# what's in the sausage?

If you don't know who your current music research vendor is talking to, how can you be confident with the song test results you rely on to make music decisions?

ComQuest is the only major music testing company that gives you full and total access to all the data we collect.

Not just compiled song test results, but also respondent info - who took the test and when, their names, phone numbers and zip codes.

With full and total access to your data, you can feel confident about our results - the results we stand by every day for major broadcasters like Cox, Infinity, Radio One, Univision and SBS in markets from Los Angeles, New York and Chicago to Mobile, Fresno and Dayton.

If you can't drill down into your music research to see who is taking your test, maybe it's time to consider upgrading to ComQuest, the music testing specialists.

- ❖ In-house turnkey callout systems
- ❖ Out-of-house weekly callout

- ❖ NetQuest – Internet music & perceptual research
- ❖ Personal Music Test (PMT) The new way to do AMTs

*We tell you what's in the sausage, and there's absolutely no filler.*

## RATINGS REPORT

### Market Index

The top 287 markets ranked by Arbitron are listed on one page, with the page number on which each appears in this directory. Market ranks are provided in parentheses after the market and state. **Page 2**

### National Format Shares

A quick overview of radio's formats, comparing overall numbers on a national basis. **Page 4**

### How To Use The Ratings Information

This step-by-step guide will help you use and understand R&R's comprehensive ratings data. The National Rep Firm abbreviation key is also on this page. **Page 6**

### Market Ratings

R&R includes all the markets rated by Arbitron. The top 100 markets have one-year trends and are ranked in five key demos. Ownership info and rep affiliations, along with 12+ cume numbers are included for each station listed. Metros 101+ contain top 10 stations, formats, owners and a two-book trend. **Page 7**

### Eastlan Ratings

R&R also includes ratings information provided by Eastlan Ratings for additional markets. **Page 106**

## DIRECTORY

# FORMAT PROBLEM?

We have the solution...

# PERSONALITYAC™

**BOB & SHERI**

THE *Pam Stone* SHOW

THE **CRAIG SHOEMAKER** SHOW

THE **MATT & RAMONA** SHOW

## What is PersonalityAC™?

PersonalityAC™ is the kind of radio we grew up with. Fun, engaging, entertaining personalities, along with contemporary music. It's female-friendly, so it's a perfect compliment to a cluster that already includes female-based stations, or as a packaging counterpart to a rock dominated cluster.

Format problems? Current format not getting traction? Signal issues?  
Also-ran station?

Call Tony Garcia at 704-374-3689 today for a demo and more information on how PersonalityAC™ can help you improve sagging sales and ratings.

# How To Use The Ratings Information

As you examine the ratings section of the R&R Directory, Vol. 2, '04, you'll find the following highlights featured in the detailed breakouts for markets 1-100:

## 1 SHARE TRENDS

All stations in the top 50 markets that earned at least a 1.0 share and the top 10 stations in markets 51-100 (according to the spring '04 Arbitron) are listed. Trends read left to right, with the most recent results on the right. Up to five rating periods are included in any market's trend report, which covers the past year. Stations are ranked according to their Monday-Sunday (total persons 12+) Average Quarter-Hour share.

## 2 STATION/FORMAT

The call letters are printed in bold type. The format is listed in the column next to it.

## 3 FREQUENCY/POWER

The frequency and power for each radio signal are shown as listed in the spring '04 Arbitron.

## 4 AUDIENCE RANKINGS

The six rankings to the right of the frequency/power column will help you determine a station's core strength. The first listing shows the 12+ come in thousands, followed by five AQH demo ranks.

## 5 TIME SPENT LISTENING

This column shows the average number of hours and minutes the audience spent listening to the station each week. Based on 12+ total-week listening.

## 6 OWNER & REP INFORMATION

Station owners (as of August 13, 2004) and their national rep affiliations are shown as listed in the fall '04 Arbitron report.

## 7 NOTATIONS

Updates are listed noting format and call-letter changes, as well as LMA activity.

## 8 OWNERSHIP SHARE

The central column of each top 50 market page features a bar graph ranking owner share. Owner totals are computed by combining the spring '04 12+ Monday-Sunday AQH numbers of the companies.

