

THE GAVIN REPORT #1150
WEEKLY SUMMARY
(Associate Editor, Gary Taylor)

Smash of the Week: DREAMS-Fleetwood Mac (Warner Bros.) Seldom is a record so obviously a hit.

Sleeper of the Week: WHATCHA GONNA DO-Pablo Cruise (A&M) Starting in Reno, Madison, Asheville, Sacramento, Detroit, Missoula, New Orleans, San Luis Obispo, San Francisco, and Rochester, N.Y.

Hot: THEME FROM "ROCKY"-Bill Conti (U.A.) & Maynard Ferguson (Columbia) Our research indicates both records are hits. The Conti leads in airplay. It boils down to which "sound" is preferred by the station.

Top Tip: SLOW DANCIN' DON'T TURN ME ON-Addrisi Bros. (Buddah) The acceptance grows with each passing week (see page 8).

Record to Watch: DA DOO RON RON-Shaun Cassidy (Warner Bros.) Very active female teen requests, ...could spread.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Established Progressive Airplay
(In Order)

- Fleetwood Mac-----
- Emerson, Lake & Palmer-----
- The Kinks
- Bad Company
- Jethro Tull
- Foreigner-----
- Nils Lofgren
- Peter Gabriel
- Eagles
- Atlanta Rhythm Section
- The Band
- Jesse Colin Young

Notes: The top 4 looks like a who's who of rock groups. Still, the intensity of the airplay, even of the securely established No. 1 & No. 2 positions is fairly mild. The new names, Foreigner & Peter Gabriel, re-confirm the trend of success for artists who break out of previously established bands. Regionally, we see an amazing top 5 position for Garland Jeffreys in N.E. It's amazing, because, with that power, he attains only the 18th position in a national airplay list.

New Progressive Airplay
(In Order)

- Bonnie Raitt
- Southside Johnny/Asbury Jukes-----
- Supertramp
- Dickey Betts
- Al DiMeola-----
- Beach Boys-----
- Dave Mason
- 38 Special
- Bryan Ferry
- Jack Bruce

Notes: Again we must explain that this list is very volatile. It is affected by several factors, one of which is the time of release relative to the time we gathered the information. That explains why artists, known to be strong, may not show strongly at first. Dave Mason and Bonnie Raitt are examples of this factor influencing the chart. Bonnie Raitt, who dominates even the second place artist here, will no doubt do very well as time goes on - this may be her best album. But when all of the royalties are counted, Mason's checks will likely be higher. 38 Special is the single new name in the bunch.

Singles & Imports:

Singles: There is a fairly long list of notable singles, but it is controlled by Dave Mason, Graham Parker, and 10cc.

Imports: It's getting boring but true that the important imports continue to lag behind two leaders - 801 - Live and The Hollies - Live.

The following are the most important new album tracks to enter the progressive stream. They are listed in order of preference.

- Supertramp-GIVE A LITTLE BIT
- Dickey Betts-OUT TO GET ME
- Dickey Betts-CALIFORNIA BLUES
- Bryan Ferry-TOKYO JOE
- Supertramp-... QUIETEST MOMENTS
- Dickey Betts-BOUGAINVILLAEA
- Bryan Ferry-THIS IS TOMORROW
- Southside Johnny-THIS TIME IT'S FOR REAL
- Supertramp-LOVER BOY
- Dickey Betts-SWEET VIRGINIA
- Eng. Dan & J.F. Coley-DOWDY FERRY ROAD
- Ralph Towner-ICARUS
- Dickey Betts-RUN GYPSY RUN
- Bryan Ferry-LOVE ME MADLY AGAIN
- Southside Johnny-... FEVER NO MORE
- Supertramp-FROM NOW ON
- Supertramp-FOOL'S OVERTURE
- Dickey Betts-NOTHING YOU CAN DO
- 38 Special-LONG TIME GONE

Friday (29th) he and Harriet arrived at the station expecting to have dinner with the boss and walked into a surprise party including out of state guests. Party or no - Don had to get up as usual to do his next morning show - a slot he has occupied for some 12 years. Next day the station held a gathering for his listeners at the Blue Ridge Mall. Well-wishers put away 1500 pieces of birthday cake and gave him writers cramp signing autographs. Both Rhea's were gifted with fine new watches by the station.

Albums of the Week
(reviewed by Ron Fell)

"Lace & Whiskey"-Alice Cooper (W.B.) Most cuts have enough heavy metal to cage King Kong, and the cavernous sound could only have been created by recording in a Devil's Island dungeon, but our hero continues to avoid the turnkey of musical conformity. DAMNED IF YOU DO, NO MORE LOVE AT YOUR CONVENIENCE, KING OF THE SILVER SCREEN, and ROAD RATS bolt down the album while Alice's gossamer-like single YOU AND ME provides its romantic zenith.

