ANOTHER NEWS CORNER

VANDENBERG appeared at Paradiso Amsterdam to prove once again that the band is getting tighter & better every time, they returned from touring the States and Japan. Also their stage show gets more spectacular each time they're back in Holland. Needless to say, that their album Heading For A Storm is still doing well. There is a new album planned soon ★
 GINA X released her new single entitled Drive My Car on August 8th. Besides her solo career, she provides vocal highlights on several other works, including BILLY MC KENZIE's newest The Best Of You. Gina's single was produced by ZEUS B. HELD C. known from his works for FASHION and DEAD OR ALIVE among others. A video accompanies this release ★ The new album from DIONNE WARWICK was produced by BARRY MANILOW, who also has written songs on the album and so has BARRY GIBB among others. Due to be released in September ★ I'll Fly For You is the title to SPANDAU BALLET's new single, which will be released August 17th ★ THE LOTUS EATERS will appear for one gig at Paradiso Amsterdam September 15th ★
 MOTORHEAD moved from New Zealand onwards to Australia where they currently continue their very successful tour. At a gig in Christchurch (NZ) a riot has happened, as someone got stabbed. No - not the band - or by the band - the story went like this: A guy in the audience got so carried away in his enthusiasm that he was jumping up and down, headbanging, which apparently made the guy behind him so furious, that he'd probably decided the only way to stop the headbanger would be, to ram a knife into the boys bum! (A strange way to stop somebody's enthusiasm!) Anyway, it turned out to be sort of alright, not for the boys behind though, coz he'll probably be the only one in New Zealand, with a cushion tied onto his bum, poor sod! Note: MOTORHEAD had NOTHING to do with it! ★ That's it for now!! See you in the next issue, until then, luv' ALEXANDRA ★★

TURNTABLE TIPS

Falco - Junge Roemer- A&M
 Born in Vienna, Falco scored a number one hit throughout Europe with his rapping dance smash *Der Kommissar* which even crossed the Atlantic and Falco being the first Austrian popartist to hit the American charts. His second album is a natural progression to the first one with its minimal basic compositions and slick arrangements. Falco raps along electro- dance tracks as *Junge Roemer*, *Brillantin Brutal* (the next single?) and *Steuermann* which are all very well suited for club play.

