JANUARY 1941 ISSUE  
NOW PUBLISHED MONTHLY

# WHITE'S RADIO LOG

## Announcement

Due to the many changes in Radio Station and Program Information and to the increasing number of New Stations that are coming on the air each month, we have found it necessary and are pleased to announce that beginning with this issue White's Radio Log will be published monthly.

As this publication is issued primarily as a medium for quick reference no advertising is accepted for the inside pages.

Due to the increased cost of publishing and to the restricted amount of revenue received from advertising the price per copy is now 15 instead of 10 cents. We hope and believe that increased sales during the next few months will enable us to either reduce the price or add to the size of this publication. We would leave it up to you, the reader, to decide.

The subscription rate is now one dollar per year—2 years, dollar fifty.

Best Wishes to you All for a Happy and Prosperous New Year.

C. DeWITT WHITE CO.  
Bronxville, N. Y., Publishers

# WHITE'S RADIO LOG

Published monthly by C. DeWitt White Co., P. O. Box 142, Bronxville, N. Y.  
 Charles D'W. White, Proprietor. 15 cents per copy, \$1.00 per year

**JANUARY, 1941 ISSUE**

Entered as second-class matter May 21, 1936, at the Post Office at Bronxville, N. Y., under the act of March 3, 1879.

**C. DeWITT WHITE CO., Publishers** P. O. Box 142, Bronxville, N. Y.  
**COPYRIGHT 1940 BY C. DeWITT WHITE CO.**

Absolute accuracy of Station and Program information listed in this publication is not guaranteed, although the publishers have applied their best endeavors in compiling same.

Contents of this booklet fully covered by U. S. copyright. Any person who wilfully or for profit shall infringe any part thereof will be prosecuted to the full extent of the law.

**15c Per Copy at News Stands** **Yearly Subscription \$1.00**

**Two Years' Subscription \$1.50**

Printed in U. S. A.

## UNITED STATES BROADCASTING STATIONS

ARRANGED ALPHABETICALLY BY CALL LETTERS

Abbreviations: C. P., construction permit; K.W., thousand watts; M., thousand; W.L., wave length in meters; K.C., frequency in kilocycles; W.P., watt power of station.

Watt Power listed is that used in Evening Broadcasting

## WORLD-WIDE SHORT WAVE

Arranged by Kilocycles—To read in Megacycles change the comma to a decimal point.  
Time stations are on the air has been omitted from this list due to the continual changing  
of time schedules by most of these stations.

# Be a Radio Technician

## LEARN AT HOME IN SPARE TIME

Radio is a young, growing field with a future! It offers you many good-pay spare time and full time job opportunities. And you don't have to give up your present job, go away from home, or spend a lot of money to become a Radio Technician. I train you right at home in your spare time.

### Many Radio Technicians Make \$30, \$40, \$50 a Week

Radio broadcasting stations employ technicians as operators, maintenance men, etc., and pay well for trained men. Radio manufacturers employ testers, inspectors, servicemen in good-pay jobs with opportunities for advancement. Radio jobbers and dealers employ installation and servicemen. Many Radio Technicians open their own Radio sales and repair businesses and make \$30, \$40, \$50 a week. Others hold their regular job and make \$5 to \$10 a week fixing Radios in spare time. Automobile, police, aviation, commercial Radio, loud-speaker systems, electronic devices, are newer fields offering good opportunities to qualified men. Television promises to open many good jobs soon.

### Many Make \$5 to \$10 a Week Extra in Spare Time While Learning

The day you enroll I start sending Extra Money Job Sheets; start showing you how to do Radio repair jobs. Throughout your Course I send plans and directions that made good spare time money—\$5 to \$10 a week—for hundreds, while learning. I send you special Radio equipment to conduct experiments and build circuits. This 50-50 method of training—with printed texts and conducting experiments—makes learning at home interesting, fascinating, practical.

### You Get a Professional Servicing Instrument

You get the type of instrument successful Radio Technicians use—an All-Wave Set Servicing Instrument. It contains everything necessary to measure A.C. and D.C. voltages and current; to check resistances, adjust and align any set, old or new. It satisfies your needs for professional servicing after you graduate—can help you make extra money fixing sets while training.

### You Are Trained for Television

With N.R.I. you learn Television principles right along with Radio principles—the correct methods—since Television receivers combine both sight and sound. You also get more than ten text books devoted entirely to Television.

### Mail Coupon for Sample Lesson and Free Book

Act Today. Mail the coupon now for Sample Lesson (Radio Receiver Troubles; Their Cause and Remedy) and 64-page book. They're free. They point out Radio's spare time and full time opportunities and those coming in Television; show you letters from men I trained, telling what they are doing and earning. Read my Money Back Agreement. Find out what Radio offers YOU! MAIL COUPON in an envelope, or paste on a postcard—NOW!