"Izitso"-Cat Stevens (A&M) Unlike "Foreigner" and "Numbers" this newest Cat Stevens album is not burdened with precocious, almost abstract lyrics, and is not smothered in garish orchestrations. Programmers should welcome the change. Stevens needs a "commercial" album about now and "Izitso" answers the need with cuts like REMEMBER THE DAYS OF THE OLD SCHOOLYARD, CRAZY, CHILD FOR THE DAY, LIFE and KILLIN' TIME.

"Book of Dreams"-Steve Miller Band (Capitol) On a recent mini tour of the West coast cities, Steve tried out many of these tunes on his legion of fans who received them warmly. JUNGLE LOVE, SWINGTOWN, and his current single, JET AIRLINER are the most eventful. (We should, however, call attention to a crude deviation between the lyric on the single and that of the third stanza of the album version). SACRIFICE and WISH UPON A STAR expand the Miller sound into the progressive and mellow margins respectively.

"The Beatles at the Hollywood Bowl" (Capitol) The novelty wears off quickly, but Beatle-maniacs will consider this a must for their collection, and satisfying their curiosity will be uppermost in the minds of many programmers. The distracting shrill of the crowd and the moderate musicianship displayed in this 13 cut flashback don't override the staggering historical significance the Hollywood Bowl concerts provide.

Also recommended from the following LP's:

- "A Man Must Carry On"-Jerry Jeff Walker (MCA) DON'T IT MAKE.../LEAVIN' TEXAS/ONE TOO MANY MORNINGS
- "Nothing But A Breeze"-Jesse Winchester (Bearsville) NOTHING../SEEMS LIKE../BOWLING GREEN/POURQUOI..
- "As Long As You Love Me"-Mickey Thomas (MCA) MY GIRL../TAKE ME../CAN YOU FOOL/AS LONG AS YOU LOVE..
- "Ear Candy"-Helen Reddy (Capitol) IF IT'S MAGIC/MIDNIGHT SKIES
- "Right On Time"-Brothers Johnson (A&M) RUNNIN' FOR YOUR LOVIN'/FREE YOURSELF/RIGHT ON../STRAWBERRY
- "Good News"-Attitudes (Dark Horse) DRINK MY WATER/SWEET SUMMER MUSIC/TURNING IN SPACE
- "The Music Man"-Paul Anka (U.A.) DANNON/TONIGHT
- "Anacostia"-Anacostia (MCA) HEARTACHE IN DISGUISE/FACE THE FACT
- "After the Show"-Bruce Foster (Millennium) BORN TO BREAK MY HEART/PLATINUM HEROES
- "Don't Stop The Music"-Breckler Bros. (Arista) FINGER LICKIN' GOOD/DON'T STOP THE MUSIC
- "Keith Barrow"-Keith Barrow (Columbia) TEACH ME/PRECIOUS
- "Peddlin' Music On The Side"-Lamont Dozier (W.B.) FAMILY/TEAR DOWN THE WALLS
- "Brownsville Station"-Brownsville Station (Private Stock) SLEEZY LOUISE/LADY
- "Horizontal Refreshment"-Supercharge (Virgin) ONLY YOU
- "Sun & Soul"-Stylistics (H&L) I'M COMIN' HOME
- "My Lady's Eyes"-Curt Johnson (Ovation) GOOD LOOKING GIRL
- "Parliament Live"-Parliament (Casablanca) NIGHT OF THE THUMPASORUS PEOPLES

Bill Gavin's Personal Picks

- - - I especially like:

- RUNAWAY-Bonnie Raitt (Warner Bros.) A highly imaginative arrangement of the old hit, which the vocalist handles with great style.
 ALL YOU GET FROM LOVE IS A LOVE SONG-Carpenters (A&M) Alto sax on the bridge adds color and change of pace.
 NIGHT AND DAY-Frank Sinatra (Reprise) It has been recorded many times, but never better than this.
 PIANO DANCING-George Fischeff (Columbia) He gets considerable mileage out of a series of three chromatic chords.

Gary Taylor's Personal Picks

- ONE OF THE POOREST PEOPLE-Caledonia (Big Tree) A ballad of being alone - and therefore poor. The lyric, in a ballad setting, should strike a responsive chord with many.
 THE PRETENDER-Jackson Browne (Asylum) The highly relatable lyric pretends to be nothing more than a song about seeking life, liberty, love and big bucks.

Also Possible

Gavin's Gab

Last Friday evening, April 29th, in Chicago's Regency Hyatt House, over 400 representatives of the record and radio worlds paid tribute to one of the top radio pros of our time - and one of our finest gentlemen - Lucky Cordell. Among the many who "testified" were Rev. Jesse Jackson, Al Bell, Henry Stone, Russ Regan, Bob Austin, Georgie Woods, Bernadine Washington and Jerry Boulding. Paul Gallis, Granny White and Ernie Leaner did yeoman work in making all the arrangements for this special event. Lucky and his partners are now operating Lucky Productions, whose recorded product will be released through the Henry Stone organization.

