Affordable Digital Automation

Our new WaveStation 3.0 has all the features of the \$50,000 automation systems, but is priced reasonably like software, not gold-plated broadcast hardware. We often hear, "It can't be true!" More than 2500 satisfied users worldwide prove the contrary. WaveStation includes a powerful digital audio editor and uses standard or compressed audio files, including MP3. With on-screen Voice-Track editing, time-shift recording and serial port control, WaveStation is a powerful tool in the hands of any broadcaster. WaveStation will run entirely automated, as a satellite system or in live-assist, and is webcast ready. It has programmable import filters to work with virtually any scheduling system, or you can create logs right in WaveStation. It can also use a wide variety of audio hardware because of its non-proprietary format. WaveStation has free upgrades and is compatible with Microsoft Windows 98 SE, 2000 Pro or NT WorkStation.

FOREWARD

This year's M Street Radio Directory brings us to another milestone—our 10th Edition. Each year, we try to make improvements that will increase your utility and ease of use.

Because of the sheer volume of data that needed to be included within each station's listing, we had to go to a larger size. We simply maxed out our ability to add any more pages at the old size.

We've also added station website information this year. We're pleased to be able to provide this information for the majority of stations that have a website—more than half of the stations listed in this book.

You'll find new format codes this year. We've gone to a three letter coding system in order to combine some of the old two letter codes. We've created some new codes, as well. For example, stations running news-talk under the old code would be listed as "NX-TK." This year, you'll find these stations in their own category—"NTK."

In addition to including Arbitron's new radio markets since the last Directory, we've added a few of our own. You'll find them in the Radio Market section towards the back of the book, along with station ratings and rankings.

In addition to the editorial changes, we've done lots of "tweaking" to try to make the book more functional and easier to read. We've put a lot of effort into the "little things"—from fonts and type sizes to the headers at the top of the page.

Last but not least, our advertisers make the publication of this book possible. I'm grateful for their support, and hope that you'll acknowledge them, too.

We think you'll find the 10th Edition of the M Street Radio Directory continues to lead the industry as radio's most accurate and comprehensive desk reference and research tool. Your feedback and comments are always welcome. Please email me directly at patm@mstreet.net.

Current **power** and **facilities** as well as any changes applies for, or **construction permits** granted, are shown.

For AM stations, the day power is listed first, then the night power if any, followed by the antenna configuration:

- ND non-directional, full time
- ND-D non-directional, daytime only
- DA-D directional, daytime only
- DA-N directional, nighttime only
- DA-1 same directional pattern day and night
- DA-2 different directional patterns day and night
- DA-3 different directional patterns day, critical hours, and night

FM stations list their effective radiated power (ERP) followed by the antenna height above average terrain (HAAT). FM stations whose ERP or HAAT is different for horizontal and vertical polarizations list the figures as (h) and (v). "DA" indicates a directional antenna is use.

The **owner** of the station(s).

A "+" preceding the owner indicates the company has an ownership interest in the stations in other markets. For most major pending station sales, the organization buying the station will be listed as "Pending to:".

If the station is being **managed** by a company or person other than the owner, the organization or person will be listed here. The organization that manages the stations may or may not own other radio stations. If they own other stations in the same market areas, those stations will be listed in the sister station information on the next line.

An AM or FM affiliated **sister station(s)** in the same market area is shown following the ownership information.

The M Street Database Format Codes

As the broadcast industry itself evolves, so do radio station formats. Classifications and definitions are amended from time to time to reflect current trends. Here is the current set of format classifications.

