Program Notes

Programmers spend much time and effort in selecting their music, planning their stop sets, researching listener response, and so on, but I'm convinced that the programmer's most serious problem lies in an area which is usually outside his jurisdiction. Commercials. The programmer does his best to please his listeners - to build their anticipation and to persuade them to "stay tuned" for just a little longer. The advertiser is not concerned with entertainment; his purpose is to sell. Some advertisers follow the George Washington Hill precept of irritating the listener, either by shock or ultra repetition of a phrase, so that the message is retained.

The irritation ploy used to work well when the listener was trapped in a program and had little or no alternative tuning choice. Today, in most areas, there are abundant alternatives to which listeners can turn if they find some program content objectionable. And commercials are program content. They are part of the total impact made by a radio station on its audience.

Commercial spots are not necessarily an annoyance to the ear. Some - a few - are entertaining. Many are innocuous enough to fit the flow of the station's sound. But some - too many, it seems to me - are boringly long expositions describing the virtues of a product in such a prolix jumble of adjectives that the author of the spot must simply have been trying to fill 60 seconds with words that would please the sponsor, if no one else.

A hopeful trend appears in the growing emphasis that program directors today are placing on production. Here the PD has some control over commercial quality. Another cheerful sign is the fact that station managers here and there have been saying "no" to certain recorded spots that seemed grossly incompatible with the station's standards.

I'm certainly not opposed to commercials. After all, they support free enterprise radio as we know it. What I oppose are bad commercials. As far as commercial overloads go, that's up to the judgement of each individual manager. The important need for the future is higher standards and better methods of commercial quality control.

On the Record

(from our issue dated 5/27/66)

During the past few months we've had occasion to talk with a number of broadcasters on the subject of tight format radio versus personality radio. They all had very positive ideas on the subject. Perhaps our readers will find something of value in the four following quotes:

"There are only a half-dozen authentic personalities on the air today. The rest just talk without much of anything entertaining to say. Top 40 radio has to attract a major teen audience, and the kids would rather listen to music than to talk. It's a lot better to have jocks who don't talk than to have those who talk without saying anything. If you tell a jock to go ahead and be a personality he'll usually wind up taking ninety seconds talking about the weather when he could have said the same thing better in seven seconds. A good, smooth, tight format will out-rate a personality format any time."

"A tight format station makes a strong rating impact when it first hits the air, but after a while the ratings start to slip. That's because tight format has to depend almost entirely on the music for entertainment. It's like a juke box. It lacks human warmth. Hit records on top 40 are repeated over 50 times in a week, and if they last eight weeks that's over 400 plays. Many listeners get tired of the same old records and it takes a colorful personality to hold the audience interest."

"What personality radio needs most are real personalities - jocks with something to say and who know how to say it. Too many PD's expect their jocks to make it on their own. The PD should work with the jocks to develop new ideas - give them guidance and encouragement. Some jocks lack confidence in themselves mainly because they think that the boss doesn't have confidence in them".

"A smooth, tight format is the surest and safest way to get those big rating numbers. It will win against mediocre personality formats. But, against a very strong personality competitor, it will probably run second best. Station managers and PD's have a lot to learn about finding and handling and developing talent. It's usually better to recruit personalities from non-rock stations. If they can learn to live with the top 40 music, they'll probably be more effective personalities than jocks who've had nothing but tight format experience."

"While the above paragraphs reflect conflicting viewpoints, probably all would agree that it isn't so much a question of which format you use as how well you use it."

News & Comment

(from our issue dated 6/17/66)

Churchill Broadcasting Corp., owner of KYA and KOIT-FM, San Francisco, has been sold to Avco Broadcasting Corp., a wholly owned subsidiary of Avco Corp. (formerly Crosley). Formal transfer of the station's licenses awaits FCC approval, which is expected some time this fall. Avco presently owns a number of radio and television properties, including WLW (radio and TV)-Cincinnati, WWDC (radio and TV)-Washington, and stations in Dayton, Indianapolis and San Antonio. KYA's sales manager, Lou Avery, is in line to become the new general manager. Clint Churchill's decision to sell his radio properties will remove from the broadcasting field one of the most capable - and successful - individual operators in the business. In these days of large and expanding corporate group ownership, the individual station owner who actively manages his operation in successful competition against the corporate giants is becoming something of a rarity. First at WKBW-Buffalo, and then at KYA, Mr. Churchill not only managed his stations, but also personally selected every record that they played. Always a believer in high professional standards of talent, he assembled at KYA one of the finest DJ staffs to be found on a pop format station anywhere. Under his direction, KYA took over the number one spot in a majority of the Bay Area's rated time periods. We offer congratulations to Clint Churchill for a job well done.

Mike Hoyer, KBUL-Wichita comments on the glut of new releases: "...much too much good material... much too much lousy material. Then promo men get upset when you're not playing their record."

Our office has received copies of correspondence between the Nashville marketing manager of Elektra/Asylum Records and radio station WHK-Cleveland. Apparently the record man has decreed a cancellation of all record service to the station in retaliation for station's alleged failure to program certain of his label's singles. We will watch with interest the outcome of this unique challenge.

Regional Meeting

Radio stations in Northern California and Nevada are invited to send representatives to a programming conference, to be held August 21 & 22 at the Holiday Inn, Monterey. There will be three sessions: Saturday 9 to 12 and 2 to 5, and Sunday 10AM to 1PM. Saturday lunch will be included, as will a cocktail reception Saturday at 6PM, to which local and regional record people are invited. No registration fees for record folks but they must let us know if they plan to attend. There will be a \$10 registration fee for radio registrants to cover basic costs. Correspondents are urged to call this event to the attention of their station managers and sales managers, whose attendance should result in strengthening the station teamwork between programming and sales. We hope also to register some news directors, so that this very important part of programming can be included in our discussions. Those planning to attend should notify the Gavin office as soon as possible. Registrants may send their checks in advance or make their payments at our Monterey registration desk, as they prefer. The meeting is for all formats - country, R&B, progressive, A-C, all news and top 40. All stations in the area are invited, regardless of whether or not they subscribe to The Gavin Report.