Attention all correspondents: In billing for your stations' subscriptions our statements are sent to your personal attention unless we have been otherwise instructed. However, on the first day of the quarter's third month (that's this month) we send a final 30-day notice to your "Accounts Payable". In some cases this may reach a bookkeeper who doesn't know what it's all about and so ignores it. We strongly recommend that correspondents check with their accounting departments to make sure that these accounts are paid. Those that remain unpaid on May 31 will be cancelled and stations will lose correspondent status. Re-instatement of cancelled subscriptions do not restore correspondent listings.

Promotion of the month! WMOB-Mobile, a daytimer, ran a series of teaser spots: "Look for WMOB at night". No, they weren't going full time, a single engine aircraft was equipped with bright neon WMOB call letters, dial position and phone number. People who see the sign can call the station and participate in several prize drawings. Plane flies one night per week for four weeks. Owner-Mgr. Skip Broussard (a colleague of Buzz Bennett's in the good old days at WTIK) reports "overwhelming" response. Getting people involved with a station when it's off the air is a noteworthy achievement.

Could you ad lib continuously for 30 seconds on the subject of - say - gyrostabilizers, without saying ahh, uhh or umm? At WIGY/FM-Bath, a listener who can do just that wins a dollar a second. At KDON-Salinas a lucky listener correctly identified the "Secret Sound" and won \$100 per month for a year. The sound? A belt being pulled out of its loops.

At KAAY-Little Rock, PD Dick Downes wishes "best of luck" to Reid "Rookie" Reker who is leaving the air and going into sales.

Congrats to Susie & Tom Giamonco (Jordan), proud parents of 8lb. Aaron Thomas, born April 28. KROK-Shreveport threw a 94 hour non-stop birthday party, with a Friday dance pulling in 2,000 people and a weekend outdoor concert, which had an audience of over 6,500.

In Neenah, Wis., WNAM publishes the "Musci-News" - a well written weekly paper dealing with pop music and musicians. They'd much appreciate artist bios and pix from all sources.

In Missoula, Mont., KYLT's Walkathon drew 753 walkers and raised \$32,065. Biggest fund raiser was an attorney who ran the entire twenty mile course and raised \$2,000 thereby.

Music calls: to Jim Gates, KJAS-Jackson, Mo., Fridays, 10 to noon.

to Ron Eric Taylor, KOFM-Oklahoma City, Tu., Wed., Thurs. 2 to 5PM.

Revised lineup at KDZA-Pueblo: Frank Provenza (PD), Rip Van Winkle (music), Todd Michaels, Tim Kiley, Dava Avalos, Mike Starr, Danny Cougar.

Late flash! Air talent opening at WMOB-Mobile - contact Skip Broussard, 1020 First Southern Tower, Zip 36616.

Gavin's Gab

In Los Angeles they're still talking about KMPC's "Waterthon". In 24 hours there were over 25,000 listener calls, pledging water savings during the next 100 days. Each caller was mailed a pamphlet entitled "50 Ways To Save Your Water". Pledges totaled exactly 131,274,561 gallons. One highlight result of the feature was a phone call from the personnel director of I.T. & T., requesting 1,000 copies of the pamphlet. His company plans to enclose one in each of its employees next pay envelopes.

Unusual - and unpremeditated - station promo: When a Medford newspaper decided to do a picture story about the local hospital's switch to the metric standard for weighing in new babies, they built their story around new parents Dave and Mary Schroeder and their newborn baby, Robin Rose, who weighed in at 3,289 grams. Dave is a jock at KMED and the story took up four columns on the front page of the Sunday edition.

KORD (AM/FM) recently switched locations in Tri-Cities, Wn. and suffered from cable difficulties that put them intermittently off the air. They were cheered by many friendly listener calls voicing encouragement and continuing loyalty to the station. When the problems were resolved, KORD thanked its audience by playing the entire 14 hour "Beatles Story", produced by the BBC. Congrats to Jack Armstrong, of WIFE-Indianapolis, and to his wife Peggy, on the birth of their second child, a girl, born Friday (6th).

Chris O'Neil reports from CK101-Cocoa Beach that they've so far given away \$2,100 in prizes in their "Last Song" contest. Listeners naming the last three records played may win up to five times their age - in dollars. Great opportunity for the Geritol set.

Lots of music for lots of people in Baton Rouge. Three nights of pop concerts drew 14,000 each performance, while a three day country music festival attracted 50,000 total.

In Atlantic City (Las Vegas East) WMID celebrated Friday the 13th by making it "Lucky 13" (the station's logo) - giving away \$13 in cash, a 13 lb. cake, 13 top hits, and so on. Listeners loved it, says Gary Lane.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

UNDER THE SPREADING RESEARCH TREE

It is top 40 radio which usually comes to mind when the word research is used. What with its tight playlists and highly competitive nature, the format has been doing music research for many years. Some of the modern techniques, using skin sensors and such, are a 21st century kind of hair raising. Few people, from the chart watching and store calling school, seem totally comfortable with the techniques of gadget science.

Progressive radio, to make our standard leap, is more often thought of as research free. The notion is that programmers work more on instinct than anything else. That notion has been true, but it is changing rapidly. Lee Abrams, and the over 25 stations he consults, do massive and very impressive record research. His speciality is in locating the right tracks on an album and in determining the musical migration of the album audience.

