running 7AM to noon. In addition, we have 25 minute sets of classic rock Monday through Friday beginning at 6PM. We also have several other mystery oldie type spots throughout the day. Between our positioning and two other primarily oldies' stations in the market, one AM and one FM, I don't really see room for a classic rock format in Atlanta."

**DOUG CLIFTON, KBCO:** "For those programmers living in the past, classic rock is an easy living for now. Eventually the same classic over and over gets real old, real fast. With that you have a very stale format. Classic Rock mixed with new and current artists is still the best bet. Don't take your audience for granted! It's been our experience that listeners want to be challenged by hearing new music on the radio. KBCO will continue to work hard to be a great radio station playing the best of the music--new and old--no matter what the rest of the market is doing."

**DAVE KANE, WCMF:** "I wouldn't go so far as to call it this year's disco, however radio being as cyclical as it is, I think a lot of people saw this coming. The longevity of the format will depend on how, or if, it evolves. I perceive myself as being in the prime demo for a classic rock station, yet I still want to hear current music and have got to believe that there are others that feel the same. Some people can listen to oldies all the time, but I tend to think that it will become a minority...Recently we've had a 'classic hits' station come on-the-air, and they are somewhat directed at our audience. We have countered by doing what we've always done, which is to play up our 17 year heritage, continue our adult presentation, and play the best of the new music as well as the artists and the songs that made this format so popular in the first place!"

### QUESTION CONTINUED

WARREN WILLIAMS, KSRR: "Disco evolved into Urban. I'm sure classic rock will evolve into something a little more contemporary. It will evolve into a more contemporary sound. We highlight the classic songs that we do play."

WALLY WALKER, KQRS: "I believe it is a long term format if the individual station does it right. As a format I think it will be long term. Once again it's dependent on the station. There are some good ones that mix things up and some beat all the oldies to death...At this point it's obvious. They have a 3.6 and we have 10.0. We have taken the right steps in blocking their intrusion. We've managed to have an adequate mix of classics and new music to keep us interesting as compared to what's across the street - all oldies. We have increased the amount of classics and the variety of classics. We now have a much bigger oldies library."

KEN ANTHONY, KSJO: "It depends on the market. If there is a traditional AOR station (a station that plays currents and a fair amount of classic oldies) then that station should be solid enough to hold its own against an entering classic rock station. In a market situation, where an AOR does not lean towards playing classic rock, then I think, depending on the market's demographic makeup, a classic rock station could indeed make a tremendous impact. So I think the quick fix syndrome depends upon the AOR market makeup. I believe there's a whole generation of rock and rollers who grew up in the 70's listening to bands like Led Zep, The Who, Yes, Pink Floyd, and for an AOR station not to be playing considerable amounts of those groups would be denying themselves a huge chunk of upper demo numbers."

LEE ROBERTS, KMYZ: "The classic rock format is not, and I emphasize not, the disco of 1986. There are two different ways you can go about programming or being a classic rock station. First off, you can be a total classic rock station or you can do as we do and have a 60/40 mix of classic and new product. Speaking as the new kid on the block, going up against a very fine established AOR station (Charlie and Jim, your station does sound very good), you have to think of new ways to present yourself. It is a long term format if you do it right. The only problem in our situation is that whenever we come out with an idea, the folks across the street copy and steal everything that we do. This is not a 'put down' against them, this is just a statement of fact. I expect this format to be around for a long time, but again, it's how you program your classic rock station. 60/40, in my opinion, is definitely the way to go and our Birch and Arbitron numbers prove it. But what works for us may not work in other markets."

BONNIE STACY, KMCN: "No, it's legit. I don't know how long term it will be. In markets where the AOR's don't play much classic rock, it could have a shelf life of, say, 3-5 years, but if a classic rock station is competing against your basic AOR station that has a good mixture of new and old, they won't have a chance to last much past a year. No, we have a constant 50-50 split of new to old, besides, no other AOR would ever make it in this market."

KLIFF KAHUNA, WHMD: "Yes, I do feel classic rock is the disco of 1986. So many CHR's play nothing but new product and many AOR's in the recent past leaning towards predominantly current product, this definitely created a void - voila, classic rock to fill the void. Our positioning since I've gotten here has been to play a good amount of classic product along with current stuff. This, I feel, is the best positioning for AOR's because it's the right mix. You're not going to turn off the upper demos looking for oldies and the younger demos looking for current stuff. It's really nothing new. It's just trying to cover all the bases and we have a classic rock station in our ADI and it's really not pulling anybody's doors down and we feel it's not hurting us or others in the market basically because most stations, with the exception of the New Orleans area, are playing classic stuff along with current product."

PAT WELSH, KATT: "No, I would not say it's the disco of 1986. Disco was a very disposable type of music. Classic rock has obviously withstood the test of time. If a pure classic rock format doesn't have a long life, the music itself will, in terms of AOR. I would guess that classic rock stations would start to burn out after a year and a half or so without evolving. We have just made sure that we have the image of being a heritage rock and roll station and this includes highlighting our library of classics, but at this point, we haven't taken any specific steps in the way of adding new features to block a classic rock competitor."

BOB BITTENS, WHCN: "I wouldn't call it the 'disco of 86', mostly because there's nothing new about an oldies format. I do feel that it has a very short life, at least in its pure form. As far as taking steps to prevent someone from doing that in this market, I think the AOR's in this area play enough classic rock to satisfy the market needs. There really isn't room for another album oriented station in this market."

RANDY STEWART, WBGK: "This is a real pertinent question in Milwaukee because WKLH just popped on the air with a 7 share their first book. Personally, the shelf life of the format could be quite long if management expectations aren't unrealistically high. In other words, I don't think you'll see a classic rock station hang on to 4 or 5 shares at any point a year from now. However if the demos are good, they can make money with it. In most markets I don't think it will continue to be that successful. As far as our position, we play a lot of currents and fresh music. And we play a lot of oldies that have not been burned out. Once the audience compares us to a classic hits station, I think they'll realize they want to spend more time with us."

RICK VAN GIL, WLNZ: "We have a classic rock station here in Lansing. They are #2 in the market. We are #4. They moved up 2 points in the last book, we moved up 6.1. I think the classic rock station is like having Billy Martin manage your baseball team. The first year it is very bankable, the next year a burnout."

CINDY BAILEN, KZEW: "We already have a classic rock station in our market. It's our sister station and AM. We're probably lucky they're not competing with us on FM. Although we billboard classic rock carefully whenever we play it, we haven't gone crazy with it, but kept it in proportion. Just like any other type of station, a well programmed classic rock outlet could last indefinitely. People that do it less carefully could find themselves jumping on the next bandwagon when it comes around in about a year."

MIKE BENSSON, WBYS: "Classic rock is a long haul format if presented in the right fashion. It's the P.D.'s and M.D.'s job to be able to mix it with the right amount of newer selections, and the right songs for the market. With those stations that play classic rock exclusively, the key is to have enough variety in the library to prevent burnout. Yes, we do employ classic rock positioners and we program classic rock album sides and triple shots, so we have the handle on classic rock in this market. If anyone were to try classic rock in Buffalo they'd have to follow our cues instead of making their own."

STEVE BECKER, WKFM: "I feel that the classic rock format could become the MOR of our generation. Classic rock formats from now on might survive just as beautiful music stations have done so. As people are getting older, they are not necessarily turning to beautiful music stations or AC stations, yet classic rockers seem to have a place within their listening habits. The key in positioning a classic rock 'n' roll station is not necessarily to say that you're classic rock 'n' roll, but to program your music with a leaning towards that classic rock 'n' roll and still keep a foot in the 1980's."