Albums

Album of the Week: (reviewed by Ron Fell) "I'm Nearly Famous"-Cliff Richard (Rocket) The kind of artist whose voice requires rich instrumental arrangements, Cliff gets his match after more than 15 years of recording. No less than four musical arrangers can take credit for this multifaceted album. His current single, DEVIL WOMAN, his recent single MISS YOU NIGHTS, a melancholy version of Mickey Newbury's LOVERS and a rocky I'M NEARLY FAMOUS give the listeners enough variety for a refresher course on Cliff Richard.

Also recommended from the following albums:

Bill Gavin's Personal Picks

- - - I especially like:

IF YOU KNOW WHAT I MEAN-Neil Diamond (Columbia) Mr. D. has been absent for a long time - too long - but he has lost none of his creative musicianship or the fire of his vocal performance. Welcome back!

Super LP cut: YELLOW ROSES ON HER GOWN-Johnny Mathis (Columbia) From the soon to be released album, "I Only Have Eyes For You". The poignant lyric finds sensitive backing by a Gene Page arrangement and a warm and tender reading by the singer. Coming as a single, we're told.

Gary Taylor's Personal Picks

I'VE BEEN LOVIN' YOU-Easy Street (Capricorn) Refreshingly new compared to the material received of late. Certainly an above average offering that deserves a repeated listen.

MEMORIES-Morris Albert (RCA) Ballads seemingly take longer to find programmer acceptance, especially during the summer months. Hopefully that will not occur in this instance.

Gavin's Gab

Briggs Gordon, formerly with WDXR-Paducah and now doing TV news at WSIL in Harrisburg, Ill., plans on taking an extensive automobile trip for his summer vacation and wants to cover his Buick with as many radio station bumper stickers as he can obtain. He invites our readers to send him one of their stickers and he guarantees to give it a long ride. Mail to him c/o WSIL-TV, Television Bldg., Harrisburg, Ill. 62946.

WBBF-Rochester is sponsoring a cross country bike-a-thon, which hopefully will wind up on the West Coast on August 18. Anyone interested in offering greetings and hospitality to the two cyclists may obtain their itinerary from Bob Savage, c/o WBBF, 850 Midtown Tower, Rochester, NY 14604.

Wayne Cordray, four year veteran at K149 (KJIN) in Houma, La., will soon move to Canada to seek a position in record promotion. His operations manager at K149, James Bozeman, wishes him well and will give him good references to any prospective employer in Canada.

New ownership at WIFE-Indianapolis announces Sam Holman as PD with an air staff composed of Pete Sullivan, Dave Michaels, Rob Porter (13 years at the station), Gary Drake, Jack Armstrong, Jerry Steele and Scott Wheeler. Jack & Jerry share the music duties, with music day from noon to 6PM on Wednesdays.

KRKO-Everett will contribute to the local fun this Saturday (5th) with a fireworks spectacular along the waterfront. It will be preceded by a parade and sailboat regatta.

WRKT-Cocoa Beach is presenting a "Brothers Weekend" - anytime they play the Doobie Bros., Cate Bros., or any other Bros. - they give away a Bros. album.

Also in Cocoa Beach, CK101 has buried a wheel from a Yamaha dirt bike, along with a will bequesting the finder of the wheel the rest of the bike. Clues given on the radio.

Inside Progressive Radio
by George Meier, editor of "Walrus"

Ideas: Vector Analysis

How many times have major market music directors been heard to say, "This is not a test market. Don't bring unproven records to us."?

That is, of course, the cry of top 40 radio programmers even in many secondary markets. It is a legitimate cry, in most cases, provided you accept the rationale of pop radio which is a play-by-audience-demand thesis. Given that logic, a record should have to prove its demand.

In our ongoing attempt to define progressive radio we suggest here that in the progressive medium the vectors go the other way. Hip music tends to come out of major metropolitan areas. It moves from major markets to the hinterland.

Part of the reason that this happens has to do with the psychology of the people in progressive radio. They are possessive of their discoveries and very concerned with being early, if not first, to discover the new star, be he a Bruce Springsteen or The Tubes or The Wailers.

Rather than saying, "Prove it to me", the hipsters say, "Just wait, they'll prove themselves".

This reality ties back to a point made in an earlier discussion in these pages. Where pop radio plays almost exclusively what it feels its audience wants, progressive radio plays music they need to hear in addition. Unlike vitamins which you need, but may not like, this process, at its best, is one friend turning another friend on to new music.

Gavin's Gab

Tess and George Russell are grateful to folks in radio and the music business for their "good vibes" during Tess's current illness. She has been in the South Coast Community Hospital, South Laguna, for almost two weeks, with a serious internal virus infection. Welcome news Wednesday (9th) was that her condition was beginning to improve, although still serious. Hospital says "No flowers", but cards are welcome. Good music and musicians have no warmer or more helpful friend than this gracious lady of KMPC. (We love you, Tess - Get well!)

KLIN-Lincoln, Nebraska, moves into new studios in a brand new building on June 15th. All brand sparkling new equipment and an old South decor. Main control room is in the center of the main floor - highly visible to visitors. The whole staff is button busting proud of their new home.

Elma Greer returned to KSFO this week after a transatlantic vacation in Sweden, Norway, Scotland, England, Wales and Ireland. Her favorite country? Scotland. (So don't be surprised if we start hearing bagpipes on KSFO.)