AAA	Adult Alternative An eclectic playlist based on rock music but with some other forms of music such as blues, folk and jazz included. The target audience is generally from ages 25 to 54.	CWT	Traditional Country The Traditional Country station aims for a sound that reflects country music before it was made contemporary" through the addition of drums and non-stringed instruments in the 70's. Traditional Country stations play music that's in current release that has this "traditional" sound along with older music with a "traditional" sound.
ACW	AC & Country Just what it says. A near 50/50 blend of music from the two formats.	DNC	Rhythmic-CHR A contemporary hit radio station that focuses on rhythmic music.
ADC	Adult Contemporary An adult oriented pop/rock station. The Adult Contemporary station will play many of the same records as are currently heard on mainstream CHR stations or were part of mainstream CHR in the 80's and 90's but will leave out those that are at the extremes of rock, rhythmic and rap. The target audience runs from 25 to 54 and may skew	EIT	80's Hits A blend of rock and pop music of the late 70's through early 90's with an emphasis on rock and a total absence of any of the dance music that was part of pop music in this period.
AMR	Americana A blending of the rock music played on the AAA station with country and folk music.	ETH	Ethnic Programs primarily in languages other than English and/or directed to groups of specific national origin. These stations often utilize block programming in which programs in one language or of one national group target are followed by programs of a different language or national group target.
BGS	Black Gospel Gospel music and spirituals of the type heard in predominantly black churches. The format may also include teaching and ministry programs of varying lengths programmed throughout the broadcast day.	EZY	Easy Listening This format is distinguished by the programming of "lush" orchestral arrangements of standards and popular songs. Recordings of vocal performances of standards and soft sounding pop tunes may also be included in the programming.
BIZ	Business News An all-news or news-talk station focusing on business and financial issues. This can be in the form of news blocks that cover current events in the business world and/or talk shows that dispense financial advice.	FLK	Folk A station whose playlist focuses on Folk music. Some traditional sounding country music and softer rock music may also be included in the programming.
BLG	Bluegrass A station whose playlist focuses on Bluegrass music. Some traditional sounding country music may be included in the programming as well.	FNA	Format Not Available This applies to a station that is involved in program stunting as part of a change to new format.
BLU	Blues A station whose playlist focuses on Blues music. Some older rhythm & blues or soul music may also be included.	FRM	Farm A station that focuses on providing agricultural or agri-business news and information. This could be accomplished through news-blocks, talk shows or information that's interspersed with the airplay of country music.
CCN	Contemporary Christian A station that sounds very much like an ADC-adult contemporary, CHR-contemporary hit radio or HAC-hot adult contemporary station with the significant difference that the records played are all of a religious rather than secular nature. This format includes sub-genres such as Christian rock and Christian dance. The format may also include teaching and ministry programs of varying lengths programmed throughout the broadcast day.	GOS	Gospel Music Traditional gospel music and spirituals. The code may also be used as a "catch all" for a station that mixes both black gospel and southern gospel. The format may also include teaching and ministry programs of varying lengths programmed throughout the broadcast day.
CHR	CHR A format that focuses on current popular music, often encompassing a variety of styles from rock through dance, that appears on the mainstream music charts in music industry trade publications such as Billboard and Radio & Records.	HAC	Hot AC Adult CHR might be another way of looking at this format. The Hot Adult Contemporary station plays much of the same music as the CHR station but avoids music that appeals only to the younger CHR listeners.
CLA	Classical Airplay of orchestral music, chamber music, opera and other forms of non-contemporary vocal music.	INF	Surveillance/ Weather/Traffic These are fully licensed radio stations that provide programming that is more commonly associated with Traveler's Information Service (TIS) radio stations. Their programming consists solely of one or more types of information with no other entertainment programming
CLR	Classic Rock Mainstream rock of the 60's, 70's and 80's with little or no current rock music included.	JAZ	Jazz A station that programs music either traditional jazz or smooth jazz or some blend of the two.
CLX	Classic Hits A blend of rock and pop music of the late 60's through early 80's with an emphasis on rock and a total absence of any of the dance music that was part of pop music in this period.	KID	Pre-Teen Although we call this Pre-teen this station can appeal to children ages six through 16. The format is generally manifest as a very young skewing CHR station with high energy disc jockeys, call-ins and a large proportion of novelty records.
CPN	cp-new Assigned to a new station that has been authorized to build its transmitting facility but has never been on the air.	MAC	Modern AC Somewhat analogous to the Hot Adult Contemporary stations in that they take the music that is part of a younger skewing format and make it attractive to an older audience. The Modern AC station takes the current modern rock music at the core of Modern Rock stations and blends it with older modern rock music.
CTY	Country A station playing a variety of country music styles. Although this station will play music currently listed in music industry trade publication charts in Billboard and Radio & Records, usic, the amount of older country music played on the station may vary greatly between 25% and 75% of the playlist.	MOD	Modern Rock A contemporary hit radio station that focuses on modern rock music.
CWO	Classic Country This station plays no country music that's currently on the country charts in music industry trade publications. Exactly how old the music played on the Classic Country station is can vary. Some stations could reach back to the 30's while others might play only selections from the 70's and on.	NTK	News/Talk A talk station with a heavy news and information orientation. The News/Talk station has a news block in one or more dayparts.