## 9 MARKET POPULATION

The 12+ population for each market is shown, with the Black and Hispanic percentages in parentheses. In those markets where the ethnic populations do not achieve established thresholds, the code N/A is used.

Population: 15,340,000 (Black: 17.5%; Hispanic: 19.1%)

## OWN YOUR EVENTS

If no one can see your signs, do they know who staged the event? Make sure you claim ownership at all your events with cost-effective, disposable plastic banners.

- We print your logo using up to four spot colors.
- Packaged on a roll and easy to use.
- Weather-resistant

- Perfect for concerts, events and giveaways.
- Up to 3' High and 6' Wide
- Durable

# Introduc Liberty Broadc

Liberty Broadcasting offers stations a new kind of informative, and engaging. This approach represents some of the combative styles on the radio today that lack the minded rhetoric that lacks any real energy.

To illustrate this commitment, we've added two of the Washington today – **William Kristol** and **Linda Chavez**.

Tune in to William, Linda and the rest of our successful Liberty Broadcasting is America's great new radio for

*William Kristol • Linda Chavez • Mort Crim • Bruce W  
Geoff Metcalf • Chuck Harder • Lowell Ponte • Money N*

# How to get fired.

*(Fail to meet your sales quota.)*

---

# How to get fired up.

*(Go to [irwinpollack.com](http://irwinpollack.com))*

It's easy to get fired up when your sales quotas are being met. And the best way to meet them is with the help of IRWINPOLLACK.com.

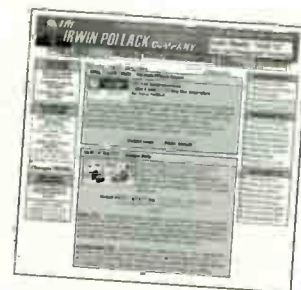

IRWINPOLLACK.com is like having 100 friends in places who keep giving you the inside scoop on every subject in radio sales and management. Prospecting secrets, street-smart ways to handle objections, money making sales ideas, privileged management insight on recruitment, interviewing, and hiring... how to hold salespeople more accountable... inventory and account list management know-how, and more.

To be precise, when you spend a lot of time on Irwin Pollack's website, you're hiring a large staff of interviewers and researchers who we hire to spend their days digging behind the scenes and talking to the movers and shakers in radio – and other insiders who know how managing and selling really works! It would take you a year to learn all the

great stuff you'll discover in just a few visits to IRWINPOLLACK.com. Here's even better news: We update our site daily, so bookmark it! Plus, you can order your favorite Irwin Pollack sales and management books, tapes, CDs, and videos online – at substantial discounts!

Light a fire under your sales and management team; send them to IRWINPOLLACK.com. Then, when you need in-house, real-world, street-smart consulting, turn to Irwin Pollack... radio's leader in sales, management, and advertising training.

He'll make you a genius – you'll get used to it pretty fast!

To learn more about  
The Irwin Pollack Company  
or to receive a no-obligation analysis of  
your own sales or management situation,  
call us anytime toll-free at  
888.RADIO.50 (723-4650).

For insight into the broadcasting industry, purchase the BIAfn 2003 Investing In<sup>®</sup> series of radio and television books. These Market Reports, Ownership Files and Yearbooks are the most comprehensive data sources available in print for the broadcasting industry.

Now available for purchase online at [www.bia.com](http://www.bia.com) or by calling (800) 331-5086. Buy the BIAfn Library and receive a discount.

For foresight and analysis, BIAfn's MEDIA Access Pro<sup>™</sup> software offers over 700 fields of data - now includes newspaper and the ability to view multi-media data in one screen.

# LIGHTS! CAMERA! ACTION!

Roll out the banners  
and make your company center stage  
with Roll-A-Sign™ Plastic Banners

## Roll-A-Sign disposable plastic banners

are a cost effective way to promote your station, company or special event. Each banner is printed on high quality, weather resistant, 4 or 6 mil plastic film ranging from 18" to 36" in height for large sizes and 6" to 12" for smaller sizes. We can print up to four spot colors of ink per banner. Depending on the configuration of your logo, you can get anywhere from 169 to 340 banners on a 1000' roll. It's easy to use...just roll off the desired length and cut! Indoors or out, Roll-A-Sign gets your message across and is ideal to give away at concerts and other public events. Fax us your logo along with the specifics on color separations and size and we will give you a free quotation. If you should have any questions regarding quantities, sizes, imprints and/or colors available, please call us:

**We know the most  
powerful people in radio**

You won't find them in the corporate boardrooms and they're not on your station's payroll. They may have never even seen the inside of a studio. But with a diary in hand, they have the power to make you . . . or break you.