An effective Bi-Centennial promotion at WFTL-Ft. Lauderdale ties in with Charlie Van Dyke's recording of The Flag. Each day from June 4 to July 4 they award a "Citizen of the Day with a 5 foot American flag. On Flag Day, June 14, they'll give away one flag per hour. "Tremendous" response.

CKGM, top rated English language station in Montreal, is running an "Olympic Gold Rush" contest, with a \$100 Olympic gold coin going to a contestant who correctly identifies three gold recordings from a montage of brief excerpts. Non-winners receive official Olympic pins. Montreal's summer Olympic Games will be presented July 17 through August 1.

Attention Canadian subscribers. The Canadian Post Office advises that mailings without the addressee's postal code may be delayed in delivery for up to a week or more. Please give us your postal code if we are not already using it on your mailing envelopes.

I've written about Steve Hunter a couple of times - the young radio man who is helping to put together a radio station at a Georgia prison. According to state law, Steve has to have a definite job offer before he can obtain a parole. He was formerly an air personality at WGOW-Chattanooga, and Tex Meyer says he's a pretty good jock. I have an idea that any station offering Steve a job would be getting a bonus of unlimited loyalty and gratitude. Write Steve Hunter, Walker Correctional Institute, P.O. Box 98, Rock Springs, Georgia, 30739.

Carol Singer, from WHEN-Syracuse, is the new music director at WRKO-Boston. She replaces Christy Wright, who has moved to Los Angeles to act as music co-ordinator for RKO-Radio. Carol is a graduate of Colgate, where she began her radio career at the college radio station. New address for KKLS-Radio is Box 460, Rapid City, S.D. 57701. PD Tom Franklin advises us that he has switched from the music duties to production, and David Hohn will take over the music. He'll be available for calls from 1 to 5PM, Tuesday through Thursday. Chris Knight will be the assistant in the music library.

George Wilson, president of Bartell Media, announces that William S. Jaeger, from WNCN-New York, will be the new General Manager of Bartell's WOKY-Milwaukee. Mr. Jaeger's experience ranges from news to programming to sales to management, working with a variety of music formats. Air staff at KSEL-Lubbock: Bill DeMore & David Jones (morning drive team), Jeff King (from KFIV-Modesto), Bruce Rhodes, Brian Hawkins, Joel Abramson, Dale Tanner.

Excerpts from a note from Peter Dean, KWEB-Rochester, Minn.: "THE FLAG, by Charlie Van Dyke, lit up our phones like few records have done in the past. After only one play on my morning show, people called asking title, artist and label... If there are any programmers, regardless of format, holding off on this one...I can only say try it and I'll lay odds the audience will respond like crazy".

Pat Walsh, Jr., KAAV-Little Rock, noting last week's report about the CK101 treasure hunt for a motorcycle wheel, comments "...the FCC frowns on actual treasure hunts...because they can cause damage to public and/or private property when the listening public attempts to find the hidden object".

*Please note: We have discontinued any listing of the Cheech & Chong single because of widespread complaints that it is offensive to many radio listeners.

Monterey Meeting, Aug. 21-22

Registrations are already starting to come in. Everyone who plans to attend should notify the Gavin office as soon as possible. Registration fee is \$10 per person. We will need to know whether or not you intend to stay at Monterey's Holiday Inn. Those who do will be sent room reservation blanks, to be filled out and mailed directly to the hotel. We have tentatively reserved a block of 75 rooms. Late registrants may find no rooms available at the Holiday Inn, but Monterey boasts a multitude of motel accommodations.

Holiday Inn room charges are as follows:

	<u>Garden View</u>	<u>Ocean View</u>
Singles	33.50	40.50
Doubles/Twins	39.50	46.50

Meeting sessions are for radio people from Northern California and Nevada. Other neighboring radio personnel are also welcome. Local and regional record people are invited to a cocktail reception Saturday (21st) from 6 to 7:30PM. No hospitality suites.

We are inviting a few stations to submit stripped air checks for a possible critique session. Let us know if your station would wish to furnish such a tape.

Hot line for Jack Reno at WLW-Cincinnati for artist calls, midnight to 5 AM is 513-749-3420.

It is Bob Gordon from WIDL-Miami to WWOK/WIGL, not Gerber.

The Joe Stampley sgl listed as #1 at KENR-Houston should have been the one on Dot, not Epic. #9 (Glen Campbell) and #28 (Ray Stevens) somehow got lost from the top 30 between here and the printers.

Donna Fargo was not a deb at KCKC-San Bernardino. She was on the way off the chart, sandwiched between deb's.

Whew!

Albums

Albums of the Week: (reviewed by Ron Fell) "Chicago X"-Chicago (Columbia) Side one of this album covers a lot of musical territory but stays within the borders of the group's proven abilities. Excellent brass and vocal arrangements on their new single ANOTHER RAINY DAY IN NEW YORK CITY, YOU ARE ON MY MIND and ONCE OR TWICE should receive much airplay. A funky SKIN TIGHT and a pensive IF YOU LEAVE ME NOW add further to this listening delight.

"Beautiful Noise"-Neil Diamond (Columbia) Neil is worth the year or so wait between albums. His efforts are always musically rich and full of good airplay possibilities. You will have to get into this LP yourself to determine your own favorites but it appears to me the more conventional Diamond material comes on his current single IF YOU KNOW WHAT I MEAN and HOME IS A WOUNDED HEART and SIGNS. The influence of Neil's new producer, Robbie Robertson, on the "Neil Diamond sound" is most noticable on cuts like JUNGLE TIME and SURVIVING THE LIFE. Enjoy!

"Another Passenger"-Carly Simon (Elektra) Ms. Simon's first effort with Doobie Bros. producer Ted Templeton is a winner. Her single, IT KEEP YOU RUNNIN' and HALF A CHANCE get full Doobie accompaniment. Little Feat's ONE LOVE STAND and Simon originals LIBBY, COWTOWN and HE LIKES TO ROLL also provide good listening.