RALPH TORTORA, WBAB: "The way most stations are presenting the classic rock format currently, its life expectancy is about 2 years, give or take a few months. It is not a long term format, and if a classic rock station tries to come into our market it will have trouble because we've been using a variety of classic rock liners for some time. They wouldn't be doing anything unique in the market and there wouldn't be any wind in their sails!"

ERIN RILEY, WMMR: "Yes, it sounds like a fascinating rhythm all over again...I can see them having some degree of longevity as a second option radio station for a long time, but in terms of being the album radio market leader, I think it will get real old real fast! I'd estimate its shelf life to be about a year...Part of the success of WMMR is constant audience stimulation with jocks, promotions and great current music. Yes, we do Classic Monday each week. (We had a special name for everyday of the week except Monday and since we're all half asleep that day, it seemed appropriate!)"

**QUESTION CONTINUED**

**ELLEN MCKINNON, WEQX:** "WEQX isn't gonna block any kind of format trying to make a go. We are not classic rock, our emphasis is mostly on new music. I think the shelf life on classic rock in my brain is about twelve minutes, but I can't speak for all listeners."

**TOM STARR, WOUR:** "The answer to the first couple of parts to the question depends upon a number of variables. Most importantly whether we're talking about exclusively gold format or one that incorporates at least some compatible current music. If it's the former, I don't think it's a long-term, viable format. The latter just might be. Our fourteen year heritage is the greatest deterrent to anyone setting up shop with that format in this market. We always have and still do consider our ability to represent the best of all vintages of rock 'n' roll one of our greatest assets. A multi-dimensional station should beat the single dimensional station every time if it's programmed properly."

**KEVIN VARGAS, KWHL:** "All the great AOR's already use classic rock as an integral part of their formatting. I don't see a classic rock station coming into this market. Our position is solid. As for how long classic rock will live, the music will go forever, that's why it's classic. But stock in the format is still a questionable commodity. It could last a long time as AOR's version of the AM's pure gold AC's."

**RICK WEST, WXKE:** "No, the classic rock is not the disco of 1986. Here in Fort Wayne, we're finding less draw at the heavy metal shows. The Dios have dropped in attendance while the bands that were forced to play small clubs are now able to sell out the 2500 seat theaters and a lot of people who quit going to concerts are coming back. Recent examples are the Moody Blues, Steppenwolf, Bachman Turner Overdrive, all drew well in Fort Wayne. More significant are the classic artists who are recording good music for today as Steve Winwood, John Fogerty and the new Alvin Lee. Anybody who is strictly programming nothing but classics is going to have fun for about a year."

**KAREN ANDERSEN SMALL, WGIR:** "You'd be doing classic rock music a severe disservice by comparing it to disco. In quality, classic rock is so far above disco it isn't even funny. I think the shelf life as far as market impact is about two years. Right now that's what a chunk of the audience wants to hear, but just like fads and fantasy, their desires will come and go. Yes, we have beefed up the titles and depths of some artists in the classic rock mold and have blocked stations like WZLX from taking away any audience from us in New Hampshire."

**LEX STALEY, WFYV:** "Yes, I feel classic rock can be compared to the disco craze of the 70's. But like so many of those stations, the ones that can build in the product and encompass the oncoming trends will be the survivors. I don't feel these stations will get away with playing the same Stones, Zeppelin and Who cuts with a little bit of Beau Brummels and compete with the freshness of a good solid AOR that plays a good mix of current classic. However I do feel that their immediate impact will be felt for a year to year and a half before they become another settling also ran in the market."

**HARVE ALAN, WCCC:** "In 1985, WCCC's tilt was geared toward classic rock. Our ratings were a classic failure. In 1986 while keeping the cream-of-the-crop classics as well as playing the best that contemporary AOR can offer, WCCC has reversed a major downward trend. While classic rock is very important to this format, its shelf life of the strictly classic rock radio station is going to be limited. Song burn-out and lack of musical excitement will do classic rock in. The key to AOR success is the right mix of old and new, which is determined by extensive knowledge of your individual market."

**HARRY REYNOLDS, KOZZ:** "The way I see it is that AOR will divide into two segments - one will be the classic rock segment for the upper demographics, and the other will be the younger segment for the college age people. It needs to happen!"

**TOM EVANS, WIYY:** "It can become the disco of the 80's because very soon I think you'll start to see more than one classic rocker in certain markets. Naturally, the format appeals to a very attractive demo, so you'll find people that are looking for that exclusive magic answer hopping on the bandwagon. I caution people to recall back to '78 and '79 when we all woke up with our core libraries burned and nowhere to go. Yes, we do Classic Monday (the greatest scam of all time). Yeah, we do classic weekends, and of course, we do some positioning statements."

**RUSS MOTTLA, WAAF:** "Unquestionably the classic rock format is a short term, high burn format and if logic doesn't tell you this, then maybe a look back in history should. It happened with the 50's gold formats ten years ago. Narrowly targetted oldies formats are great quick fixes, but don't address what AOR radio is which is a long term format that is in pace with current music and also features core oldies. In Boston the classic hits station is already trending down so I guess the life of a classic rock station seems to be what it's always been - about a year to a year and a half and when they've burned through all the good oldies, the audience looks for what they've always looked for, which is a station that plays music they like and not a novelty station. My strongest suggestion to anyone competing with a classic rocker is to have the COURAGE to not react. 18-34 demos may suffer a bit, but the audience is always going to come back after their initial sampling of the alternative. If you have a strong 18-34 core to begin with, they may leave but in effect what they're saying is 'hang on (my favorite station) while I check out this new guy, but I'll be right back'."

**BEAU RAINES, WKRL:** "We are the classic rock station in town and despite efforts by WYNF to block us using Classic Rock Monday, a classic cut of the day, and wholesale changes in their music, it only took us two Books to beat them 18+ Men. My advice to AOR programmers when a classic rocker comes to town is not to over react. WKRL, being 20% current, 80% library will probably have a longer shelf life than the rest. I feel that if the library is deep enough and rotations are controlled properly, we are not the disco of the 80's, and shelf life is yet to be determined."

**GREG STEVENS, KCFX:** "We don't think that it's a fast burn format. If we did think that, we wouldn't have switched to classic rock a year ago. As far as the shelf life goes, we're rotating about fifteen hundred titles, and, at this point, none of our research shows any substantial burnout or repetition problems."

**DOUG GOMBEK, WCXR:** "The comparison with disco bears no validity as disco was a fad and, as such, disposable. Classic rock is the very basis of album rock and, as such, enduring. I see no end to the appeal of the music with which we base all of our careers. Certainly some evolution of the format will occur, but most in the industry will not speculate on the specifics of that evolution. I think we are simply seeing an audience reaction to the glut of new artists/releases, and radio's over reaction to them in years past."

# Radio Action

WCCC, HARTFORD, CT P.D./M.D.-HARVE ALAN: "It's happened! Glass Tiger 'Don't Forget Me' is a h-i-t in Hartford! Sales are up. Requests are up. This one scores big...I've got to admit 'Danger Zone' from Kenny Loggins almost got away from me on first listen--Well, 'Playing With The Boys' is Loggins' second big score of '86...Good to see Triumph on vinyl again with a real accessible tune that pleases Triumph fans and non-Triumph fans alike...My biggest headache this week is what to do with an excellent song like Paul Simon's 'You Can Call Me Al'. I still don't have the answer. Will rock radio listeners embrace, or push that dreaded button?"