Diary Locator™ was developed to find the people with the power and help us deliver your message directly to their door.

Need an introduction?  
Call Eagle Marketing. Because when you know the players, you realize that Tiny here enjoys his Smooth Jazz.

Now that's not so scary is it?

## You Make Money. Your Airwaves Sound Great. You're In Control.

I've been there and done it the Barter Blackmail way. I lost airtime, lost revenue, and faced month after month of paperwork and log hassles! I got sick of being dictated to and blackmailed in exchange for worn out, ordinary movie and TV drops. The insanity and robbery had to stop! No more having to cut deals for my airtime!

I blew barter away!

I created a new way. A simple way. It's original in every way!

YOU make money, YOUR airwaves sound great, and YOU'RE in control!

Pre-produced Station ID's and Morning Promos too!!!

Drop-ins and preproduced are all we do. We don't do barter blackmail!

Drop-In Hear.com anytime!

*Radio Phill*

# LIGHTS! CAMERA! ACTION!

Roll out the banners  
and make your company center stage  
with Roll-A-Sign™ Plastic Banners

## Roll-A-Sign disposable plastic banners

are a cost effective way to promote your station, company or special event. Each banner is printed on high quality, weather resistant, 4 or 6 mil plastic film ranging from 18" to 36" in height for large sizes and 6" to 12" for smaller sizes. We can print up to four spot colors of ink per banner. Depending on the configuration of your logo, you can get anywhere from 169 to 340 banners on a 1000' roll. It's easy to use...just roll off the desired length and cut! Indoors or out, Roll-A-Sign gets your message across and is ideal to give away at concerts and other public events. Fax us your logo along with the specifics on color separations and size and we will give you a free quotation. If you should have any questions regarding quantities, sizes, imprints and/or colors available, please call us:

THE  
**CRAIG  
SHOEMAKER**  
SHOW

THE  
**MAT & RAMONA**  
SHOW

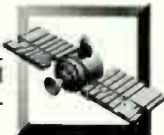

## What is PersonalityAC™?

PersonalityAC™ is the kind of radio we grew up with. Fun, engaging, entertaining personalities, along with contemporary music. It's female-friendly, so it's a perfect compliment to a cluster that already includes female-based stations, or as a packaging counterpart to a rock dominated cluster.

Format problems? Current format not getting traction? Signal issues?  
Also-ran station?

Call Tony Garcia at 704-374-3689 today for a demo and more information on how PersonalityAC™ can help you improve sagging sales and ratings.

# Finally... The Dial with a Burn Button!

Digital Dial Music Testing – with live listeners in an auditorium setting – works well because you see the raw feelings of your listeners for each song you test, each “Station Pod” you play. You get a second-by-second readout in real time and “The Analyst™” software shows you the results in easy-to-read / easy-to-manipulate form. The Dial methodology makes for a fast turnaround test with solid data. That’s why it’s a lot of good programmers’ preferred music test.

*There’s only one problem.* Smart programmers have wanted to measure “Burn” of the songs they test. They know that, as much as a listener may “like” a song, that person may be tired of hearing it. PDs need to know which songs those are, so they won’t inadvertently hurt their TSL by over-playing them. But, up until now, the dial systems that have been out there cannot measure burn.

*Now, there’s a solution:* Moyes Research has designed and developed a new state-of-the-art wireless digital Dial system that’s a real breakthrough. It not only captures second-by-second scoring using the usual rotary dial, but also can measure burn and even unfamiliarity using special buttons. And the respondent’s feelings are measured the right way...one question at a time.

*One company has this:* Moyes Research. We have worldwide exclusive rights to the system and we’d be happy to make it available to you. And you don’t have to do your perceptual studies with us to be able to purchase a music test (but, if you want to... that’s OK too). Just call us. We’ll talk through your needs, answer any questions you have, and give you an attractive price for your next music test.