Bill Gavin's Personal Picks

- - - I especially like:

BRING IT ON HOME TO ME-Mickey Gilley (Playboy) Country music star takes this great old Sam Cook song and, with the help of an excellent arrangement, turns out a side that can go across the board in airplay and sales.

ANOTHER RAINY DAY IN NEW YORK CITY-Chicago (Columbia) Group has set a fabulous record for togetherness and net earnings unequalled by any other current musical aggregation except possibly the Mills Brothers. This Caribbean rhythm from their new album typifies their excellent musicianship and creative skills.

LOWDOWN-Boz Scaggs (Columbia) Has been well tested by airplay from the LP. Listener response in a few spots has been highly favorable. And why not?

SAY YOU LOVE ME-Fleetwood Mac (Reprise) British group has an attractive way of putting notes together. This third single from their album has possibilities.

Gary Taylor's Personal Pick

BABY I LOVE YOUR WAY-Peter Frampton (A&M) Almost too obvious to be a pick - it's mentioned here because the previous album play indicates strong potential.

Also Possible

TOO EASY TO LOVE-Dahcotah (Cognito)

THEME FROM STAR TREK-Deodato (MCA)

MAGIC MAN-Heart (Mushroom)

WE THE PEOPLE-General Johnson (Arista)

LIGHT UP THE WORLD WITH SUNSHINE-Hamilton,
Joe Frank & Dennison (Playboy)

CITY MAGIC-Les Dudek (Columbia)

DANCE, SISTER, DANCE-Santana (Columbia)

MORNING-Bordersong (Great Northwest Music Co.)

SHOWER THE PEOPLE-James Taylor (Warner Bros.)

HEADIN' RACK TO LOVE AGAIN-Ralph Carter (Mercury)

Inside Progressive Radio

By George Meier, Editor of "Walrus"

Established Progressive Airplay

(In Order)

Steve Miller

Rolling Stones

Steely Dan

Stephen Stills

Bob Marley & The Wailers

Doobie Brothers

Wings

Firefall

Jethro Tull

Todd Rundgren

Notes: Play is dominated by the first four LP's listed. Interestingly, Led Zeppelin is falling from grace more quickly than one would have guessed. They usually have better staying power. No surprise in the regional picture, each area being controlled by some combination of these established artists.

New Progressive Airplay

(In Order)

Chris Hillman

Poco

Atlanta Rhythm Section

Johnny & Edgar Winter

Renaissance

Warren Zevon

Roger McGuinn

New Riders of the Purple Sage

Blue Oyster Cult

Ian Matthews

Notes: Chris Hillman, in his first solo LP following a long association with the Flying Burrito Bros., commands the new additions column. Produced by Jackson Browne, obscure Warren Zevon has gotten a nice start. The other names are familiar. Atlanta Rhythm Section which was reported as gathering steam last time, continues to be a strong addition. Each region has a group which showed very well yet was slightly less imposing generally. The Northeast was kindly to Andy Pratt, the South to Donovan, the Midwest to Natural Gas, and the West found Solution.

Retail Information

Significantly there are four records getting top 10 sales which are receiving proportionately less airplay. The indomitable Fleetwood Mac LP and the starbound Peter Frampton have outlived heavy play while remaining numbers 2 and 3. Also, new LP's by Aerosmith and George Benson are getting less airplay. New sales action on some hip R&B seems to be underplayed too. New records by the Crusaders, Ohio Players and Ronnie Laws show strongly. Again we must mention that the new LP by The Alan Parsons Project - a thematic LP about Poe, Edgar Allen - demonstrates immediate listener contact. Finally, The Tubes continue to sell well in the N.E.

Imports

The same three artists as mentioned last time - The Wailers, Santana, and Electric Light Orchestra Live LP's - still control import sales. But, significant radio play is building on the new Caravan and a new group called City Boy.

Gavin's Gab

Correction: My reference last week to "widespread complaints" that the Cheech and Chong single is "offensive to many radio listeners" was incorrect. The "complaints" came instead from radio programmers who were either not playing it at all or giving it limited exposure at night. There have been no confirmations of listener protests anywhere. In fairness, I can report strong sales and requests in Pittsburgh plus top 5 phone requests at KSIQ-St. Louis. Even so, in view of the obvious drug references and the vulgarity addressed to the judge, I've decided to continue omitting it from page one. Apparently the radio audience does not find the record offensive. I do.

Elma Greer reports a phone call from Tower Records, a major San Francisco retailer, inquiring where could they order a record that KSFO has been playing. The record is NOSTALGIA, by Francis Goya, on the Morningstar label. There's no distribution in the market and no stock in the stores. (Label is operating with field reps only - no distributor setup.)

WJDX-Jackson, Miss. played a benefit softball game against a team from soul stations WDKJ/WJMI last weekend at Battlefield Park. The soul brothers won, 13 to 7 and a good attendance produced a sizeable contribution to the fight against sickle cell anemia.

Midwest Radio, owners of KQWB-Fargo, this week took over ownership of WEBC-Duluth. KQWB morning jock, Jack Bell, moves to WEBC as station manager.

The staff at KRLA-Los Angeles is happy about their audience gains shown in the latest Arbitron survey. Music content is about 25% current hits and 75% recent gold. Art Laboe is operations manager, Billy Pearl is consulting. Station is still operating with a 1933 vintage air cooled transmitter, a staff of five and partial automation.

We previously reported that the RKO stations were changing their music day from Tuesdays to Wednesdays. We now learn that this change will not apply to KHJ, where the music will be determined as usual on Tuesdays. Local record people and stores can call Rosie (at KHJ) between 9 and 10AM on Wednesdays. National trades and other national people should phone Christy Wright (at the RKO Radio offices) after 10AM on Wednesdays.