KGON, PORTLAND, OR ASST. M.D.-IRIS HARRISON: "Inessa's on vacation #2 so you have me for a bit!...Seems that after the ZZ Top concert, Billy Gibbons caught a few of the local Portland bands and liked them so much he came back for a week of fishing and listening!...We've been asking for comments on the new Music Show and are getting positive reactions to the Beat Farmers; The Nails and R.E.M. ...Calls on 'Spirit In The Sky' by Doctor & The Medics--new and old are interesting too!"

CFNY, TORONTO, CN ASST. P.D./M.D.-DON BERNS: "Those of you who poo-pooed The Smiths, consider this. Last week some 15,000 frenzied fans turned out to see their Toronto show and the place was bedlum! Like their music or not, there is no denying that The Smiths have a huge and very vocal following! I haven't seen crowd reaction like that since last year's Bruce Springsteen extravaganza. Their Lp is also the 3rd most played on this radio station this week, just behind Steve Winwood and Peter Gabriel. Helping that airplay along is the presence of the new Smiths import single 'Panic' which the BBC will not play because of the anti-radio tone of the song. No doubt it is a great piece of music; however, even (or especially) with the lyrical refrain of 'hang the DJ'...Biggest Lp upward mover this week belongs to Rupert Hine/Thinkman (Paul's brother?) has put together simply one of the best Lps of the year, sounding at times like The Fixx and Cafe Jacques (both of which Hine produced). 'The Formula' is full of pop and AOR tracks that stand out as being totally unique and accessible to the mass audience. Rupert is h-o-t..Right behind Thinkman is Canada's 54.40 was a surprisingly deep major label debut, sounding American--without cowering to the Bryan Adams' corporate sound. 54.40 runs the gamut from out and out rock 'n roll, to roots sounding songs like 'I Go Blind' which is our initial lead off track, along with 'I Wanna Know'. Look for major things happening for this!... Want to hear a taste of the forthcoming UB40 Lp? Listen to 'Sing Our Own Song' which could very well be a major late Summer hit, at least by the reaction it's getting here--with great airplay and tons of early requests...Also hot on the import front is Tom Robinson's 'The Real Thing', a stunning anti-cocaine number that shows how much of a hitmaker this man is, even though he's currently without any label in North America--pity!...Glad to see 'Cross The Border' released as a second Icehouse single. It is, without a doubt, the second strongest cut on the Lp and sounds great on-the-air...Smithereens are coming on strong with 'Blood And Roses'. It took me a couple of listens to get into this track, but I strongly believe it's going to be a major song for this new band...And, if you're not playing Dr. & The Medics 'Spirit In The Sky', you are doing your audience a massive disservice. It has been one of our top-requested records for well over a month. Many thanks to Morrissey of The Smiths for granting his only Toronto interview to CFNY's Skot Turner...P.S.: Check out the extended remix of The Nails 'Things You Left Behind'. It's HOT!"

KQRS, MINNEAPOLIS, MN M.D.-WALLY WALKER: "Let's not let a talented new artist slip through the cracks. Pick up the 'Ten Stories' album by Jef Scott and listen to 'Relative To You'. It's in our highest rotation here after only three weeks."

WHJY, PROVIDENCE, RI ASST. P.D.-GLENN STEWART: "Jon Bon Jovi should be ashamed of himself--making all those teenage girls sweat and drool and then coming out with a great song like 'You Give Love A Bad Name' that makes them jam our request lines nonstop. For shame, for shame!...The Smithereens 'Blood And Roses' finally happened this week and I didn't need any chart numbers to tell me that the ground swell on this record could become a full fledged earthquake. Sales have already had a promising first week...Okay, so 'Somebody Out There' from Triumph is formula rock, but if I had this formula, I'd patent it and make a bundle too. As soon as it hit the air, the word had spread among the Providence faithful--Triumph has returned!...David & David has a sneaky tune that gets more melodic with each listen. After numerous false starts, it finally got me... And, of course, HJY now welcomes Ken Carson as our new P.D. Stick around Ken."

KZEW, DALLAS, TX ASST. P.D./M.D.-CINDY BAILEN: "R.E.M. is a killer. 13,000 copies flew out of the Dallas/Ft. Worth stores last week. I listen to it all the time. According to our music guru, George Gimarc, 'Superman' is a cover of a 1968 song by Houston band, The Clique...We've got some momentum going on another Texas band called Timbuk Three. Their debut album is on I.R.S. and the happing track is 'The Future's So Bright I've Got To Wear Shades'."

WLVO, COLUMBUS, OH P.D.-PAT STILL: "A lot of curiosity on Run DMC. It's got the Aerosmith fans split... Kenny Loggins has helped put the 'Top Gun' movie soundtrack at #1, pushing Genesis to #2, and Genesis had been #1 for seven weeks...Bon Jovi 'You Give Love A Bad Name' is fine pure rock and roll...Nice to see Bryan Adams helping out Bonnie Raitt on the new song 'No Way To Treat A Lady'."

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY: "I never thought I'd be making up two weeks on comments because of a broken finger, or as they referred to it at the hospital, crush injury, third digit, left hand. Thanks for all the nice phone calls and flowers. I should break things more often (no comments from the record community please)...Here's a record that's going to break wide open--Triumph. They've always had a huge following, some due to radio airplay, but most due to an incredible live show. The obvious forthcoming combination of the two could be lethal...Had the pleasure a couple of weeks back of seeing the return of Kim Mitchell to his hometown of Toronto. I haven't seen an audience go so crazy and know all the words to all the songs since Bruce...Congratulations to both Bob Catania and the birth of his daughter and Sean Coakley on his sex change operation--oh, I mean marriage to a girl...Fun for all at the annual Bill Hard canoe fest, rain and all. Special thanks to my hero Kevin Gunn for the 'Wala Wala' by the mango tree."

WIYY, BALTIMORE, MD M.D.-CHRIS EMMY: "The Bob Seger/Fabulous Thunderbirds tour hit town for two nights last weekend. I've seen Bob numerous times throughout the years and this was the best yet. Ex-Little Feat keyboard ace Bill Payne is along for the ride. What a tight band! When the tour comes to your town, make sure you get there early and catch the T-birds. I've been a fan forever and it's great to see these 12-year overnight sensations make it big...Thanks to Epic's Jerry Thompson for bringing Jimmy Lee Vaughan by the station for an on the air with me."

WBGK, MILWAUKEE, WI M.D.-RANDY STEWART: "There's been a lot of comments lately in the industry about new artists not getting airplay. One of the reasons is the depth of the albums from the established acts, such as Peter Gabriel, Genesis, Steve Winwood, Moody Blues and Van Morrison. When you see them lead the pack in sales, it's real easy to keep milking the albums. Also, listeners just don't seem to be responding to the new artists that we do play. If people do indeed want to hear new artists and new music, why aren't they letting us know about it on the phones or at the record store. It's kind of a frustrating chicken and egg dilemma."

WLNZ, LANSING, MI P.D.-RICK VAN GIL: "I hope it happens with this one. It is time to welcome with open arms the new Bon Jovi record. Here's a band that has put out two quality releases and by the sounds of 'You Give Love A Bad Name', the third album will get them the respect they deserve...The new Triumph is right on the money and it's getting good first week calls...Our new slogan is 'I can't wait to play Bonnie Raitt!' Treat this lady right because she has given us a hit that will cover all the bases...Our night jock has phone elbow from answering all the calls to play Rough Cutt's 'Double Trouble'. Does this band have a good tune or do they have relatives in Lansing?...Finally, thanks to WDVE's Greg Gillispie who stopped by the Lazer on his vacation. Getting free advice was great, but what I really wanted was his Arbitron numbers."

