

Have a good day!

That's a wish that goes out to you every day from CJBK Radio. Today, it goes double.

We've planned an exciting event for the official opening of our new facilities, and we're pleased you could join us.

Throughout the afternoon, "The London Connection", our double decker English bus, will be making inaugural runs to and from our new home at 743 Wellington Road South. Hop on board whenever you're ready, for a 'simply smashing ride', then explore our new residence. We're very

excited about it. . . and we think you'll agree that it too is 'simply smashing'. All your friends at CJBK Radio will be on hand to make you welcome and answer all your questions about our operation.

Later in the afternoon in honour of this exciting day in our history, we'll be presenting "The London Connection" to the City of London. It will become

your bus. We hope you'll enjoy it. In the meantime, while you're waiting for your ride and when you return, please help yourself to refreshments.

And 'Have a Good Day' . . . a double decker.

RADIO LONDON

We've arrived . . . at 743 Wellington Road South and couldn't be prouder! We've come a long way in the last 5 years!

We gathered together a group of young, talented, aggressive broadcasters and provided the sounds you like to hear. We improved our technical equipment. And now we've acquired expanded and improved studio and office space. We've come a long way, and this is just the beginning!

We're very excited about our new home, designed by one of London's leading architects, Mr. Paul M. Skinner! He tells us "The design of the building reflects the people who work there, and the creative concept which they express every hour of every day." Believe it!

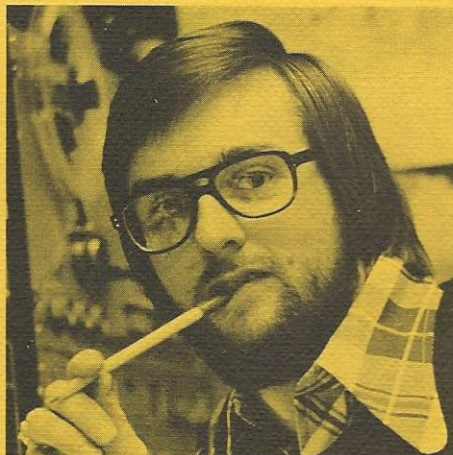

Meet our 'Good Day' group.