Peter McLane forwards a copy of a letter to KIOA-Des Moines from an inmate of the men's reformatory at Anamosa, Iowa, where he works as a jock on the prison's closed circuit system. The man says that they are in prison as punishment for their crimes, but why should they have to endure extra punishment from scratchy old records? Peter is sending him some duplicates from the KIOA library. Any programmers who'd like to do likewise can address their record mailings to Don Baker, KISF-Radio, Box B, Anamosa, Iowa 52205.

Paul Soglin, Mayor of Madison, Wis., declared June 17 as "Spirit of Madison Day". WISM transcribed 24 hours of special programming for the event, with a tape of the entire affair becoming part of a collection in the Mass Communications History Center of the State Historical Society. ("Spirit of Madison" is a WISM logo and is suitably emblazoned on the station's T-shirts.)

WFIL-Philadelphia announces that on June 26, the official start of Freedom Week, they'll present a Balloon Race to commemorate the first balloon flight by an American, John Pierre Blanchard. There will be 13 hot air balloons, one for each of the original 13 colonies, and they'll be manned by WFIL personnel. They'll fly (float?) from Philly to Deptford Township, New Jersey, (if the wind is right) the path of the original flight.

And, speaking of hot air balloons, KTOP-Topeka takes note of the increasing public interest in this less structured form of transportation by awarding contest winners free balloon rides as prizes. In Louisiana, the National Organization of Women (N.O.W.) challenged the license renewal of 20 radio stations, and KAOK-Lake Charles is so far one of only three that have had their renewals confirmed, reports Ken Rice.

John DeHaven, of WFTO-Cypress Gardens, is now doubling as chief announcer at a Tampa disco, The Mad Hatter. He'd like record service of rock and disco material sent to him c/o The Mad Hatter, 3902 West Hillsborough Avenue, Tampa, Florida 33614.

Ben Hill, CK101-Cocoa Beach, wants to make it clear that all his station contests and promos are cleared in advance through the station's Washington attorney, and that the one involving a buried wheel was preceded by all the proper disclaimers, which specified that the location was not any place where diggers could damage property.

At KALE-Tri-Cities, Washington, Kris Michaels has been promoted to P.D. Barry Michaels will handle the music and can accept promo calls between 2 and 5PM Mondays & Tuesdays.

In Kansas, the graduating class of Manhattan High School saw its class flag flying from the 300 foot tower of the KMKF/FM transmitter. The flag poster avoided high voltage electrocution by climbing the tower between 2AM and 6AM. The culprit was apprehended and is now doing time as the station's yard worker.

Advance reports from Chicago indicate a super Arbitron for WLS and for WMAQ.

Lenny Dolin, new music director at WKDY-Spartanburg, is available for promo calls any week day between 11AM and noon.

Air staff at KVIC-Victoria, Texas: Dave Hoppe, Ron Shannon, Jim St. John, Steve Edwards, Dan Caruso, Jim Atkinson, Scott Westerman.

Mr. & Mrs. Jeff Goodridge (he's with WDNC-Durham) became the proud parents of 8lb. 8½oz. Carrie-Anne at 5:40 on June 3. Jeff writes: "I was with my wife during labor and delivery...an experience I'll never forget. Any father that has the opportunity to be with his wife during these critical times should do it!"

Monterey Meeting - August 21-22

We have not yet received the room reservation forms from Monterey's Holiday Inn. As soon as they arrive we'll start forwarding them to those radio people who have already sent in their registrations. We urge everyone who plans to attend to notify the Gavin office as soon as possible. This applies to residents of the Monterey area as well as those elsewhere. We need to know how many to expect for lunch on Saturday and for cocktails that evening.

Local and regional record people are invited for the cocktail reception Saturday and should also let us know if they plan to attend. Please note that the \$10 registration fee does not apply to our record friends - they'll be our guests.

Even though we're planning this meeting for radio people within a comfortable driving distance - Northern California and Reno - others from farther away would also be welcome. We remind station managers that in our last two regional meetings the sales people who attended reported finding considerable benefit from the discussions.

Country Club....cont'd. from p. 6

Jim Love, MD at KERE-Denver, says he's available for promo calls from 10AM to noon except on Tuesdays, when he can't take any at all.

John Gray, KNGS-Hanford extends a special thanks to John Curb and Hitsville for their help in providing the Rick Tucker show for the recent Media Fair there. A very successful show, says John.

Dan Halyburton and a fellow staff member from WTCR-Ashland/Huntington spent Tues. night (15) camped out on the sidewalk in Charlestown, W. Va. in order to secure 20 tickets on a first come, first served basis to the forthcoming Elvis concert as listener giveaways. We hope it wasn't raining.

KTRM-Beaumont staged a trail ride in conjunction with the annual Young Men's Business League Rodeo. Event drew capacity crowds and KTRM drew around 200 riders for their share in the proceedings.

The 14th Annual Country Music Festival and Trade Convention in Colorado is scheduled for the Continental Denver Motor Hotel during the week of June 21. KERE will broadcast nightly from 6-8 PM from the scene, featuring LP giveaways, etc.

KSO-Des Moines just started its annual "KSO Country Cook Out". Winners selected by drawing get a free barbecue dinner for family and friends (up to 15 people) cooked by one of the KSO jocks. Station brings all the goodies including the barbeque equipment which is left with the winner at the end of the evening. Weekly event proved very successful last summer and also a great way for station personnel and listeners to get acquainted on an informal basis. (We can just see the next job opening notation: "Send tape, resume and sample of cooking.")

Fan Fair Tours: WITL-Lansing hosted the largest registered tour - 192 in the group. Shannon Reed and newsman John Perdue brought in 150 people on KWMT's (Ft. Dodge) 5th Annual expedition. We hear that the attendance this year exceeded all expectations and almost the facilities.

