# Kelo-land is Boom Country

No advertising campaign is a national campaign without it.

- Sioux Falls, and its extended KELO-LAND area, is making front-page news. Industries, both regional and national, have targeted Sioux Falls as a logical base for manufacturing and service operations.
- And for good reason. Superb geographic location. Excellent air and highway transportation. Abundant water and electric power. A happy, productive work force.
- And a great communications system, KELO-LAND TV. Now, more than ever, no advertising campaign is a national campaign without it.

# The Beaumont/ Port Arthur Market is more market than you'd expect.

All too frequently, the decision to buy or not buy a market is determined by population rank alone. The Beaumont / Port Arthur, Texas metro population is just beyond the magic 100th market cut-off. We're 107. But we've got top-market money and here's an idea of how we spend it to buy what you sell.\*

CATEGORY	NAT'L RANK	CATEGORY	NAT'L RANK	CATEGORY	NAT'L RANK
Effective Buying Income	95	Premium Priced Products	92	Apparel & Accessories	67
Avg. HH EBI	61	Automobiles	65	Building Materials	62
Tot. Retail Sales	86	Food Store Sales	88	Drug Sales	76
Per HH Retail Sales	19	Home Furnishings	80	Major Appliances	62

# KFDM-TV is more TV than you'd expect.

In fact, we're #1 in ratings, households and adults in all day-parts. Our local newscasts account for 6 of the top 10 regularly scheduled programs in this market. The remaining 4 are on our station, too. Since 1955, KFDM-TV has maintained significant dominance in this area and it's not unusual for us to deliver ratings and demos far greater than the combined competition.\*\*

With KFDM-TV, you'll reach the tremendous buying power of Southeast Texas. We're eager to help you find life and profit beyond the 100th market. Let's talk.

# Television Translator Stations

As of September 1983

VHF and UHF Channels

Dagger (†) preceding a listing indicates station(s) are licensed. Asterisk (\*) preceding a listing indicates construction permits(s). Absence of symbols indicates application only. When a community has a translator licensed and another with a construction permit only, these symbols precede call letters.

Transmitter power output (TPO) is given at end of each listing; all translators are one watt (1-W), unless otherwise indicated.

Channel numbers are contained in call letters: For example, Ch. 3 is indicated for Clearwater, Alaska by K03AB. Call letters and location of station repeated are in parentheses.

This listing includes all existing & proposed translator stations, including those which are owned & operated by television stations.