This investigation is most difficult when dealing with albums because there is such a vast collection of known artists and because each new LP presents so many possibilities in its 8-10 tracks.

So when thinking of us progressives, add to your thoughts that seat-of-the-pants programming is giving way to social science. Hopefully, it will leave room for programming hunches - the factor which makes for the human difference.

Memo to Correspondents

Enclosed in this mailing is our revised Action Report form. Please note the instructions on the back. In listing LP cuts in the lower right section, don't list those that are available as singles, even though you may be restricting them to LP rotation. When adding or charting an album track for regular singles rotation, it will help if you also list it in the LP section.

The morning man at KSO, who does a "Streets of Des Moines" feature, is going to see if he can do a broadcast from the city sewers. Station hosted 65 blind children at the circus last week. They all wore earphones so they could hear Perry St. John and John Leslie describe the action that they couldn't see.

"Bring home the bacon on Country K" promo meant that winners of the regular bumper sticker prizes were presented with a bonus of 5 lbs. of bacon, by WIRK/FM-West Palm Beach.

Rick Lewis, KTIB-Thibodaux, who is helping to promote the benefit fairs in his area for the Volunteer Fire Departments, reports "absolutely overwhelming" response from listeners. He's deeply grateful to the many music people who generously donated posters, T-shirts and records for prizes at the fairs. Not enough room here to list the many that he reported, but topping his list are Johnny Rodriguez, Lawanda Lindsey, The Statler Bros., and Mike Sirls (Searls?) of Warner Bros.. Since the fairs are still continuing (12 to go), and crowds have been many times larger than expected, Rick could make good use of still more donations.

Phone him at 504-447-9006.

KLAK-Denver offers a prize of an all expense round trip for two to any place in the U.S. for the best letter on "Why I Want To Go Home". It's in conjunction with the current single and album by Lonnie Mack, "Home At Last".

At 7:20 P.M., May 4, listeners to KWMT-Ft. Dodge were startled when Bob Wood warned them that he could see a tornado funnel cloud approaching the city. Bob urged listeners to take cover - then the power went off. The twister demolished about 30 homes and 75 others had heavy damage. Station's power came back next morning, so KWMT and KKEZ(FM) were the only stations on the air for a time. Thanks to radio warnings - plus city's sirens - there were no serious injuries in the residential areas. Dale Eichor's home suffered substantial damage and the home of one of KWMT's office girls was among those destroyed.

WBHP-Huntsville presents Roy Clark concert Friday at the Von Braun Civic Center. (We caught Roy's show recently in San Carlos and it was super! J.)

The folks at KPUB-Pueblo are grateful to the country artists and record companies who co-operated in making the KPUB 12th Anniversary "Bash" a super success.

In Indianapolis, Friday night, April 29, 300 people stood in line all night, waiting for the box office to open so they could buy tickets to the Elvis Presley concert June 26. It was a cold night, so the WFMS motor home drove up with doughnuts and hot soup, also offering the vehicle's much needed lavatory facilities.

In Amarillo, Ms. Noreen Kleman is the winner in KDJW's "Giant West Texas Talent Search". Dugg Collins says she's not only a great song writer but also "knows how to work the stage." Her recording session will be produced by Claude Gray.

Albums of the Week
(reviewed by Ron Fell)

"American Roulette"-Danny O'Keefe (Warner Bros.) Ever since Charlie got the blues back in '72 Danny has been on this melancholic bummer. On "American Roulette" his writing is particularly intense while his melodies are more memorable than in recent albums. This combination makes for some real classics like THE RUNAWAY and AMERICAN ROULETTE, and gives us superior cuts like YOU LOOK JUST LIKE A GIRL AGAIN, ALL MY FRIENDS, and JUST JONES. Sometimes we need a Danny O'Keefe to shake us out of our intellectual narcolepsy.

"Here At Last Bee Gees Live"-Bee Gees (RSO) It takes a two record set just to include all their hits, thus their live tour consisted almost exclusively of their biggies. The album captures one complete performance December 20, 1976 at the fabulous Forum in Los Angeles. That means it is not a compilation of the best versions of each song as recorded throughout the tour. Now that's "LIVE", and a credit to the brothers' showmanship.

Bill Gavin's Personal Picks

- - - I especially like:

- ROLLIN' WITH THE FLOW-Charlie Rich (Epic) Delightful entertainment for the whole family. His message will be meaningful to most listeners.
- AMARILLO-Neil Sedaka (Elektra) As Joe Smith told Dean Tyler: "Everybody knows that there are just 700 different hooks that can be put in a record, and this one has all but two of 'em". George Martin's production and arrangement are nothing if not commercial.
- JUST A SONG BEFORE I GO-Crosby, Stills & Nash (Atlantic) "Trav'lin' twice the speed of sound, it's easy to get burned". The lyric implications are not readily discernible, but the trio puts it all together so attractively that further study will be a pleasure.
- MY HEART BELONGS TO ME-Barbra Streisand (Columbia) Her gorgeous voice, thank goodness, belongs to the whole world.