WNEW FM, NEW YORK, NY M.D.-MARK CHERNOFF: "Nighttime is the right time for Bon Jovi and Triumph. 'You Give Love A Bad Name' really cooks, while Triumph's 'Somebody Out There' is their best bet for a CHR crossover hit...Enjoyed the BTO/Van Halen show at the Meadowlands, but I doubt I'll remember the names of Randy Bachman's eight kids...Don't underestimate the new Paul Simon tune. This one could return Paul to the musical spotlight...Excellent phones continue for Eddie Money...Bon Jovi debuts Top 5 phones."

WYNF, TAMPA/ST. PETERSBURG, FL ASST. P.D./M.D.-RON DIAZ: "It took one listen to the Eddie Money to put it into heavy rotation. After a couple of weeks on the air, it's just plain as day 'Take Me Home Tonight' is an out and out smash. Eddie Money's vocals have never been as pleading and pleasing. Now it's time to put on additional tracks from 'Can't Hold Back'. 'We Should Be Sleeping' is my fave...Bon Jovi has sold lots of albums in the past and with the quality from beginning to end on the new Lp, Bon Jovi will have a multi-million project. 'You Give Love A Bad Name' is a good start up track, but I believe there are many other hits to follow like 'Livin On A Prayer' and 'Wanted Dead Or Alive'...Triumph has been a consistently successful AOR band and 'Somebody Out There' is as melodic a song as they have put out. It should do well... Do I need a shave, pal, or does Don Johnson have a pretty good voice?...Daryl Hall has one of the finest sounding songs (from a production standpoint) that we have on the air. Already pulling some phones and it looks like a big hit for him...Also seeing good phones on Quiet Riot from people in their lower 20's. It's certainly not as juvenile as 'Bang Your Head.'"

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "Timbuk 3 is my favorite new release of the week. 'The Future's So Bright I've Gotta Wear Shades' leads off an album that is full of well crafted songs. I have a feeling that this record will become a big favorite around here...Already a big favorite is the new Bonnie Raitt album. Bonnie's put together her best album since 'Sweet Forgiveness'. 'Crime Of Passion' and 'Running Back To Me' follow up the single as our next two picks...Rodney Crowell's 'Ballad Of Fast Eddie' is a great cruisin' tune...Eric Johnson, Rob Jungklas, R.E.M., Double and Paul Simon are burning up the phones...Retail bin burners include: Steve Winwood, Peter Gabriel, Genesis, Eurythmics, and the Fabulous Thunderbirds... Thanks to Cozy Powell for the phone call...This week I'm working mornings. The music calls will be taken from 11AM to 1PM Wednesday, Thursday and Friday."

WLIR, LONG ISLAND, NY ASST. P.D./M.D.-LARRY "THE DUCK" DUNN: "Just back from vacation and the first record I put on my turntable is Eric Johnson 'Trail Of Tears'. Has anyone discovered this record yet?..In the never-say-die department, to prove what a major Lp success this Lp has had in the market, INXS 'Kiss The Dirt' is Screamer Of The Week. Last week's Screamer was UB40 'Sing Our Own Song', and it's #2 most requested this week...Interesting new imports this week include the new Icicle Works single, the new single from Joe Strummer and the Tempest produced by Glen Tilbrook of Squeeze...Don't pass by the new Cult track on the 'Out Of Bounds' soundtrack. This band is destined to be big...From Denis and I, we both wish Bill all the best in his future endeavors."

KGB-FM, SAN DIEGO, CA M.D.-PAM EDWARDS: "The David & David success story continues in San Diego. Lots of listeners are calling up to find out who does 'Boomtown'. They aren't only making requests, they want to go out and buy the album! This is one of those bands that just has that special magic. If you're still unconvinced, play it for a friend. Everyone I've played it for has asked for an album and then called to tell me about all the other great songs, too...Record companies--please don't send out any more 12" records that have to be played at 45 RPM. It's confusing to everyone and inevitably a jock forgets to switch the turntable back to the right speed and we hear U2 sounding like the chipmunks!...And to Bill Hard: looking forward to dealing with you in whatever endeavor you choose to succeed in. Best wishes."

KZEP, SAN ANTONIO, TX M.D.-DICK SHEETZ: "First off, many thanks to Bubba Wayne for remembering. I'll think of you and MCA every time I see it...Todd Galli, thank you for your cooperation in our upcoming ZZ Top show and promotion...On to music...Daryl Hall has moved up in rotation and the phones are great...The new Thorogood 'Live' hasn't got a bad cut on it...The new Triumph 12" is good, but I'm waiting for the album... August 23 and 24 brings Sunfest to San Antonio. Food, fun, beer and live music. Any record reps who want to come down and do a little skiing behind our Aqua Ray boat we're giving away that weekend, feel free."

WFBQ, INDIANAPOLIS, IN M.D.-JAY BAKER: "Q 95 very rarely makes comments in the trades. However, we have noticed an incredible local sensation by the name of Henry Lee Summer. Henry Lee can pack 'em in with the best of them. In fact, he often outdraws many nationally known artists. He currently is without a record deal, which after you hear him, would come as a surprise. This man needs some national vinyl! Please help him out. If you would like a sample of Henry's work, contact us at WFBQ."

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA: "Billy Joel comes in at #8 in local sales this week. No surprise. After spending a week with the Lp, I can firmly say it's my second favorite Billy Joel album ('Turnstyles' will probably always be #1)...It's great to have Bonnie Raitt back on the radio in current rotation. I remember hearing a rumour some years ago that Warner Bros. dropped her. Boy, I'm glad that was false! This Bryan Adams/Jim Vallance ditty might be the one to give her the mass recognition she deserves since 'Give It Up'...While we're on the subject of mass appeal, let's talk about Triumph. These guys have put out a tune that simply just sounds great. Someone told me the album has 4 or 5 'Magic Power's' on it. If the 12" is any indication, that might just be true...We went with the Paul Simon this week. Admittedly it's semi-mindless but it is catchy. After two listens, I couldn't get that hook out of my head, and that's the name of the game isn't it?...The Thorogood is exploding on-the-air; on the phones, and in sales! One of America's premier rock 'n rollers has put together one smokin' Lp...Hats off this week to Bon Jovi also...So much godd music out I can't stand it. I can't play it all either--well, there's always next week...Saw some great shows this week: BTO and Van Halen at the Meadowlands (they sure were having fun on stage--both bands). BTO's version of 'Mississippi Queen', with a special guest appearance by Leslie West and Van Halen, Sammy Hagar's 'I Can't Drive 55' and 'Dreams' were my personal favorites that night. Thanks for everything, Valerie...Saw Whitney Houston at Jones Beach, too. Think what you will but she is truly a talented vocalist. She gave me chills several times! Thanks to Jay Ziskrout and Jeff Becker for the chance to see her and the chance to tell her how great she is face to face...Rapped up the weekend with Mr. Mister on Sunday. The screams from the audience made it feel like I was watching the Beatles! A big 'thank you' to David Ross for the stage seats...To Peggy Apple: Howard Bernstein told me what you said. Thanks for the kind words!"

KICT, WICHITA, KS M.D.-PHIL THOMPSON: "As predicted, the Rainmakers brought the house down last weekend, Saturday night especially. It was their last Wichita appearance before hooking up with the Big Country tour. The crowd and the band were both into it, and the phones were lighting up like crazy after you guys stopped by Saturday. Good luck on the tour. Wish I could join you. The combination of their show here and the quality of the record has the Rainmakers perched at #1 most requested. Thanks also to Bill Rush from PolyGram for the advance Lp...The Billy Joel and Eddie Money are both picking up steam and the R.E.M. sounds fantastic on CD. Thanks to Phil at I.R.S. for sending them my way."