FORMAT CLASSIFICATIONS

NWS	News This station broadcasts continuous news and information for all of the hours its on the air.	QRL	French Religion The French language equivalent of the English language Religion format with teaching and ministry programs in the French language. Applies only to Canadian stations.
OFF	Silent The term "silent" applies to a station that had been operating with a regular format but is now off-the-air. This could be due to a number of circumstances ranging from technical problems through financial difficulties and complexities arising from the sale of the station.	QQQ	French Variety The QQQ code is a catch-all for French language stations whose format we're unable to classify and for those French language stations employing Variety programming wherein three or more format types are being programmed either simultaneously or in blocks. Applies only to Canadian stations.
OLD	Oldies Popular music of the 50's, 60's and 70's. Current popular music is played in only rare exceptions.	QSA	French Soft Adult Contemporary The French language equivalent of the English language Soft Adult Contemporary format blends English and French language records of this genre.
RCK	Rock Mainstream rock as defined by the artists that appear and have appeared on the "rock" charts in music industry trade publications such as Billboard and Radio & Records.	QTK	French Talk The French language equivalent of the English language Talk format. Applies only to Canadian stations.
REA	Reading Service This is a radio reading service aimed at the blind and visually handicapped. It consists of announcers who read aloud from periodicals and books.	SAC	Soft AC An Adult Contemporary station that plays only the softest contemporary pop recordings and leans very heavily on airplay of soft-sounding pop records from the 60's and 70's.
REL	Religious Teaching Long form religious teaching or ministry programs. The station may use black gospel, contemporary Christian, gospel or southern gospel music as filler between programs	SGS	Southern Gospel Gospel music and spirituals that have a country music base. The format may also include teaching and ministry programs of varying lengths programmed throughout the broadcast day.
RCL	Rhythmic Oldies Soul and dance music records of the 60's and 70's that received airplay on the CHR stations of those decades.	SPT	Sports Talk shows focusing on sports. Play-by-play coverage of sports is not included in this format
QAC	French Adult Contemporary This format blends English and French language pop music with adult appeal. Announcing is in French. Applies only to Canadian stations.	STD	Adult Standards American popular standards mixed with soft popular music, mainly vocal.
QAH	French Hot Adult Contemporary Similar to Hot AC, with the key difference that the announcing is in French and French language pop music that appeals to a younger adult audience than is the target for the French Adult Contemporary station is blended with compatible English language music. The announcing is in French. Applies only to Canadian stations.	TLK	Talk Talk shows of general interest or varied topics. The talk shows can be of both the call-in and straight interview type.
QAA	French Adult Alternative The French language equivalent of the English language Adult Alternative format. Applies only to Canadian stations.	TVL	Travel Information Stations that carry continuous advertisements and features for tourist destinations.
QAR	French Rock The French language equivalent of the English language Rock format. Applies only to Canadian stations.	UAC	Urban AC These stations play the softest contemporary rhythm & blues music mixed with soft rhythm & blues and soul music of previous years. Generally, the station's playlist favors older music over records that are on the current urban charts of music industry trade publications.
QCH	French CHR The French language equivalent of the English language CHR format blends both French and English language pop records that are current hits. Applies only to Canadian stations.	UOL	R&B Oldies Soul and R&B records of the 60's and 70's that received airplay on the black oriented stations of those decades.
QCL	French Classical French language announcing built around orchestral and operatic vocal music. Applies only to Canadian stations.	URB	Urban Contemporary A blend of the current R&B, rap, hip-hop and dance music that appears on the R&B and urban music charts in music industry trade publications such as Billboard and Radio & Records.
QCW	French Country The French language equivalent of the English language Country format blends both French and English language Country music records. Applies only to Canadian stations.	VTY	Variety A station that incorporates three or more distinct formats, either block programmed or simultaneously.
QCX	French Classic Hits The French language equivalent of the English language Classic Hits format blends both French and English language rock based music of the 1970's and 1980's. Applies only to Canadian stations.	XAA	Spanish Adult Alternative The Spanish language equivalent of the English language Adult Alternative format.
QNT	French News-talk The French language equivalent of the English language News-talk format. Applies only to Canadian stations.	XAC	Spanish Hits Also known as Spanish International, this format contains Spanish language announcing (predominantly) and a blend of contemporary Spanish musical styles including (but not exclusively) Ballada, Cumbia, Merengue, Regional Mexican, Romantica, Salsa and Tropical.
QNW	French All-news Continuous news anchored in French. Applies only to Canadian stations.	XCC	Spanish Contemporary Christian The Spanish language equivalent of the English language Contemporary Christian format. The format may also include teaching and ministry programs of varying lengths programmed throughout the broadcast day.
COL	French Oldies The French language equivalent of the English language Oldies format blends French and English language records that were hits in the station's market in the 1950's, 1960's and 1970's. Applies only to Canadian stations.	XCH	Spanish CHR A station that focuses on current Latino popular music (although it may also program some English language dance music), and can often encompass a variety of musical styles determined by whatever is popular in the Latino community. Announcing may be bi-lingual.