Gary Taylor's Personal Picks

- I'M IN YOU-Peter Frampton (A&M) Even if we were to disregard his incredible previous successes, this release would stand out as exceptional.
- ALL IN YOUR MIND-Atlanta Rhythm Section (MCA) Their musical maturity is obvious in this single, which was originally on a 1972 album. In other words, they were ready and waiting 5 years ago.
- LOSE AGAIN-Linda Ronstadt (Asylum) It is often stated that the two "best" are Ms. Streisand and Ms. Ronstadt. Radio is fortunate to receive a release from both in the same week.

Also Possible

- LAND OF MAKE BELIEVE-Chuck Mangione (Mercury)
- SWEET MARJORENE-David Huff (U.A.)
- I'M BLOWIN' AWAY-American Flyer (U.A.)
- THE DOODLE SONG-Frankie Miller (Chrysalis)
- ONLY THE LUCKY-Walter Eagen (Columbia)
- FEVER OF LOVE-Sweet (Capitol)
- TIMELESS LOVE/& flip-Burton Cummings (Portrait)

THE GAVIN REPORT #1152
WEEKLY SUMMARY
(Associate Editor, Gary Taylor)

Smash of the Week: THEME FROM "ROCKY"-Bill Conti (United Artists) When all is said and done the theme itself is the real winner.

Sleeper of the Week: YOU'RE MY WORLD-Helen Reddy (Capitol) Limited exposure, but the few chart moves point toward possible further growth. WBBF (8 from 15), KIOA (11 from 17), WDBQ (15 from 28), WFRC (16 from 24), WFOM (28 from 30).

Hot: JET AIRLINER-Steve Miller (Capitol) Saturation airplay is supported by numerous chart jumps.

Top Tip: LOOKS LIKE WE MADE IT-Barry Manilow (Arista) If listener phone response is any indication, this should be big.

Records to Watch: HIGH SCHOOL DANCE-Sylvers (Capitol) Big week. Jumped 41 to 31 in chart ranking in our research tabulation.

PEOPLE IN LOVE-10cc (Mercury) Stockton, Great Falls, Nashville, Bryan (Tx.), Albany (Ga.), and many more.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Established Progressive Airplay

(In Order)

Fleetwood Mac

Bonnie Raitt
Emerson, Lake, & Palmer
Supertramp

Foreigner
Bad Company
Dave Mason
Dickey Betts

Notes: Our information shows us several plateaus among the dominant airplay records. The only regional note of significance is the #5 airplay position of Southside Johnny & The Asbury Jukes in the Northeast. It would have shown up at position 16 had this national list been extended. Finally, a few weeks ago we questioned the early indications we had that Bonnie Raitt looked stronger than Dave Mason. Our speculation that Dave might overtake the lady appears to be quite wrong. Note below how several tracks from each LP are fighting for airtime.

New Progressive Airplay

(In Order)

Little Feat
Van Morrison
10cc
Poco
Kingfish

Notes: There are no plateaus among these new albums. Each one is secure in its position. And the list drops off radically after Kingfish. No regional differences of note alter this landscape either.

Miscellaneous Information

Imports: Finally 801 has been outstripped as the number one import. But, it took the Beatles to do it. The two albums dominate the scene.

Singles: A rather long list of singles is commanded by three: Steve Miller Band, Graham Parker, and Ronnie Spector. Continuing in order are Andrew Gold, Alice Cooper, American Flyer, Climax Blues Band, and Fleetwood Mac.

The following new LP tracks are in order of preference...

- | | |
|---------------------------------------|--|
| 1. Dave Mason-SO HIGH | 14. Dave Edmunds-GET OUT OF DENVER |

Albums of the Week
(reviewed by Fon Fell)

- "Going Public"-Bruce Johnston (Columbia) This album shows the tremendous but nearly anonymous influence Johnston had on, and in, the Beach Boys. (He replaced Brian Wilson mid-wave.) DEIDRE and DISNEY GIRLS, both of which have been done by the Beach Boys, are done better by Bruce as a solo. His I WRITE THE SONGS (for which he received a "Grammy"), ROCK & ROLL SURVIVORS, DON'T BE SCARED and a disco PIPELINE make up the heart of a spectacular album.
- "Lights Out"-UFO (Chrysalis) The kind of album that gives VU meters all the exercise they can handle. Even at their usually high volumes Phil Mogg's vocals don't get overridden by the hot guitar runs of Michael Schenker or Andy Parker's pulsating percussives. The pace is set with TOO HOT TO HANDLE and JUST ANOTHER SUICIDE while TRY ME and ALONE AGAIN OR (the old Love standard) provide refreshing intermissions.
- "Spirit of a Woman"-American Flyer (United Artists) One of the best acoustic rock albums in the past year. In only their second album project they've managed to find a perfect mix of rich harmonies and meaty instrumental tracks. Eric Kaz's GAMBLIN' MAN and KEEP ON TRYIN' epitomize what many acoustic rockers try to pull together and so seldom accomplish. Further enjoyment should come from FLYER and SPIRIT OF A WOMAN.
- "Every Face Tells A Story"-Cliff Richard (Rocket-MCA) Every cut tells a story. A very consistent collection of 13 songs arranged with airplay in mind. Richard's recent album, "I'm Nearly Famous", re-introduced him to mid 70's radio listeners, and with this new one the relationship is sure to become more serious. Too many better than average cuts to mention here. Enjoy!