WAAF, WORCESTER/BOSTON, MA ASST. P.D./M.D.-RUSS MOTTLA: "I was finally glad to get the David & David record in rotation. This is a fine song that I think will have long radio legs. I hope the new Night Ranger song from the 'Out Of Bounds' soundtrack breaks them out of the rock ballad syndrome. The song really cooks, but it's hooky enough for lots of radio airplay. I think 'Wild And Innocent Youth' is the best Night Ranger tune to come down the pike since 'Don't Tell Me You Love Me'...Run DMC has proven itself to be one of our most requested currents of all time. 'Walk This Way' smokes with intensity and integrity. If Steve Tyler and Joe Perry were not on this, it would not be nearly as serious an AOR track, but let's face it, our audiences are not musically myopic. They hear songs they like and don't really know from format which is our own creation...Eddie Money is pulling Top 5 phones first week out and that doesn't happen a lot here. It's unquestionably one of the most musically appealing songs Eddie's ever had."

**RADIO ACTION CONTINUED**

WDHA, NORTH JERSEY, NJ P.D.-MIKE BOYLE: "We had a wonderful visit from Tom Cochrane of Red Rider this past week! Thank you, Arthur and Dave at Capitol, for setting it up!...We also had a great time with The Smithereens here last week. Mike and Dennis from the group are very excited about the upcoming tour. Don't miss them when they come to your town! This album is selling around the country. Please get behind a band that does get reaction...Phones already going crazy for New Jersey native Bon Jovi! I don't know which is hotter--the cover of the 12", or the song 'You Give Love A Bad Name'...My favorite add this week comes from a new band called The Lover Speaks. 'No More I Love You's' has all the ingredients of a smash hit! Do not only listen to it once---After 3 or 4 times you'll become very attached to this song! This was produced by Jimmy Iovine, so it has to be great, right?"

WRCN, LONG ISLAND, NY P.D.-LENNY BLOCH: "Thanks to 'Country Dick' and the Beat Farmers for bringing their wacko brand of rock 'n roll to the Hamptons. Look for Dick's book: '1004 Things You Can Do With A Beer Bottle!' 'Riverside' continues to draw phones and sales...We're psyched for our 'Patio Lanterns' party this weekend. Grand prize winners get cool patio furniture and a gas barbeque. Thanks to John Weston for the help...WRCN covers the Island, and WPLJ covers the City this year in the Easter Seals Softball Tournament. Sorry, late teams, we're s-o-l-d out! Honorable Chairman, Don Mattingly, told me I was special. Wow! Baseball is my life! Our bus to Yankee Stadium last week went off perfectly. 50 fan-atics going to the Bronx to enjoy the Bombers. I've got subway directions in between Queens and the Bronx. Call me!...Please send ten year birthday greetings ASAP to Long Island's quality rock WRCN! Electrify today!"

WBRU, PROVIDENCE, RI M.D.-ALISON STEWART: "The Rainmakers are out of this stratosphere! 'Let My People Go-Go', with its campy nature and killer chorus, wooed me into an add!...More Winwood; more Genesis; more Eurythmics, were in order this week as well as more Bob Seger. The consensus at BRU is that 'It's You' has the quality of 'Against The Wind' and will appeal to not only Seger's fans, but the upper demos as well...My favorite Bangles track finally made it to BRU. 'Walk Like An Egyptian' is charismatic and will be bigger than the previous 12", for sure...As my co-Rhode Islander HJY Glenn Stewart said last week, 'the weather in Providence this week blows'--so, that's why as you read this, I'm on Martha's Vineyard!"

WTUE, DAYTON, OH M.D.-JOHN BEAULIEU: "Thanks to the Beach Boys and the Pheromones for chatting with us this week on the morning show!"

WHTF, YORK, PA P.D.-MICHAEL ONDAYKO: "So, now I know what Tim Drayer goes through every week! It's amazing how much you count on somebody when they're on vacation!...The big news this week is first of all the appointment of Dave Powers as Assistant Program Director. Dave's knowledge of the area and his basic gut intuition will just add to the success story that's building here at Starview...Musically, Thorogood is where it's at... And the new Bon Jovi kicks a lot of butt...Triumph was a natural...And if you haven't started on the R.E.M., you're definitely missing the boat...To Rick at Enigma: Here's your bleeping Smithereens...And to Stoney: Remember, Pirates and Phils on the 15th!"

WIOT, TOLEDO, OH M.D.-JIM STEELE: "Ya know, if there's one thing I like, it's a band that consistently works on improving their sound--struggles just a bit to become disciplined in the work ethics--and finally comes up with a tune that will catapult them into being a major act. Taking one listen to 'You Give Love A Bad Name' from Bon Jovi was sheer pleasure. The band have always been knights in a king's castle, but now the king is gone and the throne is empty. Behind this tune, the throne now belongs to Bon Jovi!...Also impressive this week is the new Triumph tune 'Somebody's Out There'. Sounds like a hit kick-back to the 'Allied Forces' days...Finally, congratulations to Michael Hughes at NBC on the new addition to this family."

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "WOUR's past Bon Jovi airplay has been based more on the recognition of street value than anything else, but from the riveting opening, this track serves notice the lad is ready for his airplay to catch up to his sales!...Billy Joel's latest represents nothing less than a triumphant return to the enduring quality that made him a format staple artist years ago. We welcome him back with three tracks...If you're looking for the ultimate reaffirmation of the tower of pure rock 'n roll, get out and see the Beat Farmers. If George Thorogood's record earns a spot in your rotation, and the Beat Farmers hasn't, do yourself and your listeners a favor--re-listen to 'Riverside' and 'Blue Chevrolet'--they'll love you for it!"

WRKI, DANBURY, CT P.D.-BUZZ KNIGHT: "I-95 would like to thank Roger Lifeset, all the folks at Living Music Records, and most of all the Paul Winter consort for an incredible live Jazz Brunch this past Sunday. Let's do it again soon!"

WMGM, ATLANTIC CITY, NJ M.D.-AL BRANCA: "My ears are still ringing from last night's Van Halen concert at the Spectrum. They rocked loud and they rocked long! Sammy is, without a doubt, the right replacement for a front man. Their version of Zeppelin's 'Rock And Roll' brought down the house! Don't miss them when they come your way. Most importantly, don't forget the cotton! Thanks, Stoney, for the backstage fun...New vinyl: Eddie Money 'Take Me Home Tonight'--just a great tune and long overdue...Bon Jovi 'You Give Love A Bad Name'--favorite add this week. Great hooks, clean vocals, kick ass rock 'n roll...Jackson Browne 'Black And White'--like I said months ago, this album will be around forever...Triumph 'Somebody Out There'--when I first listened to this record, I kept putting the needle back to the beginning. Real nice surprise and a lot of potential...Cactus World News 'The Bridge'--should have been the first single. When we first played this one on-the-air the phones went wild. People wanted to know what the new U2 song was!...Fabulous Thunderbirds 'Look At That'--Robert Palmer 'Didn't Mean To Turn You On'--and Bruce Hornsby And The Range...Top 5 phones: Huey Lewis 'Stuck With You'; Van Halen 'Love'; Billy Joel 'Trust'; R.E.M. 'Fall'; Steve Winwood 'Higher'."

KFMF, CHICO/REDDING, CA M.D.-MARTY GRIFFIN: "The list of great rock 'n roll records for the Summer of '86 continues to grow. Added to the list, and the surprise of the week, has to be the latest offering from Triumph 'Somebody's Out There'. This record has it all and it even sounds better on the radio...Other adds this week include the smokin' new release from George Thorogood...Also, another upper demo winner from Bob Seger 'It's You'...R.E.M.'s best record to date 'Life's Rich Pageant'. Thanks to I.R.S. for the CD...Hot, sizzling records make for a great sounding h-o-t Chico/Redding radio station...Till next time, keep rockin'!"