XCL	Spanish Classical Like the English language Classical station this is a station playing orchestral music, chamber music, opera and other forms of non-contemporary vocal music. The difference is, the announcing's in Spanish.	XRA	Ranchero Ranchero is Mexico's country music. Stations with this format play this music to the virtual exclusion of all other forms.
XCZ	Spanish Classic Hits Like the English language Classic Hits station this station concentrates its airplay on the music of the late 1960's through early 1980's only in this case the music is predominantly Latin.	XRE	Spanish Religious A station that offers Spanish language long form religious teaching or ministry programs. The station may use some music as filler between programs
XDP	Spanish Sports Sports talk programming in Spanish.	XRO	Romantica This is the Spanish equivalent of soft AC in the English world. Romantica music is at the heart of this format but soft examples of other Latino music forms may also be included as well as soft English language adult contemporary records.
XEZ	Spanish Easy Listening This format is distinguished by the programming of "lush" orchestral arrangements of standards and popular songs. Recordings of vocal performances of Spanish language standards and romantica music may also be included in the programming.	XSP	Spanish The XSP code is a catch-all for Spanish language stations whose format we're unable to classify and for those Spanish language stations employing Variety programming wherein three or more format types are being programmed either simultaneously or in blocks.
XJZ	Spanish Jazz A station that programs music from within the full spectrum of jazz although there may be an emphasis on Latin jazz. Announcing is in Spanish.	XST	Spanish Standards Spanish and Latin popular standards mixed with soft Spanish and Latin popular music, mainly vocal.
XXM	Regional Mexican A blend of contemporary Mexican musical styles. Some English language music may be blended in as well. Announcing is primarily in Spanish.	XTJ	Tejano Stations playing Tex-Mex music predominantly but some Regional Mexican music may also be programmed. The announcing is generally in English or is bi-lingual and often a flow between Spanish and English known as "Spanglish" is heard.
XNT	Spanish News-Talk A Spanish language talk station with a heavy news and information orientation. The Spanish News/Talk station has a news block in one or more dayparts.	XTK	Span. Talk Spanish language talk shows of general interest or varied topics. The talk shows can be of both the call-in and straight interview type.
XNW	Spanish News Continuous news and information in Spanish for all of the hours the station is on the air.	XTP	Tropical This is a format of mainly Caribbean Latin music. While Tropical is at the center of the format, other Caribbean forms such as Cumbia, Merengue and Salsa may be incorporated.
XOL	Spanish Oldies Popular Latin music of the 50's, 60's and 70's. To varying degrees, English pop music of the same period may be incorporated. Current popular is played with only rare exceptions. Announcing is predominantly in Spanish.