KAYC-Kansas City is giving away a trip to Mars. Write-in contest with drawing for winners started 6/16.

Don Tiegiser, WNAT-Natchez, was succesful in roping his goat at the S.W. Miss. High School Rodeo last week, but was disqualified when he somehow managed to rope himself in with the goat.

Mark Thomas, who has been part-timing at WJVA-South Bend, leaves to go to WOBL-Oberlin.

John Harmon, new PD at KMO-Tacoma, was formerly PD at WVOJ-Jacksonville. Russ Riley from KGEM-Boise to KMO, 10AM-3PM and Dave Cook from KETO-Seattle is now doing 12M-6AM there.

WKCQ-Saginaw presented an "Outlaws Weekend" 6/18-20 with hourly winners for the Outlaws LP.

Folks at WHN-New York, WMAQ-Chicago and KLAC-Los Angeles very pleased with their April/May ARB's. Congrats! WHN held its position as the 2nd. largest AM station in the market in the 25-49 target bracket. Considering how difficult it was to make believers that country music would go at all in New York, the consistency of their last books is very gratifying to all us true believers.

WIRK/FM-West Palm Beach is happy to have a new listener in Tammy Wynette who has recently taken up residence in Jupiter and is reported to be enjoying "Country K".

WIRE/WXTZ-Indianapolis has been winning all kinds of awards for an educational program about - of all things - dying. The program "Teach Me To Die" is being used in an adult graduate course at Indiana Univ. and in a summer course at Purdue, in addition to its use in a nurse's training program at the Methodist Hospital and by churches and health departments elsewhere. The program, produced by Sam Graves, won the AP award for feature reporting, "Casper" award from the Community Services Council, Distinguished Service Award from the Indiana Public Health Assoc. and first place award for feature reporting from the Indianapolis Press Club.

Bill Gavin's Personal Picks

- - - I especially like:

GOTTA BE THE ONE-Maxine Nightingale (U.A.) A love song in a crisp, rhythmic setting. Sounds like a winner.

BLOODLINE-Glen Campbell (Capitol) Not an obvious bicentennial song, but - perhaps for that reason - highly appropriate to the occasion.

LET 'EM IN-Paul McCartney & Wings (Capitol) Has been heavily programmed from the LP. Confirms once more Paul's genius in utilizing simple musical phrases and harmonic patterns.

Watch for:

LOVE MY LIFE WITH YOU-Douglas Alan Davis (Dad's Tunes) Entry from Tempe, Arizona, is currently stirring action in Phoenix and San Diego. No national distribution available at this writing, but likely to be soon.

(I'M A SONG) SING ME-Stuart Getz (Philips) British recording of this fine Sedaka composition is probably not quite up to Neil's own performance in his album, but the production sounds very commercial.

(Thanks to Jimi Fox of BLOO-San Diego for these pre-release samples.)

Gary Taylor's Personal Picks

YOU SHOULD BE DANCING-Bee Gees (R.S.O.) A record this good is made to be played on the radio.

SUMMER-War (United Artists) The apropos lyrics coupled with a breezy presentation create a perfect release for the summer.

Also Possible

- IT'S A LONG WAY THERE-Little River Band (Harvest) SILVER BIRD-The Guess Who (RCA)
- SPRINGTIME MAMA-Henry Gross (Lifesong) L.O.D. (LOVE ON DELIVERY)-Billy Ocean (Ariola)
- LINDA LU-Johnny Rivers (Epic) AMERICAN TUNE-Paul Simon (Columbia)
- DON'T LET ME DOWN AGAIN-Buckingham-Nicks (Polydor) A TRIBUTE TO THE BEACH BOYS '76-The Sands of Time (Kirshner)
- I'M YOUR MAN ROCK 'N ROLL-Tarney & Spencer (Private Stock)

Inside Progressive Radio

by George Meier, Editor of "Walrus"

Albums Are Bigger Than Singles

The first batch of essays which we have written especially for this journal have been an attempt at making the distinctions between pop and progressive radio bell-like in clarity. We believe them to be significant. Another point has to be made before we can go on.

There is more to the difference between a single and an LP than merely the size of the disc and the center hole. An analogy between a photograph and a film can be made. While a photo can only capture a moment, film has the potential to capture entire thoughts. Both have their place, both deliver a message; but, film provides the opportunity for less distortion of that message by permitting a full examination of the content from which an idea flows. Of course, it is only an opportunity.

Albums, too, have the ability to give us a more complete view of what or who a given artist is. While the single very often is a slightly out of phase representation of who is making the music.

Some progressive music people harbor animosity toward singles and the singles mentality because it tends to chew up artists. That wound is further salted when a really vital performer is taken by the grinder. For example, a musician like Don McLean has never fully recovered from his hit single. It distorted his artistic essence too much. When he didn't follow "American Pie" with a carbon copy he was resisted by the singles mentality while his overexposure drew a wrongful cooling of enthusiasm by progressives. The latter group was mistaken because it had contributed mightily to the early success of the very song which later became a golden classic. It was responsible too.

Certainly an extreme example, the Don McLean story points up the disparity in the singles view of a performer as a means to an audience end and an LP view which tends to treat a performer as an artist, albeit a small "a" artist.

Gavin's Gab

Correction: The air staff listed last week for KVIC-Victoria, Texas, was actually the staff of WVIC-East Lansing, Mich. Apologies to the KVIC staff, who, when they read it, wondered if they all had been replaced.

Edward Seeger, from WKSP-Kingstree, S.C., will be the new G.M. of WHIT-Newburn, N.C. FCC has approved new ownership and Newburn Broadcasting Corp. will take over WHIT on July 1.