Bill Gavin's Personal Picks

- - - I especially like:

TELEPHONE MAN-Meri Wilson (GRT) Her happy reading of the lyric transforms it from something coarse and suggestive to a delightful account of the joy of sex. Some programmers may hesitate to air it, but those who do will find their phone request lines going berserk. Just ask Dallas - or Lubbock.

DON'T CRY BABY-America (Warner Bros.) Mellow and romantic as a June moon. Vocal harmonies on the refrain are especially effective.

Gary Taylor's Personal Pick

JUKE BOX MUSIC-Kinks (Arista) Their familiar harmonies and guitar work rock just enough. If the previous album play is any indication then the group is headed in the right direction.

Also Possible

- WALK RIGHT IN-Dr. Hook (Capitol)
- BAREFOOTIN'-Barefoot Jerry (Monument)
- FEEL LIKE CALLING HOME-Mr. Big (Arista)
- LIFETIME GUARANTEE OF LOVE-Ray Dahrouge (Lifesong)
- CHICAGO-Kiki Dee (Rocket)
- NEON NIGHTS-Atlanta Rhythm Section (Polydor)
- RED LIGHT (SPELLS DANGER)-Billy Ocean (Epic)
- THERE'S NO ONE HOME AT MY HOUSE-Joey Scarbury (Columbia)

Gavin's Gab

Scott Christenson recently talked with a recording engineer in Minneapolis about the speeding up of turntables - playing singles at 47RPM rather than at 45. The engineer, surprisingly, had been doing some research to check the turntable speeds of various model record players for home use. He claims that all of the models selling for under \$400 showed turntable speeds of 46 and 47RPM. If this is generally true it suggests the question: Wouldn't the records on the radio, played at 45RPM, sound draggy to the listener who played them at a higher speed at home? Any of our correspondents who have further info on the subject are invited to share it with our readers.

KITY-San Antonio (FM92) has switched to an A-C format. Need singles & albums, all sources. Mail to Joe Sandoval, music director, Box 2338 - Zip 78298.

WVON-Chicago will invite listeners to "beef up your weekend" next weekend, by giving "Rocky Punching Bags" as prizes. (For any that may not have seen the movie, that translates as sides of beef.)

CK101-Cocoa Beach is promoting a "Sit On It" weekend - with big beach towels as prizes, along with tickets to the Fleetwood Mac/Bob Seger concert coming up at Orlando's Tangerine Bowl. Chris O'Neil also reports a double bonus for airman Spanky McCoy: He was promoted to asst. PD and became a new father, all the same day.

KOBO-Yuba City raised much bucks with its Skate-A-Thon for the Muscular Dystrophy Fund. Held May 14 at the Cal Skate Arena.

Bob Kay, morning man at WNUE-Ft. Walton, Fla., announced that he was going to play it safe on Friday the 13th by not getting out of bed at all. So Friday morning they carried bed and Bob out of the house and down the main drag to Fred's Showcase (furniture store), installed the bed - and Bob - in a parking lot, and he did his show from there. Store held a drawing and gave away a new bed as a prize. (But Bob - all day? - in bed? How did you - er - manage?)

Wedding bells, July 16th for Kris Van Kamp, of KYNO-Fresno and his bride, Hanya Gozdiff.

Correction: On page 2 last week we listed KTKT-Tucson as charting Bette Midler at #11. Wrong. Shoulda been Steve Miller.

Music calls to Chuck Rivers, KOZE-Lewiston, Idaho, Mon.-Fri., 11AM to 1PM.

New lineup for WBGW-Bowling Green: Steve Denton (PD), Thane Austin, Doug Kirsch, Henry Royce (Production), Tracy Reynolds, Tim England.

Steven J. Knight, new music director at WPPI-Carrollton, Ga., can take music calls Mon. thru Thurs. 3:30 to 5PM.

During heaviest traffic hours in Sacramento, KCRA maintains two way radio contact with Highway Patrol officers, who report their observations of how well drivers are sticking to the 55mph speed limit. The CHP office reports improved awareness of the speed limit among drivers.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Notable New Releases

Of the 60 American albums reviewed in the last issue of Walrus several bear mentioning. In alphabetical order, the rather controversial Greg Allman has released an album which is an artistic retreat to the womb. It returns to the roots of rock and roll. Rhythm and blues of some grade and maturity results.

Ironically, the Beatles had two live albums released effectively at the same time. One is an import recorded in 1962 in Hamburg, during their gestation period. The other was recorded at the group's 1964 & 1965 appearances at the Hollywood Bowl. The recording quality of both precludes airplay in anything but special circumstances. All of this is of little consequence because the real message of both records is contained in their respective introductions. Polite applause vs. a sonic boom marks the difference between the years.