ONCE YOU GO PROPHET, YOU'LL NEVER GO BACK.

Got a mailing that needs to go out ASAP? Need the station information NOW?

The M Street DATABASE provides the most comprehensive list of radio stations in the U.S. and Canada.

FEATURES

M Street Publications provides the most comprehensive list of radio stations in the U.S. and Canada. Data for our labels is derived from the M Street Database, considered to be the radio industry's standard for accurate station data. Changes are posted weekly, making the M Street Database the choice for hundreds of record companies, radio networks, and syndicators.

Your customized list may consist of any combination of states, markets, reporting stations, or station types. When placing an order, we will discuss with you the specific purpose of the mailing in order to better determine the market(s) you are targeting. M Street uses high quality, self-stick labels.

FORMATS

- Station call letters.
- Choice of Station Manager, Program Director, Sales Manager's name, or a simple title.
- Complete station mailing address.

Reports may also include: phone number, fax number (if available), station power, owner, markets served, and other useful information. Members may order multiple sets of labels, in as many categories as they like. Customized reports in many different categories are also available for reference and office use and may be ordered along with the labels. Labels are printed in Zip Code order. Reports are printed in city/state or market order.

OPTIONS

- GEOGRAPHY (State or city, both U.S. and Canada)
- REPORTING STATIONS (Country only: Billboard, Gavin and Radio & Records)
- FORMAT (Full-time Country, Satellite Country, etc.) -- STATION BAND (AM, FM, or both)
- MARKET SIZE (Arbitron markets, M Street markets, unmeasured)

Estimates of audience share labeled Arbitron are Copyright 2001, The Arbitron Company. Estimates may not be quoted or reproduced without prior written permission of The Arbitron Company.

Estimates of audience share labeled Eastlan are Copyright 2001 by Eastlan Resources. Any reuse of their ratings are subject to approval by Eastlan Resources.

The M Street Radio Directory contains estimates of average-quarter-hour-audience size and market audience share from surveys taken by the above ratings companies. The figures we show are taken from the latest survey published before our deadlines. The particular survey used in each market is shown in **The M Street RADIO MARKETS** section, but not in the individual station listings. Ratings are not shown for stations that did not meet minimum reporting requirements or for stations that show up with ratings in markets outside of their primary market area.

The majority of these estimates were compiled through surveys conducted by The Arbitron Company which reports its estimates on a quarterly basis. A number of radio markets are surveyed by Eastlan Resources. Eastlan's surveys do not always coincide with the Arbitron survey periods. The dates of the Eastlan surveys are given in the **MARKETS** section.

The term "ratings" is used to describe the audience figures published in the M Street Radio Directory. However, "audience share" and "audience estimate" are more accurate terms. The published numbers express the size of a station's

audience in a theoretical "average-quarter-hour" (AQH) between 6:00am and 12:00 midnight in two ways: 1) As a percentage of all radio listeners twelve years old or older (12+) and 2) as a number of persons 12+ listening.