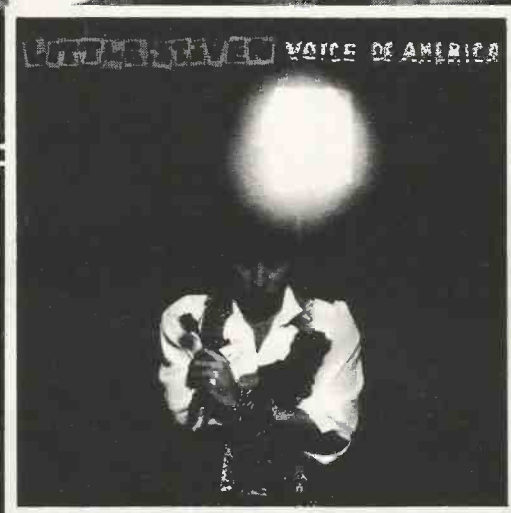

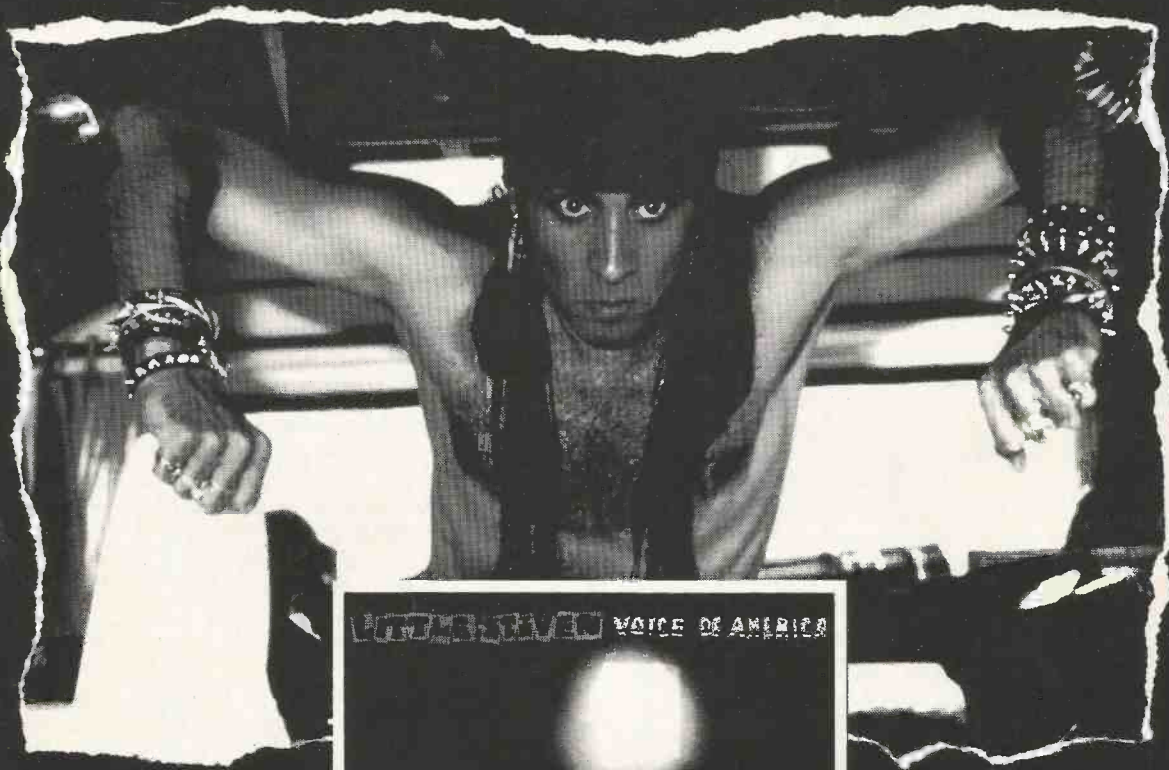

Michael Schenker Group - Rock Will Never Die - Chrysalis
 If there ever was some doubt for any of you that rock would die, then you better have a listen to MSG and there is your definite prove - *Rock Will Never Die*, it's live - alive and extremely well - loud & heavy with a subtleness only M.S. can achieve. Needless to say he's a master, able to make his guitar talk - turning music into vision. One of the strongest live albums of this moment.

Boomtown Rats - In The Long Grass- Mercury
 Albumwise we haven't heard from them for a while. They've slightly changed, developed into a bit more funk underlined & a lot more copperware. Over again proves that Bob's voice still bares this charming, yelling, nagging, somehow underfrozen emotional colour, which fits beautifully into their born arrangements. All songs, amongst them, *Another Sad Song*, shows that the Rats are still able to fascinate!

ABOUT THE CHARTS.....
THE EUROPEAN TOP 100 (SINGLES/ALBUMS):
In many European countries one chart is recognised by the
music industry as the "OFFICIAL" "hit parade" and is therefore
used for the compilation of the EUROPEAN TOP100. However
there are other countries where various charts are in existence
and often equally important. For these countries we have
compiled a number of these charts into one representing the
sales in that market.
Each chart position for every country then receives, relevant to
that position, an equal points rating which is in turn multiplied
by a factor determined through the latest known sales
percentage of total singles (or album) sales which that country
holds in relation to the rest of Europe. There are different
percentages for singles and albums. These figures are kindly
provided on a regular basis by the industry-organisations such
as IFPI, BPI, Gallup-Deutsche Phonoverband etc. A European
Chart-Committee, with experts from a number of these
industry-organisations will overlook the calculation system and
will decide on improvements, changes and updates.
For the EUROPEAN TOP 100 SINGLES 25 charts are used
from 16 countries, for the EUROPEAN TOP 100 ALBUMS 20
charts are used from 15 countries. Since the sales
percentages of a few countries are too small to get their hits
into the EUROPEAN TOP 100 (provided these records are not
charted in any other territory), we are also printing a TOP 3 IN
EUROPE list each week.
The EUROPEAN AIRPLAY TOP 50 is compiled through all our
correspondents tips received this week. (*)Records of the week
receive extra points. The airplay lists of the airplay report
organizations within some of the European countries are also
used in the calculations, as well as playlists of major radio
stations. (**)Please note that not all received tips appear in
Eurotipsheet but they are all used for the calculation of the
Airplay Top 50.
THE EUROCLIPS LIST shows the music-videos most aired on
television throughout Europe in the week prior to publication, it
includes video-t.v. programs and other t.v. shows partly using
video's from 14 European countries.
For more detailed information on any of the chart-systems
please contact our chart department.

NORWAY:

A MEDIA REPORT

This week Richard Isbell, working for Sonet Records in Oslo and part-time d.j., is taking a closer look at the media situation in Norway. Although things are changing almost daily, this is the most up to date picture of the radio, t.v. and cable developments in Norway.