## The Digital Dial Test that gets ALL the information you need.

A F M P

“Isn't it **amazing** how everybody at this **music test** seems to know each other?”

**Not really.** If it seems like the people at your music test are all friends who have done this many times before, that's because they are. They haven't taken this test before, but many of them participate in similar tests every day. They've been recruited from a list of "research regulars" who take tests of one sort or another on a frequent basis to supplement their income. They are, in a sense, professionals.

It is extremely difficult to recruit normal listeners for an auditorium music test. Normal listeners don't want to go to a strange hotel at night to take a test. Would you? Of course not. That's

why it is nearly impossible for local research companies to recruit for an auditorium music test without access to a database of regulars they can count on. These professional test-takers do not accurately represent your normal listeners from all over your metro.

Music-Tec does not utilize local research companies, lists, or regular participants – people are recruited 100% at random. No matter how wide-ranging your metro or how complex your demographics, Music-Tec makes it easy, convenient, and even fun for normal listeners to rate the songs.

That's why hundreds of radio stations nationwide have used Music-Tec tests for over seven years. Get more than your fair share of ratings. Call Music-Tec today!

**Music-Tec**™

*America's Number One  
Music Testing Company*

# what's in the sausage?

If you don't know who your current music research vendor is talking to, how can you be confident with the song test results you rely on to make music decisions?

ComQuest is the only major music testing company that gives you full and total access to all the data we collect.

Not just compiled song test results, but also respondent info - who took the test and when, their names, phone numbers and zip codes.

With full and total access to your data, you can feel confident about our results - the results we stand by every day for major broadcasters like Cox, Infinity, Radio One, Univision and SBS in markets from Los Angeles, New York and Chicago to Mobile, Fresno and Dayton.

If you can't drill down into your music research to see who is taking your test, maybe it's time to consider upgrading to ComQuest, the music testing specialists.

- ❖ In-house turnkey callout systems
- ❖ Out-of-house weekly callout

- ❖ NetQuest – Internet music & perceptual research
- ❖ Personal Music Test (PMT) The new way to do AMTs

*We tell you what's in the sausage, and there's absolutely no filler.*

“I’m so **tired of** this. It seems like these **auditorium tests** never end.”

That’s a sentiment you hear often at traditional auditorium music tests. Auditorium tests seem to drag on and on. The simple explanation? They do drag on and on – usually at least two full hours and sometimes longer.

As test participants become increasingly fatigued, impatient or restless, song scores tend to drop dramatically. In fact, the last 200 songs score ten or more points lower, on average, than the first 200. This skews the results of testing and severely degrades the quality of data gathered. Making good programming decisions is

hard enough. Why base your decisions on bad information when there is a better way? Music-Tec delivers dependable scores on 100% of the titles you test. Participants can test your music in small segments, so they don’t become bored or fatigued, and each person tested hears the music hooks in a different order, completely eliminating order bias.

No matter how wide-ranging your metro or how complex your demographics, Music-Tec makes it easy, convenient, and even fun for normal listeners give you accurate feedback.

That’s why hundreds of radio stations nationwide have used Music-Tec tests for over seven years. Get more than your fair share of ratings. Call Music-Tec today!

## HOW TO USE R&R'S PROGRAM SUPPLIER GUIDE

R&R's "Program Supplier Guide" is a compilation of more than 2,000 listings of syndicated programs, radio networks, automated and satellite formats, production music libraries, jingle packages, and song categories. Each listing contains detailed programming and technical information, a brief description, and the name of the distributor and its phone number.

✓ **To Browse Through A Specific Product Category:**

1. Consult the **Table of Contents (Page 1)**. Choose a category and turn to the indicated page.
2. Programs and products are listed alphabetically by title within each category.

✓ **To Contact The Distributor Of A Program Or Product:**

1. Each listing contains a phone number to call for more information.

✓ **To Find Out What Programs Or Products Offered By A Particular Company:**

1. Turn to the **Index**, which begins on **Page 430**.
2. Every company that offers a product in the "Program Supplier Guide" is listed alphabetically, each with an alphabetical listing of the products it offers.

✓ **To Find A Specific Program Or Product:**

1. Turn to the **Index**, which begins on **Page 430**.
2. Complete information on the program or product will be found on the page number indicated.