These figures highlight some relative strengths and weaknesses of the stations competing in a market but tell only a small portion of the story of competition in a market.

These 12+ Monday-Sunday 6:00am to 12:00 midnight AQH estimates are not the only audience data that ratings firms provide. Far more specific estimates that report the size of a station's AQH audience at different times of the day and detail how radio listening differs by age and gender are available directly from the ratings firms. Also available are cumulative audience estimates which report how many people listen to a radio station over time periods longer than a quarter-hour. These more specific figures are not included because of their volume and because the ratings firms would have little to sell if they were published. For more information contact the ratings company directly.

Two nighttime country shows is too many for Jones, so it's dropping "Dallas Live From Nashville," and Jones wound up syndicated two competing Nashville-based country music and interview shows after taking in Broadcast Programming. It had both Dallas Turner's show and La Knight's show. Edie Hillard says it's time to concentrate on just one effort — and Lia is it. Jones says Lia currently airs on 135 stations and reaches 1.7 million listeners a week. She continues as host of GAC's "Country Request Live" cable show after her radio show winds down in August.

Jones' other piece of country news — it's launching the Saturday night "Classic Country Weekends" to be anchored by WSM, Nashville morning man Bill Cody. To be anchored by WSM, Nashville morning man Bill Cody, who's got great credentials in classic country. We can't help but note that the 7pm to midnight Jones Radio Network show essentially covers the timeslot of WSM's Grand Ole Opry — which several owners of WSM have refused to syndicate, including current owner Gaylord. Formerly Nashville-based "Classic Country Weekends" will feature artist interviews. Jones is squeezing some extra space out of this by launching a new daily classic country radio show on its co-owned GAC (Great American Country) radio network, also to be hosted by WSM-AM's Bill Cody.

Well Street may have gone overboard on Spanish radio, says Robertson Stephens. Analyst James Marsh says stocks of Spanish radio groups like Hispanic Broadcasting and SBS "may be overvalued" based on an extensive performance review of 13 public radio stocks. Did Wall Street get carried away with the Spanish media story, about the 13% growth in Hispanics since 1990 and radio's ability to reach them? Marsh says the outlook is still bright — but HBC, SBS and others now face expensive marketing battles. And they're paying higher prices for recent acquisitions, like SBS' \$250M purchase of L.A.'s KFSG.

Rush Limbaugh's a DJ again — online. Rush — the former "Jeff Christy" at KQV, Pittsburgh in the 1970s — started looking around with the 30-minute "Grooveyard of Forgotten Favorites" a couple of months ago reports the New York Post. "Grooveyard" is available online live a half-hour before his Premiere-syndicated show at "RushLimbaugh.com." The paper says Rush's Internet platter party pulls as many as 50,000 listeners a day to the website. On July 4, WABC listeners can get a taste of Rush's favorite oldies with a special over-the-air broadcast of "Grooveyard", following his more show and just before the Yankees game against the Red Sox.

New Orleans has a new classic hit. Clear Channel has flipped the station to classic hits. Evanson's had probably served up a few for the staff on Friday. New Orleans has a history, succeeded by a The Fox. New calls are that the 104.1 facility is a big pull numbers north of New Orleans market #84.

Clear Channel bought into ownership limits in Bangor. You don't see this too often. The FCC liberally dismissed a sale application because of "noncompliance with the multiple ownership rules." It happened to Clear Channel after a bid to buy "87" WWBX (97.1) from Gopher Hill Communications. Remember last Monday we suggested that CC is deeding oldies WGUY to Mark Jorgenson's Concord Media because it wants to acquire CHR WWBX? Sure looks like that's the case. Friday the FCC reversed its dismissal of the transfer app for WWBX. And — Clear Channel filed a Petition for Reconsideration on the sale. Our guess is that it will argue that it's now going to have room for WWBX because it's disposing of WGUY, Dexter, ME (102.1). As we said: a rare thing at the FCC.