Good news! Tess Russell came home from the hospital last Friday (18th) and continues to improve in health. She and George asked me to express their thanks to the many friends who sent cards or flowers. Send Tess a "Get Well" card to Apt. 36, 31423 Coast Highway, South Laguna, California.

Bill Gardner, PD of WLCX-La Crosse, Wis. is happy for Craig Stevens, who is moving up to WOW-Omaha (with Tom Barsanti). But Craig's departure will leave a big vacancy to be filled - PM drive jock, music director, production man, all in one. There's a good job waiting here for the right person. 608-784-4521.

Elma Greer has been named assistant program director of KSFO-San Francisco - with the job title finally catching up to the job she has been doing for some time, according to G.M. Bill Shaw. Change of format at WSJM-St. Joseph, Mich., finds the station going into an adult contemporary bag, with 20 currents, lots of re-currents and gold. PD Craig Cole thanks all the music people who have been so kind and helpful while he was running the pop format.

Ted Atkins and his crew at WTAE-Pittsburgh are pleased at the station's continued audience growth, as reflected in the most recent Pulse and Arbitron surveys. Target audience of 18 to 49 shows good gains at WTAE 6AM to 7PM, says Ted.

Jon Jeffery Kay, Mgr. & PD of WJLY (FM) in Chesapeake, Va., tells us that his class A, 3000 watt transmitter puts a good signal into the bustling Norfolk area with well balanced pop format - wonders why he can't get record service. He says that out of 20 records listed in The Gavin Report as "Gaining In Several Markets", he has only six - and he bought those. He has been one of our subscribers for some time and I know that some good, fat record mailings would make him very happy.

Chuck White, who has served the Formby stations as PD for the past 5 years (KTEM-Temple and KTBB-Tyler, Texas) has decided that it's time for him to move along. Formerly he did AM drive at KNOW-Austin. He's proud of having helped his last two stations quadruple their monthly billings during his tenure. It's always a pleasure to send our good wishes to a real pro.

WFOM-Marietta, Ga., is running a "Pass the bar" weekend, passing out the Chicago candy bars that are being distributed to promote the group's latest album, "Chicago X". Station will be giving away an album per hour to every tenth caller. WFOM's observance of the Bicentennial 4th of July will be to play the 200 biggest hits of all time.

Dave Parks replaces Bob Paiva as music director at WLEE-Richmond.

WEMP-Milwaukee will soon be partially automated. Still live will be Bob Barry in AM drive and Tommy Rivers in PM drive, 3 to 7PM. The rest of the time they'll be automated, using Bonneville equipment.

Peter B. Collins has been vacationing in Canada since leaving WDAI-Chicago. He's now back home in Vermont and can be reached at Coates Island, RFD4, Winooski, Vt. 05404. (Phone: 802-863-2691)

Staff at KDOK-Tyler, Texas: PD Tim Kase (from WFAA), Jack Monroe, Chris Kaye, Robert Main, John McCullough.

Revised lineup at WFLI-Chattanooga: Greg Reed, David Carroll (Asst. PD), Allen Young (WJSR-Athens), Merv Pilgrim (PD - from WJSR-Athens), Rick Phillips (WBLJ-Dalton, Ga.) Quincy Lane, Ron Richardson (WDXB-Chattanooga). Station is running a "Magic Bus" promo, giving prizes to drivers of cars carrying their window decal - tie in with Magic Market Chain of 35 stores.

Regional Radio Meetings

Our schedule of regional meetings is almost completed. Meeting places and dates are as follows:

Northern Calif. & Nevada - Monterey - Holiday Inn - August 21-22.

Mid-States (Indianapolis or Columbus) - October 9-10.

Pacific Northwest - Spokane - Sheraton Hotel - October 30-31.

Florida-Cocoa Beach - Frank Wolfe Beachside Inn - November 13-14.

(Location of Mid-States meeting depends on hotel arrangements, not yet completed.)

In all cases the registration fee will be \$10, for radio people only. Checks should be made payable to The Gavin Report. Local and regional record people are invited for cocktails on Saturday evening as our guests. Hospitality suites and other forms of organized record promotion are out of bounds. Meetings will be informal and unstructured, with no speakers or panels. We particularly invite the attendance of people in sales and in news, so that we can be broadly representative of what radio is all about. Jeff Skov, news director of KSFO, will be attending our Monterey meeting and hopes to meet other news people there. Bob Kenner, chief engineer of KFRC, will also be on hand in Monterey, ready to answer questions about upgrading the quality of your AM signal.

For an experiment, we'd like each station to send us a short tape containing (a) the I.D.-jingle and/or spoken - and (b) each jock's voice giving his name. When we put these together to open our meeting they'll be a sort of roll call of the stations represented. If it's awkward to put all the air staff names on the tape, be sure to send the ID anyhow. In preparing the little tapes, please put a sticker on the reel to identify your station.

Those who have already registered for Monterey should know that the room reservation cards we promised to send you had to be specially imprinted and have not yet come back from the printer. As soon as we receive them we'll send them on to you. Meanwhile, we urge everybody please to notify us as soon as possible if you plan to attend any of the regional meetings. It isn't necessary to send your check right away. That can be done any time before the meeting. But it is necessary to give the hotels advance notice of our requirements for food and sleeping rooms.

In addition, there will be a New England regional meeting of both record and radio people, to be held in Framingham, Mass., Sept. 11 & 12. This meeting is being planned and sponsored by a local committee. My function there will be only that of a participant and host for a cocktail reception. Details of that may be obtained from Dick Smith, WORC-Worcester.

On July 3rd and 4th, WITL-Lansing plans to salute American music from both the historical and current perspective. Twice per hour biographical notes and music from the greats of today, along with brief sketches of the people and institutions that placed country music in the mainstream of American culture. And, of course, there'll be performances by the people who pioneered the various forms of country music.