KMYZ, TULSA, OK M.D.-LEE ROBERTS: "First off, new music call hours: Mondays and Tuesdays from 10:00AM to 12 Noon Central Standard time...Now, on to more important things: A month ago if anyone would have told me that Glass Tiger would be as h-o-t as it is, I would have been very skeptical--but, it is a proven h-i-t--not only from requests, but from the airstaff and sales staff alike at Z104...The surprise of the Summer has to be the return of Eddie Money. Looks like Eddie is back with one of the Summer's best! After only 3 airplays, the phones are exploding for the song...Billy Joel; R.E.M.; Bob Dylan; Alvin Lee; Van Morrison; and GTR are all doing extremely well...Special 'thanks' to Ed Clime of A&M for the 38 Special phoner and thanks to Netta of PolyGram for the Emerson, Lake and Powell help...Finally, one word: 'Hello' to Sharon White of MCA...REMEMBER, music call hours Mondays and Tuesdays from 10:00AM to 12 Noon Central Standard time... Until next week!"

WPLR, NEW HAVEN, CT M.D.-CHRISTINA: "After four weeks in the number two position, Run DMC finally ousted David Lee Roth for #1 requests, and we're not just talkin' little rug rat calls...Early phones plop Bon (bad ass rock 'n' roll) Jovi right into heavy rotation, despite the sleazy twelve inch cover...Early phones too on Eddie Money...For a different energy charge, try Bonnie Raitt's 'Nine Lives'. This album knocks me out. Besides the single 'Running Back To Me' and 'Who But A Fool' are favorites...P.S. To all the lunkheads in the Northeast who keep telling their listeners otherwise, summer is not over!"

WAPL, APPLETON/GREEN BAY/OSHKOSH, WI M.D.-RICK PANNECK: "Brian Taylor has been raving about the Rainmakers since he caught them live in Minneapolis a couple of weeks back. This week 'Let My People Go-Go' gets a shot... Bon Jovi returns with a vengeance. 'You Give Love A Bad Name' will definitely get them platinum status... Another band of professionals that know how to handle radio is Triumph. These guys are some of the hardest working individuals around. Don't sell yourself short. Play Triumph and Bon Jovi before both these records break on CHR."

RADIO ACTION CONTINUED

WCMF, ROCHESTER, NY ASST. P.D./M.D.-DAVE KANE: "Well another vacation is now history. The first part was in Toronto to see Kim Mitchell perform in front of a hometown crowd of over 14,000. To say it was quite an event would be a slight understatement. You must see the band live to fully realize how hot they are. Thanks to the band and Tom Berry and the people at Alert Music for the Canadian hospitality...From there it was out to L.A. to spend some time with the likes of Marko Babineau, Tommy Nast, J.B. Brenner, John Brodey, Kenny Puvogel and a cast of thousands. Got to hear some great new music from forthcoming albums by Berlin, Bon Jovi, and It Bites, all of which will be albums to deal with seriously...Was also privileged to see the dress rehearsal for the upcoming David Lee Roth tour. The one word that comes to mind in describing this band is 'BALLS'. They breath new life into about a half dozen Van Halen tunes and they really have a rave up with the new material. The band's musicianship is considerable and David Lee is, of course, the consummate showman. Don't miss this one when it comes to your town...Musicwise, the new song from Triumph is a real winner. The band has always had a large and loyal following in upstate New York and now that the song's on the radio, all their fans are calling in and they're calling in a lot...George Thorogood has been on the radio all of about two weeks and has quickly vaulted into Top 5 requests...And by far the favorite add of this past week is David & David's 'Welcome To The Boomtown', also known as 'the song with a hook that wouldn't go away'... Finally, my airshift has changed once again and I'm now back doing 10AM to 2PM. Music calls will be taken Mondays and Wednesdays 2-5PM and the adds will still be ready Tuesday afternoon after 4PM."

KLPX, TUCSON, AZ P.D.-ARIN MICHAELS: "Another great week musically! Gotta hand it to Mike Levine and Triumph. They did exactly what they needed to do this time out. A nice hooky tune that is well-produced and thought provoking. Love the lyrical content. From 'One Cosmic Queen' to 'A Trio Of Kings', the song definitely gets the message across. My favorite for the week! Can't wait to hear the entire Lp. By the way, you do not need to daypart this record."

WFYV, JACKSONVILLE, FL M.D.-LEX STALEY: "Nice to see Bonnie Raitt back with an Lp. I'm a big fan so she was sorely missed. The Bryan Adams track seems to be the one everyone is going on. We can't resist Bonnie Raitt/Karla Bonoff team on 'Running Back To Me' which is an excellent rock and roll song...Screamer Of The Week isn't a feature that we do, but if we did, Smithereens would get it hands down this week. 'Blood And Roses' is lacing the phone lines and is doing very well retail...While we thought we were taking a chance playing Shadowfax, it looks like it was a good move on our part as two stores in town have reported top CD sales and it is definitely one you would want to consider if you're going after the upper demos."

KFMG, ALBUQUERQUE, NM P.D.-TOM MARSHALL: "This past weekend Rock 108 continued our celebration of the '108 Days Of Summer' with an incredible Friday night sold out ZZ Top concert where our grand prize winners enjoyed dinner, limo service, and a flight to the concert in a helicopter. Good to see Michael Linehan, Bruce Caplan, and Ray Gmeiner at the show...On Sunday over 10,000 sun worshippers attended our first annual beach party featuring live local rock bands and over 550 tons of sand. We raised nearly \$15,000 for a local children's hospital...Musically Triumph delivers their best since 'Magic Power'...And we give a deserved slot to the Smithereens for 'Blood And Roses'...On a closing note, welcome to our new competitor KKBR and the 'new' 94Rock, KZRR...And happy 7th anniversary to me here at the home of rock and roll."

WFXR, CHARLESTON, SC M.D.-R.G. JONES: "I usually find about four-five albums a year that really stick with me, but it seems like there are even more than that popping up here on me in the last month or two. It's hard to believe all the good stuff coming out right now. But hey, lovin' every minute...The Fox is keeping southern boogie alive with our rock and roll extravaganza this summer. We're having concerts every week and so far we've had Blackfoot, Molly Hatchet and it looks like we've got Allmans coming up. But the South is eatin' it up. I hope we can keep even better shows comin' in 'cause it sure is fun to rock and roll."

WMAD, MADISON, WI M.D.-DAVID ANDERSON: "The Billy Joel album is a pleasant surprise. I have to applaud him for his wise choice on the duet with Ray Charles and being a bit more adventurous...Radio--take note! Rainmakers--a fun record with clever lyrics. The only thing they left out is 'Bee Bop A Loo Bop', but I hear it's in the extended version (the 12" biblical mix)...This Jef Scott record has 14K sound. Give the producer and engineer a \$5,000 space on the wheel! 'One To One' has great driving guitars...The big lie has finally been revealed. Everybody thought that Buddy Holly died in 1959--it's not true! He's cloned himself and is now working as a four man band from Wisconsin known as the BoDeans. And the record is terrific. If you don't believe me, listen to 'Angels'."

CHEZ-FM, OTTAWA, CN M.D.-GREG TORRINGTON: "ADDS: David & David 'Boomtown'; Triumph 'There'; Doug Bennett 'Monday'; Eddie Money 'Take'; UB40 'Song'...CONSIDERING: Guadalcanal Diary...MOST REQUESTED: Kim Mitchell 'Patio'; Peter Gabriel 'Sledgehammer'; Tom Cochrane 'Boy'; Run DMC 'Walk'; Icehouse 'No'...INCREASED PLAY: Van Morrison; Kim Mitchell; R.E.M. ...INCREASED SALES: Steve Winwood; The Smiths; INXS; Bob Dylan."