Two notable R&B records are by Brothers Johnson and Shirley Brown. Both are eloquent in their own ways. Quincy Jones' influence transforms The Brothers Johnson into much more than an agitated, repetitive disco group. They are stylish and musical too. On the other hand, Shirley Brown is like a softer Aretha. She's a super-fine rhythm and blues performer.

Covering the blue-eyed soul beat are the Little Feat and Van Morrison albums. Little Feat is extraordinary because of the rhythm feel and the care with which it is developed. The Morrison album isn't as crafted. All of his work depends on that marriage of Van's melodies to his voice. Dr. John added the New Orleans stroke to fill out this project.

Finally, two really meticulous albums, one by Cat Stevens and one by 10cc, amount to a blueprint for perfect production. Stevens returns with some of his old spunk and the zanies from England refine their art to a high gloss.

Gavin's Gab

A listener to KSL-Salt Lake City phoned Bob Lee at the station to ask where he could buy a copy of the Boones record of Hasta Manana. Bob told him to phone the two biggest record stores, and if no results to try Alpha Distributors. Listener called again later - said "no dice" - nobody had ever heard of the record. So, out of curiosity, Bob got on the phone to the WEA branch in Denver and found that nobody there had ever heard of it. Bob can't understand it. Jack Parker tells us that KBOM-Bismarck raised over \$2,000 to send the Century High School Band to Portland, Oregon, to march in the world famous Rose Festival Parade.

Five jocks from WIRK-W.Palm Beach will stage a hot air balloon race across Palm Beach County. Listeners phone in their choice of the winning balloonist; right guessers win a chance at a balloon trip of their own.

Two jobs open at KXLY-Spokane - one for a PM drive personality, the other for a news editor who can also handle production. Call Chuck Harmon, 509-328-6292.

Consultant Mike Joseph has set up a new staff - new format - for WTIC/FM-Hartford, a station whose AM affiliate owns about as high audience percentage shares as any in the U.S. New staff for the FM: Dan Collins (WMEE-Ft.Wayne), Mike McKay (WKAP-Allentown). Rick Donahue (WZZM-Grand Rapids), Jerry Daniels (WHYN-Springfield), PD Bill Lenkey (WCLS-Columbus, Ga.), "Cosmic" Phoenix (KDWB-Mpls.), Jack Carney (no, not the one from KMOX - this jock comes from WPOP-Hartford.) It's a top 40 type format - variable playlist - tight, fast presentation.

Albums of the Week
(reviewed by Ron Fell)

"A Song"-Neil Sedaka (Elektra) Consistent with the high standards set on his later Rocket records. A prolific and prosperous composer, Sedaka keeps on churnin' out the hits. As with past albums, "A Song" will attract nearly as many people to the sheet music racks as to the vinyl. I especially liked....THE LEAVING GAME, YOU NEVER DONE IT LIKE THAT, HOLLYWOOD LADY, ONE NIGHT STAND and his current single AMARILLO.

"Playin' Up A Storm"-Gregg Allman (Capricorn) A singer-songwriter with personal problems doesn't do an album of Donnie & Marie Osmond songs - he does introspective bluesy ones. "Playin' Up A Storm", although assembled in turmoil, can be appreciated as a musical threshold for Gregg. CRYIN' SHAME, IT AIN'T NO USE and COME AND GO BLUES register all the doom and depression of a thundercloud while BRIGHTEST SMILE IN TOWN - written in part by Ray Charles - gives the album its silver lining.

"Stacked Deck"-Rusty Weir (Columbia) Since his days with 20th Century records, Rusty has set a determined course to shake the labels associated with progressive country artists. In this - his second Columbia album - Mission Accomplished. In this short period of time he's gone beyond the Waylons and the Jerry Jeffs to the point where our country programmers should find little to mess with. At this new station in his musical migration Rusty is more likely to compete with Southside Johnny and Joe Cocker. WALKIN' THRU NEW ORLEANS, GOOD GOOD LOVIN', MIDNIGHT ANGEL and THINK ABOUT IT sound hot.

Also recommended from the following LP's:

Bill Gavin's Personal Picks

- - - I especially like:

- YOU MADE ME BELIEVE IN MAGIC-Bay City Rollers (Arista) Early impact info makes this an easy pick, but even without the outside help I'd still tab it as a super-recording.
- GIVE ME LOVE YOUR WAY-The New Seekers (Columbia) Their vocal harmony arrangement gives an imaginative treatment to an interesting song. The a cappella interlude grabs the ear.
- COME IN FROM THE RAIN-The Captain & Tennille (A&M) Title tune from the album presents stylish keyboard embellishments by Mr. Dragon, surrounding some convincing singing from Toni Tennille. Beautiful song - great lyric.
- SING FOR YOU-Beaverteeth (RCA) Cute song, interpreted with skill and originality by the group. Already pulling airplay at several Southern stations.