Norway is currently enjoying a media boom in t.v. and radio. Much has changed since the beginning of 1982 when only 1 national television channel and 2 national stations existed on the state-owned NRK network. In the spring of 1982 the Norwegian government granted permission for local radio and t.v. to begin, on a non-commercial basis. There are now over 40 radio stations, situated mostly in the main towns. More concessions will be granted this autumn with an increase in the broadcast frequencies allocated. Finance has been a much talked-about topic amongst local radio and t.v. stations, and since advertising is still not allowed many have had extreme difficulties. Most of the people employed have been volunteers without pay. Although proposals for commercial radio and t.v. have been debated and largely accepted at government level, nothing is likely to happen before 1986.

Despite this, local radio has succeeded in competing strongly with it's national counterpart, according to the rating surveys- in particular Radio Oslo and Radio Motor here in the capital and Sidis Radio in Stavanger. A blend of music based programmes with local news items and discussions has attracted listeners mainly in the 15-40 age group. Many in the music business here feel that this succes is reflected in NRK's P-2 channel of late - many changes in programming to a more music-orientated format - a parallel on a smaller scale experienced in the sixties when the BBC made radical changes in Britain due to the succes of pirate radio at that time.

a day. Janco also make their own local TV-programmes, broadcasting just a few hours every week but as with local radio the problem is one of under - capitalisation, particularly as costs with t.v. are even higher. Parts of Norway are able to receive foreign radio stations- Radio Luxembourg especially and the south and west coast pick up BBC. Much of Eastern Norway receives Swedish t.v. and radio via cable. With record and tapes sales in a particularly bouyant period here in Norway much credit has been attributed to the media expansion of the last two years. Hits are breaking faster now, particularly noticable in Oslo where the concentration of music on radio and t.v. is highest. Meanwhile the music business here await with great interest the developments in radio and t.v. here which will take place in the coming months.

Richard Isbell

Radio Oslo from left to right: Peter Norne (also with NRK TV); Hege Holm; Christina Stop (seated); Tor Risberg; Jens Brun-Pedersen (Programme Director)

UNDER CAPITALISATION

National television will also be allocating more time to music from the autumn - three new programmes in place of "Zikk Zakk" to feature live artists as well as videos. A second national t.v. channel is presently a much talked about subject of conversation - but again, no definite start date as yet.
Cable television has also made a big impact here recently and Norway boasts more cable homes per capita than the U.S.A. There are now over 90.000 cable homes in Oslo receiving Sky Channel via Janco, the country's largest cable t.v. company. Trondheim, Stavanger and Skien also receive Sky Channel - currently broadcasting 4 hours of pop music

NEWS CORNER

Hi, ★ MOTLEY CREW will probably do all gigs with AC/DC where there are more than 2 acts. Mainly festival dates and other dates as special guest on the IRON MAIDEN tour T.B.A. from October 16th to November 14th, Germany, Scandinavia, Benelux & France. After that they'll probably return to the UK for some solo concerts! ★ DIRK BLANCHART released his second solo single entitled Drop Me In A City. His album will be released in autumn ★ JUDAS PRIEST, (we all know them now, don't we?) have been presented by CBS, the Crystal Globe Award. It's given to artists who sold more than 5 million lp's outside their own country ★ JOE JACKSON scared the hell out of all the record company people, on the end of his concert in LA, because he spit the words into the audience saying: "This is our last tour". Heartattacks all over, for nobody had been informed about this decision ★ THE ESCAPE released their single entitled Russian Lady. They've finished their video in Berlin to accompany the release. The Band is currently writing material for their first album, which is keeping with the European flavour of the band, they intend to record abroad, wherever that may be ★ By the way, did anyone of you know that MARK KNOPFLER was a teacher at Laughton College before he became a famous musician? ★ Now some news about PICTURE, a Dutch HM Band. They'll be leaving for a 3 week Scandinavian tour in September. January will be a big month for these boys, for they have 9 gigs in stadiums which hold 40.000 people, in Mexico, Columbia, Brazil, etc. - uptill Huston USA! At the moment Picture's writing new material for their forthcoming new album which will probably be titled Fantasies. Release can be expected at the end of this year. Watch them! ★

Another Dutch band who is finally starting to get the recognition they deserve is VITESSE: they released a new single Vanity Island. In the groups new line up is DANIEL LADEMACHER, (who used to be with HERMAN BROOD & THE WILD ROMANCE) ★ Talking about HERMAN BROOD, his new album The Brood is getting very good response and also the new single drawn off this album, entitled My Girl is heading for the charts. Both VITESSE & BROOD are known and much appreciated for their live gigs ★