INCREASED PLAY: Cinderella; INXS; Daryl Hall; Neil Young...More good shows this weekend. Enjoyed seeing The Call on 'Party On The Bay'. It's a boat ride around San Francisco Bay. As always, thank you--thank you--thank you to Dave Johnson from Elektra...Roll out the red carpet for the Chrysalis entourage when the Icehouse show comes to your area. Many thanks to Kevin Sutter, Michael Nesbit and Jeff Laufer for a lovely evening, dinner, drinks and a fine show with Icehouse at Wolf Gangs. What a nice bunch of guys in the band!--And thanks, Iva, for shagging down that beer for me!"

INCREASED PLAY: The Fixx; Genesis; Peter Gabriel; The Smithereens; Bob Dylan; Rob Jungklas; R.E.M.; Daryl Hall."

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN SMALL: "Bon Jovi 'You Give Love A Bad Name' will have his vocal following hitting the phones in force!...We finally found room for Dylan's 'Got My Mind Made Up' adding a dash of down home, solid rock 'n roll to the playlist...Brian Adams and Jim Vallance continue in their stride by penning the strongest tune Bonnie Raitt's done in years. 'No Way To Treat A Lady' rocks with the unmistakable Bonnie style... 'Somebody's Out There' is a real good record for Triumph. It's the most mass appeal record they've done--Should be one of their most successful ever!"

WKLT, TRAVERSE CITY, MI ASST. P.D.-TERRI RAY: "ADDS: Eddie Money 'Take'; Triumph 'Out'; Icehouse 'Cross'; Bon Jovi 'Give'...MOST REQUESTED: David Lee Roth 'Yankee'; Neil Young 'Touch'; Bob Dylan 'Mind'; Eurythmics 'Man'; Van Morrison 'Ivory'...INCREASED SALES: David Lee Roth; Madonna...We're putting Neil Young into a heavy rotation this week. 'Touch The Night' sounds great! It's already picking up phones for us...Another rock 'n roll lifer who's sounding good is Bob Dylan. Tom Petty whines right along with Bob on 'Got My Mind Made Up', and they get my vote for best new couple of the year!"

**WTOS, SKOWHEGAN/BANGOR, ME M.D.-DUANE SHERMAN:** "ADDS: Bang Orchestra 'That'; Hindu Love Gods 'Time'; Bon Jovi 'Give'; Al Corley 'Face'; Tom DeLuca 'Chevy'; Triumph 'Out'; Gordon Lightfoot 'East'; Death Comet 'Mystic'; Fabulous Thunderbirds 'Look'; Robert Palmer 'Mean'; Timbuk Three 'Future'; Escape Club 'Angels'... CONSIDERING: FM/UK...MOST REQUESTED: R.E.M. 'Believe'; The Smiths 'Queen'; Run DMC 'Walk'; Bob Dylan 'Mind'; Smithereens 'Blood'...INCREASED PLAY: Bonnie Raitt; Eddie Money; George Thorogood; David & David; INXS...A special 'thank you' to Tim Farris of INXS! While in Maine last week, Tim donated \$2,000 to the Maine Chapter of Greenpeace. It was greatly appreciated...The Del Fuegos/INXS show was great. A 5,000 count dance party...Also, thank you goes to George Skaubitis of Warner Bros. for the tickets to Los Lobos. That show was equally as hot, especially with Doctor John joining them on the piano!...The new R.E.M. continues to dominate here at TOS--big phones and big smiles. If you're an R.E.M. fan, don't miss the 'Hindu Love Gods'. It's actually R.E.M., minus Michael Stipe, but with the addition of Warren Zevon--The band takes a semi different approach...Also, lend an ear to Timbuk Three, Death Comet and the Escape Club. All are worth listening to and playing...Pick-of-the-week: The Bang Orchestra. Love that last line!"

**WBLM, LEWISTON/PORTLAND, ME M.D.-ROBIN MATHIEU:** "Smithereens 'Blood And Roses' is finally on-the-air and sounding great! I have to commend Rick Winward of Enigma; Paul Yeskell, Beth Rosengard, Heavy Lenny and everyone else involved in promoting this record. Their dedication is bringing results, and breaking a new band in a time where I see too many excellent 'baby' bands slip by without the right promotion...It's good to hear George 'Reelin' And Rockin'' through the Summer nights! We expect excellent responses on this one! And I believe Atlantic's Don Maggi has broken a Maine record by showing up in Portland three times in one week!...Thanks to Don and Bruce Tennenbaum for the best INXS show ever. By the way, do you guys know what time it is?"

**WCLZ, PORTLAND, ME M.D.-LORETTA CRAWFORD:** "The sunshines in Maine after 10 days of rain! There is a God--his name Lono--and if you invite him to stay with you, it's a guaranteed blow out!...Muchos gracias to Jorge Escavita for a rip roaring weekend with Los Lobos at the Maine Festival! Better adjust the volume control for their new Lp. Doctor John opened and the joint was definitely jumping. Thanks to Don Maggi at Atlantic, who offered a closer look at INXS. This band can take it...Billy Joel and Ray Charles, although hitbound, is one of my favorites!...And Eurythmics is, without a doubt, England's 'Revenge' on the Colonies... I got a feeling we'll be peeling off Van Morrison's 'No Teacher' for a while. Cindy Bailen had the right idea for this Lp...Adios!"

**KRIX, BROWNSVILLE, TX P.D./M.D.-ACE PALADINO:** "ADDS: Bon Jovi 'Give'; Kenny Loggins 'Playing'; Triumph 'Somebody'; Emerson, Lake & Powell 'Score'; Judas Priest 'Parental'; Shadowfax 'What'; Jef Scott 'You'; Rough Cutt 'Trouble'; Rainmakers 'Let'; Jackson Browne 'Black'; Cactus World News 'Bridge'...CONSIDERING: T.T. 'You Give Love A Bad Name' should earn him the airplay he so deserves. The chorus alone could melt the chrome off your bumper...Enough of all this Journey 'soundalike' talk, Triumph's 'Somebody's Out There' is their best in years and should give them the h-i-t they've been waiting for! Platinum bound for sure...Eddie Money's 'Take Me Home Tonight' nails it! Style and grace like what we haven't heard from him in a long time. And Ronnie's appearance only makes us wonder how many other surprises the Lp will bring...I will be the first to admit that I had almost totally written off Billy Joel, but 'A Matter Of Trust' made me sit up and take notice...And finally, yes--it's really true--the day we started playing the Rainmakers, it rained, ending a 34-day-dry-spell! And, that's how it goes!"

**KWHL, ANCHORAGE, AK M.D.-KEVIN VARGAS:** "Want a fun song with universal appeal? Play the Fabulous Thunderbirds 'Look At That!' Here at meat and potatoes rock 'n roll land, the Fabulous Thunderbirds have sold surprisingly well. Surprisingly because of what they've outsold during the time the other tracks received heavy airplay!...Bon Jovi is quite simply an automatic. If not, I'd be curious to know why!...The Vinnie Vincent invasion comes out later this month. Be ready to hear the best work of controlled mayhem you've heard in a long time!"

**WKFM, FULTON/SYRACUSE, NY P.D.-STEVE BECKER:** "Kinda hard to concentrate 'cause on Sunday, August 10, it's Billy Martin day at Yankee Stadium, and I'm going to be there. Hope to see you there."