You've heard of DJ's locking themselves in the control room for a last tirade at management before leaving? At WINN-Louisville it was the reverse. Manager Max Rein refused to accept B.J. Koltee's resignation. So when next Koltee went on the air, Manager Max sent him a supply of coffee and doughnuts and an empty 10 gallon bucket, locked the control room door and secured it with a rope. B.J. stayed on the air for eleven straight hours but wouldn't withdraw his resignation. So Max finally relented. (Well, they tell us, "When man bites dog - that's news".)

Albums

Album of the Week: (reviewed by Ron Fell) "More Than Ever"-Blood, Sweat & Tears (Columbia)
 Even though the album follows the regular B.S. & T. pattern of offering four to six minute cuts, programmers will find the group is more "together" than on any previous album since the early 70's. A classy KATY BELL, ballads like I LOVE YOU MORE THAN EVER and YOU'RE THE ONE, and an evangelical SAVED BY THE GRACE OF YOUR LOVE, are the cornerstones of this album. The addition of producer Bob James and the vocal contributions of Patti Austin should help to return B.S. & T. to turntables everywhere.

Bill Gavin's Personal Picks

- - - I especially like:

- DEVIL WITH A BLUE DRESS-Pratt & McClain (Reprise) Vigorous, up-tempo performance is a recommended prescription for tired blood.
- GETAWAY-Earth, Wind & Fire (Columbia) Imaginative and colorful arrangement benefits from occasional touches of modern jazz. Radio listeners will turn up the volume for this one.
- WE'RE ALL ALONE-Frankie Valli (Private Stock) Opening series of piano chords promises something unusual in the arrangement to follow. The Boz Scaggs melody (highly reminiscent of Richard Rodgers' "Bewitched") builds strongly to a bravura climax, encouraged by a rich instrumental backing.

Gary Taylor's Personal Picks

- PRETTY PRINCESS-Loggins & Messina (Columbia) A gentle lyric, a tender arrangement. Not your everyday top 40 fare but exceptional music none the less.
- DR. TARR & PROFESSOR FETHER-The Alan Parsons Project (20th Century) This popular LP cut has been well received - it sounds even better outside the context of the album.

Also Possible

- DON'T BELIEVE IT-Pablo Cruise (A&M)
- CAN'T GO BACK-Steve Goodman (Asylum)
- STRUTTIN' MY STUFF-Elvin Bishop (Capricorn)
- FUNNY HOW TIME SLIPS AWAY-Joe Simon (S.S.7)
- CAN'T CHANGE MY HEART-Cate Bros. (Asylum)
- PICK IT UP-The Knack (Atco)
- JODY, IT'S STILL ME-Richard Mainegra (Columbia)
- YOU TO ME ARE EVERYTHING-The Real Thing (U.A.)
- YOU TO ME ARE EVERYTHING-The Revelations (R.S.O.)
- (SHAKE, SHAKE, SHAKE) SHAKE YOUR BOOTY-K.C. & Sunshine Band (T.K.)

Inside Progressive Radio

by George Meier, Editor of "Walrus"

Established Progressive Airplay

- (In Order)
- Steve Miller Band
- Steely Dan
- Rolling Stones
- Firefall
- Doobie Brothers
- Stephen Stills
- Jethro Tull

Notes: Of these established airplay records Steve Miller and Steely Dan dominate. Further down the list, but notable, is the appearance of George Benson's LP which has moved into progressive radio after success elsewhere. Also, the strength of the long awaited Andy Pratt LP, especially in the N.E. area, is news. Again, The Wailers show radio power in the N.E. and in the South.

New Progressive Airplay

- (In Order)
- Marshall Tucker Band
- Carly Simon
- Gordon Lightfoot
- Jeff Beck

Notes: Though these albums command new radio play, a few regional differences show strongly also. Jerry Jeff Walker starts well in the N.E., and the West. But, we must point out that Jerry is a Texas hero, so the South must inevitably come through for him. In the N.E., Southside Johnny & The Asbury Jukes, a musical cousin twice removed of Bruce Springsteen, is strong. In the South the Burrito Bros. LP does well. In the West, The Baker-Gurvitz Army shows initial power.

Retail Information

Positive initial reaction to Chris Hillman, Ronnie Laws, and Ritchie Blackmore's Rainbow seem to be outstripping current radio play. But reissues are a story by themselves, especially David Bowie's album, which occupies a top-10 position. The Beatles repackage gets a strong start too, with a promise for the future. Certain new records are doing well regionally. Billy Joel, and Terry Reid, and Aretha Franklin in the N.E.; Andy Pratt in the South; Chris Hillman in the Midwest and West along with Camel, Aretha, and Thin Lizzy.

Imports

Nothing changes here, as Electric Light Orchestra, Santana, and The Wailers live albums and the new Caravan album dominate.

The following tracks from new albums are filling radio air...

- Baker-Gurvitz Army-DANCING THE NIGHT AWAY/
SMILE
- Charlie Bleak-LET ME IN
- Blue Oyster Cult-THE REAPER
- Don Covay-NO TELL MOTEL
- Felix Pappalardi & Creation-DARK-EYED LADY OF
THE NIGHT
- The Runaways-CHERRY BOMB
- Synergy-CLASSICAL GAS
- Ian Gillan Band-CHILD IN TIME
- Graham Central Station-MIRROR
- Mike Lesley-SLIPPIN' & SLIDDIN'
- Marshall Tucker Band-LONG HARD PIDE/WALKING THE
STREETS ALONE
- Michel Polnareff-LIPSTICK (Soundtrack)
- Andy Pratt-KAREN'S SONG/THAT'S WHEN MIRACLES
OCCUR
- Johnny & Edgar Winter-ROCK 'N ROLL MEDLEY