Gary Taylor's Personal Picks

- WHAT A SOUND-Henry Gross (Lifesong) This is an ideal summer record - in fact, you can hear the wave of Beach Boy type harmonies. I think it's another SHANNON and then some.
- TELEPHONE LINE-Electric Light Orchestra (United Artists) Their patented ethereal sound coupled with the shoo-bee-doops of the 50's make this different enough to be appealing.
- IN THE MIDDLE-Tim Moore (Asylum) Acoustical rhythm intro sets the stage for a sampling of Tim Moore lyrics - a sampling that hopefully will gain the artist his overdue recognition.

Also Possible

- BABE-Neal Fox (RCA)
- I NEVER SAID I LOVE YOU-Gary Clute (Soundwaves)
- SEASIDE WOMAN-Suzy and the Red Stripe (Epic)
- MAKING GOOD THINGS BETTER-Olivia Newton-John(MCA)
- DARLIN' (FALLEN ANGEL)-Helen Schneider (Windsong)
- I'VE LOVED THESE DAYS-Billy Joel (Columbia)
- HONKIN' DOWN THE HIGHWAY-Beach Boys (Brother/Rep)
- YOU MADE ME-Bellamy Bros. (Warner Bros.)
- KILLING OF GEORGIE-Rod Stewart (Warner Bros.)
- LET ME LOVE YOU ONCE BEFORE YOU GO-Dusty Springfield (U.A.)

Philadelphia Meeting

We spent an exciting day and a half at the University City Holiday Inn talking about radio. The quality of the attendance was high, but the quantity was disappointing. Many who had planned to be there were forced to cancel at the last minute, due to a variety of reasons. But for those who were there, the sharing of ideas and experiences produced many compliments. One such came in a letter from Susan Breakefield, general manager of WASH-Washington, D.C.: "The format, which allowed such an extensive and open sharing of views, exposed me to more information than I thought was possible to put in any one weekend".

Other top execs in attendance were Jack Thayer, Pres. of NBC Radio, Don Kelley of WIP-Philadelphia and Ted Atkins from WTAE-Pittsburgh. Ted "blew our minds" with a batch of computer printouts, the result of his station's callout research. The calling list is derived from Radio Index, selected exclusively from listeners to WTAE and its two major competitors.

Will computerization and automation ever eliminate the human element in radio? There were a number of emphatic comments of "Never!" from our group, but no one could deny the amazing - and ominous - developments in this direction. As matters stand today, the electronic marvels can provide an unprecedented amount of information, but the effective use of the data still requires human intelligence.

Of course, we got into a multitude of other topics - too many to outline here. Commercial loads and controls, co-operation between programming and sales, shortcomings of radio's "farm" system, FM's threat to AM radio, programming albums, the "return" of personality radio - and on and on.

Among the well known program directors who attended and contributed liberally to the discussions were Bob Hughes (WASH), Jay Cook (WFIL), Dean Tyler (WIP), El Salamon (WHN), Harv Moore (WYSL), Peter Mokover (WPEN), Dave Klahr (WMGK), Gary Berkowitz (WPRO/FM), Bob Hamilton (KRTH-Los Angeles), Joe Tamburro (WDAS), Kelly Eisenhauer (WIFI), and Sandy "Dee" Nehri (WCRO).

Icing on the cake for our Philadelphia visit was the Matty Singer testimonial dinner Friday night, at which ABC Records presented him with a shiny new Cadillac, with plaques and tributes coming from many other sources. Good luck, Matty.

Dean Tyler

As everybody knows, the new PD at WNEW-New York, as of May 31, will be Dean Tyler. It is also well known that Dean leaves behind an outstanding track record for his program direction of WIP-Philadelphia. Not so well known is the fact that when he was enrolled at the University of Delaware, Dean intended to be a veterinarian. To earn a little extra money he auditioned for a part time disc jockey job at WAMS-Wilmington - and was hired.

We first "discovered" Dean as a correspondent in July, 1966, when he was music director and jock - and then asst. PD. Later on, he moved to WHN-New York, where he was assistant to operations manager Roy Schwartz. Then the owners transferred him to WJBK-Detroit.

In 1969 Dick Carr brought Dean back to Philadelphia as music director of WIP, where in 1971 he became program director. Even in this demanding position, he still retained full control over the music. As a result he moved WIP from the very conservative side to a modern, contemporary sound.

Under Dean's guidance WIP has been consistently the leader in Philadelphia's adult audience shares - a condition that has resulted from careful management of the music and scores of other details.

Dean makes no boasts about what he will accomplish at WNEW, but he welcomes the challenge and the opportunity that his new job presents. He tells us that he has no advance plans for any changes - that he has had no chance to hear the station for a long time. But he and manager Bill Dalton will make a strong team in the battle to restore WNEW to its former power and prestige in the New York area.

As others have said before now, Dean Tyler is living dis-proof of the old saying that "Nice guys don't win". We're grateful to Dean for his loyalty and friendship through these eleven years, and we hope that the relationship will be continued for many more.