**WUVA, CHARLOTTESVILLE, VA M.D.-JOHN MALINOWSKI:** "ADDS: George Thorogood 'Reelin'; Billy Joel 'Trust'; Bob Seger 'You'; Jackson Browne 'Black'; Triumph 'Somebody'; Thinkman 'Best'...MOST REQUESTED: Steve Winwood 'Higher'; Run DMC 'Walk'; R.E.M. We jumped the tune sometime ago pulling the Motown song from the 9 1/2 Weeks' soundtrack, and it's worked very well for us...It's one of the eternal mysteries how an artist of Bonnie Raitt's caliber can get lost in a music business shuffle for several years at a time. 'Nine Lives' shows she's lost neither her enthusiasm nor ability...It Bites doesn't...I hope the Escape Club doesn't get away."

**KNCN, CORPUS CHRISTI, TX M.D.-BONNIE STACY:** "Slamming straight to Top Five requests, before the vinyl has even set, are the new tracks from Triumph and Bon Jovi! I couldn't be less surprised or more pleased. Come to think of it, what a great double bill show they would make!...Prime movers last week with the yup set were Billy Joel (loved his video); and David And David. A real relief to have a new artist getting immediate response from those uppers. 'Boomtown' is a real subtle grabber...Spring ARB numbers were no surprises: Slipped a bit 12+, but those males 18-49 just keep on coming and we remain dominate there. Besides, in this market, I can't complain about being bumped from 2nd to 3rd overall by Spanish radio, now can I?...This week-end we're celebrating our 10th Anniversary out at the beach with 60,000 or 70,000 of our closest friends. Watch for pictures soon!"

**WHMD, HAMMOND/BATON ROUGE, LA M.D.-KLIFF KAHUNA:** "We have a young and prospering CD player in our Control Room. Like all young and prospering CD players, it needs plenty of musical nourishment. Knowing that all of you record people have big hearts, I'm sure you wouldn't want to see our young CD player become malnourished! We need CD products! Current and back catalog, please. Thank you for being a nice humanitarian!"

**WWZU, WILLIAMSPORT, PA M.D.-KENNY VANEMON:** "This has been a great week for heavy phone response between George Thorogood; David Lee Roth; Bon Jovi and Cinderella...As far as George Thorogood is concerned, I'd as soon track the album instead of just playing one song...Bon Jovi has given rock 'n roll a good name: Immediate phones, top five requests and heavy rotation!...Make a date with Cinderella. You can bet your ash if you play 'Shake Me', you'll live happily ever after!"

"The Nails top our charts this week. We are currently two cuts deep on 'Dangerous Dreams' and are now looking forward to some live Nails dates in the future. Going back a few weeks, I'd like to thank Don Delacy, John Sigler of RCA for arranging an interview with Marc Campbell, Douglas Guthrie of the Nails with our own Tony Z...I'm very glad that Ivar Hamilton of CFNY was able to stop by when he was in town. I hope to take a road trip to Toronto to check out one of our true sister stations...Did anyone notice that the Jazz Butcher got Top 5 phones at WFNX last week? This band has a surprising following and is well worth looking into... Speaking of phones, the audience response to the new R.E.M. has been like nothing I have ever seen. 'Life's Rich Pageant' has been our top request getter since the week of its release."

## Record Action

**JOHN SCHOENBERGER, MCA (818-777-4020):** "You wanna know what's happening next? A good place to start is... 'Fashion Videos'. Their creative parameters are much broader than music video's to begin with. Recognizing visual cycles/trends is the heart of the fashion industry. This perspective gives them a 'gut approval' in their choice of the musical/audio accompaniment. Sure, you watch 'Fashion Video's' but it's important to listen to 'em too! Just as sound has become sight, now sight is becoming sound. As digital technology continues to melt our senses together, a new 'creative reality' is heralding a new cry. Get ready, now you can be a star!!!"

**JACK ISQUITH, EPIC (212-975-5687):** "Sure, it's a great tune (penned by Wendy Waldman) played by seasoned musicians and polished off with crystal clear production and, yeah, the marketing plan is impressive - it encompasses a TV special, as well as print, video and trade exposure all keying in on the rock 'n' roll credibility (songs by Petty, Seger and Waldman; performances by Stevie Ray Vaughan, Bonnie Raitt and Dickie Betts) of the project. Yet, the question for all music people has gotta be 'can the guy sing?' Well, listen up, 'Heartbeat', the first 12" and title cut from Don Johnson's debut Lp is in your hands now. Play it for the receptionist, your brother-in-law the lawyer, your old college roommate (the Little Feat fanatic) or your 16 year old nephew. The bet's on that they'll agree it's solid rock 'n' roll sung by a first rate singer who sounds remarkably like Don Johnson. A programmer's dream."

**JEFF NAUMANN, RCA (213-468-4055):** "First off, a hearty congratulations to Andy Allen for landing the Island AOR gig. We'll all miss you here at RCA. Best of luck. I'm sure you'll kick ass...It's a rare occasion in LA when an audience actually gets up off their seats, and claps and dances to the music. You then know there must be one hot show happening on stage. That was the scene at the Eurythmics concert at the Greek Theater this past week. Dave and Annie, with the backing of an incredible band, put on one of the hottest shows this promotion man has ever witnessed. Also, all the hits they performed were freshly rearranged from the originals which would make for a great live album. Anyway, don't miss the 'Revenge' tour with the Eurythmics...Other hot items this week include the long awaited solo Lp from Daryl Hall. 'Three Hearts And The Happy Ending Machine' is nothing short of a multiplatinum veritable suchaahh!!! Lots of depth here too for album radio...If you're looking for a second track from Bruce Hornsby's album, check out 'The Way It Is'. This title song has already been a proven smash at dozens of stations across the country...The Nails' 'Things You Left Behind', a great album radio novelty record, is pulling top five phones at practically every station playing it. This song is catchy, fun and funny and a natural for any morning show that likes to be different from the rest of the day's programming...Couple of other records not to be overlooked are Aviator's 'Frontline' which is beginning to spread nicely, and Lou Reed's neat remix of 'Video Violence'...A&M just signed Iggy Pop. Wait 'till you hear this album. I bet Bowie had wished he'd done this record himself."

**JEFF "BACK 'N BLACK" COOK, ELEKTRA (404-921-4086):** "Hi there, all you hard working radio types. I've just returned from two glorious weeks on the beach doing some serious power tanning. So without further delay let's get into the Elektra records that are making waves...First, Dokken 'It's Not Love'. 'If you don't hear this summertime anthem you've surely got water in your ears! Dokken has toured nonstop since the album was released last October and Lp sales reflect this with over 25,000 sold in the last five days (this record will soon be platinum). Also the video has been a major request item at MTV since it debuted. Dokken is a band you should be playing now. Do it before we tan your hide!...Jackson Browne's 'Black 'N White' 12" should now be in your hands and on your turntable. The tour continues to do big business across the U.S. and Jackson's fans are your audience (or what you would like them to be). We're talking the Gucci loafer and BMW set. Jackson Browne's as safe as Coppertone. Play it and you won't get burned. Also, check out these shining examples of great music on Elektra: Keep It Dark 'Dreamer'. This song has a great sax solo! The Cure - this band is cooler than a new pair of Raybands. Dave Adams' 'Dancing In My Sleep', Dave was the lead singer of Glass Moon and the song is hott. Screaming Blue Messiahs 'Wild Blue Yonder' - give this record a spin. It's refreshingly straight ahead."

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by totalling the emphasis points on cuts.

The methodology for our Top 50 markets Metro Index is the same as our Airplay Index, but instead of using the full sample base, we calculate the ranking from airplay reports from the Top 50 markets, as defined by Arbitron.
